The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. If the Company fails to install service within 5 days of an application for service, it will provide credit allowances .
- B. The Company shall negotiate a mutually agreed to installation date based on availability of services and facilities and the Customer's requested date.
