Re: United Telephone Company of Ohio d/b/a Embarq
Case No. 07-464-TP-COI
Case No. 90-5041-TP-TRF

Dear Ms. Jenkins:

Submitted as an electronic filing are revisions to United Telephone Company of Ohio d/b/a Embarq P.U.C.O. No. 1 Access Service Tariff. These revisions are filed in compliance with the October 17, 2007 Finding and Order in Case No. 07-464-TP-COI. That Order authorizes Embarq to change the company name from Sprint to Embarq on all tariff pages not previously changed. With the exception of Section 7 which was previously changed April 27, 2007, this tariff is being revised in its entirety as every tariff sheet has changed to incorporate the Embarq company name. This filing did not include changes to current rates, terms or conditions, therefore, customers are not impacted by these changes. This filing should be processed as a zero day filing, to become effective October 18, 2007.

The following tariff pages are enclosed which reflect the company name change:

21.2 IntraLATA Presubscription (Cont'd)

(A) Description

IntraLATA presubscription is a procedure whereby a subscriber designates to the Telephone Company the carrier that the subscriber wishes to be the carrier of choice for intraLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use Carrier Access Codes (CACs) or additional dialing to direct the call to the designated carrier. IntraLATA presubscription does not prevent a subscriber who has presubscribed to an intraLATA toll carrier from using CACs or additional dialing to direct calls to an alternative intraLATA toll carrier on a per-call basis.

IntraLATA presubscription will become effective on July 30, 1997, for those exchanges that are technically capable of providing equal access/intraLATA presubscription.

(B) Options

Option A: Subscriber may select the Telephone Company as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option B: Subscriber may select her/his interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option C: Subscriber may select a carrier other than the Telephone Company or the subscriber's interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option D: Subscriber may select no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the subscriber to dial a CAC to route all intraLATA toll calls to the carrier of choice for each call.

21.2 IntraLATA Presubscription (Cont'd)

(C) Rules and Regulations

Subscribers of record on the effective date of this tariff will retain their current dialing arrangements until they request that their dialing arrangements be changed.

Subscribers of record or new subscribers may select either option A, B, C, or D for intraLATA presubscription.

Subscribers may change their selected option and/or their presubscribed intraLATA toll carrier at any time subject to charges specified in paragraph 5 following.

(D) Customer Notices

The Telephone Company will notify subscribers that intraLATA presubscription is available no longer than 60 days following the effective date of this tariff. The notice will contain a description of intraLATA toll presubscription, how to make an intraLATA toll presubscription carrier selection, and a description of when and what charges apply related to the selection of an intraLATA toll carrier.

(E) Charges

(1) Application of Charges

New local service subscribers will be asked to select a carrier(s) for their intraLATA toll and interLATA calls subject to presubscription at the time they place an order with the Telephone Company for local exchange service. If the new subscriber is unable to make a selection at that time, the new subscriber will be read a random listing of all available intraLATA toll carriers to aid her/his selection. If the new subscriber is still unable to make a selection at that time, the Telephone Company will inform the new subscriber that she/he will be given 90 days in which to inform the Telephone Company of an intraLATA toll presubscription carrier choice at no charge. The new subscriber will also be informed that the Telephone Company will assess a charge for any selection made after the 90-day window and that until a selection is made the subscriber will be required to dial a Carrier Access Code (CAC) to route all intraLATA toll calls.
