Need for the Greenville Electric Generation )  
Facility in Darke County, Ohio. )

ENTRY

The Ohio Power Siting Board finds as follows:

- (1) On February 7, 2000, the Ohio Power Siting Board (Board) issued to DPL Energy, Inc., now DPL Energy, LLC, (DPL Energy) a Certificate of Environmental Compatibility and Public Need (certificate) to build the Greenville Electric Generation Facility (Facility) in Darke County, Ohio. The Facility has been in operation since 2000.
- (2) On February 1, 2007, DPL Energy and Buckeye Power, Inc. (Buckeye) filed a written request for the transfer of the certificate from DPL Energy to Buckeye pursuant to Section 4906.04, Revised Code. Buckeye states that it has agreed to purchase the Facility and assume all obligations under the certificate.
- (3) Section 4906.04, Revised Code, provides that a certificate may be transferred, with the approval of the Board, to a person who agrees to comply with the terms, conditions and modifications contained in the certificate.
- (4) The Board finds that it is not inconsistent with the original certificate that was issued in this case to have Buckeye assume the obligations of the certificate with the terms, conditions and modifications contained in the certificate. The request to transfer the certificate is reasonable and should be granted.

It is, therefore,

ORDERED, That the request to transfer the certificate in this case to Buckeye Power, Inc. is granted upon the terms set forth in finding (4). It is, further,
