2 Service Descriptions and Rates (cont'd)

2.2 Feature Descriptions

- A The Company's local exchange services have a variety of available features that let the Customer design a service tailored to meet their needs. Below are feature descriptions.

Caller ID with Number

Allows for the automatic delivery of a calling party's number to the called customer. The telephone number is displayed on customer-provided equipment. If the Customer has call waiting on the same line, they will hear the call waiting tone, but the new incoming call number will not be displayed.

Caller ID with Name and Number

Allows for the automatic delivery of a calling party's name and number to the called party. The name and number are displayed on customer-provided equipment. If the Customer has call waiting on the same line, they will hear the call-waiting tone, but the new incoming name and number will not be displayed.

Caller ID Blocking Per Line

Provides default blocking of delivery of the calling customer's telephone number. Blocking can be deactivated by the customer by dialing an access code before each call. When the customer hangs up, the default blocking is reinstated.

Caller ID Blocking Per Call

Provides blocking of delivery of the calling customer's telephone number on a per call basis. Blocking can be activated by the customer dialing an access code before each call.

2 Service Descriptions and Rates (cont'd)

2.2 Feature Descriptions (cont'd)

Call Forward

This optional feature allows all calls directed to a telephone number to be routed to a user defined telephone number. The user can activate/deactivate Call Forward and define a telephone number where all calls will be forwarded. Calls cannot be forwarded to an International Direct Distance Dialing (IDDD) number.

Call Forward Busy Line

This optional feature forwards calls to a busy station to a predetermined number. Calls cannot be forwarded to an International Direct Distance Dialing (IDDD) number. The user is charged any applicable usage charges for the forwarded call.

Call Forward Don't Answer

Allows users to re-route a call to a predetermined station in the event that the call is not answered within a customer-specified number of rings. Users are charged for any applicable usage charges on the forwarded call.

Call Pick Up

This optional feature allows a call to be answered from a different line by dialing a code. All lines in the group must be equipped with this feature. The Customer can have an unlimited number of lines in a Call Pick Up group.

2 Service Descriptions and Rates (cont'd)

2.2 Feature Descriptions (cont'd)

Call Transfer

This optional feature allows the user to transfer any established call to another telephone number (inside or outside of the system) without the assistance of an attendant.

Call Waiting

This optional feature provides a tone to notify a Customer on an existing call that a second call is waiting.

Consultation Hold

This temporary hold feature is inherent in Call Transfer and Three Way Calling. It is activated by depressing the switch hook.

Direct Connect Hotline

This optional feature allows a Customer to automatically dial a designated number whenever the originating telephone goes off hook. This feature is assigned to a phone which is used only for this purpose.

Hunting

This standard feature routes a call to an idle line in a prearranged group when the called telephone number is busy. Typically this feature is used with the customer's main telephone number and several subtending lines so that the customer can receive calls on several lines, although all calls are placed to the same number. Hunting will not work with Call Forward Busy and Don't Answer.

Speed Dial

This optional feature allows a Customer to designate up to six numbers to be called by dialing a code.

2 Service Descriptions and Rates (cont'd)

2.2 Feature Descriptions (cont'd)

Speed Dial, Expanded

This optional feature allows Customer to designate up to thirty numbers to be called by dialing a code.

Speed Dial, Group

Allows up to five lines on a Customer's system to share a Speed Dial list. This can be either a six number or expanded speed dial list.

Three Way Calling

Allows a user to add a third party to an existing conversation without expensive conferencing equipment. This feature also allows a user to place a call on hold in order to make a consultation call on the same line. When the consultation call is completed the user hangs-up or depresses the flash key on the telephone and is reconnected to the original conversation.

3.2 Standard Business Local Exchange Service

Standard Business Local Exchange Service provides the Customer with a single, analog, voice-grade telephonic communications channel, which can be used to place or receive one call at a time. Standard Business Local Exchange Service lines are provided for the connection of Customer-provided wiring, telephones, facsimile machines or other station equipment. An optional per line Hunting feature is available for multi-line Customers which routes a call to the next idle line in a prearranged group when the called line is busy.

Recurring charges for Standard Business Local Exchange Service are billed monthly in advance. Usage charges, if applicable are billed in arrears. Usage charges may apply for calls placed from the Customer's line. No usage charges will apply to calls received by the Customer. Non-recurring charges for installation or rearrangement of service are billed on the next month's bill immediately following work performed by the Company

3.2.1 AT&T OHIO Calling Areas

Monthly Recurring Charges

The following charges apply to Standard Business Local Exchange Service lines per month for customers located in the AT&T OHIO Calling Areas. Rates and charges include Touchtone Service for each line. The rates and charges below apply to service provided on a month-to-month basis. All business services are measured.

3.2.1 AT&T Ohio Calling Areas

A. Message Rate

Message Rate Service consists of a fixed monthly rate for usage packages which includes a monthly local usage allowance in the monthly rate. Each local call is charged on a message unit basis and an additional charge is made for local messages in excess of the allowance. The allowance, if not used during one month, is not credited to the customer's account for any other month that service is provided.

Local Message Allowances and Charges

The monthly rates for usage packages associated with message rate services include the number of local messages specified below:

Monthly Call Allowance 73

The current charge per additional local message is \$0.16

The maximum charge per additional local message is \$0.16

Unless otherwise requested by the customer, where two or more message rate services of the same class and grade are furnished to a customer from the same central office at given premises, the local message allowance for the service involved is combined and the total usage allowance.

B. Measured Rate

1. Measured Rate Services

The local usage charges are based upon four measured elements, i.e., the total number of outgoing local messages, the distance and the duration of each local message and the time of day each local message is originated, subject to the following:

a. Distance

The charges for local messages vary based on the airline distance (i.e., rate mileage) between the rate centers of the central offices serving the calling and called stations, determined in the same manner as message toll rate distances.

b. Duration

(1) A charge applies for the initial minute, or fraction thereof, and for each additional minute, or fraction thereof.

(2) A local message is considered as starting at the time telephone communication is established between the calling station and the called telephone number.

(3) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by the automatic timing equipment in the telephone network.

(4) Chargeable time does not include time lost because of faults or

defects in the service.

The following charges apply to Standard Business Local Exchange Service lines per month for customers located in the Verizon Calling Areas. Rates and charges include Touchtone Service for each line. The rates and charges below apply to service provided on a month-to-month basis. All business services are measured.

A. Flat Rate Calling Service

Flat Rate Local Calling Service provides the customer with unlimited local calls within their local calling area for one flat monthly rate. A local calling area includes their home location and any EAS (Extended Area Service) locations that are available for their service area. Regional toll calls (outside the local area, but within regional boundaries) will be billed separately per minute.

B. Usage Sensitive Charges and Allowances

Each call to a telephone number within the customer's exchange area is charged on a usage basis. Extended area usage rates apply to calls made to certain exchanges outside the customer's exchange area. Usage charges apply on customer-dialed station-to-station calls charged to the calling party. Where operator assistance is utilized, the usage charges apply in addition to the charge for operator assistance on local messages². The additional charge for operator assistance would apply if the calling party wants the call billed to another local telephone number.

A. Inter-Tel ISDN PRI Service with Unlimited Local Calling

ISDN PRI offers an array of value-added features, such as calling number identification and call-by-call selection that enhance productivity. ISDN PRI is configured with 23 64 Kbps bi-directional B (Bearer) channels and one 64 Kbps D (Data) channel. Unique to ISDN PRI is its ability to designate the D channel to handle all of the signaling and call control requirements and leave the remaining 23 B channels free for any mix of circuit-switched voice and data.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

Inter-Tel ISDN PRI includes the following non-optional Feature Package: Inbound Calling Line ID-Name & Number and Call by Call Selection.

Regional Toll and Long Distance Services must be PIC'd to the Company. These rates are in addition to ISDN PRI and DS1 rates below.

3.3 Advanced Features (cont'd)**B. Inter-Tel Digital DS-1 PBX Service with Unlimited Local Calling**

This service provides a trunk side DS1 electrical interface from the customer's digital PBX system to a Inter-Tel digital port on a local Company switch for the origination and termination of calls. Traffic to and from the digital PBX can be received or dialed directly from any PBX station without the need for an attendant.

These digital trunks deliver a high-speed DS1 (T1) connection between your PBX and the Company network. There are up to 24 channels on one facility, each of which can be used to place or receive calls. This multi-channel capability dramatically reduces the need for additional PBX circuit cards.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

ISDN PRI is configured with 23 64 Kbps bi-directional B (Bearer) channels and one 64 Kbps D (Data) channel. Unique to ISDN PRI is its ability to designate the D channel to handle all of the signaling and call control requirements and leave the remaining 23 B channels free for any mix of circuit-switched voice and data.

This product is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

The Unlimited Local Calling and Bundled Toll/LD Service Products are offered with six different increments of Toll/LD Minutes of Use: 5,000, 10,000, 15,000, 30,000, 50,000 and 100,000. Installation charges are included in the monthly recurring charges. Regional Toll and Long Distance Services must be PIC'd to the Company.

D. Inter-Tel Digital DS-1 PBX Service with Unlimited Local Calling and Bundled Toll/LD Service

This service provides a trunk side DS1 electrical interface from the customer's digital PBX system to a Inter-Tel digital port on a local Company switch for the origination and termination of calls. Traffic to and from the digital PBX can be received or dialed directly from any PBX station without the need for an attendant.

These digital trunks deliver a high-speed DS1 (T1) connection between your PBX and the Company network. There are up to 24 channels on one facility, each of which can be used to place or receive calls. This multi-channel capability dramatically reduces the need for additional PBX circuit cards.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

Inter-Tel ISDN BRI (Basic Rate Interface) uses standard "twisted pair" cables and is nearly three times faster than a 56K dial up line. Inter-Tel ISDN PRI (Primary Rate Interface) uses a 1.544 Mbps digital transport facility (T1). Both services provide the superior clarity of digital transmission, a high-speed data interface and sufficient bandwidth capacity to fulfill your current and future communication needs.

ISDN BRI consists of two 64 Kbps B (Bearer) channels and one 16 Kbps D (Data) channel. Each B channel has the ability to integrate voice, data, image and video. The B channels may be kept separate or bonded together to deliver 128 Kbps.

3.3 Advanced Features (cont'd)

G. Direct Inward Dial (DID) Service

DID service is an optional feature which can be purchased in conjunction with Company-provided Basic Trunks or Digital Trunks. DID service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID capability and DID numbers apply in addition to charges specified for Basic Trunks or Digital Trunks.

So the Company may efficiently manage its number resource, the Company, at its sole discretion, reserves the right to limit the quantity of DID numbers a Customer may obtain. Requests for 300 or more DID numbers must be provided to the Company in writing no less than five (5) months prior to activation. In addition, the Company reserves the right to review vacant DID stations or stations not in use to determine their utilization. Should the Company determine, based on its own discretion, that there is inefficient number utilization, the Company may reassign the DID numbers.

The Customer has no property right to the telephone number or any other call number destination associated with DID service furnished by the Company, and no right to the continuance of service through any particular end office. The Company reserves the right to change such numbers, or the end office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business.

4. Toll Service Regulations

4.1 Undertaking of the Company

This tariff contains the regulations and rates applicable to intrastate resale telecommunications services provided by the Company for interexchange telecommunications between points within the State of Ohio. Resale services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission's rules. The Company's services are provided on a statewide basis in all 88 counties. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. Customers interested in the Company's services shall file a service application with the Company which fully identifies the Customer, the services requested and other information requested by the Company. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the Customer, to allow connection of a Customer's location to a service provided by the Company. The Customer shall be responsible for all charges due for such service arrangement.

- 4.1.1 The services provided by the Company are not part of a joint undertaking with any other entity providing telecommunications channels, facilities, or services, but may involve the resale of the Message Toll Services (MTS) and Wide Area Telecommunications Services (WATS) of underlying common carriers subject to the jurisdiction of this Commission.
- 4.1.2 The rates and regulations contained in this tariff apply only to the resale services furnished by the Company and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local exchange telephone company or other common carriers for use in accessing the services of the Company.

4. Toll Service Regulations (cont'd)

- 4.1.3 The Company reserves the right to discontinue furnishing services, or limit the use of service necessitated by conditions beyond its control, including, without limitation: lack of satellite or other transmission medium capacity; the revision, alteration or repricing of the Underlying Carrier's tariffed offerings; or when the use of service becomes or is in violation of the law or the provisions of this tariff.

4.2 Use of Services

- 4.2.1 The Company's services may be used for any lawful purpose consistent with the transmission and switching parameters of the telecommunications facilities utilized in the provision of services, subject to any limitations set forth in this Section 4.2.
- 4.2.2 The use of the Company's services to make calls which might reasonably be expected to frighten, abuse, torment, or harass another or in such a way as to unreasonably interfere with use by others is prohibited.
- 4.2.3 The use of the Company's services without payment for service or attempting to avoid payment for service by fraudulent means or devices, schemes, false or invalid numbers, or false calling or credit cards is prohibited.
- 4.2.4 The Company's services are available for use 24 hours per day, 7 days per week.
- 4.2.5 The Company does not transmit messages, but the services may be used for that purpose.
- 4.2.6 The Company's services may be denied for nonpayment of charges or for other violations of this tariff.

4. Toll Service Regulations (cont'd)

4.2.7 Customers shall not use the service provided under this tariff for any unlawful purpose.

4.2.8 The Customer is responsible for notifying the Company immediately of any unauthorized use of services.

4.3 Liability of the Company

4.3.1 The Company shall not be liable for any claim, loss, expense or damage for any interruption, delay, error, omission, or defect in any service, facility or transmission provided under this tariff, if caused by the Underlying Carrier, fire, war, civil disturbance, act of government, or due to any other causes beyond the Company's control, in accordance with O.A.C. 4901:1-5-16.

4.3.2 The Company shall not be liable for, and shall be fully indemnified and held harmless by the Customer against any claim, loss, expense, or damage for defamation, libel, slander, invasion, infringement of copyright or patent, unauthorized use of any trademark, trade name or service mark, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data or information transmitted.

4.3.3 No agent or employee of any other carrier or entity shall be deemed to be an agent or employee of the Company.

4.3.4 The Company's liability for damages, resulting in whole or in part from or arising in connection with the furnishing of service under this tariff, including but not limited to mistakes, omissions, interruptions, delays, errors, or other defects or misrepresentations shall not exceed an amount equal to the charges provided for under this tariff for the long distance call for the period during which the call was affected. No other liability in any event shall attach to the Company.

4. Toll Service Regulations (cont'd)

- 4.3.5 Unless caused by the Company's negligence, the Company shall not be liable for and shall be indemnified and saved harmless by any Customer or by any other entity from any and all loss, claims, demands, suits, or other action or any liability whatsoever, whether suffered, made, instituted, or asserted by any Customer or any other entity for any personal injury to, or death of, any person or persons, and for any loss, damage, defacement or destruction of the premises of any Customer or any other entity or any other property whether owned or controlled by the Customer or others.
- 4.3.6 The Company shall not be liable for any indirect, special, incidental, or consequential damages under this tariff including, but not limited to, loss of revenue or profits, for any reason whatsoever, including the breakdown of facilities associated with the service, or for any mistakes, omissions, delays, errors, or defects in transmission occurring during the course of furnishing service.
- 4.3.7 The remedies set forth herein are exclusive and in lieu of all other warranties and remedies, whether express, implied, or statutory, **INCLUDING WITHOUT LIMITATION IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

4. Toll Service Regulations (cont'd)

4.4 Responsibilities of the Customer

- 4.4.1 The Customer is responsible for placing any necessary orders and complying with tariff regulations. The Customer is also responsible for the payment of charges for services provided under this tariff.
- 4.4.2 The Customer is responsible for charges incurred for special construction and/or special facilities which the Customer requests and which are ordered by the Company on the Customer's behalf.
- 4.4.3 If required for the provision of the Company's services, the Customer must provide any equipment space, supporting structure, conduit and electrical power without charge to the Company.
- 4.4.4 The Customer is responsible for arranging access to its premises at times mutually agreeable to the Company and the Customer when required for the Company personnel to install, repair, maintain, program, inspect or remove equipment associated with the provision of the Company's services.
- 4.4.5 The Customer shall cause the temperature and relative humidity in the equipment space provided by Customer for the installation of the Company's equipment to be maintained within the range normally provided for the operation of microcomputers.
- 4.4.6 The Customer shall ensure that the equipment and/or system is properly interfaced with Company facilities or services, that the signals emitted to network are of the proper mode, bandwidth, power and signal level for the intended use of the subscriber and in compliance with criteria set forth in this tariff, and that the signals do not damage equipment, injure personnel, or degrade service to other Customers.

4. Toll Service Regulations (cont'd)

4.4.7 The Customer must pay the Company for replacement or repair of damage to the equipment or facilities of the Company caused by negligence or willful act of the Customer, by improper use of the services, or by use of equipment provided by Customer.

4.4.8 The Customer must pay for the loss through theft of any the Company equipment installed at Customer's premises.

4.4.9 If the Company installs equipment at Customer's premises, the Customer shall be responsible for payment of any applicable installation charge.

4.4.10 The Customer must use the services offered in this tariff in a manner consistent with the terms of this tariff and the policies and regulations of all state, federal and local authorities having jurisdiction over the service.

4.5 Cancellation of Services

When a customer cancels an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below.

Where the Company has notified a customer or prospective customer of the possibility that special expenses may be incurred in connection with provisioning their service, and then the Company does incur such expenses. Expenses could include special construction, or where special arrangements of facilities or equipment have begun before the Company received a cancellation notice. The charge will be equal to the costs actually incurred, less net salvage.

4. Toll Service Regulations (cont'd)

- 4.5.2 Without incurring liability, the Company may interrupt the provision of services at any time in order to perform tests and inspections to assure compliance with tariff regulations and the proper installation and operation of Customer and the Company's equipment and facilities and may continue such interruption until any items of noncompliance or improper equipment operation so identified are rectified.
- 4.5.3 Service may be discontinued by the Company without notice to the Customer, by blocking traffic to certain cities or NXX exchanges, or by blocking calls using certain Customer authorization codes, when the Company deems it necessary to take such action to prevent unlawful use of its service. The Company will restore service as soon as it can be provided without undue risk, and will, upon request by the Customer affected, assign a new authorization code to replace the one that has been deactivated.
- 4.5.4 The Customer may terminate service upon reasonable notice. Customer will be liable for all usage on any of the Company's service offerings until the Customer actually leaves the service. Customers will continue to have Company usage until the Customer notifies its local exchange carrier and changes its long distance carrier. Until the Customer so notifies its local exchange carrier, it shall continue to generate and be responsible for long distance usage.

4. Toll Service Regulations (cont'd)

4.6 Credit Allowance

- 4.6.1 Credit allowance for the interruption of service which is not due to the Company's testing or adjusting, negligence of the Customer, or to the failure of channels or equipment provided by the Customer, are subject to the general liability provisions set forth in 4.3 herein. It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired. Before giving such notice, the Customer shall ascertain that the trouble is not being caused by any action or omission by the Customer within his control, or is not in wiring or equipment, if any, furnished by the Customer and connected to the Company's facilities.
- 4.6.2 No credit is allowed in the event that service must be interrupted in order to provide routine service quality or related investigations.
- 4.6.3 Credit for failure of service shall be allowed only when such failure is caused by or occurs due to causes within the control of the Company or in the event that the Company is entitled to a credit for the failure of the facilities of the Company's Underlying Carrier used to furnish service.
- 4.6.4 Credit for interruption shall commence after the Customer notifies the Company of the interruption or when the Company becomes aware thereof, and ceases when service has been restored.
- 4.6.5 For purposes of credit computation, every month shall be considered to have 720 hours.
- 4.6.6 No credit shall be allowed for an interruption of a continuous duration of less than two hours.

4. Toll Service Regulations (cont'd)

- 4.6.7 The Customer shall be credited for an interruption of two hours or more at the rate of 1/720th of the monthly charge for the facilities affected for each hour or major fraction thereof that the interruption continues.

Credit Formula:

$$\text{Credit} = \frac{A}{720} \times B$$

"A" - outage time in hours

"B" - monthly charge for affected activity

4.7 Deposit

- 4.7.1 Applicants for service may be required prior to establishing service to provide the Company a security deposit. The deposit requested will be in cash or the equivalent of cash, and will be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. Reestablishment of credit for service will be in accordance with Rule 4901:1-17-04. Additional requirements may be found in Section 1.9.2 of this tariff.
- 4.7.2 The deposit will not exceed an amount equal to two month's average monthly bill for all regulated local exchange services for ensuing twelve months, plus thirty percent (30%) of estimated monthly charges.

4.8 Payment and Billing

- 4.8.1 Service is provided and billed on a billing cycle basis, beginning on the date that service becomes effective. Billing is payable upon receipt. Interest at the rate of 1.5% per billing cycle, or the amount otherwise authorized by law, whichever is lower, will accrue upon any unpaid amount commencing 30 days after rendition of bills.

Payment and billing practices will be in accordance with the Minimum Telephone

4. Toll Service Regulations (cont'd)

- 4.8.2 The customer is responsible for payment of all charges for services furnished to the Customer, as well as to all persons using the Customer's codes, exchange lines, facilities, or equipment, with or without the knowledge or consent of the Customer. The security of the Customer's Authorization Codes, presubscribed exchange lines, and direct connect facilities is the responsibility of the Customer. All calls placed using direct connect facilities, presubscribed exchange lines, or Authorization Codes will be billed to and must be paid by the Customer. Recurring charges and non-recurring charges are billed in advance. The initial billing may, at Company's option, also include one month's estimated usage billed in advance. Thereafter, charges based on actual usage during a month and any accrued interest will be billed monthly in arrears.
- 4.8.3 All bills are presumed accurate, and shall be binding on the customer unless objection is received by the Company after such bills are rendered. No credits, refunds, or adjustments shall be granted if demand therefore is not received by the Company.

4. Toll Service Regulations (cont'd)

4.9 RESERVED FOR FUTURE USE

4.10 Late Charge

A late payment charge of 1.5% is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late charges are to be applied without discrimination.

4. Toll Service Regulations (cont'd)

4.11 Payphone Dial Around Surcharge

A dial around surcharge of \$0.28 per call will be added to any completed intrastate toll access code and subscriber 800/888 type calls placed from a public or semi-public payphone.

4.12 Presubscribed Interexchange Carrier Charge

A Presubscribed Interexchange Carrier Charge ("PICC") applies on a monthly basis to all Customer monthly bills as permitted by the Commission.

4.13 Returned Check Charge

A fee of \$25.00 will be charged whenever a check or draft presented for payment for service is not accepted by the institution on which it is written.

4.14 Customer Complaints and/or Billing Disputes

Customer inquiries or complaints regarding service or accounting may be made in writing or by telephone to the Company at:

4310 East Cotton Center Blvd., Suite A-100
Phoenix, Arizona 85040
(800) 821-1661

Or at the Commission:

(800)-686-1570 (TDD)

4. Toll Service Regulations (cont'd)

4.15 Service Offerings

4.15.1 1+ Dialing

The customer utilizes "1+" dialing, or "101XXXX" dialing followed by "1 + ten digits" for interLATA calls, or dials "101XXXX" followed by "1 + 7 digits" or "1 + 10 digits" for intraLATA calls.

4.15.2 Travel Cards.

The Customer utilizes an 11 digit "800" access number established by the Company to access a terminal. Upon receiving a voice prompt, the Customer uses push button dialing to enter an identification code assigned by the Company, followed by the ten digit number of the called party.

4. Toll Service Regulations (cont'd)

4.15.3 800 Service (Toll free).

This service is inbound calling only where an 800, 888 or other toll-free prefix number rings into a Customer's premise routed to a specific telephone number or terminated over a dedicated facility.

4. Toll Service Regulations (cont'd)

4.15.4 Company Prepaid Calling Cards.

This service permits use of Company Prepaid Calling Cards for placing long distance calls. Customers may purchase Company Prepaid Calling Cards at a variety of retail outlets or through other distribution channels. Company Prepaid Calling Cards are available at a variety of face values. Company Prepaid Calling Card service is accessed using the Company toll-free number printed on the card. The caller is prompted by an automated voice response system to enter his/her Authorization Code, and then to enter the terminating telephone number. The Company's processor tracks the call duration on a real time basis to determine the number of Telecom Units consumed. The total consumed Telecom Units for each call is deducted from the remaining Telecom Unit balance on the Customer's Prepaid Calling Card.

All calls must be charged against a Company Prepaid Calling Card that has a sufficient Telecom Unit balance. A Customer's call will be interrupted with an announcement when the balance is about to be depleted. Calls in progress will be terminated by the Company if the balance on the Company Prepaid Calling Card is insufficient to continue the call.

A card will expire 12 months from the date of first usage or last recharge. The expiration date will be provided to the Customer at the point of sale. The Company will not refund unused balances.

4. Toll Service Regulations (cont'd)

A credit allowance for Company Prepaid Calling Card Service is applicable to calls that are interrupted due to poor transmission, one-way transmission, or involuntary disconnection of a call. To receive the proper credit, the Customer must notify the Company at the designated toll-free customer service number printed on the Company Prepaid Calling Card and furnish the called number, the trouble experienced (e.g. cut-off, noisy circuit, etc.), and the approximate time that the call was placed.

When a call charged to a Company Prepaid Calling Card is interrupted due to cut-off, one-way transmission, or poor transmission conditions, the Customer will receive a credit equivalent of one Telecom Unit.

Credit allowances for calls pursuant to the Company Prepaid Card Service do not apply for interruptions not reported promptly to the Company or interruptions that are due to the failure of power, equipment or systems not provided by the Company.

Credit for failure of service shall be allowed only when such failure is caused by or occurs due to causes within the control of the Company.

The Company will block all calls beginning with the NPA "900" and NXX "976" calls, therefore such calls can not be completed.

4. Toll Service Regulations (cont'd)

4.15.5 Directory Assistance.

Access to long distance directory assistance is obtained by dialing 1 + 555-1212 for listings within the originating area code and 1 + (area code) + 555-1212 for other listings. When more than one number is requested in a single call, a charge will apply for each number requested. A charge will be applicable for each number requested, whether or not the number is listed or published.

4. Toll Service Regulations (cont'd)

4.16 Discontinuance of Service

- A In addition to enforcing, on its own behalf, the Company's own billing, credit/deposit and disconnection policies with respect to all regulated telephone services provided by the Company itself, the Company is not precluded from entering into formal contracts with other toll service providers which would authorize the Company as a formal contractual agent of such other toll service providers for purposes of enforcing the billing, credit/deposit, and disconnection policies of such other toll service providers.
- B Unless and until it has entered into a formal contract specifically authorizing it to do so, the Company is not permitted to enforce the billing, credit/deposit and disconnection policies of any toll service provider.
- C In Case No. 95-790-TP-COI, the Public Utilities Commission of Ohio established a policy under which the procedural and substantive safeguards which are afforded to applicants for local exchange service and to subscribers of local exchange service under Chapter 4901:1-5, O.A.C., as pertains to billing, establishing credit/deposits, and to disconnection, shall also inure to applicants for toll services, regardless of whether such service is provided by a local exchange company or another toll service provider. All practices of the Company, pertaining to either the provision of its own toll service, if any, or as a duly-authorized agent for another toll service provider, shall conform with this policy.

4. Toll Service Regulations (cont'd)

- D When the Company disconnects toll service for nonpayment of toll debt, whether owed to the Company or to some other provider of toll service, the method of toll disconnection which the Company utilizes:
- (i) must not function as a vehicle by which the (nonpaying) toll subscriber is denied access, through presubscription, to any other toll service provider besides the one whose provision of toll service has precipitated the toll disconnection;
 - (ii) must be available from the Company, by tariff, on a nondiscriminatory basis to all toll service providers; and
 - (iii) may consist of either a depicing mechanism or else a selective toll blocking service.
- E Neither purchase of the toll service provider's accounts receivable by the Company, nor a requirement that the Company be the billing and collection agent for the toll service provider, shall be established as a necessary precondition imposed by the Company in connection with its tariffed disconnection services offered on a nondiscriminatory basis to all toll service providers.
- F The following toll disconnection service offerings will be available on a nondiscriminatory basis to all toll service providers in areas where implementation of intraLATA equal access has occurred. This will be the same method that the Company itself utilizes in connection with its own provision, if any, of toll service:
- (i) DePICing. DePICing is a method whereby a Customer's access to continued 1 + access to a specific toll provider is discontinued. It does not affect Customer's access to other toll provider's services. There will be no charge for this service.
- G Discontinuance of services practices will be in accordance with the Minimum Telephone Service Standards, Section 4901:1-5-17

TARIFF FORMAT

A. Sheet Numbering: Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between pages 11 and 12 would be page 11.1.

B. Sheet Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current page version on file with the Commission. For example, 4th Revised Sheet 13 cancels 3rd Revised Sheet 13. Consult the Check Sheet for the sheets currently in effect.

C. Paragraph Numbering Sequence: There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

2.
2.1
2.1.1
2.1.1.A
2.1.1.A.1
2.1.1.A.1.(a)
2.1.1.A.1.(a).I
2.1.1.A.1.(a).I.(i)
2.1.1.A.1.(a).I.(i).(1)

D. Check Sheets: When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current Revision Number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on Commission file.

SECTION 1 - GENERAL**1.1 Undertaking of the Company**

This tariff contains the regulations applicable to intrastate interexchange telecommunications services provided by the Company for telecommunications between points within the State of Ohio. All terms and conditions herein will comply with Ohio Minimum Telephone Service Standards. Services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission rules. The Company's services are provided on a statewide basis and are not intended to be limited geographically. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. Customers interested in the Company's services shall file a service application with the Company which fully identifies the Customer, the services requested and other information requested by the Company. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the Customer, to allow connection of a Customer's location to a service provided by the Company. The Customer shall be responsible for all charges due for such service arrangement.

The services provided by the Company are not part of a joint undertaking with any other entity providing telecommunications channels, facilities, or services, but may involve the resale of the Message Toll Services (MTS) and Wide Area Telecommunications Services (WATS) of underlying common carriers subject to the jurisdiction of this Commission.

1.2 Responsibilities and Rights of the Customer

Customers have certain rights and responsibilities under the Minimum Telephone Service Standards (Ohio Adm.Code 4901:1-5)(MTSS). These safeguards can be found in the Appendix to Ohio Adm.Code 4901:1-5-03, which is entitled "Telephone Customer Rights and Responsibilities". These rights and responsibilities include complaint handling, ordering or changing service, service repair, payment of bills, and disconnection and reconnection of service.

SECTION 1 – GENERAL (CONT'D.)**1.3 Late Charge**

A late fee of 1.5% monthly or the amount otherwise authorized by law, whichever is lower, will be charged on the undisputed portion of any past due balances. Late payment fees should not include interest on previously charged late payment fees. The late payment charge will not be applied to previous late payment charges that have been assessed but not yet paid for, but will apply to the accumulated services for which the customer is in arrears. Late payment charges will be applied without discrimination.

1.4 Returned Check Charge

A fee of \$25.00 will be charged whenever a check or draft presented for payment for service is not accepted by the institution on which it is written. The Company may waive the returned check charge under appropriate circumstances.

1.5 Customer Complaints and/or Billing Disputes

Customer inquiries or complaints regarding service or accounting may be made in writing or by telephone at any time to the Company at the below. There is no time limit for submitting disputes.

IMPORTANT NON-RESIDENTIAL CUSTOMER NOTICE

March 14, 2008

Dear Valued Subscriber:

Beginning on March 29, 2008, the prices, service descriptions, and the terms and conditions for certain telecommunication services that you are provided by Inter-Tel NetSolutions, Inc. will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

Inter-Tel NetSolutions, Inc. provides a wide range of Telecommunication services in the state of Ohio.

This modification does not automatically result in a change in the prices, terms or conditions of those services to which you currently subscribe. Inter-Tel NetSolutions, Inc. must still provide a customer notice at least fifteen (15) days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view Inter-Tel NetSolutions, Inc.'s future service offerings in a (guidebook/catalog) online at www.inter-tel.com or you can request a copy of this information by contacting Inter-Tel NetSolutions, Inc. at 4310 East Cotton Center Blvd., Suite A-100, Phoenix, Arizona 85040 or via telephone at (800) 821-1661.

Since these services will no longer be on file with the PUCO, this means that the agreement reached between the customer and Inter-Tel NetSolutions, Inc., instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call Inter-Tel NetSolutions, Inc. at the toll free number (800) 821-1661 or visit us at www.inter-tel.com.

Sincerely,

Inter-Tel NetSolutions, Inc.
