To Whom It May Concern

March 20, 2008

On February 15, 2006, the said motor vehicle was stopped, Unit 391 (Unit #1), 623 (Unit #2), case number OH3274004506D as stated in this letter dated March 27, 2006. The day before the same motor vehicle was stopped at the route 77 South Rest Area in Richfield, Ohio. After an officer inspected the motor vehicle, he told us to have the mechanic change 2 right rear tires and tighten the U-bolts on the rear end. After we did the repairs, he said we could go. It became too late to deliver the load, so we left the truck in Richfield that night. After we delivered the load the next day, we were stopped again by a different Officer as the truck was going to the repair garage. He informed us that the repairs the previous officer told us to do was not sufficient enough to move the truck. But the truck had to return to the garage for repairs to be done properly.
