RE: In the matter of the Application of Oakwood Telephone Company for Detariffing and Related Action:  
PUCO Case No. 07-1310-TP-ATA

Dear Ms. Jenkins:

Enclosed are amended tariff sheets to be filed in connection with the above referenced matter on behalf of Oakwood Telephone Company. Please replace these amended sheets for those same sheets originally filed on December 26, 2007. These sheets include removing some of the paragraphs on the service location for non-residential services and on customer's rights and responsibilities, adding the extra sentence on customer's rights and responsibilities plus some miscellaneous changes.

Other changes include:

- Section 1, Original Index Sheet 1 is new to the above filing. A current sheet is not included as it is an Original Sheet.
- Section 1, Sixth Revised Sheet 10 is an amended sheet for a sheet that was filed on February 7, 2008 which was after the above Detariffing filing.
- Section 1, First Revised Sheet 21. The revision number was corrected from Second in the original filing to First.
- I have enclosed current sheets 3, 4.2 and 4.3 for Section 3. These sheets are new to the original filing above and contain changes to Late Payment Fee and Deposit language to comply with the MTSS rule changes.

The TRF Number for Oakwood is 90-5031-TP-TRF.

Thank you for your assistance. If you have any questions, please do not hesitate to call.

Sincerely,

/s/ Karen J. Fehrman

**GENERAL RULES AND REGULATIONS**

**A. ESTABLISHMENT AND FURNISHING OF SERVICE (Continued)**

**2. Telephone Numbers**

The subscriber has no property rights in the telephone number, and the Telephone Company may change any number at any time whenever it deems it advisable in the conduct of its business.

**3. The subscriber agrees to notify the Company promptly whenever alterations or new construction on premises owned or leased by him will necessitate changes in the Company's equipment; and the subscriber agrees to pay the Company's current charges, if any, for such changes.**

**4. Responsibility of Subscriber for Payment**

The subscriber is required to pay all charges for exchange services and facilities, for toll messages in accordance with provisions contained elsewhere in these Tariffs. The subscriber is held responsible for all charges for telephone service rendered at his telephone, both exchange and toll, including charges for toll messages on which the charges have been reversed. Payment for service will be individually categorized as local service and toll service.

**5. Delayed Payment Charges**

A \$0.25 delayed payment charge will apply on all monthly bills for local exchange services if same is not paid within 10 days from date bill is due.

**6. Maintenance and Repair**

The Telephone Company undertakes to maintain and repair the facilities which it furnishes to subscribers. The subscriber may not, or permit others to rearrange, disconnect or remove any equipment, installed by the Telephone Company.

If the equipment is rearranged, disconnected, or removed, the Telephone Company shall have the right to make a charge in accordance with the rules and regulations then in effect.

**7. Unusual Installation Costs**

Where special conditions or special requirement of the subscriber involve unusual construction or installation costs, the subscriber may be required to pay all or a reasonable proportion of such costs. If a charge is made, the ownership of all materials and equipment used shall remain with the Telephone Company.

C. (Continued)

4. An unpaid bill for previous toll service can be considered as a reason to deny service to an applicant seeking a new 1+ presubscription toll service account only when the unpaid bill is owed to the same telecommunications provider with whom the applicant is now seeking to establish or reestablish service and the class of service previously provided is the same as that the applicant is now seeking to establish or reestablish. If the previous unpaid bill is owed to a provider other than that with whom the applicant is seeking to establish service, the subsequent toll provider may not deny service on that basis alone, but may consider the applicant's unpaid debt, as well as any pertinent information obtained from a credit reporting bureau, in determining whether there exists a need to assess a toll deposit or take other measures to assure creditworthiness. Moreover, in no event shall local exchange service be denied to any local exchange service applicant on grounds that the service applicant has failed to pay for a type of service other than local exchange service.

- D. So long as it acts in a just, reasonable, and nondiscriminatory manner, a local service provider may, pursuant to a contract obligating it to do so, enforce the tariff-established credit and deposit policies of another telecommunications provider.

E. Deposits

1. Deposits for local service shall be calculated separately from deposits for toll service.
  - a. "The individual service history method" involves calculating the amount of the deposit based on the known or estimated service history of the individual who is being assessed a deposit.

i. Under this method, the amount of a deposit assessed for local service shall not exceed two hundred and thirty percent of the estimated or, where the customer or service applicant has either an existing or a previous local service account billing history with the local service provider, the historic monthly average total charge for all regulated local services provided (or to be provided) to the customer by the company or companies on whose behalf the deposit is assessed.

ii. Under this method, the amount of a deposit assessed for toll service shall not exceed two hundred and thirty percent of the estimated or, where the customer or service applicant has either an existing or a previous toll service account billing history with the toll service provider, the historic monthly average total charge for all regulated toll services provided (or to be provided) to the customer by the company or companies on whose behalf the deposit is assessed.

2. Local service must be provided to local service applicants who are able to meet the deposit requirements for local service regardless of whether the applicant is able to meet the deposit requirements for toll service.

3. So long as payment of a toll deposit is in no way made a condition precedent to a local service applicant obtaining or maintaining local service, the assessment of a separately calculated deposit for local service may occur within the same bill as any separately calculated deposit for toll service.

4. Any initial or additional deposit assessed by a telecommunications provider shall be based only on the credit history for the same class of service as the applicant is seeking to establish.

PER CALL BLOCKING/PER LINE BLOCKING

A. GENERAL

1. Customers may prevent the disclosure of their telephone number or directory name and number when placing calls to a party with service that reveals the calling party's number or name and number, by subscribing to either Per Call Blocking or Per Line Blocking.
2. Per Call Blocking and Per Line Blocking are provided according to the availability of facilities, features and central office equipment in locations determined by the Company. The features described will only operate on calls originating and terminating within suitably-equipped offices, or similarly equipped offices of interconnecting Local Exchange Companies.

B. DESCRIPTION

1. Per Call Blocking  
Enables customers to prevent the disclosure of their telephone number or name and number on a per call basis to the called party. This disclosure of the calling party's number or name and number can be prevented on a per call basis by dialing \*67 (1167 from a rotary phone) before making a call. This action must be repeated each time a call is made to prevent the disclosure of the calling party's telephone number or name and number. If the called party has a display device, a privacy indication will appear instead of the calling party's telephone number or name and number.

Per the FCC Caller ID Order, Per Call Blocking is provided to all customers at no charge.

Per Call Blocking will be provided on calls originating from paystations used by the general public and party lines.

2. Per Line Blocking  
Enables customers to prevent the disclosure of their telephone number or name and number to the called party. Per Line Blocking is applicable on all outgoing calls placed from the customer's line. If the called party has a display device, a privacy indication will appear instead of the calling party's telephone number or name and number.

Per Line Blocking will be provided at no monthly charge on an optional basis to customers of non-published service.

**ADVANCED CALLING SERVICE**

**A. GENERAL**

1. The Company will offer Advanced Calling Services (ACS) to customers served by digital switches equipped with the new industry standard SS7 signaling protocol. These features are widely known as Custom Local Area Signaling Service (CLASS).
2. Advanced Calling Services (ACS) is comprised of a group of features described under B. which allows customers to efficiently manage the call flow generated over their Exchange Access Line(s). This management is possible only where the calling party's telephone number can be forwarded from the central office serving the called party. ACS features are optional services offered in addition to regular exchange service.
3. This ACS tariff is applicable to residence customer only, except Caller ID-Basic and Call Trace is applicable to nonresidential customers as well. Customers must be served by central offices where the Company has installed CLASS features and is furnished subject to the availability of facilities. Individual feature availability may differ by exchange. (C)  
(C)
4. ACS features will be functional under the following conditions:
  - a. When both the originating customer and the call terminating customer are served by the same central office.
  - b. When both the call originating customer and the call terminating customer are served from different central offices equipped for ACS and are linked by appropriate facilities.
  - c. Where the calling party's data can be forwarded from the central office originating the call to the terminating central office serving the called party.
  - d. If offering Caller ID - Deluxe, the Calling Name will be displayed only where the appropriate facilities are available to provide a match of Calling Name to Calling Number.
- 4A. Advanced Calling Services (ACS) may be offered to customers for trial use for a period not to exceed ninety (90) days. The dates of offering and duration of trial use will be determined by the Telephone Company. During trial use, the recurring charge for ACS will not apply to customers participating in the trial use offering. This offering is limited to one-party lines which are not already equipped with ACS added. A customer may participate only once during each trial use offering period. Customer requests for ACS trial use will be subject to availability of facilities.

Requests for promotional offerings will be filed with the Public Utilities Commission of Ohio not less than ten days prior to the effective date.

A. General

1. Total Talk Pack is an optional service package. The package permits a customer to receive services and features for a flat monthly rate, for each Total Talk Pack subscriber line provided. Total Talk Pack includes the following services:<sup>1</sup>

- a. Residential Line (includes Touch Tone capability)
- b. Three-Way Calling & Call Waiting (Custom Calling Services)
- c. Caller ID Deluxe, Anonymous Call Rejection, & Priority Ringing (Advanced Calling Services)

(C)

(C)

B. Conditions and Limitations

1. Rules, regulations, and limitations as specified elsewhere in the Company's tariffs for each individual service will apply as part of this bundle.
2. Total Talk Pack customers may terminate their enrollment in the Plan at any time upon notice to the company.
3. Unless terminated by the Total Talk Pack customer or the Company, a customer will remain enrolled in the Plan, as amended from time-to-time, with any applicable changes in rate, for as long as the Plan continues to be offered by the Company.
4. Service Charges, as described in Section 1 of this tariff, apply to requests for new and additional Total Talk Pack lines, and moves of existing lines. Service Charges will not apply when the Total Talk Pack replaces existing Local Exchange Service or if the customer requests a change from the Total Talk Pack back to Local Exchange Service.
5. Total Talk Pack customers are not eligible for discounts or promotional offerings (outside of this bundle) associated with the Custom Calling and Advanced Calling Services included in the Plan, unless specifically provided for in a promotional offering.

- <sup>1</sup> This package can only be purchased in conjunction with certain non-regulated and/or de-tariffed services.

GENERAL RULES AND REGULATIONS

---

A. ESTABLISHMENT AND FURNISHING OF SERVICE (Continued)

2. Telephone Numbers

The subscriber has no property rights in the telephone number, and the Telephone Company may change any number at any time whenever it deems it advisable in the conduct of its business.

3. The subscriber agrees to notify the Company promptly whenever alterations or new construction on premises owned or leased by him will necessitate changes in the Company's equipment; and the subscriber agrees to pay the Company's current charges, if any, for such changes.

4. Responsibility of Subscriber for Payment

The subscriber is required to pay all charges for exchange services and facilities, for toll messages in accordance with provisions contained elsewhere in these Tariffs. The subscriber is held responsible for all charges for telephone service rendered at his telephone, both exchange and toll, including charges for toll messages on which the charges have been reversed. Payment for service will be individually categorized as local service and toll service.

5. Late Payment Fees

A \$0.25 late payment fee may only be applied to regulated charges not paid at least 19 days after the postmark of the bill.

Late payment fees may not be applied to the following:

- a) Any portion of the bill that is in bona fide dispute.
- b) Any previous late payment fees included in the amount due.
- c) Service establishment charges for lifeline services.

6. Maintenance and Repair

The Telephone Company undertakes to maintain and repair the facilities which it furnishes to subscribers. The subscriber may not, or permit others to rearrange, disconnect or remove any equipment, installed by the Telephone Company.

If the equipment is rearranged, disconnected, or removed, the Telephone Company shall have the right to make a charge in accordance with the rules and regulations then in effect.

7. Unusual Installation Costs

Where special conditions or special requirement of the subscriber involve unusual construction or installation costs, the subscriber may be required to pay all or a reasonable proportion of such costs. If a charge is made, the ownership of all materials and equipment used shall remain with the Telephone Company.

---

**F. ESTABLISHMENT AND FURNISHING OF SERVICE (Continued)****2. Establishing Credit (Continued)****C. (Continued)**

1. An unpaid bill for previous toll service can be considered as a reason to deny service to an applicant seeking a new 1+ presubscription toll service account only when the unpaid bill is owed to the same telecommunications provider with whom the applicant is now seeking to establish or reestablish service and the class of service previously provided is the same as that the applicant is now seeking to establish or reestablish. If the previous unpaid bill is owed to a provider other than that with whom the applicant is seeking to establish service, the subsequent toll provider may not deny service on that basis alone, but may consider the applicant's unpaid debt, as well as any pertinent information obtained from a credit reporting bureau, in determining whether there exists a need to assess a toll deposit or take other measures to assure creditworthiness. Moreover, in no event shall local exchange service be denied to any local exchange service applicant on grounds that the service applicant has failed to pay for a type of service other than local exchange service.

- A. So long as it acts in a just, reasonable, and nondiscriminatory manner, a local service provider may, pursuant to a contract obligating it to do so, enforce the tariff-established credit and deposit policies of another telecommunications provider.

**B. Deposits**

1. The Company may, in order to safeguard its interest, require a deposit. The deposit will not exceed two hundred thirty per cent (230%) of the customer's average monthly bill based upon the customer's service account billing history for the same recurring regulated charges for the class of service seeking to be established with the telecommunications provider.
2. Deposits for new customers are calculated pursuant to Ohio Admin. Code 4901:1-5-05(B)(1)(a) or at the above method when the customer has a service account billing history.

APPLICATION OF TARIFFS

These Tariffs apply to the General Exchange Telephone Service of the Telephone Company in Ohio. In the event of conflict between any rate, rule, regulations, or provision contained in these General Exchange Tariffs and any rate, rule, regulation, or provision contained in the Local Service Tariff, the rate, rule, regulation, or provision in the Local Service Tariff shall apply.

The provision of services and facilities, as provided herein, is subject to the General Rules and Regulations of the Telephone Company, which General Rules and Regulations as they now exist or as they may be revised, added to, or supplemented by superseding issues are hereby made a part of these General Service Tariffs.

Provisions contained within these General Service Tariffs relating to particular types or character of telephone service.

**TELEPHONE NUMBER REFERRAL SERVICE** (residence only)

(C)

**A. General**

1. When customers move to a new location outside the Telephone Company's service territory, the Company provides, without charge, a message that informs the caller to a disconnected number that the number has been disconnected or changed, and that the caller should consult the directory or call the operator.

Telephone Number Referral Service is a service provided to customers whose telephone service is being disconnected and are moving to a new location outside the Company's service territory. Dialing the customer's former number results in a prerecorded message which announces the new number.

2. The charge applies to each 90-day increment of service that is requested by the customer.
3. Customers will be billed in advance for this service.

**B. Rates**

	<u>Transaction Code</u>	<u>Nonrecurring Charge</u>

**INTEGRATED SERVICES DIGITAL NETWORK (ISDN) SERVICE**  
**BASIC RATE INTERFACE (BRI)** (residence only)

(C)

**A. GENERAL**

Integrated Services Digital Network (ISDN) describes the end-to-end digital telecommunications network architecture which provides for the simultaneous access, transmission and switching of voice, data, and video services. These functions are provided via channelized transport facilities. The ISDN architecture consists of digital switching systems which connect Basic Rate Interface (BRI) lines to their serving central office. Caller ID - Basic is included with this service.

BRI is an optional service arrangement which can be used in conjunction with a customer's Individual Line Residence service. It uses the ISDN architecture to provide the customer with the capabilities of simultaneous access, transmission, and switching of voice, data, and video services via channelized transport. In addition, BRI provides the customer with access to Circuit Switched Voice (CSV) Service, Circuit Switched Data (CSD) Service, and Packet Switched Data Service.

(C)

A BRI arrangement obtains its capabilities from a properly equipped telephone company central office switch. The BRI arrangement may consist of up to two "B" channels and one "D" channel (2B+D).

**"B" Channel:** The "B" Channel is a bi-directional synchronous channel capable of supporting 64 kilobit per second (kbps) of digital transmission of information between users. The "B" Channel will be configured to offer voice service, data service or voice/data service. One Primary Directory Number is provided with each "B" Channel. One Primary Directory Listing is provided per ISDN-BRI arrangement. Additional listings may be provided as specified for Additional Listing Service in the Directory Listings section of this Company's tariff.

**"D" Channel:** The "D" Channel is a 16 kbps digital signaling channel that carries signaling and control for the "B" channel and has maximum packet transmission throughput of 9.6 kbps.

All ISDN Service lines consist of central office facilities, including the outside plant facilities, extended from the Company's switching equipment to the customer's demarcation point.
