RE: Case No. 07-0539-TP-ACE

Dear Ms. Jenkins:

This filing is being made in response to Staff's questions and requests for tariff revisions, pertaining to Case No. 07-0539-TP-ACE. An original and 7 copies are enclosed.

The following is the list of responses to each of Staff's requests:

1. "Move to a different continuous property" which is found in Section 2, on page 1, paragraph A.3 describes a situation where a customer moves to a new building that is located on the same property as their original building.
2. Section 2, page 15, paragraph D.9. - revision was made to remove reference to ICB, tariff page is attached along with tariff page where numbering of paragraphs was impacted by this revision.
3. CBAD will not be charging a reconnection fee therefore there is no mention of a reconnection fee in the tariff.
4. Attached is a copy of the first page of the bill that was revised to include a billing address at the top of the page.
5. Section 5, page 1 and Section 7, page 1, paragraph b.1.e - revisions were made per the Staff's request and tariff pages are attached.

Any questions regarding this transmittal can be directed to me on 513-397-1296.

Sincerely,

Kathleen Reid

7. Special Equipment and Arrangements

Special equipment and arrangements requested by customers and not otherwise provided for in this tariff may be furnished where possible, if not detrimental to any of the services furnished by the Company, at charges that are in addition to other applicable charges.

8. Overtime

For work performed outside the normal working hours of the Company at the request of the customer, the additional expense incurred by the Company is charged to the customer in addition to other charges which are applicable. In such cases, charges based on the cost of labor, materials, and other costs incurred by or charged to the Company will apply. The customer will be notified in advance if such charges may apply.

9. Non-Routine Installation and/or Maintenance

At the customer's request, installation and/or maintenance may be performed outside the Company's regular business hours, or (in the Company's sole discretion and subject to any conditions it may impose) in hazardous locations. In such cases, charges based on the cost of labor, materials, and other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply. The customer will be notified in advance if such charges may apply.

10. Identity of Customer-Announcement Facilities

Use of Company facilities for public announcement service or non-public announcement service is subject to the following conditions:

- a. For purposes of identification, exchange service customers who transmit recorded announcements over facilities provided by the Company must include in the recorded message the name of the organization or individual responsible for the service and the address at which the service is provided.
- b. *Customers transmitting factual announcements such as time, weather, stock market quotations, airline schedules, and similar information are excluded from the preceding conditions.*
- c. Failure to comply with the provisions of this tariff will be cause for termination of the service.
- d. The Company will reveal on request, to the extent the information is available from its records, the identity of the individual responsible for service with which announcement facilities have been associated.

11. Wire Tap Investigation

When a wire tap investigation is made by the Company at the request of a customer, and no wire tap trouble condition in Company equipment or facilities can be found, the cost incurred for inspection of the facilities and equipment serving the customer may be charged to the customer.

DIRECTORY ASSISTANCE SERVICE

A. TERMS AND CONDITIONS

A Customer may obtain directory assistance in determining telephone numbers within its local calling area by calling the directory assistance operator. The directory assistance charge applies to each call regardless of whether or not the directory assistance operator is able to furnish the requested information.

B. RATES AND CHARGES

Each call to directory assistance will be charged as follows:

\$1.99

The Customer may make one request on each directory assistance call.

A credit will be given for calls to directory assistance as follows:

- The customer experiences poor transmission or is cut-off during the call; or
- The customer is given an incorrect telephone number.

To obtain such a credit, the customer must notify the Company.

ISDN PRI

A. GENERAL

Local ISDN-PRI is provisioned at the 1.544 Mbps rate via the Primary Rate Interface standard of the Integrated Services Digital Network (ISDN). Local ISDN-PRI provides the Customer with the capabilities of simultaneous access, transmission and switching of voice, data and imaging services via channelized transport.

B. TERMS AND CONDITIONS

1. Regulations

- a. ISDN-PRI Service is furnished subject to the availability of suitable facilities and is only served from specially-equipped digital central offices.
- b. Services from some central offices may not provide all of the features and functionality described in this tariff.
- c. Local ISDN-PRI Service Arrangement - One or more Service Configurations can be combined to create a Local ISDN-PRI Service Arrangement. Customers may have multiple Local ISDN-PRI Service Arrangements per location, however for each Service Arrangement one Service Configuration 1 must be included. The controlling D channel will always reside on Service Configuration 1.
- d. The ISDN Digital Facility is ordered separately and not included as part of the Service Configuration.
- e. The D channel is a 64 Kbps channel that carries signaling and control for the B channels. The capabilities of the D channel are contained within the customer's Service Configuration.
- f. Service Configuration 1 - The first Service Configuration for any Local ISDN-PRI Service Arrangement must be a Service Configuration 1. Service Configuration I provides twenty-three (23) 64 Kbps B channels and one (1) primary 64Kbps D signaling channel. The primary D channel is an out-of-band signaling channel used to control and route all of the B channel traffic within the Local ISDN-PRI Service Arrangement.
- g. Service Configuration 2 - This configuration is only available in conjunction with Service Configuration 1. It provides additional twenty-four (24) 64 Kbps B channels which are controlled by the D channel on Service Configuration 1. Multiple Service Configuration 2s may be associated with a Service Configuration 1 subject to switching equipment limitations.
