4.15 Local Exchange Usage

Two types of local exchange usage are available: measured and message.

A. Measured Rate Services

The local usage charges are based upon four measured elements, i.e., the total number of outgoing local messages, the distance and the duration of each local message and the time of day each local message is originated, subject to the following:

1. Distance

The charges for local messages vary based on the airline distance (i.e., rate mileage) between the rate centers of the central offices serving the calling and called stations, determined in the same manner as message toll rate distances.

2. Duration

- a. A charge applies for the initial minute, or fraction thereof, and for each additional minute, or fraction thereof.
- b. A local message is considered as starting at the time telephone communication is established between the calling station and the called telephone number.
- c. Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by the automatic timing equipment in the telephone network.
- d. Chargeable time does not include time lost because of faults or defects in the service.

50% discount	9:00 PM to 8:00 AM*	Monday through Friday
(All day Saturday, Sunday and Holidays)		

*To, but not including.

- b. The holidays on which a 50% discount applies are Christmas Day (December 25), New Year's Day (January 1), Independence Day (July 4), Thanksgiving Day and Labor Day, or on resulting legal holidays when Christmas, New Year's or Independence Day legal holidays fall on dates other than December 25, January 1, or July 4 respectively.
- c. In cases where a local measured usage begins in one time period and ends in another, the charges in effect at the time the message starts apply to the entire message.

SECTION 7 - PROMOTIONS

7.1 Satisfaction Guarantee

This offer is available only to New Customers, which is defined as a Customer who has not subscribed to any Company Service during the one-year period prior to subscribing to new Company services. Pursuant to this offering, New Customer may cancel its new Service, without incurring contractual penalties, within three (3) months of the Service installation date if New Customer is not completely satisfied with the Services provided by the Company. For purposes of this promotion, a month is considered to have thirty (30) days. In order to be eligible for this promotion, a new Customer must not have received service from another local exchange carrier at the location to which New Company services are provided, or New Customer must switch back to the local exchange carrier that provided New Customer's telecommunications services prior to the new Customers subscribing to the new Company service.

The Company also will reimburse New Customer for any installation charges incurred by New Customer to restore New Customer to its previous Service Provider at the identical level and type of service provided by the previous Service Provider at the same customer location. In order to receive the reimbursement, New Customer must, within (3) months of the installation date, provide the Company with the following: (1) the Company reimbursement form; (2) a copy of the invoice from the other Service Provider posting the non-recurring charges for restoring New Customer's service to the other Service Provider; and (3) a copy of the last invoice that New Customer had received from the other Service Provider prior to switching to the Company, if applicable.

If New Customer previously did not have a previous local exchange provider other than the Company at the location to which the Services are provided, or if the previous local exchange carrier will not or cannot provide the identical level and type of Service previously provided to New Customer, the Company will reimburse New Customer any initial Company Non-Recurring charges that New Customer incurred in conjunction with the installation of Service. All reimbursements will be in the form of a check. Credits will not be given.

The Company is not liable for any outage or inconvenience to New Customer relating to restoring New Customer to its previous local exchange carrier. New Customer is responsible to pay the Company for all charges for the Service provided to New Customer through and including the date of Service termination prior to receiving reimbursement from the Company.

Customer Notification

Ohio Product Document Notice

Beginning April 1, 2008, the prices, service descriptions, and the terms and conditions for certain telecommunication services that you are provided by XO Communications Services, Inc. will no longer be on file with the Public Utilities Commission of Ohio. These services include all long distance services, and local services that consist of more than three local access lines.

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. XO must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in the Ohio Product Document online at www.terms.xo.com or you can request a copy by contacting XO at 8851 Sandy Parkway, Sandy, UT 84070 or at the toll-free number on your invoice.

Since the services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call XO Communications at the toll free number listed on your invoice or visit us online at www.xo.com.
