S12.13.1 General

- A. Selective Call Screening or Originating Line Screening (OLS) is a two-digit code passed by the Company's local central office switch with the Automatic Number Identification (ANI) at the beginning of a call that provides information about the line originating the call. Under this arrangement operators accept only those originating toll calls that are made collect, billed to a third number, or billed to a calling card.

S12.13.2 Regulations

INFORMATION REGARDING YOUR WINDSTREAM TERMS AND CONDITIONS

Beginning April 2, 2008, the prices, service descriptions, and terms and conditions for certain telecommunication services that you are provided by Windstream will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

Services affected by this change include, but are not limited to intrastate long-distance services; centrex services; PBX trunks; certain optional service features, such as Caller ID Name and Number, Call Forwarding and Call Return; packages and bundles of services containing business optional services; ISDN and other optional business services.

This modification does not automatically result in a change in the prices, terms or conditions of your current services. Windstream must still provide a customer notice at least 15 days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in a price list online at [windstream.com](http://windstream.com) or you can request a copy of this information by contacting Windstream, 1720 Galleria Blvd., Charlotte, NC 28270 or calling toll free at 1-800-843-9214.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions, please call Windstream at the toll-free number 1-800-843-9214 or visit [windstream.com](http://windstream.com).
