Effective: June 8, 2007

In accordance with an Order issued by the Public Utilities Commission of Ohio, dated January 6, 2003, Case No. 02-3069-TP-ALT.

By Connie Browning, President, Cleveland, Ohio

AT&T Ohio hereby revises Part 15, Section 4 of its AT&T Ohio Tariff P.U.C.O No. 20 to clarify that provisioning of GigaMAN's optional Power Protection feature is subject to availability and compatibility. In addition, the filing relaxes conditions for migrating between the old and the new GigMAN equipment platforms in order to facilitate such movement, as it is becoming increasingly difficult to maintain the old platform since replacement parts are no longer readily available.

IMPORTANT INFORMATION ABOUT YOUR AT&T GigaMAN® Service

Dear Valued AT&T Customer,

Thank you for using AT&T Ohio for your communications needs. We value your business and want to be sure you are aware of some changes that may affect your service.

Our records indicate that your GigaMAN service may be provisioned on the original equipment platform deployed prior to September 24, 2003. On September 24, 2003, AT&T migrated to a new equipment platform to support GigaMAN service implemented after that date.

Conditions for migrating between platforms, which were created at that time, are no longer required. Therefore, the following language, applicable to customers on the original equipment platform, will be removed from the Termination Charges section of Ohio Tariff 20, GigaMAN Service, effective June 8, 2007.

- The legacy GigaMAN Service must have been in service for a minimum period of 18 months for either a 3-year or 5-year contract. Legacy GigaMAN Service with 1-year contracts will not be eligible for this migration option.
- The customer must purchase one or more of the Diversity or Protection Options being introduced on September 24, 2003 or January 10, 2005, respectively, under this product tariff.

This change is being made to facilitate movement from the original equipment platform to the new platform. If you are interested in moving your GigaMAN service to the new equipment platform, either now or in the future, or if you have questions regarding these changes or wish to cancel your service as a result of these changes, please call your Technical Sales Executive or AT&T Ohio at 1-800-750-2355.

We appreciate your business and look forward to continuing to serve you in the future. Thank you for choosing AT&T Ohio.

Sincerely,

Carolyn Leong

AFFIDAVIT OF MARYANN H. MACKEY

Maryann H. Mackey, being first duly cautioned and sworn, deposes and says as follows:

1. I am the Senior Director – Regulatory Affairs for AT&T Ohio, where one of my responsibilities is to prepare tariff applications such as the one this affidavit supports.
2. I am aware of the rule of the Public Utilities Commission of Ohio, Ohio Admin. Code Section 4901:1-6-17 that applications for abandonment of all services, withdrawal of a service, amendment of a certificate, change in carrier's name, price increases, and changes in terms and conditions of an existing service, must contain an affidavit attesting that prior actual customer notification was provided to the affected customers by bill insert, bill message, direct mail, or, if the customer consents, electronic mail. For cases in which the Commission review period is 30 days or less, the notice must be sent to customers at least 15 days prior to filing the application with the Commission. For cases in which the Commission review period is greater than 30 days, the customer notice must be filed simultaneously with the application being filed at the Commission. In addition to the affidavit, the application, when filed at the Commission, must include a copy of the actual notice that was sent to affected customers.
3. I have worked with our corporate customer notification group and have confirmed that a customer notice meeting the test of that rule has been provided.
4. Therefore, on information and belief, I hereby attest that the tariff application that this affidavit supports meets the requirements of that rule.
