Narrative Description of Changes

Through this tariff modification, United American Technologies, Inc. ("UAT") seeks to add language to the terms and conditions of PUCO Tariff No. 1 to provide clear information to Ohio customers concerning UAT's existing LEC billing process, including the manner in which customers' service rates are modified during the period of LEC billing and the procedures by which customers may cancel LEC billing and return to direct billing by UAT. This process presently is set forth in correspondence which UAT routinely sends to Ohio customers which are about to be transferred to LEC billing.

By this tariff revision, UAT also introduces a 5% discount on Basic Long Distance and Super Saver In-State Long Distance Rates when customers pay by credit card.

Pursuant to the rules and regulations of the PUCO, the above modifications were communicated to UAT's Ohio customers by written notice on October 3, 2007. The text of that customer notice is attached hereto as Exhibit E.

Exhibit D

Statement Re. Compliance with Rule 4901:1-6-05(G)(3)

Applicant intends to comply with Rule 4901:1-6-05(G)(3) regarding disclosure of rates, terms and conditions for detariffed services by posting the requisite text on the Company's website; paper copies of these materials will also be available for review during normal business hours at the Company's headquarters, 1362 East 15th Street, Edmond, Oklahoma 73103. The Company has not yet completed the organization of its website to incorporate this material but will do so prior to the close of the detariffing deadline announced by the PUCO in its Opinion and Order in Case No. 06-1345-TP-ORD.

Pursuant to the Opinion and Order, carriers remain subject to the PUCO's tariff rules and regulations until detariffing has been accomplished. Applicant therefore submits these revised tariff pages for incorporation into its PUCO Tariff No. 1. As noted in Exhibit C hereto, this revised tariff language provides clear information to Ohio customers concerning UAT's existing LEC billing process, including the manner in which customers' service rates are modified during the period of LEC billing and the procedures by which customers may cancel LEC billing and return to direct billing by UAT. This tariff revision also introduces a 5% discount on Basic Long Distance and Super Saver In-State Long Distance Rates when customers pay by credit card.

At such time as Applicant posts its former tariff materials on the Company's website, the language contained in this tariff filing will be included in the posted information. Applicant anticipates that the consumer information related to the LEC billing portion of this tariff revision will also constitute consumer-protection language which will remain on file with the PUCO subsequent to UAT's detariffing filing.

Exhibit E

Customer Notice re. Tariff Changes

October 3, 2007

Dear United American Technology, Inc. Customer:

This notice will inform you of a modification which United American Technology, Inc. ("UAT") will be making to its Resale Telecommunications Services PUCO Tariff No. 1 presently on file with the Public Utilities Commission of Ohio. Through this tariff modification, UAT will be adding language to the terms and conditions of PUCO Tariff No. 1 to provide clear information to Ohio customers concerning UAT's existing LEC billing process, including the manner in which customers' service rates are modified during the period of LEC billing and the procedures by which customers may cancel LEC billing and return to direct billing by UAT. This process presently is set forth in correspondence which UAT routinely sends to Ohio customers which are about to be transferred to LEC billing. Language clarifying the LEC billing process, which is set forth in relevant part below, will be added to UAT's PUCO Tariff No. 1 on October 23, 2007, and will be effective on that date:

When billing functions on behalf of UAT are performed by local exchange telephone companies, credit card companies or others, the payment conditions and regulations of such companies apply, including any applicable interest and/or late payment charges. In case of any disputed charges that cannot be resolved by the billing company, the Billed Party may contact UAT directly. If there is still a disagreement about the disputed amount after investigation and review by UAT or other service provider, the Billed Party has the option to pursue the matter with the appropriate PUCO and/or the Federal Communications Commission.

A Customer whose payment has not been received by Company by the payment date will be sent written notice ("reminder notice") that if payment has been sent though not received by Company, Customer should call Customer Service toll free at 1-800-494-1580 and provide the date payment was mailed. A Customer whose payment has not been sent prior to or on the date of receipt of the reminder notice, is advised in the reminder notice that (i) Customer has a grace period of twenty (20) days to make payment, plus any applicable late fee, (ii) that Company's failure to receive payment of the outstanding Charges plus any applicable late fee before the expiration of the grace period thereafter shall be billed Company Charges by Customer's local exchange carrier ("LEC billing") or (iii) if LEC billing is not available to bill Customer, Company shall block Customer's ability to make toll calls (blocked calls will receive a fast busy signal when toll number is dialed) until Customer's payment of all Charges plus late fees is received by Company.

Once LEC billing is initiated for a Customer, Customer will continue to receive LEC billing at the associated increased rates for Company's services for a period of two (2) consecutive months during which Customer's payments must be received by Company by the payment dates for each such month. Once toll blocking is initiated, Customer's ability to make toll calls will continue to be blocked for a period of two (2) consecutive months until Company receives Customer's payments on or before the payment dates for each such month. Upon Company's determination that Customer's delinquency has been cured by the end of the cure period, Company shall reinstitute direct billing and Customer's rates for Company's services shall revert to the lower direct billing rates as set forth in Section 3.8 and 3.9 of PUCO Tariff No. 1.

The non-LEC billed rates for Basic Long Distance and Super Saver In-State Long Distance are not affected by this clarification and will remain the same.

In addition, UAT will be further modifying the language of PUCO Tariff No. 1 to announce that customers paying Basic Long Distance and Super Saver In-State Long Distance rates by credit card will receive a five percent (5%) discount on the per-minute rates for those services.

Although UAT customers will not experience any change in existing service or rates (other than the 5% discount applicable to payment by credit card), any UAT customer who wishes to communicate to UAT a desire to opt-out of either the LEC billing option or the 5% credit card discount option may contact the Company toll-free at 1-800-494-1580.
