This filing includes a number of text changes and corrections, none of which impact customers or the manner in which services are provided or billed. Consistent with the established rate presentation of monthly charges throughout the tariff, this filing adds clarifying language regarding application of monthly rates in those instances where there is not a separate intrastate monthly charge for those long distance services that are "add-on" services to the interstate service to which the customer is subscribed.

This filing also includes the addition of certain "grandfathered" services to which customers are already subscribed. Under a filing submitted by the Company dated March 24, 2006, we introduced a number of services to which customers were subscribed that were being migrated from Sprint during the legal separation of the two companies. Customers subscribed to the services being added under this filing were also migrated during that time; however, a recent audit of our customer base revealed that we inadvertently excluded these service offerings from our initial filing. Customers subscribed to these services are not impacted by this filing, since the terms, conditions and rates being introduced mirror those to which the customers were subscribed under the Sprint tariffs.

This filing additionally reflects certain text and rate corrections, none of which impact customers. The rates being corrected under this filing mirror those in effect at the time the services were migrated from Sprint.

If you have any questions regarding this filing, please call Becky Donahue at 614-220-8624.

Sincerely,

/s/ Glenda L. Munson
