Columbus, OH 43215-3793

**Construction Notice**  
**West Medina-West Akron 138 kV Transmission Line**  
**Pole Relocation at State Route 42 and Sleepy Hollow Road**  
**Case No. 08-~~204~~-EL-BNR**

176

Dear Ms. Jenkins:

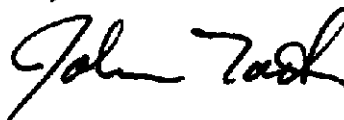

In the above mentioned case, a typographical error occurred on the name of the transmission line involved with the pole relocation. The error occurred on the letters to the officials and on the Exhibit 1, naming the officials. For your convenience a new Exhibit 1 and letters to the officials are attached.

The typographical error in the document was corrected on the letters that were sent to the public officials.

The new page Exhibit 1 and letters to the officials should be amended to the existing West Medina-West Akron 138 kV Transmission Line Pole Relocation at State Route 42 and Sleepy Hollow Road, Case No. 08- -EL-BNR.

Should the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (330) 384-4564.

Sincerely,

John T. Toth, Associate Transmission Engineer  
Energy Delivery Technical Services  
FirstEnergy Service Company

**Case No. 08-~~103~~ -EL-BNR**  
**176**

Dear Commissioner Ray,

In the above captioned project, American Transmission Systems, Inc. ("ATSI"), a subsidiary of FirstEnergy Corp., is proposing to relocate one pole 55 feet west from an existing pole that is interfering with the installation of a new sewer line being installed as part of the Medina County Sanitary Engineer's State Route 42 Pearl Road Sanitary Sewer Project. The Project is located in Brunswick Hills Township, Medina County, Ohio.

In accordance with the provisions of Ohio Administrative Code ("OAC") Rule 4906-1-01, this project falls within the Ohio Power Siting Board's requirements for a Construction Notice ("CN"). Therefore, in compliance with OAC 4906-11-02 of the OPSB's Rules and Regulations, we have prepared and filed the attached CN with the OPSB for their review and approval. The CN contains a description of the project and is provided for your information.

I'll be glad to answer any question concerning this matter. You can contact me at (330) 384-4564.

Sincerely,

John Toth, Associate Transmission Engineer  
Energy Delivery Technical Services  
FirstEnergy Service Company
