Re: Detariffing Form of NOS Communications, Inc. d/b/a International Plus;  
d/b/a 011 Communications; d/b/a The Internet Business Association;  
d/b/a iVantage Network Solutions; d/b/a Blue Ridge Telecom Systems

Dear Ms. Jenkins:

Enclosed please find, for filing, one original and seven (7) copies of the Detariffing Form of NOS Communications, Inc. d/b/a International Plus; d/b/a 011 Communications; d/b/a The Internet Business Association; d/b/a iVantage Network Solutions; d/b/a Blue Ridge Telecom Systems. This is being filed pursuant to the Commission's Order in Docket No. 06-1345-TP-ORD, and detariffs Tier 2 Business services as well as packages containing toll/long distance services.

Please date stamp the duplicate of this filing and return in the self-addressed, postage prepaid envelope. Thank you for your assistance in this matter and please do not hesitate to contact me at (202) 342-8519 if you have any questions or concerns.

Respectfully submitted,

*Katherine Barker Marshall*

### Part I – Tariffs

Please indicate the Carrier Type and the reason for submitting this form by checking the boxes below.

NOTE: All cases are ATA process cases, tariffs are effective the day they are filed, and remain in effect unless the Commission acts to suspend.

Carrier Type	<input type="checkbox"/> ILEC	<input checked="" type="checkbox"/> CLEC	<input type="checkbox"/> CTS
Business Tier 2 Services	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Residential & Business Toll Services	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Other Changes required by Rule (Describe in detail in Exhibit C)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

### Part II – Exhibits

Note that the following exhibits are required for all filings using this form.

Included	Identified As:	Description of Required Exhibit:
<input checked="" type="checkbox"/>	Exhibit A	The existing affected tariff pages.
<input checked="" type="checkbox"/>	Exhibit B	The proposed revised tariff pages.
<input checked="" type="checkbox"/>	Exhibit C	Matrix or narrative summarizing all changes proposed in the application, and/or other information intended to assist Staff in the review of the Application.
<input checked="" type="checkbox"/>	Exhibit D	Explanation of how the Applicant intends to comply with Rule 4901:1-6-05(G)(3) regarding disclosure of rates, terms, and conditions for detariffed services, including: <ul style="list-style-type: none"> <li>citation to the appropriate Web Page if any, in accordance with rule 4901:1-6-05(G)(4), and/or</li> <li>copy of other materials and publications to be used to comply with 4901:1-6-05(G)(3).</li> </ul>
<input checked="" type="checkbox"/>	Exhibit E	One-time customer notice of detariffing and related changes consistent with rule 4901:1-06-16(B), including where customers may find the information

		regarding such services as required by rule 4901:1-6-05(G)(3).
<input checked="" type="checkbox"/>	Exhibit F	Affidavit that the Customer Notice described in Exhibit C has been sent to Customers.

Part III. – Attestation

Registrant hereby attests to its compliance with pertinent entries and orders issued by the Commission.

**AFFIDAVIT**

***Compliance with Commission Rules and Service Standards***

I am an officer/agent of the applicant corporation, Katherine Barker Marshall, Esq., and am authorized to make this statement on its behalf.  
Counsel to NOS Communications, Inc.

(Name)

I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) Pursuant to Chapter 4901:1-5 OAC for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on (Date) \_\_\_\_\_ at (Location) Washington, DC

\*(Signature and Title) \_\_\_\_\_

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**

**3.2 Local Exchange Services (Cont'd)**

**3.2.2 Local Calling Services (Cont'd)**

**3.2.2.D Private Branch Exchange (PBX)**

The Company's PBX Service uses PBX trunks to connect a customer PBX system or other similar equipment to the Company Central Office. Company treats these trunks similar to individual exchange lines and supports multi-line hunting over a group of trunks.

**3.2.2.E Direct Inward Dialing Service**

Direct Inward Dialing ("DID") Service is an optional feature provided in conjunction with Company-provided PBX Trunks. DID Service permits incoming calls from the exchange network to reach a specific station line without the assistance of an attendant through the use of a seven digit number. DID service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. DID is furnished upon the condition that the customer contract for adequate facilities, e.g., dial tone lines, circuit packs or equivalent, etc, to permit the use of the service without injurious effect on general telephone service. Certain conditions, such as transmission limitations, may require the provision of additional switching equipment on the customer's premises in order to furnish DID service. The Company offers DID services to Customers in minimum blocks of telephone numbers.

**3.2.2.F Centrex Services**

Centrex Service provides the Customer with multiple individual voice-grade telephone communications channels, each of which can be used to place or receive one call at a time. Centrex Station Lines are provided for connection of Centrex-compatible Customer-provided station sets to the public switched telecommunications network. Each Centrex Station Line may be provided in combination with other Company-provided services including PBX and ISDN.

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**

**3.2 Local Exchange Services (Cont'd)**

**3.2.2 Local Calling Services (Cont'd)**

**3.2.2.G Hunting Service**

Hunting Services are optional arrangement available to Customers with two or more line services at the same location, same system. Where facilities permit, lines are arranged so that incoming calls to a busy line overflow to another line in the hunting arrangement. The Company may also offer a hunting service that is activated by the end user.

**3.2.2.H Centrex Pilot**

Pilot or lead line of the hunt group for Centranet.

**3.2.2.I Foreign Exchange Service**

Foreign Exchange (FX) Service provides for the connection of a Customer's location to a central office serving an exchange area, within the Customer's LATA, other than the exchange area in which the Customer is located.

**3.2.2.J CentraNet Service**

CentraNet Service is a local exchange telecommunications service available to customers served from suitably equipped central offices. It is an arrangement which consists of host central office interface equipment and software located on Company premises. A system may not be provided for stand alone service only and access to the Company's exchange network must be provided by the Company.

If remote units are required to provide switching capabilities for intracomunications purposes, they will be located on Company provided sites located on the customer's premises. Any remote units and all system cabling used in association with CentraNet Service are provided by and remain the property of the Company. Feature capabilities may vary depending on the type of host central office equipment.

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)****3.2 Local Exchange Services (Cont'd)****3.2.3 Local Calling Plans (Cont'd)****3.2.3.F Loyalty Rewards Program I**

The Loyalty Rewards Program I provides Customers with basic local service and custom calling features for a flat fee. Loyalty Rewards Program I Customers receive unlimited local calling and all local vertical features such as Caller ID, Call Waiting and Call Forwarding. The Program or accompanying fee does not include or apply to local usage, intraLATA toll charges, Remote Call Forwarding, Off Premises Extensions, WIRE-PRO, PBX, ISDN, Foreign Exchange Number and federal and local fees, taxes or surcharges, including local number portability.

**3.2.3.G Loyalty Rewards Program II**

The Loyalty Rewards Program II provides Customers with basic local service and custom calling features for a flat fee. Loyalty Rewards Program II Customers receive metered local calling and all local vertical features such as Caller ID, Call Waiting and Call Forwarding. The Program and accompanying fee do not include or apply to local usage, intraLATA charges, Remote Call Forwarding, Off Premises Extensions, WIRE-PRO, PBX, ISDN, Foreign Exchange Number and federal and local fees, taxes or surcharges, including local number portability. Customers must have at least \$200.00 in long distance services from the most recent invoice to qualify for the Loyalty Rewards Program II service offering.

**3.2.3.H Loyalty Rewards Program III**

The Loyalty Rewards Program III provides Customers with basic local service and custom calling features for a flat fee. Loyalty Rewards Program III Customers receive metered local calling and all local vertical features such as Caller ID, Call Waiting and Call Forwarding. The Program and accompanying fee does not include or apply to local usage, intraLATA charges, Remote Call Forwarding, Off Premises Extensions, WIRE-PRO, PBX, ISDN, Foreign Exchange Number and federal and local fees, taxes or surcharges, including local number portability.

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)****3.3 ISDN Services**

National Integrated Services Digital Network (ISDN) Direct is a telecommunications service that provides an integrated voice/data communications capability for the transmission of circuit switched voice and data and packet switched data signals on an incoming and outgoing basis utilizing Integrated Services Digital network architecture.

**3.3.1 ISDN Primary Rate Interface (PRI)**

Service provides the Business Customer with a direct digital connection, via switched access, to one or more public and/or private services. The service arranges the 64 Kbps channels of a DS1 into 23 B (Bearer) channels and 1 D (Delta) channel or 24 B channels under control of a D channel residing on a separate PRI facility. The B channels carry voice and data traffic at speeds up to 64 Kbps. The D channel carries the out-of-band signaling required to control its associated B channels.

**3.3.2 Individual Line Business ISDN Basic Rate Interface (BRI)**

Service is an optional service arrangement which can be used in conjunction with a customer's Individual Line Business service. It uses the ISDN architecture to provide the customer with the capabilities of simultaneous access, transmission and switching of voice, data and imaging services via channelized transport. Service provides two bearer B-channels at 64 Kbps per second and a data D-channel at 16 Kbps per second. The bearer B-channels are designed for PCM voice, video conferencing, group 4 facsimile machines, etc. The data D-channel is for bringing in information about incoming calls and taking out information about outgoing calls.

---

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**

**3.4 Channel Services**

**3.4.1 General Description**

Channel Service consists of two-point or multi-point communications service offerings usually dedicated solely to the use of a particular Customer. Channels are electrical path utilized for transmitting signals, voice, or data communications. Channels are derived in such a manner as the Company may elect and are suitable for the purposes for which they are furnished. While it is contemplated that the Customer may provide the terminal apparatus and wiring (exclusive of the equipment necessary to derive and terminate the channel which is provided by the Company), at the request of the Customer and provided that request is reasonable, termination equipment will be provided by the Company subject to the rates and regulations set forth herein.

Facilities, consisting of channels, termination and arrangements are classified by Series and further classified within each Series by Type. The various Series and Types are described in terms of characteristics and use.

**3.4.2 Channel Termination**

This service allows end users to choose multiple points for termination for a single channel.

**3.4.2.A CO Loop Chg - 2 Wire**

Provides two channel terminations either in the same wire center, or in different serving wire centers connected by an interoffice channel.

---

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)****3.5 Operator Services**

Local calls may be completed or billed with the live or mechanical assistance by the Company's operator center. Calls may be billed collect to the called party, to an authorized 3rd party number, to the originating line, or to a valid authorized calling card. Local calls may be placed on a station to station basis or to a specified party (see Person to Person), or designated alternate. Usage charges for local operator assisted calls are those usage charges that would normally apply to the calling party's service.

Provides for live or automated operator treatment when Customer dials "0". Services include, but are not limited to, bill to originating telephone number, calling card, collect or to a third party:

- 3.5.1 Collect Calls - Calls where the called person agrees to pay for the call. Company offers two types of collect calls.
- 3.5.2 Person-to-Person - Calls completed with the assistance of a Company operator to a particular person, station, department or PBX extension specified by the calling party.
- 3.5.3 Station-to-Station - Operator assisted calls other than Person-to-Person billed to either the Business Customer's phone number, or the end user's calling card. Calls may be dialed with or without assistance of a Company operator.
- 3.5.4 Third Party Billed Cards - Calls where the customer requests that the phone call be charged to a third party's phone number. If the originating caller is calling from a payphone, the third party number is called. The third party has to answer the phone and accept the charges before the operator completes the call.
- 3.5.5 Toll Billing Exception. Operator call screen on inbound toll.

---

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**

**3.6 Message Telecommunications Service/Toll Services**

Message Telecommunications Service or Toll Service is a communications service which is available for use by Customers twenty-four (24) hours a day. MTS enables a User of an exchange access line to place calls to any station on the public switched telephone network bearing an NPS-NXX designation associated with points outside the Customer's Local Calling Area, but within the boundaries of home LATA.

**3.6.1 Toll Free Service**

A call to a station outside the subscribers local calling area for which the called party pays instead of the calling party.

Las Vegas, Nevada 89121**

---

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**

**3.8 Custom Calling Features**

- 3.8.1 Automatic Call Return/\*69: Enables a Customer to automatically return the last incoming Call. To return the call, the Customer dials a feature Code and the number is dialed automatically. If the called line is busy, a 30-minute queuing process begins. The Customer is then given an indication that the network will attempt to set up the Call when the called line is idle.
- 3.8.2 Busy Number Re-dial: This feature automatically redials another party's phone number after the Customer's first attempt to connect to that number resulted in a busy signal. The line is checked every 45 seconds for up to 30 minutes and alerts the Customer with a distinctive ringing pattern when the busy number and the Customer's line are free. The Customer can continue to make and receive other calls while the feature is activated.
- 3.8.3 Call Forwarding: Permits the Customer to forward calls to any telephone number or station in the Customer Group that their station is allowed to call, including voicemail and attendant. This feature may also include the ability to activate from a remote location.

---

**Issued: December 16, 2003**

**Effective: January 16 2003**

**By: Joseph T. Koppy  
President  
4380 Boulder Highway  
Las Vegas, Nevada 89121**

---

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**

**3.8 Custom Calling Features (Cont'd)**

- 3.8.4 Call Forwarding No Answer: Permits the forwarding of incoming calls when the End-User's line remains unanswered after end user designated number of rings. The number of rings and the forwarded number are fixed by the Customer service order.
- 3.8.5 Call Forwarding – Speed: This is a two feature package that includes Call Forwarding and Speed Dial.
- 3.8.6 Call Forwarding Variable: Permits the end-user to automatically forward (transfer) all incoming calls to an end-user designated telephone number and permits the end-user to restore incoming calls to non-Call Forwarding operations. The Customer is charged for the call between the original terminating number and the number to which it is remotely call forwarded. The Customer must subscribe to adequate facilities to permit the use of the service without impairment, disruption or deterioration of the quality of other telephone services.
- 3.8.7 Caller ID: Allows the number of the calling party to be passed from the telephone company to your telephone between the first and second ring signaling an incoming telephone call.

---

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**

**3.8 Custom Calling Features (Cont'd)**

- 3.8.8 Caller ID with Name: This feature provides the originating telephone number and also the name associated with the line. The information is displayed on a Customer provided display device attached to the Customer's telephone line.
- 3.8.9 Call Manager Intercept: This feature is an enhancement to Caller ID with Name. It allows users to request callers identify themselves prior to answering the incoming call. It includes Caller ID Number Display and Caller ID Name Display.
- 3.8.10 Call Manager Package: A Privacy Manager with Basics package with several features including Three Way Calling, Caller ID With Name, Caller ID With Number, Call Forwarding, Speed Dial 8 number capacity, Repeat Dial (Busy Line auto redialing), Auto Call Back (\*69),
- 3.8.11 Call Return: Enables a Customer to automatically return the last incoming Call.
- 3.8.12 Call Transfer: Allows the User to transfer a Call to another station within the Customer Group or to an outside telephone number.
- 3.8.13 Call Waiting: Permits the End-User engaged in a call to receive a tone signal indicating a second call is waiting and, by operation of the switch hook, to place the first call on hold and answer the waiting call. The Customer may alternate between the two calls by operation of the switch hook, but a three-way conference call cannot be established. Feature may be used in conjunction with Caller ID (Caller ID Intercept).
- 3.8.14 Cancel Call Waiting: Allows the User, on a per-Call basis, to cancel the Call Waiting function by dialing \*70 before making a call.

---

**Issued: December 16, 2003**

Las Vegas, Nevada 89121**

---

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**

**3.8 Custom Calling Features (Cont'd)**

- 3.8.15 Distinctive Ringing: This feature allows a Customer to have several telephone numbers which consist of the main telephone number and a maximum number of additional telephone numbers, associated with one exchange access line. Each telephone number will have a distinctive ring on incoming calls to allow the Customer to identify the incoming call line. All telephone lines must be served by the same Central Office.
- 3.8.16 Last Number Redial/\*69: Allows the Customer to return a call to the last incoming call whether the Customer answered the call or not.
- 3.8.17 Multi-line Value Package: A service package that includes: custom business features.
- 3.8.18 Multi-line Value Package – Call Forwarding: A service package that includes: custom business features with call forwarding.
- 3.8.19 Multi-line Value Package – Alternating Answer: A service package that includes: custom business features with call forward no answer .
- 3.8.20 Multi-line Value Package – Call Forwarding: A service package that includes: custom business features with Call Waiting.
- 3.8.21 Remote Call Forwarding/Remote Line Service: An automatic reverse charge exchange service which provides for a Customer to arrange that Customers in the same or a different exchange may call him/her without paying the toll charge between a specified exchange and the Customer's location or asking the operator to assist with or complete the call.
- 3.8.22 Special Call Waiting: Allows an end user to choose up to 12 telephone numbers which can activate active call waiting. Incoming calls placed from number not in the pre-select list receive a busy signal.
- 3.8.23 Smarter Package: A customer calling package that features Call Forwarding, Call Waiting, Speed Calling 8 and Three-Way Calling.

---

**Issued: December 16, 2003**

**Effective: January 16 2003**

**By: Joseph T. Koppy  
President  
4380 Boulder Highway  
Las Vegas, Nevada 89121**

---

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)****3.8 Custom Calling Features (Cont'd)**

- 3.8.24 Speed Calling (8 or 30): Permits the Customer to place calls to other telephone numbers by dialing a one- or two-digit code rather than complete telephone numbers. The feature is available as an eight code list or a thirty code list. Either code list may include local and/or toll telephone numbers. To establish or change a telephone number in a code list, the Customer dials an activating code, receives a second dial tone and dials either a one- or two-digit code (for the eight code and thirty code lists, respectively) plus the telephone number.
- 3.8.25 Three Way Calling: Permits the end-user to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The end-user initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming calls.
- 3.8.26 Voice Mail: Provides an audio mailbox to record, store, retrieve, review, save and handle audio messages for Customers. The service will greet incoming customers with a personal or standard greeting, and provide audio prompts and personal security codes for Customers and Users of Service. Additional message capacity for the voice mail box may be purchased.
- 3.8.27 NOS Voice Mail Features Package: This service includes Message Waiting Indication, Busy Line Transfer, Alternate Answer and Star Code Access to voice mail service. Message waiting indication provides for a visual and audible signal to be activated on a Network Access Line. Busy Line Transfer automatically transfers incoming calls to alternate designated exchange telephone numbers or to a DID Station Number when the called number is busy. Alternate Answering automatically transfers incoming calls that encounter a do not answer condition after a predetermined number of rings to a designated exchange telephone number or to a DID Station Number. Star Code Access to a voice mail service is abbreviated dialing access to voice mail from the customer premises via an abbreviated code (\* and a two-digit code). The NOS Voice Mail Features package is available where facilities permit. It is offered only in association with residence and business exchange services and unless specified otherwise, PBX trunks. NOS Voice Mail Features package is not available with Centrex system stations, semi-public service or party line exchange service.

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**

**3.4 Custom Calling Features**

3.4.1 Automatic Call Return/\*69: Enables a Customer to automatically return the last incoming Call. To return the call, the Customer dials a feature Code and the number is dialed automatically. If the called line is busy, a 30-minute queuing process begins. The Customer is then given an indication that the network will attempt to set up the Call when the called line is idle.

3.4.2 Busy Number Re-dial: This feature automatically redials another party's phone number after the Customer's first attempt to connect to that number resulted in a busy signal. The line is checked every 45 seconds for up to 30 minutes and alerts the Customer with a distinctive ringing pattern when the busy number and the Customer's line are free. The Customer can continue to make and receive other calls while the feature is activated.

3.4.3

4380 Boulder Highway  
Las Vegas, Nevada 89121**

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**

**3.8 Custom Calling Features (Cont'd)**

- 3.4.8 Caller ID with Name: This feature provides the originating telephone number and also the name associated with the line. The information is displayed on a Customer provided display device attached to the Customer's telephone line.
- 3.4.9 Call Manager Intercept: This feature is an enhancement to Caller ID with Name. It allows users to request callers identify themselves prior to answering the incoming call. It includes Caller ID Number Display and Caller ID Name Display.
- 3.4.10 Call Manager Package: A Privacy Manager with Basics package with several features including Three Way Calling, Caller ID With Name, Caller ID With Number, Call Forwarding, Speed Dial 8 number capacity, Repeat Dial (Busy Line auto redialing), Auto Call Back (\*69),
- 3.4.11 Call Return: Enables a Customer to automatically return the last incoming Call.
- 3.4.12
- 3.4.13 Call Waiting: Permits the End-User engaged in a call to receive a tone signal indicating a second call is waiting and, by operation of the switch hook, to place the first call on hold and answer the waiting call. The Customer may alternate between the two calls by operation of the switch hook, but a three-way conference call cannot be established. Feature may be used in conjunction with Caller ID (Caller ID Intercept).
- 3.4.14 Cancel Call Waiting: Allows the User, on a per-Call basis, to cancel the Call Waiting function by dialing \*70 before making a call.

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**

**3.8 Custom Calling Features (Cont'd)**

3.4.15

3.4.16 Last Number Redial/\*69: Allows the Customer to return a call to the last incoming call whether the Customer answered the call or not.

3.4.17

3.4.18

3.4.19

3.4.20

3.4.21 Special Call Waiting: Allows an end user to choose up to 12 telephone numbers which can activate active call waiting. Incoming calls placed from number not in the pre-select list receive a busy signal.

**SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)**

**3.8 Custom Calling Features (Cont'd)**

**3.4.23**

**3.4.24 Three Way Calling:** Permits the end-user to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The end-user initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used on both outgoing and incoming calls.

## ***Exhibit C***

### ***Narrative Describing Changes***

Applicant NOS Communications, Inc. d/b/a International Plus; d/b/a 011 Communications; d/b/a The Internet Business Association; d/b/a iVantage Network Solutions; d/b/a Blue Ridge Telecom Systems, is submitting this change to detariff its Tier 2 Business Services and packages containing detariffed toll/long distance services within the State of Ohio in compliance with the Commission's new rules governing competitive communications carriers as outlined in Docket No. 06-1345-TP-ORD.

## ***Exhibit D***

### ***Explanation of how the Applicant intends to comply with Rule 4901:1-6-05(G)(3)***

Applicant intend to post a service guide on its websites: [www.nos.com](http://www.nos.com), [www.horizon1communications.com](http://www.horizon1communications.com), [www.q1communications.com](http://www.q1communications.com), and [www.voiptelecomusa.com](http://www.voiptelecomusa.com), that outlines the CTS services offered, terms and conditions of service and pricing.

## ***Exhibit E***

### ***Customer Notices***

Please note, although Applicant is authorized to utilize the d/b/a "BlueRidge Telephone Systems, the Applicant does not currently have any Ohio customers that receive service under that name.

### **NOTIFICATION**

Beginning on January 1, 2008, the prices, service descriptions, and the terms and conditions for long distance services that you are provided by NOS Communications, Inc. will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. NOS Communications, Inc. must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in a Service Guide online at [www.nos.com](http://www.nos.com) or you can request a copy of this information by contacting us at: 888-570-4667, or by writing to: NOS Communications, Inc., 4380 Boulder Highway Las Vegas, NV 89121.

Since long distance services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call NOS Communications, Inc. at the toll free number 888-570-4667 or visit us at [www.nos.com](http://www.nos.com). You may also visit the consumer information page on the PUCO's website at [puco.ohio.gov](http://puco.ohio.gov) for further information.

Sincerely,  
NOS Communications, Inc.

### NOTIFICATION

Beginning on January 1, 2008, the prices, service descriptions, and the terms and conditions for certain telecommunication services that you are provided by International Plus will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

This modification affects all of our intrastate long distance services and our wholesale long distance services.

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. International Plus must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in a Service Guide online at [www.ipmobileservices.com](http://www.ipmobileservices.com) or you can request a copy of this information by contacting us at: 877-264-7264, or by writing to: International Plus, 4380 Boulder Highway, Las Vegas, NV 89121.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call International Plus at the toll free number 877-264-7264 or visit us at [www.ipmobileservices.com](http://www.ipmobileservices.com).

Sincerely,  
International Plus
