11.12 Features and Options

Call Forwarding: Automatically routes all incoming local or long distance calls to any number the customer specifies. The customer will hear a short ring on the forwarded line each time a call is forwarded as a reminder that this feature is activated. Call Forwarding may ring once before the call is forwarded but the call cannot be answered. The user has control of the activation and deactivation process, but only from the line on which the feature is provisioned. Toll charges will apply when forwarded-to-number is outside of the customer's local calling area, where facilities permit.

Call Forwarding-Busy: This feature provides for calls terminating to a subscriber's busy directory number to be forwarded to another telephone number on a premises other than the provisioned premises. The customer selects the forward-to-telephone number at the time service is established. Toll charges will apply when forwarded-to-number is outside of the customer's local calling area, where facilities permit.

Call Forwarding-No Answer: This feature provides for calls terminating to a subscriber's idle directory number to be forwarded, after a customer-preselected interval, to another telephone number. The customer selects the forward-to telephone number and specified interval at the time service is established. Toll charges will apply when forwarded-to-number is outside of the customer's local calling area, where facilities permit.

Call Forwarding Busy w/ Customer Control Option¹: This feature provides a customer the Call Forwarding Busy feature and the capability to control from the affected line, the line on which the feature is provisioned, the activation and deactivation of the feature by using dialing codes. Toll charges will apply when forwarded to number is outside of the customer's local calling area, where facilities permit. This feature requires Call Forwarding-Busy.

Call Forwarding No Answer w/ Customer Control Option¹: This feature provides a customer the Call Forwarding No Answer feature and the capability to control from the affected line, the line on which the feature is provisioned the activation and deactivation of the feature by using dialing codes. Toll charges will apply when forwarded-to-number is outside of the customer's local calling area, where facilities permit. This feature requires Call Forwarding-No Answer.

Call Waiting: When on a call, Call Waiting alerts the customer with a special tone that another call is waiting. It allows the waiting call to be answered without disconnecting from the existing call. Allows switching between the calls whenever desired. Allows either call to be ended at any time. The customer has the ability to disable and reactivate the feature at will. Includes Cancel Call Waiting, which allows the customer to temporarily disable the Call Waiting feature for uninterrupted talking.

Call Screening: This feature provides the customer the ability to block incoming calls from up to six different telephone numbers. A screening list is created by the customer either by adding the last number associated with the line (incoming or outgoing), or by pre-selecting the telephone numbers to be blocked. When a call is placed to the customer's number from a number on the screening list, the caller receives an announcement indicating that the party he is attempting to call does not wish to receive his call at this time. The screening list may be edited and revised at the customer's discretion.

Call Return: This feature enables the customer to dial back the number of the last incoming call whether the call was answered or not. If the line is busy call return will kept trying to complete the call for 30 minutes.

¹Beginning September 17, 2004, this feature option will no longer be available to new customers.

11. Consumer Local Exchange Service-Facility Based

11.12 Features and Options (Cont'd)

Caller ID-Number Only: This feature enables the customer to view on a display unit the Directory Number of incoming telephone calls. When Caller ID-Number Only is activated on a customer's line, the Directory Numbers of incoming calls are displayed on the called CPE during the first long silent interval of the ringing cycle with the exception of numbers where the caller is marked "private". The number information is only transmitted when the customer's receiver is on-hook. Calling party number information via Caller ID-Basic is not available on operator handled calls. Utilization of the full capabilities of Caller ID-Number Only requires the use of an Analog Display Services Interface (ADSI) - compatible telephone at the customer's premises. The installation, repair and the technical capability of the ADSI-compatible CPE to function in conjunction with the features specified herein is the responsibility of the customer.

Caller ID-Name and Number: This feature enables the customer to view on a display unit the Directory Name and Directory Number on incoming telephone calls. A maximum of 15 characters is allowed for transmission of the calling party name. When Caller ID-Name and Number is activated on a customer's line, the Directory Name and Directory Number on incoming calls will be displayed on the called CPE during the first long silent interval of the ringing cycle. The date and time of the call is also transmitted to the Caller ID-Name and Number customer. Caller ID-Name and Number is available only on a per-line basis; this feature includes Anonymous Call Rejection (ACR) and requires Caller ID Number Only. Utilization of the full capabilities of Caller ID-Name and Number requires the use of an Analog Display Services Interface (ADSI) - compatible telephone at the customer's premises. The installation, repair and the technical capability of the ADSI-compatible CPE to function in conjunction with the features specified herein is the responsibility of the customer.

Call Waiting ID-Name and Number: When the customer is on the phone and receives another call, Call Waiting Id displays the name and number of the incoming caller. This feature requires Caller ID-Number Only, Caller ID-Name and Number, and Call Waiting. These required features are selected and charged; however, there is no additional charge for Call Waiting ID-Name and Number.

Multi Ring-2: Multi Ring 2 service will enable a subscriber to have two telephone numbers associated with a single line. Customers subscribing to this service will be able to receive calls dialed to two separate telephone numbers without having a second line. A distinctive ringing pattern will be provided for each of the telephone numbers to facilitate identification of incoming calls. A distinctive Call Waiting tone for each telephone number will be provided, where facilities permit, to customers subscribing to Call Waiting service.

Multi Ring-3: Multi Ring 3 service will enable a subscriber to have three telephone numbers associated with a single line. Customers subscribing to this service will be able to receive calls dialed to three separate telephone numbers without having a second or third line. A distinctive ringing pattern will be provided for each of the telephone numbers to facilitate identification of incoming calls. A distinctive Call Waiting tone for each telephone number will be provided, where facilities permit, to customers subscribing to Call Waiting service.

Repeat Dialing: Repeat Dialing, when activated, automatically redials the last number the customer attempted to call. If the called line is not busy, the call will be placed. If the called line is busy, a confirmation announcement is heard. The customer hangs up and a queuing process begins. For the next 30 minutes, both the calling and called lines are checked periodically for availability to complete the call. If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone the call will automatically be placed. In some locations, due to technological limitations Repeat Dialing must be purchased with Call Return.

11.12 Features and Options (Cont'd)

Speed Dial-8: - This provides for the calling of pre-selected telephone numbers by dialing an abbreviated code for up to 8 phone numbers. When the designated code is entered, the telephone number assigned to the code will be dialed.

Speed Dial-30: This provides for the calling of pre-selected telephone numbers by dialing an abbreviated code for up to 30 phone numbers. When the designated code is entered, the telephone number assigned to the code will be dialed.

Three Way Calling: Allows another party to be added to a call already in progress. The added party may be local or long distance. Toll or local measured service charges will apply to each leg of a Three Way Call.

Call Trace: Provides a detailed record of last incoming call, including call-waiting calls. It automatically records the phone number, time, and date of the call. MCI security processes this information and provides it to the appropriate law enforcement agency should you decided to file a complaint. Cannot be selected with Block Call Trace.

Selective Call Acceptance: Allows a customer to select up to 12 telephone numbers from which calls are to be received. All other calls will be intercepted and routed to a recorded announcement that informs the caller the customer is not accepting calls.

Monthly recurring charges will apply for customers having service on lines with SBC Ohio, or with MCImetro or another carrier who provisions service either via resale of SBC Ohio services or via UNE-Platform service provided by SBC Ohio.

11.16 Lifeline Service

11.16.1 Description

Lifeline Service is discounted service offered for qualifying low-income customers who qualify for this in accordance with the following Regulations. Beginning October 1, 2003, in order to be eligible for the Lifeline Service, a residential customer must be enrolled in one of the following programs: Supplemental Security Income (SSI), Medicaid, Federal Public Housing, Food Stamps, Low Income Home Energy Assistance Plan (LIHEAP).

11.16.2 Rules

1) Regulations specified elsewhere in the Company's tariffs which apply to all service plans apply to Lifeline Service; 2) Presentation of appropriate supporting documentation and a completed Lifeline application shall constitute proof of income eligibility; 3) Toll Blocking is free to Lifeline customers; 4) No service deposit is required in order to initiate Lifeline service, if the qualifying low-income consumer voluntarily elects toll blocking, where available. If toll blocking is unavailable, the carrier may charge a service deposit; 5) Lifeline service may not be disconnected for non-payment of toll charges; 6) Additional lines are not eligible for the Lifeline Service, but will be provided upon request at applicable tariffed rates.

11.16.3 Monthly Rates and Discounts

Lifeline Service provides a monthly discount of \$1.75 once eligibility has been determined. The Interstate line charge (as described in MCImetro Access Transmission Services Inc. F.C.C No 1) is also waived with additional credits applied to the end user's basic local exchange service. At no time shall the total Lifeline credit exceed the sum of the end-user common line charge and the basic local exchange rate. Lifeline Service is subject to all applicable state, local, and federal taxes and surcharges, and to all applicable tariff rates, charges, surcharges and regulations.

11.17 Link-Up

Link-Up is a federal program that reduces the cost of new line installation for customers based on need. At this time, MCI does not offer new lines and subsequently, no new line installation charges apply. MCI will offer Link-Up discounts when new lines are technically feasible.

Discount: Participants shall receive a reduction off of the line connection fee for a single residence line at the customer's principal residence.

Link Up Assistance is available to residential customers who are currently participating in one of the following assistance programs:

Medical Assistance under Chapter 5111 of the Ohio Revised Code (Medicaid)
Food Stamps
Supplemental Security Income (SSI) under Title XVI of the Social Security Act
Federal public housing assistance, or Section 8
Low Income Home Energy Assistance Program

A reduction of the Telephone Company's applicable service connection charges equal to one-half of such service connection charges, or \$30.00, whichever is less.

The discount only applies to a single telephone line at the principle place of residence the discount may only be used once unless the customer changes residence.

12. Small Business Service

- 12.1 Application of Small Business Service: Small Business service is defined as service that is furnished primarily or substantially of a business professional, institutional, or otherwise occupational nature. The Company reserves the right to disconnect customer's Small Business service upon appropriate customer notification if it is determined that usage is not consistent with normal business applications.
- 12.2 Rates and Charges: Usage charges are based on local usage. Chargeable time for the customer shall begin when the called party answers and shall end upon disconnection by either party. Local calls are billed on a per call basis unless otherwise indicated. Calls are rounded to the next higher full minute. If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent. Per-call calls will be charged according to the rate period the call originates in.
- 12.3 All Small Business service set forth in this Section of this tariff is presently only available to those customers who presently have service on lines with SBC Ohio or with MCImetro or another carrier who provisions service either via resale of SBC Ohio services or via UNE-Platform service provided by SBC Ohio.

Effective April 1, 2006, local exchange service as described in this section will no longer be available to new customers residing in areas in which local exchange service is provided by any affiliate or subsidiary of Verizon not subject to this tariff. Existing customers will continue to be able to move, make additions to, or change their service.

D/C

D/C

Effective May 1, 2007, local exchange service as described in this section will no longer be available to new customers of local exchange service requiring the establishment of new telephone numbers/ANIs. Existing customers will continue to be able to move, make additions to, or change their service.

12.4.4 Business B2 Service

Business B2 Service is an outbound and inbound Dial 1 service available to small business customers. Customers may select one offering as described below. Customers who subscribe to this service must 1) select and designate MCImetro as its Local Exchange Carrier (LEC) and MCI WorldCom as both its Interexchange Carrier (IXC) for interstate and intrastate calling and as its intraLATA toll provider for intraLATA toll calling and 2) concurrent with enrollment in this plan, customers must also enroll in the companion service offered in <http://www.mci.com/service> and must subscribe to this service as offered in MCI WorldCom Communications, Inc., P.U.C.O. No. 2.

A monthly recurring charge will apply to this service. This charge is identical to and shall not be in addition to any monthly recurring charge applicable to companion service offered in <http://www.mci.com/service> and MCI WorldCom Communications, Inc., P.U.C.O. No. 2.

Touch tone calling is included in the monthly fee. The following are not included in the monthly recurring charge: non-recurring charges, operator assistance, directory assistance, directory listing options, interstate line charge, blocking options, taxes, surcharges, per use charges and custom calling features not included in the list below. MCI WorldCom customers will be charged the intraLATA and long distance rates as specified in the companion long distance service as set forth in <http://www.mci.com/service> and MCI WorldCom Communications, Inc., P.U.C.O. No. 2.

The Company reserves the right to discontinue offering the service and grandfather existing customers, in the event that 1) facilities are not available to the Company to adequately provide the service, and 2) such lack of facilities is the result of the failure of any carrier (from whom the Company is securing facilities to provide the service) to provide adequate service to the Company.

This service is only available for up to fifteen (15) lines per account. By subscribing to this service, Customer understands that use of this service is restricted in the following manner: (i) at any given time, Customer may only place as many concurrent calls as it has purchased individual lines; (ii) Customer may not utilize auto-dialers or any similar type of device in connection with the service; (iii) Customer may not utilize the service in any call center environment or in connection with any similar such application; (iv) Customer may not resell the services in any manner, including but not limited to as a wholesaler or aggregator; and (v) Customer may not utilize the service for excessive non-voice applications (including but not limited to dial-up internet service or facsimile service). C

Customer expressly acknowledges that any violation of the foregoing restrictions on its use of the service will result in an additional line charge (equal to the monthly recurring charge of the Offering on customer's primary line which customer has selected under this service) per line per month and/or the immediate termination of the service by the Company at the Company's discretion, upon appropriate customer notification.

Customers receive the following features on their primary line, where facilities are available: Caller ID with Name & Number, Call Waiting, Call Forwarding Variable, 3-Way Calling, and Speed Dial 8. Customers will receive Block 900 & 976 with this service at no additional charge.

12.7 Directory Listings Options and Types

Main Business Listing: This listing consists of the business name, a designation descriptive of the customer's business if not self-explanatory, the address, and the business telephone number.

Business Additional Listing: Additional name(s) listed for same telephone number as the main listing. Additional listing is in the White Pages only. Only one additional business listing is allowed per customer.

Additional Main Listing: Additional telephone number listing for the same business.

Non-Listed: The customer's telephone number is not listed in the telephone directory, but is available through Directory Assistance.

Non-Published Listing: The customer's telephone number is not listed in the telephone directory and is not available to requesters through directory assistance.

Primary Straight Line Under Listing*: A Straight Line Under (SLU), or a caption setup, is used to group an end user's listings to avoid repeating the end user's name. Listing names must be identical. An SLU starts with the straight line listing which includes name, address and telephone number and associated listings are indented underneath the main listing. This is commonly referred to as a Straight Line with Indent or an indent setup. This listing is in the white-pages section of the directory only.

Primary Caption Listing*: A Primary Caption has a header in which no address or telephone number is shown and all associated listings are indented under the header. This listing is in the white-pages section of the directory only.

Multi-Ring Listing: Supports situations where there are multiple (2 or 3) phone numbers assigned to a single party line with distinctive ringing patterns. Available only to customers electing Listed or Non-Listed options. Customers must subscribe to Multi-Ring 2 or Multi-Ring 3 as set forth in the Features and Options section of this tariff. N

12.10 Features and Options

The following features are available on customer's primary or additional lines for customers subscribing to Small Business Service on or after May 1, 2003. For customers subscribing to Small Business Service prior to May 1, 2003, the following features only are available: Call Forwarding Variable, Call Waiting, Caller ID-Name and Number, Call Waiting ID-Name and Number, Speed Calling 8, and Three Way Calling; these features may be included on customer's primary line only.

Call Forwarding Variable: Automatically routes incoming calls to a designated answering point, regardless of whether the user's station is idle or busy.

Call Waiting: When on a call, Call Waiting alerts the customer with a special tone that another call is waiting. It allows the waiting call to be answered without disconnecting from the existing call. Allows switching between the calls whenever desired. Allows either call to be ended at any time. The customer has the ability to disable and reactivate the feature at will.

Cancel Call Waiting: Allows the customer to temporarily disable the Call Waiting feature for uninterrupted talking.

Caller ID-Name and Number: This feature enables the customer to view on a display unit the Directory Name and Directory Number on incoming telephone calls. A maximum of 15 characters is allowed for transmission of the calling party name. When Caller ID-Name and Number is activated on a customer's line, the Directory Name and Directory Number on incoming calls will be displayed on the called Customer Provided Equipment (CPE) during the first long silent interval of the ringing cycle. The date and time of the call is also transmitted to the Caller ID-Name and Number customer. Caller ID - Name and Number also includes Anonymous Call Rejection (ACR). Utilization of the full capabilities of Caller ID-Name and Number requires the use of an Analog Display Services Interface (ADSI) - compatible telephone at the customer's premises. The installation, repair and the technical capability of the ADSI-compatible CPE to function in conjunction with the features specified herein is the responsibility of the customer. Customers selecting this feature will also receive the Anonymous Call Rejection feature at no additional cost.

Caller ID-Name: This feature enables the customer to view on a display unit the Directory Name on incoming telephone calls. A maximum of 15 characters is allowed for transmission of the calling party name. When Caller ID-Name is activated on a customer's line, the Directory Name and on incoming calls will be displayed on the called Customer Provided Equipment (CPE) during the first long silent interval of the ringing cycle. The date and time of the call is also transmitted to the Caller ID-Name customer. Utilization of the full capabilities of Caller ID-Name requires the use of an Analog Display Services Interface (ADSI) - compatible telephone at the customer's premises. The installation, repair and the technical capability of the ADSI-compatible CPE to function in conjunction with the features specified herein is the responsibility of the customer.

Call Waiting ID-Name and Number: When the customer is on the phone and receives another call, Call Waiting Id displays the name and number of the incoming caller.

Speed Calling-8: This provides for the calling of pre-selected telephone numbers by dialing an abbreviated code for up to 8 phone numbers. When the designated code is entered, the telephone number assigned to the code will be dialed.

Three Way Calling: Allows another party to be added to a call already in progress. The added party may be local or long distance. Toll or local measured service charges will apply to each leg of a Three Way Call.

12.10 Features and Options (Cont'd)

Anonymous Call Rejection (ACR): Rejects incoming calls that have been marked private or anonymous.

Call Forwarding-Busy: Allows the end-user to forward calls outside the end-user's switch type when the called telephone number is busy. Incoming calls are forwarded to a predetermined Call Forwarding Number. The Call Forwarding Number can be across state lines or outside of LATA boundaries, but local or long distance toll charges will apply from the call forwarding number to the forwarded-to number. Cannot be selected with Call Forwarding-Busy & No Answer or Call Forwarding No Answer.

Call Forwarding Busy with Customer Control¹: Includes the Call Forwarding Busy feature and in addition provides the capability to Activate or Deactivate Call Forwarding Busy from the base station using dial codes. Applied on a per line basis. Cannot be selected with Call Forwarding Busy or Voicemail.

Call Forwarding-No Answer: Automatically forwards unanswered incoming calls to an alternate telephone number after a pre-selected number of rings. Incoming calls are forwarded to a predetermined Call Forwarding Number. The Call Forwarding Number can be across state lines or outside of LATA boundaries, but local or long distance toll charges will apply from the call forwarding number to the forwarded-to number. Cannot be selected with Call Forwarding-Busy & No Answer or Call Forwarding Busy.

Call Forwarding No Answer with Customer Control¹: Includes the Call Forwarding No Answer feature and provides the capability to activate or deactivate Call Forwarding No Answer from the base station using dial codes. Applied on a per line basis. Cannot be selected with Call Forwarding No Answer or Voicemail. The customer must specify the number to which calls are forwarded and the approximate number of ringing cycles at the time the feature is ordered.

Call Return (*69): Enables the customer to dial back the number of the last incoming call whether the call was answered or not. Applied on a per line basis. Cannot be selected with Block Call Return.

Caller ID-Number Only: This feature enables the customer to view on a display unit the telephone number of the calling party. Requires display screen, purchased separately by customer from an appropriate vendor. Applied per line. Cannot be selected with Caller ID-Name and Number.

Multi-Ring 2: Enables two telephone numbers to share one line, in one location, without installing any additional lines. A unique ringing pattern is provided for each of the additional numbers. Cannot be selected with Multi-Ring 3.

Multi-Ring 3: Enables three telephone numbers to share one line, in one location, without installing any additional lines. A unique ringing pattern is provided for each of the additional numbers. Cannot be selected with Multi-Ring 2.

Call Screening: This feature provides the customer the ability to prevent incoming calls from up to six different telephone numbers.

¹Beginning September 17, 2004, this feature option will no longer be available to new customers.

12. Small Business Service (Cont'd)

12.10 Features and Options (Cont'd)

Priority Call Forwarding (Select Forward): Allows the customer to transfer up to six (6) telephone numbers on a screening list to another number. Only the calls on the screening list are forwarded. Applies on a per line basis.

N
|
N

Priority Call Ringing: Provides a distinctive ringing pattern (short, long and short), for a Priority Call List containing up to 15 telephone numbers, all of which must be within a Signaling System 7 (SS7) network to be recognized. Incoming calls from telephone numbers on the Priority Call List that encounter a Busy or Don't Answer condition will be treated like any other incoming call; however, the distinctive ringing pattern is not forwarded to the remote location. Applied per line.

Remote Access to Call Forwarding: Includes Call Forwarding and enables the user to activate and deactivate the feature either from the provisioned line or remotely from a location equipped with Touchtone signaling. Cannot be selected with Call Forwarding.

Repeat Dialing (*66): Allows auto call back of last outgoing number and keeps trying a busy line until the call can be completed. Applied per line. Cannot be selected with Block Repeat Dialing.

Selective Call Acceptance: Allows a customer to select up to 12 telephone numbers from which calls are to be received. All other calls will be intercepted and routed to a recorded announcement that informs the caller the customer is not accepting calls.

N
|
N

Speed Dial 30: This provides for the calling of pre-selected telephone numbers by dialing a 1- or 2-digit abbreviated code for up to 30 phone numbers. When the designated code is entered, the telephone number assigned to the code will be dialed. Cannot be selected with Speed Dial 8.

The following features are available on customer's primary or additional lines at no additional charge, except that a Max. \$3.00 monthly recurring charge will apply for customers subscribing to Offering C of Business B2 Service:

D

Hunting-Sequential: Incoming calls are routed to a sequence of telephone numbers ("Hunt Group") on the account; the sequence is selected by the customer. Once the incoming call arrives at the last line in the Hunt Group, the line will either ring, provide a busy signal, or be sent to voice mail.

Hunting-Circular: Incoming calls are routed to a sequence of telephone numbers ("Hunt Group") on the account; the sequence is selected by the customer. Once the incoming call arrives on a single line of the Hunt Group, if the line is busy, the call will circle back to the line immediately preceding the line on which the call originated in the hunt sequence, which will either ring, provide a busy signal, or send the call to voice mail.

12. Small Business Service (Cont'd)

12.11 Pay Per Use Features

Repeat Dialing (*66): Repeat Dialing, when activated, automatically redials the last number the customer attempted to call. If the called line is not busy, the call will be placed. If the called line is busy, a confirmation announcement is heard. The customer hangs up and a queuing process begins. For the next 30 minutes, both the calling and called lines are checked periodically for availability to complete the call. If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone the call will automatically be placed. In some locations, due to technological limitations Repeat Dialing must be purchased with Call Return.

Call Return (*69): This feature enables the customer to dial back the number of the last incoming call whether the call was answered or not. If the line is busy call return will keep trying to complete the call for 30 minutes.

Call Trace: Provides a detailed record of last incoming call, including call-waiting calls. It automatically records the phone number, time, and date of the call. MCI security processes this information and provides it to the appropriate law enforcement agency should you decided to file a complaint. Cannot be selected with Block Call Trace.

Name and Number Delivery: Allows the caller to pre-record and send their name and telephone number to a specified called number within the caller's LATA. If there is no answer, the feature attempts to deliver the call every hour for up to 12 hours until answered. If the terminating party answers the call, the terminating party will receive an announcement with the pre-recorded name, telephone number, and time of call.

Three-Way Calling: Allows another party to be added to a call already in progress. The added party may be local or long distance. Toll or local measured service charges will apply to each leg of a 3-Way Call. Cannot be selected with Block Three Way Calling.

These charges will apply to customers having service on lines with SBC OH or Verizon, or with MCImetro Access Transmission SERVICES LLC, or another carrier who provisions local exchange service either via resale of SBC OH or Verizon services or via UNE-Platform service provided by SBC OH or Verizon:

12.14.3 Timing of Calls

Where applicable, the following rate period and timing parameters apply:

- 12.14.3.1 Initial Period: The initial period is the length of a call for minimum billing purposes. The initial period varies by rate schedule and is specified in individual product rates sections of this tariff.
- 12.14.3.2 Additional Period: The additional period is the rate element used to bill chargeable time when a call continues beyond the initial period. The additional period starts when the initial period ends. Additional period rates apply to any fraction of the time period for chargeable time beyond the initial period. Additional periods vary by rate schedule and are specified in the individual product rates sections of this tariff.
- 12.14.3.3 Chargeable time for all calls ends when one of the parties disconnects from the call.
- 12.14.3.4 Time of day designations are used in this tariff to indicate rate period boundaries. Rate periods begin at the first time of day designation and continue up to but not including the second time of day designation.

Verizon Business Services Install Guarantee

C

To be eligible for the Verizon Business Services Install Guarantee, Customer must enroll in this plan and enter into a new term plan with a term of service which equals or exceeds one year.

C

Offer: A credit equal to the charges, excluding third-party charges, pass-through charges and expedite charges, paid by Customer for service installed under Customer's new term plan: (i) which Company fails to install on or before the installation date specified in the Company's agreement with the Customer, excluding failure which results from Customer order change or any other act or omission by the Customer, as determined in the Company's sole discretion; and, (ii) about which failure Customer submits to Company an Installation Commitment Submission Form, located on Company Internet site, www.mci.com, within 30 days of the scheduled installation date.

Verizon Business Services 90 Day Satisfaction Guarantee

C

The Verizon Business Services 90 Day Satisfaction Guarantee applies only with respect to new eligible Company Customers who receive Company service provided under a contract. Customers must enter into a new term plan with a term of service, which equals or exceeds one year. Customer must not have had any Verizon billing within the past 90 days.

C

C

Offer: The Company will waive applicable early termination and underutilization charges under a term plan, if the Company, within 90 days of the contract effective date, receives written notification from the Customer that it wishes to discontinue the plan. In order to exercise this right, Customer must provide Verizon with at least 30 days written notice per the notice provision in the agreement. For any Customer electing to discontinue service under a plan and timely notifying the Company of its intent, service will terminate under the plan 60 days after the date of receipt of the Customer notification. Customers who terminate under this guarantee will be billed and required to repay all credits, including installation credits received under the plan. Customers who have received a product specific promotional benefit and have not met the requirements for the specific benefit shall also reimburse Verizon on a pro-rata basis for such other credits received and charges waived.

Miscellaneous Services

MCI Local Disaster Recovery Service

MCI Local Disaster Recovery Service is an optional feature for customers of MCI Local Line and/or Trunk Services. MCI Local Disaster Recovery Service is not available for circuits provided via UNE-P.

MCI Local Disaster Recovery Service provides MCI Local Customers with pre-established Local Disaster Recovery Plans to be invoked in case of a local line/trunk outage related to an emergency/disaster. MCI Local Disaster Recovery Service can be defined as a collection of actions, procedures, and information that is developed, tested and held in readiness for use in the event of an emergency/disaster. For purposes of this optional feature, an emergency/disaster is defined as any event that may cause a lengthy disruption of the Customer's local line/trunk service. These events include, but are not limited to, natural events, accidents, or events of sabotage. The customer must notify MCI when to invoke these pre-established plans with a secure password. These pre-established plans may consist of specific restoration processes involving the redirection of traffic through Remote Call Forward Feature Service; or Trunk Group Redirection. More complex plans that involve over 100 numbers may also be established on an individual case basis. Changes or modifications to these plans can be made as part of the monthly recurring fee.

LD Voice Package

Customer will pay the following flat rate monthly recurring charge ("MRC"), fixed for the Term of the Agreement, for all intrastate and interstate outbound Long Distance calls from any single Customer site up to 20,000 minutes per month originating from a T1 or PRI purchased from Verizon.

<u>Agreement Term</u>	<u>MRC*</u>
One Year	\$725.00
Two Years	\$685.00
Three Years	\$650.00

- * Overage Rate: Customer will pay a per-minute charge of \$0.05 for each minute in excess of 20,000 in a month.

Underutilization and Early Termination Charges: If, in any Contract Year during the Initial Term, Customer's Total Service Charges do not meet or exceed the Annual Volume Commitment (AVC), then Customer shall pay: (a) all accrued but unpaid charges incurred under this Agreement; and (b) an "Underutilization Charge" in an amount equal to 25% of the difference between the AVC and Customer's Total Service Charges during that Contract Year. If, in any monthly billing period during the Extended Term, Customer's Total Service Charges do not meet or exceed 1/12 of the AVC then Customer shall pay: (a) all accrued but unpaid usage and other charges incurred under this Agreement, and (b) an "Underutilization Charge" equal to 25% of the difference between 1/12 of the AVC and Customer's Total Service Charges during such monthly billing period. If: (a) Customer terminates this Agreement before the end of the Term for reasons other than Cause; or (b) Verizon terminates this Agreement for Cause, then Customer will pay, within 30 days after such termination: (i) all accrued but unpaid charges incurred through the date of such termination, plus (ii) an amount equal to 25% of the unsatisfied AVC remaining during the year of termination, and for each subsequent Contract Year remaining in the Term, plus (iii) a pro rata portion of any and all credits received by Customer.

Inclusion of early termination liability by the company in its tariff or a contract does not constitute a determination by the Commission that the termination liability imposed by the company is approved or sanctioned by the Commission. Customers shall be free to pursue whatever legal remedies they may have should a dispute arise.

Agent Program¹

Term Commitment and Renewal Options: The Customer must commit to service for a term of either one or two years (Initial Term). The term of service will automatically renew on a month-to-month basis (Extended Term) upon expiration of its Initial Term and Extended Term(s), unless either the Customer or the Company provides written notification to terminate the term, which must be received by the other party no more than 60 days prior to the expiration of the existing term.

Credits: During each monthly period of the term of service, the Customer will receive a credit equal to 10 percent of the standard tariffed monthly recurring charges (excluding features) and usage rates for Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct and ISDN-PRI service.

* Currently there is no charge for this feature. A charge may be reinstated at a later date.

¹Beginning March 1, 2004, the Agent Program will no longer be available to new subscribers.

Offer: A credit equal to the charges, excluding third-party charges, pass-through charges and expedite charges, paid by Customer for service installed under Customer's new term plan: (i) which Company fails to install on or before the installation date specified in the Company's agreement with the Customer, excluding failure which results from Customer order change or any other act or omission by the Customer, as determined in the Company's sole discretion; and, (ii) about which failure Customer submits to Company an Installation Commitment Submission Form, located on Company Internet site, www.mci.com, within 30 days of the scheduled installation date.

Verizon Business Services 90 Day Satisfaction Guarantee

C

The Verizon Business Services 90 Day Satisfaction Guarantee applies only with respect to new eligible Company Customers who receive Company service provided under a contract. Customers must enter into a new term plan with a term of service, which equals or exceeds one year. Customer must not have had any Verizon billing within the past 90 days.

C

C

Offer: The Company will waive applicable early termination and underutilization charges under a term plan, if the Company, within 90 days of the contract effective date, receives written notification from the Customer that it wishes to discontinue the plan. In order to exercise this right, Customer must provide Verizon with at least 30 days written notice per the notice provision in the agreement. For any Customer electing to discontinue service under a plan and timely notifying the Company of its intent, service will terminate under the plan 60 days after the date of receipt of the Customer notification. Customers who terminate under this guarantee will be billed and required to repay all credits, including installation credits received under the plan. Customers who have received a product specific promotional benefit and have not met the requirements for the specific benefit shall also reimburse Verizon on a pro-rata basis for such other credits received and charges waived.

MCI Local Disaster Recovery Service

MCI Local Disaster Recovery Service is an optional feature for customers of MCI Local Line and/or Trunk Services. MCI Local Disaster Recovery Service is not available for circuits provided via UNE-P.

MCI Local Disaster Recovery Service provides MCI Local Customers with pre-established Local Disaster Recovery Plans to be invoked in case of a local line/trunk outage related to an emergency/disaster. MCI Local Disaster Recovery Service can be defined as a collection of actions, procedures, and information that is developed, tested and held in readiness for use in the event of an emergency/disaster. For purposes of this optional feature, an emergency/disaster is defined as any event that may cause a lengthy disruption of the Customer's local line/trunk service. These events include, but are not limited to, natural events, accidents, or events of sabotage. The customer must notify MCI when to invoke these pre-established plans with a secure password. These pre-established plans may consist of specific restoration processes involving the redirection of traffic through Remote Call Forward Feature Service; or Trunk Group Redirection. More complex plans that involve over 100 numbers may also be established on an individual case basis. Changes or modifications to these plans can be made as part of the monthly recurring fee.

Verizon Loyalty Plus I Plan¹

Offer: Existing Company customers who simultaneously order a new eligible MCImetro Legacy Company service "unit" (see table below), excluding upgrades and conversions on existing service and enroll that unit in this plan will receive the following benefit: a one-time credit in the amount indicated in the table below, applied to the monthly recurring charges for the new MCImetro Legacy Company-provided service unit. The credit will be applied to the second full-month's invoice following activation of the new service unit. Customer may designate that the credit be applied either as an invoice credit or a deposit in Customer's Fund account. To receive the benefits of this plan, each eligible service unit must be active, with no pending cancellation request, at the time the credit is applied. Except for this one-time credit, this plan does not change the terms and conditions that apply to the new service unit.

Customers will also receive a waiver of the non-recurring Company-billed installation charges for installation following plan enrollment of all eligible service units identified below. Usage charges, monthly recurring charges, expedite charges, change charges, surcharges, any charges imposed by third parties (including access, egress, jack, or wiring charges), taxes or tax-like surcharges, or other Governmental Charges will not be waived.

This plan applies only with respect to new eligible MCImetro Legacy Company provided service units ordered for installation within 30 days of order (or by Company's quoted installation date if later), by a Customer with at least one MCImetro Legacy Company service which has been actively billing for at least 90 days prior to enrollment in this plan.

Customer may enroll any eligible service unit, but any individual unit may be enrolled only once. Customer may not receive: (i) any discounts, (ii) the benefits of: any Special Customer Arrangement (SCA) or Product Package, other than Special Customer Arrangements (SCA) Guide Types 2, 3, 4, 5, 6, 7, 8 or 9 or Produce Package SCA Guide Types 13, 14, 15, 16, 18, 19, 20 and 21, or (iii) the benefits of Verizon Business Services I Flex T1 Promotion, Regional Plus Frame Relay Promotion and Competitive Voice 2 Promotion as described in the Company's "Service Publication and Price Guide" (The Guide) located on the Company's website at www.verizonbusiness.com on any enrolled unit.

P.U.C.O. NO. 4

New Customer Promotion

Digital Discovery Promotion: Beginning October 10, 1999 and ending October 31, 2002, the Company will offer the following promotion to new and existing customers who order new digital Local Trunk-Basic or digital Local Trunk-DID/2 Way Direct trunks. C

Eligibility: To be eligible to enroll in this promotion, customers must satisfy the following conditions.

Upon enrollment in this promotion:

Customers must subscribe to an On-Net Term Plan with a term and volume commitment that equals or exceeds one year, \$1,000 per month. Existing customers enrolled in an existing On-Net Term Plan, must subscribe to a new On-Net Term Plan following the terms and conditions set forth in the On-Net Term Plan for renewals.

Benefits: Eligible customers enrolled in this promotion will receive the following one-time credit per facility to offset the cost the customer incurs to purchase and install T-1 digital PBX cards, channel banks and CSUs. The credit will be based on the term and volume commitment that the customer selects and will be applied to the first full month's invoice.

<u>Volume Commitment</u>	<u>Term Commitment/Credit</u>				
	<u>1 Year</u>	<u>2 Year</u>	<u>3 Year</u>	<u>4 Year</u>	<u>5 Year</u>
1,000 /month	\$1,000	\$1,750	\$2,500	\$2,500	\$2,500

5,000/month +	\$1,750	\$3,500	\$4,500	\$4,500	\$4,500

To receive credit, customers must prove to the Company's reasonable satisfaction that it acquired T-1 digital PBX cards, channel banks or CSUs within 90 days after the customer's term plan enrollment signature date. Customers disconnecting service prior to the expiration of the term commitment will be billed and required to repay the credit received under this promotion. Customer locations enrolled in the Lit Building Promotion or the Digital Dividend Promotion are not eligible to receive the benefits of this promotion. The benefits of this promotion are not available to customers who receive service under a Special Customer Arrangement (SCA).

FX Service Promotion: Beginning July 6, 2001 and ending October 31, 2001, the Company will offer the following promotion to new customers of FX Service for Local ISDN-PRI. Eligible customers will receive a monthly credit equal to \$75.00 per trunk per T-1 of Local ISDN-PRI applied to the monthly recurring digital per trunk charge for FX Service. In addition, the monthly recurring FX charge will be waived. The benefits of this promotion will apply for the duration of the promotion.

New Customer Promotion

T-up the Internet Promotion

Beginning October 1, 2001 and ending October 31, 2002, the Company will offer the following promotion to new and existing facilities-based business customers. C

Eligibility: To be eligible for this promotion, customers must satisfy the following conditions at the time of promotion enrollment:

Customers must order installation of at least one new channelized digital T-1 circuit of which 18 local channels must be used by the customer for digital Local Trunk-Basic, digital Local Trunk-DID, and/or digital Local Trunk-2 Way Direct service provided by the Company and up to 6 channels must be used by the customer for Internet channels of 384K bandwidth. (Promotional Circuit)

New customers and existing customers not already on a term commitment must commit to a term of service for at least one year. Existing customers with a remaining term of service that equals or exceeds one year will remain on their existing term commitment. Existing customers with a remaining term of service less than one year must sign a new term commitment for at least one year.

Other Requirements: Each Promotional Circuit must be installed on or before January 31, 2003. C

Benefits: In each monthly period of a customer's term of service, enrolled customers will be charged a monthly recurring charge of \$950.00 per Promotional Circuit. (Promotional Rate)

Other Conditions: Customers enrolled in this promotion are not eligible to receive the benefits of any other promotion or discounts including term plan discounts except for the Install Waiver Promotion.

Customers utilizing less local and Internet channels than the configuration defined as a Promotional Circuit, the customer will be charged the Promotion Rate based on the Promotional Circuit configuration.

The Promotional Rate does not include taxes, surcharges, directory assistance, operator services, blocks of DID numbers or Optional Features.

Customers who discontinue service under this promotion before the expiration of the first year of the committed term of service will be billed and required to pay an early termination charge in an amount equal to the Promotional Rate multiplied by each monthly billing period remaining in the unfulfilled term of service. Customers who discontinue service under this promotion after the first year of the committed term will be billed and required to pay an early termination charge in an amount equal to 50 percent of the Promotional Rate multiplied by each monthly billing period remaining in the unfulfilled term of service.

Customers are not eligible to receive the benefits of this promotion for any Promotion Circuit that a customer terminates, then reinstalls, service during the customer's term of service following enrollment in this promotion.
