SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.9 Obligations of the Customer (Continued)

2.9.1 (continued)

- E. complying with all laws and regulations applicable to, and obtaining all consents, approvals, licenses and permits as may be required with respect to, the location of Company facilities and equipment in any Customer Premises or the rights-of-way for which Customer is responsible under Section 2.9.1.C.; and granting or obtaining permission for Company agents or employees to enter the premises of the Customer at any time for the purpose of installing, inspecting, maintaining, repairing, or upon termination of service as stated herein, removing the facilities or equipment of the Company;
- F. not creating or allowing to be placed any liens or other encumbrances on the Company's equipment or facilities;
- G. making Company facilities and equipment available periodically for maintenance purposes at a time agreeable to both the Company and the Customer, such agreement not to be reasonably withheld or denied. No allowance will be made for the period during which service is interrupted for such purposes;
- H. taking all steps necessary to cancel or otherwise discontinue any service(s) to be replaced by any of the Company's service(s) as described herein; and
- I. ensuring that any Customer provided equipment and/or systems are properly interfaced with Company facilities or services, that the signals emitted into Company's network are of the proper mode, bandwidth, power, and signal level for the intended use of the Customer and in compliance with the criteria set forth in this tariff, and that the signals do not damage equipment, injure personnel, or degrade service to other Customers.

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.9 Obligations of the Customer (Continued)

2.9.2 With regard to access services provided by the Company, specific Customer responsibilities include, but are not limited to the following:

A. Design of Customer Services

The Customer shall be responsible for its own expense for the overall design of its services and for any redesigning or rearrangements of its services which may be required because of changes in facilities, operations or procedures of the Company, minimum protection criteria, or operating or maintenance characteristics of the facilities.

B. Network Contingency Coordination

The Customer shall, in cooperation with the Company, coordinate in planning the actions to be taken to maintain maximum network capability following natural or man-made disasters which affect telecommunications service.

C. Jurisdictional Reports

(1) Report Requirements for Access Services

All charges (i.e. monthly rates, usage rates, and nonrecurring charges) are prorated between interstate and intrastate based on industry practices as set forth in this section.

(2) Procedure for Determining Call Jurisdiction

For traffic originated by the Customer and terminated by Great American, Great American shall compare the terminating NPA-NXX of the called Great American local service customer to the Local Routing Number ("LRN") field of the EMI access records, where such LRN field is properly populated. Where such LRN field is not properly populated, and for all other traffic, Great American shall compare its local service customer's NPA-NXX to the originating Automatic Number Identification ("ANI") or to the calling NPA-NXX, except that Great American shall use the Percent Interstate Use ("PIU") when the originating ANI is not available or when the jurisdiction of the call cannot otherwise be determined.

---

Issued: November 6, 2007

Effective: December 6, 2007

Issued by: Robert Jankovics, President  
1700 South Main Street  
Las Vegas, Nevada 89104

---

SECTION 2 - RULES AND REGULATIONS, (CONTD)

## 2.9 Obligations of the Customer (Continued)

## 2.9.2 (continued)

## D. Jurisdictional Definitions

Interstate – A call is an interstate communication if the NPA-NXX of the Great American local service customer placing or receiving the call is not within the same state as the called or calling party respectively.

Intrastate – A call is an intrastate communication if the NPA-NXX of the Great American local service customer placing or receiving the call is within the same state as the called or calling party respectively.

## E. Jurisdictional Percentages and Determination of Access Charges

Usage-sensitive and non-usage-sensitive rates and nonrecurring charges, including those associated with optional features, shall be prorated based on the call jurisdiction determined through the procedure set forth in 2.9.2.C.(2), above. When a PIU must be used, it shall be expressed as a whole number between 0 and 100. The sum of the PIU and the intrastate jurisdictional percentage (IJP) must equal 100%. The IJP is determined by subtracting the PIU from 100. When a PIU must be used, the PIU factor and IJP factor serve as the basis for development of interstate and intrastate charges to the Customer pursuant to the procedure identified in 2.9.2.C.(2), above. When a PIU must be used for non-usage sensitive and nonrecurring rates, the quantity of service is multiplied by the PIU and IJP factors and by the applicable tariff rate to develop the charge. When a PIU must be used for usage sensitive rates, the quantity of usage-sensitive units is multiplied by the PIU and IJP factors and by the applicable tariff rate to develop the charge.

Separate PIU factors, when PIU factors are applicable pursuant to 2.9.2.C.(2) above, are required for originating or terminating usage.

## F. Interstate PIU

The PIU will be established by Great American or provided by the interexchange carrier (IC) customer as described following:

## (1) Great American-Developed PIU

Where Great American can, pursuant to 2.9.2.C.(2), above, adequately determine the jurisdiction of an originating or terminating call from the call detail, Great American will bill according to the jurisdiction of the call as determined from that call detail.

---

SECTION 2 - RULES AND REGULATIONS, (CONTD)

## 2.9 Obligations of the Customer (Continued)

## 2.9.2 (continued)

## F. Interstate PIU (continued)

## (2) Customer-Provided PIU

Where Great American does not possess the capability to adequately determine the jurisdiction of a switched access service, a PIU factor must be reported by the customer to Great American, as follows:

The customer will provide a projected interstate usage percentage for originating (FGA, FGB, and FGD) access minutes for each LATA from which the customer may originate or terminate traffic. The specified percentage will be applied to all end offices to which the customer may originate or terminate traffic within the LATA.

All PIU factors provided in a report update must be furnished via a letter. PIU factors provided via letter will be kept on file by Great American.

For FGA and FGB, pursuant to Federal Communications Commission Order FCC 85-145 (adopted April 16, 1985), when the customer does not have sufficient data to determine jurisdiction, the PIU is to be developed as though every call that enters the Customer's network at a point within the same state as that in which the called station is situated (as designated by the called station number) is an intrastate communication. Every call for which the point of entry is in a state other than that where the called station is situated (as designated by the called station number) in an interstate communication.

## G. Intrastate IJP

## (1) Great American-Developed IJP

Where Great American can, pursuant to 2.9.2.C.(2), above, adequately determine the jurisdiction of an originating or terminating call from the call detail, Great American will bill according to the jurisdiction of the call as determined from that call detail.

## (2) Customer-Provided IJP

Where Great American does not possess the capability to adequately determine the jurisdiction of a switched access service, Great American will determine the IJP for the service by subtracting the customer-provided PIU from 100.

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.9 Obligations of the Customer (Continued)

2.9.2 (continued)

H. Report Updates

(1) Annual Requirements

The customer shall provide to Great American by April 15 of each year a written report which provides the methodology utilized by the customer to develop the PIU factors provided in the quarterly report.

If the customer does not provide the annual report by April 15 of each year, the customer will be notified by certified mail that if the annual report is not received within thirty (30) calendar days of the receipt of the notice, Great American will designate its default PIU factor of 50% for each service, with the exception of originating 700 Access Service, arranged for interstate use. For originating 700 Access Service, Great American will designate a PIU factor of 0%. This factor will be applied pursuant to 2.9.2.C.(2), above, to the next billing cycle following the thirty (30) day notice period and will be utilized until the customer provides an annual report. Once the customer does provide an annual report, Great American will update the customer's PIU factors within fifteen (15) business days utilizing the most current PIU reported by the customer.

---

Issued: November 6, 2007

Effective: December 6, 2007

Issued by: Robert Jankovics, President  
1700 South Main Street  
Las Vegas, Nevada 89104

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

## 2.9 Obligations of the Customer (Continued)

## 2.9.2 (continued)

## I. Quarterly Update Requirements

The customer is required to provide updates to the PIU reports. Upon receipt by Great American, the revised report will serve as the basis for future billing pursuant to 2.9.2.C.(2), above, and will be effective on the next bill date for that service. No prorating or back billing will be done based on the report. The revised report will be used by Great American to apportion usage rates pursuant to 2.9.2.C.(2), above.

- (1) Effective on the first of January, April, July, and October of each year, the customer will update the PIU reports. The customer will forward to Great American, to be received no later than fifteen (15) business days after the first of each such month, a revised report showing the interstate and intrastate percentage of use for the past three months ending the last day of December, March, June and September, respectively, for each service arranged for interstate use. The revised report will serve as the basis for the next three months billing pursuant to 2.9.2.C.(2), above.
- (2) When the customer does not provide a quarterly update report, but has complied with the annual report requirements, Great American will assume the percentages to be the same as those provided in the last quarterly update report received by Great American. When the customer does not provide a quarterly update report and has not complied with the annual report requirements, the default PIU will be applied pursuant to 2.9.2.C.(2), above.

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.9 Obligations of the Customer (Continued)

2.9.2 (continued)

J. Audit of Jurisdictional Accuracy

- (1) If Great American disputes the reasonableness of the PIU provided by the customer as set forth in 2.9.2.H., preceding, or the reported PIU varies by more than five percentage points over the preceding PIU, Great American may ask the customer to provide the data used by the customer to determine the projected interstate percentage. The customer shall retain, for a minimum of one year, accurate call detail records from which the percentage of interstate and intrastate use can be derived, and shall make such records available for inspection as reasonably necessary for PIU verification. Such records shall be made available for inspection and audit within fifteen (15) days of Great American's request for verification.

Great American shall limit audits to no more than one per year, except where additional audits may be required to verify allocation changes that represent a five percent shift from the customer's most recent reported figures, and such change is not the result of seasonal shifts or other identifiable reasons. The customer may request that verification audits be conducted by an independent auditor. In such cases the associated auditing expenses will be paid by the customer.

In the event that the customer fails to provide adequate records to enable Great American or an independent auditor to conduct an audit verifying the customer's PIU, Great American will bill the usage for all the contested periods using the PIU reported by the customer for the previous period pursuant to 2.9.2.H., above. This PIU will remain in effect until the customer provides the call detail records from which the percentage of interstate and intrastate use can be derived. No prorating or back billing will be done based on the newly derived factor.

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.10 Billing and Payment For Service

2.10.1 Responsibility for Charges

The Customer is responsible for payment of all charges for services and equipment furnished to the Customer for transmission of calls via the Company. In particular and without limitation to the foregoing, the Customer is responsible for any and all cost(s) incurred as the result of:

- A. any delegation of authority resulting in the use of Customer's communications equipment and/or network services that result in the placement of calls via the Company;
- B. any and all use of the service arrangement provided by the Company, including calls which the Customer did not individually authorize;
- C. any calls placed by or through the Customer's equipment via any remote access feature(s);

2.10.2 Minimum Period

The minimum period for which services are provided and for which rates and charges are applicable is one (1) month unless otherwise specified in this tariff. When a service is discontinued prior to the expiration of the minimum period, charges are applicable, whether the service is used or not.

---

SECTION 2 - RULES AND REGULATIONS, (CONTD)

2.10 Billing and Payment For Service (Continued)

2.10.3 Payment for Service

- A. All charges due from the Customer are payable to the Company or any agent duly authorized to receive such payments. Terms of payment shall be according to the rules and regulations of the agent and subject to the rules of regulatory bodies having jurisdiction.
- B. Non-recurring charges for installations, service connections, moves or rearrangements are due and payable upon receipt of the Company's invoice by the Customer. At the Company's discretion, payment of all or a portion of any non-recurring charges may be required prior to commencement of facility or equipment installation or construction required to provide the services requested by the Customer.
- C. The Company shall present invoices for recurring charges monthly to the Customer, in advance of the month in which service is provided, and recurring charges shall be due and payable as specified on the bill.
- D. When billing is based upon Customer usage, usage charges will be billed monthly in arrears for service provided in the preceding billing period. Charges shall be due and payable as specified on the bill.
- E. Customer billing will begin on the service commencement date, which is the day the Company determines in its reasonable sole discretion that the service or facility is available for use, except that the service commencement date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards under this tariff or the service order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.
- F. When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 (thirty) days.
- G. Amounts not paid within 30 (thirty) days after the mailing date of invoice will be considered past due.

---

Issued: November 6, 2007

Effective: December 6, 2007

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.10 Billing and Payment For Service (Continued)

2.10.4 Disputed Charges

- A. In the event that a billing dispute occurs concerning any charges billed to the Customer by the Company, the Customer must submit a documented claim for the disputed amount. The Customer will submit all documentation as may reasonably be required to support the claim.
- B. If the dispute is resolved in favor of the Customer and the Customer has withheld the disputed amount, no interest credits or penalties will apply.
- C. If the dispute is resolved in favor of the Company and the Customer has withheld the disputed amount, any payments withheld pending settlement of the disputed amount shall be subject to the late payment penalty as set forth in 2.10.5.
- D. If the dispute is resolved in favor of the Customer and the Customer has paid the disputed amount, the Customer will receive an interest credit from the Company for the disputed amount times a late factor as set forth in 2.10.5.
- E. If the dispute is resolved in favor of the Company and the Customer has paid the disputed amount on or before the payment due date, no interest credit or penalties will apply.

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.10 Billing and Payment For Service (Continued)

2.10.5 Late Payment Fees

A late payment charge of 1.5% per month, or the highest rate permitted by applicable law, whichever is less, shall be due to the Company for any billed amount for which payment has not been received by the Company within thirty (30) days of the invoice date of the Company's invoice for service, or if any portion of the payment is received by the Company in funds which are not immediately available upon presentment. If the payment due date falls on a Saturday, Sunday, legal holiday or other day when the offices of the Company are closed, the date for acceptance of payments prior to assessment of any late payment fees shall be extended through to the next business day.

2.10.6 Returned Check Charge

A service charge equal to \$30.00, or the actual fee incurred by Company from a bank or financial institution, whichever is greater, will be assessed for all checks returned by a bank or other financial institution for: insufficient or uncollected funds, closed account, apparent tampering, missing signature or endorsement, or any other insufficiency or discrepancy necessitating return of the instrument at the discretion of the drawee bank or other financial institution.

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.11 Taxes, Surcharges and Fees

- 2.11.1 The Company may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs.

---

Issued: November 6, 2007

Effective: December 6, 2007

Issued by: Robert Jankovics, President  
1700 South Main Street  
Las Vegas, Nevada 89104

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.12 Deposits and Advanced Payments

2.12.1 General

The Company reserves the right to validate the creditworthiness of Customers and billed parties through available verification procedures. Where a Customer's creditworthiness is unacceptable to the Company, Company may refuse to provide service, require a deposit or advance payment, or otherwise restrict or interrupt service to a Customer.

2.12.2 Deposits

- A. The Company may, in order to safeguard its interests, require a Customer which has a proven history of late payments to the Company or does not have established credit or has a bad credit rating to make a deposit prior to or at any time after the provision of service to the Customer to be held by the Company as a guarantee of the payment of rates and charges. No such deposit will be required of a Customer that has established satisfactory credit and has no history of late payments to the Company.
- B. The amount of deposit may be adjusted at the request of the Customer at any time when the character, purpose, or degree of the Customer's use of the service has materially changed, or when it is indicated that it will change.
- C. The making of a deposit shall not relieve any Customer of the obligation to pay current bills when due. A deposit shall only be applied to the indebtedness of the Customer for jurisdictional telecommunications services of the provider.
- D. The Company will pay interest at the rate prescribed by the Commission or as otherwise permitted by applicable law.

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.13 Cancellation by Customer

2.13.1 General

- A. Customers of the Company's service may cancel service by providing the Company with written notification thirty (30) days prior to the requested cancellation date. The Company shall hold the Customer responsible for payment of all bills for service furnished until the cancellation date specified by the Customer or until thirty (30) days after the date that the cancellation notice is received, whichever is later.
- B. Customers seeking to cancel service have an affirmative obligation to block traffic originating from or terminating to the Company's network. By originating traffic from or terminating traffic to the Company's network, the Customer will have constructively ordered the Company's switched access service.

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.13 Cancellation by Customer (Continued)

2.13.2 Cancellation of Application for Service

- A. Where the Company permits the Customer to cancel an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below.
- B. Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs the Company incurred, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of services ordered, including installation charges, and all charges others levy against the Company that would have been chargeable to the Customer had service begun.
- C. Where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred, less net salvage, may apply. In such cases, the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.
- D. The charges described above will be calculated and applied on a case-by-case basis.

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.14 Cancellation by Company

2.14.1 Service continues to be provided until canceled by the Customer pursuant to Section 2.13 or until discontinued by the Company. The Company may render bills subsequent to the termination of service for charges incurred before termination. The Customer shall pay such bills in full in accordance with the payment terms of this tariff.

2.14.2 The Company may refuse or discontinue service to a Customer without notice under the following conditions:

- A. For violation of law or this tariff: Except as provided elsewhere in this tariff, the Company may refuse, suspend or cancel service, without notice, for any violation of terms of this tariff, for any violation of any law, rule, regulation, order, decree or policy of any government authority of competent jurisdiction, or by reason of any order or decision of a court or other government authority having jurisdiction which prohibits the Company from furnishing such service or prohibits Customer from subscribing to, using, or paying for such service.
- B. For the Company to comply with any order or request of any governmental authority having jurisdiction: The Company may refuse, suspend or cancel service, without notice, in order to permit the Company to comply with any order or request of any governmental authority having jurisdiction.
- C. In the event of a national or local emergency in which the Company has reason to believe that its services may be used for causing terrorist acts or harm to citizens.
- D. In the event of Customer or Authorized User use of equipment in such a manner as to adversely affect the Company's equipment or service to others.
- E. In the event of tampering with the equipment or services of the Company or its agents.
- F. In the event of unauthorized or fraudulent use of service. Whenever service is discontinued for fraudulent use of service, the Company may, to the extent that Company opts to restore such service, require the Customer to make, at Customer's own expense, all changes in facilities or equipment necessary to eliminate illegal use and to pay an amount reasonably estimated as the loss in revenues resulting from such fraudulent use.
- G. If any of the facilities, appliances, or apparatus on Customer's premises are found to be unsafe or causing harm to the Company's facilities, and may refuse to furnish service until the applicant or Customer shall have remedied the condition.

---

Issued: November 6, 2007

1700 South Main Street  
Las Vegas, Nevada 89104

---

SECTION 2 - RULES AND REGULATIONS, (CONTD)

2.14 Cancellation by Company (Continued)

2.14.3 The Company may refuse or discontinue service provided that, unless otherwise stated, the Customer shall be given five (5) days written notice to comply with any rule or remedy any deficiency:

- A. For nonpayment: The Company, by written notice to the Customer and in accordance with applicable law, may refuse, suspend or cancel service without incurring any liability when there is an unpaid balance for service that is past due.
- B. For returned checks: The Customer whose check or draft is returned unpaid for any reason, after two attempts at collection, may, at the Company's discretion, be subject to refusal, suspension or cancellation of service in the same manner as provided for nonpayment of overdue charges.
- C. For neglect or refusal to provide reasonable access to the Company or its agents for the purpose of inspection and maintenance of equipment owned by the Company or its agents.
- D. For Customer use or Customer's permitting use of obscene, profane or grossly abusive language over the Company's facilities, and who, after five (5) days notice, fails, neglects or refuses to cease and refrain from such practice or to prevent the same, and to remove its property from the premises of such person.
- E. For use of telephone service for any property or purpose other than that described in the application.
- F. For Customer's breach of any contract for service between the Company and the Customer.
- G. For periods of inactivity in excess of sixty (60) days.

---

Issued: November 6, 2007

Effective: December 6, 2007

Issued by: Robert Jankovics, President  
1700 South Main Street  
Las Vegas, Nevada 89104

---

SECTION 2 - RULES AND REGULATIONS, (CONTD)

## 2.15 Restoration of Service

- 2.15.1 If service has been discontinued for nonpayment or as otherwise provided herein and the Customer wishes service continued, service may be restored at the Company's sole discretion, when all past due amounts are paid or the event giving rise to the discontinuance (if other than nonpayment) is corrected. Customers whose service was disconnected for non-payment may be required to pay a deposit and/or advance payment prior to service restoration.
- 2.15.2 A restoration fee of \$25.00, or the actual costs incurred by the Company plus an administrative charge, whichever is greater, applies to Customers whose service is restored following disconnection by the Company.
- 2.15.3 Restoration of disrupted services shall be in accordance with applicable Commission and/or Federal Communications Commission Rules and Regulations specified in 47 C.F.R., Chapter I, Part 64, , Appendix A, which specify the priority system for such activities.

## 2.16 Provision of Company Equipment and Facilities

- 2.16.1 The Company shall use reasonable efforts to maintain only the facilities and equipment that it furnishes to the Customer. The Customer may not nor may the Customer permit others to rearrange, disconnect, remove, attempt to repair, or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
- 2.16.2 The Company may substitute, change or rearrange any equipment or facility at any time and from time to time, but shall not thereby alter the technical parameters of the service provided to the Customer except following required notice procedures.
- 2.16.3 Equipment the Company provides or installs at the Customer premises shall not be used for any purpose other than that for which the equipment is provided.
- 2.16.4 The Company shall not be responsible for the installation, operation, or maintenance of any Customer provided communications equipment. Where such equipment is connected to the facilities furnished under this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for:
- A. the transmission of signals by Customer provided equipment or for the quality of, or defects in, such transmission; or
  - B. the reception of signals by Customer-provided equipment; or
  - C. network control signaling where such signaling is performed by Customer-provided network control signaling equipment.

---

Issued: November 6, 2007

Effective: December 6, 2007

Issued by: Robert Jankovics, President  
1700 South Main Street  
Las Vegas, Nevada 89104

---

SECTION 2 - RULES AND REGULATIONS, (CONTD)

## 2.17 Interconnection

- 2.17.1 Service furnished by the Company may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to technical limitations established by the Company. Service furnished by the Company is not part of a joint undertaking with such other common carriers or systems. Any special interface equipment or facilities necessary to achieve compatibility between the facilities of Company and other participating carriers shall be provided at the Customer's expense.
- 2.17.2 Connection with the facilities or services of other carriers shall be under the applicable terms and conditions of the other carriers' tariffs. The Customer is responsible for taking all necessary legal steps for interconnecting Customer-provided terminal equipment or systems with Company's facilities. Customer shall secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection.
- 2.17.3 The Customer shall ensure that the facilities or equipment provided by another carrier are properly interconnected with the facilities or equipment of the Company. If the Customer maintains or operates the interconnected facilities or equipment in a manner which results or may result in harm to the Company's facilities, equipment, personnel, or the quality of service, the Company may, upon five (5) days written notice, require the use of protective equipment at the Customer's expense. If this written notice fails to eliminate the actual or potential harm, the Company may, upon additional five (5) days written notice, terminate the existing service of the Customer.
- 2.17.4 If harm to the Company's network, personnel or services is imminent due to interconnection with another carrier's services, the Company reserves the right to shut down Customer's service immediately, with no prior notice required.

---

SECTION 2 - RULES AND REGULATIONS, (CONTD)

## 2.18 Customer-Provided Equipment

- 2.18.1 The Company's services are designed primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this tariff. A user may transmit any form of signal that is compatible with the Company's equipment, but the Company does not represent that its services will be suitable for purposes other than voice-grade telephonic communication except as specifically stated in this tariff.
- 2.18.2 Terminal equipment on the user's premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the Customer. The Customer is responsible for the provision of wiring or cable to connect its terminal equipment to the Company's network.
- 2.18.3 The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense, subject to prior Customer approval of the equipment expense.
- 2.18.4 Upon suitable notification to the Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements under this Section 2.18 for the installation, operation, and maintenance of Customer-provided facilities, equipment, and wiring in the connection of Customer-provided facilities and equipment to Company-owned facilities and equipment.
- 2.18.5 If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action, as it deems necessary to protect its facilities, equipment, and personnel. The Company may, upon five (5) days written notice, require the use of additional protective equipment at the Customer's expense. If this written notice fails to remedy any protective deficiencies or potential harm, the Company may, upon additional five (5) days written notice, terminate the existing service of the Customer.
- 2.18.6 If harm to the Company's network, personnel or services is imminent, the Company reserves the right to shut down Customer's service immediately, with no prior notice required.

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.19 Inspection, Testing and Adjustments

- 2.19.1 The Company may, upon reasonable notice, make such tests and inspections as may be necessary to determine whether the terms and conditions of this tariff are being complied with in the installation, operation or maintenance of the Customer's or the Company's facilities or equipment. The Company may interrupt service at any time, without penalty or liability, due to the departure from or reasonable suspicion of the departure from any of these terms and conditions.
- 2.19.2 Upon reasonable notice, the facilities or equipment provided by the Company shall be made available to the Company for such tests and adjustments as may be necessary for their maintenance in a condition satisfactory to the Company. No interruption allowance shall be granted for the time during which such tests and adjustments are made, unless such interruption exceeds twenty-four (24) hours in length and is requested by the Customer.
- 2.19.3 The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period applies to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.20 Allowances for Interruptions in Service

2.20.1 General

- A. Upon the written request of the Customer, delivered to the Company no later than thirty (30) days following the date of service interruption, a credit allowance will be given when service is interrupted, except as specified in Section 2.20.2 following. A service is interrupted when it becomes inoperative to the Customer, e.g., the Customer is unable to transmit or receive, because of a failure of a component furnished by the Company under this tariff.
- B. An interruption period begins when the Customer reports to the Company a service, facility or circuit is inoperative and, if necessary, releases it for testing and repair by the Company, as determined in its sole and reasonable discretion. An interruption period ends when the service, facility or circuit is operative.
- C. If the Customer reports a service, facility or circuit to be interrupted but declines to release it for testing and repair, refuses access to its premises for test and repair by the Company, or continues to make voluntary use of the service, the service, facility or circuit is considered to be impaired but not interrupted. No credit allowances will be made for a service, facility or circuit considered by the Company to be impaired.
- D. The Customer shall be responsible for the payment of service charges for visits by the Company's agents or employees to the premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.20 Allowances for Interruptions in Service (Continued)

2.20.2 Limitations of Allowances

A. No credit allowance will be made for any interruption in service:

- (1) due to the negligence of or noncompliance with the provisions of this tariff by any person or entity other than the Company, including but not limited to the Customer;
- (2) due to the failure of power, equipment, systems, connections or services not provided by the Company;
- (3) due to circumstances or causes beyond the reasonable control of the Company;
- (4) during any period in which the Company is not given full and free access to its facilities and equipment for the purposes of investigating and correcting interruptions;
- (5) during any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements;
- (6) when the Customer is known to have planned or participated in terrorism or in acts that may cause harm to citizens;
- (7) that occurs or continues due to the Customer's failure to authorize replacement of any element of special construction; and
- (8) that was not reported to the Company within thirty (30) days of the date that service was affected.

2.20.3 Use of Another Means of Communications

If the Customer elects to use another means of communications during the period of interruption, the Customer must pay the charges for the alternative service used.

---

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

## 2.20 Allowances for Interruptions in Service (Continued)

## 2.20.4 Application of Credits for Interruptions in Service

- A. Except as provided in Section 2.20.2 A., if a Customer's service is interrupted, and it remains interrupted for eight (8) normal working hours or longer after access to the premises is made available and after being reported to be out of order, appropriate adjustments or refunds shall be made to the Customer, when such adjustment exceeds \$1.00.
- B. The amount of adjustment or refund shall be determined on the basis of the known period of interruption; generally beginning from the time the service interruption is first reported. The refund to the Customer shall be a pro rata part of the month's flat rate charges (if any) for the period of days and that portion of the service facilities rendered useless or inoperative. The refund may be accomplished by a credit on a subsequent bill for the service.
- C. For purposes of credit computation every month shall be considered to have seven hundred and twenty (720) hours. For services with a monthly recurring charge, no credit shall be allowed for an interruption of continuous duration of less than eight (8) hours. The Customer shall be credited for an interruption of eight (8) or more hours at the rate of 1/720th of the monthly charge for the services affected for each day that the interruption continues. The formula used for computation of credits is as follows:
- $$\text{Credit} = A/720 \times B$$
- A = outage time in hours (must be 8 or more)  
B = total monthly recurring charge for affected service.
- D. No credits will be provided for usage sensitive services.
- E. Cellular and other wireless transmission and Internet-based calling is subject to interruptions including but not limited to, dropped calls, interrupted calls, unintelligible calls, one-way audio and other problems created by factors beyond Company's control. Under no circumstances will Company provide credit or payment of any kind for calls that experience problems related to cellular or other wireless transmissions or for calls that experience problems related to Internet-based communications including but not limited to those calls that transcend wireline and Voice over Internet Protocol ("VoIP") networks.

---

SECTION 2 - RULES AND REGULATIONS, (CONTD)

2.21 Notices and Communications

- 2.21.1 The Customer shall designate on the service order an address to which the Company shall mail or deliver all notices and other communications, except that Customer may also designate a separate address to which the Company's bills for service shall be mailed.
- 2.21.2 The Company shall designate on the service order an address to which the Customer shall mail or deliver all notices and other communications, except that Company may designate a separate address on bills for service to which the Customer shall mail payment on that bill.
- 2.21.3 Notice of a pending disconnection of a Customer's service may contain the reason for the notice, the date of the notice, a description of any remedies the Customer may make, the time allotted for the Customer to make remedies (if any), and a toll free customer service number the Customer may call to obtain additional information.
- 2.21.4 Except as otherwise stated in this tariff, all other notices or communications required to be given under this tariff will be in writing.
- 2.21.5 Notices and other communications of either party, and all bills mailed by the Company, shall be presumed to have been delivered to the other party on the second business day following placement of the notice, communication or bill with the U.S. mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first.
- 2.21.6 The Company or the Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice set forth herein.

### SECTION 3 - SWITCHED ACCESS SERVICE

#### 3.1 General

- 3.1.1 Switched Access Service, which is available to Customers for their use in furnishing their services to End Users, provides a two-point communications path between a Customer's Premises and an End User's Premises. It provides for the use of common terminating, switching and trunking facilities, and for the use of common subscriber plant of the Company. Switched Access Service provides for the ability to originate calls from an End User's Premises to a Customer's Premises and to terminate calls from a Customer's Premises to an End User's Premises in the LATA where it is provided.
- 3.1.2 When a rate as set forth in this tariff is shown to more than two decimal places, the charges will be determined using the rate shown. The resulting amount will then be rounded to the nearest penny (i.e., rounded to two decimal places).
- 3.1.3 In the absence of an ASR as described in Section 3.4, delivery of calls to, or acceptance of calls from, the Customer's End User location(s) via Company-provided switched access services shall constitute a Constructive Order and an agreement by the Customer to purchase the Company's switched access services as described and priced herein.

---

SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)

## 3.2 Manner of Provision

- 3.2.1 Switched Access is furnished for originating and terminating calls by the Customer to its End User.
- 3.2.2 Switched Access is furnished on a per-line or per trunk basis.
- 3.2.3 Originating traffic type represents access capacity within a LATA for carrying traffic from the End User to the Customer; and Terminating traffic type represents access capacity within a LATA for carrying traffic from the Customer to the End User. When ordering capacity for Switched Access, the Customer must at a minimum specify such access capacity in terms of originating traffic type and/or terminating traffic type.
- 3.2.4 Switched Access is provisioned, at minimum, at the DS-1 level and provides line-side or trunk-side access to End Office switches for the Customer's use in originating and terminating communications. Basic Switched Access service will be provided with Multi-Frequency In Band Signaling (SS7 is also available, where capabilities exist).
- 3.2.5 Two types of Switched Access are available:
  - A. Tandem Connect Access: This option applies when the customer has no direct facilities to the End Office. Traffic is routed to and from the End Office via the Access Tandem. Delivery of calls to, or acceptance of calls from, the Customer's End User location(s) via Company-provided Tandem Connect Access services shall constitute a Constructive Order and an agreement by the Customer to purchase the Company's switched access services as described and priced herein.
  - B. Direct Connect Access: This option applies when the Company or another service provider provides dedicated facilities between the customer's premises and the End Office. This transmission path is dedicated to the use of a single Customer. The Customer is responsible for providing such facilities itself or for negotiating such arrangements with possible suppliers. To the extent that the Company is able to provide such arrangements, the dedicated portion of Direct Connect Access would be provided on an Individual Case Basis as Special Service Arrangements pursuant to Section 6 of this tariff.

SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)

3.3 Switched Access Service

3.3.1 Switched Transport

For traffic that EMI records indicate was tandem switched (for example, when traffic is not routed via a direct end office trunk), switched transport rate elements shall apply. As used in this Section 3.3.1, "switched transport rate elements" include (without limitation) tandem switched termination rate elements, tandem switched facility rate elements, tandem switching rate elements, and common transport multiplexing rate elements.

3.3.2 End Office Switching

The End Office Switching rate category establishes the charges related to the use of end office switching equipment, the terminations in the end office of end user lines, the terminations of calls at Company Intercept Operators or recordings, the Signaling Transfer Point (STP) costs, and the SS7 signaling function has between the end office and the STP.

---

SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)

3.4 Access Ordering

3.4.1 General

- A. Customers may order switched access through a Constructive Order, as defined herein, or through an ASR. The format and terms of the ASR will be as specified in the Industry Access Service Order Guidelines, unless otherwise specified herein.
- B. A Customer may order any number of services of the same type and between the same premises on a single ASR. All details for services for a particular order must be identical.
- C. The Customer shall provide all information necessary for the Company to provide and bill for the requested service. When placing an order for Access Service, the Customer shall provide the following minimum information:
  - (1) Customer name and Premises address(es);
  - (2) Billing name and address (when different from Customer name and address); and
  - (3) Customer contact name(s) and telephone number(s) for the following provisioning activities: order negotiation, order confirmation, interactive design, installation and billing.

3.4.2 Access Service Date Intervals

- A. Access Service is provided with Standard or Negotiated Intervals.
- B. The Company will specify a firm order confirmation date and Service Commencement Date contingent on the ASR being complete as received. To the extent the Access Service can be made available with reasonable effort, the Company will provide the Access Service in accordance with the Customer's requested interval, subject to the following conditions:
  - (1) For service provided under a Standard Interval: The Standard Interval for Switched Service will be sixty (60) business days from the Application Date. This interval only applies to standard service offerings where there are pre-existing facilities to the Customer Premises. Access Services provided under the Standard Interval will be installed during Company business hours.

---

SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)

3.4 Access Ordering (Continued)

3.4.2 Access Service Date Intervals (continued)

B. (continued)

(2) For service provided under a Negotiated Interval: The Company will offer a Service Date based on the type and quantity of Access Services the Customer has requested. The Negotiated Interval may not exceed by more than six (6) months the Standard Interval Service Date, or, when there is no Standard Interval, the Company offered Service Date, except as otherwise agreed by the Company in writing. The Company will negotiate a Service Date interval with the Customer when:

- (a) The Customer requests a Service Date before or beyond the applicable Standard Interval Service Date; or
- (b) There is no existing facility connecting the Customer Premises with the Company; or
- (c) The Customer requests a service that is not considered by the Company to be a standard service offering (for example, if additional engineering or special construction is required to complete the order); or
- (d) The Company determines that Access Service cannot be installed within the Standard Interval.

C. All services for which rates are applied on an Individual Case Basis are provided with a Negotiated Interval.

3.4.3 Access Service Request Modifications

The Customer may request a modification of its ASR prior to the Service Commencement Date. All modifications must be in writing using the industry ASR process. The Company, in its sole discretion, may accept a verbal modification from the Customer. The Company will make every effort to accommodate a requested modification when it is able to do so with the normal work force assigned to complete such an order within normal business hours.

---

SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)

3.5 Special Construction or Special Service Arrangements

- 3.5.1 Subject to the agreement of the Company and to all of the regulations contained in this tariff, special construction of Company facilities or development of special service arrangements may be undertaken by the Company on a reasonable-efforts basis at the request of the Customer. Such construction or arrangements will be provided pursuant to regulations contained in Section 6 of this tariff.

3.6 Obligations of the Company

- 3.6.1 With regard to access services provided by the Company, specific Company responsibilities include, but are not limited to the following:

A. Network Management

The Company will administer its network to ensure that provision of acceptable service levels to all telecommunications users of the Company's network services. Generally, service levels are considered acceptable only when both End Users and Customers are able to establish connections with minimal delay encountered within the Company network. The Company maintains the right to apply protective controls, i.e., those actions, such as call gapping, which selectively cancel the completion of traffic, over any traffic carried over its network, including that associated with a Customer's Switched Access Service. Generally, such protective measures would only be taken as a result of occurrences such as a failure or overload of Company or Customer facilities, natural disasters, mass calling or national security demands.

Issued: November 6, 2007

Effective: December 6, 2007

Issued by: Robert Jankovics, President  
1700 South Main Street  
Las Vegas, Nevada 89104

---

SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)

3.6 Obligations of the Company (Continued)

3.6.1 (continued)

B. Design and Traffic Routing of Switched Access Service

The Company shall design and determine the routing of Switched Access Service, including the selection of the first point of switching and the selection of facilities from the interface to any switching point and to the End Offices. The Company shall also decide if capacity is to be provided by originating only, terminating only, or two-way trunk groups. Finally, the Company will decide whether trunk side access will be provided through the use of two-wire or four-wire trunk terminating equipment.

Selection of facilities and equipment and traffic routing of the service are based on standard engineering methods, available facilities and equipment and the Company's traffic routing plans. If the Customer desires different routing or directionality than that determined by the Company, the Company will work cooperatively with the Customer in determining (1) whether the service is to be routed directly to an end office or through an access tandem switch and (2) the directionality of the service.

**SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)**

**3.7 Obligations of the Customer**

**3.7.1** The Customer has certain specific obligations pertaining to the use of Switched Access Service. These obligations are in addition to obligations specified in Section 3.9 of this tariff and are as follows:

**A. Report Requirements**

Customers are responsible for providing the following reports to the Company, when applicable:

**Jurisdictional Reports**

When a Customer orders Switched Access Service that may be used for both interstate and intrastate traffic, the Customer is responsible for providing reports as set forth in Section 2.9.2, preceding. Charges will be apportioned in accordance with those reports.

**B. On and Off-Hook Supervision**

The Customer's facilities shall provide the necessary on and off-hook supervision for accurate timing of calls.

---

SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)

3.8 Rate Regulations

3.8.1 General

There are three types of rates and charges that apply to Switched Access Service provided by the Company. These are monthly recurring charges, usage charges, and nonrecurring charges.

3.8.2 Types of Charges

- A. Nonrecurring charges are one-time charges that apply for a specific work activity (e.g., installation or change to an existing service). Non-recurring charges may apply for installation of service, installation of optional features and service rearrangements.
- B. Recurring Charges are flat monthly rates that apply for each month or fraction thereof that a specific rate element is provided. For billing purposes, each month is considered to have thirty (30) days.
- C. Usage Charges are rates that apply only when a specific rate element is used. These are applied on a per-access minute, a per-call or per-query basis. Usage rates are accumulated over a monthly period.

---

**SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)****3.8 Rate Regulations (Continued)****3.8.3 Measurement of Access Minutes**

- A. When recording originating calls over Switched Access Service with multi-frequency address signaling, usage measurement begins when the first wink supervisory signal is forwarded from the Customer's facilities. The measurement of originating call usage over Switched Access Service ends when the originating Switched Access Service entry switch receives disconnect supervision from either the originating End User's End Office (indicating that the originating End User has disconnected), or from the Customer's facilities, whichever is recognized first by the entry switch.
- B. For terminating calls over Switched Access Service with multi-frequency address signaling, the measurement of access minutes begins when a seizure signal is received from the Carrier's trunk group at the Point of Presence within the LATA. The measurement of terminating call usage over Switched Access Service ends when a disconnect signal is received, indicating that either the originating or terminating user has disconnected.
- C. When recording originating calls over Switched Access Service with SS7 signaling, usage measurement begins with the transmission of the initial address message by the switch for direct trunk groups and with the receipt of an exit message by the switch for tandem trunk groups. The measurement of originating Switched Access Service usage ends when the entry switch receives or sends a release message, whichever occurs first.
- D. For terminating calls over Switched Access Service with SS7 signaling, the measurement of access minutes begins when the terminating recording switch receives the initial address message from the terminating End User. On directly routed trunk groups or on tandem routed trunk groups, the Company switch receives the initial address message and sends the indication to the Customer in the form of an answer message. The measurement of terminating Switched Access Service call usage ends when the entry switch receives or sends a release message, whichever occurs first.
- E. Mileage, where applicable, will be measured in accordance with standard industry practices.

---

Issued: November 6, 2007

Effective: December 6, 2007

1700 South Main Street  
Las Vegas, Nevada 89104

---

SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)

## 3.8 Rate Regulations (Continued)

## 3.8.3 Measurement of Access Minutes (Continued)

- F. The Company will use the Small Exchange Carrier Access Billing ("SECAB") guidelines, or the Carrier Access Billing System ("CABS") guidelines, or other system that emulates or otherwise produces a reasonable substitute for the output of SECAB or CABS, for billing all charges under this tariff. The Company will provide billing using a hardcopy format or upon request, a mechanized medium (e.g., cartridge tape, CD ROM, etc.). Bills will be accurate and contain sufficient supporting details to allow customers to account for the charges and to verify their accuracy in a reasonable and timely fashion. Requests for additional bill detail will be handled and priced on an Individual Case Basis (ICB).

## 3.8.4 Moves

- A. A move of services involves a change in the physical location of one of the following:
- (1) The point of termination at the Customer's Premises, or
  - (2) The Customer's Premises
- B. The charges for the move are dependent on whether the move is to a new location within the same building or to a different building as described below:
- (1) Moves Within the Same Building  
  
When the move is to a new location within the same building, the charge for the move will be an amount equal to one half of the nonrecurring charge for the capacity affected. There will be no change in the minimum period requirements.
  - (2) Moves to a Different Building  
  
Moves to a different building will be treated as a discontinuance and start of service and all associated nonrecurring charges will apply. New minimum period requirements will be established for the new service. The Customer will also remain responsible for satisfying all outstanding minimum period charges for the discontinued service.

---

SECTION 3 - SWITCHED ACCESS SERVICE, (CONT'D)

3.8 Rate Regulations (Continued)

3.8.5 Installation of Optional Features

- A. If a separate nonrecurring charge applies for the installation of an optional feature available with Switched Access Service, the charge applies whether the feature is installed coincident with the initial installation of service or at any time subsequent to the initial installation of service.
- B. For all other changes, including the addition of, or modifications to, optional features without separate nonrecurring charges, a charge equal to one half the Switched Transport nonrecurring (i.e. installation) charge will apply. When an optional feature is not required on each transmission path, but rather for an entire transmission path group, an end office or an access tandem switch, only one such charge will apply.

3.8.6 Service Rearrangements

- A. Service rearrangements are changes to existing services which do not result in either a change in the minimum period requirements or a change in the physical location of the point of termination at the Customer's premises or the Customer's End User's premises. Changes, which result in the establishment of new minimum period obligations, are treated as disconnects and starts.
- B. The charge to the Customer for the service rearrangement is dependent on whether the change is administrative only in nature or involves an actual physical change to the service.
- C. Administrative changes will be made without charge(s) to the Customer. Such changes require the continued provision and billing of the Access Service to the same entity or change in jurisdiction.

## SECTION 4 – RATES AND CHARGES

4.1 Carrier Common Line Access

Originating Per Access Minute	\$0.000000
Terminating Per Access Minute	\$0.000000
800 Database Query, Per Call	\$0.002294

4.2 Switched Access Service4.2.1 Switched Transport

Tandem-Switched Termination (per access minute)	\$0.000244
Tandem-Switched Facility (per access minute per mile)	\$0.000040
Tandem Switching (per access minute per tandem)	\$0.001033
Common Transport Multiplexing (per access minute)	\$0.000042

4.2.2 End Office Switching

Local Switching (per access minute)	\$0.005820
Common Trunk Port (per access minute)	\$0.000369
Information Surcharge	\$0.000000
<u>Host Remote</u>	
Host-Remote Termination (per host-remote access minute)	Note 1
Host-Remote Facility (per host-remote access minute per mile)	Note 1
Host-Remote Trunk Port (per host-remote access minute)	Note 1

Note 1: Due to a billing system limitation, all host-remote rate elements presently mirror the respective Switched Transport and End Office Switching rate elements.

SECTION 5 - MISCELLANEOUS SERVICES AND CHARGES

5.1 IntraLATA PIC Change Charge

IntraLATA Presubscription Change Charge, per  
business or residence line, trunk, or port:

- Manual PIC Change	\$5.50
- Electronic PIC Change	\$1.25

Great American will waive one-half of the intraLATA PIC change charge, whether electronic or manual, when such changes are performed simultaneously with an interLATA PIC change.

---

Issued: November 6, 2007

Effective: December 6, 2007

Issued by: Robert Jankovics, President  
1700 South Main Street  
Las Vegas, Nevada 89104

**SECTION 6 - SPECIAL CONTRACTS, ARRANGEMENTS, AND CONSTRUCTION****6.1 Special Contract Arrangements**

At the option of the Company, services may be offered on a contract basis to meet specialized pricing requirements of the Customer not contemplated by this tariff. The terms of each contract shall be mutually agreed upon between the Customer and Company and may include discounts off of rates contained herein and waiver of recurring, nonrecurring, or usage charges. The terms of the contract may be based partially or completely on the term and volume commitment, type of access arrangement, mixture of services, or other distinguishing features. Service shall be available to all similarly situated Customers for a fixed period of time following the initial offering to the first contract Customer as specified in each individual contract.

**6.2 Special Service Arrangements**

6.2.1 If a Customer's requirements cannot be met by services included in this tariff, or pricing for a service is shown in this tariff as ICB, the Company will provide, where practical and at its sole discretion, special service arrangements at charges to be determined on an Individual Case Basis. These special service arrangements will be provided if the provision of such arrangements is not detrimental to any other services furnished under the Company's tariffs.

6.2.2 Special service arrangement rates are subject to revision depending on changing costs or operating conditions.

6.2.3 If and when a special service arrangement becomes a generically tariffed offering, the tariffed rate or rates will apply from the date of tariff approval.

**6.3 Non-Routine Installation Charges**

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays or night hours, additional charges may apply.

---

SECTION 6 - SPECIAL CONTRACTS, ARRANGEMENTS, AND CONSTRUCTION, (CONT'D)

6.4 Special Construction Charges

6.4.1 General

- A. Special construction charges may apply for services provided to the Customer by the Company. Special construction includes but is not limited to that construction undertaken:
- (1) where facilities are not presently available, and there is no other requirement for the facilities so constructed;
  - (2) of a type other than that which the Company would normally utilize in the furnishing of its services;
  - (3) over a route other than that which the Company would normally utilize in the furnishing of its services;
  - (4) in a quantity greater than that which the Company would normally construct;
  - (5) on an expedited basis;
  - (6) on a temporary basis until permanent facilities are available;
  - (7) involving abnormal costs;
  - (8) in advance of its normal construction; or
  - (9) when the Company furnishes a facility or service for which a rate or charge is not specified in the Company's tariff.
- B. Where the Company furnishes a facility or service requiring special construction, charges will be determined by the Company and may include: (1) non-recurring charges; (2) recurring charges; (3) usage charges; (4) termination liabilities; or (5) a combinations thereof.
- C. Rates and charges for special construction shall be determined and presented to the Customer for its approval prior to the start of construction. No construction will commence until and unless the Customer accepts in writing the rates and charges as presented by the Company.

## **EXHIBIT II**

### **GREAT AMERICAN TELEPHONE, INC.**

#### **DESCRIPTION OF SERVICES**

The Applicant is requesting authority to provide local exchange services to both residence and business customers in areas served by AT&T Ohio and United Telephone Company of Ohio d/b/a Embarq and resold interexchange services statewide. The Applicant will provide local services by combining unbundled network elements and reselling services obtained from incumbent local exchange carriers located in the State pursuant to interconnection agreement(s) that the Applicant has filed or will file with the Commission. Applicant may also acquire services and facilities from other carriers operating in the State. The Applicant may eventually provide local services via its own switching facilities.

The Applicant's provision of local service is targeted to business and residential customers and will provide a competitive alternative to the public. It will promote, through competition, the efficient use of the local exchange telecommunications networks. Customers will benefit by having alternatives from which to choose and from general improvements in price, features and options that are generated by competitive pressures. In addition, Great American Telephone, Inc. customers will benefit from consolidated billing options and a single point of contact for telecommunications needs. For the foregoing reasons, the public interest will be well-served by the grant of local authority to Great American Telephone, Inc.

## **EXHIBIT IV**

### **GREAT AMERICAN TELEPHONE, INC.**

#### **FINANCIAL VIABILITY**

**A. Executive Summary**

Great American Telephone, Inc. is a start-up company, which was incorporated on April 20, 2006, and has not yet initiated operations in any state. As such, the Company does not have audited financial statements. The Company will rely on the financial resources of Robert Jankovics, the Company's president, for financial support during its start-up stage of operation to provide the services covered by this application. Mr. Jankovics owns 100% of the stock of Great American Telephone, Inc. A Balance Sheet for Great American Telephone, Inc. as of May 17, 2005, as well as an Affidavit by Mr. Jankovics attesting to his ability and willingness to finance the Company's operations, is included in this exhibit.

**B. Financial Statements (actual and pro forma income statement and a balance sheet).**

See Attached.

**C. Documentation to support the applicant's cash and funding sources.**

See Attached.

## **EXHIBIT V**

### **GREAT AMERICAN TELEPHONE, INC.**

#### **MANAGERIAL ABILITY AND CORPORATE STRUCTURE**

**A. Documentation attesting to applicant's technical and managerial expertise relative to the proposed service offering(s) and proposed service area.**

The Applicant will initially utilize resold services and combinations of network elements provided by the underlying carrier(s). Underlying carriers will perform all local switching, routing and call completion functions. The Applicant may install its own switching equipment in the future. Company personnel have experience working with underlying carriers of long distance and local services and with the installation of telecommunications switching and other equipment. Applicant's technical and managerial personnel are well qualified to direct the delivery and billing of the proposed services.

The Applicant's key management personnel have solid backgrounds in successful business management and systems support for telecommunications services. Resumes of key personnel are as follows:

**Robert Jankovics – President and CEO**

Robert Jankovics has been President and CEO of Great American Telephone, Inc. since its inception. Prior to establishing Great American Telephone, Inc., Mr. Jankovics has been President of New York Coin Telephone and Nevada Telephone for over nine years. Mr. Jankovics owns and oversees the day-to-day operations of both companies.

In recent years, Mr. Jankovics expanded into local exchange telecommunications in Nevada and has grown Nevada Tel's local revenue from zero to over \$8 million in less than three years.

Robert Jankovics' sixteen years of successful telecommunications management fully demonstrates his capability to support the efforts of Great American Telephone, Inc.

Additionally, Nevada Telephone and Great American Telephone, Inc. utilize well-established consulting firms to supplement their in-house expertise.

**B. List of names, addresses, and phone numbers of officers and directors, or partners.**

The following individuals are officers of Great American Telephone, Inc. and may be contacted at the Company's headquarters located at 1700 South Main Street, Las Vegas, Nevada 89104:

**Officers**

Robert Jankovics                      President

**Directors**

Robert Jankovics                      CEO, President, Director – 100% Ownership of  
Great American Telephone, Inc.

**C. Documentation indicating the applicant's corporate structure and ownership.**

Great American Telephone, Inc. is 100% owned and operated by Robert Jankovics.

**D. Information regarding any similar operations in other states.**

Great American Telephone is currently operating in New York.

**E. Verification that the applicant will maintain local telephony records separate and apart from any other accounting records in accordance with the GAAP.**

See attached.

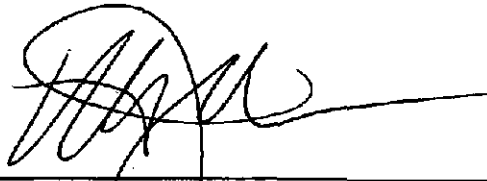

**F. Verification of compliance with any affiliate transaction requirements.**

See attached.

## GREAT AMERICAN TELEPHONE, INC.

### Adherence to Generally Accepted Accounting Principles (GAAP) Statement

As a competitive carrier, Great American Telephone, Inc. will maintain its book of accounts in accordance with Generally Accepted Accounting Principles ("GAAP"). GAAP is the standard accounting method now utilized by competitive telecommunications companies, as well as a broad base of other industries. Because Great American Telephone, Inc. will utilize GAAP, the Commission will have a reliable means by which to evaluate the Company's operations and assess its financial fitness.

A handwritten signature in dark ink, appearing to read 'R. Jankovics', is written over a horizontal line.

Robert Jankovics  
President  
Great American Telephone, Inc.

**GREAT AMERICAN TELEPHONE, INC.**

**Affiliated Transaction Statement**

Great American Telephone, Inc. has no affiliated interests or transactions to report.

A handwritten signature in black ink, appearing to read 'R. Jankovics', is written over a horizontal line.

Robert Jankovics  
President  
Great American Telephone, Inc.

## **EXHIBIT VI**

### **GREAT AMERICAN TELEPHONE, INC.**

#### **INTERACTIONS WITH OTHER CARRIERS**

- A. Explanation as to which service areas company currently has an approved interconnection or resale agreement.**

The Company does not have immediate plans to construct facilities in the state of Ohio. Initially, service will be offered by purchasing unbundled network elements from the ILECs. The Company is currently negotiating an interconnection agreement with United Telephone Company of Ohio d/b/a Embarq, which will be filed with the Commission upon execution.

- B. A notarized affidavit accompanied by bona fide letters requesting negotiation pursuant to Sections 251 and 252 of the Telecommunications Act of 1996 and a proposed timeline for construction, interconnection, and offering of services to end users.**

Service will be offered immediately upon approval of the Company's application and interconnection agreement.

AFFIDAVIT

STATE OF NEVADA  
COUNTY OF CLARK

§  
§  
§

The undersigned officer of Great American Telephone, Inc., a Nevada corporation, does hereby verify that all of the information submitted herein is true and correct to the best of his knowledge and belief. Great American Telephone, Inc. intends to fully comply with the guidelines of the Ohio Public Utility Commission which are applicable to new entrant local exchange carriers.

  
Robert Jankovics  
President  
Great American Telephone, Inc.

Sworn and subscribed before me this 29<sup>th</sup> day of October, 2007.

My Commission expires Nov. 5, 2008

  
Signature of official administering oath

## Carey Roesel

**From:** Heble, Eileen M [EQ] [Eileen.M.Heble@Embarq.com]  
**Sent:** Tuesday, September 25, 2007 1:28 PM  
**To:** croesel@tminc.com  
**Cc:** Murgatroyd, David C [EQ]  
**Subject:** Great American Telephone, Inc. FL and OH  
**Attachments:** [REDACTED] - Resale - 4\_17\_07 - 4\_16\_09.doc;  
[REDACTED] Agreement - 6\_26\_07 - 6\_25\_09.doc; [REDACTED] - 5\_19\_06 - 5\_18\_08.doc

Carey,

I have been assigned to help assure that Great American Telephone has the appropriate interconnection, resale and/or collocation agreements with Embarq in FL and OH. It's my understanding that Great American is primarily interested in Resale services from Embarq and may prefer to adopt an existing agreement rather than negotiate one on their own behalf.

Please see the attached agreements for your review.

FL - <<[REDACTED] Resale - 4\_17\_07 - 4\_16\_09.doc>> <<[REDACTED] Resale Agreement - 6\_26\_07 - 6\_25\_09.doc>>

OH - <<[REDACTED] - Resale - 5\_19\_06 - 5\_18\_08.doc>>

## **EXHIBIT VII**

### **GREAT AMERICAN TELEPHONE, INC.**

#### **INTERACTIONS WITH OTHER CUSTOMERS**

- A. Explanation of whether applicant intends to provide Local Services which require payment in advance of Customer receiving dial tone.**

The Company will not collect advance payments.

- B. Tariff sheet(s) listing the services and associated charges that must be paid prior to customer receiving dial tone (if applicable).**

See attached.

- C. A sample copy of the customer bill and disconnection notice the applicant plans to utilize.**

The Company will provide under separate cover.

- D. Provide a copy of any customer application form required in order to establish residential service, if applicable.**

Not applicable.

- E. For CLECs, List of Ohio ILEC Exchanges the applicant intends to serve (Use spreadsheet from: [http://www.puc.state.oh.us/puco/forms/form.cfm?doc\\_id=357](http://www.puc.state.oh.us/puco/forms/form.cfm?doc_id=357)).**

See attached.

- F. If mirroring the entire ILEC exchanges for both serving area and local calling areas, tariffs may incorporate by reference. If not mirroring the entire ILEC serving and/or local calling areas, the CLEC shall specifically define their service and local calling areas in the tariff.**

Great American Telephone, Inc. plans to offer service to consumers in all areas currently served by AT&T-Ohio and United Telephone Company of Ohio d/b/a Embarq.

Local calling areas of Great American Telephone, Inc. will be identical to the local calling areas defined as AT&T-Ohio and United Telephone Company of Ohio d/b/a Embarq.
