1. Application of Intrastate Tariff

This Tariff contains the rules, regulations and rates for intrastate long distance services offered to customers of Quality One Technologies d/b/a Columbus Grove Long Distance d/b/a q1 Long Distance (Company).

(T)

2. Liability of the Company

(A) The Company shall be indemnified and held harmless by the Customer against:

- (1) Claims for libel, slander, infringement of copyright or unauthorized use of any trademark, trade name or service mark arising out of the material transmitted over the Company's facilities; and
- (2) Claims for patent infringement arising from combining or connecting the Company's facilities with apparatus and systems of the Customer; and
- (3) All other claims arising out of any act or omission of the Customer in connection with any service provided by the Company.

(B) The Company shall be indemnified and held harmless from any and all loss, claims, demands, suits, or other action, whether suffered, made, instituted, or asserted by the Customer or by any other party or persons, for any personal injury to, or death of any person or persons, and for any loss, damage, defacement or destruction of the premises of the Customer or any other property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use that is not the direct result of the Company's negligence. No agents or employees of other carriers shall be deemed to be agent or employees of the Company.

(C) The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission occurring in the course of furnishing service, and not caused by the negligence of the Company, shall in no event exceed an amount equivalent to the proportionate charge to the Customer for the period during which the call was affected. No other liability shall in any case attach to the Company.

2. Liability of the Company (Continued)

- (D) The Company and/or Customer shall not be liable to the other for any failure of performance due to causes beyond its control including fire, flood, epidemic, earthquake, other acts of God, explosion, strike or other labor disputes, riot or civil disturbance, war (whether declared or undeclared) or armed conflict, failure of common carrier or "carrier's carrier" or municipal ordinance, any state or federal law, governmental order or regulation or order of any court, or any other occurrence not within the control of Carrier or Customer, as the case may be.
- (E) Approval of limitation of liability language by the PUBLIC UTILITIES COMMISSION OF OHIO does not constitute a determination by the Commission that the limitation of liability imposed by the company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.

3. Use of Service

Intrastate Long Distance Message Telecommunications Service (LDMTS) may only be used to transmit communications of the customer and authorized users in a manner consistent with the terms of this tariff and the policies and regulations of the Federal Communications Commission (FCC) and local authorities having jurisdiction over the service. It is the responsibility of the Customer to guard and protect against any unauthorized use of any Company issued codes to which billing may be charged.

4. Payment Arrangements

(A) Payment for Service

The Customer is responsible for the payment of all charges for services furnished to the Customer.

(B) Taxes and Other Surcharges

Customer shall pay all sales, use, gross receipts, excise, access, or other Local, State and Federal taxes, charges or surcharges, however designated, imposed on or based upon the provision, sale or use of the Services (excluding taxes on Company's net income). Such taxes shall be separately stated on the applicable invoice.

Usage charges and other charges shall be billed as incurred, and will be due no later than thirty (30) days after the date of the invoice. State and Federal Government agencies may be billed in arrears.

In the event that Company's computerized usage recording system fails or is otherwise unavailable for all or part of any billing period, Company shall be entitled to make a reasonable estimate of Customer's usage of Services in the period in question for billing purposes.

(D) Billing Disputes

In the event of a dispute between a Customer and Company regarding charges billed by Company, Company will investigate the particular case and report the results thereof to the Customer. During the period that the disputed amount is under investigation, Company will not pursue any collection procedures or assess late fees with regard to the disputed amount. The Customer shall be required to pay the undisputed part of the bill, and if not paid, Company may discontinue service.

(E) Deposits

To safeguard its interests, before a service is furnished, Company may require a Customer to make a deposit to be held as a guarantee for the payment of charges. 5. Application of Rates

(A) Long Distance Message Telecommunications Service (LDMTS)

Long Distance Message Telecommunications Service (LDMTS) is offered on a Direct Distance Dialed basis or an Operator Assisted basis. The rates are specified in Sections 8 and 10 following.

The measured usage rate for Intrastate LDMTS will depend on whether the call terminates within the Toledo LATA (an "intraLATA" call) or terminates elsewhere within the State of Ohio (an "interLATA" call).

The measured usage rates for Intrastate LDMTS will depend on the time periods in which the call occurs. The rates are charged in increments of an initial rate period and additional minute rate period. The initial rate period is for connections of one minute or any fraction thereof. Each additional minute is billed on a per minute of use or any fraction thereof that the connection continues beyond the initial rate period. If a call is initiated in one rate period, and continues into another rate period, the per minute charges will change accordingly for any full minutes occurring in the next rate period. The rate schedules in Sections 7(A) and 7(B) following are time-of-day sensitive. The rates are divided among day, evening, and night rate periods. Volume discounts may apply depending on usage.

The unit of measure used for timing of messages is one minute increments.

Fractional rates will be rounded to the nearest penny using the conventional rounding method.

(B) Promotional Rates

The Company may offer discounted promotional rates for one or more of its services to increase customer awareness and/or customer usage of these services. Promotions are limited to (1) reductions in the monthly recurring charges and/or non-recurring charges for these services or, (2) waiver of monthly recurring charges and/or non-recurring charges for these services.

The discounted usage rates would be no lower than the LDMTS Night Rate that would be in effect at that time. Promotional rates will be effective for one or more days not to exceed one billing period in a calendar year.

### **Intrastate Long Distance Services Tariff**

Quality One Technologies, Inc. d/b/a FairPoint Long Distance ("FairPoint") has deleted all of the provisions from its Intrastate Long Distance Services Tariff (the "LD Tariff") and added a) the general MTSS reference pursuant to the September 26, 2007 Entry in Case No. 05-1102-TP-ORD and b) an explanation that residential and business long distance services have been detariffed, with direction to call the Applicant if the Customer wishes to view or receive a paper copy of such information.

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe.

FairPoint must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in a guidebook a copy of which you can request by contacting FairPoint by calling 800-400-5568.

This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call FairPoint at the toll free number 800-400-5568. You may also visit the consumer information page on the PUCO's website at [puco.ohio.gov](http://puco.ohio.gov) for further information.
