Re: Hardin Wind Energy LLC
OPSB Case No. 14-1030-EL-BGA

Dear Ms. McNeal:

On July 18, 2014, Hardin Wind Energy LLC ("Hardin" or "Applicant") delivered a response to a Staff inquiry that Hardin provide a table with the horizontal distances, measured in feet, from the tip of the blade at a right angle to the nearest non-participating habitable structure(s) and to the nearest non-participating property line(s), for each turbine model and locations proposed in this amendment.

In response to the Staff inquiry, Attachment A to this letter is a table showing the setbacks from residences. Attachment B is a table indicating the setbacks from the non-participating property lines.

Applicant previously provided to Staff a copy of the tables. Please do not hesitate to contact me if you have any questions.

Sincerely,

Sally W. Bloomfield
