

### 3.4 Installation Rates (Continued)

#### 2. Central Office Line Connection Charge

Per line or central office telephone number worked on, but not limited to the following:

Initial – Tier 1 Core	(N)
i. Central Office lines each	
Current Rate - \$6.50	
Maximum Rate - \$6.50	
Subsequent – Tier 1 Non Core	
j. Central Office lines each	
Current Rate - \$6.50	
Maximum Rate - \$13.00	

#### 3. Travel Charge Charge

One charge applies for all work ordered and requested to be completed at the same time on the same premises.

Initial – Tier 1 Core - \$10.50	(N)
Subsequent – Tier 1 Non Core:	
Current Rate - \$10.50	
Maximum Rate - \$21.00	
	(D)

- b. A service charge will be billed to the customer where the service difficulty or trouble is found to be caused by customer provided equipment. The actual hours involved at existing labor rates, plus expenses (i.e. vehicle costs and materials) utilized by the company will be charged for any required tests and/or premise visits

Note: Rates for Tier 1 Core services are capped at current rates. Rates for Tier 1 Non-Core services are capped at current rates until June 23, 2008. After June 23, 2008, Tier 1 Non-Core rates can be increased to a maximum cap of double the initial rate, other than the second local exchange access line and call waiting, which are limited to a ten percent increase per year until they cap at double the initial rate. This pricing flexibility is in accordance with O.A.C. 4901: 1-4 and Alt Reg Case 06-651 TP-ALT effective June 23, 2006.

THE CHAMPAIGN TELEPHONE COMPANY

Urbana, Ohio

Section No. 3  
Original Sheet No. 28

P.U.C.O. No. 5

3.5 Long Distance Toll Foreign Exchange & Private Line, Telephone Service

(N)

3.51 Rate Applicability

Long distance toll charges apply to all completed calls between the Company's exchange area and other telephone exchange areas.

3.52 Concurrence in Other Tariffs

Information as to charges and rates for the service referred to below, will be furnished to any customer upon application at its local business office(s).

This Company has connections with the toll lines of The Ohio Bell Telephone Company and the American Telephone & Telegraph Company. All messages routed via the lines of either of these companies are subject to the rules, regulations and tariffs provided for in the schedules of such telephone companies filed with the Public Utilities Commission of Ohio and the Federal Communications Commission. Toll calls made over this company's lines shall command the same rates as those of The Ohio Bell Telephone Company for similar distances.

The Champaign Telephone Company assents to, adopts and concurs in the Foreign Exchange Service, filed with The Public Utilities Commission of Ohio by The Ohio Bell Telephone Company, hereinafter called the issuing company, as such tariff now exists, or as it may be revised, added to or supplemented by superseding sheets, or issues, for such foreign exchange service furnished jointly by the issuing Company and the concurring company (including such service as is also participated in by one or more other companies), and hereby makes itself a party thereto and obligates itself to observe each and every provision thereof.

The Champaign Telephone Company assents to, adopts and concurs in the Private Line Tariff filed with The Public Utilities Commission of Ohio by The Ohio Bell Telephone Company, hereafter called the issuing Company, as such tariff now exists, or as it may be revised, added to or supplemented by superseding sheets or issue, for private line services and channels furnished jointly by the issuing company and the concurring company (including such services and channels as are also participated in by one or more other companies), and hereby makes itself a party thereto and obligates itself to observe each and every provision thereof.

Issued: September 29, 1982

Effective: November 1, 1982

In accordance with Order No. 81-736-TP-AIR, issued

By The Public Utilities Commission of Ohio.

Issued by Jack W. Read, President, Urbana, Ohio.

### 3.6 Central Office - Special Features (Continued)

#### 3.612 Rate – Tier 1 Core

(N)

- a. Touch Call service is subject to the regulations, rates and charges applicable to other types of subscriber service. Touch Call rates and charges have been included in the basic local service rate for all customers subscribing to the service after January 23, 2006. Existing rotary customers will have this service grandfathered.

### 3.62 Custom Calling Services

3.621 Custom Calling Services is an optional telephone service arrangement which provides one or more of the following features.

- a. Call Forward Basic - Allows a customer to automatically transfer all incoming calls, during the period of time this feature is activated, to another telephone.
- b. Call Forward No Answer - Allows a customer to forward incoming calls to another telephone when the called number has not answered after a specified number of rings.
- c. Call Forward Busy - Allows the customer to have calls forwarded to another telephone when the called telephone is busy.
- d. Call Transfer - allows the customer to talk on a call then transfer it to another number. This feature will work on originating as well as terminating calls.

Note: Rates for Tier 1 Core services are capped at current rates. Rates for Tier 1 Non-Core services are capped at current rates until June 23, 2008. After June 23, 2008, Tier 1 Non-Core rates can be increased to a maximum cap of double the initial rate, other than the second local exchange access line and call waiting, which are limited to a ten percent increase per year until they cap at double the initial rate. This pricing flexibility is in accordance with O.A.C. 4901: 1-4 and Alt Reg Case 06-651 TP-ALT effective June 23, 2006.

### 3.6 Central Office - Special Features (cont'd)

#### 3.62 Custom Calling Services (cont'd)

##### 3.621 Custom Calling Services (cont'd)

- e. Three-Way Calling - Enables a customer to add a third party to an established connection without operator assistance. The third party may be called by the subscriber initiating the Three-Way Calling on either a local or long distance basis.
- f. Speed Calling - Provides for the calling of a 7 or 10 digit telephone number by dialing an abbreviated code. Two arrangements are available, an 8 number capacity and a 30 number capacity.
- g. Call Waiting - Provides to the customer already on an existing call, with a tone signal indicating that another call is waiting to be completed. The customer may then hold the present call and talk on both calls alternately. This feature also includes cancel call waiting, which can be activated before or during a call, for that call only. The calling party would then hear a busy tone.
- h. Distinctive Ringing - Provides the single line customer the ability to assign up to four separate directory numbers (one primary and three secondary) to a single line. Incoming calls to the separate directory numbers can be identified by a distinctive ringing cadence. (N)
- i. Distinctive Ringing Selective Call Forwarding - Provides additional flexibility to Distinctive Ringing Service. Call Forward can be implemented on the secondary directory numbers. Calls from any of the directory number can be forwarded simultaneously as well as independently from the primary directory number or any of the other secondary numbers. Call Forward for secondary directory numbers is accomplished by use of a personal identification number issued by the telephone company.
- j. Call Forward Remote Activation - Allows the subscriber to activate or deactivate Basic Call Forward or to change the forward - to destination when they are at a remote location.

(N)

## 3.6 Central Office - Special Features (cont'd)

## 3.62 Custom Calling Services (cont'd)

## 3.621 Custom Calling Services (cont'd)

- k. Single Line Intercom Package - Offers three separate services to the residential or single line business customer who has multiple extensions. The package includes: (1) Single Party Intercom which allows the subscriber to initiate internal conference calls, (2) Distinctive Ringing Alerting creates a distinctive ringing for each extension allowing calls to be readily transferred to the appropriate extension, (3) Call Hold permits the customer to put a call on hold then to continue the conversation on the same extension or another extension.

Per Line

Michael W. Conrad, President  
Urbana, Ohio

### 3.6 Central Office - Special Features

#### 3.623 Custom Calling Package

- a. All custom calling features as described in section 3.62 preceding as well as touch call dialing as described in section 3.61 preceding may be subscribed to in a package of four (4) at lower rates.
- b. The customer may select the features to be installed on their line. For each three (3) features that the customer chooses they will be able to choose a fourth at no additional cost.
- c. When a customer selects less than three features they will pay for these features at the rate as set forth in 3.622 preceding.
- d. Predetermined packages previously in this section have been deleted with the exception of Custom Call Package # 2 and Custom Call Package # 6. These two packages are being grandfathered.

Custom Call Package # 2 contains Touch Call, Call Waiting, Call Forward Basic, 3-Way Calling and Speed Calling 8 Codes at a discounted cost of \$ 5.75.

Custom Call Package # 6 contains Touch Call, Call Forward Basic, 3-Way Calling and Speed Calling 8 Codes at a discounted cost of \$ 4.25.

(N)

As of August 30, 2005, the Custom Calling Package will no longer be available for subscription. Current subscribers to the Custom Calling Package will be "grandfathered" and allowed to keep the package. Once current customers disconnect the Custom Calling Package, they will not be able to re-subscribe to it. Customers will be informed at the time of disconnection that they will not be able to re-subscribe to the package.

#### 3.624 Conditions

- a. Custom Calling Services are available only where the individual line service is provided by an exchange central office with electronic switching system equipment. The number of Custom Calling Services features available depends upon the electronic exchange central office providing the service.

3.63 Optional Service Enhancements3.631 General & Rates

Optional Service Enhancements is a telephone service arrangement which provides one or more of the following features:

- |  | <u>Monthly Rate</u> |
|--|---------------------|
| a. Automatic Line  | \$ .50 per line     |
| A designated number is automatically called when the calling party takes the receiver off the hook.  |                     |
| b. Cutoff on Disconnect  | .50 per line        |
| This option is required by some answering devices to stop the recording if the calling party hangs up before the answering cycle is completed.   |                     |
| c. Denied Origination  | .50 per line        |
| A line where a subscriber may receive calls only with no ability to originate calls (local exchange or toll).  |                     |
| d. Denied Termination  | .50 per line        |
| A line where a subscriber may originate calls only with no ability to receive calls (local exchange or toll).  |                     |
| e. Intercom (single-party revert calling)  | .50 per line        |
| Allows the use of subscriber's station(s) as an intercom on private line service by dialing a sequence of numbers.   |                     |
| f. No Double Connect   | .50 per line        |
| This line won't be connected to a verification or test circuit when the line is in use, due to the destruction the circuits can cause to data transmission and other such types of transmission. |                     |

Issued: December 27, 1982Effective: December 29, 1982

In accordance with Order No. 82-1508-TP-ATA, issued  
By The Public Utilities Commission of Ohio.  
Issued by Jack W. Read, President, Urbana, Ohio.

3.63 Optional Service Enhancements (cont'd)

3.631 General & Rates (cont'd)

- g. Toll Denial \$ .50  
per line

This line will be denied the ability to place toll calls.

- h. Overflow Register \$2.75  
per line/  
per report

A computer printout record provided to the subscriber recording the number of calls that were attempted but not completed due to the subscriber's line being in use. Available daily, weekly or monthly (during normal working hours).

- i. The warm line feature (WML) is basically a time delayed automatic line. \$ .50  
per line

If a subscriber with a warm line feature goes off hook and dials within the time delay period, the call will proceed normally. If dialing has not started before the end of the time delay period, the call is treated as an automatic line (hot line), with the predetermined number being dialed.

- j. Selective Toll Blocking \$1.50 (N)  
per line

Allows the subscriber to control the origination of calls from their telephone by means of a personal identification number (PIN). A subscriber's line would be denied toll origination without the use of the PIN. (N)

3.632 Optional Service Enhancements Installation Charges

- a. The appropriate charges specified in section 3.4 are applicable (i.e., Service Order Charge, Central Office Line Connection Charge, etc.) when options are elected after installation or change of basic service.
- b. When optional services are elected simultaneously with the installation of basic service, no installation charge will apply.

3.633 Conditions

- a. Optional Service Enhancements are available only where the individual line service is provided by an exchange central office with electronic switching system equipment. The number of Optional Service Enhancements available depends on the electronic exchange central office providing the service.
- b. Optional Service Enhancements will not be provided on foreign exchange service.

(N)

3.634 Direct Inward Dialing

Direct inward dialing service provides the central office switching equipment necessary for inward dialing directly to the telephone stations served by the switching equipment (PABX) located on the customer's premises. Non-recurring and recurring charges, Section 3.4 and 3.2 respectively, for trunk installation will apply in addition to the following.

(N)

(T)

a. Direct Inward Dialing (1 Way)

A call placed through a 1 Way trunk directly to a PABX station without help from the PABX operator. Available only with compatible PABX'S.

Monthly Rate \$22.25 per line

b. Direct Inward Dialing (2 Way)

A call placed directly to/from a PABX station without the help of the PABX operator. This would be accomplished on subscriber's trunks capable of handling both incoming & outgoing calls. Available only with compatible PABX's.

Monthly Rate \$27.30 per line

(T)

(N)

c. Direct Inward Dialing Number Charge

This charge will be applied per block of 10 numbers. This charge is in addition to the trunk charge and will carry a non-recurring charge per order per 100 lines.

Monthly Rate \$2.00 per block

Nonrecurring Charge \$155.00 per order per 100 lines

(N)

### 3.7 Directory Listings

(N)

#### 3.71 General

The regulations in this section apply in connection with the primary alphabetical directory. The alphabetical directory is a list of names of subscribers, and others for whom directory listings are provided designed solely for the information of calling parties. Alphabetical listings are, therefore, limited to information which is essential to the identification of the listed party; arrangements of names designed to be of advertising value are not permitted, nor is any form of listing permitted which, in the judgment of the Utility, does not facilitate the use of the directory, or is otherwise objectionable or unnecessary for purposes of identification.

Except in connection with "Reference Listings" and "Informational Lines", alphabetical listings consist of a name, the address of the premises upon which the service is located and the telephone number; as an aid in identification, business listings will contain a designation descriptive of the general character of the listed party's business.

Exception: In those cases in which the listed name clearly indicates the business, no designation will be included.

The Company has the right to limit the length of any listing to one line in the directory by the use of abbreviations when in its judgment, the clearness of the listing or the identification of the subscriber is not impaired thereby.

Listings are regularly provided in connection with all classes of exchange service except public telephone service.
