EXHIBIT C

Description of and Rationale for Tariff Change

Revise remote call forwarding to differentiate between 1st Path (Non-recurring charge of \$100.00 and Monthly recurring charge of \$30.00) and any additional Path (Non-recurring charge of \$75.00 and Monthly recurring charge of \$25.00). A \$0.08 per local call forwarded charge has been added to this feature.

Add a month to month plan to the ISDN-PRI, Integrated Access, and Channelized T-1 service offerings. Customers whose term plans expire and do not want to sign a new term plan would have the option of resigning another term agreement or converting to a month to month plan.

Add new Service Order Charge. A non-recurring charge will apply for service changes made to customer account.
