S2. GENERAL REGULATIONS

S2.4 Payment Arrangements and Credit Allowances (Continued)

S2.4.5 Miscellaneous Fees Associated with Payments

A Payment Convenience Fee for Payment Made Via Telephone Call

A fee will apply for each instance of payment of outstanding charges when authorized by the subscriber by telephone (whether such telephone call was initiated by the subscriber or by the Company) and when the method of payment would allow the payment to be immediately credited to the subscriber's account, such as payment via a credit card, an electronic check (eCheck), or any other discretionary type payment that may be accepted by the Company through such telephone contacts.

This fee will not apply for payments taken directly by subscribers to authorized Company payment locations, payments mailed in, automatic funds transfer, and other conventional methods of payments. Also, customers that are physically unable to use the automated payment system, that have supplied the Company with a medical certificate documenting those limitations and that inform the Company representative of such limitations on each call, will not be subject to the fee.

The subscriber will be informed of any applicable charges prior to processing the subscriber's request and given the opportunity to be transferred to the automated payment system to avoid the payment convenience fee charge.
