MARGUERITE POROPAT

ATT: Opposition to First Energy's Proposed 138 kV transmission line along Clay St.

In regard to the lines that First Energy wants to put on Clay St. and Rt. 528/  
An alternate route needs to be considered.

Please locate the lines in a more rural undeveloped area east of Rt. 528  
In Geauga or Ashtabula Counties.

I will strongly oppose any action that diminishes the quality of life and property values  
of those that live on Clay St.

Clay St. has the Nassau Observatory and the park system is expanding this area  
South of Rt. 6.

Beginning of the Cuyahoga River starts at the corner of Rt. 6 and Clay St.

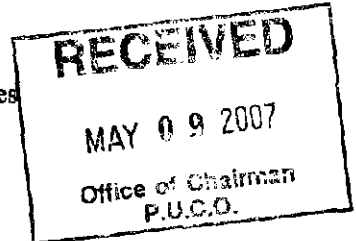

I am a concerned homeowner of property on Clay St.
