Re: American Transmission Systems, Inc. / Geauga County -138kV Transmission
Line Supply Project
Case No. 07-171-EL-BTX

Dear Mr. and Mrs. Ciofani:

Thank you for your concerns regarding the proposed American Transmission Systems, Inc. / Geauga County -138kV Transmission Line Supply Project. As with the consideration of all transmission projects, local and surrounding businesses, residents, municipalities and officials are invited to discuss the present and long-term economical and environmental feasibility of such projects. The response we receive from these entities convey an interest in environmental, ecological and social implications associated with the proposed transmission line.

To date, American Transmission Systems held public information meetings on both March 5-6, 2007 in Huntsburg and Thompson Ohio that residents might be informed on the proposed project. Still at this time, American Transmission Systems has not submitted an application for the project before the Ohio Power Siting Board.

As we appreciate all input into the siting process, once an application is filed, your document will be shared with members of the Board and placed in an official docket for the case. Further, should you wish to view activity involving this application, please visit our web site at www.OPSB.ohio.gov.

Very truly yours,

Klaus Lambert, Chief
Ohio Power Siting Board

RE: SAVE THE POND
Ref# 07-0171-EL-BTX

The Walters Family at 16674 Mayfield Road in Huntsburg, Ohio 44046
have asked us to respond to their plight: Save The Pond.

We agree with their plea and hope the Ohio Power Sitting Board will
recognize the importance of their message.

Is it not better to be mutually beneficial than to harm one side?

We certainly hope a communally based decision can be reached.

Sincerely,

Romeo & Madge Ciofani

Lucille Walters 16674 Mayfield Rd, Springfield, OH 454046

On behalf of Mom and the Walters
Family - Thanks for helping us to...
SAVE THE POND.

**JEFF MEASURED THE
DISTANCE FROM THE EDGE
OF THE POND TO THE
PROPOSED ELECTRICAL
SUBSTATION -**

IT IS 200 FEET!

Please continue to let your
voice be heard:
