## Family SharePlan

Minimum of two lines required. Maximum of five lines. Only one line is the primary line. All lines must be activated on the same billing account and in the same market.

## National IN Calling

You can talk with any of our customers anytime from within the America's and North America's Choice (in the United States and Puerto Rico) Rate and Coverage Area. If Caller ID is not present or Caller ID Block is initiated, National IN Calling does not apply to incoming calls and will apply to outgoing calls only. National IN Calling is not available to customers whose wireless exchange restricts the delivery of Caller ID or with fixed wireless devices with usage substantially from a single cell site. National IN Calling does not apply if Call Fonwarding or No Answer/Busy Transfer features are activated or to data usage, including Push to Talk calls, Picture Messaging or Video Messaging, calls to check your Voice Mail and calls to Verizon Wireless customers using any of the VZGlobal services. National IN Calling does not apply in those areas of Louisiana and Mississippi where your phone's roaming indicator flashes.

## Internel Access

Mobile Office Kits, PC Cards, PDAs or other wireless modem devices may not be used for Internet access without a subscription to select VZEmail or VZAccess plans.

Connecticut Customers: If you have any questions about your bill or concerns about your service, please call Customer Care at: 1-800-922-0204 or dial *611 from your wireless phone. If you are a Connecticut customer and we cannot resolve your issue, you have the option of contacting the Department of Public Utility Control (DPUC): Online: www.state.ct.us/dpuc Phone: 866-381-2355; Mail: Connecticut DPUC, 10 Franklin Square, New Britain, CT 06051.

## THE SAGE SERVICE DIFFERENCE

Service that is centered around you. Free long distance calling between Sage residential customers. Phone service that lets you pick the features you want, and only the features you want. Sage offers truly customized plans that bring you REAL savings.

TESTIMONIAL: Randall and Tina, Frisco, TX
Just a little note of appreciation for your service. After a couple of months with Sage service, I have saved more than $\$ 100$. Even with additional calls during the holiday season, my bill was about half of what it had been with SBC(B).

TESTIMONIAL: Amy, Schertz, TX
I want to commend Sage on the excellent customer service that I recently received. The technician and everyone that I spoke with in Customer Service were very courteous and professional.

It is truly refreshing for a company to actually care about the customer. I will not hesitate to recommend Sage to all my friends.

New Solutions for Your Business
First Communications is expanding its network throughout the Midwest including metropolitan areas in Ohio, Michigan and Illinois. As we enhance our infrastructure, we continue to release new telecommunications solutions, including FirstComplete (B), our new Dynamic T 1 service. FirstComplete (B) combines high speed internet connectivity with local and long distance services all through one T1 connection. This flexible service utilizes the unused voice lines in the circuit to maximize bandwidth at speeds up to ten times faster than DSL. Our FirstComplete (®) service provides all the voice and data needs for any small to medium size business.

Call us today at 1.888.266.1237 to find out more about FirstComplete (8)

## FirstSpeed BPL, First Communications revolutionary new IP product, is ready for your business. <br> (click here)

In-building FirstSpeed BPL is a broadband Internet connection delivered through the existing electrical infrastructure of a building. In addition to connectivity, the tremendous bandwidth allows the overlay of integrated IP applications, such as voice, television and security systems.

## Finst Comimancatens

First Communications offers local and long-distance phone service, tollfree service, conference calling, Internet access, and dedicated and private line services. First Communications' goal is simple: To be a company easy to do business with; to build long lasting customer relationships by concentrating on the individual communication needs of our customers; and to measure our performance not only by how many customers we acquire, but by how many we retain and completely satisfy.

New Solutions for Your Business
First Communications is expanding its network throughout the Midwest including metropolitan areas in Ohio, Michigan and Illinois. As we enhance our infrastructure, we continue to release new telecommunications solutions, including FirstComplete ${ }^{(B)}$, our new Dynamic T1 service. FirstComplete (B) combines high speed intemet connectivity with local and long distance services all through one T1 connection. This flexible service utilizes the unused voice lines in the circuit to maximize bandwidth at speeds up to ten times faster than DSL. Our FirstComplete ® service provides all the voice and data needs for any small to medium size business.

Call us today at 1.888.266.1237 to find out more about FirstComplete (3)
FirstSpeed BPL, First Communications revolutionary new IP product, is ready for your business.
(click here)
In-building FirstSpeed BPL is a broadband Internet connection delivered through the existing electrical infrastructure of a building. In addition to connectivity, the tremendous bandwidth allows the overlay of integrated IP applications, such as voice, television and security systems.

## First Communcanoms

First Communications offers local and long-distance phone service, tollfree service, conference calling, Internet access, and dedicated and private line services. First Communications' goal is simple: To be a company easy to do business with; to build long lasting customer relationships by concentrating on the individual communication needs of our customers; and to measure our performance not only by how many customers we acquire, but by how many we retain and completely satisfy.

## Minimum Term, Activation and Early Termination Fees

- One- or two-year minimum term required per line.
- Activation Fee/line: $\$ 35$, except $\$ 25$ for secondary Family SharePlan(e) lines with two-year minimum term.
- Activation fees may vary or be waived for business customers that have a Major Account Agreement with Verizon Wireless.
- Early Termination Fee: Up to $\$ 175$ per line.

Taxes, Surcharges and Fees

- Tolls, taxes, surcharges and other fees, such as E911 and gross receipt charges, vary by market and as of September 1, 2007, add between $4 \%$ and $34 \%$ to your monthly bill and are in addition to your monthly access fees and airtime charges.
- Monthly Federal Universal Service Charge on interstate \& international telecom charges (varies quarterly based on FCC rate) is $11 \%$ per line.
- The Verizon Wireless monthly Regulatory Charge will increase from 4 d to 7 e per line effective 11/15/07.
- Monthly Administrative Charge (subject to change) is $70 ¢$ per line.
- The Federal Universal Service, Regulatory and Administrative Charges are Verizon Wireless charges, not taxes. For more details on these charges, call 1-888-684-1888.

Important Information:
For more information, refer to the Customer Agreement or speak with a Sales Representative. Service is subject to the Customer Agreement, which you should read before activating service. Credit approval required. Billing, shipping and end-user address must be within the Verizon Wireless licensed and service areas where the wireless phone number is issued.
In some rare instances, dialing *228 may alter your Calling Plan's Airtime Rate and Coverage Area. The accuracy of the roaming indicator on your phone cannot be guaranteed. Charges for calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different than the time of day shown on your phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to next full minute. Unused allowance minutes lost. Charges start when you first press SEND or the call connects to a network on outgoing calls, and when the call connects to a network (which may be before it rings) on incoming calls. Time may end several seconds after you press END or the call otherwise disconnects. For calls made on our network, we only bill for calls that connect (which includes calls answered by machines). Calls to 'toll-free' numbers are toll-free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed. Delayed airtime will be applied against the included airtime for the month when you actually made or received the call, even though such charges may show up on a later bill. This may result in charges higher than you'd expect in the later month.

## Family SharePlan

Minimum of two lines required. Maximum of five lines. Only one line is the primary line. All lines must be activated on the same billing account and in the same market.

## National IN Calling

You can talk with any of our customers anytime from within the America's and North America's Choice (in the United States and Puerto Rico) Rate and Coverage Area. If Caller ID is not present or Caller ID Block is initiated, National IN Calling does not apply to incoming calls and will apply to outgoing calls only. National IN Calling is not available to customers whose wireless exchange restricts the delivery of Caller ID or with fixed wireless devices with usage substantially from a single cell site. National IN Calling does not apply if Call Forwarding or No Answer/Busy Transfer features are activated or to data usage, including Push to Talk calls, Picture Messaging or Video Messaging, calls to check your Voice Mail and calls to Verizon Wireless customers using any of the VZGlobal sevices. National IN Calling does not apply in those areas of Louisiana and Mississippi where your phone's roaming indicator flashes.

## Internet Access

Mobile Office Kits, PC Cards, PDAs or other wireless modem devices may not be used for Internet access without a subscription to select VZEmail or VZAccess plans.

Connecticut Customers: If you have any questions about your bill or concerns about your service, please call Customer Care at: 1-800-922-0204 or dial *611 trom your wireless phone. If you are a Connecticut customer and we cannot resolve your issue, you have the option of contacting the Department of Public Utility Control (DPUC): Online: www.state.ct.us/dpuc Phone: 866-381-2355; Mail: Connecticut DPUC, 10 Franklin Square, New Britain, CT 06051.

These Coverage Locator depictions apply to the following calling plans:
Nationwide Calling Plans, America's Choice Initiated (activated) on or after 2/21/2005, BroadbandAccess and INpulse.
These Coverage Locator maps are not a guarantee of coverage and may contain areas with no service. These maps reflect a depiction of predicted and approximate wireless coverage of the Verizon Wireless Network and the network of other carriers. The coverage areas shown do not guarantee service availability, and may include locations with limited or no coverage. Even within a coverage area, there are many factors, including a cusiomer's equipment, terrain, and proximity to buildings, foliage, and weather that may impact service. An all-digital device will not operate or be able to make 911 calls when digital service is not available. Some of the coverage area includes networks run by other carriers; some of the coverage depicted is based on their information and public sources and we cannot ensure its accuracy.

TESTIMONIAL: Amy, Schertz, TX
I want to commend Sage on the excellent customer service that I recently received. The technician and everyone that I spoke with in Customer Service were very courteous and professional.

It is truly refreshing for a company to actually care about the customer. I will not hesifate to recommend Sage to all my friends.

TESTIMONIAL: Larry, Clare, MI
This is the first time I have written a letter to thank someone. I recently helped my sister get her phone service transferred to Sage, and I had the good fortune to speak with a lady name Rosa. She was courleous, polite, and knowledgeable, and took a genuine interest in helping me.

I can assure you that my farnily and I will be Sage customers for a long time.

    For more information, refer to the Customer Agreement or speak with a Sales Representative. Service is subject to the Customer Agreement, which you should read before activating service. Credit approval required. Billing, shipping and end-user address must be within the Verizon Wireless licensed and service areas where the wireless phone number is issued.
    In some rare instances, dialing *228 may alter your Calling Plan's Airtime Rate and Coverage Area. The accuracy of the roaming indicator on your phone cannot be guaranteed. Charges for calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different than the time of day shown on your phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to next full minute. Unused allowance minutes lost. Charges start when you first press SEND or the call connects to a network on outgoing calls, and when the call connects to a network (which may be before it rings) on incoming calls. Time may end several seconds after you press END or the call otherwise disconnects. For calis made on our network, we only bill for calls that connect (which includes calls answered by machines). Calls to 'toll-free' numbers are toll-free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed. Delayed airtime will be applied against the included airtime for the month when you actually made or received the call, even though such charges may show up on a later bill. This may result in charges higher than you'd expect in the later month.
