Dear Chairman Schriber:

Enclosed please find a revised Detail Site Map for this project that is dated November 9, 2007. The revised route moves the structures in order to reduce the line impact on the Ohio Erie Canal and the developer's project. The project is no longer scheduled to be completed in December of 2007. The new completion date has not been determined.

Should you have any questions, please do not hesitate to contact me.

Cordially,

Steven T. Nourse
Senior Attorney
