Standard Business Local Exchange Service provides the Customer with a single, analog, voice-grade telephonic communications channel, which can be used to place or receive one call at a time. Standard Business Local Exchange Service lines are provided for the connection of Customer-provided wiring, telephones, facsimile machines or other station equipment. An optional per line Hunting feature is available for multi-line Customers which routes a call to the next idle line in a prearranged group when the called line is busy.

Recurring charges for Standard Business Local Exchange Service are billed monthly in advance. Usage charges, if applicable are billed in arrears. Usage charges may apply for calls placed from the Customer's line. No usage charges will apply to calls received by the Customer. Non-recurring charges for installation or rearrangement of service are billed on the next month's bill immediately following work performed by the Company

A. Message Rate

Message Rate Service consists of a fixed monthly rate for usage packages which includes a monthly local usage allowance in the monthly rate. Each local call is charged on a message unit basis and an additional charge is made for local messages in excess of the allowance. The allowance, if not used during one month, is not credited to the customer's account for any other month that service is provided.

B. Measured Rate

1. Measured Rate Services

The local usage charges are based upon four measured elements, i.e., the total number of outgoing local messages, the distance and the duration of each local message and the time of day each local message is originated, subject to the following:

a. Distance

The charges for local messages vary based on the airline distance (i.e., rate mileage) between the rate centers of the central offices serving the calling and called stations, determined in the same manner as message toll rate distances.

b. Duration

(1) A charge applies for the initial minute, or fraction thereof, and for each additional minute, or fraction thereof.

(2) A local message is considered as starting at the time telephone communication is established between the calling station and the called telephone number.

(3) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by the automatic timing equipment in the telephone network.

(4) Chargeable time does not include time lost because of faults or

Monthly Recurring Charges

The following charges apply to Standard Business Local Exchange Service lines per month for customers located in the Verizon Calling Areas. Rates and charges include Touchtone Service for each line. The rates and charges below apply to service provided on a month-to-month basis. All business services are measured.

A. Flat Rate Calling Service

Flat Rate Local Calling Service provides the customer with unlimited local calls within their local calling area for one flat monthly rate. A local calling area includes their home location and any EAS (Extended Area Service) locations that are available for their service area. Regional toll calls (outside the local area, but within regional boundaries) will be billed separately per minute.

B. Usage Sensitive Charges and Allowances

Each call to a telephone number within the customer's exchange area is charged on a usage basis. Extended area usage rates apply to calls made to certain exchanges outside the customer's exchange area. Usage charges apply on customer-dialed station-to-station calls charged to the calling party. Where operator assistance is utilized, the usage charges apply in addition to the charge for operator assistance on local messages¹². The additional charge for operator assistance would apply if the calling party wants the call billed to another local telephone number.

A. TCI ISDN PRI Service with Unlimited Local Calling

ISDN PRI offers an array of value-added features, such as calling number identification and call-by-call selection that enhance productivity. ISDN PRI is configured with 23 64 Kbps bi-directional B (Bearer) channels and one 64 Kbps D (Data) channel. Unique to ISDN PRI is its ability to designate the D channel to handle all of the signaling and call control requirements and leave the remaining 23 B channels free for any mix of circuit-switched voice and data.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

TCI ISDN PRI includes the following non-optional Feature Package: Inbound Calling Line ID-Name & Number and Call by Call Selection.

Regional Toll and Long Distance Services must be PIC'd to the Company. These rates are in addition to ISDN PRI and DS1 rates below.

B. TCI Digital DS-1 PBX Service with Unlimited Local Calling

This service provides a trunk side DS1 electrical interface from the customer's digital PBX system to a TCI digital port on a local Company switch for the origination and termination of calls. Traffic to and from the digital PBX can be received or dialed directly from any PBX station without the need for an attendant.

These digital trunks deliver a high-speed DS1 (T1) connection between your PBX and the Company network. There are up to 24 channels on one facility, each of which can be used to place or receive calls. This multi-channel capability dramatically reduces the need for additional PBX circuit cards.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

D. TCI Digital DS-1 PBX Service with Unlimited Local Calling and Bundled Toll/LD Service

This service provides a trunk side DS1 electrical interface from the customer's digital PBX system to a TCI digital port on a local Company switch for the origination and termination of calls. Traffic to and from the digital PBX can be received or dialed directly from any PBX station without the need for an attendant.

These digital trunks deliver a high-speed DS1 (T1) connection between your PBX and the Company network. There are up to 24 channels on one facility, each of which can be used to place or receive calls. This multi-channel capability dramatically reduces the need for additional PBX circuit cards.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

The TCI Digital DS-1 PBX Service with Unlimited Local Calling and Bundled Toll/LD Service Products are offered with six different increments of Toll/LD Minutes of Use: 5,000, 10,000, 15,000, 30,000, 50,000 and 100,000. Installation charges are included in the monthly recurring charges. Regional Toll and Long Distance Services must be PIC'd to the Company.

TCI ISDN BRI (Basic Rate Interface) uses standard "twisted pair" cables and is nearly three times faster than a 56K dial up line. TCI ISDN PRI (Primary Rate Interface) uses a 1.544 Mbps digital transport facility (T1). Both services provide the superior clarity of digital transmission, a high-speed data interface and sufficient bandwidth capacity to fulfill your current and future communication needs.

ISDN BRI consists of two 64 Kbps B (Bearer) channels and one 16 Kbps D (Data) channel. Each B channel has the ability to integrate voice, data, image and video. The B channels may be kept separate or bonded together to deliver 128 Kbps.

3.3 Advanced Features (cont'd)

G. Direct Inward Dial (DID) Service

DID service is an optional feature which can be purchased in conjunction with Company-provided Basic Trunks or Digital Trunks. DID service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID capability and DID numbers apply in addition to charges specified for Basic Trunks or Digital Trunks.

So the Company may efficiently manage its number resource, the Company, at its sole discretion, reserves the right to limit the quantity of DID numbers a Customer may obtain. Requests for 300 or more DID numbers must be provided to the Company in writing no less than five (5) months prior to activation. In addition, the Company reserves the right to review vacant DID stations or stations not in use to determine their utilization. Should the Company determine, based on its own discretion, that there is inefficient number utilization, the Company may reassign the DID numbers.

The Customer has no property right to the telephone number or any other call number destination associated with DID service furnished by the Company, and no right to the continuance of service through any particular end office. The Company reserves the right to change such numbers, or the end office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business.

4. Toll Service Regulations**4.1 Undertaking of the Company**

This tariff contains the regulations and rates applicable to intrastate resale telecommunications services provided by the Company for interexchange telecommunications between points within the State of Ohio. Resale services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission's rules. The Company's services are provided on a statewide basis in all 88 counties. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. Customers interested in the Company's services shall file a service application with the Company which fully identifies the Customer, the services requested and other information requested by the Company. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the Customer, to allow connection of a Customer's location to a service provided by the Company. The Customer shall be responsible for all charges due for such service arrangement.

4.1.1 The services provided by the Company are not part of a joint undertaking with any other entity providing telecommunications channels, facilities, or services, but may involve the resale of the Message Toll Services (MTS) and Wide Area Telecommunications Services (WATS) of underlying common carriers subject to the jurisdiction of this Commission.

4.1.2 The rates and regulations contained in this tariff apply only to the resale services furnished by the Company and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local exchange telephone company or other common carriers for use in accessing the services of the Company.

As Approved in Case No.

Effective Date:

Gary Glodek, Director, Retail Operations
16 South Jefferson Road
Whippany, New Jersey 07981

4. Toll Service Regulations (cont'd)

- 4.1.3 The Company reserves the right to discontinue furnishing services, or limit the use of service necessitated by conditions beyond its control, including, without limitation: lack of satellite or other transmission medium capacity; the revision, alteration or repricing of the Underlying Carrier's tariffed offerings; or when the use of service becomes or is in violation of the law or the provisions of this tariff.

4.2 Use of Services

- 4.2.1 The Company's services may be used for any lawful purpose consistent with the transmission and switching parameters of the telecommunications facilities utilized in the provision of services, subject to any limitations set forth in this Section 4.2.
- 4.2.2 The use of the Company's services to make calls which might reasonably be expected to frighten, abuse, torment, or harass another or in such a way as to unreasonably interfere with use by others is prohibited.
- 4.2.3 The use of the Company's services without payment for service or attempting to avoid payment for service by fraudulent means or devices, schemes, false or invalid numbers, or false calling or credit cards is prohibited.
- 4.2.4 The Company's services are available for use 24 hours per day, 7 days per week.
- 4.2.5 The Company does not transmit messages, but the services may be used for that purpose.
- 4.2.6 The Company's services may be denied for nonpayment of charges or for other violations of this tariff.

As Approved in Case No.

Effective Date:

Gary Glodek, Director, Retail Operations
16 South Jefferson Road
Whippany, New Jersey 07981

4. Toll Service Regulations (cont'd)

- 4.2.7 Customers shall not use the service provided under this tariff for any unlawful purpose.
- 4.2.8 The Customer is responsible for notifying the Company immediately of any unauthorized use of services.

4.3 Liability of the Company

- 4.3.1 The Company shall not be liable for any claim, loss, expense or damage for any interruption, delay, error, omission, or defect in any service, facility or transmission provided under this tariff, if caused by the Underlying Carrier, fire, war, civil disturbance, act of government, or due to any other causes beyond the Company's control, in accordance with O.A.C. 4901:1-5-16.
- 4.3.2 The Company shall not be liable for, and shall be fully indemnified and held harmless by the Customer against any claim, loss, expense, or damage for defamation, libel, slander, invasion, infringement of copyright or patent, unauthorized use of any trademark, trade name or service mark, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data or information transmitted.
- 4.3.3 No agent or employee of any other carrier or entity shall be deemed to be an agent or employee of the Company.
- 4.3.4 The Company's liability for damages, resulting in whole or in part from or arising in connection with the furnishing of service under this tariff, including but not limited to mistakes, omissions, interruptions, delays, errors, or other defects or misrepresentations shall not exceed an amount equal to the charges provided for under this tariff for the long distance call for the period during which the call was affected. No other liability in any event shall attach to the Company.

As Approved in Case No.

Effective Date:

Gary Glodek, Director, Retail Operations
16 South Jefferson Road
Whippany, New Jersey 07981

4. Toll Service Regulations (cont'd)

- 4.3.5 Unless caused by the Company's negligence, the Company shall not be liable for and shall be indemnified and saved harmless by any Customer or by any other entity from any and all loss, claims, demands, suits, or other action or any liability whatsoever, whether suffered, made, instituted, or asserted by any Customer or any other entity for any personal injury to, or death of, any person or persons, and for any loss, damage, defacement or destruction of the premises of any Customer or any other entity or any other property whether owned or controlled by the Customer or others.
- 4.3.6 The Company shall not be liable for any indirect, special, incidental, or consequential damages under this tariff including, but not limited to, loss of revenue or profits, for any reason whatsoever, including the breakdown of facilities associated with the service, or for any mistakes, omissions, delays, errors, or defects in transmission occurring during the course of furnishing service.
- 4.3.7 The remedies set forth herein are exclusive and in lieu of all other warranties and remedies, whether express, implied, or statutory, INCLUDING WITHOUT LIMITATION IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

As Approved in Case No.

Effective Date:

4. Toll Service Regulations (cont'd)

4.4 Responsibilities of the Customer

- 4.4.1 The Customer is responsible for placing any necessary orders and complying with tariff regulations. The Customer is also responsible for the payment of charges for services provided under this tariff.
- 4.4.2 The Customer is responsible for charges incurred for special construction and/or special facilities which the Customer requests and which are ordered by the Company on the Customer's behalf.
- 4.4.3 If required for the provision of the Company's services, the Customer must provide any equipment space, supporting structure, conduit and electrical power without charge to the Company.
- 4.4.4 The Customer is responsible for arranging access to its premises at times mutually agreeable to the Company and the Customer when required for the Company personnel to install, repair, maintain, program, inspect or remove equipment associated with the provision of the Company's services.
- 4.4.5 The Customer shall cause the temperature and relative humidity in the equipment space provided by Customer for the installation of the Company's equipment to be maintained within the range normally provided for the operation of microcomputers.
- 4.4.6 The Customer shall ensure that the equipment and/or system is properly interfaced with Company facilities or services, that the signals emitted to network are of the proper mode, bandwidth, power and signal level for the intended use of the subscriber and in compliance with criteria set forth in this tariff, and that the signals do not damage equipment, injure personnel, or degrade service to other Customers.

As Approved in Case No.

Effective Date:

Gary Glodek, Director, Retail Operations
16 South Jefferson Road
Whippany, New Jersey 07981

4. Toll Service Regulations (cont'd)

- 4.4.7 The Customer must pay the Company for replacement or repair of damage to the equipment or facilities of the Company caused by negligence or willful act of the Customer, by improper use of the services, or by use of equipment provided by Customer.
- 4.4.8 The Customer must pay for the loss through theft of any the Company equipment installed at Customer's premises.
- 4.4.9 If the Company installs equipment at Customer's premises, the Customer shall be responsible for payment of any applicable installation charge.
- 4.4.10 The Customer must use the services offered in this tariff in a manner consistent with the terms of this tariff and the policies and regulations of all state, federal and local authorities having jurisdiction over the service.

4.5 Cancellation of Services

When a customer cancels an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below.

Where the Company has notified a customer or prospective customer of the possibility that special expenses may be incurred in connection with provisioning their service, and then the Company does incur such expenses. Expenses could include special construction, or where special arrangements of facilities or equipment have begun before the Company received a cancellation notice. The charge will be equal to the costs actually incurred, less net salvage.

As Approved in Case No.

Effective Date:

Gary Glodek, Director, Retail Operations
16 South Jefferson Road
Whippany, New Jersey 07981

4. Toll Service Regulations (cont'd)

- 4.5.2 Without incurring liability, the Company may interrupt the provision of services at any time in order to perform tests and inspections to assure compliance with tariff regulations and the proper installation and operation of Customer and the Company's equipment and facilities and may continue such interruption until any items of noncompliance or improper equipment operation so identified are rectified.
- 4.5.3 Service may be discontinued by the Company without notice to the Customer, by blocking traffic to certain cities or NXX exchanges, or by blocking calls using certain Customer authorization codes, when the Company deems it necessary to take such action to prevent unlawful use of its service. The Company will restore service as soon as it can be provided without undue risk, and will, upon request by the Customer affected, assign a new authorization code to replace the one that has been deactivated.
- 4.5.4 The Customer may terminate service upon reasonable notice. Customer will be liable for all usage on any of the Company's service offerings until the Customer actually leaves the service. Customers will continue to have Company usage until the Customer notifies its local exchange carrier and changes its long distance carrier. Until the Customer so notifies its local exchange carrier, it shall continue to generate and be responsible for long distance usage.

4. Toll Service Regulations (cont'd)

4.6 Credit Allowance

- 4.6.1 Credit allowance for the interruption of service which is not due to the Company's testing or adjusting, negligence of the Customer, or to the failure of channels or equipment provided by the Customer, are subject to the general liability provisions set forth in 4.3 herein. It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired. Before giving such notice, the Customer shall ascertain that the trouble is not being caused by any action or omission by the Customer within his control, or is not in wiring or equipment, if any, furnished by the Customer and connected to the Company's facilities.
- 4.6.2 No credit is allowed in the event that service must be interrupted in order to provide routine service quality or related investigations.
- 4.6.3 Credit for failure of service shall be allowed only when such failure is caused by or occurs due to causes within the control of the Company or in the event that the Company is entitled to a credit for the failure of the facilities of the Company's Underlying Carrier used to furnish service.
- 4.6.4 Credit for interruption shall commence after the Customer notifies the Company of the interruption or when the Company becomes aware thereof, and ceases when service has been restored.
- 4.6.5 For purposes of credit computation, every month shall be considered to have 720 hours.
- 4.6.6 No credit shall be allowed for an interruption of a continuous duration of less than two hours.

As Approved in Case No.

Effective Date:

Gary Glodek, Director, Retail Operations
16 South Jefferson Road
Whippany, New Jersey 07981

4. Toll Service Regulations (cont'd)

- 4.6.7 The Customer shall be credited for an interruption of two hours or more at the rate of 1/720th of the monthly charge for the facilities affected for each hour or major fraction thereof that the interruption continues.

Credit Formula:

$$\text{Credit} = \frac{A}{720} \times B$$

"A" - outage time in hours

"B" - monthly charge for affected activity

4.7 Deposit

- 4.7.1 Applicants for service may be required prior to establishing service to provide the Company a security deposit. The deposit requested will be in cash or the equivalent of cash, and will be held as a guarantee for the payment of charges.

A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. Reestablishment of credit for service will be in accordance with Rule 4901:1-17-04. Additional requirements may be found in Section 1.9.2 of this tariff.

- 4.7.2 The deposit will not exceed an amount equal to two month's average monthly bill for all regulated local exchange services for ensuing twelve months, plus thirty percent (30%) of estimated monthly charges.

4.8 Payment and Billing

- 4.8.1 Service is provided and billed on a billing cycle basis, beginning on the date that service becomes effective. Billing is payable upon receipt. Interest at the rate of 1.5% per billing cycle, or the amount otherwise authorized by law, whichever is lower, will accrue upon any unpaid amount commencing 30 days after rendition of bills.

Payment and billing practices will be in accordance with the Minimum Telephone

4.15.1 1+ Dialing

The customer utilizes "1+" dialing, or "101XXXX" dialing followed by "1 + ten digits" for interLATA calls, or dials "101XXXX" followed by "1 + 7 digits" or "1 + 10 digits" for intraLATA calls.

4.15.2 Travel Cards.

The Customer utilizes an 11 digit "800" access number established by the Company to access a terminal. Upon receiving a voice prompt, the Customer uses push button dialing to enter an identification code assigned by the Company, followed by the ten digit number of the called party.

As Approved in Case No.

4. Toll Service Regulations (cont'd)

4.15.3 800 Service (Toll free).

This service is inbound calling only where an 800, 888 or other toll-free prefix number rings into a Customer's premise routed to a specific telephone number or terminated over a dedicated facility.

As Approved in Case No.

Effective Date:

Gary Glodek, Director, Retail Operations
16 South Jefferson Road
Whippany, New Jersey 07981

4. Toll Service Regulations (cont'd)

4.15.4 Company Prepaid Calling Cards.

This service permits use of Company Prepaid Calling Cards for placing long distance calls. Customers may purchase Company Prepaid Calling Cards at a variety of retail outlets or through other distribution channels. Company Prepaid Calling Cards are available at a variety of face values. Company Prepaid Calling Card service is accessed using the Company toll-free number printed on the card. The caller is prompted by an automated voice response system to enter his/her Authorization Code, and then to enter the terminating telephone number. The Company's processor tracks the call duration on a real time basis to determine the number of Telecom Units consumed. The total consumed Telecom Units for each call is deducted from the remaining Telecom Unit balance on the Customer's Prepaid Calling Card.

All calls must be charged against a Company Prepaid Calling Card that has a sufficient Telecom Unit balance. A Customer's call will be interrupted with an announcement when the balance is about to be depleted. Calls in progress will be terminated by the Company if the balance on the Company Prepaid Calling Card is insufficient to continue the call.

A card will expire 12 months from the date of first usage or last recharge. The expiration date will be provided to the Customer at the point of sale. The Company will not refund unused balances.

As Approved in Case No.

Effective Date:

Gary Glodek, Director, Retail Operations
16 South Jefferson Road
Whippany, New Jersey 07981

4. Toll Service Regulations (cont'd)

A credit allowance for Company Prepaid Calling Card Service is applicable to calls that are interrupted due to poor transmission, one-way transmission, or involuntary disconnection of a call. To receive the proper credit, the Customer must notify the Company at the designated toll-free customer service number printed on the Company Prepaid Calling Card and furnish the called number, the trouble experienced (e.g. cut-off, noisy circuit, etc.), and the approximate time that the call was placed.

When a call charged to a Company Prepaid Calling Card is interrupted due to cut-off, one-way transmission, or poor transmission conditions, the Customer will receive a credit equivalent of one Telecom Unit.

Credit allowances for calls pursuant to the Company Prepaid Card Service do not apply for interruptions not reported promptly to the Company or interruptions that are due to the failure of power, equipment or systems not provided by the Company.

Credit for failure of service shall be allowed only when such failure is caused by or occurs due to causes within the control of the Company.

The Company will block all calls beginning with the NPA "900" and NXX "976" calls, therefore such calls can not be completed.

As Approved in Case No.

Effective Date:

Gary Glodek, Director, Retail Operations
16 South Jefferson Road
Whippany, New Jersey 07981

4. Toll Service Regulations (cont'd)

4.15.5 Directory Assistance.

Access to long distance directory assistance is obtained by dialing 1 + 555-1212 for listings within the originating area code and 1 + (area code) + 555-1212 for other listings. When more than one number is requested in a single call, a charge will apply for each number requested. A charge will be applicable for each number requested, whether or not the number is listed or published.

As Approved in Case No.

Whippany, New Jersey 07981

4. Toll Service Regulations (cont'd)

4.16 Discontinuance of Service

- A In addition to enforcing, on its own behalf, the Company's own billing, credit/deposit and disconnection policies with respect to all regulated telephone services provided by the Company itself, the Company is not precluded from entering into formal contracts with other toll service providers which would authorize the Company as a formal contractual agent of such other toll service providers for purposes of enforcing the billing, credit/deposit, and disconnection policies of such other toll service providers.
- B Unless and until it has entered into a formal contract specifically authorizing it to do so, the Company is not permitted to enforce the billing, credit/deposit and disconnection policies of any toll service provider.
- C In Case No. 95-790-TP-COI, the Public Utilities Commission of Ohio established a policy under which the procedural and substantive safeguards which are afforded to applicants for local exchange service and to subscribers of local exchange service under Chapter 4901:1-5, O.A.C., as pertains to billing, establishing credit/deposits, and to disconnection, shall also inure to applicants for toll services, regardless of whether such service is provided by a local exchange company or another toll service provider. All practices of the Company, pertaining to either the provision of its own toll service, if any, or as a duly-authorized agent for another toll service provider, shall conform with this policy.

As Approved in Case No.

Effective Date:

4. Toll Service Regulations (cont'd)

- D When the Company disconnects toll service for nonpayment of toll debt, whether owed to the Company or to some other provider of toll service, the method of toll disconnection which the Company utilizes:
- (i) must not function as a vehicle by which the (nonpaying) toll subscriber is denied access, through presubscription, to any other toll service provider besides the one whose provision of toll service has precipitated the toll disconnection;
 - (ii) must be available from the Company, by tariff, on a nondiscriminatory basis to all toll service providers; and
 - (iii) may consist of either a depicing mechanism or else a selective toll blocking service.
- E Neither purchase of the toll service provider's accounts receivable by the Company, nor a requirement that the Company be the billing and collection agent for the toll service provider, shall be established as a necessary precondition imposed by the Company in connection with its tariffed disconnection services offered on a nondiscriminatory basis to all toll service providers.
- F The following toll disconnection service offerings will be available on a nondiscriminatory basis to all toll service providers in areas where implementation of intraLATA equal access has occurred. This will be the same method that the Company itself utilizes in connection with its own provision, if any, of toll service:
- (i) DePICing. DePICing is a method whereby a Customer's access to continued 1 + access to a specific toll provider is discontinued. It does not affect Customer's access to other toll provider's services. There will be no charge for this service.
- G Discontinuance of services practices will be in accordance with the Minimum Telephone Service Standards, Section 4901:1-5-17

RE: Touchtone Communications Inc.

Dear Sir/Madam:

Please be advised that the above referenced corporation intends to provide telecommunications service in the State of Ohio upon receiving approval of its application filed with the Public Utilities Commission of Ohio.

Sincerely,

A handwritten signature in black ink, appearing to be "Giuseppe Bio", with a large, stylized loop at the end. To the left of the signature is a large handwritten "X".

President
Touchtone Communications Inc.

EXHIBIT C - Brief description of service(s) proposed

TCI by this Application seeks authority to provide resold and facilities-based/UNE local exchange services to the public by initially reselling services and purchasing unbundled network elements (UNE) obtained from and utilizing facilities provided by facilities-based carriers. At this time the company has no plans to install facilities in the State of Ohio. For local exchange service, TCI will initially mirror the existing local calling areas of incumbent local exchange telephone companies. TCI intends to provide local exchange telecommunications services including:

1. Local Exchange:

- A. Local Exchange Services that will enable customers to originate and terminate local calls in the local calling area served by other LECs, including local dial tone and custom calling features.
- B. Switched local exchange services such as flat-rated and measure-rated local services; vertical services, carrier access, and any other switched local services that currently exist or will exist in the future.
- C. Non-switched local services (e.g., private line) that currently exist or will exist in the future.
- D. Centrex and/or Centrex-like services that currently exist or will exist in the future.
- E. Digital subscriber line, ISDN, and other high capacity line services.

TCI seeks authority to provide local exchange services initially throughout the State in the areas served by SBC Ohio and Verizon.

EXHIBIT D – Explanation of whether applicant intends to provide resold services, facilities-based services, or both resold and facilities-based services.

The company intends to provide both resold and facilities-based/UNE services. The company plans to initially resell local exchange services, and to provide local exchange services by purchasing unbundled network elements (UNE) obtained from and utilizing facilities provided by facilities-based carriers. At this time the company has no plans to install facilities in the State of Ohio.

EXHIBIT E – Explanation as to whether CLEC currently offers CTS services under separate CTS authority, and whether it will be including those services within its CLEC filing, or maintaining such CTS services under a separate affiliate.

The company currently offers CTS services under authority
granted in Case No. 02-2712-CT-ACE.

The company will be including CTS services within its CLEC filing herein.

EXHIBIT F - Explanation of how the proposed services in the proposed market area are in the public interest.

Granting this application will promote the public interest by increasing competition in the provision of telecommunications services in Ohio. Touchtone Communications Inc. will provide customers high quality, cost effective local exchange service, with an emphasis on customer service. In addition to driving prices closer to costs, thereby ensuring just and reasonable rates, competition also promotes efficiency in the delivery of services and in the development of new services. These very real benefits work to maximize the public interest by providing continuing incentives for carriers to reduce costs, while simultaneously promoting the availability of potentially desirable services.

EXHIBIT G - Description of the proposed market area.

The applicant proposes to provide local service in all areas in the State of Ohio serviced by AT&T Ohio and Verizon.

EXHIBIT H – Description of the class of customers (e.g., residence, business) that the applicant intends to serve.

The applicant intends to serve business and residential customers.

EXHIBIT I – Documentation attesting to the applicant’s financial viability, including, at a minimum, a pro forma income statement and a balance sheet. If the pro forma income statement is based upon a certain geographical area(s) or information in other jurisdictions, please indicate.

EXHIBIT S- Letters requesting negotiation pursuant to Sections 251 and 252 of the Telecommunications Act of 1996 and a proposed timeline for construction, interconnection, and offering of services to end users.

Negotiation pursuant to Sections 251 and 252 of the Telecommunications Act of 1996 has not been requested with Verizon and AT&T Ohio (See Attached Letters). A proposed timeline for construction, interconnection, and offering of services to end-users is as follows:

Construction – The company has no current plans to construct facilities in the State of Ohio. The company will initially resell local service and provide local service by purchasing unbundled network elements from ILECs and utilizing ILEC facilities.

Interconnection – The company intends to request negotiations for interconnection within the next 90 days.

Service to End-users - Services will be offered to end users upon Commission approval of this application and the filing of an interconnection agreement. Applicant intends to offer service to end-users prior to end of the year 2007.
