ENTRY

The Commission finds:

- (1) On June 18, 2007, the complainant, Taft Tool & Production Co., through its manager, filed a complaint in this case against the respondent, AT&T Ohio, regarding unwanted business solicitation phone calls that the complainant has allegedly received, apparently from the respondent, with such frequency, and despite the complainant's many requests to be removed from the respondent's calling lists, that the complainant considers them to be harassing phone calls.
- (2) On June 27, 2007, AT&T Ohio filed an answer indicating that, based on discussions that have occurred between the parties, the matters involved in this complaint have now been favorably resolved and, consequently, the complaint should be dismissed.
- (3) Rule 4901-9-01(E), Ohio Administrative Code, provides that, if the public utility complained against files an answer asserting that the complaint has been satisfied and no response is filed by the complainant within 20 days, the Commission may presume that settlement has occurred and dismiss the complaint. As the complainant has filed no response to AT&T Ohio's answer, this complaint should be dismissed.
