APPLICATION OF TARIFF AND DEFINITIONS

A. APPLICATION OF TARIFF

This tariff sets forth the service offerings, rates, terms and conditions applicable to the furnishing of intrastate communications service by Cincinnati Bell Any Distance Inc. to customers within the state of Ohio. Local exchange business services will be provided only in those areas that are covered in the contract to resell MCImetro Access Transmission d/b/a Verizon Access Transmission Services service. The services in this tariff are only provided on a resale basis.

Issued: May 7, 2007

APPLICATION OF TARIFF AND DEFINITIONS

B. DEFINITIONS

Certain terms used generally throughout this tariff are defined as follows.

1. Central Office

A switching unit in a telecommunications system providing service to the general public, that has the necessary equipment and operating arrangements for terminating and interconnecting lines and trunks.

2. Central Office Line

A circuit used within a central office to connect to an individual line or any type of trunk.

3. Company

Cincinnati Bell Any Distance Inc. (CBAD) which is the issuer of this tariff. Also refers to the underlying provider whose facilities CBAD uses to furnish service.

4. Communication-Impaired Person

For purposes of this tariff, the definition of impaired refers to persons with communication impairments, including hearing impaired, deaf, deaf/blind, or speech impaired persons whose impairment prevents them from communicating over the telephone without the aid of a telecommunications device for the deaf or text telephone (TDD/TTY).

5. Commission

The Public Utilities Commission of Ohio (PUCO).

6. Contract

The service agreement between a customer and the Company under which facilities for the customer's use are furnished, in accordance with the provisions of this tariff.

7. Customer

The person, firm, corporation or other entity that orders service and is responsible for the payment of charges and for compliance with the Company's tariff regulations.

APPLICATION OF TARIFF AND DEFINITIONS

B. DEFINITIONS (Continued)

8. Demarcation Point (Network Interface)

The point of demarcation and/or interconnection between Company communications facilities and terminal equipment, protective apparatus or wiring at a customer's premises. Company-installed facilities at or constituting the demarcation point will consist of wire or a jack conforming to Subpart F of Part 68 of the FCC's rules. "Premises" as used in this section generally means a dwelling unit, other building or a legal unit of real property such as a lot on which a dwelling unit is located, as determined by the Company's reasonable and nondiscriminatory standard operating practices. The "minimum point of entry" as used in this section will be either (1) the closest practicable point to where the wiring crosses a property line or (2) the closest practicable point to where the wiring enters a multiunit building or buildings.

The Company's reasonable and nondiscriminatory standard operating practices will determine which of (1) or (2) will apply. The Company is not precluded from establishing reasonable classifications of multiunit premises for purposes of determining which of (1) or (2) above will apply. Multiunit premises include, but are not limited to, commercial, shopping center and campus situations.

a. Single Unit Installations

For single unit installations existing as of December 27, 1991, and installations installed after that date, the demarcation point will be a point within twelve inches of the protector or, where there is no protector, within twelve inches of where the telephone wire enters the customer's premises.

b. Multiunit Installations

1. In multiunit premises existing as of December 27, 1991, the demarcation point will be determined in accordance with the Company's reasonable and nondiscriminatory standard operating practices; provided, however, that where there are multiple demarcation points within the multiunit premises, a demarcation point for a customer will not be further inside the customer's premises than a point twelve inches from where the wiring enters the customer's premises.
2. In multiunit premises in which wiring is installed after December 27, 1991, including additions, modifications and rearrangements of wiring existing prior to that date, the multiunit premises owner will determine the location of the demarcation point or points. The multiunit premises owner will determine whether there will be a single demarcation point location for all customers or separate locations for each customer; provided, however, that where there are multiple demarcation points within the multiunit premises, a demarcation point for a customer will not be further inside the customer's premises than a point twelve inches from where the wiring enters the customer's premises.

APPLICATION OF TARIFF AND DEFINITIONS

B. DEFINITIONS (Continued)

9. Direct Inward Dialing (DID)

A service attribute that routes incoming calls directly to stations, bypassing a central answering point.

10. Directory Listing

The publication in the alphabetical directory of information pertaining to a customer's telephone number.

11. Exchange

A unit established for the administration of telecommunications service in a specified area, which usually embraces a city, town, or village and its environs. It consists of one or more central offices together with the associated plant used in furnishing telecommunications service within that area.

12. Individual Case Basis (ICB)

A service arrangement in which the regulations, rates and charges are developed based on the specific circumstances of the customer's situation

13. Initial Service Period

The minimum length of time a customer is obligated to pay for service whether or not the customer retains the service for the minimum length of time. Unless stated otherwise in this tariff, the minimum period is 30 days.

14. Local Calling

A completed call or telephonic communication between a calling station and any other station within the local service area of the calling station.

15. Local Exchange Service

Telephone service furnished between points located within an area where there is no toll charge. Unless otherwise specified, local calling areas in this tariff shall be the same as the local calling areas of MCImetro Access Transmission d/b/a Verizon Access Transmission Services

B. DEFINITIONS (Continued)

16. Network Interface Device (NID)

A jack conforming to Sub-part F of Part 68 of the FCC's rules provided by the Company as part of the LEC network. It will be located on the customer's premises and is considered to be the termination of the LEC network if installed by the Company. (See Demarcation Point)

17. Non-Recurring Charges

The one-time initial charges for service or facilities, including but not limited to charges for construction, installation, or special fees.

18. Private Branch Exchange (PBX)

An arrangement of equipment consisting of switchboards, dial switching equipment, wiring, telephone station apparatus, or a combination thereof. It provides for the interconnection of service lines associated with switching equipment located on a premises or extended to another premises relating to the same customer.

19. PUCO

The Public Utilities Commission of Ohio. Also referred to as the "Commission."

20. Recurring Charges

The monthly charges to the customer for services, facilities and equipment, which continue on the agreed upon duration of the service.

21. Resale of Services

Resale of services is available only to carriers which are certified by the PUCO to provide intrastate local exchange services.

B. DEFINITIONS (Continued)

22. Service Commencement Date

The first day following the date on which the Company notifies the customer that the requested service or facility is available for use. This will be no later than five days following the request, unless extended by the customer's refusal to accept service which does not conform to standards set forth in the service order or this tariff, in which case the *Service Commencement Date* is the date of the customer's acceptance of service. The parties may mutually agree on a substitute Service Commencement Date.

23. Services

The Company's telecommunications services offered on the Company's network.

24. Termination Charge

A charge applied to a customer when service is terminated before the expiration of the initial service period, or a charge applied where a basic termination charge is specified.

C. AVAILABILITY

The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities to furnish service from time to time as required at the sole discretion of the Company.

The Company shall not be liable for any act or omission of any other company or companies furnishing a portion of the service, or for damages associated with service, channels, or equipment which it does not furnish, or for damages which result from the operation of Customer-provided systems, equipment, facilities or services which are interconnected with Company services.

REGULATIONS

A. GENERAL

1. The regulations in Section 2 apply to all services contained within this tariff unless otherwise noted.
2. Revisions to this tariff which affect neither the service to subscribers (customers) nor the rate, classification, or charge to subscribers (customers) are authorized without further Order of the Commission. These revisions will be made in accordance with the Order granting such authority.

Such revisions include:

- a. Additions, deletions, corrections or rearrangements of items listed under Table of Contents, Index, Explanation of Symbols, and Explanation of Abbreviations;
- b. Rearrangements or corrections in paragraph references, headings, or numerical designations; and
- c. Changes to reflect revisions in names of other companies and in the names of exchanges of other companies approved by this Commission in connection with applications filed by other telephone companies.

Each revision will be effective on the date to be shown on the revised tariff sheets covering the changes, the effective date to be one day after the date of filing copies of the revised sheets with the Commission.

3. A move to a different continuous property is charged for as new installation of service. A new initial period applies at the new location and a termination charge applies at the old location, except as provided for elsewhere in this tariff, if the move occurs prior to the expiration of the initial service period.

REGULATIONS

B. OBLIGATION AND LIABILITY OF COMPANY

1. Liability Limitations

Approval of language contained in this tariff by the PUCO does not constitute a determination by the Commission that the limitation of liability imposed by the Company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of any exculpatory clauses.

2. Availability of Facilities

The Company's obligation to furnish service or to continue to furnish service is dependent on its ability to obtain, retain, and maintain without unreasonable expense suitable rights and facilities, and to provide for the installation of those facilities required incident to the furnishing and maintenance of that service.

3. Service Irregularities and Interruptions

The services and facilities furnished by the Company are subject to the terms, conditions, and limitations herein specified. The Company incorporates by reference, and will adhere to, the guidelines for subscriber billing adjustments for local exchange service, as found in Chapter 4901:1-5-16 O.A.C., Minimum Telephone Service Standards.

No credit allowance will be made for interruptions due to electric power failure, where by the provisions of this tariff, the customer is responsible for providing electric power.

The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays or errors, or defects in transmission occurring in the course of furnishing service or facilities, and not caused by the negligence of the customer, or of the Company in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision, will in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which the mistake, omission, interruption, delay or error, or defect in transmission occurs.

The customer indemnifies and saves the Company harmless against claims for libel, slander, or infringement of copyright arising from the material transmitted over its facilities; against claims for infringement of patents arising from combining with, or using in connection with, facilities of the Company, apparatus and systems of the customer; and against all other claims arising out of any act or omission of the customer in connection with the facilities provided by the Company; and against any and all losses from damage to the customer's facilities or equipment attached or connected to facilities furnished by the Company.

REGULATIONS

B. OBLIGATION AND LIABILITY OF COMPANY (Continued)

4. Transmitting Messages

The Company does not undertake to transmit messages but offers the use of its facilities for communications between its customers.

5. Use of Connecting Company Lines

When the lines of other companies are used in establishing connections to points not reached by the Company's lines, the Company is not liable for any act or omission of the other company or companies.

6. Defacement of Premises

The Company is not liable for any defacement or damage to the customer's premises resulting from the existence of the Company's equipment and associated wiring on such premises, or from the installation or removal thereof, when such defacement or damage is not the result of the Company's negligence.

When the customer is a tenant and requests an installation that could, in the opinion of the Company, result in damage to the property of the owner, the customer must obtain, prior to installation, a written release from the owner or his authorized agent absolving the Company of liability.

C. USE OF SERVICE AND FACILITIES

1. Ownership and Use of Service and Equipment

a. General

Equipment and lines furnished by the Company on the premises of a customer are the property of the Company, whose agents and employees have the right to enter the premises at any reasonable hour for the purpose of installing, inspecting, maintaining, or repairing the equipment and lines, or upon termination of the service, for the purpose of removing the equipment or lines.

Equipment furnished by the Company must, upon termination of service for any cause whatsoever, be returned to it in good condition, except for reasonable wear and tear.

Customer-provided equipment or protective circuitry may be connected to the telecommunications network in accordance with provisions of the Federal Communications Commission's registration program, as are now in effect or may become effective.

b. Resale

All services in this tariff are available for resale by PUCO certified Competitive Local Exchange Carriers (CLECs) on a non-discriminatory basis at the rates and charges shown in this tariff, unless otherwise noted in this tariff.

C. USE OF SERVICE AND FACILITIES (Continued)

2. Connections of Customer-Provided Terminal Equipment and Communications Systems

a. General Provisions

1. General

Customer-provided terminal equipment and communications systems may be connected at the customer's premises to telecommunications services furnished by the Company, where the connections are made in accordance with the provisions of Part 68 of the Federal Communications Commission's (FCC's) Rules and Regulations, and any Company tariffs.

2. Responsibility of the Customer

The customer is responsible for the installation, operation and maintenance of any customer-provided terminal equipment or communications system. No customer-provided terminal equipment or communications systems or combinations thereof may require change in or alteration of the equipment or services of the Company, cause electrical hazards to Company personnel, damage to Company equipment, malfunction of Company billing equipment, or degradation of service to persons other than the user of the subject terminal equipment or communications system, the calling or called party. Upon notice from the Company that customer-provided terminal equipment or communications system is causing such a hazard, damage, malfunction or degradation of service, the customer must make whatever changes are necessary to remove or prevent the hazard, damage, malfunction or degradation of service.

The customer is responsible for the payment of a Maintenance of Service Charge as provided in Section 2, Paragraph 6 of this tariff for visits by a Company employee to the customer's premises when a service difficulty or trouble report results from the use of customer-provided terminal equipment or communications system.

C. USE OF SERVICE AND FACILITIES (Continued)

2. Connections of Customer-Provided Terminal Equipment and Communications Systems (Continued)

a. General Provisions (Continued)

3. Responsibility of The Company

Telecommunications services are not represented as adapted to the use of customer-provided terminal equipment or communications systems. Where customer-provided terminal equipment or communications systems are used with telecommunications services, the responsibility of the Company is limited to furnishing service components suitable for telecommunications services and to the maintenance and operation of service components in a proper manner for those services. Subject to this responsibility, the Company is not responsible for (1) the through-transmission of signals generated by the customer-provided terminal equipment or communications systems, or for the quality of, or defects in this transmission; or (2) the reception of signals by customer-provided terminal equipment or communications systems; or (3) address signaling, where this signaling is performed by customer-provided signaling equipment.

At the customer's request, the Company will provide the interface parameters needed to permit customer-provided terminal equipment to operate properly with the Company's telecommunications services.

The Company may make changes in its telecommunications services, equipment, operations or procedures, where these changes are consistent with Part 68 of the FCC's Rules and Regulations. If changes made by the Company can be reasonably expected to render any customer's communications system or terminal equipment incompatible with telecommunications services, or require modification or alteration of the customer-provided communications systems or terminal equipment, or otherwise materially affect its use or performance, the customer will be given adequate notice of the changes in writing, to allow the customer an opportunity to maintain uninterrupted service.

4. Recording of Two-Way Telephone Conversations

The recording of two-way telephone conversations is governed by state and federal laws and regulations.

a. General Provisions (Continued)

5. Violation of Regulations

When any customer-provided terminal equipment or communications system is used with telecommunications services in violation of any of the provisions in this Section 2, part C.2, the Company will take whatever immediate action is necessary for the protection of the telecommunications network and Company employees, and will promptly notify the customer of the violation.

The customer must discontinue use of the terminal equipment or communications system or correct the violation and must confirm in writing to the Company within 10 days, following the receipt of written notice from the Company, that such use has ceased or that the violation has been corrected. Failure of the customer to discontinue such use or to correct the violation and to give the required written confirmation to the Company within the time stated above will result in suspension of the customer's service until the customer complies with the provisions of this tariff.

b. Connections of Registered Equipment

The term "Registered Equipment" denotes equipment which complies with and has been approved within the registration provisions of FCC Part 68.

Customer-provided registered terminal equipment, registered protective circuitry, and registered communications systems may be directly connected to the telecommunications network at the customer premises, subject to FCC Part 68.

c. Premises Wiring Associated With Registered Communications Systems

Premises wiring is wiring which connects separately-housed equipment entities or system components to one another, or wiring which connects an equipment entity or system component with the telephone network interface or demarcation point not within an equipment housing. All premises wiring, whether fully protected or unprotected, must be installed in compliance with FCC Part 68.

Customers who intend to connect premises wiring other than fully protected to the telephone network must give advance notice to the Company in accordance with the procedures specified in FCC Part 68 or as otherwise authorized by the FCC.

D. ESTABLISHMENT AND FURNISHING OF SERVICE

1. Application for Service

The Company may refuse an application for service if objection is made by or on behalf of any governmental authority to furnishing the service.

An application for service becomes a contract upon the establishment of service. Neither the contract nor any rights acquired under it may be assigned or transferred in any manner except as specifically provided for in this tariff. Requests for additional service, when established, become a part of the original contract, except that each item of additional service is furnished subject to payment of applicable charges.

If an applicant has an outstanding account with the Company, the Company reserves the right to reject application for service until the amount due for local services included in this tariff has been paid in full.

A contract for service may be transferred to another individual, partnership, association, or corporation. No billing adjustment for local exchange service previously furnished will be made and the new customer must assume all outstanding indebtedness of the original customer. No charge applies to service transferred in accordance with these provisions.

D. ESTABLISHMENT AND FURNISHING OF SERVICE (Continued)

2. Deposits

The Company will comply with the Minimum Telephone Service Standards (MTSS), 4901:1-5-13, with respect to the establishment of service and the requirements to establish creditworthiness. Such deposit will be in accordance with the individual service history method as described in the MTSS. The fact that a deposit has been made in no way relieves the applicant or customer from complying with the Company's regulations concerning prompt payment of bills on presentation. Simple interest at the rate of 3.0% per annum is paid for the period during which a cash deposit is held by the Company. However, no interest is paid on deposits held for less than six months. When the contract is terminated, or after one year of satisfactory payments, whichever is earlier, the amount of the deposit and any accrued interest is credited to the customer's account and any credit balance which may remain is refunded. The Company will review annually each active account for which a deposit is being held and will refund the deposit plus accrued interest for qualified customers in the form of a check or credit.

3. Telephone Numbers

The customer has no property right in the telephone number which is assigned by the Company, or any right to continuance of service through any particular central office, and the Company reserves the right to change the telephone number or the central office designation, or both, of a customer whenever it deems it necessary to do so in the conduct of its business.

4. Payment for Service

The Company incorporates, by reference, and will adhere to, the guidelines for subscriber bills, as found in Chapter 4901:1-5-15 O.A.C. Minimum Telephone Service Standards.

- a. The customer is responsible for payment monthly, in accordance with Section 2, part 5.c, of all charges for facilities and services furnished the customer, including charges for services originated or charges accepted at such facilities. Charges are payable at the Company's Business offices or at any agency authorized to receive such payments.
- b. Bills are rendered monthly and include charges for local service for the current service month.
- c. A subscriber's bill will not be due earlier than 14 days from the bill date printed on the bill. If the bill is not paid by the due date, it then becomes past due.
- d. Prior written notice, in accordance with Chapter 4901:1-5-17 O.A.C, Minimum Telephone Service Standards (MTSS), will be given if service is to be temporarily denied or the contract terminated for the non-payment of any sum due in accordance with Section 2, part D.5 following. Service will not be denied prior to seven days from the postmark on the notice per Chapter 4901:1-5-17 O.A.C. (MTSS).
- e. Partial payments will be administered in accordance with the Minimum Telephone Service Standards, Chapter 4901:1-5 O.A.C.
- f. Where the Company provides billing inquiry service, customer inquiries relative to toll charges will be responded to promptly by the Company.
- g. Where the inquiry service is provided by an IXC or its designated agent, the IXC or agent will be responsible for notifying the Company immediately regarding any bona fide dispute over outstanding toll charges, so that service will not be terminated during the investigation of the dispute.

4. Payment for Service (Continued)

- h. A subscriber who orders service or equipment installations, moves, or changes prior to the date of any increase in the one time charge applicable to such work will be subject to the one time charge in effect at the time the subscriber's order was received by the Company, provided the work is completed within the Company's normal installation interval in effect at the time the order was placed. However, if subsequent to the effective date of the increase in the one time charge, the completion of such work is delayed beyond the Company's normal installation interval and the delay is not caused by the Company, the subscriber will then be subject to the one-time charge in effect at the time the work is completed by the Company.

- i. Insufficient Fund Checks

Customers will be charged \$30.00 on all checks issued to the Company which are returned due to insufficient funds. At the discretion of the Company, the insufficient funds check charge may be waived under appropriate circumstances (e.g. a bank error).

- j. Late Payment Charge

Customers will be charged a late payment penalty in the amount of 1.5% per month on all delinquent amounts owed to the Company.

5. Denials or Disconnection and Restoral of Service

- a. Telephone service may be disconnected for subscriber nonpayment of charges not in bona fide dispute, for the following:
 - 1. Local services for which the associated charges are directly regulated by the PUCO; (See Note 1)
or
 - 2. Interexchange carrier services for which the Company does the principal billing. However, local service may not be disconnected for subscriber nonpayment of toll service.

Note 1: All regulated telephone services provided by a local service provider, except toll service, is defined as local service, as established in Case No. 95-790-TP-COI, Entry on Rehearing, December 12, 1996.

1. Violation of or noncompliance with the PUCO's regulations governing service supplied by the Company;
2. Failure to comply with municipal ordinances or other laws pertaining to telecommunications services;
3. Refusal by the subscriber to permit the Company necessary access to facilities or equipment;
4. Failure to establish credit or make a deposit, when requested, for initial, current, or additional service;
5. When an emergency may threaten the health or safety of a person, a surrounding area, or the Company's distribution system;
6. In the event of a subscriber's use of telecommunications equipment in a manner which adversely affects the Company's equipment, its service to others, or the safety of the Company's employees or subscribers;
7. In the event of tampering with any facilities or equipment furnished and owned by the Company;
8. Violation of or noncompliance with the Company's rules or tariffs on file with the commission.

The Company, under the provisions in Section 2 parts D.5.a and D.5.b, may either temporarily deny service or terminate the contract without incurring any liability. For additional liability information see Section 2, part B.1.

6. Maintenance and Repairs

The Company undertakes to maintain and repair the equipment and facilities which it furnishes to customers pursuant to its tariffs. The customer is responsible for damages to equipment or facilities of the Company caused by the negligence or willful act of the customer.

The customer may not rearrange, disconnect, remove, or attempt to repair, or permit others to rearrange, disconnect, remove, or attempt to repair any equipment or facilities which the Company maintains or repairs pursuant to its tariffs, without the express consent of the Company.

If trouble develops and the customer has any equipment or facilities which the Company does not maintain or repair, the customer will make appropriate tests to determine whether that equipment or facility is the cause of the trouble before reporting an out-of-service or other trouble condition to the Company.

Customers will be required to pay the maintenance of service charges, for visits made by the Company to the customer's premises, when a service difficulty or trouble report results from equipment or facilities not maintained or repaired by the Company. The customer will be advised, before a visit to his premises, of the possibility of a maintenance of service charge.

Maintenance of Service Charge:

- | | |
|-------------------------------------|--------------------|
| (1) During Normal Working Hours | \$265.00 per visit |
| (2) Outside of Normal Working Hours | \$400.00 per visit |

Normal Working Hours are defined as Monday to Friday, 7am to 7pm in the time zone of the customer's location of the dispatch. If a visit begins and/or ends outside this period, it is considered Outside of Normal Working Hours.

Any dispatch that begins or ends from 12:01 am to 12:00 am the following day the time zone of the customer's location of the dispatch. If a visit begins and/or ends outside this period, it is considered Outside of Normal Working Hours. Any dispatch that begins or ends from 12:01 am to 12:00 am the following day the time zone of the Customer's Premises on these holiday's will also be considered "Outside of Normal Working Hours":

7. Special Equipment and Arrangements

Special equipment and arrangements requested by customers and not otherwise provided for in this tariff may be furnished where possible, if not detrimental to any of the services furnished by the Company, at charges that are in addition to other applicable charges.

8. Overtime

For work performed outside the normal working hours of the Company at the request of the customer, the additional expense incurred by the Company is charged to the customer in addition to other charges which are applicable. In such cases, charges based on the cost of labor, materials, and other costs incurred by or charged to the Company will apply. The customer will be notified in advance if such charges may apply.

9. Non-Routine Installation and/or Maintenance

At the customer's request, installation and/or maintenance may be performed outside the Company's regular business hours, or (in the Company's sole discretion and subject to any conditions it may impose) in hazardous locations. In such cases, charges based on the cost of labor, materials, and other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply. The customer will be notified in advance if such charges may apply.

REGULATIONS

G. VARIABLE TERM PAYMENT PLAN

1. General

- a. The Variable Term Payment Plan (VTPP) is a payment plan which allows customers to pay a fixed rate for services over one of any currently available payment periods. A different monthly rate applies for the duration of each period. The monthly rate varies inversely with the length of the payment period, e.g., the monthly rate for a short period is greater than that for a long period.
- b. The minimum period is 12 months, unless otherwise specified in product tariffs.
- c. During the effective term of a customer's initial payment period, the monthly rate is not subject to Company-initiated changes.
- d. Unless specifically exempted, services furnished under the Variable Term Payment Plan are subject to all general regulations applicable to the provision of service by the Company as stated elsewhere in this and other tariffs.

2. Regulations

- a. Application of Rates and Charges (unless stated otherwise in the product tariffs)
 1. The monthly rate applicable at the time a customer subscribes to a product or service under the Variable Term Payment Plan is not subject to Company-initiated change during the initial payment period, providing there are no customer-initiated delays in the establishment of the subscribed-for product or service.
 2. After the expiration of either the initial payment period or the subsequent 12-month payment periods the monthly rate will continue to be the same rate that the customer paid under their initial term agreement. The rate will be subject to Company-initiated changes with a 60-day written notice to the customer during which time the customer shall have the right to terminate the agreement, without incurring termination charges. The rate adjustment would not exceed the tariffed rate.
 3. Nonrecurring charges are to be paid in full at the time of installation.
 4. In the event that all or any part of the service is disconnected at customer request before expiration of any selected payment period of greater than one month's duration, the customer will be required to pay termination charges as stated in this tariff.
 5. Rates and charges apply according to the appropriate schedules for products and services offered under the Variable Term Payment Plan.

REGULATIONS

G. VARIABLE TERM PAYMENT PLAN (Continued)

2. Regulations (Continued)

b. Renewal Options

The customer has the following renewal options:

1. Prior to completion of the present VTPP payment period and upon notification to the Company, a customer may renew for any payment period currently available under VTPP. The rates will be those currently in effect for new customers at the time of renewal. The new payment period starts the day following completion of the prior payment period.
2. If upon completion of the current payment period the customer has not chosen a new payment period and has not requested discontinuance of service, the customer's agreement will automatically renew for a 12-month period at the rate the customer is paying under their current agreement unless either party notifies the other in writing or verbally of its intention not to renew, at least 30 days before the end of the then-current term.

c. Early Contract Termination

Unless otherwise noted in individual product tariffs, if the customer terminates their service prior to the expiration date of the term agreement, the customer will be required to pay early termination charges that equate to the monthly charges for the remainder of either the initial payment period or the subsequent 12-month payment periods. If nonrecurring charges associated with the installation of the business services were waived, the customer will become liable for payment of the waived charges.

Inclusion of early termination liability by the company in its tariff or a contract does not constitute a determination by the Commission that the termination liability imposed by the company is approved or sanctioned by the Commission. Customers shall be free to pursue whatever legal remedies they may have should a dispute arise.

d. Additions

If the customer wishes to make additions, the customer may also select, from those currently available in the tariff, a different payment period of equal or shorter length than the time remaining in the period selected for the existing service at the current filed rates for the selected period. The additions may then have a different expiration date than the existing service.

e. Upgrades

1. Allowable upgrades to products offered by the Company are specified in the individual tariffs currently in effect for offerings under the Variable Term Payment Plan.
2. A customer who elects to upgrade an installed product may choose one of two options, unless otherwise specified in the product tariffs:
 - a. The existing payment period may be extended by a period of time specified in the product tariff, and the new and the previously installed service will expire on the same date. The rate level applicable for the new service is the one currently in effect for the payment period which the customer had selected prior to the upgrade, while the rates for services previously installed and continuing in service are unaffected. (If the payment period selected by the customer prior to the upgrade has been discontinued in the tariff, the new service will be billed at rates applicable for the next shorter payment period in the current tariff.)
 - b. The new service may be billed over a currently available payment period of equal or shorter length than the time remaining in the existing payment period. Current rates apply for the selected payment period for the new service. Rates for service previously installed and continuing in service are unaffected. The expiration date of the new service is then either the same as or earlier than that of the previously installed system.

When the expiration date of the new service is earlier, the customer must select another payment period for the service according to the terms and conditions stated in the preceding paragraph at the time of expiration.

f. Downgrades

1. Allowable downgrades for installed services are specified in product tariffs.
2. A customer has the option to place any new service on a coterminous payment unless otherwise specified in the product tariff. Rates for the new service are those currently in effect for the original payment period (or, if the period is no longer available, for the next shorter one). The rates for services remaining after the downgrade will not be affected.
3. When a coterminous payment period is not chosen for new service, the customer must select a payment period of equal or shorter length than the time remaining in the current payment period. Current rates apply for the equal or shorter payment period. Service remaining on the customer's premises will continue to be billed at the rates in effect before the downgrade. The new service may then have a different expiration date from the service which remained after downgrading.
4. When the expiration dates differ, the customer must select a new payment period for the service (at the time of expiration) added at the time the service was downgraded, according to the terms and conditions in this section.

g. Requests for Changes in Length of Initial Payment Period

Following the establishment of service for a service furnished under a Variable Term Payment Plan period and before the completion of that period, the existing payment period may be replaced by a currently offered payment period at the current rates, subject to the following conditions:

- a. No credit will be given for payments made during the formerly selected period. However, nonrecurring charges will not be reapplied.
- b. The new payment period begins with the date requested.
- c. No termination charge applies provided the customer selects a new payment period equal to or longer than the time remaining under the former payment period. Otherwise, a termination charge applies for the former payment period.
- d. The new payment period selected for a component of a service must be equal to or shorter than the time remaining in that service's existing payment period.

h. Supersedure

Service may be transferred to a new customer at the same location, upon prior written concurrence by the Company. The new customer will be subject to all provisions currently reflected in the service agreement.

REGULATIONS

H. EMERGENCY NUMBER 911 SERVICE

1. This service is offered solely as an aid in handling assistance calls in connection with fire, police or other emergencies. The Company is not responsible for any losses, claims, demands, suits or any liability whatsoever, whether suffered, made, instituted or asserted by the Customer or by any other party or person for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused by : (1) mistakes, omissions, interruptions, delays, errors or other defects in the provision of this service, or (2) installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of any equipment and facilities furnishing this service.
2. The Company is not responsible for any infringement or invasions of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of emergency 911 service features and the equipment associated therewith, or by any services furnished by the Company including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing emergency 911 service, and which arise out of the negligence or other wrongful act of the Company, the Customer, its Customers, agencies or municipalities, or the employees or agents of any one of them.

I. 811 SERVICE

811 Service is a three-digit local dialing arrangement that allows local exchange end users to reach a state service center that provides advance excavation notice services. The 811 code was assigned, pursuant to Federal Communications Commission (FCC) Order in CC Docket 92-105, to provide a one call system ("call before you dig" service) for excavators and the general public to notify facilities operators in advance of excavation activities. The Company provides the routing for calls made to 811 to the service center. The Company does not operate the 811 Service center.

811 calls cannot be placed using 1+ calling, 0+ calling, 0-Operator Assisted Calling, or 101XXXX calling.

Certain equipment, such as coin telephones and PBXs, may require special programming to allow 811 calling.

811 Service can only be accessed for calls originating on the Company's network, either from end user customers who directly purchase the Company's service or from customers of other LECs that resell the Company's services.

The Company will make every effort to route 811 calls to the appropriate service center. The Company's only obligation under 811 Service is to attempt to transmit the call to the appropriate service center. However, the Company will not be held responsible for routing mistakes, service interruptions, or other intervening acts that may interfere with telephone service and/or completion of the call.

REGULATIONS

I. 811 SERVICE (continued)

The Company is not responsible for redirecting or otherwise handling 911 and other calls misdialed or misrouted as 811 calls. The 811 Service center is responsible for developing an appropriate method for responding to 811 calls placed in error or due to customer confusion.

The Company's provision of 811 Service shall not be interpreted, construed, or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward, or any right of action on behalf of, any third person or legal entity including end users of the Company or any other carriers or service providers.

The Company's liability with respect to 811 Service, including damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failures or defects in facilities provided by the Company, shall be limited to the terms set forth in Section 2, part B of this tariff.

There is no charge for 811 Service, and 811 calls will not result in local measured service usage charges.

DIRECTORY LISTINGS

A. TERMS AND CONDITIONS

Listings are regularly provided in connection with local exchange service. At the request of the customer, the listing may be omitted from the directory and directory assistance records (Non-Published Service).

The rates and regulations specified in this section apply only to the alphabetical directory. The alphabetical directory is a list of telephone numbers of customers and others arranged alphabetically by surname, business, association, institution, or other nonresidence name.

The alphabetical directory is designed for the purpose of informing calling parties of the telephone number of customers and others listed in it. Accordingly, listings are intended solely for purposes of identification and are limited to information which is essential to such identification.

The Company does not publish a directory of subscriber listings. The Company, however, does arrange for the Subscriber's main billing number to be placed in the directory of the dominant local exchange carrier.

All Directory Listings, regardless of type, must conform to the specifications for the directories. The Company reserves the right to modify the listings to accommodate the space limitations in the directory. Not all listing types are available in all directories.

The Company may refuse a listing which does not constitute a legally authorized or adopted name, or any listing which in its opinion is likely to mislead or to deceive calling parties as to the identity of the listed party, or is intended for advertising purposes or is more elaborate than is reasonably necessary to identify the listed party. The listing of a service, commodity or trade name is not permitted except when such service, commodity or trade name is a part of the name under which the listed party conducts his or her business. The Company may, upon notifying the Customer, discontinue any listing found to be in violation of the foregoing regulations.

A descriptive term characterizing the listed party's business or purpose in a general way may be furnished (in abbreviated form) as a part of the listing, when desired and available. When the character of the listed party's business or purpose is apparent from the name under which it is conducted, a further designation is unnecessary and is not furnished.

DIRECTORY LISTINGS

A. TERMS AND CONDITIONS (Continued)

Abbreviations may be used to limit the length of any listing when in the opinion of the Company, the clearness of the listing and the identification of the listed party is not impaired by use of abbreviations.

Special arrangement of names is not permitted.

Non-Published Service customers forfeit non-address, non-list, or non-published service privacy when calling the Universal Emergency Number Service (911). The telephone number and address of the station from which the emergency call originates are passed to the Public Safety Answering Point along with the call in order for emergency units to respond to the call.

Incoming calls to Non-Published Service customers will be completed by the Company only when the calling party places the call by number. The Company will adhere to this practice regardless of any claim of emergency the calling party may present.

The acceptance by the Company of the customer's request for Non-Published Service does not create any relationship or obligation, direct or indirect, to any person other than the Customer.

The Company makes every effort to safeguard the address and numbers of Non-Published Service customers. However, in the absence of gross negligence or willful misconduct, no liability will attach to the Company for damages arising from inadvertently publishing the address or telephone number of a Non-Published Service customer in the directory; or disclosing the number or address to any person. The customer indemnifies and saves the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of the number of a Non-Published Service customer in the directory or otherwise disclosed, the Company's liability is limited to and satisfied by a refund of any monthly charges made by the Company per the PUCO Minimum Telephone Service Standards.

Providing the name, address and/or telephone number of a Non-Published Service customer to the customer's primary interexchange carrier for billing purposes only, does not constitute publication or disclosure of the customer's name, number and/or address under this tariff.

DIRECTORY LISTINGS

A. TERMS AND CONDITIONS (Continued)

1. Definitions

a. Primary Listing

A primary listing is the listing furnished as a part of the local exchange service. It includes the name of the customer; a business, purpose, or other nonresidence designation when required; the address; and the telephone number.

b. Additional Listings

To be eligible for any type of additional listing, a customer must pay the appropriate monthly rate, if any, for a primary listing or its equivalent. Additional listings are listings which are similar to primary listings and furnished in addition to primary listings at the request of the customer.

c. Alternate Listings

Alternate listings are supplementary listings which usually follow a primary or regular additional listing and refer a calling party to other telephone numbers under certain conditions. The alternate telephone numbers may be those of other customers, subject to their consent.

d. Non-Published Service

Non-published listings are not printed in directories nor available from directory assistance. A nonpublished telephone service will be furnished, at the Customer's request providing for the omission or deletion of the Customer's telephone listing from the telephone directory and, in addition, the Customer's telephone listing will be omitted or deleted from the directory assistance records. Per Line Number Privacy will be provided when requested by the customer, to all non-published service customers at no monthly charge.

e. Foreign Listings

Where available, a listing in a phone directory which is not in the Customer's immediate calling area. The Customer will be charged the rates specified in the tariff published by the specific exchange carrier providing the Foreign Listing.

DIRECTORY ASSISTANCE SERVICE

A. TERMS AND CONDITIONS

A Customer may obtain directory assistance in determining telephone numbers within its local calling area by calling the directory assistance operator. The directory assistance charge applies to each call regardless of whether or not the directory assistance operator is able to furnish the requested information.

B. RATES AND CHARGES

Each call to directory assistance will be charged as follows:

\$1.99

The Customer may make one request on each directory assistance call.

A credit will be given for calls to directory assistance as follows:

- The customer experiences poor transmission or is cut-off during the call; or
- The customer is given an incorrect telephone number.

To obtain such a credit, the customer must notify the Company.

ISDN PRI

A. GENERAL

Local ISDN-PRI is provisioned at the 1.544 Mbps rate via the Primary Rate Interface standard of the Integrated Services Digital Network (ISDN). Local ISDN-PRI provides the Customer with the capabilities of simultaneous access, transmission and switching of voice, data and imaging services via channelized transport.

B. TERMS AND CONDITIONS

1. Regulations

- a. ISDN-PRI Service is furnished subject to the availability of suitable facilities and is only served from specially-equipped digital central offices.
- b. Services from some central offices may not provide all of the features and functionality described in this tariff.
- c. Local ISDN-PRI Service Arrangement - One or more Service Configurations can be combined to create a Local ISDN-PRI Service Arrangement. Customers may have multiple Local ISDN-PRI Service Arrangements per location, however for each Service Arrangement one Service Configuration 1 must be included. The controlling D channel will always reside on Service Configuration 1.
- d. The ISDN Digital Facility is ordered separately and not included as part of the Service Configuration.
- e. The D channel is a 64 Kbps channel that carries signaling and control for the B channels. The capabilities of the D channel are contained within the customer's Service Configuration.
- f. Service Configuration 1 - The first Service Configuration for any Local ISDN-PRI Service Arrangement must be a Service Configuration 1. Service Configuration 1 provides twenty-three (23) 64 Kbps B channels and one (1) primary 64Kbps D signaling channel. The primary D channel is an out-of-band signaling channel used to control and route all of the B channel traffic within the Local ISDN-PRI Service Arrangement.
- g. Service Configuration 2 - This configuration is only available in conjunction with Service Configuration 1. It provides additional twenty-four (24) 64 Kbps B channels which are controlled by the D channel on Service Configuration 1. Multiple Service Configuration 2s may be associated with a Service Configuration 1 subject to switching equipment limitations.

- h. Service Configuration 3 - This configuration is also only available to subscribers who have a Service Configuration 1. It provides a backup 64 Kbps D channel and twenty-three (23) additional 64 Kbps B channels. The backup D channel will control and route all of the B channel traffic of a single PRI Service Arrangement in the event the D channel on the primary configuration (Service Configuration 1) fails. A maximum of one Service Configuration 3 may be included with each Local ISDN-PRI Service Arrangement. Service Configuration 3 is available subject to switching equipment capabilities.**
- i. The bearer (or B) channels are used for information transfer between users. B channels provide the following features. To receive the DID capability, customers must order separately DID telephone numbers.**

 - 1. Voice-grade communications channel(s) to the Customer's Private Branch Exchange or Hybrid Key System;**
 - 2. Provisioned to carry one-way outbound traffic, one-way inbound or two-way traffic;**
 - 3. Calling number delivery;**
 - 4. Hunting**
 - 5. DID service which provides the Customer with a single digital connection which can carry one-way inbound traffic.**
- j. Service is furnished subject to the availability of suitable facilities and is only served from specially-equipped digital central offices.**
- k. Service from some central offices may not provide all of the features and functionality described in this tariff.**
- l. This Service is offered under the Variable Term Payment Plan (VTPP). The VTPP rates are payable over a period selected by the customer from those available. Regulations pertaining to the VTPP can be found in Section 2. Early termination charges may apply to variable term contracts as shown below.**

ISDN PRI

B. TERMS AND CONDITIONS (Continued)

1. Regulations (Continued)

n. Early Termination

1. If Customer removes an ISDN PRI from service prior to the expiration of the term hereof, Customer will pay to the Company a termination charge equal to all monthly charges for such ISDN PRI for which Customer would have been responsible had Customer not removed such ISDN PRI.
2. If nonrecurring charges associated with the installation of a ISDN-PRI Service are waived and the service is then terminated prior to completion of the 12-month minimum service period or the VTPP (Variable Term Payment Plan) contract period, the customer will become liable for payment of the waived charges.

Commission approval of the termination liability for ISDN-PRI contracts, as described above, is not intended to indicate that the Commission has approved or sanctioned any terms or provisions contained therein. Signatories to such contracts shall be free to pursue whatever legal remedies they may have should a dispute arise.

2. Optional Features

Optional Features: In addition to providing Local Exchange Services specified above, Local ISDN- PRI can be configured to support the following optional advanced ISDN features where technically available:

- a. Remote Call Forwarding (RCF): RCF allows all calls dialed to a telephone number equipped for RCF service to be automatically forwarded to another dialable telephone number.
- b. Overflow Routing: Overflow routing allows the redirection of incoming calls based on customer conditions of either "all trunks busy" or disaster-based service outages.
- c. Direct Inward Dialing service includes the central office switching equipment necessary for inward dialing from the central office directly to stations associated with the customer premises switching equipment. DID service is furnished from a Company central office on trunk lines (excluding Foreign Exchange, WATS and foreign central office service) to customer premises switching equipment equipped for compatible DID operations. DID Numbers can be obtained in blocks of 20 numbers.

TARIFF FORMAT

- A. **Page Numbering** - Page numbers appear in the upper right corner of the sheet. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between existing pages with whole numbers, a decimal is added. For example, a new page added between pages 34 and 35 would be page 34.1.
- B. **Page Revisions** - Revision numbers also appear in the upper right corner of the page. These numbers are used to determine the most current page version on file with the Commission. For example, 4th Revised page 34 cancels the 3rd Revised Page 34. Consult the check sheet for the page currently in effect.
- C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level of coding.
- 2
 - 2.1
 - 2.1.1
 - 2.1.1.A
 - 2.1.1.A.1
 - 2.1.1.A.1.(a)
 - 2.1.1.A.1.(a).I
 - 2.1.1.A.1.(a).I.(i)
- D. **Check Sheet** - When a tariff is filed with the commission, an updated check sheet accompanies the filing. The check sheet lists the tariff pages, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk(*). There will be no other symbols used on this sheet if these are the only changes made. The tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

SECTION 2 - REGULATIONS (Continued)

2.2 Limitations on Service

- 2.2.1 Service is offered subject to the availability of the necessary facilities and/or equipment and subject to the provisions of this tariff.
- 2.2.2 The Company reserves the right to discontinue furnishing service upon written notice, when necessitated by conditions beyond its control or when the customer is using the service in violation of the provisions of this tariff or in violation of the law.
- 2.2.3 To the extent that any conflict arises between the terms and conditions of a service agreement or other contract and the terms and conditions of this tariff, the tariff shall prevail.
- 2.2.4 Title to all equipment provided by the Company under this tariff remains with the Company.
- 2.2.5 The customer may not transfer or assign the use of service provided under this tariff except with the prior written consent of the Company. Such transfer or assignment shall only apply where there is no interruption in the use or location of the service, and all regulations and conditions contained in this tariff, as well as all conditions for service, shall apply to all such permitted assignees or transferees.
- 2.2.6 Customer may request Carrier to assign one or more sub-accounts for billing purposes, and to direct sub-account invoices to customer's affiliates or other designated entities for payment. Such requests shall not affect the liability of the customer, who shall remain solely liable to the Company for payment of all invoices for service requested and obtained by customer, whether invoiced by the Company to the customer, the customer's affiliates, or other designated entities.

2.3 Use of Service

Service may not be used for any unlawful purposes or for any purpose for which any payment or other compensation is received by the customer, except where the customer is a duly authorized and regulated common carrier.

SECTION 2 - REGULATIONS (Continued)

2.4 Limitation of Liability

- 2.4.1 In view of the fact that the customer has exclusive control of its communications over the facilities furnished by the Company, and other uses for which facilities may be furnished by the Company, and because of the unavailability of errors incident to the services and to the use of such facilities of the Company, the services and facilities furnished by the Company are subject to the regulations and limitations specified herein.
- 2.4.2 The Company's failure to provide or maintain facilities under this tariff shall be excused by labor difficulties, governmental orders, civil commotions, acts of God and other circumstances beyond the Company's reasonable control, subject to the interruption allowance provisions under this tariff.
- 2.4.3 Defacement of premises - No liability shall attach to the Company by reason of any defacement or damage to the customer's premises resulting from the existence of the Company's equipment or facilities on such premises, or by the installation or removal thereof, when such defacement or damage is not the result of the negligence of the Company or its employees.
- 2.4.4 Indemnification - The Company's liability, if any, for its gross negligence or willful misconduct is not limited by this tariff. With respect to any other claim or suit by a customer or by any others, the customer indemnifies and saves harmless the Company against claims, losses or suits for injury to or death of any person, or damage to any property which arises from the use, placement or presence of the Company's equipment, facilities and associated wiring of the customer's premises and further the customer indemnifies and saves harmless the Company against claims for libel, slander, invasion of privacy or the infringement of copyright arising directly or indirectly from the material transmitted over the facilities of the Company or the use thereof by the customer; against claims for infringement of patents arising from combining with or using in connection with, facilities furnished by the Company and apparatus, equipment and systems provided by the customer; and against all other claims arising out of any act or omission of the customer in connection with the services or facilities provided by the Company. No agents or employees of other carriers shall be deemed to be agents or employees of the Company.

SECTION 2 - REGULATIONS (Continued)

2.4 Limitation of Liability (Continued)

- 2.4.5 The Company's liability, if any, for its gross negligence or willful misconduct is not limited by this tariff. With respect to any other claim or suit, by a customer or any others, for damages arising out of mistakes, omissions, interruptions, delays or errors, or defects in transmission occurring in the course of furnishing service hereunder, the Company's liability, if any, shall not exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error, or defect in transmission or service occurs and continues. This liability shall be in addition to any amounts that may otherwise be due to the customer under this tariff as an allowance for interruptions. However, any such mistakes, omission, interruptions, delays, errors, or defects in transmission or service which are caused or contributed to by the negligence or willful act of the customer, or authorized user, or joint user, or which arise from the use of customer provided facilities or equipment shall not result in the imposition of any liability whatsoever upon the Company.
- 2.4.6 The Company shall not be liable for any damages, including usage charges, that the customer may incur as a result of the unauthorized use of authorization codes or communications equipment. The unauthorized use of communications equipment includes, but is not limited to, the placement of calls from the customer's premises, and the placement of calls through equipment controlled and/or provided by the customer, that are transmitted over the Company's network without the authorization of the customer. The customer shall be fully liable for all such usage charges.

SECTION 2 - REGULATIONS (Continued)

2.5 Interruption of Service

2.5.1 If a customer's service is interrupted other than by the negligence or willful act of the customer, and it remains out of order for eight normal working hours or longer after access to the premises is made available and after being reported to be out of order, appropriate adjustments or refunds shall be made to the customer. The amount of adjustment or refund shall be determined on the basis of the known period of interruption, generally beginning from the time the service interruption is first reported. The refund to the customer shall be a pro rata part of the monthly recurring charges (but not for per minute or per call charges) for the period of days and that portion of the service facilities rendered useless or inoperative. The refund may be accomplished by a credit on a subsequent bill for the service.

2.5.2 A credit allowance for interruptions of service which are not due to the Company's testing or adjusting, to the negligence of the customer, or to the failure of the channels, equipment, and/or communications systems provided by the customer, are subject to the general liability provisions set forth herein. It shall be the obligation of the customer to notify the carrier of any interruption in service. Before giving such notice, the customer shall ascertain that the trouble is not being caused by any action or omission by or within the customer's control and is not in wiring or equipment connected to the carrier terminal.

2.6 Restoration of Service

The use and restoration of service in emergencies shall be in accordance with the Part 64, Sub-part D of the Federal Communications Commission's Rules and Regulations which specifies the priority system for such activities.

2.7 Customer Responsibility

- 2.7.1 All customers assume general responsibilities in connection with the provisions and use of the Company's service. When facilities, equipment, and/or communication systems provided by others are connected to the Company's facilities, the customer assumes additional responsibilities. All customers are responsible for the following:
- A. The customer is responsible for placing orders for service, paying all charges for service rendered by the Company and complying with all of the Company's regulations governing the service. The customer is also responsible for assuring that its users comply with regulations.
 - B. When placing an order for service, the customer must provide:
 - 1. The names and addresses of the persons responsible for the payment of service charges, and
 - 2. The names, telephone numbers, and addresses of the customer contact persons.
 - C. The customer must pay the Company for the replacement or repair of the Company's equipment when the damage results from:
 - 1. The negligence or willful act of the customer or user;
 - 2. Improper use of service; and
 - 3. Any use of equipment or service provided by others.
 - D. After receipt of payment for the damages, the Company will cooperate with the customer in prosecuting a claim against any third party causing damage.
- 2.7.2 Upon reasonable notice, the equipment provided by the Company shall be made available for such tests and adjustments as may be necessary to maintain them in satisfactory condition. No interruption allowance will be granted for the time during which such tests and adjustments are made.

SECTION 2 - REGULATIONS (Continued)**2.7 Customer Responsibility (Continued)****2.7.3 Deposits**

Applicants or customers whose financial condition is not acceptable to the Company or is not a matter of general knowledge, may be required to make, at any time, a cash deposit up to an amount equaling two and one-half times (2.5x) one (1) month's actual or estimated charges for the purpose of guaranteeing final payment for service, in accordance with the rules of the Commission. Interest on cash deposits will be payable per the deposit rules and regulations prescribed by the Commission for the period during which the deposit is held. Such deposit will be refunded or credited to the customer upon termination or after one year of prompt payment for service.

2.7.4 Credit Allowance

Credit for failure of service or equipment will be allowed only when failure is caused by or occurs in equipment owned, provided and billed for, by the Company.

- A. Credit allowances for failure of service or equipment starts when the customer notifies the Company of the failure or when the Company becomes aware of the failure and ceases when the operation has been restored and an attempt has been made to notify the customer.
- B. The customer shall notify the Company of failures of service or equipment and make reasonable attempts to ascertain that the failure is not caused by the customer or in wiring or equipment connected to the terminal.
- C. Only those portions of the service or equipment operation disabled will be credited. No credit allowances will be made for:
 - 1. Interruptions of service resulting from the Company performing routine maintenance;
 - 2. Interruptions of service for implementation of a customer order for a change in the service;
 - 3. Interruption caused by the negligence of the customer or an authorized user;
 - 4. Interruptions of service because of the failure of service or equipment due to the customer or authorized user provided facilities.

SECTION 2 - REGULATIONS (Continued)

2.7 Customer Responsibility (Continued)

2.7.6 Payment and Charges for Services

Charges for service are applied on a recurring and nonrecurring basis. Service is provided and billed on a monthly basis. Service continues to be provided until disconnection is requested by the customer in writing, or until canceled by the Company pursuant to this tariff.

A. Payment of Charges

Payment will be due upon receipt of the statement. A payment is considered delinquent *thirty (30) days after rendition of the bill*. A bill is considered rendered when deposited in the U.S. Mail for delivery to customer's last known address.

1. The customer is responsible for payment of all charges for service furnished to the customer. Charges based on actual usage during a month will be billed monthly in arrears. All fixed monthly and nonrecurring charges for services ordered will be billed monthly in advance.
2. Service may be denied or discontinued by the Company for non-payment of past due or delinquent amounts due the Company. Restoration of service will be subject to all applicable installation charges. Disconnection may not occur before thirty (30) days from invoice and the Company must give five (5) days written notice before any disconnection can occur.

B. Late Payment Charge

Customers will be charged a late payment penalty in the amount of 1.5% per month on all delinquent amounts owed to the Company.

(T)
|
(T)

2.7.7 Application of Rates

The rates for service are those in effect for the period that service is furnished.

SECTION 2 - REGULATIONS (Continued)

2.8 Responsibility of the Company

2.8.1 Calculation of Credit Allowance Under the limitations of section 2.7.4, when service is interrupted the credit allowance will be computed on the following basis.

- A. No credit shall be allowed for an interruption of less than two hours.
- B. The customer shall be credited for an interruption of two hours or major fraction thereof that the interruption continues.
- C. Where there has been an outage, and a minimum usage charge applies, and the customer fails to meet the minimum usage, a credit shall be applied against that minimum. The credit shall equal 1/360th of the monthly minimum charges associated with the portion of service disabled for each period of two hours or major fraction thereof that the interruption continues.

2.8.2 Cancellation of Credit

Where the Company cancels a service or the provision of equipment and the final service period is less than the monthly billing period, a credit will be issued for any amounts billed in advance, prorated at 1/30th of the monthly recurring charge for each day the service was rendered or the equipment was provided. This credit will be issued to the customer or applied against the balance remaining on the customer's account.

SECTION 2 - REGULATIONS (Continued)

2.8 Responsibility of the Company (Continued)

2.8.3 Disconnection of Service by the Company

Upon five (5) days written notice, the Company may discontinue service or cancel an application for service without incurring any liability for any of the following reasons:

- A. Non-payment of any sum due to the Company for service for more than thirty days beyond the date of rendition of the bill for such service; (See paragraph 2.12 following for additional regulations associated with nonpayment of toll charges.)
- B. Violation of any regulation governing the service under this tariff;
- C. Violation of any law, rule, or regulation of an government authority having jurisdiction over the service; or
- D. The Company is prohibited from furnishing services by order of a court or other government authority having jurisdiction.
- E. Customer uses equipment in such a manner as to adversely affect the Company's equipment or service to others.

The Company may without notice terminate the subscriber's contract and/or disconnect the service upon:

- A. Abandonment of the service.
- B. Impersonation of another with fraudulent intent.
- C. Use of service in such a way as to impair or interfere with the service of other subscribers; such improper use includes, but is not limited to, the use of service by a subscriber or with his permission in connection with a plan or contrivance to secure a large volume of telephone calls, to be directed to such subscriber at or about the same time which may result in preventing, obstructing, or delaying the service of others.
- D. Abuse or fraudulent use of service; such abuse or fraudulent use includes:
 - 1. The use of service or facilities of the Company to transmit a message or to locate a person or otherwise to give or obtain information, without payment of the charge applicable for the service;
 - 2. The obtaining, or attempting to obtain, or assisting another to obtain or to attempt to obtain, message telecommunications service by rearranging, tampering with, or making connection with any facilities of the Company, or by any trick, scheme, false representation, or false credit device, or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment, in whole or in part, of the regular charge for such service;

2.8.3 Disconnection of Service by the Company (Continued)

The Company may without notice terminate the subscriber's contract and/or disconnect the service upon: (Continued)

D. Abuse or fraudulent use of service; such abuse or fraudulent use includes: (Continued)

3. Use of service or facilities of the Company for a call or calls, anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment, or harass another;
4. The use of the service in such a manner as to interfere unreasonably with the use of the service by one or more other customers.

E. The use of obscene, profane or grossly abusive language over or by means of the Company's facilities, and who after reasonable notice fails, neglects or refuses to cease and refrain from such practice or to prevent the same, and to remove its property from the premises of such person.

2.8.4 Fractional Charges

Charges for a fractional part of a month (which follows a full month) are calculated by counting the number of days remaining in the billing period after service is furnished or has been discontinued. The number of days remaining in the billing period are counted starting with the day after the service was furnished or discontinued. Divide that figure by thirty days. The resultant fraction is then multiplied by the monthly charge to arrive at the fractional monthly charge.

2.8.5 Insufficient Fund Checks

Customers will be charged \$20.00 on all checks issued to the Company which are returned due to insufficient funds. At the discretion of the Company, the insufficient funds check charge may be waived under appropriate circumstances (e.g. a bank error).

SECTION 2 - REGULATIONS (Continued)

2.9 Taxes and Fees

- 2.9.1 All state and local taxes (e.g., gross receipts tax, sales tax, municipal utilities tax) are not included in the rates under this tariff, but shall be listed as separate line items on the customer's bill.
- 2.9.2 To the extent that a municipality, other political subdivision or local agency of government, or commission imposes and collects from the Company a gross receipts tax, occupation tax, license tax, permit fee, franchise fee, or regulatory fee, such taxes and fees shall, as allowed by law, be billed pro rata to the customer receiving service from the Company within the territorial limits of such municipality, other political subdivision or local agency of government.
- 2.9.3 Service shall not be subject to taxes for a given taxing jurisdiction if the customer provides the Company with written verification, acceptable to the Company and to the relevant taxing jurisdiction, that the customer has been granted a tax exemption.
- 2.9.4 The Company may adjust its rates or impose additional rates on its customer to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others. The Company may also adjust its rates or impose additional rates to cover the administrative cost of collecting such charges or paying compensation to other entities. Examples of such programs include, but are not limited to, the Universal Service Fund (USF), the Presubscribed Interexchange Carrier Charge (PICC), and compensation to pay telephone service providers for the use of their pay telephones to access the Company's services.

SECTION 2 - REGULATIONS (Continued)

2.10 Unauthorized Carrier Change Charge

Carrier will assess Reseller a \$200 Unauthorized Carrier Change Charge (UCCC) for each Primary Interexchange Carrier (PIC) made without prior valid authorization which results in Carrier being named in a complaint filed with a state or federal regulatory authority or counsel. Continued acts of unauthorized PIC's by any Reseller shall be considered grounds for refusing to provide service to that Reseller.

2.11 Unauthorized Service Change Charge

Carrier will assess Reseller a \$200 Unauthorized Service Change Charge (USCC) for each unauthorized addition of services on an end user's bill which results in Carrier being named in a complaint filed with a state or federal regulatory authority or counsel. Continued acts of unauthorized service changes by any Reseller shall be considered grounds for refusing to provide service to that Reseller.

2.12 Toll Blocking

Toll providers or Local Exchange Carriers acting on the behalf of toll providers, subject to billing and collection agreements, may otherwise "universally" block access to all toll providers for nonpayment of regulated toll charges, so long as the blocked customer is not, thereby, denied the right to select, through a presubscribed interexchange change (PIC) mechanism, any such subsequent toll provider who is obligated to provide such service under the terms of the PUCO's selective access policy.

- A. Blocking of a customer's access to toll provider for nonpayment of toll charges shall be made in accordance with the rules as specified in this Section as well as the rules stated in the Ohio Minimum Service Standards contained in the Administrative Code of Rules and Regulations.

SECTION 2 - REGULATIONS (Continued)

2.13 Toll Limitation

(N)

CBAD may establish credit limits for new and existing residential customers based upon credit scores assigned by a commercial credit-reporting agency, or based upon the customers' payment history. Customers may request this service as a means of limiting their toll. Additionally CBAD or the Local Telephone Company on behalf of CBAD may implement Toll Limitation on its own, in order to limit its risk in regard to uncollectible accounts. Toll Limitation service is generally instituted in lieu of a deposit.

CBAD will inform customers when they place an order for new service if they are placed on Toll Limitation. When a customer is placed on Toll Limitation, at their own discretion or by CBAD, a letter will be sent to them outlining the specifics of Toll Limitation. Also, when a customer reaches a threshold limit of toll conversation minutes, a message will be played to that customer when they attempt to place their next toll call. This message will state that they have reached a threshold number of minutes and have only a certain number of available minutes before Toll Limitation is activated on their account. They will also be directed to contact CBAD if they have any questions.

Toll Limitation service will limit customers to eight hundred (800) minutes of unpaid toll usage. The 800 minutes of toll usage limitation is based on actual usage, not just usage that has already appeared on the customer's bill. The 800 minutes of usage consists of toll usage that is provided by CBAD.

Customers will be blocked from initiating toll calls after hanging up on a call that carries them past 800 minutes of accumulated unpaid toll minutes. Once blocked, customers will not be able to begin making toll calls again until they have paid the full amount of toll charges owed.

Customers subject to Toll Limitation implemented by CBAD or by the local telephone company on behalf of CBAD may pay a deposit instead of having their toll access limited. In such case, the amount of the deposit will be based on a minimum of 800 minutes of toll usage per month.

SECTION 3 - LONG DISTANCE SERVICES

3.1 *Timing of Calls*

3.1.1 The customer's monthly usage charges for the Company service are based upon the total number of minutes the customer uses and the service options to which the customer subscribes. Chargeable time begins when the connection is established between the calling station and the called station or PBX. Chargeable time ends when the either party hangs up. If the called station hangs up but the calling station does not, chargeable time ends when the connection is released by automatic timing equipment within the telecommunications network.

3.1.2 No charges apply if a call is not completed.

3.2 *Start of Billing*

For billing purposes, the start of service is the day following acceptance by the customer of the Company's service or equipment. The end of service date is the last day of the minimum notification of cancellation or any portion of the last day, after receipt by the Company of notification of cancellation as described in Section 2 of this tariff.

3.3 *Interconnection*

Service furnished by the Company may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to the technical limitations established by the Company. Service technical limitations established by the Company. Service furnished by the Company is not part of a joint undertaking with such other carriers. Any special interface equipment of the Company and other participating carriers shall be provided at the customer's expense.

Interconnection with the facilities or services of other carriers shall be under the applicable terms and conditions of other carriers' tariffs. The customer is responsible for taking all necessary legal steps for inter connecting its customer-provided terminal equipment or communications systems with the Company's. The customer shall secure all licenses, permits, right-of-ways, and other arrangements necessary for such interconnection.

SECTION 3 - LONG DISTANCE SERVICES (Continued)

3.4 Terminal Equipment

The Company's service may be used with or terminated in customer provided terminal equipment or customer provided communication systems, such as teleprinter, handsets, or data sets. Such terminal equipment shall be furnished and maintained at the expense of the customer, except as otherwise provided. The customer is responsible for all costs at its premises, including customer personnel, wiring, electrical power, and the like incurred in its use of the Company's service.

The customer shall ensure that its terminal facilities are of the proper mode, band-width, power, data, speed, and signal level for the intended use of the customer, and that the signals do not damage the Company's equipment, injure personnel or degrade service to other customers.

If the customer fails to maintain and operate its terminal equipment properly, resulting in the occurrence or possibility of harm to the Company's equipment or personnel, or impairment to the quality of service to other customers, the Company may, upon written notice, require the use of protective equipment at the customer's expense. If this fails to produce satisfactory quality and safety of service, the Company may, upon written notice, terminate the customer's service.

SECTION 3 - LONG DISTANCE SERVICES (Continued)

3.5 Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers and associated vertical and horizontal coordinates that are currently being used within the industry.

Formula:

$$\sqrt{\frac{(v_1 - v_2)^2 + (h_1 - h_2)^2}{10}}$$

3.6 Minimum Call Completion Rate

The customer can expect a call completion rate of 99% per 100 calls attempted during peak use periods for all Feature Group D (1+) services. The Company will engineer its switching systems on the basis that ninety-nine percent (99%) of the customers accessing their system will be served during the busy hour.

3.7 Special Service Arrangements

Special Service Arrangement charges will be based on the estimated cost of furnishing such services including the cost of operating and maintaining such a service, the cost of equipment and materials used in providing such a service, the cost of installation including engineering, labor supervision, transportation, and the cost of any other specific item associated with the particular Special Service Arrangement request.

SECTION 3 - LONG DISTANCE SERVICES (Continued)

3.8 General

The Company offers Message Telecommunications Service or MTS, Inbound 800 Service, Calling Card Service, Operator Assisted calling programs and dedicated services. The customer's total monthly use of Carrier's service is charged at the applicable rates per minute set forth herein.

(T)
(T)

3.8.1 Message Telecommunications Service (MTS)

MTS or 1+ dialing is achieved by when the LEC programs the customer's telephone lines to automatically route 1+ calls to the Company's network. Unless noted otherwise, residential MTS service is billed in sixty (60) second increments with a sixty (60) second minimum and business service is billed in six (6) second increments with a thirty (30) second minimum.

3.8.2 Toll Free (i.e., 800/888) Service

Toll Free Service is inbound telecommunications service which permits calls to be completed to the customer's location without charge to the calling party. Access to the service is gained by dialing a ten-digit telephone number which terminates at the customer's location. Toll Free Services originate via normal shared use facilities and are terminated via the customers' local exchange service access line.

The Company will accept a prospective Toll Free Service at customer's request for up to ten (10) toll free telephone numbers and will reserve such numbers on a first-come first-served basis. All request for Toll Free Service number reservations must be written, dated and signed by the customer. The Company does not guarantee the availability of numbers until assigned. The requested Toll Free Service telephone numbers, if available, will be reserved for and furnished to the customer.

If a customer who has received a Toll Free Service number does not subscribe to Toll Free Service within thirty (30) days, the Company reserves the right to re-assign the number to another customer.

The following optional features are available with the toll free service.

Time of day routing allows the customer to change the telephone number where the toll free telephone number terminates. The toll free telephone number can be re-routed to four different terminating telephone numbers based on three variables: time of day (1/2 hour increments); day of the week; and holiday schedule.

(T)

Area code blocking permits customers to select the area codes from which they may receive calls.

800 Directory Service provides the customer with the option to have their 8XX number listed in directory assistance.

(T)

Payphone Blocking will block all calls to the customer's toll free number(s) from payphones when the LEC/CLEC sends the payphone indicator in the call setup message. In instances where the indicator is not sent, the customer will be responsible for the payphone surcharges for all calls made from payphones to their toll free number(s).

3.12 Operator Services

(T)

The Company offers both Traditional and Alternative Operator Services at the rates provided below.

Operator services are available to Consumers from any Customer location. Operator Services allows the Consumer to place a call from a Customer location and arrange for billing other than to the originating telephone number. Calls are rounded up to the next whole minute for billing purposes and are billed to the Consumer through the monthly bill of the Consumer's local exchange carrier.

The following billing arrangements are available to Consumers through the Company's Operator Services:

a) Customer Dialed Calling/Credit Card

This is a service whereby the end user dials all of the digits necessary to route and bill the call without any operator assistance. Such calls may be billed either to a telephone company issued calling card or a commercial credit card.

b) Operator Station

This is a service whereby the caller places a non-person-to-person call with the assistance of an operator (live or automated). When placing an operator station call, the caller is connected to a non-specified individual at the terminating end. Such calls may be billed to a calling card, credit card, the called number (collect) or a valid third party telephone number.

c) Person-to-Person

This is a service whereby the person originating the call specifies to Cincinnati Bell Any Distance Inc.'s operator a particular person to be reached, or a particular person, station, room number, department, or office to be reached through a PBX attendant. Person-to-person calls may be billed to a calling card, credit card, the called number (collect) or a valid third party telephone number.

SECTION 4 – DEDICATED LONG DISTANCE SERVICE

4.1 General

(N)

- 4.1.1 Dedicated Long Distance Service is an interexchange service that consists of local access facilities that connect the customer premise with CBAD's point of presence and are "dedicated" to long distance traffic. The facilities are provided by CBAD through a lease agreement with a competitive access provider or a local exchange company.
- 4.1.2 The long distance, per minute rates and the monthly service fees associated with the local access facility are based on the customer's commitment to a specific contract term and monthly minimum.
- 4.2.3 Call detail will be available on the Care.anydistance.com website. The customer will be able to generate reports and payment history and to download bill records using this website.
- 4.1.4 Optional features are available to customers subscribing to Dedicated Long Distance Service.
- 4.1.4.1 PRI Data Channel - This feature provides a customer with the ability to transmit and receive multiple voice and data circuit switched calls simultaneously over a single facility.
- 4.1.4.2 8XX Enhanced Routing – This feature provides the customer with the ability to route toll free numbers based on time of day, day of week and/or holiday schedule.
- 4.1.4.3 8XX Point of Origination Routing – This feature allows toll free calls to be routed based on the callers automatic number identification (ANI).
- 4.1.4.4 8XX Overflow – This feature allows toll free calls to overflow automatically to another dedicated or switched facility.
- 4.1.4.5 8XX Dialed Number Identification Service (DNIS) - This feature delivers the toll free number that the caller dialed to the customer's line.
- 4.1.4.6 8XX Directory Assistance listing – This feature allows a customer's name and toll free number to be listed in directory assistance.
- 4.1.4.7 Automatic Number Identification (ANI) Delivery - This feature provides the customer with the originating caller's ANI.
- 4.1.4.8 Account Codes – This feature provides the customer with the ability to track long distance usage by requiring a code to be entered before allowing a long distance call from the customers line to be completed. Account codes enable the customer to obtain call detail from the Company that is sorted and summarized based on the code entered by the callers.
- 4.1.4.9 Verified Account Codes – This type of account code allows a customer to specify the number of digits as well as the specific digits to be used prior to completion of a long distance call on the customer's line.
- 4.1.4.10 Non-verified Account Codes – This type of account code allows a customer to specify the number of digits to be used prior to completion of a long distance call. All codes within the specified number of digits will allow a long distance call to complete.

SECTION 4 – DEDICATED LONG DISTANCE SERVICE

4.2 Terms and Conditions

- 4.2.1 Monthly usage will be measured beginning with the second month after the customer's service activation date. If the customer's usage is less than the minimum commitment, the customer will pay to CBAD the difference between the minimum commitment and the actual usage. The following charges do not apply to the minimum commitment: switched voice, calling card, nonrecurring charges, feature charges, charges for dedicated access facilities, taxes, fees and other surcharges.
- 4.2.2 Rates contained in this tariff apply to Customer's long distance service terminating in the continental United States.
- 4.2.3 Unless otherwise specified, for billing purposes, the minimum call duration for non-calling card outbound and inbound calls is thirty (30) seconds. In addition, unless otherwise specified usage is measured thereafter in six (6) second increments. All calls are rounded up to the nearest cent.
- 4.2.5 In the event of early termination of the contracted service, the subscriber shall pay CBAD a lump sum consisting of the following charges:
- 4.2.5.1 all unpaid charges for service previously rendered;
 - 4.2.5.2 seventy-five (75%) of the minimum monthly commitment and monthly recurring charges multiplied by the number of months remaining in the term;
 - 4.2.5.3 where CBAD provides the local access, one hundred percent (100%) of the local access fees multiplied by the number of months remaining in the contract;
 - 4.2.5.4 a pro-rata payback of all fees that were waived.
- 4.2.6 Commission approval of the termination liability for Dedicated Long Distance Service contracts or arrangements is not intended to indicate that the Commission has approved or sanctioned any terms or provisions contained therein. Signatories to such contracts shall be free to pursue whatever legal remedies they may have should a dispute arise.
- 4.2.7 Upon completion of the term payment plan the customer may renew their contract at the current tariffed rates. If the customer does not renew their contract and does not elect to discontinue service, CBAD will furnish service to the customer on a **month-to-month basis** at the 1-year rates associated with a zero monthly minimum commitment.
