B. Hunting Enhancement

1. For an additional charge, customers subscribing to two or more Business Complete Connection Packages have the option to add hunting service at the rates found in Paragraph II.C. The terms and rates for the hunting service which can be found in the Exchange Rate Tariff, PUCO No. 3 and in this tariff, Section 34, will continue to apply to telephone lines which are not part of the hunting arrangement associated with the Business Complete Connection Packages. (C)
2. Each telephone line associated with this hunting arrangement must be equipped with one of the Business Complete Connection Packages. (C)
3. The customer is required to pre-determine the telephone lines that are to be a part of the hunting arrangement. A hunting service will be placed on every telephone line in the hunting arrangement. This will enable the Central Office to search in a pre-determined sequence for an available idle line in a pre-established group of lines. (C)
4. To accommodate the provisioning of this hunting arrangement, the Call Waiting Service as outlined in paragraph II.A.1, cannot be activated on the telephone lines which have been chosen by the customer to be part of the hunting arrangement, except for the last line. Also, the Voice Mail Support Service, as outlined in paragraph II.A.1, will not be activated on any of the telephone lines which are involved in the hunting arrangement.
5. The telephone lines that are part of the hunting arrangement must be served from the same central office and furnished to the same customer.
6. Multi-line hunting and circular hunting are not available with this arrangement.
7. The hunting service, as it is associated with the Business Complete Connection Packages is only available to customers who are served out of appropriately equipped central offices. (C)

CALL FORWARDING DELUXE SERVICE

A. GENERAL

1. Call Forwarding Deluxe Service ("CFD") provides the capability to forward incoming calls to numbers that are unable to utilize the standard call forwarding feature. Call Forwarding Deluxe is primarily designed to forward calls made to DID and DID-type service numbers. However, the service may be utilized on any type of telephone line, trunk and/or channel.
2. Call Forwarding Deluxe is offered subject to the following limitations:
 - a. It may be provided only when compatible with the equipment configuration at the customer's premises.
 - b. It will be provided only where Telephone Company central office and network facilities required to provide Call Forwarding Deluxe are already in place.
 - c. When calls are being forwarded intra-office, the number of calls that can be forwarded simultaneously is equal to the number of trunks in the customer's system that are arranged to receive calls and are equipped to provide the Call Forwarding Deluxe feature.
 - d. When calls are being forwarded inter-office, the number of calls that can be forwarded simultaneously is equal to the number of trunks in the customer's system that are arranged to receive calls and are equipped to provide the Call Forwarding Deluxe feature.

B. RATES AND CHARGES

	<u>Initial Charge</u>	<u>Monthly Charge</u>	<u>USOC</u>
Per Individual Number	\$ 30.00	\$ 10.00	WZEA2
Per Number Block (See Note 1)	60.00	20.00	WZEA8

Note 1: This charge applies only when Call Forwarding Deluxe is associated with a complete block of DID numbers (twenty numbers) or Centrex numbers (ten numbers). Any other combination of numbers will be billed at the individual number rate.

CASH BACK PROGRAM FOR BUSINESS CUSTOMERS

A. Description

The Cash Back Program provides business customers with the opportunity to receive a cash back rebate based on their growth in spending on CBT regulated services. The amount of the rebate is determined by calculating the customer's growth in spending over a 12-month period.

B. Terms and Conditions

To qualify for the program business customers must have at least 12 months billed CBT recurring charges. Customers must also have had at least 50% of their local telephone service with CBT during the previous 12 months.

Included in the calculation of the rebate amount are all recurring charges for regulated, tariffed services.

Excluded from the calculation of the rebate amount are one-time charges, equipment costs, taxes, late fees and mandated charges.

Rebates will be mailed to customers in the 13th month from the date the customer agreed to participate in the program.

The maximum rebate is 10% annually (this requires 50% growth)

The minimum rebate is \$50. No rebate will be paid if the Cash Back rebate calculation produces a dollar figure less than \$50. There are no penalties if a customer does not meet the minimum 10% growth rate.

C. Calculation

A customer's growth in spending is calculated by determining the difference between the revenue billed during the 12-month cash back period and the revenue billed during the twelve months prior to the cash back period (the base). The difference is then divided by the base, which produces the growth percentage. The percentages associated with specific growth percentages (see chart below) are then used to determine the amount of the rebate.

The customer's rebate reflects a percentage of all recurring charges billed during the 12-month cash back period according to the following scale:

<u>If growth percentage is:</u>	<u>Rebate equals recurring charges billed during the 12-month cash back period multiplied by:</u>
< 10%	0%
>= 10% but < 20%	1%
>= 20% but < 30%	3%
>= 30% but < 40%	5%
>= 40% but < 50%	7%
>= 50%	10%

ABBREVIATED DIALING SERVICE

A. GENERAL

Abbreviated Dialing Service is a four-digit local dialing arrangement following a # sign (#XXXX). This is an offering for business subscribers to allow their customers to dial an abbreviated code instead of the standard required number of digits.

B. TERMS AND CONDITIONS

1. Abbreviated Dialing numbers (maximum of 10 numbers per customer) can be held for up to 30 days prior to the customer ordering the Abbreviated Dialing service. At the end of the 30-day period, the customer must either a) order the Abbreviated Dialing service, b) reserve the Abbreviated Dialing number and be billed the monthly charge for the Abbreviated Dialing number, or c) relinquish the Abbreviated Dialing number.
2. Reservation or assignment of Abbreviated Dialing codes (maximum of 10 numbers per customer) will be conducted on a first-come-first-serve basis. If the number of requests for Abbreviated Dialing service codes received exceeds the number of service codes available, a lottery will be conducted by randomly selecting and listing in order of selections of all the customers entered in the lottery. The first customers selected will be assigned the Abbreviated Dialing numbers. The remaining customers will be entered on a waiting list in the order of selection of the lottery. This waiting list will determine the order in which customers will be entitled to receive surrendered, disconnected and/or new Abbreviated Dialing numbers as they become available. Customers will be billed the monthly recurring charge immediately following the assignment of the Abbreviated Dialing number.
3. Reservation and assignment of the Abbreviated Dialing code will be conducted on a first-come-first-serve basis. If an Abbreviated Dialing number is requested by multiple customers and contracts for that Abbreviated Dialing number are signed by these customers on the same day, the lottery process specified in 2. preceding will be conducted to determine the customer who shall receive the Abbreviated Dialing code in question.
4. Following assignment of the Abbreviated Dialing code, the provisioning date must be within 30 days of the date the Abbreviated Dialing number is assigned to the customer. The Abbreviated Dialing customer will be billed the nonrecurring charge when the service is provisioned by the Company.
5. If during the period between assignment and provisioning, the Abbreviated Dialing customer has failed to establish service or decides to discontinue service establishment, the Abbreviated Dialing number will be recalled and the number will be available for reassignment as specified in 1. or 2. preceding. If the network has been provisioned for the customer, the nonrecurring charge will not be refunded.

ABBREVIATED DIALING SERVICE

B. TERMS AND CONDITIONS (Continued)

6. Abbreviated Dialing is furnished subject to the availability of Abbreviated Dialing numbers.
7. Abbreviated Dialing is limited where facilities are available and where facilities permit.
8. Only business customers within CBT's in-territory operating area (excludes out of territory exchanges, e.g. Mason exchange) can subscribe to Abbreviated Dialing Service.
9. In order for access line customers of another telephone company to access the Abbreviated Dialing code, special arrangements may need to be made.
10. Abbreviated Dialing customers should work with cellular companies to determine whether cellular customers will be able to reach services provided by dialing an Abbreviated Dialing number. The Abbreviated Dialing customer may be required to enter into a contractual agreement with the cellular company to provide 4-digit access service.
11. Access to Abbreviated Dialing service is not available to the following types of service:
 - Public
 - Customers calling from PBX systems (e.g., Hotels, Hospitals)
 - 1+
 - 0+, 0- (Credit Card, Third Party Billing, Collect Calls)
 - Inmate Service
 - 101XXXX
12. Directory listings may be provided for Abbreviated Dialing service subject to rates and regulations for Additional Listings in Section 6 of this tariff.
13. Local measured rate service charges will be applicable for those customers with measured rate service who call Abbreviated Dialing service.
14. Abbreviated Dialing customers are restricted from selling or transferring the Abbreviated Dialing number.

ABBREVIATED DIALING SERVICE

B. TERMS AND CONDITIONS (Continued)

15. Use of Abbreviated Dialing is subject to possible recall of the Abbreviated Dialing code by the Federal Communications Commission (FCC) or other authorized agency for national or public use. The Abbreviated Dialing customer must, prior to provisioning of the service, sign a written acknowledgement of this condition and an agreement to return the code upon receipt of 6 months written notice of such a recall from the Company and abide by any subsequent rule which may be identified by the FCC in Docket 92-105 or subsequent dockets addressing number administration regarding the use and return of such Abbreviated Dialing numbers. In the event of recall by the FCC or other authorized agency, the Company will work with all Abbreviated Dialing customers affected by the recall to transfer their service arrangements, if technically and economically feasible at the time, to another Abbreviated Dialing arrangement, and if not feasible, to the standard local dialing arrangement within the 6-month notice period. The Abbreviated Dialing customer will not be charged for the establishment of another Abbreviated Dialing arrangement as a result of this recall.
16. In no way shall the Company be liable for any losses or damages of any kind resulting from the unavailability of its equipment or facilities or any other act, omission or failure of performance by the Company, or its employees, or agents, in connection with this Tariff. The Company shall not be responsible for calls that cannot be completed as a result of repair or maintenance difficulties on Company facilities or equipment nor on equipment owned or leased by the customer.
17. The Abbreviated Dialing customer shall be liable for, and shall indemnify, protect, defend and save harmless the Company, its employees, and agents, against all suits, actions, claims, demands, and judgments, and of all costs and expenses incurred on account thereof, arising out of and resulting directly or indirectly from the Service or in connection therewith, including, but not limited to, any loss, damage, expense, liability resulting from any infringement or claim of infringement, of any patent, trademark, copyright, or resulting from any claim of libel and slander.
18. The Abbreviated Dialing customer is prohibited from providing programming which involves live group interaction or mass calling which may adversely affect the network.
19. The Abbreviated Dialing Customer shall exclude from any advertisement any matter the dissemination of which is prohibited by law, profane, or offensive. No advertisement shall be used which, because of words, phrases, statements, or illustrations or information omitted therefrom, has the capacity or tendency to mislead or deceive prospective callers as to the nature of any information to be received from the Abbreviated Dialing call.

ABBREVIATED DIALING SERVICE

B. TERMS AND CONDITIONS (Continued)

20. The Abbreviated Dialing subscriber shall respond promptly to all complaints lodged with any regulatory authority against any service provided through the Abbreviated Dialing number. If requested by the Company, the Abbreviated Dialing customer shall assist the Company in responding to complaints made against the Company concerning the customer's Abbreviated Dialing service.
21. The Company shall be authorized to disconnect any tariffed service provided to the Abbreviated Dialing customer utilized, directly or indirectly, with the Abbreviated Dialing which fails to comply with the regulations and conditions set forth herein, upon five (5) days notice to the customer.
22. The Abbreviated Dialing customer will subscribe to adequate exchange facilities to transport the calls to the Abbreviated Dialing customer's premises.
23. Suspension of the service is not applicable for Abbreviated Dialing service.
24. Disconnected Abbreviated Dialing numbers will be available for reassignment after 90 days.
25. Term Payment Plans and Termination Charges
 - a. Abbreviated Dialing is offered under the Variable Term Payment Plan as found in Section 29 and is available for payment plans of 12, 24, 36 and 60 months. The minimum initial service period is 12 months. If service was installed prior to February 1, 2005 and at the end of a payment plan period the customer does not renew for another payment period or does not request discontinuance of service, Abbreviated Dialing will be continued at the then-current month-to-month rates. If the service was installed on or after February 1, 2005 and the customer does not renew for another payment period or elect to discontinue service, the terms and conditions found under "renewal options" in Section 29 will apply.

 - b. Customers who disconnect the Service prior to the end of a 12, 24, 36 or 60-month contract will be subject to termination charges. The termination charge will be equal to all remaining amounts due or to become due, including but not limited to all monthly charges for which customer would have been responsible if the customer had not terminated prior to the end of the applicable 12, 24, 36 or 60-month.
 - c. If nonrecurring charges associated with the installation of the Abbreviated Dialing are waived and the service is then terminated prior to completion of the initial 12, 24, 36 or 60-month service period, the customer will become liable for payment of the waived charges.
 - c. Commission approval of the termination liability for Disaster Redirect Service contracts or arrangements is not intended to indicate that the Commission has approved or sanctioned any terms or provisions contained therein. Signatories to such contracts shall be free to pursue whatever legal remedies they may have should a dispute arise.

211 COMMUNITY INFORMATION AND REFERRAL SERVICES

A. DESCRIPTION

(N)

1. 211 Community Information and Referral Service (211) is a local telephone exchange communications service that allows local exchange end users to reach the 211 service provider (customer) by dialing only the abbreviated dialing code two-one-one (2-1-1)
2. 211 Service is an intelligent routing service that determines the central office serving the calling party, converts the 211 dialed digits to a Routing Telephone Number (RTN), and then uses the RTN to complete the call over the Public Switched Network to a call center designated by the 211 Service customer.
3. 211 Service is an optional service that may be purchased only by Approved Community Information and Referral Service Providers (Provider) for use in providing community information and referral services to the public by way of voice grade facilities. The Public Utilities Commission of Ohio (PUCO), in Order of June 21, 2001 in Case No. 93-1799-TP-COI, required incumbent local exchange carriers in each local calling area to make 211 Service available to Approved Community Information and Referral Service Providers.
4. 211 Service calls cannot be placed from the following types of services:
 - a. 1+ and 0+ Calling
 - b. 0-operator Assisted Calling
 - c. 101XXXX Calling
5. Certain equipment, such as coin telephones and PBXs, may need special programming to allow 211 calling.
6. All 211 Service abbreviated dialing code calls shall be local in nature and shall not result in any IntraLATA toll, InterLATA toll, or pay-per-use charges to Telephone Company subscribers. 211 Service calls will not result in local measured service charges or Community Connection Service charges where Telephone Company subscribers' service plans include such charges as part of their local exchange service.

B. TERMS AND CONDITIONS

1. The Approved Community Information and Referral Service Provider shall make written application for 211 Service to the Telephone Company. The application shall identify all central offices where the provider seeks to offer 211 Service. The Approved Community Information and Referral Service Provider may establish 211 Service in all, some, or none of the Telephone Company's central offices. However, the Telephone Company generally will not provide 211 Service to only a portion of a central office. Generally 211 Service must be provided throughout the entire central office area. Because telephone central office boundaries do not necessarily match the boundaries used by an Approved Community Information and Referral Provider, providing 211 Service for the entire area served by a central office may result in the Approved Community Information and Referral Service Provider receiving calls from geographical areas it does not serve.

B. TERMS AND CONDITIONS (Continued)

2. The 211 Service application must include:
 - a. Acknowledgement that a new application is required if the Approved Community Information and Referral Service Provider desires to change the telephone number to which the 211 abbreviated dialing code is translated.
 - b. The location(s) of the Approved Community Information and Referral Service Provider call center(s) where the 211 calls made from the Telephone Company's exchange(s) will be routed.
 - c. Acknowledgement that the PUCO's assignment of the 211 abbreviated dialing code may be recalled at any time.
3. When the Approved Information and Referral Service Provider makes an application for 211 Service in a Telephone Company central office, the Approved Information and Referral Service Provider shall supply the Telephone Company with a ten (10) digit telephone number for terminating the 211 calls. The Telephone Company will configure its network so that all 211 calls within the central office being served are routed to the provided telephone number. This number must terminate within the local calling area of the wire center being served, or otherwise provide for toll free calling to the Provider. If the Provider desires to route calls outside the local calling area of the wire center being served, the Approved Information and Referral Service Provider shall establish foreign exchange service, a toll free telephone number, e.g. an 800 number, or other means to complete the call without charge to the customer placing the 211 call.
4. The Telephone Company will route 211 Service calls originating from end users on its local exchange network whether the end users purchase service directly from the Telephone Company or from another Local Exchange Carrier (LEC) reselling Telephone Company service.
5. The Telephone Company can only make 211 Service available to end users who are located within the Telephone Company's service area and who are connected to the Telephone Company's network. The Approved Information and Referral Service Provider must make arrangements with the appropriate service provider(s), e.g. other LECs or wireless providers, to establish 211 calling for end users located in areas outside the Telephone Company's serving area or on other networks, e.g. CLEC or wireless networks.
6. 211 Service is provided on the condition that the Approved Information and Referral Service Provider subscribes to termination facilities and lines in sufficient quantities to adequately handle calls to the 211 Service without interfering with or impairing any services offered by the Telephone Company. One path is available for each line subscribed to by the Approved Information and Referral Service Provider.

7. 211 Service does not provide calling number information to the Approved Information and Referral Service Provider. If this type of information is required, the Approved Information and Referral Service Provider must subscribe to a compatible Caller ID service as described in Section 35 of this Tariff.
8. The Approved Information and Referral Service Provider shall develop an appropriate method for responding to 211 Service calls placed in error or due to customer confusion.
9. The Approved Information and Referral Service Provider shall comply with all present and future rules pertaining to abbreviated dialing codes adopted by the Federal Communications Commission in rulemaking proceedings CC Docket No. 92-105, CC Docket No. 00-256, and otherwise, including any and all requirements to relinquish the 211 abbreviated dialing code in the event of a national assignment contrary to that made by the PUCO.
10. The customer obligations and indemnification language of Section 2, B.3 of this tariff are fully applicable to Approved Information and Referral Service Providers ordering 211 Community Information and Referral Services under this section of the tariff.
11. 211 Service is provided solely for the benefit of the Approved Information and Referral Service Provider. Provision of 211 Service by the Telephone Company shall not be interpreted, constructed, or regarded, either expressly or implied, as being for the benefit of creating any Telephone Company obligation toward any third person or legal entity other than the Approved Information and Referral Service Provider.
12. The Approved Information and Referral Service Provider is responsible for obtaining all necessary permissions, licenses, written consents, waivers, releases and all other rights from all persons whose work, statements, or performances are used in connection with the 211 Service, and from all holders of copyrights, trademarks, and patents used in connection with said service.
13. The Telephone Company reserves the right to discontinue service in accordance with Section 2, D.9 of this tariff.
14. A minimum service period of one month applies to 211 service.

C. OBLIGATIONS AND LIABILITY OF THE TELEPHONE COMPANY

1. The Telephone Company shall provide 211 Service within thirty (30) days of receipt of the Approved Information and Referral Service Provider's completed application(s) for service.
2. The Telephone Company does not undertake to answer and forward 211 Service calls but furnishes the use of its facilities to enable the Approved Information and Referral Service Provider to respond to such calls at the Approved Information and Referral Service Provider's established call centers.
3. When a 211 Service call is placed by the calling party via interconnection with an interexchange carrier, the Telephone Company cannot guarantee the completion of the 211 Service call, the quality of the call, or any features that may otherwise be provided with 211 Service.
4. The rates charged for 211 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, or malfunctions in service, nor does the Telephone Company undertake such responsibility. The Approved Information and Referral Service Provider shall make such operational tests as, in the judgment of the Approved Information and Referral Service Provider, are required to determine whether the Telephone Company's facilities are functioning properly for the Provider's use. The Approved Information and Referral Service Provider shall promptly notify the Telephone Company in the event it believes that the Telephone Company's facilities are not functioning properly.
5. The Telephone Company's liability with respect to 211 Service shall be limited to the terms set forth in Section 2, B. of this tariff.
6. The Commission's assignment of and the Approved Information and Referral Service Provider's use of the 211 abbreviated dialing code is subject to preemption by the Federal Communications Commission. The Telephone Company shall not be liable to the Approved Information and Referral Service Provider for any damages that may be incurred or result from national assignment of the 211 abbreviated dialing code.

D. RATES AND CHARGES

1. The following nonrecurring charges apply to establish and/or change 211 Service. These nonrecurring charges are in addition to any other rates and charges applicable to the associated service, equipment, and facilities used to provide 211 Service.

<u>Service Description</u>	<u>Tier Classification (Note 1)</u>	<u>Nonrecurring Rates</u>	<u>USOC</u>
a. Central Office Charge, per central office equipped:	1-Noncore	\$ 130.00	WZEJ1
b. Routing Telephone Number Change Charge, per telephone number:	1-Noncore	32.00	WZEJ2
c. Serving Arrangement Change Charge, per central office equipped:	1-Noncore	130.00	WZEJ3

Note: The Serving Arrangement Change Charge applies to any revision to the 211 Service other than changing the Routing Telephone Number.

2. 211 Service does not result in any additional monthly charges. Rather, the applicable monthly charges are the charges associated with the service, equipment, and facilities used to provide 211 Service. 211 Service subscribers will pay the standard tariff rates or appropriate contract rates for the local exchange services used for transporting and terminating calls to the Approved Community Information and Referral Service Provider's call center(s).

Note 1: Rates for Tier 1-Noncore services are capped at current rates until July 1, 2006. After July 1, 2006, Tier 1-Noncore rates can be increased to a maximum cap of double the initial rate, other than the second local exchange access line and Call Waiting, which are limited to a ten percent increase per year until they cap at the double initial rate. This pricing flexibility is in accordance with O.A.C. 4901:1-4 and Alt Reg Case No. 04-720, effective July 1, 2004.

BUSINESS SERVICE PACKAGES

B. TERMS AND CONDITIONS

1. The components of the Business Service Packages are not to be split among multiple Customers or locations.
2. The initial minimum service period for the Total Access bundles is 12 months.
3. If a Customer disconnects any of the services included in a Business Service Package they will continue to be responsible for the entire monthly rate of the package.
4. Business Service Packages are offered under the Variable Term Payment Plan. Conditions and regulations pertaining to the variable term payment plan are contained in Section 29 of this tariff. The term payment plans available for the Total Access bundles are 12, 24 or 36-months. The term payment plan for the Full Access bundles is 36 months.
5. If a customer who is currently under a term payment plan, wishes to upgrade to a larger bundle, they may do so without incurring termination charges or nonrecurring charges. The customer will be required to choose a term payment plan that is equal to or greater than their current term payment plan.
6. If a Customer terminates service, without cause, prior to the expiration of the term, the Customer will pay to CBT a termination charge equal to all remaining amounts due or to become due, including but not limited to all monthly charges for which Customer would have been responsible if the customer had not terminated prior to the end of the applicable term payment plan. (See Note)
7. Completion of Term Payment Plan
 - a. If service was installed prior to February 1, 2005 and the customer does not elect to renew the contract for another payment period and does not elect to discontinue the bundle, the bundle will continue to be provided to the customer at the current rates for the month-to-month payment period. The month-to-month rates will be subject to rate adjustments. If the service was installed on or after February 1, 2005 and the customer does not renew for another payment period and does not elect to discontinue the bundle, the terms and conditions found under "renewal options" in Section 29 will apply. (C)
(N)
(N)
 - b. Upon completion of the 36-month term agreement for the 3 – 7 line grandfathered bundles found in Paragraph D, Customers will be required to move to a different service or bundle.

Note: Commission approval of the termination liability for these Business Service Package contracts, as described above, is not intended to indicate that the Commission has approved or sanctioned any terms or provisions contained therein. Signatories to such contracts shall be free to pursue whatever legal remedies they may have should a dispute arise.

7. Completion of Term Payment Plan (Continued)

- c. Upon completion of the 36-month term agreement for the 23 – 24 line Full Access bundles the Customer may renew their contract at the current, tariffed rates for the Full Access Bundles. If service was installed prior to February 1, 2005 and the Customer does not renew their contract prior to the expiration date and does not elect to discontinue the Full Access Bundle, service will be continued, but the Customer will be required to pay the individual tariffed rates associated with each service in the bundle. If the service was installed on or after February 1, 2005 and the customer does not renew for another payment period and does not elect to discontinue the bundle, the terms and conditions found under "renewal options" in Section 29 will apply. (C)
8. When establishing a Business Service Package as a new service or when moving an existing service to a different address the nonrecurring charges will be applied.
9. Customers subscribing to a Business Service Package may change service/features at anytime without incurring a charge for making such a change once the package has been established. However, customers changing their telephone numbers (except for Distinctive Ringing) will be billed the nonrecurring charge to change numbers as specified in the Company's ERT, Section 2.
10. All charges (such as End User Common Line, E-911 Service, taxes and other surcharges) normally associated with access line service, Prime Advantage Service, Trunk Advantage Service, Integrated Advantage Service and Centrex 2000 Service will be billed in addition to the monthly charge for the Business Service Package.
11. The Local Service Areas for these packages are the same as the Local Service Areas defined in Section 3 of the Company's ERT. Community Connection Service charges, as described in Section 1 of the Company's ERT, apply to the packages when appropriate. All rules, regulations and limitations for the services included in these packages and as found in other sections of this tariff, and of the Exchange Rate Tariff, apply to the packages except as otherwise noted.
12. Business Service Package subscribers are not eligible for special promotions that may be applicable to the individual services included in the package unless the package is specifically noted for inclusion in the promotion.
13. The Customer is required to pre-determine the telephone lines that are to be a part of the hunting arrangement. Hunting service will be placed on every telephone line in the hunting arrangement. To accommodate the provisioning of the hunting arrangement, Call Waiting Service cannot be activated on the telephone lines that have been chosen by the customer to be part of the hunting arrangement, except for the last line. Also, the Voice Mail Support Service, will not be activated on any of the telephone lines, which are involved in the hunting arrangement. Only works with series hunt does not work with multi-line or circular hunt.

D. GRANDFATHERED BUNDLES

The 3 – 7-line Full Access bundles are grandfathered as of June 21, 2004. The 13-line Full Access bundle is grandfathered as of May 20, 2005. The 23 and 24-line Full Access bundles are grandfathered as of March 1, 2007. There will be no new installations of these bundles. Customers currently subscribing to these bundles under the 36-month term payment plan will be able to retain the bundle until their contract expires. At that time, if the customer wishes to retain CBT service the customer will be required to move to a new service or bundle. If the customer moves to a new business service package nonrecurring charges will be waived. These customers may also transfer to a new bundle, prior to the end of their current 36-month contract, without incurring termination liabilities and applicable nonrecurring charges will be waived.

PROMOTIONS - GENERAL

The Company may from time to time engage in special promotional service offerings of limited duration, in order to attract new customers, retain customers or increase customer awareness of its services. Waiver or reduction of the billing element(s) associated with the special promotional service offerings will be provided from time to time for a limited period. All tariffed and/or regulated services offered by the Company are subject to waiver or reduction of rates as part of a promotional offering. Any individual element or all the elements may be waived or reduced.

Promotional offerings shall become effective upon the date of filing. The Company may elect to discontinue a promotion before the end of the planned promotional period. In the event that the Company elects to close a promotional offering, all existing obligations to customers previously enrolled in the promotion shall be honored.

GENERAL REGULATIONS

A. APPLICATION

This tariff applies to intrastate intraLATA Message Telecommunications Service (MTS) furnished or made available by Cincinnati Bell Telephone Company, hereinafter referred to as the Company, and for intrastate intraLATA MTS furnished or to be furnished by other connecting carriers concurring in this tariff. MTS includes Message Toll Mobile Telephone Service as defined in Section 5 of this tariff.

B. REGULATIONS

1. The regulations in Section 1 of the General Exchange Tariff pertaining to local service area are applicable to MTS.

The regulations in Section 2 of the General Exchange Tariff pertaining to abuse or fraudulent use of service, advance payments, broadcast of recorded conversations, denial and restoration of service, deposits, payment for service, and transmitting messages are applicable to MTS.

The regulations in Section 5 of the General Exchange Tariff pertaining to construction charges are applicable to MTS.

In addition, where this tariff refers to regulations, rates and charges in other tariffs of the Company, such tariffs and any future revisions, additions, or supplements to them are made a part of this tariff.

2. The obligations of both Company and customer as described in Section 2 of the General Exchange Tariff also apply to MTS. In addition, during an MTS call the customer should exchange identifying information with the called party to protect both their interests.

GENERAL REGULATIONS

B. REGULATIONS (Continued)

3. Authorized Connections

Equipment and facilities provided by the customer may be connected with facilities furnished by the Company for MTS, subject to the provisions of Section 2 and 4 of the General Exchange Tariff.

4. Emergency Calls

MTS calls to governmental emergency service agencies as defined in a. following are offered at no charge when the calls meet the criteria in b. following:

- a. Governmental Emergency Service Agencies: Fire-fighting, police, Ohio State Highway Patrol and emergency squad services (as designated by the appropriate governmental agency), provided they answer emergency service calls on a personally attended (live) twenty-four hour basis, 365 days a year. (C)(T)
(T)
- b. Emergency Call: A call of short duration to a governmental emergency service agency in order to seek assistance under conditions that threaten human life and/or property and require prompt corrective action.

5. Limited Conversation

The Company reserves the right to limit the length of conversations in times of emergency if a shortage of facilities occurs.

B. REGULATIONS (Continued)

6. Priority of Service

In case of a shortage of facilities for a temporary or protracted period, the establishment of MTS has precedence over all other services, unless the public interest requires otherwise.

7. Interconnection with Miscellaneous Common Carriers

MTS calls to and from mobile stations of a Miscellaneous Common Carrier (MCC), with whom the Company has made arrangements for the interchange of telephone traffic, are available at the rates set forth for two-point service in this tariff.

8. Special Reversed Charge Toll Service

The regulations in Section 18 of the General Exchange Tariff pertaining to special reversed charge toll service are applicable to MTS.

9. Use of Service

The Company will permit resale or sharing of MTS (excluding optional off-peak toll service) under the terms and regulations of Paragraph C.1.b. of Section 2 of the General Exchange Tariff and subject to the provisions of this tariff.

TWO-POINT SERVICE

A. DEFINITION

Two-point MTS is furnished by toll connections between two local exchange carrier's main stations or PBX trunk lines, or a combination of the two.

B. CLASSES OF SERVICE

Two classes of two-point MTS are offered: customer-dialed service and operator-handled service.

1. Customer-Dialed Service

Customer-dialed service is used when the customer dials a telephone number directly without the assistance of an operator. If facilities are not available for dial completion, a customer may give an operator the telephone number of the telephone, private branch exchange (PBX) system, or PBX station being called, and the call is considered customer-dialed. Only initial and additional minute rates apply.

2. Operator-Handled Service

Operator-handled service is used when an operator is needed to complete one of the following call types:

- a. Station-to-station calls: The customer specifies to an operator a particular telephone number to be reached, in order to arrange for charges to be paid by the called party (collect call), billed to a third number, or charged to a Calling Card.

Issued: January 29, 1986

Cincinnati, Ohio

Effective: February 3, 1986
In accordance with Order No.

TWO-POINT SERVICE

B. CLASSES OF SERVICE (Continued)

2. Operator-Handled Service (Continued)

- b. Person-to-person calls: The customer specifies to an operator a particular person to be reached, a particular mobile station to be reached through a MCC operator, or a particular station, department or office to be reached through a PBX attendant.

- (1) The customer may name another individual in place of the original called party, or may agree to talk to another station through a PBX attendant, and the call is still charged as person-to-person.
- (2) When the customer wishes arrangements made in advance with a particular person or station for the establishment of a connection at a specified time (appointment call), the call is charged as person-to-person.

For each operator-handled call type, a surcharge applies to the initial period rate for the message.

- c. The charges due for an operator-handled MTS call may, upon customer request, be billed:

- (1) Collect: Provided the charges are accepted at the called telephone number, and that the called station is not a public or semi-public telephone, the call may be charged to the called station account.

2. Operator-Handled Service (Continued)

c. The charges due for an operator-handled MTS call may, upon customer request, be billed: (Continued)

(2) To a third telephone number: The call may be charged to a station authorized by the Company, other than the stations originating and terminating the call.

(3) To a calling card: Under this arrangement, the call may be charged to an authorized Company calling card number.

(4) If the customer requests that an operator complete the call and none of the previous charges apply, an "operator handled-other" charge of \$1.00 is applied.

Sent paid calls from Public, Semi-public and Customer-Provided Public Telephone Service telephones, situations involving emergencies, such as 911 calls, telephone company problems such as a problem on the line which prevents completing the call, or calls to the Company's repair office and calls placed for customers with special needs are exempt from this charge.

C. RATES AND CHARGES

1. Rates Applicable on Certain Holidays

On Christmas Day (December 25), New Year's Day (January 1), Independence Day (July 4), Thanksgiving Day and Labor Day, the rate applicable is the Evening rate, unless a lower rate would normally apply.

2. Initial Minute, Additional Minutes, Service Charges and Discounts

Two-point MTS rates are quoted in terms of initial minute, additional minutes and service charges in the Schedule of Rates on Pages 7 and 8 of this Section.

a. Initial Minute

Initial minute rates are for connections of one minute or less.

C. RATES AND CHARGES (Continued)

2. Initial Minute, Additional Minute, Service Charges and Discounts (Continued)

b. Additional Minutes

Additional minute rates are for additional whole minutes or fractions beyond the initial minute during which connection continues.

c. Service Charges

A service charge applies to each customer-dialed calling card station-to-station call and to each operator-handled station-to-station and person-to-person call. Discounts do not apply to the service charge.

d. Discounts for the Evening and Night/Weekend reduced rate periods in the Schedule of Rates are expressed as a percent reduction of the charge calculated at the rates for the initial and additional minutes of messages occurring within the rate discount periods.

- (1) For all classes of service the discount is applied only to the sum of the initial and additional minute charges. The discount is computed separately for charges in each rate period and the results are then totaled.
- (2) When application of the discount results in a fractional penny of charge, the amount will be rounded down to the nearest whole cent.

C. RATES AND CHARGES (Continued)

3. Timing of Messages

- a. For customer-dialed and operator-handled station-to-station calls, a message starts at the time communication is established between the calling station and the called telephone number, PBX system, or PBX station reached directly rather than through a PBX attendant.
- b. For operator-handled person-to-person calls, a message starts at the time communication is established between the person calling and (1) the particular person called, (2) another party acceptable to the person calling, or (3) a PBX station reached through a PBX attendant.
- c. Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telecommunications network or by the Company operator.
- d. Chargeable time does not include time lost because of faults or defects in the service.

4. Time of Day

- a. The time legally or commonly in use at the rate center of the calling station determines the rate period for customer-dialed calls.
- b. In cases where a message begins in one rate period and ends in another, the appropriate discount applies to the rates due for the portion of the message occurring in the reduced rate period.

TWO-POINT SERVICE

C. RATES AND CHARGES (Continued)

5. Method of Applying Rates

- a. Two-point MTS rates between points in Ohio are based on the airline distance between rate centers.
- b. The rate centers within the Cincinnati Market Area (LATA) are listed by rate center and numerically by central office in Section 4.B, List of Rate Centers and Central Offices, following. (T)
- c. For the purpose of determining airline mileage, vertical and horizontal grid lines have been established across the State of Ohio. The spacing between adjacent vertical grid lines and between horizontal grid lines represents a distance of one coordinate unit. This unit is the square root of 0.1, expressed in statute miles. A vertical (V) and horizontal (H) coordinate is computed for each rate center from its latitude and longitude location by use of appropriate map-projection equations. A pair of V-H coordinates locates a rate center, for determining airline mileage, at a particular intersection of an established vertical grid line with an established horizontal grid line. The distance between any two rate centers is the airline mileage computed as explained in Section 4.A, MTS Rate Distance Calculation, following. (T)

b. Message placed by Hearing and/or Speech Impaired Person

(T)

The regulations specified in the General Exchange Tariff, Section 2, Paragraph D.19. will apply to qualifying customer-dialed messages placed by such hearing and/or speech impaired person whose impairment prevents them from communicating over the telephone without the aid of a telecommunications device for the deaf.

(T)

The rate discount is applicable to Company provided intraLATA MTS customer dialed, station to station calls originating at the impaired person's residence access line, and nonprofit organizations and governmental agencies who qualify.

c. Rate Discounts

(T)

Upon receipt of the appropriate application, and certification or verification, the following discounts off basic message toll service shall be made available for the benefit of the impaired: the evening discount off the intrastate, interexchange, customer-dialed, station to station calls occurring between 8:00 a.m. and 4:59 p.m. Monday through Friday; and the night/weekend discount off the intrastate, interexchange, customer-dialed, station to station calls occurring between 5:00 p.m. and 10:59 p.m. Sunday through Friday, and on New Year's Day, Independence Day, Labor Day, Thanksgiving, and Christmas. Furthermore, the night/weekend discount plus an additional discount equivalent to no less than ten percent of the company's current, price list, day rates for basic message toll service shall be made available for intrastate, interexchange, customer-dialed, station to station calls occurring between 11:00 p.m. and 7:59 a.m. any day, 8:00 a.m. and 4:59 p.m. Sunday, and all day Saturday.

(C)

d. Message Toll Calls Placed Through the Telephone Relay Service (TRS)

(N)

All message toll service calls placed through the Telephone Relay Service (TRS) are eligible to receive a discount off the message toll service rates. The rate discounts are the same as those set forth in paragraph c preceding. The discount shall not apply to sponsor charges associated with calls placed to pay-per-call services, such as 900, 976, or 900-Like services.

CONFERENCE SERVICE

A. DEFINITION

Conference Service provides simultaneous connections among three or more main stations or PBX trunk lines, or combination thereof.

B. REGULATIONS

1. Conditions Under Which Conference Service is Furnished

- a. Service is furnished wherever facilities permit.
- b. Service may be provided so that all main stations or PBX trunk lines on a connection may communicate with all the others, or so that one station will be the transmitting station and all others receiving stations.
- c. Upon request, the Company will attempt to arrange for the establishment of a Conference Service at a specified time.

2. Billing for Conference Service

Charges for Conference Service calls may, upon request, be reversed to one of the called parties (collect call) or billed to a third telephone number or to a calling card, provided the total charge for all connections on a call is billed to one designated station.

3. Timing of Conference Messages

- a. A message starts when telephone communication is established between all of the persons on the conference.
- b. A message ends when the connection is terminated at the originating point (caller hangs up).

CONFERENCE SERVICE

B. REGULATIONS (Continued)

3. Timing of Conference Messages (Continued)

- c. If the originating customer requests that a station or stations be added to or disconnected from the call after it has started, the call is considered terminated and a new call is set up on the basis of the revised group of stations.
- d. Chargeable time does not include time lost because of faults or defects in the service.

C. RATES AND CHARGES

1. Method of Applying Rates

Rate centers and rate distances are determined as described in Section 2, paragraph C.5 preceding.

2. Rates and Service Charges

- a. The two-point initial and additional minute charges apply, determined in accordance with C.6.c.(1)-(3) preceding, for each connection of the originating station to each called station on the conference. (For calls between the originator and a called station in the same local service area, the charge for a ne-mile call applies).
- b. A service charge of \$2.73 applies for each called station. (D)
- c. Conference Service rates are the sum of the initial and additional minutes charges and the applicable service charges.

3. Application of Special Charges

When an abnormal arrangement is required or when suitable existing facilities are not available for Conference Service, special facilities may be provided at a special charge based upon cost. Special charges are separate from, and in addition to, the applicable initial and additional period rates for the Conference Service call.

DETERMINATION OF MTS RATE DISTANCES

A. MTS RATE DISTANCE CALCULATION

(T)

To determine the rate distance between any two rate centers proceed as follows:

Step 1. Obtain the "V" and "H" coordinates for each rate center.

Step 2. Obtain the difference between the "V" coordinates of the two rate centers. Obtain the difference between the "H" coordinates.

Note: The difference is always obtained by subtracting the smaller coordinate from the larger coordinate.

Step 3. Divide each of the differences obtained in Step 2 by three, rounding each quotient to the nearer integer.

Step 4. Square these two integers and add the two squares.

If the sum of the squares is greater than 1777, divide the integers obtained in Step 3 by three and repeat Step 4. Repeat this process until the sum of the squares obtained in Step 4 is less than 1778.

Step 5. The number of successive divisions by three in Steps 3 and 4 determines the value of "N". Multiply the final sum of the two squares obtained in Step 4 by the multiplier specified in the following table for this value of "N" preceding.

N	Multiplier	Minimum Rate Mileage
1	0.9	--
2	8.1	41

Step 6. Obtain the square root of product in Step 5 and, with any resulting fraction, round up to next higher integer. This is the message rate mileage except that when the mileage so obtained is less than the minimum rate mileage shown in Step 5 preceding, the minimum rate mileage corresponding to the "N" value is applicable.

DETERMINATION OF MTS RATE DISTANCES

A. MTS RATE DISTANCE CALCULATION (Continued)

(T)

Step 6 Obtain the square root of product in Step 5 ... (Continued)

Example:

The message rate distance is required between Bethel and Shandon.

- a.
- | | V | H |
|---------|-------------|-------------|
| Bethel | 6252 | 2600 |
| Shandon | <u>6238</u> | <u>2733</u> |
- b. Difference: 14 133
- c. (1) Divide each difference by three and round to nearer integer:
5 and 44

- d. (1) Square integers and add:
- | | | | | |
|----|---|----|---|-------------|
| 5 | x | 5 | = | 25 |
| 44 | x | 44 | = | <u>1936</u> |

sum of squared integers: 1961

sum is greater than 1777, so divide integers in c.(1) by three and repeat d.(1)

- c. (2) divide integers in c.(1) by three and round: 2 and 15

- d. (2) square integers and add:
- | | | | | |
|----|---|----|---|------------|
| 2 | x | 2 | = | 4 |
| 15 | x | 15 | = | <u>225</u> |

sum of squared integers: 229

This sum of squared integers is less than 1778 and was obtained after two successive divisions by three, therefore "N" = 2.

DETERMINATION OF MTS RATE DISTANCES

A. MTS RATE DISTANCE CALCULATION (Continued)

(T)

Step 6 Obtain the square root of product in Step 5 ... (Continued)

Example (Continued):

- e. Multiply final sum by factor 8.1 (corresponding to "N" = 2).

$$\begin{array}{r} 229 \\ \times 8.1 \\ \hline 1854.9 \end{array}$$

- f. Square root of 1854.9 = 43 and a fraction, which is rounded up to 44 miles (fractional miles being considered full miles). The 44 miles is larger than the minimum 41 rate miles applicable when "N" = 2, so the message rate mileage is 44 miles.

MOBILE TELEPHONE SERVICE

A. REGULATIONS

1. Message Toll Mobile Telephone Service is a communication service through a base station between a mobile unit and a wire telephone located outside the mobile service area associated with such base station, or between two mobile units served through base stations having different rate centers.
2. Message Toll Mobile Telephone Service also includes service through a base station between a wire telephone or a mobile unit, and another unit which is authorized by the Federal Communications Commission to communicate with the base station, or between two such other units.
3. In the application of regulations and rates, units other than mobile units which are authorized by the Federal Communications Commission to communicate with a base station are considered as mobile units.
4. Message Toll Mobile Telephone Service is available to mobile units when within range of a base station through which such service is furnished, and subject to transmission, atmospheric and like limitations.
5. Calls may be filed either to a specified person or to a specified telephone.

B. RATES

1. The method of determining mileage and message toll rates between the rate centers for the exchanges serving: (a) a base station and a Wire telephone located outside the mobile service area, or (b) two base stations in different mobile service areas, is the same as that used in connection with message toll telephone service as set forth in Sections 2 and 4 of this tariff.
2. The message toll rate applicable to a toll call to or from a mobile unit and a wire telephone, or another mobile unit, is determined as in B.1 preceding.

OPTIONAL OFF-PEAK TOLL SERVICE

A. REGULATIONS

1. Off-peak toll service is an optional offering involving one-way customer-dialed only calling to exchange areas within the LATA that are not over 22 airline miles (defined in Section 2, paragraph C.5 of this tariff) from the exchange area in which the customer is located.
2. Off-peak toll service is provided subject to the availability of message toll telephone service facilities. In case a shortage of facilities exists, the provision of message toll telephone service shall take precedence over this service.
3. Off-peak toll service is provided for all residence customers and on all lines and trunks for non-residence customers.
4. Off-peak toll service is available from 3:00 PM on any weekday to 9:00 AM the following weekday, from 3:00 PM on Friday to 9:00 AM the following Monday and on Holidays as defined in Section 2, paragraph C.1 of this tariff.
5. Off-peak toll service will not be furnished with Foreign Exchange Service capability set forth in Section 9 of the General Exchange Tariff.

OPTIONAL OFF-PEAK TOLL SERVICE

B. RATES

1. Monthly rates for off-peak toll service are based on distance and are determined on a per line basis for the first hour and each additional fifteen minutes of use. Unless otherwise requested by the customer, where this service is furnished on two or more lines of the same class, grade and type on a given premises, the initial time period will be the product of one hour multiplied by the number of lines; the additional period will be the sum of the accumulated measured times of such lines in excess of that product.

2. Each message will be counted as at least one minute in duration.

3. Rates for off-peak toll are as follows:

(D)

Miles	First Hour or Fraction Thereof	Each Additional 15 Minutes or Fraction Thereof
0-22	\$ 4.12 (I)	\$ 1.05 (I)

4. When this service is ordered on an existing line, the change charge set forth in Section 2, Paragraph 1.e of the Exchange Rate Tariff will apply.
5. A minimum service period of one month is applicable and applies only to toll messages after the service is instituted. In no case will it apply to toll messages made before ordering the service.
 - a. The minimum service period of one month begins the day following completion of establishment of the service.
 - b. The minimum charge applicable in the event a customer terminates off-peak toll service prior to one month is the charge for the first hour.

DIRECTORY LISTINGS AND SERVICES

A. DIRECTORY ASSISTANCE

The regulations in Section 27 of the General Exchange Tariff pertaining to Directory Assistance are applicable to MTS.

B. ON-LINE LISTING INFORMATION (OLLI)

1. General

On-Line Listing Information (OLLI) is a directory service which permits customer access, on a real time basis, to database information on customer listings within the Telephone Company operating area. Access to the data-base will normally be through the exchange network, but may be through any other method determined by the Telephone Company to be suitable for such purpose. OLLI is provided subject to availability of facilities as determined by the Telephone Company.

2. Regulations

- a. The provision and maintenance of compatible premises terminal equipment to access the Telephone Company directory database rests solely with the customer.
- b. An available exchange access line, used in connection with the customer premises equipment may be required to enable customer access to the Telephone Company provided directory database.
- c. A user identification (ID) number will be assigned by the Telephone Company to the customer. The user ID number will allow customer access to the directory database.
- d. Payment for local and/or toll charges appropriately billed, will be the responsibility of the customer.
- e. Access to Non-Published Service information will not be provided with OLLI. However, customers to Non-Address Service will have their name and telephone number included in the database.
- f. Directory database compilation is and shall remain the sole property of Cincinnati Bell Telephone Company. OLLI is offered only for the private use of the customer. Nothing else in this tariff nor in this offering shall grant a license, or other property right in the use of the database or its content.

On-Line Listing Information Service (OLLI) Service is grandfathered as of July 18, 2003 and will be withdrawn 12 months later on July 18, 2004. Existing customers may continue to subscribe to OLLI Service until July 17, 2004. New customers may not subscribe to OLLI Service. Customers who currently subscribe to OLLI and move to a new location between July 18, 2003 through July 17, 2004 will not be able to subscribe to OLLI Service at the new location.

B. ON-LINE LISTING INFORMATION (OLLI) (Continued)

2. Regulations (Continued)

- g. The provision of OLLI is subject to its availability. No adjustment of charges will be granted for slow response time. Also, no allowance will be made for interruption(s). The Telephone Company retains the right to restrict the hours of the day during which OLLI is available. Also, the Telephone Company retains the right to deny access to all or a portion of the directory database. If the right of restriction and/or the right to deny access are invoked, the customer will be notified of any such restriction and/or denial.
- h. Approval of the language below by the PUCO does not constitute a determination by the Commission that the limitation of liability imposed by the Telephone Company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of any exculpatory clauses.

The Telephone Company's liability arising from errors or omissions in its OLLI database and the provision of such directory listing information to its customers shall be limited to a sum equal to the screen charge set forth herein for each such separate listing inquiry in which the error or omission occurred in screen data. The Telephone Company will not be a party to controversies arising between customers or others as a result of listing information contained in or provided by the OLLI database. The customer shall indemnify and save the Telephone Company harmless against all claims including costs and reasonable attorney fees that may arise from the use of such information.

3. Rates and Charges

	<u>Charges</u>
a. Service establishment and initial user identification number	\$163.50
b. Subsequent user identification number and/or change initial and/or subsequent user identification number, each number	54.50
