RE: Case No. 08-353-TP-ATA
LDMI Telecommunications, Inc d/b/a Cavalier Telephone, d/b/a cavalier Business
Communications and also d/b/a cavaliers Telephone and TV. 90-9106-TP-TRF
Application to Detariff Certain Tier 2 Services

Dear Ms. Jenkins:

In compliance with Case No. 06-1345-TP-ORD, enclosed for filing please find the Application to Detariff Certain Tier 2 Services and to make other changes related to the implementation of the Case No. 06-1345-TP-ORD.

In accordance with Rule 4901:1-6-05(g), certain Tier 2 Services have been deleted from the proposed replacement Tariff which are now available on the Company's website at: www.cavtel.com.

A copy of the Residential and Non-Residential customer notices have been sent to.

The Company is submitting a replacement to incorporate the changes proposed in this filing. This Replacement Tariff, PUCO No. 7 cancels and replaces Tariff, PUCO No. 5 in its entirety.

The following documents are included with this filing:

Telecommunications Application Form for Routine Proceedings

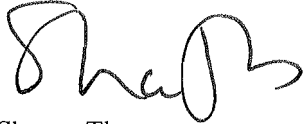

- Exhibit A - Superseded Tariff (PUCO No. 5)
- Exhibit B - Proposed Replacement Tariff (PUCO No. 7)
- Exhibit C – Narrative summarizing the changes
- Exhibit D – Explanation on how applicant intends to comply with Rule 4901:1-6-05(G) (3)
- Exhibit E - Copies of the Residential and Nonresidential Customer Notices which were sent on March 14, 2008.
- Exhibit F - Affidavit signed by Company Officer verifying that the Customers Notices were sent.

Questions regarding this filing may be directed to my attention at (407) 740-3031 or via e-mail at stthomas@tminc.com. Please acknowledge receipt of this filing by date stamping the extra copy of this cover letter and returning it to me in the self-addressed, stamped envelope provided for this purpose.

April 10, 2008
Renée Jenkins, Secretary of Commission
Public Utilities Commission of Ohio

Part I – Tariffs

Please indicate the Carrier Type and the reason for submitting this form by checking the boxes below.

NOTE: All cases are ATA process cases, tariffs are effective the day they are filed, and remain in effect unless the Commission acts to suspend.

Carrier Type	<input type="checkbox"/> ILEC	<input checked="" type="checkbox"/> CLEC	<input checked="" type="checkbox"/> CTS
Business Tier 2 Services	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Residential & Business Toll Services	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Other Changes required by Rule (Describe in detail in Exhibit C)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

Part II – Exhibits

Note that the following exhibits are required for all filings using this form.

Included	Identified As:	Description of Required Exhibit:
<input checked="" type="checkbox"/>	Exhibit A	The existing affected tariff pages.
<input checked="" type="checkbox"/>	Exhibit B	The proposed revised tariff pages.
<input checked="" type="checkbox"/>	Exhibit C	Matrix or narrative summarizing all changes proposed in the application, and/or other information intended to assist Staff in the review of the Application.
<input checked="" type="checkbox"/>	Exhibit D	Explanation of how the Applicant intends to comply with Rule 4901:1-6-05(G)(3) regarding disclosure of rates, terms, and conditions for detariffed services, including: <ul style="list-style-type: none"> • citation to the appropriate Web Page if any, in accordance with rule 4901:1-6-05(G)(4), and/or • copy of other materials and publications to be used to comply with 4901:1-6-05(G)(3).
<input checked="" type="checkbox"/>	Exhibit E	One-time customer notice of detariffing and related changes consistent with rule 4901:1-06-16(B), including where customers may find the information regarding such services as required by rule 4901:1-6-05(G)(3).
<input checked="" type="checkbox"/>	Exhibit F	Affidavit that the Customer Notice described in Exhibit C has been sent to Customers.

Part III. – Attestation

Registrant hereby attests to its compliance with pertinent entries and orders issued by the Commission.

AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer/agent of the applicant corporation, LDMI Telecommunications, Inc. d/b/a Cavalier Telephone, d/b/a Cavalier Business Communications and also d/b/a Cavalier Telephone and TV, and am authorized to make this statement on its behalf.

I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) Pursuant to Chapter 4901:1-5 OAC for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on: April 10, 2008 at 2600 Maitland Center Parkway Suite 300, Maitland FL, 32751

SYMBOLS

The following are the only symbols used for the purposes indicated below:

- (D)** - To signify discontinued material, including a listing, rate, rule or condition.
- (I)** - To signify an increase in rates or charges.
- (N)** - To signify new material, including a listing, rate, rule or condition.
- (R)** - To signify a reduction in rates or charges.
- (T)** - To signify a change in the wording of the text, but no change in rate, rule or condition.

Issued: 11/12/02

Effective: 12/12/02

Case No.:

TARIFF FORMAT

- A. Sheet Numbering** - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. Check Sheets** - When a tariff filing is made with the PUC of Ohio, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some sheets.)

Hamtramck, Michigan 48211

OH0212

Case No.:

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

Access Line - An arrangement which connects the Customer's location to an LDMI switching center or point of presence.

Account Codes - Optional, Customer-defined digits that allow the Customer to identify the individual user, department or client associated with a call. Account Codes appear on the Customer bill.

Authorized User - A person, firm, corporation, or any other entity authorized by the Customer to communicate utilizing the Company's service.

Business - A class of service provided to individuals engaged in business, firms, partnerships, corporations, agencies, shops, works, tenants of office buildings, and individuals practicing a profession or operating a business who have no offices other than their residences and where the use of the service is primarily or substantially of a business, professional or occupational nature.

Class of Service - A description of telephone service furnished a Customer.

Commission - Public Utilities Commission of Ohio.

Company or Carrier - LDMI Telecommunications, Inc. d/b/a LDMI Telecommunications, also d/b/a FoneTel unless otherwise clearly indicated by the context.

Customer - The person, firm, corporation or other entity which orders, cancels, amends or uses service and is responsible for payment of charges and compliance with the Company's tariff.

End User - Any person, firm, corporation, partnership or other entity which uses the services of the Company under the provisions and regulations of this tariff. The End User is responsible for payment unless the charges for the services utilized are accepted and paid by another Customer.

Equal Access - The ability of a long distance carrier to serve Customers on a presubscribed basis rather than through the use of dial access codes.

Hamtramck, Michigan 48211

OH0212

Case No.:

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS, (CONT'D.)

Exchange - A central office or group of central offices, together with the Customer's stations and lines connected thereto, forming a local system which furnishes means of telephonic intercommunication without toll charges between Customers within a specified area, usually a single city, town or village.

Extended Area Service - A type of service where Customers of a given exchange may complete calls to and, where provided by the tariff, receive messages from one or more exchanges without the application of long distance message telecommunications charges.

Flat Rate Service - A classification of exchange service for which a stipulated charge is made, regardless of the amount of use.

Individual Case Basis (ICB) - A service arrangement in which the regulations, rates and charges are developed based on the specific circumstances of the Customer's situation.

LDMI - Used throughout this tariff to mean LDMI Telecommunications, Inc. d/b/a LDMI Telecommunications, also d/b/a FoneTel unless clearly indicated otherwise by the text.

LEC - Local Exchange Company

Off-Net - Customers or locations where the Company provides local service using SBC switching facilities via UNE-P or resale. (N)

On-Net - Customers or locations within the Company's collocation footprint where the Company provides local service using its own switching facilities or switching facilities leased from a third-party other than SBC. (N)

Premises - A building or buildings on contiguous property.

P.U.C.O. - Public Utilities Commission of Ohio.

Residence or Residential - A class of service furnished to a Customer at a place of dwelling where the actual or obvious use is for domestic purposes.

Rotary - Routes a call to an idle Station line.

Special Construction - Service configurations specifically designed and constructed at a Customer's request.

Case No.:

SECTION 2 - RULES AND REGULATIONS

2.1 Undertaking of LDMI

- 2.1.1** The Company undertakes to furnish communications service pursuant to the terms of this tariff in connection with one-way and/or two-way information transmission originating from points within the State of Ohio, and terminating within a local calling area as defined herein, or outside of the local calling area, but within the State of Ohio.
- 2.1.2** The Company installs, operates, and maintains the communications services provided herein in accordance with the terms and conditions set forth under this tariff. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities, when authorized by the Customer, to allow connection of a Customer's location to the Company network. The Customer shall be responsible for all charges due for such service arrangement.
- 2.1.3** When services and facilities provided by the Company are used to obtain access to the regulated or unregulated services provided by another company, or are used by another company as a part of the regulated or unregulated services offered by that company, the regulations of the Company apply only to the use of the Company's services and facilities.
- 2.1.4** The Company may offer various unregulated services in conjunction with or ancillary to its regulated services.
- 2.1.5** The Company may serve Customers in the State of Ohio through the use of its own facilities or through the resale of services of other telecommunications service providers.
- 2.1.6** The provision of services defined herein is subject to regulations specified in this tariff and may be revised, added to, or supplemented by superseding issues.

2.2 Limitations

- 2.2.1** Service is offered subject to the availability of the necessary facilities and equipment and subject to the provisions of this tariff. The furnishing of service under this tariff or an applicable contract is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.
- 2.2.2** Customers and users may use services and facilities provided under this tariff or an applicable contract to obtain access to services offered by other companies. The Company is responsible for the services and facilities provided under this tariff or an applicable contract, and it assumes no responsibility for any service (whether regulated or not) provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own Customers.
- 2.2.3** Prior written permission from the Company is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions for service.
- 2.2.4** In view of the fact that the Customer has exclusive control of his communications over the facilities furnished him by the Company, and of the other uses for which facilities may be furnished him by the Company, and because unavoidable errors incidental to services and use of such facilities of the Company may occur, the services and facilities furnished by the Company are subject to the terms, conditions and limitations herein specified.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.2 Limitations, (Cont'd.)

- 2.2.5** Accessories which aid a Customer's convenience in his use of the services provided by the Company which are not furnished under this tariff, are permissible provided any such accessory so used would not endanger the safety of Company employees or the public; damage, require change in or alteration of, or involve direct electrical connection to the equipment or other facilities of the Company, or interfere with the proper functioning of such equipment or facilities; or impair the operation of the telecommunications system or otherwise injure the public in its use of the Company's services.
- 2.2.6** The Company reserves the right to limit the length of communication when necessary because of a shortage of facilities caused by emergency conditions.
- 2.2.7** The service is furnished subject to the condition that it will not be used for any unlawful purpose. Service will be discontinued if any law enforcement agency, acting within its apparent jurisdiction, advises in writing that such service is being used in violation of the law. The Company will refuse to furnish service when it has reasonable grounds to believe that such service will be used in violation of the law. Customers will be notified pursuant to Minimum Telephone Service Standards (MTSS) Section 4901:1-5-17.

2.3 Liabilities of Company

- 2.3.1** The Company's liability for damages arising from any failure of service shall not exceed an amount equivalent to the proportionate charge to the Customer for the period during which the failure occurs.
- 2.3.2** The Company shall not be liable for any claim or loss not directly caused by negligence of the Company.
- 2.3.3** The Company is not liable for any act or omission of any other company or companies furnishing a portion of the facilities, equipment or services used in connection with the services provided by the Company.
- 2.3.4** The Company shall not be liable for the use or abuse of a Customer's service by any party including, but not limited to, the Customer's employees or members of the public. "Use or abuse" includes, but is not limited to, any calls placed by means of a PBX-re-origination or other legal or illegal equipment, service or device. The Company shall not be liable for any action, such as blocking or refusal to accept certain calls, that it deems necessary to take in order to prevent unlawful use of its services. Compensation for any injury the Customer may suffer due to the fault of parties other than the Company must be sought from such other parties.
- 2.3.5** The Company shall not be liable for any personal injury, or death of any person or persons, and for any loss or damage sustained by reason of acts, mistakes, omissions, errors or defects in providing its services, whatever shall be the cause and whether negligent or otherwise.
- 2.3.6** Acceptance by the Commission of the liability provisions contained in this tariff does not constitute its determination that the limitation of liability imposed by the Company should be upheld in a court of law, but the recognition that, as it is the duty of the courts to adjudicate negligence claims and rights to recover damages therefor, so it is the duty of the courts to determine the validity of the exculpatory provisions of this tariff.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.3 Liabilities of Company, (Cont'd.)

2.3.7 The liability of the Company for service irregularities shall in no event exceed an amount equivalent to the proportionate charge to the Customer for the service for the period during which the service irregularity exists. Service irregularities are defined as mistakes, omissions, interruptions, delays, errors, or defects in transmission, or failure of or defects in the service and/or facilities furnished by the Company which occur in the course of furnishing service or facilities and are not caused by the negligence of the Customer or the negligence of the Company in failing to maintain proper standards of maintenance or operation, or to exercise reasonable supervision.

2.3.8 The Company shall not be liable for any failure of performance due to causes beyond its control, including, without being limited to, acts of God, fires, floods or other catastrophes, national emergencies, insurrections, riots or wars, strikes, lockouts, work stoppage or other labor difficulties, acts or omissions of other carriers, and any law, order, regulation or other action of any governing authority or agency thereof.

2.3.9 The Company shall be indemnified and held harmless by the Customer against the following:

- A.** Claims for slander, libel or infringement of copyright arising out of the materials, data, information or other content transmitted over the Company's facilities.
- B.** All other claims arising out of any act or omission of the Customer in connection with any service or facility provided by the Company.

2.4 Taxes and Surcharges

2.4.1 All state and local taxes (i.e., gross receipts tax, sales tax, municipal utilities tax) are listed as separate line items and are not included in the quoted rates.

2.4.2 Surcharges (i.e., 911, subscriber line charge, etc.) approved or mandated by any governmental jurisdiction are listed separately on the bill and are not included in quoted rates.

2.5 Terminal Equipment

The Company's service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems, such as a telephone set, key system or private branch exchange (PBX). Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided. The Customer is responsible for all costs at his or her premises, including personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria standards of the telecommunications industry as endorsed by the Federal Communications Commission.

2.6 Installation

Service is installed upon mutual agreement between the Customer and the Company. The service agreement does not alter rates specified in this tariff.

2.7 Payment for Service

- 2.7.1** The Customer is responsible for payment of all charges for services and equipment furnished to the Customer or to an authorized user of the Customer by the Company. All charges due from the Customer are payable to the Company or to the Company's authorized billing agent. Terms of payment shall be according to the rules and regulations of regulatory agencies, including the Commission. Any objections to billed charges must be reported to the Company or its billing agent within sixty days after receipt of bill. Contested charges will be handled in accordance with the appropriate Commission rules. Adjustments to Customer's bills shall be made to the extent that circumstances exist which reasonably indicate that such changes are appropriate.
- 2.7.2** Pursuant to MTSS Section 4901:1-5-17(K)(1), monthly invoices sent to the Customer are due fourteen (14) days from the date of the postmark on the bill. If the bill is not paid by the due date, it becomes past due and the account may be subject to disconnection. All amounts owed after the due date are subject to late payment penalty charges of 1.5% per month. The late payment fee will not be assessed on unpaid penalty charges and any payment received shall first be applied to any bill for services rendered.
- 2.7.3** In no case shall service be actually disconnected until seven days after written notice has been given to the Customer.
- 2.7.4** Returned Check Fee - A return check charge will be assessed for checks returned for insufficient funds. The Company may waive the returned check fee under appropriate circumstances.

2.7 Payment for Service, (Cont=d.)

2.7.5 Selective Access Policy

LDMI when providing toll service may universally block access to all toll providers for nonpayment of regulated toll charges, so long as the blocked customer is not denied the right to select, through a presubscribed interexchange change (PIC) mechanism, any other 1+ presubscribed toll service provider who is obligated to provide such service under the terms of the Selective Access Policy.

Under the terms of the Selective Access Policy, LDMI when providing toll service, may not deny establishment of 1+ presubscribed toll service on the grounds that the customer has failed to establish creditworthiness, if:

the customer is able to establish creditworthiness using one of the means for doing so available under the Public Utilities Commission of Ohio's (PUCO) rules, or

LDMI, when providing toll service, exercising its own discretion, does not require the customer to establish creditworthiness (through any of the means available for doing so under the PUCO's rules), or

LDMI, when providing toll service, attempts to require the customer to establish creditworthiness using credit establishment procedures which do not comport with the PUCO's credit establishment policies and/or not set forth within a PUCO approved tariff.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.7 Payment for Service, (Cont=d.)

2.7.5 Selective Access Policy, (Cont=d.)

When a prospective customer, who has previously been universally blocked for nonpayment of toll charges by another carrier, seeks to select LDMI as his or her 1+ carrier of choice, LDMI may, subject to our tariffed toll deposit policies and the Commission's rules on establishment of service (See Rules 4901:1-5-13 and 4901:1-5-14, Ohio Administrative Code, [O.A.C.]0, require a deposit for toll service. This deposit shall be in accordance with Rule 4901:1-5-13(B), O.A.C., but LDMI may negotiate a lower deposit.

LDMI may furnish credit information, acquired from LDMI's own experiences with the customer, to consumer reporting agencies within the meaning of the Federal Fair Credit Reporting Act. LDMI will follow all requirements that consumer reporting agencies must follow in issuing credit reports within the meaning of the Federal Fair Credit Reporting Act.

Upon payment by the customer of all past due toll debt to LDMI, LDMI will remove the block and all 1+ dialing capabilities, including 10-XXX, will be restored.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.8 Deposits and Advance Payments

Each service applicant will be required to establish credit in accordance with Rule 4901:1-17-03 of the Ohio Administrative Code. Any applicant whose credit has not been otherwise established may be required to make a deposit to be held as a guarantee of payment of charges at the time of application. In addition, an existing customer may be required to make a deposit or increase a deposit presently held in accordance with Rule 4901:1-17-04 of the Ohio Administrative Code. (T)
(T)

2.8.1 A deposit is not to exceed the estimated charges for two (2) months' service plus 30% of the estimated monthly charge. Deposits will be held for a period of one year. Interest on intrastate deposits will be in accordance with Rule 4901:1-17-05 of the Ohio Administrative Code.

2.8.2 A deposit will be returned:

When an application for service has been canceled prior to the establishment of service. The deposit will be applied to any charges applicable in accordance with the tariff and the excess portion of the deposit will be returned.

Upon the discontinuance of service. The Company will refund the Subscriber's deposit or the balance in excess of unpaid bills for that service. At the option of the Company, such a deposit may be refunded or credited to the Subscriber at any time prior to the termination of the service.

2.8.3 The fact that a deposit has been made in no way relieves the Subscriber from complying with the regulation with respect to advance payments and the prompt payment of bills on presentation.

2.8.4 Deposit and Advance Payment requirements for providing service will be in accordance with MTSS Rule 4901:1-5-13(A) and (B).

2.9 Cancellation by Customer

No charge applies when the applicant cancels an application for service prior to the start of installation or special construction.

When an applicant cancels an application for service after the start of installation or special construction, the applicant shall pay a cancellation fee which is the lesser of 1) the costs incurred by the Carrier, or 2) the charge for the minimum period of the service ordered, plus applicable installation charges.

Customers of LDMI may cancel service by providing thirty (30) days' written notice to LDMI. Customers are responsible for all charges, including fixed fees, which accrue up to the cancellation date.

2.10 Interconnection

Service furnished by LDMI may be connected with the services or facilities of other carriers. Such service or facilities, if used, are provided under the terms, rates and conditions of the other carrier. The Customer is responsible for all charges billed by other carriers for use in connection with LDMI's service.

2.11 Refusal or Discontinuance by Company

The Company may refuse or discontinue service in the following circumstances. Unless otherwise stated, the Customer will be given ten (10) days' written notice and allowed a reasonable time to comply with any rule or to remedy any deficiency. All notices given shall comply with the Commission rules.

2.11.1 For non-compliance with and/or violation of any State or municipal law, ordinance or regulation pertaining to telephone service.

2.11.2 For the use of telephone service for any other property or purpose other than that described in the application.

2.11.3 For failure or refusal to provide the Company with a deposit to insure payment of bills in accordance with the Company's regulations or failure to meet the Company's credit requirements.

2.11.4 For neglect or refusal to provide reasonable access to the Company for the purpose of inspection and maintenance of equipment owned by the Company. Such action shall be taken only when corrective action negotiated between the Company and the Customer has failed to resolve the situation.

2.11.5 For non-compliance with and/or violation of the Commission regulations or the Company's rules and regulations on file with the Commission.

2.11.6 In the event of tampering with the equipment furnished and owned by the Company.

Case No.:

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.11 Refusal or Discontinuance by Company, (Cont'd.)

- 2.11.7** In the event of Customer use of equipment in such a manner as to adversely affect the Company's service to others. Such discontinuance of service may be made without notice if a dangerous condition relating to Company service exists which could subject any person to imminent harm or result in substantial damage to the property of the Company or others. In such case, the Company shall notify the Customer immediately in writing and, if possible, orally of the reasons for the termination or refusal.
- 2.11.8** In the event of unauthorized or fraudulent use of service. The Company may terminate service, pursuant to MTSS Section 4901:1-5-17, if it has evidence that such Customer has obtained unauthorized service by illegal use or theft. Whenever service is discontinued for fraudulent use of service, the Company may, before restoring service, require the Customer to make, at his own expense, all changes in facilities or equipment necessary to eliminate illegal use and to pay an amount reasonably estimated as the loss in revenues resulting from such fraudulent use.
- 2.11.9** For failure of the Customer to make proper application for service. A Customer who has complied with Commission regulations shall not be denied service for failure to comply with the Company's rules which have not been made effective in the manner prescribed by the Commission.
- 2.11.10** For Customer's breach of the contract for service between the Company and the Customer.
- 2.11.11** When necessary for the Company to comply with any order or request of any governmental authority having jurisdiction.
- 2.11.12** The Company reserves the right to discontinue furnishing service or to limit the use of service when necessary due to conditions beyond its control or when the Customer is using service in violation of the law or provisions of this tariff.

2.11 Refusal or Discontinuance by Company, (Cont'd.)

2.11.14 Discontinuance of Service other than Toll Service

- A.** For purposes of this section, all regulated telephone services provided by the Company, except toll services, shall be defined as local service.
- B.** The Company may disconnect its customer's local service for nonpayment of charges incurred for local service. Such disconnection must be conducted pursuant to all applicable minimum telephone service standards. All practices of the Company pertaining to either the provision of its own toll service, if any, or as a duly-authorized agent for another toll service provider shall also conform to the minimum telephone service standards.
 - 1.** Disconnection notices issued by the Company pursuant to Rule 4901:1-5-17(L)(4), O.A.C., must inform the subscribers facing local service disconnection of the total amount which the subscriber would need to pay in order to avoid disconnection of local service. It must also inform the subscriber of the Company's legal obligation to provide "local only" service to customers whose local services charges are paid, even while their toll service is disconnected for nonpayment of outstanding toll debt.
- C.** The Company is prohibited from disconnecting any customer's local service for nonpayment of charges incurred by the customer for toll service.
- D.** Partial payments by a customer to the Company will be apportioned by the Company to the Company's regulated local service charges first before being applied by the Company to any toll charges and will be apportioned to regulated telephone service charges first before being applied to charges for nonregulated services.
- E.** Disconnection of Local Service will be conducted in accordance with MTSS Rule 4901:1-5-17.

2.11 Refusal or Discontinuance by Company, (Cont'd.)

2.11.15 Discontinuance of Toll Service (Generally)

- A.** In addition to enforcing, on it own behalf, the Company's own billing credit/deposit, and disconnection policies with respect to all regulated telephone services provided by the Company itself, the Company is not precluded from entering into formal contracts with other toll service providers which would authorize the Company as a formal contractual agent of such other toll service providers for purposes of enforcing the billing, credit/deposit, and disconnection policies of such other toll service providers.
- B.** Unless and until it has entered into a formal contract specifically authorizing it to do so, the Company is not permitted to enforce the billing, credit/deposit, and disconnection policies of any toll service provider other than the Company.
- C.** When the Company disconnects toll service for nonpayment of toll debt, whether owed to the Company or to some other provider of toll service, the method of toll disconnection which the Company utilizes:

 - 1.** must not function as a vehicle by which the (nonpaying) toll subscriber is denied access, through presubscription to any other toll service provider besides the one whose provision of toll service has precipitated the toll disconnection;
 - 2.** must be available from the Company, by tariff, on a nondiscriminatory basis to all toll service providers.
- D.** Neither purchase of the toll service provider's accounts receivable by the Company nor a requirement that the Company shall be the billing and collection agent for the toll service provider, shall be established as a necessary precondition imposed by the Company in connection with its tariffed disconnection services offered on a nondiscriminatory basis to all toll service providers.
- E.** Disconnection of toll service will be conducted in accordance with MTSS Rule 4901:1-5-17.

2.14 Interruption of Service

Interruptions of service and trouble reports are subject to the general liability provisions set forth in Section 2.3 herein and the provisions of the Commission.

2.15 Terms and Conditions

2.15.1 Service is provided on the basis of a minimum period of at least one month unless specified otherwise in this tariff. For the purpose of computing charges in this tariff or an applicable contract, a month is considered to have 30 days.

2.15.2 Customers may be required to enter into written service agreements which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff or an applicable contract. The Customer will also be required to execute any other documents as may be reasonably requested by the Company.

2.15.3 At the expiration of the initial term specified in each service agreement, or in any extension thereof, service shall continue on a month-to-month basis at the then current rates unless terminated by either party. Any termination shall not relieve the Customer of the obligation to pay any charges incurred under the service order and this tariff or an applicable contract prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service agreement shall survive such termination.

2.17 Special Construction And Special Arrangements

2.17.1 Subject to the agreement of the Company and to all of the regulations contained in this tariff or any applicable contract, special construction and special arrangements may be undertaken on a reasonable effort basis at the request of the Customer. Special arrangements include any service or facility relating to a regulated telecommunications service not otherwise specified under this tariff or any applicable contract, or for the provision of service on an expedited basis or in some other manner different from the normal tariff or contract conditions. Special construction is that construction undertaken:

- A.** Where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B.** Of a type other than that which the Company would normally utilize in the furnishing of its services,
- C.** Over a route other than that which the Company would normally utilize in the furnishing of its services,
- D.** In a quantity greater than that which the Company would normally construct,
- E.** On an expedited basis,
- F.** On a temporary basis until permanent facilities are available,
- G.** Involving abnormal costs, or
- H.** In advance of its normal construction.

2.17 Special Construction And Special Arrangements, (Cont'd.)

2.17.2 Basis for Charges - Where the Company furnishes a facility on special construction basis, or any service for which a rate or charge is not specified in this tariff, charges will be based on the costs incurred by the Company and may include the following: (i) non-recurring type charges, (ii) recurring type charges, (iii) termination liabilities or (iv) combinations thereof. The agreement for special construction will ordinarily include a minimum service commitment based upon the estimated service of the facilities provided.

2.17.3 Basis for Cost Computation - The costs referred to in Section 2.17.2 preceding may include one or more of the following items to the extent they are applicable:

- A.** Nonrecurring charges will be developed based upon the installed cost of the facilities to be provided including estimated costs for the rearrangements of existing facilities. Costs include: (i) equipment and materials provided or used, (ii) engineering, labor and supervision, (iii) transportation, (iv) rights of way and (v) any other item chargeable to the capital account.
- B.** Monthly Recurring charges will be based upon the following costs: (i) cost of maintenance, (ii) depreciation on the estimated cost installed of any facilities provided, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage, (iii) administration, taxes and uncollectible revenue on the basis of reasonable average costs for these items, (iv) any other identifiable costs related to the facilities provided and (v) an amount for return and contingencies.

Case No.:

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.17 Special Construction And Special Arrangements, (Cont'd.)

2.17.4 Termination Liability - To the extent that there is no other requirement for use by the Company, a termination liability may apply for facilities specially constructed at the request of the Customer. The Customer will be notified of the termination liability provisions prior to installation.

- A.** The maximum termination liability is equal to the total cost of the special facility as determined under Section 2.17.3, preceding, adjusted to reflect the predetermined estimated net salvage, including any reuse of the facilities provided.
- B.** The maximum termination liability as determined in paragraph a) shall be divided by the original term of service contracted for by the Customer (rounded up to the next whole number of months) to determine the monthly liability. The Customer's termination liability shall be equal to this monthly amount multiplied by the remaining unexpired term of service (rounded up to the next whole number of months), discounted to present value at six (6) percent, plus applicable taxes.

2.17.5 Maintenance Charge - A maintenance charge shall apply when a user requests the dispatch of the Company's personnel for the purpose of performing maintenance activity on the Company's facilities and the trouble condition is found to result from equipment, facilities, or systems not provided by the Company.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.18 Universal Emergency Telephone Number Service (911, E911)

- 2.18.1** This tariff does not provide for the inspection or constant monitoring of facilities to discover errors, defects, or malfunctions in the service, nor does the Company undertake such responsibility.
- 2.18.2** 911 information consisting of the names, addresses and telephone numbers of all telephone customers is confidential. The Company will release such information via the Data Management System only after a 911 call has been received, on a call-by-call basis, only for the purpose of responding to an emergency call in progress.
- 2.18.3** The 911 calling party, by dialing 911, waives the privacy afforded by non-listed and non-published service to the extent that the telephone number, name, and address associated with the originating -station location are furnished to the Public Safety Answering Point.
- 2.18.4** After the establishment of service, it is the Public Safety Agency's responsibility to continue to verify the accuracy of and to advise the Company of any changes as they occur in street names, establishment of new streets, changes in address numbers used on existing streets, closing and abandonment of streets, changes in police, fire, ambulance or their appropriate agencies' jurisdiction over any address, annexations and other changes in municipal and county boundaries, incorporation of new cities or any other similar matter that may affect the routing of 911 calls to the proper Public Safety Answering Point.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.18 Universal Emergency Telephone Number Service (911, E911), (Cont'd.)

2.18.5 The Company assumes no liability for any infringement, or invasion of any right of privacy of any person or persons caused, or claimed to be caused, directly or indirectly by the use of 911 Service. Under the terms of this tariff, the Public Safety Agency must agree, (except where the events, incidents, or eventualities set forth in this sentence are the result of the Company's gross negligence or willful misconduct) , to release, indemnify, defend and hold harmless the Company from any and all losses or claims whatsoever, whether suffered, made, instituted, or asserted by the Public Safety Agency or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage, or destruction of any property, whether owned by the customer or others. Under the terms of this tariff; the Public Safety Agency must also agree to release, indemnify, defend and hold harmless the Company for any infringement of invasion of the right of privacy of person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion, or use of 911 Service features and the equipment associated therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address, or name associated with the telephone used by the party or parties accessing 911 Service hereunder, and which arise out of the negligence or other wrongful act of the Public Safety Agency, its user, agencies or municipalities, or the employees or agents of any one of them, or which arise out of the negligence, other than gross negligence or willful misconduct, of the Company, its employees or agents.

2.19 Resale and Sharing

SECTION 2.19 IS AVAILABLE ONLY TO CARRIERS WHICH ARE CERTIFIED BY THE PUBLIC UTILITY COMMISSION OF OHIO TO PROVIDE INTRASTATE LOCAL EXCHANGE SERVICES

There are no prohibitions or limitations on the resale of services. Prices for services appear in the price sheet attached to this tariff. Any service provided under this tariff may be resold to or shared with other persons at the option of Customer, subject to compliance with any applicable laws of the Public Utilities Commission of Ohio regulations governing such resale or sharing. The Customer remains solely responsible for all use of services ordered by it or billed to its telephone number(s) pursuant to this tariff, for determining who is authorized to use its services, and for notifying the Company of any unauthorized use.

Rates for Resale and Sharing Service are the same as the tariffed retail rates found in Section 7.0.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.20 Service Provider Number Portability

SPNP-LRN depends on AIN/IN technology. LRN is a 10 digit number used to uniquely identify a switch that has ported numbers. The LRN for a particular switch must be a native NPA-NXX assigned to the local exchange provider for that switch and serves as a network address. Telecommunications Carriers routing telephone calls to an end-user that has ported their telephone number from one Telecommunications Carrier to another must perform a database query to obtain the LRN that corresponds to the dialed telephone number. The N-1 telecommunications provider (the next to the last terminating carrier) is responsible for determining the LRN for the call being terminated. The database query is performed for all calls where the NPA-NXX of the called number has been marked in the switch as portable. The Telecommunications Carrier routes the call to the appropriate Telecommunications Carrier based on the LRN.

Service Provider Number Portability (SPNP) is only available to telecommunication carriers for use in the provision of a telecommunications service as specified and to the extent required by the Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56 (1996) (the Act) and the rules and regulations of the Federal Communications Commission and the Public Utilities Commission of Ohio.

Service Provider Number Portability is a service arrangement provided by the Company to Telecommunication Carriers whereby a customer, who switches subscription to local exchange service from the Company to a Telecommunication Carrier is permitted to retain for their use the existing Company assigned telephone number provided that the customer's service location remains within the same Company rate center.

Case No.:

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.20 Service Provider Number Portability, (Cont'd.)

2.20.1 Rules and Regulations

SPNP service is only available to Telecommunication Carriers.

SPNP service and facilities will only be provided where technically feasible, subject to the availability of facilities and pursuant to FCC Docket No. 95-116 and PUCO Case No. 95-845-TP-COI, and may only be furnished from properly equipped central offices. SPNP service and facilities are not offered for Mass-Calling NXX Codes, NXX Codes 555, 976 and 960.

General Regulations as found in this Tariff apply to this Section unless otherwise specified in this Section. The term Acustomer@, which appears herein, is the equivalent of the term Atelecommunication carrier@ as used in this Section.

Telecommunication Carriers will be assessed Local Number Portability (LNP) Query Charges as defined in the Company's FCC Access Services Tariff, as SPNP-LRN becomes available in an area if the Company performs an LNP database query on behalf of the Telecommunications Carrier.

Interim Arrangements (SPNP-Remote and SPNP-Direct) are only available to Telecommunications Carriers in areas where SPNP-Location Routing Number (LRN) is not available. Telecommunications Carriers shall migrate from Interim Arrangements to SPNP-LRN as soon as practicable, but no later than 120 days from the last day which the FCC has mandated SPNP-LRN be available in a particular Metropolitan Statistical Area (MSA). Requests for Interim Arrangements will also not be processed after the last days which the FCC has mandated SPNP-LRN be available in a particular Metropolitan Statistical Area (MSA). The parties shall provide long-term number portability to each other in accordance with rules and regulations prescribed by the FCC and/or the PUCO.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.20 Service Provider Number Portability, (Cont'd.)

2.20.2 Responsibilities of the Company

The Company=s sole responsibility is to comply with the service request it receives from the Telecommunication Carrier and to provide SPNP in accordance with its tariff. In the event that the Company becomes aware that a dispute or discrepancy may have occurred, it may insist that the Telecommunication Carrier provide to the Company a signed letter of authorization from the end-user.

The Company is not responsible for the allocation of charges for resold or shared SPNP service or for misdialed calls.

2.20.3 Responsibilities of the Telecommunication Carrier

The Telecommunication Carrier is solely responsible to obtain a signed letter of authorization from the end-user for the handling of the disconnection of the end-user=s service with the Company, the provision of service by the Telecommunication Carrier and the provision of SPNP service. Should a dispute or discrepancy arise regarding the authority of a Telecommunication Carrier to act on behalf of the end-user, the Telecommunication Carrier is responsible for providing a signed letter of authorization, to the Company. In the event that the Telecommunication Carrier is unable to provide such authorization, the Company may either refuse to disconnect the end-user=s service and establish SPNP service are requested by the Telecommunication Carrier or, where the conversion from en-user to SPNP service has already occurred, my choose to restore the end-user=s prior service with the Company and terminate the SPNP service for that particular end-user. In such event, the Telecommunication Carrier is responsible to compensate the Company for its cancellation costs if the end-user=s service had not been disconnected and SPNP service had not yet been established or to pay all applicable restoral costs for terminating the SPNP service and restoring the end-user=s prior service with the Company.

The Telecommunication Carrier is responsible for coordinating the provision of service with the Company to assure that its switch is capable of accepting SPNP ported traffic.

Case No.:

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.20 Service Provider Number Portability, (Cont'd.)

2.20.3 Responsibilities of the Telecommunication Carrier, (Cont'd.)

The Telecommunication Carrier is solely responsible to provide equipments and facilities that are compatible with the Company=s service parameters, interfaces, equipment and facilities. The Telecommunication Carrier is required to provide sufficient terminating facilities and services at the terminating end of an SPNP call to adequately handle all traffic to that location and is solely responsible to ensure that its facilities, equipment and services do not interfere with or impair any facility, equipment or service of the Company or any of its end-users. In the event that the Company determines in its sole judgment that Telecommunication Carrier will likely impair or is impairing, or interfering with any equipment, facility or service of the Company or any of its end-users, the Company may either refuse to provide SPNP service or terminate it in accordance with other provisions of the Company=s tariff.

The Telecommunication Carrier is responsible for providing an appropriate intercept announcement service for any telephone numbers subscribed to SPNP service for which it is not presently providing local exchange service or terminating to an end-user.

The Telecommunication Carrier is responsible for designating to the Company at the time of its initial service request for SPNP service one for the following options for the handling and processing of Calling Card, Collect, third party, and other operator handled non-sent paid calls from or to SPNP assigned telephone numbers: (1) the Connecting-Carrier may request that the Company block all such calls; (2) the Telecommunication Carrier may accept billing from the Company for such calls; or (3) the Telecommunication Carrier may negotiate a separate, detariffed billing and collection agreement with the Company establishing the calling handling, processing and billing responsibilities of the parties.

2.20 Service Provider Number Portability, (Cont'd.)

2.20.4 Limitations of Service

The Company is not responsible for adverse effects on any service, facility or equipment from the use of SPNP service.

End-to-end transmission characteristics may vary depending on the distance and routing necessary to complete calls over SPNP facilities and the fact that another carrier is involved in the provisioning of service. Therefore, end-to-end transmission characteristics cannot be specified by the Company for such calls.

The Company is not responsible to the Telecommunication Carrier if necessary changes in protection criteria or in any of the facilities, operation, or procedures of the Company renders any facilities provided by a Telecommunication Carrier obsolete or renders modification of the Telecommunication Carrier's equipment necessary except as otherwise required by the Public Utilities Commission of Ohio.

2.21 Service Quality

The Company will adhere to minimum service quality and service levels in accordance with MTSS Rule 4901:1-5-20.

2.22 Subscriber Bills

2.22.1 Subscriber bills will be rendered in accordance with MTSS Rule 4901:1-5-15.

2.22.2 Adjustments to subscriber bills for local service will be in accordance with MTSS Rule 4901:1-5-16.

SECTION 3 - EXCHANGE AND LOCAL CALLING AREAS, (CONT'D.)

3.2 Timing of Calls

Where applicable, the following rate period and timing parameters apply:

- 3.2.1** Initial Period - The initial period is the length of a call for minimum billing purposes. The initial period varies by rate schedule and is specified in individual product rates sections of this tariff.
- 3.2.2** Additional Period - The additional period is the rate element used to bill chargeable time when a call continues beyond the initial period. The additional period starts when the initial period ends. Additional period rates apply to any fraction of the time period for chargeable time beyond the initial period. Additional periods vary by rate schedule and are specified in the individual product rates sections of this tariff.
- 3.2.3** Chargeable time for all calls ends when one of the parties disconnects from the call.
- 3.2.4** Time of day designations are used in this tariff to indicate rate period boundaries. Rate periods begin at the first time of day designation and continue up to but not including the second time of day designation.

SECTION 3 - EXCHANGE AND LOCAL CALLING AREAS, (CONT'D.)

3.3 Calculation of Mileage and Rate Bands

For mileage-sensitive schedules, the distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the rate centers as defined by BellCore (Bell Communications Research), in the following manner:

Step 1: Obtain the "V" and "H" coordinates for the rate center or network access point serving the Customer's location and the called/calling station.

Step 2: Obtain the difference between the "V" coordinates. Obtain the difference between the "H" coordinates.

Step 3: Square the differences obtained in Step 2.

Step 4: Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5: Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6: Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating locations of the call.

Formula:

$$\sqrt{\frac{(V_1 V_2)^2 + (H_1 H_2)^2}{10}}$$

SECTION 4 - DESCRIPTION OF SERVICE AND RATES

4.1 Basic Network Switched Service

4.1.1 General

- A.** Basic Network Switched Service is provided via one or more channels terminated at the Customer's premises. Each Basic Network Switched Service channel corresponds to one or more analog, voice-grade telephonic communications channels that can be used to place or receive one call at a time. (T)

Basic Network Switched Service provides a Customer with a connection to the Company's switching network which enables the Customer to:

- receive calls from other stations on the public switched telephone network;
- access the Company's local calling service;
- access the Company's (or its underlying carrier's) operators and business office for service related assistance; access toll-free telecommunications services such as 800 NPA; and access 911 service for emergency calling; and
- access the service of providers of interexchange service. A Customer may presubscribe to such provider's service to originate calls on a direct dialed basis or to receive toll-free service from such provider, or may access a provider on an ad hoc basis by dialing the provider's Carrier Identification Code (such as 101XXXX).

Business and Residential Lines are provided for connection to Customer-provided terminal equipment. Nonrecurring, recurring, and usage charges apply as described herein.

The local calling area (i.e, exchange and EAS calling) mirrors the local calling area for basic local exchange service provided by the incumbent local exchange company for the same exchange.

A white pages standard directory listing is included with each unit of wireline service.

SECTION 4 - DESCRIPTION OF SERVICE AND RATES (CONT'D.)

4.1 Basic Network Switched Service (Cont'd.)

4.1.1 General (Cont'd.)

- B.** Residential local service bundles that include unlimited local and/or long distance usage are restricted to residential voice applications only. No commercial use of any form is permitted for such unlimited offerings. Usage for dial-up internet access, data and fax-type applications and other non-voice uses is not permitted.

If, at any time, the Company determines* that the Customer is using the service in violation of this Section 4.1.1.B, the Customer will be given seven (7) days written notice to contact the Company with regard to the usage data gathered. If no contact has been made to the Company within the specified period, the Customer's account will be blocked for outgoing long distance calls, and all local usage associated with non-voice applications will be assessed the local message rate set forth in Section 7.1.3.A. This remedy will continue until the customer elects to change to another LDMI service plan, which does not include unlimited local or long distance calling. The Customer would no longer be eligible to subscribe to an LDMI unlimited calling plan.

(T)

Residential accounts are limited to a maximum of ten (10) access lines.

* High usage accounts associated with an LDMI unlimited long distance usage plan will be subject to periodic review by the Company. Each account selected for further review will be analyzed as follows: (1) The Company will track frequently dialed numbers and duration of calls. If many different numbers are being dialed for periods of seconds, use of an auto-dialer is suspected and called numbers will be sampled for such usage; (2) The Company will test call frequently dialed numbers to listen for data recipient. If data is heard, use of Internet and/or facsimile is positively identified.

See *Section 7.1.1.B.1(b)* for current charges.

2. Presubscribed Carrier Change Charge

New Customers will be asked to select an intraLATA and/or interLATA toll carrier(s) at the time the Customer places an order to establish local exchange service with the Company. The Company will process the Customer's order for presubscription service. The selected carrier(s) will confirm their respective Customer's verbal selection by third-party verification or return written confirmation notices. All new Customers' initial requests for intraLATA and/or interLATA toll service presubscription shall be provided free of charge.

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

4.1 Basic Network Switched Service, (Cont'd.)

4.1.2 Nonrecurring Charges, (Cont'd.)

2. Presubscribed Carrier Change Charge

If a new Customer is unable to make a selection at the time the new Customer places an order to establish local exchange service, the Company will read a random listing of all available intraLATA and interLATA carriers to aid the Customer in selection. If selection is still not possible, the Company will inform the Customer that he/she will be given 30 calendar days in which to inform the Company of an intraLATA and/or interLATA toll carrier presubscription selection free of charge. Until the Customer informs the Company of his/her choice for toll carrier(s), the Customer will not have a presubscribed toll carrier, but rather will be required to dial a carrier access code to route all toll calls to the carrier(s) of choice. Customers who inform the Company of a choice for toll presubscription within the 30day period will not be assessed a service charge for the initial Customer request.

Customers of record may initiate a presubscription change at any time subject to the charges specified below. If a Customer of record inquires of the Company of the carriers available for toll presubscription, the Company will read a random listing of all available carriers to aid the Customer in selection.

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

4.2 Optional Calling Features, (Cont'd.)

4.2.1 Description of Line Features

Anonymous Call Rejection - Allows a Customer to redirect incoming calls to an announcement indicating that the Customer is not presently accepting calls. This feature is provided automatically to Customers subscribing to Caller ID, Caller ID with Name, Call Waiting ID, and Call Waiting ID with Name and will be provided in the inactive state and will have no effect on the Customer's telephone service until the Customer activates it through the use of a dialing code.

Speed Dial 8 - Allows placing calls to eight (8) other phone numbers by dialing a one or two digit code rather than the complete phone number.

Speed Dial 30 - Allows placing calls to thirty (30) other phone numbers by dialing a one or two digit code rather than the complete phone number.

Call Return/Automatic Call Back - Allows the subscriber to automatically redial the number of the last incoming call whether answered or not.

Caller ID - Allows the subscriber to view the listed telephone number from which the incoming call is dialed on a display screen before the call is answered allowing a Customer to prioritize and/or screen incoming calls.

Caller ID with Name - Allows subscriber to view listed name associated with the telephone number before the phone is answered. This feature is only offered to Customers who subscribe to Caller ID.

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

4.2 Optional Calling Features, (Cont'd.)

4.2.1 Description of Line Features, (Cont'd.)

Touch-Tone Service - Provides for the origination of calls by means of instruments equipped for tone-type address signaling and special central office facilities.

Three Way Calling/Call Hold - The Three Way Calling feature allows a Customer to add a third party to an existing two-way call and form a 3-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a Customer to put any in-progress call on hold by flashing the switchhook and dialing a code. This frees the line to allow the Customer to make an outgoing call to another number. Only one call per line can be on hold at a time. The third party cannot be added to the original call.

Call Forwarding Variable - Call Forwarding, when activated, redirects attempted terminating calls to another Customer-specific line. The Customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding.

The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding is billed for the forwarded leg of the call.

Call Forwarding/Busy Line Transfer B This feature automatically reroutes an incoming call to a Customer predesignated number when the called number is busy.

OH0212

Case No.:

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

4.2 Optional Calling Features, (Cont'd.)

4.2.1 Description of Line Features, (Cont'd.)

Call Forwarding/Alternative Answering - This feature automatically reroutes an incoming call to a Customer predesignated number when the called number does not answer within the number of rings programmed by the Company.

Call Waiting/Cancel Call Waiting - Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. It will also permit the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call.

Hunting B Line hunting which is provided subject to the availability of suitable central office facilities is an arrangement that groups together two or more main telephone exchange lines or trunks from the same central office so that incoming calls are automatically switched from the initial line, if in use, to the first non-busy line.

Repeat Dialing - The Automatic Redial feature allows a Customer to automatically redial the last number dialed. This is accomplished by the Customer activating a code. The network periodically tests the busy/free status of the called line for up to 30 minutes until both lines are found free and then redials the call for the Customer.

Repeat Dialing feature also allows Customers, having reached a busy number, to dial a code before hanging up. Repeat Dialing feature then continues to try the busy number for up to 30 minutes until it becomes free. Once the busy line is free the call is automatically redialed and the Customer is notified of the connected call via a distinctive ring.

The following types of calls cannot be accessed with Repeat Dialing:

- Calls to Toll Free 8XX Service numbers
- Calls to 900 and 976 Service numbers
- Calls preceded by an interexchange carrier access code
- International Direct Distance Dialed calls
- Calls to Directory Assistance
- Calls to 911

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

4.2 Optional Calling Features, (Cont'd.)

4.2.1 Description of Line Features, (Cont'd.)

Easy Call B Provides for the automatic dialing of a dialable telephone number in the event that the Customer's line is taken off-hook and dialing does not commence within a determined interval, usually seven seconds.

Customer Control Option B This feature is available with Call Forwarding/Busy Line Transfer and Alternative Answering. This feature allows the Customer to activate/deactivate the associated feature and to change the telephone numbers to which calls are set to forward.

Call Screening B This feature allows Customers to designate up to ten telephone numbers which incoming calls will be automatically completed to a prerecorded announcement circuit which will indicate that calls are not being taken at this time.

Call Trace - Allows a Customer to dial a code to automatically request that the Company or specified Utility record a caller's originating telephone number and the date and time of the call as well as the date and time the Customer initiated trace. The information is disclosed only to a law enforcement agency for investigation purposes.

Special Ring 2 - Allows the subscriber to have as many as two different telephone numbers associated with a single line without adding a second access line. A Distinct ringing will be provided for each of the additional telephone numbers to facilitate identification of incoming calls.

Special Ring 3 - Allows the subscriber to have as many as three different telephone numbers associated with a single line without adding a second or third access line. A Distinct ringing will be provided for each of the additional telephone numbers to facilitate identification of incoming calls.

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

4.2 Optional Calling Features, (Cont'd.)

4.2.3 Customer Local Area Signaling Services (CLASS) Blocking

A. Per Call Number Blocking (Calling number delivery blocking)

This blocking enables Customers to prevent the disclosure of their telephone number on a per call basis to the called party. The disclosure of the calling party's number can be prevented on a per call basis by dialing *67 from a touch-tone phone, or 1167 from a rotary dial phone, to activate the block. This action must be repeated each time a call is made to prevent the disclosure of the calling party's telephone number. If the called party has a display device, a privacy indication will appear instead of the calling party's telephone number. Per Call Blocking will be provided on a universal basis to all eligible customers. All public and semi-public payphones of the Company will be equipped with Per Call Blocking. This service will be provided free of charge.

B. Per Line Number Blocking (Calling Number Delivery Suppression)

This blocking enables Customers to prevent the disclosure of their telephone number on all outgoing calls, without the necessity of an activation code. If the called party has a display device, a privacy indication will appear instead of the calling party's telephone number. Per Line Blocking will be provided at no monthly charge on an optional basis to private and semi-private customers at their discretion. To deactivate the privacy status, the Customer must dial *82 from a touch-tone phone or 1182 from a rotary dial phone before placing a call. After completion of the call, the line reverts back to the privacy status. Law Enforcement, Domestic Shelters and other special agencies will be offered free Per Line Number Blocking.

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

4.3 Direct Inward Dial (DID) Service

4.3.1 General

DID Service provides the Customer with Direct Inward Dialing on designated voice-grade communications channels. DID Service is to be used in connection with the Customer's Private Branch Exchange (PBX) system. Dialed digits are transmitted for all incoming calls thereby allowing the Customer's PBX system to route incoming calls directly to individual stations by Customer-assigned DID telephone number. Each trunk provisioned for DID Service is automatically configured into a Hunting Arrangement. Charges apply for blocks of telephone numbers assigned pursuant to the North America Numbering Plan.

Standard Feature(s) - Each Company-provided Trunk for DID Service will automatically include Tone Dialing and a Hunting Arrangement at no additional charge to the Customer. The following service arrangement(s) are available:

- One-Way Inbound

4.3.2 DID Charges

Charges are in addition to Local Trunk services as described within this tariff.

Nonrecurring Charges:	Minimum	Maximum
DID Trunk Termination (per Trunk configured)	\$50.00	\$500.00
DID Number Charge		
First 20 numbers	\$50.00	\$350.00
Additional blocks of 20	\$15.00	\$150.00
Monthly Recurring Charges:	Minimum	Maximum
DID Trunk Termination (per Trunk configured)	\$ 5.00	\$ 60.00
DID Number Charge		
Blocks of 20 numbers	\$ 0.50	\$ 10.00
Individual numbers	\$ 0.05	\$ 1.00

4.5 Centrex Service

The Centrex station monthly price is comprised of the following non-residential charges:

- Basic Network Switched Service Charges (plus applicable usage packages and usage charges)
- DID Number Charges
- End User Common Line Charges (Federally tariffed)
- Centrex Intercommunication Charges (detariffed)
- Station Features Charges (detariffed)

The Centrex station to PBX trunk equivalent schedule below is used to determine the quantities of Basic Network Switched Service lines so that the prices for Centrex exchange access are equivalent to the exchange access prices for an equal size PBX system.

<u>Centrex Station Lines in Use</u>	<u>PBX Trunk Equivalents</u>
2 - 19	2
20 - 28	3
29 - 38	4
39 - 40	5

Centrex arrangements with greater than 40 Centrex Stations will be priced on an individual case bases (ICB).

4.6 Local Operator Services

Local exchange calls may be placed on an operator assisted basis. For operator assisted calls to Busy Line Verification and Interrupt and for Directory Assistance, the surcharges are specified in Section 4.7 and 4.8 below.

Per Call Charges:	Minimum	Maximum
Person-to-Person	\$0.25	\$10.00
Station-to-Station		
Billed to Calling Card - Automated	\$0.05	\$6.00
Billed to Calling Card - Operator Assisted	\$0.05	\$6.00
Collect	\$0.05	\$6.00
Third Party Billed	\$0.05	\$6.00

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

4.7 Busy Line Verify and Line Interrupt Service

4.7.1 Description

Upon request of a calling party the Company will verify a busy condition on a called line.

- A. The operator will determine if the line is clear or in use and report to the calling party.
- B. The operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption.

4.7.2 Regulations

- A. A charge will apply when:
1. The operator verifies that the line is busy with a call in progress.
 2. The operator verifies that the line is available for incoming calls.
 3. The operator verifies that the called number is busy with a call in progress and the customer requests interruption. The operator will then interrupt the call, advising the called party the name of the calling party. One charge will apply for both verification and interruption
- B. **No charge will apply:**
1. When the calling party advises that the call is to or from an official public emergency agency.
 2. Under conditions other than those specified in A. preceding.
- C. Busy Verification and Interrupt Service is furnished where and to the extent that facilities permit.
- D. The Customer shall identify and hold the Company harmless against all claims that may arise from either party to the interrupted call or any person.

4.7.3 Rates

	Minimum	Maximum
Busy Line Verify Service (each request)		
Business	\$0.10	\$4.00
Residential	\$0.10	\$4.00
Busy Line Interrupt Service (each request)	\$0.25	\$6.00

4.9 Directory Listings

(M)

The Company shall arrange, at no charge, for the listing of the Customer's main billing telephone number in the directory(ies) published by the dominant Local Exchange Carrier in the area at no additional charge. At a Customer's option, the Company will arrange for additional listings at an additional charge. Specialized listing options are also available.

Listings are intended solely for the purpose of identifying subscribers telephone numbers, and as an aid to the use of telephone service. The listings of subscribers are arranged alphabetically and are not intended for special prominence of arrangement.

Listings must conform to the Company's specifications with respect to the directories. The Company reserves the right to reject listings when, in its sole judgement, such listings would violate the integrity of Company records and the directories, confuse individuals using the directory, or are otherwise deemed inappropriate or problematic.

Liability of the Company due to directory errors and omissions is as specified in Section 2 of this tariff.

Rates for Additional Listings	Minimum	Maximum
Additional Listing Charge		
Business	\$0.25	\$ 5.00
Residential	\$0.25	\$ 5.00
Non-Published Service		
Non-published service charge, NRC	\$1.00	\$20.00
Non-published service charge, per month:	\$0.10	\$ 4.00

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

4.10 ISDN Prime

Local ISDN-PRI is provisioned at the 1.544 Mbps rate via the Primary Rate Interface standard of the Integrated Services Digital Network (ISDN). Local ISDN-PRI provides the Customer with the capabilities of simultaneous access, transmission and switching of voice, data and imaging services via channelized transport.

4.10.1 Local ISDN-PRI Service Arrangement - One or more Service Configurations can be combined to create a Local ISDN-PRI Service Arrangement. Customers may have multiple Local ISDN-PRI Service Arrangements per location, however for each Service Arrangement one Service Configuration 1 must be included. The controlling D channel will always reside on Service Configuration 1.

The D channel is a 64 Kbps channel that carries signaling and control for the B channels. The capabilities of the D channel are contained within the Customer's Service Configuration.

A. Service Configuration 1 - The first Service Configuration for any Local ISDN-PRI Service Arrangement must be a Service Configuration 1. Service Configuration 1 provides twenty-three (23) 64 Kbps B channels and one (1) primary 64 Kbps D signaling channel. The primary D channel is an-out-of band signaling channel used to control and route all of the B channel traffic within the Local ISDN-PRI Service Arrangement.

The bearer (or B) channels are used for information transfer between users. B channels provide the same features as Local Trunk Basic and Local Trunk DID. To receive the DID capability, Customers must order separately DID telephone numbers, as found herein.

It provides an additional twenty-four (24) 64 Kbps B channels which are controlled by the D channel on Service Configuration 1. Multiple Service Configuration 2 may be associated with a Service Configuration 1 subject to switching equipment limitations.
- C.** Service Configuration 3 - This configuration is also only available to subscribers who have a Service Configuration 1. It provides a backup 64 Kbps D channel and twenty-three (23) additional 64 Kbps B channels. The backup D channel will control and route all of the B channel traffic of a single PRI Service Arrangement in the event the D channel on the primary configuration (Service Configuration 1) fails. A maximum of one Service Configuration 3 may be included with each Local ISDN-PRI Service Arrangement. Service Configuration 3 is available subject to switching equipment capabilities.

4.11 ISDN PRI

4.11.1 General Description and Availability

ISDN-PRI provides the Customer with simultaneous access, transmission and switching of voice, data and imaging services via channelized transport. ISDN-PRI is provisioned at the 1.544 Mbps rate via the Primary Rate Interface standard of the Integrated Services Digital Network (ISDN). SDN PRI is available only to customers in the Cleveland, Ohio exchange. ISDN PRI Service is available in month-to-month, 1-year, 2-year, 3-year or 5 year contract terms.

(T)
(T)

4.11.2 Service Configurations

One or more Service Configurations can be combined to create an ISDN-PRI Service Arrangement. A Customer may have multiple ISDN-PRI Service Arrangements per location; however, for each Service Arrangement one Service Configuration 1 must be included. The controlling D channel will always reside on Service Configuration 1. The D channel is a 64 Kbps channel that carries signaling and control for the B channels. The capabilities of the D channel are contained within the Customer's Service Configuration.

- A.** Service Configuration 1 – This configuration must be the first Service Configuration for any ISDN-PRI Service Arrangement. Service Configuration 1 provides twenty-three (23) 64 Kbps B channels and one (1) primary 64 Kbps D signaling channel. The bearer (or B) channels are used for information transfer between users. B channels provide the same features as Local Trunk Basic and Local Trunk DID. To receive the DID capability, Customer must order DID telephone numbers separately.
- B.** Service Configuration 2 - This configuration is only available in conjunction with Service Configuration 1. It provides an additional twenty-four (24) 64 Kbps B channels which are controlled by the D channel on Service Configuration 1. Multiple Service Configuration 2 may be associated with a Service Configuration 1 subject to switching equipment limitations.
- C.** Service Configuration 3 - This configuration is also only available in conjunction with Service Configuration 1. It provides a backup 64 Kbps D channel and twenty-three (23) additional 64 Kbps B channels. The backup D channel will control and route all of the B channel traffic of a single PRI Service Arrangement in the event the D channel on Service Configuration 1 fails. A maximum of one Service Configuration 3 may be included with each ISDN-PRI Service Arrangement. Service Configuration 3 is available subject to switching equipment capabilities.

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

4.12 Discounted Pricing Plans

4.12.1 General

The Company is offering the following discounts off its monthly recurring and usage charges based upon a non-term plan (month to month) or term plan agreement as specified by the Customer. These discount plans are available to retain existing subscribers or reacquire customers who have discontinued service with LDMI.

Discounts are applied to the base program rates currently identified in this tariff. Customers selecting a term plan are agreeing to fulfill the minimum time requirement of the contract. Customers who terminate services prior to fulfilling their term commitment may be assessed a termination liability fee in an amount equal to the recurring charges for the services included under the term agreement multiplied by the number of months remaining in their term. The termination liability will be billed in one lump sum.

Eligible customers include those business customers with standard business lines, PBX trunks, DID trunks, and ISDN lines. Discounted pricing plans will not be available for lines with Business Features Package, Privacy Manager, or are Remote Call Forwarding lines.

Customers being reacquired from a facilities-based provider must have a minimum two (2) year contract to receive discounted pricing plans.

The discount is applicable to the following components:

For Local Service: local monthly recurring charges (line and feature charges) and local usage

For Long Distance Service*: IntraLATA and Intrastate service, 800 service, and travel cards.

The following services and/or charges are not eligible for discounted pricing:

Federal and state access charges
USF for local and/or long distance service
Surcharges (including payphone and international)
Directory Assistance
Taxes
Carrier Recovery Charge (PICC)

*Discounted pricing plans will be offered in conjunction with interstate and international long distance service.

4.12 Discounted Pricing Plans, (Cont'd)

4.12.2 Customer Retention Plans

LDMI's existing customers may be eligible for one of the following plans if they have received a competitive offer and are considering switching their business services to another provider.

A) Loyalty Discount

Customers may receive a monthly discount each year for 5 years based on continued loyalty to LDMI as their long distance and/or local provider. No term agreement is required for this discount. Below is a schedule of the monthly discount percentage.

- 1% monthly discount during the 1st year (applied monthly)
- 2% monthly discount during the 2nd year (applied monthly)
- 3% monthly discount during the 3rd year (applied monthly)
- 4% monthly discount during the 4th year (applied monthly)
- 5% monthly discount during the 5th year (applied monthly)

B) 20% Discount Plan

Customers may receive 20% discount off of the next one, two or three invoices based on term commitment. Customers signing a one year term agreement receive a 20% discount on the next invoice. Customers signing a two year term agreement receive a 20% discount on the next two invoices. Customers signing a three year term agreement receive a 20% discount on the next three invoices.

One to three of the discount plans or credits listed in Sections 4.12.2 and 4.12.3 may be available to reacquire a customer who has previously discontinued service with LDMI.

A) \$100 Credit

Customers may receive a \$100 credit on the customer next invoice. The customer must have a minimum of three (3) local lines to qualify for this credit. A one, two or three year term agreement is required for this discount.

B) Month(s) Free - Local and Long Distance

Customers may receive one, two or three months free for local and long distance. The customer must sign a one, two or three year term agreement for this discount. Below is a matrix of the discount and a description of the allocation method.

	Achieved By:	Term Commitment Required
One Month Free	100% discount in customer's 13th months	One Year term commitment
Two Months Free	100% discount in customer's 13th, and 25th months	Two Year term commitment
Three Months Free	100% discount in customer's 13th, 25th, and 37th months	Three Year term commitment

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

4.13 LDMI Secure Dial 800 Service

4.13.1 General

This dial service allows businesses the option of secure dial-in capability to access the company's information technologies, LAN and WAN resources. LDMI Secure Dial 800 Service is created by packaging several of LDMI's existing services, such as, 800 services, Vanity Telephone Numbers, Customer Billing, Dial Access to the LDMI Authentication System, Private Line Services, Managed Internet Access Service and Managed Security Services.

4.13.2 Secure Private Dial

Secure Private Dial will allow users to dial in to company IT resources from remote locations. The user accesses LDMI's Authentication and Access System (AAS) via toll free dial access. The AAS will validate the user and establish a connection between the user's PC and the subscribing company's network infrastructure. The AAS will also be used for usage monitoring, reporting and billing.

Secure Private Dial requires connectivity between LDMI's Data Center (AAS location) to the company's site. This connectivity is established via one of LDMI's Connectivity Products (MIS or IAS) or LDMI Point to Point Private Line Service. The connectivity component of the service is priced separately via an ICB.

The number of dial-in accounts available is limited only by engineering limitations regarding amount of traffic that can be handled on the connectivity option selected.

4.18 Value Rate

(N)

A. Availability

The Value Rate is available only to former customers of Mpower Communications Corp. ("Mpower") who were obtained through LDMI's purchase of Mpower's business and assets in Ohio and who received service as of October 31, 2004, under Mpower's Ohio P.U.C. No.1, as adopted by LDMI Telecommunications, Inc. pursuant to PUCO Case No. 03-436-TP-ATR.

B. General Description

The Value Rate includes a basic local line, an allotment of calls within the Customer's Local Calling Area, and an allotment of intraLATA usage for a fixed monthly charge per line. The local call allotment and the intraLATA usage allotments are applied on an account level basis to the combined lines billed to a particular account. Local calls and intraLATA usage that exceed the specified allotments are billed separately at the rates listed in Section 4.18.C. Calling features are also billed separately at the rates listed in Section 4.18.C*.

Unless otherwise specified in this section, terms and conditions for like services or service elements described elsewhere in this tariff apply. Per line nonrecurring charges identified in this tariff apply for all new installations. This service may not be used for the purpose of telemarketing products or services using automatic dialing devices or any other manual or automated calling method.

*For Centrex customers, Centrex features are included in the monthly recurring rate.

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (CONT'D.)

4.21 BusinessTalk

(N)

4.21.1 General

BusinessTalk is a suite of bundled service plan plans available to small and medium-sized business customers who require a flexible product to meet their needs. Three plan options are available: BusinessTalk Basic, BusinessTalk Value, and BusinessTalk premium. Customers may mix and match any of the three plan options for different lines on the same account. Customers may subscribe to the service under a month-to-month agreement or a one, two, or three-year term agreement. Unless otherwise specified in this section, terms and conditions for like services or service elements described elsewhere in this tariff apply. Per line nonrecurring charges identified in Section 4.21.5.A will apply for all customers but will be waived with a minimum one-year term agreement.

4.21.2 Availability

The Plan is available to existing and new on-net business customers. Customers who subscribe to the SmarT product described in Section 4.15 may subscribe to a BusinessTalk plan for supplemental lines. Customers who subscribe to other LDMI business bundled services who wish to add a line under a BusinessTalk calling plan must convert all of their existing lines on the account to a BusinessTalk plan.

4.21.3 Restrictions

This service may not be used for the purpose of telemarketing products or services using automatic dialing devices or any other manual or automated calling method, or for elevator lines. All other usage limitations set forth in Section 4.1 apply.

SECTION 5 B LONG DISTANCE SERVICES

5.1 General

LDMI Telecommunications Service is a communications service which is available for use by the Customer twenty-four (24) hours a day. The Customer may originate calls from locations served by the Company and may terminate in all locations within the state of Ohio.

Dedicated long distance service is offered to the extent that facilities are available in those cases where the Company and the Customer jointly arrange for the establishment of dedicated access facilities connecting the Customer=s trunk-compatible PBX or other suitable equipment to the Company=s POP (or that of its underlying carrier). The Customer shall be responsible for all costs and charges associated with the dedicated access facilities.

Case No.:

SECTION 5 B LONG DISTANCE SERVICES, (CONT=D.)

5.2 Combination Outbound/Inbound Long Distance Services

Combination Outbound/Inbound Long Distance Services include "1+" direct dial and 8XX inbound toll-free services available for Customer use 24 hours a day, seven days a week. Intrastate service is sold in conjunction with interstate service.

The rates identified in this tariff are for intrastate Ohio calls only. The rate plans herein may be differentiated by rates applicable in other jurisdictions.

Service is provided via standard business or residential switched access lines, or via dedicated access lines. The Customer is responsible for obtaining suitable access from any certified access provider. All costs incurred in the installation and use of local access lines, switched or dedicated, are the responsibility of the Customer.

Available service plans, including applicable rates, billing increments, and plan qualifications are provided in the following sections.

5.6 In Tone Toll-Free PIN

In Tone Toll-Free PIN offers commercial customers the flexibility of multiple toll-free numbers with the use of a single toll-free number. Using one toll-free number, customers can reach any number of domestic locations. After dialing the toll-free number, calls are directed to various locations by dialing 4-digit PINs. Calls are billed in six (6) second increments, with a minimum call duration of eighteen (18) seconds.

Customers may select any combination of 4-digit PINs except 9999, 0000, 4663 (spells HOME), and 9675 (spells WORK). 8XX numbers used in connection with In Tone Toll-Free PIN are not portable to other carriers. In Tone Toll-Free PIN cannot be used in connection with the advanced toll-free features of In Tone Toll-Free Plus, which include Area Code Routing and Blocking, Time of Day Routing, and Percent Call Distribution.

Intrastate service is sold in conjunction with interstate service.

5.7 Tone Home Toll-Free PIN

Tone Home Toll-Free PIN offers residential customers the flexibility of multiple toll-free numbers with the use of a single toll-free number. Using one toll-free number, customers can reach any number of domestic locations. After dialing the toll-free number, calls are directed to various locations by dialing 4-digit PINs. Calls are billed in six (6) second increments, with a minimum call duration of eighteen (18) seconds.

The 4-digit PINs, in initial blocks of ten, will be assigned to the customer=s desired destination numbers by LDMI. Additional PINs will be processed in blocks of five. The 8XX numbers used in connection with Tone Home Toll-Free PIN are shared with multiple users and are, consequently, not portable to other carriers. Tone Home Toll-Free PIN cannot be used in connection with the advanced toll-free features of In Tone Toll-Free Plus, which include Area Code Routing and Blocking, Time of Day Routing, and Percent Call Distribution.

Intrastate service is sold in conjunction with interstate service.

5.8 Public Telephone Surcharge

In order to recover the Company=s expenses to comply with the FCC=s pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all intrastate calls that originate from any pay telephone used to access Company provided services. This surcharge, which is in addition to standard tariff usage charges and any applicable service charges and surcharges associated with service, applies for the use of the instrument used to access Company provided service and is unrelated to the service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (e.g., using the A#@ symbol). The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

	Minimum	Maximum
Surcharge, Per Call	\$0.05	\$0.50

SECTION 6 - SPECIAL ARRANGEMENTS

6.1 Special Construction

6.1.1 General

Subject to the agreement of the Company and to all of the regulations contained in this tariff, special construction of Company Facilities may be undertaken by the Company on a reasonable-efforts basis at the request of the Customer. Special Construction is that construction undertaken:

- A.** where facilities are not presently available, and there is no other requirement for the facilities so constructed; or
- B.** of a type other than that which the Company would normally utilize in the furnishing of its services; or
- C.** over a route other than that which the Company would normally utilize in the furnishing of its services; or
- D.** in a quantity greater than that which the Company would normally construct;
- E.** on an expedited basis; or
- F.** on a temporary basis until permanent facilities are available;
- G.** involving abnormal costs; or
- H.** in advance of its normal construction; or
- I.** when the Company furnishes a facility or service for which a rate or charge is not specified in this Company=s tariffs.

6.1.2 Customer Acceptance

Rates and charges for special construction shall be determined and presented to the Customer for its approval prior to the start of construction. No construction will commence until and unless the Customer accepts in writing the rates and charges as presented by the Company.

SECTION 6 - SPECIAL ARRANGEMENTS, (CONT'D.)

6.1 Special Construction, (Cont=d.)

6.1.3 Cost Computation

Special Construction costs may include one or more of the following items to the extent that they are applicable:

- A.** The installed cost of the facilities to be provided including estimated costs for the rearrangements of existing facilities. The installed cost includes but may not be limited to the cost of:
 - a) equipment and materials provided or used;
 - b) engineering, labor and supervision;
 - c) transportation;
 - d) rights of way; and
 - e) shipping and delivery.
- B.** cost of maintenance;
- C.** depreciation on the estimated cost installed of any facilities provided, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage;
- D.** administration, taxes and uncollectible revenue on the basis of reasonable average costs for these items;
- E.** license preparation, processing and related fees;
- F.** tariff preparation, processing and related fees;
- G.** any other identifiable costs related to the facilities provided; or
- H.** an amount for return and contingencies.

SECTION 6 - SPECIAL ARRANGEMENTS, (CONT'D.)

6.1 Special Construction, (Cont=d.)

6.1.4 Termination Liability

To the extent that there is no other requirement for use by the Company and where the Company cannot fully recover its cost(s) if the Customer disconnects a specially-constructed facility or service, a termination liability shall apply for facilities specially constructed at the request of the Customer.

- A.** The termination liability period is the estimated service life of the facilities provided.
- B.** The amount of the maximum termination liability is equal to the estimated amounts for:
 - a)** Installed cost of the facilities provided including estimated costs for rearrangements of existing facilities and/or construction of new facilities as appropriate, less net salvage. The installed cost includes but may not be limited to the cost of:
 - 1)** equipment and materials provided or used;
 - 2)** engineering, labor and supervision;
 - 3)** transportation;
 - 4)** rights of way; and
 - 5)** shipping and delivery.
 - b)** license preparation, processing and related fees;
 - c)** tariff preparation, processing and related fees;
 - d)** cost of removal and restoration, where appropriate; and
 - e)** any other identified costs related to the specially constructed or rearranged facilities.

Case No.:

SECTION 6 - SPECIAL ARRANGEMENTS, (CONT'D.)

6.1 Special Construction, (Cont=d.)

6.1.4 Termination Liability, (Cont=d.)

- C. Calculating Termination Charges B Termination charges shall be computed in accordance with tariff regulations in Section 6.1.4.A and 6.1.4.B or contractual agreements in effect. The termination liability method for calculating the unpaid balance of a term obligation is obtained by multiplying the sum of the amounts determined as set forth herein by a factor related to the unexpired period of liability and the discount rate for return and contingencies. The amount determined herein shall be adjusted to reflect the redetermined estimated net salvage, including any reuse of the facilities provided. This amount shall be adjusted to reflect applicable taxes.

6.2 Non-routine Installation and/or Maintenance

At the Customer=s request, installation and/or maintenance may be performed outside the Company=s regular business hours, or (at the Company=s sole discretion and subject to any conditions it may impose) in hazardous locations. In such cases, charges based on the cost of labor, material, and other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer=s request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

6.3 Individual Case Basis Arrangements

Arrangements will be developed on a case-by-case basis in response to a bona fide special request from a Customer or prospective Customer to develop a competitive bid for a service not generally available under this tariff. ICB rates will be offered to the Customer in writing and on a nondiscriminatory basis. All such rates will be submitted to the Commission for approval.

SECTION 6 - SPECIAL ARRANGEMENTS, (CONT'D.)

6.4 LDMI Liberate Program

LDMI offers assistance to new LDMI customers to help defray a portion of the penalties incurred by certain new customers in switching from other local and long distance telecommunications services. Assistance is provided in the form of a credit applied to the customer's LDMI invoice.

In order to qualify for this credit the customer must meet the following criteria:

- Customer must sign a two or three year term agreement with LDMI and the LDMI Liberate Program Agreement. The LDMI Liberate Program requires and specifies a make up to minimum monthly commitment and includes any credits issued under the program as part of the termination penalty.

The amount of credit is determine by the following:

- Up to three (3) months credit with an LDMI three (3) year term agreement.
- Up to two (2) months credit with an LDMI two (2) year term agreement.
- Maximum credit amount cannot exceed the penalty assessed by the previous provider. A copy of the penalty invoice must be received prior to LDMI issuing the credit to the Customer.
- The credit will be applied over three (3) months with a three (3) year commitment or two (2) months with a two (2) year commitment.

The monthly credit is based on the estimated billing as determined by LDMI based on information provided by the Customer. For purposes of the credit, monthly billing includes:

- All local monthly recurring charges, except Directory Listings, LNP, 911, USF
(Local line, features, federal and state EUCL are included)
- All Standard Local Usage Charges
- All Long Distance Usage Charges - outbound and toll free
- All Data Monthly Recurring Charges, for example DSL, Integrated T1, MIS, etc.
- All T1 Access Charges
- If the Customer's actual billing is significantly less than the estimated based on information provided by the Customer, then LDMI reserves the right to recalculate the credit amount.

*Non-recurring charges are not included in the definition of monthly billing.

7.25 SmarT Rates, (cont'd.)

7.25.2 Per Local Call Overage Rate:

Per Local Call Rate: \$0.045

7.25.3 Per Minute Long Distance Overage Rate:

The Monthly Recurring Charge listed above include up to 5,500 1+intraLATA minutes. All long distance minutes over the monthly allowance per local line will be billed at the following rates:

Term Agreement	Per minute rate
1 Year	\$0.0399
2 Year	\$0.0349
3 Year	\$0.0299

Long Distance Calls are billed in six (6) second increments after an initial six (6) second increment. Inbound intraLATA is billed at the same per minute rate; however, 800 services are not included in the 5,500 minutes allotment.

7.25.4 SmarT Value and Value Plus Line Rates

	Monthly Recurring Rate	Monthly Local Call Allowance per Account	Charge per Local Call in Excess of Allowance
Value Line	\$26.99 (I)	0 Calls	\$.065
Value Plus Line	\$31.99 (I)	200 Calls	\$.065

Long distance usage will be billed at the rates set forth in Section 7.25.3.

SECTION 8 - PROMOTIONS

8.1 Coast-to-Coast Promotion

Customers may subscribe to LDMI's Coast-to-Coast Promotion from August 1, 2004, through December 31, 2004. Unless otherwise specified in this section, terms and conditions for like services or service elements described elsewhere in this tariff apply. Nonrecurring charges identified in this tariff apply to add new dial tone local service.

LDMI's Coast-to-Coast Promotion is available to existing LDMI residential long distance customers and to new LDMI residential customers who sign up for LDMI's Coast-to-Coast residential service bundle during the promotional period. Eligible customers will receive a \$10.00 credit for each of the first six consecutive months of service (total credit of \$60). The credit will expire after the sixth month of service.

Case No.:

SECTION 8 - PROMOTIONS, (CONT'D.)

8.3 LDMI Flex-Save Bundle Promotion

The LDMI Flex-Save Bundle promotion is available to new business local and long distance customers only. It combines a competitive long distance rate with existing local programs to reward customers for signing two or three-year contracts. Customers subscribing to an existing LDMI bundle may add this promotion to that service bundle from December 5, 2003, through February 27, 2004. Local Calling Service is limited to points within the Customer's Local Calling Area.

Unless otherwise specified in this section, terms and conditions for like services or service elements described elsewhere in this tariff would apply. Per line nonrecurring charges identified in this tariff apply for all new installations. Where a customer is converting existing ILEC service LDMI Flex-Save Bundle service, these nonrecurring charges will be waived. Migration from one service bundle to another will result in a \$7.50 nonrecurring charge.

As specified in the matrix below, the long distance rate selected is tied to a make-up-to-minimum (MUTM). If the customer signs a 2- or 3-year contract, the customer will receive a corresponding 5% or 10% discount off his local and long distance service.

LDMI Rate	Make Up To Minimum	2 Year Term	3 Year Term
\$0.035	\$125	5%	10%
\$0.034	\$150	5%	10%
\$0.033	\$175	5%	10%
\$0.032	\$200	5%	10%
\$0.031	\$225	5%	10%
\$0.030	\$250	5%	10%

*Items discounted include: intralata, interlata, interstate, 800, international, local line, local features, listings, federal EUCL, state EUCL, LNP, local USF and local usage. (These same components will contribute to the make-up-to-minimum.)

Promotion Requirements:

- The offering will be available to all new Local and Long Distance Business Customers in Ohio excluding those customers with Business Feature Package (Featurelink), Remote Call Forwarding Lines, and lines with Privacy Manager.
- A minimum 1-year contract for both local and long distance service is required.
- Customer must be serviced by an SBC Ameritech territory in Ohio.
- Program cannot be combined with any other offer.

8.4 LDMI's Valued Customer Package

The following promotion is available to existing LDMI long distance business customers only. Unless otherwise specified in this section, terms and conditions for like services or service elements described elsewhere in this tariff would apply. Nonrecurring charges identified in this tariff would apply to add new dial tone local service. .

LDMI's Valued Customer Package is available to existing long distance customers who sign up for LDMI's local service. The Valued Customer Package includes a basic business local line with per call local usage of \$0.045 per call. In addition, the Customer will receive a reduced per minute rate for long distance service. Customers may subscribe to this service bundle from February 2, 2004, through May 3, 2004. Local Calling Service is limited to points within the Customer's Local Calling Area

Monthly Charge, per Line	\$15.00 per line
Local Usage, per Call	\$ 0.045 per call
Long Distance Usage, per Minute	\$ 0.035 per minute

8.5 Winter Warm Up Promotions

Customers may subscribe to either of LDMI's Winter Warm Up promotions from February 2, 2004, through April 30, 2004. Unless otherwise specified in this section, terms and conditions for like services or service elements described elsewhere in this tariff would apply. Nonrecurring charges identified in this tariff would apply to add new dial tone local service.

8.5.1 Winter Warm Up for Coast-to-Coast Promotion

LDMI's Winter Warm Up - Coast-to-Coast promotion is available to existing LDMI long distance residential customers or new LDMI customers who sign up for LDMI's Coast-to-Coast product. The Winter Warm Up promotion will provide new Coast-to-Coast Customers with a credit of \$39.95 in the third month of service.

8.5.2 Winter Warm Up for Ultimate Choice Promotion

LDMI's Winter Warm Up - Ultimate Choice promotion is available to existing LDMI long distance residential customers or new LDMI customers who sign up for LDMI's Ultimate Choice bundle. The Winter Warm Up promotion will provide new Ultimate Choice Customers with a \$10.00 credit for first three consecutive months of service (total credit of \$30). The credit will expire after the third month of service.

8.6 LDMI Flex-Save 2 Promotion

The LDMI Flex-Save 2 promotion is available to new business local and long distance customers only. It combines a competitive long distance rate with existing local programs to reward customers for signing two or three-year contracts. Customers subscribing to an existing LDMI bundle may add this promotion to that service bundle from February 28, 2004, through March 31, 2004. Local Calling Service is limited to points within the Customer's Local Calling Area.

Unless otherwise specified in this section, terms and conditions for like services or service elements described elsewhere in this tariff would apply. Per line nonrecurring charges identified in this tariff apply for all new installations.

As specified in the matrix below, the long distance rate selected is tied to a make-up-to-minimum (MUTM). If the customer signs a 2- or 3-year contract, the customer will receive a corresponding 5% or 10% discount off of his total monthly invoice.

LDMI Rate	Make Up To Minimum	2 Year Term	3 Year Term
\$0.035	\$125	5%	10%
\$0.034	\$150	5%	10%
\$0.033	\$175	5%	10%
\$0.032	\$200	5%	10%
\$0.031	\$225	5%	10%
\$0.030	\$250	5%	10%

*E911 and taxes will be excluded from the discount.

**The following components will contribute to the make-up-to-minimum: intralata, interlata, interstate, 800, international, local line, local features, listings, federal EUCL, state EUCL, LNP, local USF and local usage.

Promotion Requirements:

- The offering will be available to all new Local and Long Distance Business Customers in Ohio excluding those customers with Business Feature Package (Featurelink), Remote Call Forwarding Lines, and lines with Privacy Manager.
- A minimum 1-year contract for both local and long distance service is required.
- Customer must be serviced by an SBC Ameritech territory in Ohio.

Case No.:

SECTION 8 - PROMOTIONS, (CONT'D.)

8.8 LDMI Flex-Save III Promotion

The LDMI Flex-Save III promotion is available to new business local and long distance customers only. It combines a competitive long distance rate with existing local programs to reward customers for signing two or three-year contracts. Customers subscribing to an existing LDMI bundle may add this promotion to that service bundle from April 1, 2004, through June 30, 2004. Local Calling Service is limited to points within the Customer's Local Calling Area.

Unless otherwise specified in this section, terms and conditions for like services or service elements described elsewhere in this tariff would apply. Per line nonrecurring charges identified in this tariff apply for all new installations.

As specified in the matrix below, the long distance rate selected is tied to a make-up-to-minimum (MUTM). If the customer signs a 2- or 3-year contract, the customer will receive a corresponding 5% or 10% discount off of his total monthly invoice.

LDMI Rate	Make Up To Minimum	2 Year Term	3 Year Term
\$0.035	\$150	5%	10%
\$0.034	\$175	5%	10%
\$0.033	\$200	5%	10%
\$0.032	\$225	5%	10%
\$0.031	\$250	5%	10%
\$0.030	\$275	5%	10%

*E911 and taxes will be excluded from the discount.

**The following components will contribute to the make-up-to-minimum: intralata, interlata, interstate, 800, international, local line, local features, listings, federal EUCL, state EUCL, LNP, local USF and local usage.

Promotion Requirements:

- The offering will be available to all new Local and Long Distance Business Customers in Ohio excluding those customers with Business Feature Package (Featurelink), Remote Call Forwarding Lines, and lines with Privacy Manager.
- A minimum 1-year contract for both local and long distance service is required.
- Customer must be serviced by an SBC Ameritech territory in Ohio.
- Program cannot be combined with any other LDMI offer.

8.10. Essential Choice II Promotion

The following promotional local service bundle is available to residential customers only. Unless otherwise specified in this section, terms and conditions for like services or service elements described elsewhere in this tariff would apply. Per line nonrecurring charges identified in this tariff apply for all new installations. Where a customer is converting existing LDMI service to a Residential Bundle, or a customer is converting existing ILEC service to an LDMI Residential Bundle, these nonrecurring charges will be waived. Migration from one service bundle to another will result in a \$7.50 nonrecurring charge.

Essential Choice includes a basic residential local line with no set maximum on the number of local calls allowed per month plus unlimited IntraLATA calling. Customers may subscribe to this service bundle from July 15, 2003, through October 15, 2003. Local Calling Service is limited to points within the Customer's Local Calling Area. In addition, Essential Choice includes the following unregulated services/features:

- Caller ID/Name & Number *
 - Call Waiting
 - Call Waiting with Caller ID
 - Auto Callback
 - Three Way Calling
 - Call Forward, Variable
 -

Monthly Charge, per Line \$29.95

* Caller ID customer premises equipment must be connected to the primary line; usage on any secondary lines which do not have the unlimited Caller ID feature will result in charge of \$0.95 per use. Caller ID is not available in all areas.

The LDMI Coast-to-Coast bundle is available to residential customers only. Unless otherwise specified in this section, terms and conditions for like services or service elements described elsewhere in this tariff would apply. Per line nonrecurring charges identified in this tariff apply for all new installations. Where a customer is converting existing LDMI service to Coast-to-Coast, or a customer is converting existing ILEC service to Coast-to-Coast, these nonrecurring charges will be waived. Migration from one service bundle to another will result in a \$7.50 nonrecurring charge.

Coast-to-Coast includes a basic residential local line with no set maximum on the number of local calls allowed per month plus unlimited IntraLATA, InterLATA, and Interstate calling. Local Calling Service is limited to points within the Customer's Local Calling Area. In addition, Coast-to-Coast includes the following unregulated services/features:

- Call Waiting
- Three Way Calling
- Auto Callback
- Call Forwarding - Variable
- Caller ID *
- Caller ID w/name *
- Caller ID w/ Call Waiting *
- Speed Call 30
- Repeat Dialing
- Service Watch

Monthly Charge, per Line \$42.95 (I)

* Caller ID customer premises equipment must be connected to the primary line; usage on any secondary lines which do not have the unlimited Caller ID feature will result in charge of \$0.95 per use. Caller ID is not available in all areas.

** Effective April 25, 2005, this service is grandfathered and is available only to existing customers at existing locations.

SECTION 9 – GRANDFATHERED SERVICES (CONT=D.)

9.5 Residential Local Service Bundles (Cont'd.)**

9.5.5 Ultimate Choice – International 2005

Ultimate Choice – International 2005 bundle is available to residential customers only. The bundle includes a basic residential local line with no set maximum on the number of local calls allowed per month plus unlimited IntraLATA calling. Local Calling Service is limited to points within the Customer's Local Calling Area. In addition, the Ultimate Choice – International 2005 bundle includes the following unregulated services/features:

- Caller ID/Name & Number *
- Call Waiting
- Call Waiting with Caller ID
- Auto Callback
- Three Way Calling
- Call Forward, Variable
- Discounted International Rates

Monthly Charge, per Line \$34.95 (I)

* Caller ID customer premises equipment must be connected to the primary line; usage on any secondary lines which do not have the unlimited Caller ID feature will result in charge of \$0.95 per use. Caller ID is not available in all areas.

** Effective April 25, 2005, this service is grandfathered and is available only to existing customers at existing locations.

LOCAL EXCHANGE SERVICES

TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. Check Sheets - When a tariff filing is made with the PUC of Ohio, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some sheets.)

LOCAL EXCHANGE SERVICES

APPLICATION OF TARIFF

This tariff filed by the Company describes the Regulated Local Service Tier 1 Terms, Conditions, Payments and Rates and Charges required in conformance with Competitive Retail Telephone Rules (Case No. 06-1345-TP-ORD). Services will be provided in compliance with Minimum Telephone Services Standards. The Company provides certain Tier 2, regulated services which are not required in the Company's tariff on file with the Public Utilities Commission of Ohio (Rule 4901:1-06-05(g)).

The Customer may view the Detariffed / Nonregulated Services not included in this tariff on the Company's website at:

www.cavtel.com

The applicable requirements of the Ohio Administrative Code and the Ohio Revised Code apply to the operations of the Company. The Company will comply with the Commission's policies and requirements for persons with communications disabilities and privacy and number disclosure requirements covered in subject cases. Any changes in terms or conditions of this tariff and/or operations of the Company will generate an obligation of the Company to provide notice of such changes in accordance with the Commission's Rules.

Customers rights, responsibilities and safeguards can be found in the Ohio Administrative Code Appendix (Rule 4901:1-5-03).

LOCAL EXCHANGE SERVICES

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

Access Line - An arrangement which connects the Customer's location to a Company switching center or point of presence.

Account Codes - Optional, Customer-defined digits that allow the Customer to identify the individual user, department or client associated with a call. Account Codes appear on the Customer bill.

Authorized User - A person, firm, corporation, or any other entity authorized by the Customer to communicate utilizing the Company's service.

Business - A class of service provided to individuals engaged in business, firms, partnerships, corporations, agencies, shops, works, tenants of office buildings, and individuals practicing a profession or operating a business who have no offices other than their residences and where the use of the service is primarily or substantially of a business, professional or occupational nature.

Class of Service - A description of telephone service furnished a Customer.

Commission - Public Utilities Commission of Ohio.

Company or Carrier - LDMI Telecommunications, Inc. d/b/a LDMI Telecommunications, also d/b/a Cavalier Telephone d/b/a Cavalier Business Communications, d/b/a Cavalier Telephone and TV, unless otherwise clearly indicated by the context.

Customer - The person, firm, corporation or other entity which orders, cancels, amends or uses service and is responsible for payment of charges and compliance with the Company's tariff.

End User - Any person, firm, corporation, partnership or other entity which uses the services of the Company under the provisions and regulations of this tariff. The End User is responsible for payment unless the charges for the services utilized are accepted and paid by another Customer.

Equal Access - The ability of a long distance carrier to serve Customers on a presubscribed basis rather than through the use of dial access codes.

Exchange - A central office or group of central offices, together with the Customer's stations and lines connected thereto, forming a local system which furnishes means of telephonic intercommunication without toll charges between Customers within a specified area, usually a single city, town or village.

Extended Area Service - A type of service where Customers of a given exchange may complete calls to and, where provided by the tariff, receive messages from one or more exchanges without the application of long distance message telecommunications charges.

LOCAL EXCHANGE SERVICES

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS, (Cont'd.)

Flat Rate Service - A classification of exchange service for which a stipulated charge is made, regardless of the amount of use.

Individual Case Basis (ICB) - A service arrangement in which the regulations, rates and charges are developed based on the specific circumstances of the Customer's situation.

LDMI - Used throughout this tariff to mean LDMI Telecommunications, Inc. d/b/a Cavalier Telephone, d/b/a Cavalier Business Communications, d/b/a Cavalier Telephone and TV, unless clearly indicated otherwise by the text.

LEC - Local Exchange Company

Off-Net - Customers or locations where the Company provides local service using SBC switching facilities via UNE-P or resale.

On-Net - Customers or locations within the Company's collocation footprint where the Company provides local service using its own switching facilities or switching facilities leased from a third-party other than SBC.

Premises - A building or buildings on contiguous property.

P.U.C.O. - Public Utilities Commission of Ohio.

Residence or Residential - A class of service furnished to a Customer at a place of dwelling where the actual or obvious use is for domestic purposes.

Rotary - Routes a call to an idle Station line.

Special Construction - Service configurations specifically designed and constructed at a Customer's request.

LOCAL EXCHANGE SERVICES

SECTION 2 - RULES AND REGULATIONS

2.1 Undertaking of the Company

- 2.1.1 The Company undertakes to furnish communications service pursuant to the terms of this tariff in connection with one-way and/or two-way information transmission originating from points within the State of Ohio, and terminating within a local calling area as defined herein, or outside of the local calling area, but within the State of Ohio.
- 2.1.2 The Company installs, operates, and maintains the communications services provided herein in accordance with the terms and conditions set forth under this tariff. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities, when authorized by the Customer, to allow connection of a Customer's location to the Company network. The Customer shall be responsible for all charges due for such service arrangement.
- 2.1.3 When services and facilities provided by the Company are used to obtain access to the regulated or unregulated services provided by another Company, or are used by another Company as a part of the regulated or unregulated services offered by that Company, the regulations of the Company apply only to the use of the Company's services and facilities.
- 2.1.4 The Company may offer various unregulated services in conjunction with or ancillary to its regulated services.
- 2.1.5 The Company may serve Customers in the State of Ohio through the use of its own facilities or through the resale of services of other telecommunications service providers.
- 2.1.6 The provision of services defined herein is subject to regulations specified in this tariff and may be revised, added to, or supplemented by superseding issues.
- 2.1.7 The Company is subject to the Commission's rules for Minimum Telephone Service Standards (MTSS) found in Chapter 4901:1-5 of the Administrative Code. Customers rights, responsibilities and safeguards can be found in the Ohio Administrative Code Appendix (Rule 4901:1-5-03).

LOCAL EXCHANGE SERVICES

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.2 Limitations

- 2.2.1 Service is offered subject to the availability of the necessary facilities and equipment and subject to the provisions of this tariff. The furnishing of service under this tariff or an applicable contract is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's facilities as well as facilities the Company may obtain from other carriers to furnish service from time to time as required at the sole discretion of the Company.
- 2.2.2 Customers and users may use services and facilities provided under this tariff or an applicable contract to obtain access to services offered by other companies. The Company is responsible for the services and facilities provided under this tariff or an applicable contract, and it assumes no responsibility for any service (whether regulated or not) provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own Customers.
- 2.2.3 Prior written permission from the Company is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions for service.
- 2.2.4 In view of the fact that the Customer has exclusive control of his communications over the facilities furnished him by the Company, and of the other uses for which facilities may be furnished him by the Company, and because unavoidable errors incidental to services and use of such facilities of the Company may occur, the services and facilities furnished by the Company are subject to the terms, conditions and limitations herein specified.
- 2.2.5 Accessories which aid a Customer's convenience in his use of the services provided by the Company which are not furnished under this tariff, are permissible provided any such accessory so used would not endanger the safety of Company employees or the public; damage, require change in or alteration of, or involve direct electrical connection to the equipment or other facilities of the Company, or interfere with the proper functioning of such equipment or facilities; or impair the operation of the telecommunications system or otherwise injure the public in its use of the Company's services.
- 2.2.6 The Company reserves the right to limit the length of communication when necessary because of a shortage of facilities caused by emergency conditions.

LOCAL EXCHANGE SERVICES

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.2 Limitations, (Cont'd.)

2.2.7 The service is furnished subject to the condition that it will not be used for any unlawful purpose. Service will be discontinued if any law enforcement agency, acting within its apparent jurisdiction, advises in writing that such service is being used in violation of the law. The Company will refuse to furnish service when it has reasonable grounds to believe that such service will be used in violation of the law. Customers will be notified and pursuant to the Minimum Telephone Service Standards as codified chapter 4901:1-5 of the Ohio Administrative Code.

2.3 Liabilities of Company

2.3.1 The Company's liability for damages arising from any failure of service shall not exceed an amount equivalent to the proportionate charge to the Customer for the period during which the failure occurs.

2.3.2 The Company shall not be liable for any claim or loss not directly caused by negligence of the Company.

2.3.3 The Company is not liable for any act or omission of any other Company or companies furnishing a portion of the facilities, equipment or services used in connection with the services provided by the Company.

2.3.4 The Company shall not be liable for the use or abuse of a Customer's service by any party including, but not limited to, the Customer's employees or members of the public. "Use or abuse" includes, but is not limited to, any calls placed by means of a PBX re-origination or other legal or illegal equipment, service or device. The Company shall not be liable for any action, such as blocking or refusal to accept certain calls, that it deems necessary to take in order to prevent unlawful use of its services. Compensation for any injury the Customer may suffer due to the fault of parties other than the Company must be sought from such other parties.

2.3.5 The Company shall not be liable for any personal injury, or death of any person or persons, and for any loss or damage sustained by reason of acts, mistakes, omissions, errors or defects in providing its services, whatever shall be the cause and whether negligent or otherwise.

2.3.6 Inclusion of early termination liability by the Company in its tariff or a contract does not constitute a determination by the Commission that the termination liability imposed by the Company is approved or sanctioned by the Commission. Customers shall be free to pursue whatever legal remedies they may have should a dispute arises.

LOCAL EXCHANGE SERVICES

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.3 Liabilities of Company, (Cont'd.)

2.3.7 The liability of the Company for service irregularities shall in no event exceed an amount equivalent to the proportionate charge to the Customer for the service for the period during which the service irregularity exists. Service irregularities are defined as mistakes, omissions, interruptions, delays, errors, or defects in transmission, or failure of or defects in the service and/or facilities furnished by the Company which occur in the course of furnishing service or facilities and are not caused by the negligence of the Customer or the negligence of the Company in failing to maintain proper standards of maintenance or operation, or to exercise reasonable supervision.

2.3.8 The Company shall not be liable for any failure of performance due to causes beyond its control, including, without being limited to, acts of God, fires, floods or other catastrophes, national emergencies, insurrections, riots or wars, strikes, lockouts, work stoppage or other labor difficulties, acts or omissions of other carriers, and any law, order, regulation or other action of any governing authority or agency thereof.

2.3.9 The Company shall be indemnified and held harmless by the Customer against the following:

- A. Claims for slander, libel or infringement of copyright arising out of the materials, data, information or other content transmitted over the Company's facilities.
- B. All other claims arising out of any act or omission of the Customer in connection with any service or facility provided by the Company.

2.5 Terminal Equipment

The Company's service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems, such as a telephone set, key system or private branch exchange (PBX). Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided. The Customer is responsible for all costs at his or her premises, including personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria standards of the telecommunications industry as endorsed by the Federal Communications Commission.

2.6 Installation

Service is installed upon mutual agreement between the Customer and the Company. The service agreement does not alter rates specified in this tariff.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.7 Payment for Service

2.7.1 Billing and Collection of Charges

- A. The Customer is responsible for payment of all charges for services and equipment furnished to the Customer or to an authorized user of the Customer by the Company. All charges due from the Customer are payable to the Company or to the Company's authorized billing agent. Terms of payment shall be according to the rules and regulations of regulatory agencies, including the Commission. Any objections to billed charges must be reported to the Company or its billing agent within sixty days after receipt of bill. Contested charges will be handled in accordance with the appropriate Commission rules. Adjustments to Customer's bills shall be made to the extent that circumstances exist which reasonably indicate that such changes are appropriate.
- B. Monthly invoices sent to the Customer are due nineteen (19) days from the date of the postmark on the bill. If the bill is not paid by the due date, it becomes past due and the account may be subject to disconnection. All amounts owed after the due date are subject to late payment penalty charges of 1.5% per month. The late payment fee will not be assessed on unpaid penalty charges and any payment received shall first be applied to any bill for services rendered.
- C. In no case shall service be actually disconnected until seven days after written notice has been given to the Customer.
- D. Returned Check Fee - A return check charge will be assessed for checks returned for insufficient funds. The Company may waive the returned check fee under appropriate circumstances.

	<u>Maximum</u>	<u>Current</u>
Per Returned Check	\$75.00	\$25.00

- E. Customer Bills will be rendered pursuant to the Minimum Telephone Service Standards as codified chapter 4901:1-5 of the Ohio Administrative Code.
- F. Adjustments to subscriber bills for local service will be made pursuant to the Minimum Telephone Service Standards as codified chapter 4901:1-5 of the Ohio Administrative Code.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.7 Payment for Service, (Cont'd.)

2.7.10 Billing and Collection of Charges, (Cont'd.)

- G. If the Customer requests a duplicate bill, there is a charge for the processing and mailing of this request

	<u>Maximum</u>	<u>Current</u>
Duplicate Bill Charge, Per Bill	\$50.00	\$25.00

- H. The Customer should notify the Company of any disputed items on an invoice within thirty (30) days of receipt of the invoice. If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may file a complaint with the Public Utilities Commission of Ohio in accordance with the Commission's rules of procedure. The address of the Commission is as follows:

Service Monitoring and Enforcement Department
Public Utilities Commission of Ohio
180 East Broad Street, Tenth Floor
Columbus, Ohio 43215-3793

Toll Free Telephone: 1-800-686-7826
TTY Toll Free Telephone: 1-800-686-1570

From 8:00 AM to 5:30 PM (EST) Weekdays or at www.PUCO.ohio.gov.

Residential Customers may also contact the Ohio Consumers' Counsel for assistance with complaints and utility issues at:

Toll Free Telephone: 1-877-742-5622
From 8:00 AM to 5:00 PM (EST) weekdays or at [www. pickocc.org](http://www.pickocc.org).

- I. If the service is disconnected by the Company (in accordance Section 2.11) and later re-installed, re-installation of service will be subject to all applicable installation charges. If service is suspended by the Company (in accordance with Section 2.11) and later restored, restoration of service will be subject to the nonrecurring rates in Section 4 of this tariff.

LOCAL EXCHANGE SERVICES

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.8 Deposits

To safeguard its interests, the Company may require a Customer to make a deposit prior to or at any time after the provision of service to the Customer to be held by the Company as a guarantee of the payment of rates and charges. A deposit may be required if the Customer does not otherwise satisfactorily establish credit under the criteria set forth in pursuant to the Minimum Telephone Service Standards as codified Sections 4901:1-5 and of the Ohio Administrative Code. No such deposit will be required of a Customer that has established satisfactory credit. All deposits will be handled in accordance with Sections 4901:1-5 of the Ohio Administrative Code and 14. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation.

2.8.1 The deposit will not exceed an amount equal to two month's average monthly bill for all regulated local exchange services for the ensuing twelve months, plus thirty percent (30%) of estimated monthly recurring charges.

2.8.2 A deposit will be returned:

When an application for service has been canceled prior to the establishment of service. The deposit will be applied to any charges applicable in accordance with the tariff and the excess portion of the deposit will be returned.

Upon the discontinuance of service. The Company will refund the Subscriber's deposit or the balance in excess of unpaid bills for that service. At the option of the Company, such a deposit may be refunded or credited to the Subscriber at any time prior to the termination of the service.

2.8.3 The fact that a deposit has been made in no way relieves the Subscriber from complying with the regulation with respect to advance payments and the prompt payment of bills on presentation.

2.9 Cancellation by Customer

No charge applies when the applicant cancels an application for service prior to the start of installation or special construction. When an applicant cancels an application for service after the start of installation or special construction, the applicant shall pay a cancellation fee which is the lesser of 1) the costs incurred by the Carrier, or 2) the charge for the minimum period of the service ordered, plus applicable installation charges.

Customers of the Company may cancel service by providing thirty (30) days' written notice to the Company. Customers are responsible for all charges, including fixed fees, which accrue up to the cancellation date.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.10 Interconnection

Service furnished by the Company may be connected with the services or facilities of other carriers. Such service or facilities, if used, are provided under the terms, rates and conditions of the other carrier. The Customer is responsible for all charges billed by other carriers for use in connection with the Company's service.

2.11 Refusal or Discontinuance by Company

The Company may refuse or discontinue service in the following circumstances. Unless otherwise stated, the Customer will be given ten (10) days' written notice and allowed a reasonable time to comply with any rule or to remedy any deficiency. All notices given shall comply with the Commission rules.

2.11.1 For non-compliance with and/or violation of any State or municipal law, ordinance or regulation pertaining to telephone service.

2.11.2 For the use of telephone service for any other property or purpose other than that described in the application.

2.11.3 For failure or refusal to provide the Company with a deposit to insure payment of bills in accordance with the Company's regulations or failure to meet the Company's credit requirements.

2.11.4 For neglect or refusal to provide reasonable access to the Company for the purpose of inspection and maintenance of equipment owned by the Company. Such action shall be taken only when corrective action negotiated between the Company and the Customer has failed to resolve the situation.

2.11.5 For non-compliance with and/or violation of the Commission regulations or the Company's rules and regulations on file with the Commission.

2.11.6 In the event of tampering with the equipment furnished and owned by the Company.

2.11.7 In the event of Customer use of equipment in such a manner as to adversely affect the Company's service to others. Such discontinuance of service may be made without notice if a dangerous condition relating to Company service exists which could subject any person to imminent harm or result in substantial damage to the property of the Company or others. In such case, the Company shall notify the Customer immediately in writing and, if possible, orally of the reasons for the termination or refusal.

LOCAL EXCHANGE SERVICES

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.11 Refusal or Discontinuance by Company, (Cont'd.)

- 2.11.8 In the event of unauthorized or fraudulent use of service. The Company may terminate service, pursuant to the Minimum Telephone Service Standards as codified chapter 4901:1-5 of the Ohio Administrative Code, if it has evidence that such Customer has obtained unauthorized service by illegal use or theft. Whenever service is discontinued for fraudulent use of service, the Company may, before restoring service, require the Customer to make, at his own expense, all changes in facilities or equipment necessary to eliminate illegal use and to pay an amount reasonably estimated as the loss in revenues resulting from such fraudulent use.
- 2.11.9 For failure of the Customer to make proper application for service. A Customer who has complied with Commission regulations shall not be denied service for failure to comply with the Company's rules which have not been made effective in the manner prescribed by the Commission.
- 2.11.10 For Customer's breach of the contract for service between the Company and the Customer.
- 2.11.11 When necessary for the Company to comply with any order or request of any governmental authority having jurisdiction.
- 2.11.12 The Company reserves the right to discontinue furnishing service or to limit the use of service when necessary due to conditions beyond its control or when the Customer is using service in violation of the law or provisions of this tariff.
- 2.11.13 The Company, with written notification giving reason, may either suspend service or terminate the Customer's service without suspension or following a suspension of service, disconnect the service and remove any of its equipment from the Customer's premises upon:
- A. Impersonation of another with fraudulent intent.
 - B. Nonpayment of any sum due the Company, as set forth in 2.11.14, 2.11.15, and 2.11.16 below.
 - C. Abuse or fraudulent use of service.

LOCAL EXCHANGE SERVICES

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.11 Refusal or Discontinuance by Company, (Cont'd.)

2.11.14 Discontinuance of Service

- A. For purposes of this section, all regulated telephone services provided by the Company, except toll services, shall be defined as local service.
- B. The Company may disconnect its Customer's local service for nonpayment of charges incurred for local service. Such disconnection must be conducted pursuant to all applicable minimum telephone service standards. All practices of the Company pertaining to either the provision of its own toll service, if any, or as a duly-authorized agent for another toll service provider shall also conform to the minimum telephone service standards.

Disconnection notices issued by the Company and pursuant to the Minimum Telephone Service Standards as codified chapter 4901:1-5 of the Ohio Administrative Code, must inform the subscribers facing local service disconnection of the total amount which the subscriber would need to pay in order to avoid disconnection of local service. It must also inform the subscriber of the Company's legal obligation to provide "local only" service to Customers whose local services charges are paid, even while their toll service is disconnected for nonpayment of outstanding toll debt.

- C. The Company is prohibited from disconnecting any Customer's local service for nonpayment of charges incurred by the Customer for toll service.
- D. Partial payments by a Customer to the Company will be apportioned by the Company to the Company's regulated local service charges first before being applied by the Company to any toll charges and will be apportioned to regulated telephone service charges first before being applied to charges for nonregulated services.
- E. Disconnection of Local Service will be conducted pursuant to the Minimum Telephone Service Standards as codified chapter 4901:1-5 of the Ohio Administrative Code.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.12 Inspection, Testing, and Adjustment

Upon reasonable notice, the facilities provided by the Company shall be made available to the Company for tests and adjustments as may be deemed necessary by the Company for maintenance. No interruption allowance will be granted for the time during which such tests and adjustments are made when the interruption is less than twenty-four consecutive hours.

2.13 Tests, Pilots, Promotional Campaigns and Contests

The Company may from time to time engage in special promotions of limited duration of its services offerings designed to attract new Customers or to increase existing Customer awareness of a particular tariff offering. Waiver of any charges other than a nonrecurring charge shall be limited to 90 calendar days on a per Customer basis during a 12-month period. Requests for promotional offerings will be presented to the Commission for its review in accordance with Commission Rules.

2.14 Interruption of Service

Interruptions of service and trouble reports are subject to the general liability provisions set forth in Section 2.3 herein and the provisions of the Commission.

2.15 Terms and Conditions

2.15.1 Service is provided on the basis of a minimum period of at least one month unless specified otherwise in this tariff. For the purpose of computing charges in this tariff or an applicable contract, a month is considered to have 30 days.

2.15.2 Customers may be required to enter into written service agreements which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff or an applicable contract. The Customer will also be required to execute any other documents as may be reasonably requested by the Company.

2.15.3 At the expiration of the initial term specified in each service agreement, or in any extension thereof, service shall continue on a month-to-month basis at the then current rates unless terminated by either party. Any termination shall not relieve the Customer of the obligation to pay any charges incurred under the service order and this tariff or an applicable contract prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service agreement shall survive such termination.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.16 Non-Routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

2.17 Special Construction And Special Arrangements

2.17.1 Subject to the agreement of the Company and to all of the regulations contained in this tariff or any applicable contract, special construction and special arrangements may be undertaken on a reasonable effort basis at the request of the Customer. Special arrangements include any service or facility relating to a regulated telecommunications service not otherwise specified under this tariff or any applicable contract, or for the provision of service on an expedited basis or in some other manner different from the normal tariff or contract conditions. Special construction is that construction undertaken:

- A. Where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. Of a type other than that which the Company would normally utilize in the furnishing of its services,
- C. Over a route other than that which the Company would normally utilize in the furnishing of its services,
- D. In a quantity greater than that which the Company would normally construct,
- E. On an expedited basis,
- F. On a temporary basis until permanent facilities are available,
- G. Involving abnormal costs, or
- H. In advance of its normal construction.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.17 Special Construction And Special Arrangements, (Cont'd.)

2.17.2 Basis for Charges - Where the Company furnishes a facility on special construction basis, or any service for which a rate or charge is not specified in this tariff, charges will be based on the costs incurred by the Company and may include the following: (i) non-recurring type charges, (ii) recurring type charges, (iii) termination liabilities or (iv) combinations thereof. The agreement for special construction will ordinarily include a minimum service commitment based upon the estimated service of the facilities provided.

2.17.3 Basis for Cost Computation - The costs referred to in Section 2.17.2 preceding may include one or more of the following items to the extent they are applicable:

- A. Nonrecurring charges will be developed based upon the installed cost of the facilities to be provided including estimated costs for the rearrangements of existing facilities. Costs include: (i) equipment and materials provided or used, (ii) engineering, labor and supervision, (iii) transportation, (iv) rights of way and (v) any other item chargeable to the capital account.
- B. Monthly Recurring charges will be based upon the following costs: (i) cost of maintenance, (ii) depreciation on the estimated cost installed of any facilities provided, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage, (iii) administration, taxes and uncollectible revenue on the basis of reasonable average costs for these items, (iv) any other identifiable costs related to the facilities provided and (v) an amount for return and contingencies.

2.17.4 Termination Liability - To the extent that there is no other requirement for use by the Company, a termination liability may apply for facilities specially constructed at the request of the Customer. The Customer will be notified of the termination liability provisions prior to installation.

- A. The maximum termination liability is equal to the total cost of the special facility as determined under Section 2.17.3, preceding, adjusted to reflect the predetermined estimated net salvage, including any reuse of the facilities provided.
- B. The maximum termination liability as determined in paragraph a) shall be divided by the original term of service contracted for by the Customer (rounded up to the next whole number of months) to determine the monthly liability. The Customer's termination liability shall be equal to this monthly amount multiplied by the remaining unexpired term of service (rounded up to the next whole number of months), discounted to present value at six (6) percent, plus applicable taxes.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.17 Special Construction And Special Arrangements, (Cont'd.)

2.17.5 Maintenance Charge - A maintenance charge shall apply when a user requests the dispatch of the Company's personnel for the purpose of performing maintenance activity on the Company's facilities and the trouble condition is found to result from equipment, facilities, or systems not provided by the Company.

2.18 Universal Emergency Telephone Number Service (911, E911)

2.18.1 This tariff does not provide for the inspection or constant monitoring of facilities to discover errors, defects, or malfunctions in the service, nor does the Company undertake such responsibility.

2.18.2 911 information consisting of the names, addresses and telephone numbers of all telephone Customers is confidential. The Company will release such information via the Data Management System only after a 911 call has been received, on a call-by-call basis, only for the purpose of responding to an emergency call in progress.

2.18.3 The 911 calling party, by dialing 911, waives the privacy afforded by non-listed and non-published service to the extent that the telephone number, name, and address associated with the originating -station location are furnished to the Public Safety Answering Point.

2.18.4 After the establishment of service, it is the Public Safety Agency's responsibility to continue to verify the accuracy of and to advise the Company of any changes as they occur in street names, establishment of new streets, changes in address numbers used on existing streets, closing and abandonment of streets, changes in police, fire, ambulance or their appropriate agencies' jurisdiction over any address, annexations and other changes in municipal and county boundaries, incorporation of new cities or any other similar matter that may affect the routing of 911 calls to the proper Public Safety Answering Point.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.18 Universal Emergency Telephone Number Service (911, E911), (Cont'd.)

2.18.5 The Company assumes no liability for any infringement, or invasion of any right of privacy of any person or persons caused, or claimed to be caused, directly or indirectly by the use of 911 Service. Under the terms of this tariff, the Public Safety Agency must agree, (except where the events, incidents, or eventualities set forth in this sentence are the result of the Company's gross negligence or willful misconduct) , to release, indemnify, defend and hold harmless the Company from any and all losses or claims whatsoever, whether suffered, made, instituted, or asserted by the Public Safety Agency or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage, or destruction of any property, whether owned by the Customer or others. Under the terms of this tariff; the Public Safety Agency must also agree to release, indemnify, defend and hold harmless the Company for any infringement of invasion of the right of privacy of person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion, or use of 911 Service features and the equipment associated therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address, or name associated with the telephone used by the party or parties accessing 911 Service hereunder, and which arise out of the negligence or other wrongful act of the Public Safety Agency, its user, agencies or municipalities, or the employees or agents of any one of them, or which arise out of the negligence, other than gross negligence or willful misconduct, of the Company, its employees or agents.

2.19 Resale and Sharing

SECTION 2.19 IS AVAILABLE ONLY TO CARRIERS WHICH ARE CERTIFIED BY THE PUBLIC UTILITY COMMISSION OF OHIO TO PROVIDE INTRASTATE LOCAL EXCHANGE SERVICES

There are no prohibitions or limitations on the resale of services. Prices for services appear in the price sheet attached to this tariff. Any service provided under this tariff may be resold to or shared with other persons at the option of Customer, subject to compliance with any applicable laws of the Public Utilities Commission of Ohio regulations governing such resale or sharing. The Customer remains solely responsible for all use of services ordered by it or billed to its telephone number(s) pursuant to this tariff, for determining who is authorized to use its services, and for notifying the Company of any unauthorized use.

Rates for Resale and Sharing Service are the same as the tariffed retail rates found in Section 7.0.

LOCAL EXCHANGE SERVICES

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.20 Service Provider Number Portability

SPNP-LRN depends on AIN/IN technology. LRN is a 10 digit number used to uniquely identify a switch that has ported numbers. The LRN for a particular switch must be a native NPA-NXX assigned to the local exchange provider for that switch and serves as a network address. Telecommunications Carriers routing telephone calls to an end-user that has ported their telephone number from one Telecommunications Carrier to another must perform a database query to obtain the LRN that corresponds to the dialed telephone number. The N-1 telecommunications provider (the next to the last terminating carrier) is responsible for determining the LRN for the call being terminated. The database query is performed for all calls where the NPA-NXX of the called number has been marked in the switch as portable. The Telecommunications Carrier routes the call to the appropriate Telecommunications Carrier based on the LRN.

Service Provider Number Portability (SPNP) is only available to telecommunication carriers for use in the provision of a telecommunications service as specified and to the extent required by the Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56 (1996) (the Act) and the rules and regulations of the Federal Communications Commission and the Public Utilities Commission of Ohio.

Service Provider Number Portability is a service arrangement provided by the Company to Telecommunication Carriers whereby a Customer, who switches subscription to local exchange service from the Company to a Telecommunication Carrier is permitted to retain for their use the existing Company assigned telephone number provided that the Customer's service location remains within the same Company rate center.

SPNP service is only available to Telecommunication Carriers.

SPNP service and facilities will only be provided where technically feasible, subject to the availability of facilities and pursuant to FCC Docket No. 95-116 and PUCO Case No. 95-845-TP-COI, and may only be furnished from properly equipped central offices. SPNP service and facilities are not offered for Mass-Calling NXX Codes, NXX Codes 555, 976 and 960.

General Regulations as found in this Tariff apply to this Section unless otherwise specified in this Section. The term ACustomer@, which appears herein, is the equivalent of the term Atelecommunication carrier@ as used in this Section.

Telecommunication Carriers will be assessed Local Number Portability (LNP) Query Charges as defined in the Company's FCC Access Services Tariff, as SPNP-LRN becomes available in an area if the Company performs an LNP database query on behalf of the Telecommunications Carrier.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.20 Service Provider Number Portability, (Cont'd.)

Interim Arrangements (SPNP-Remote and SPNP-Direct) are only available to Telecommunications Carriers in areas where SPNP-Location Routing Number (LRN) is not available. Telecommunications Carriers shall migrate from Interim Arrangements to SPNP-LRN as soon as practicable, but no later than 120 days from the last day which the FCC has mandated SPNP-LRN be available in a particular Metropolitan Statistical Area (MSA). Requests for Interim Arrangements will also not be processed after the last days which the FCC has mandated SPNP-LRN be available in a particular Metropolitan Statistical Area. (MSA). The parties shall provide long-term number portability to each other in accordance with rules and regulations prescribed by the FCC and/or the PUCO.

2.20.1 Responsibilities of the Company

The Company's sole responsibility is to comply with the service request it receives from the Telecommunication Carrier and to provide SPNP in accordance with its tariff. In the event that the Company becomes aware that a dispute or discrepancy may have occurred, it may insist that the Telecommunication Carrier provide to the Company a signed letter of authorization from the end-user. The Company is not responsible for the allocation of charges for resold or shared SPNP service or for misdialed calls.

2.20.2 Responsibilities of the Telecommunication Carrier

The Telecommunication Carrier is solely responsible to obtain a signed letter of authorization from the end-user for the handling of the disconnection of the end-user's service with the Company, the provision of service by the Telecommunication Carrier and the provision of SPNP service. Should a dispute or discrepancy arise regarding the authority of a Telecommunication Carrier to act on behalf of the end-user, the Telecommunication Carrier is responsible for providing a signed letter of authorization, to the Company. In the event that the Telecommunication Carrier is unable to provide such authorization, the Company may either refuse to disconnect the end-user's service and establish SPNP service are requested by the Telecommunication Carrier or, where the conversion from en-user to SPNP service has already occurred, my choose to restore the end-user's prior service with the Company and terminate the SPNP service for that particular end-user. In such event, the Telecommunication Carrier is responsible to compensate the Company for its cancellation costs if the end-user's service had not been disconnected and SPNP service had not yet been established or to pay all applicable restoral costs for terminating the SPNP service and restoring the end-user's prior service with the Company.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.20 Service Provider Number Portability, (Cont'd.)

2.20.2 Responsibilities of the Telecommunication Carrier, (Cont'd.)

The Telecommunication Carrier is responsible for coordinating the provision of service with the Company to assure that its switch is capable of accepting SPNP ported traffic.

The Telecommunication Carrier is solely responsible to provide equipments and facilities that are compatible with the Company's service parameters, interfaces, equipment and facilities. The Telecommunication Carrier is required to provide sufficient terminating facilities and services at the terminating end of an SPNP call to adequately handle all traffic to that location and is solely responsible to ensure that its facilities, equipment and services do not interfere with or impair any facility, equipment or service of the Company or any of its end-users. In the event that the Company determines in its sole judgment that Telecommunication Carrier will likely impair or is impairing, or interfering with any equipment, facility or service of the Company or any of its end-users, the Company may either refuse to provide SPNP service or terminate it in accordance with other provisions of the Company's tariff.

The Telecommunication Carrier is responsible for providing an appropriate intercept announcement service for any telephone numbers subscribed to SPNP service for which it is not presently providing local exchange service or terminating to an end-user.

The Telecommunication Carrier is responsible for designating to the Company at the time of its initial service request for SPNP service one for the following options for the handling and processing of Calling Card, Collect, third party, and other operator handled non-sent paid calls from or to SPNP assigned telephone numbers: (1) the Connecting-Carrier may request that the Company block all such calls; (2) the Telecommunication Carrier may accept billing from the Company for such calls; or (3) the Telecommunication Carrier may negotiate a separate, detariffed billing and collection agreement with the Company establishing the calling handling, processing and billing responsibilities of the parties.

SECTION 2 - RULES AND REGULATIONS, (Cont'd.)

2.20 Service Provider Number Portability, (Cont'd.)

2.20.4 Limitations of Service

The Company is not responsible for adverse effects on any service, facility or equipment from the use of SPNP service.

End-to-end transmission characteristics may vary depending on the distance and routing necessary to complete calls over SPNP facilities and the fact that another carrier is involved in the provisioning of service. Therefore, end-to-end transmission characteristics cannot be specified by the Company for such calls.

The Company is not responsible to the Telecommunication Carrier if necessary changes in protection criteria or in any of the facilities, operation, or procedures of the Company renders any facilities provided by a Telecommunication Carrier obsolete or renders modification of the Telecommunication Carrier's equipment necessary except as otherwise required by the Public Utilities Commission of Ohio.

2.21 Service Quality

The Company will adhere to minimum service quality and service levels pursuant to the Minimum Telephone Service Standards as codified chapter 4901:1-5 of the Ohio Administrative Code

4.2.3 Maintenance Visit Charges – Premises Visit

A. Description

Maintenance Visit Charges – Premises Visit apply when the Company dispatches personnel to a business or residential Customer's premises to perform work necessary for installing new service, effecting changes in service or resolving troubles reported by the Customer when the trouble is found to be caused by the Customer's facilities. The Customer will be advised, before a visit of the possibility of a premises charge. The Customer will also be advised to check the Network Interface Device (NID) in accordance with PUCO Case No. 86-927-TP-COI. Lastly, the Customer will be advised that if a NID is not in place and the Company cannot ascertain with certainty that the service difficulty is located on the Customer's side of the demarcation point, the Company is required to come to the location at no charge to diagnose the problem and install a NID, at no charge during this premises visit.

4.2.4 Presubscribed Carrier Change Charge

A. Description

New Customers will be asked to select an intraLATA and/or interLATA toll carrier(s) at the time the Customer places an order to establish local exchange service with the Company. The Company will process the Customer's order for presubscription service. The selected carrier(s) will confirm their respective Customer's verbal selection by third-party verification or return written confirmation notices. All new Customers' initial requests for intraLATA and/or interLATA toll service presubscription shall be provided free of charge.

If a new Customer is unable to make a selection at the time the new Customer places an order to establish local exchange service, the Company will read a random listing of all available intraLATA and interLATA carriers to aid the Customer in selection. If selection is still not possible, the Company will inform the Customer that he/she will be given 30 calendar days in which to inform the Company of an intraLATA and/or interLATA toll carrier presubscription selection free of charge. Until the Customer informs the Company of his/her choice for toll carrier(s), the Customer will not have a presubscribed toll carrier, but rather will be required to dial a carrier access code to route all toll calls to the carrier(s) of choice. Customers who inform the Company of a choice for toll presubscription within the 30day period will not be assessed a service charge for the initial Customer request.

Customers of record may initiate a presubscription change at any time subject to the charges specified below. If a Customer of record inquires of the Company of the carriers available for toll presubscription, the Company will read a random listing of all available carriers to aid the Customer in selection.

SECTION 5 - DESCRIPTION OF SERVICE AND RATES

5.1 Basic Network Switched Service

5.1.1 General Description

- A. Basic Network Switched Service is provided via one or more channels terminated at the Customer's premises. Each Basic Network Switched Service channel corresponds to one or more analog, voice-grade telephonic communications channels that can be used to place or receive one call at a time.

Basic Network Switched Service provides a Customer with a connection to the Company's switching network which enables the Customer to:

- Receive calls from other stations on the public switched telephone network;
- Access the Company's local calling service;
- Access the Company's (or its underlying carrier's) operators and business office for service related assistance; access toll-free telecommunications services such as 800 NPA; and access 911 service for emergency calling; and
- Access the service of providers of interexchange service. A Customer may presubscribe to such provider's service to originate calls on a direct dialed basis or to receive toll-free service from such provider, or may access a provider on an ad hoc basis by dialing the provider's Carrier Identification Code (such as 101XXXX).

Business and Residential Lines are provided for connection to Customer-provided terminal equipment. Nonrecurring, recurring, and usage charges apply as described herein.

The local calling area (i.e, exchange and EAS calling) mirrors the local calling area for basic local exchange service provided by the incumbent local exchange company for the same exchange.

A white pages standard directory listing is included with each unit of wireline service.

SECTION 5 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)

5.1 Basic Network Switched Service, (Cont'd.)

5.1.1 General Description, (Cont'd.)

- B. Residential Local Service Bundles¹ that include unlimited local usage are restricted to residential voice applications only. No commercial use of any form is permitted for such unlimited offerings. Usage for dial-up internet access, data and fax-type applications and other non-voice uses is not permitted.

If, at any time, the Company determines* that the Customer is using the service in violation of this Section, the Customer will be given seven (7) days written notice to contact the Company with regard to the usage data gathered. If no contact has been made to the Company within the specified period, the Customer's account will be blocked for outgoing long distance calls, and all local usage associated with non-voice applications will be assessed the local message rate set forth in Section 5.1.2. This remedy will continue until the Customer elects to change to another LDMI service plan, which does not include unlimited local or long distance calling. The Customer would no longer be eligible to subscribe to an unlimited calling plan offered by the Company

Residential accounts are limited to a maximum of ten (10) access lines.

* High usage accounts associated with an unlimited long distance usage plan will be subject to periodic review by the Company. Each account selected for further review will be analyzed as follows: (1) The Company will track frequently dialed numbers and duration of calls. If many different numbers are being dialed for periods of seconds, use of an auto-dialer is suspected and called numbers will be sampled for such usage; (2) The Company will test call frequently dialed numbers to listen for data recipient. If data is heard, use of Internet and/or facsimile is positively identified.

¹ This Service can only be purchased in conjunction with Unregulated and/or Detariffed Services.

5.1 Basic Network Switched Service, (Cont'd.)

5.1.1 General Description, (Cont'd.)

D. Timing of Calls

Where applicable, the following rate period and timing parameters apply:

1. Initial Period - The initial period is the length of a call for minimum billing purposes. The initial period varies by rate schedule and is specified in individual product rates sections of this tariff.
2. Additional Period - The additional period is the rate element used to bill chargeable time when a call continues beyond the initial period. The additional period starts when the initial period ends. Additional period rates apply to any fraction of the time period for chargeable time beyond the initial period. Additional periods vary by rate schedule and are specified in the individual product rates sections of this tariff.
3. Chargeable time for all calls ends when one of the parties disconnects from the call.
4. Time of day designations are used in this tariff to indicate rate period boundaries. Rate periods begin at the first time of day designation and continue up to but not including the second time of day designation.

D. Value Rate *

1. Availability

The Value Rate is available only to former customers of Mpower Communications Corp. ("Mpower") who were obtained through LDMI's purchase of Mpower's business and assets in Ohio and who received service as of October 31, 2004, under Mpower's Ohio P.U.C. No.1, as adopted by LDMI Telecommunications, Inc. pursuant to PUCO Case No. 03-436-TP-ATR.

2. Description

The Value Rate includes a basic local line, an allotment of calls within the Customer's Local Calling Area for a fixed monthly charge per line. The local call allotment is applied on an account level basis to the combined lines billed to a particular account. Local usage that exceeds the specified allotment are billed separately. Calling features are also billed separately.

Unless otherwise specified in this section, terms and conditions for like services or service elements described elsewhere in this tariff apply.

This service may not be used for the purpose of telemarketing products or services using automatic dialing devices or any other manual or automated calling method.

SECTION 5 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)

5.2 Optional Calling Features

5.2.1 Description

The features in this Section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases. Central Office Calling Features are optional features of central office services furnished to individual line end users. The Company may furnish Central Office Calling Features where there is available central office equipment with the proper program updates as determined by the Company. Central Office Calling Features are only provided for basic access line services. The Customer will be billed a Service Order charge for each change or set-up of each occurrence a feature or group of features is added to the Customer's service. Multi-feature discounts are available.

5.2.2 Definition of Line Features

Anonymous Call Rejection - Allows a Customer to redirect incoming calls to an announcement indicating that the Customer is not presently accepting calls. This feature is provided automatically to Customers subscribing to Caller ID, Caller ID with Name, Call Waiting ID, and Call Waiting ID with Name and will be provided in the inactive state and will have no effect on the Customer's telephone service until the Customer activates it through the use of a dialing code.

Speed Dial 8 - Allows placing calls to eight (8) other phone numbers by dialing a one or two digit code rather than the complete phone number.

Speed Dial 30 - Allows placing calls to thirty (30) other phone numbers by dialing a one or two digit code rather than the complete phone number.

Call Return/Automatic Call Back - Allows the subscriber to automatically redial the number of the last incoming call whether answered or not.

Caller ID - Allows the subscriber to view the listed telephone number from which the incoming call is dialed on a display screen before the call is answered allowing a Customer to prioritize and/or screen incoming calls.

Caller ID with Name - Allows subscriber to view listed name associated with the telephone number before the phone is answered. This feature is only offered to Customers who subscribe to Caller ID.

LOCAL EXCHANGE SERVICES

SECTION 5 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)

5.2 Optional Calling Features, (Cont'd.)

5.2.2 Definition of Line Features, (Cont'd.)

Touch-Tone Service - Provides for the origination of calls by means of instruments equipped for tone-type address signaling and special central office facilities.

Three Way Calling/Call Hold - The Three Way Calling feature allows a Customer to add a third party to an existing two-way call and form a 3-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a Customer to put any in-progress call on hold by flashing the switchhook and dialing a code. This frees the line to allow the Customer to make an outgoing call to another number. Only one call per line can be on hold at a time. The third party cannot be added to the original call.

Call Forwarding Variable - Call Forwarding, when activated, redirects attempted terminating calls to another Customer-specific line. The Customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding.

The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding is billed for the forwarded leg of the call.

Call Forwarding/Busy Line Transfer B This feature automatically reroutes an incoming call to a Customer predesignated number when the called number is busy.

Call Forwarding/Alternative Answering - This feature automatically reroutes an incoming call to a Customer predesignated number when the called number does not answer within the number of rings programmed by the Company.

Call Waiting/Cancel Call Waiting - Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. It will also permit the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call.

LOCAL EXCHANGE SERVICES

SECTION 5 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)

5.2 Optional Calling Features, (Cont'd.)

5.2.2 Definition of Line Features, (Cont'd.)

Hunting B Line hunting which is provided subject to the availability of suitable central office facilities is an arrangement that groups together two or more main telephone exchange lines or trunks from the same central office so that incoming calls are automatically switched from the initial line, if in use, to the first non-busy line.

Repeat Dialing - The Automatic Redial feature allows a Customer to automatically redial the last number dialed. This is accomplished by the Customer activating a code. The network periodically tests the busy/free status of the called line for up to 30 minutes until both lines are found free and then redials the call for the Customer.

Repeat Dialing feature also allows Customers, having reached a busy number, to dial a code before hanging up. Repeat Dialing feature then continues to try the busy number for up to 30 minutes until it becomes free. Once the busy line is free the call is automatically redialed and the Customer is notified of the connected call via a distinctive ring.

The following types of calls cannot be accessed with Repeat Dialing:

- Calls to Toll Free 8XX Service numbers
- Calls to 900 and 976 Service numbers
- Calls preceded by an interexchange carrier access code
- International Direct Distance Dialed calls
- Calls to Directory Assistance
- Calls to 911

Easy Call B Provides for the automatic dialing of a dialable telephone number in the event that the Customer's line is taken off-hook and dialing does not commence within a determined interval, usually seven seconds.

Customer Control Option B This feature is available with Call Forwarding/Busy Line Transfer and Alternative Answering. This feature allows the Customer to activate/deactivate the associated feature and to change the telephone numbers to which calls are set to forward.

LOCAL EXCHANGE SERVICES

SECTION 5 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)

5.2 Optional Calling Features, (Cont'd.)

5.2.2 Definition of Line Features, (Cont'd.)

Call Screening B This feature allows Customers to designate up to ten telephone numbers which incoming calls will be automatically completed to a prerecorded announcement circuit which will indicate that calls are not being taken at this time.

Call Trace - Allows a Customer to dial a code to automatically request that the Company or specified Utility record a caller's originating telephone number and the date and time of the call as well as the date and time the Customer initiated trace. The information is disclosed only to a law enforcement agency for investigation purposes.

Special Ring 2 - Allows the subscriber to have as many as two different telephone numbers associated with a single line without adding a second access line. A Distinct ringing will be provided for each of the additional telephone numbers to facilitate identification of incoming calls.

Special Ring 3 - Allows the subscriber to have as many as three different telephone numbers associated with a single line without adding a second or third access line. A Distinct ringing will be provided for each of the additional telephone numbers to facilitate identification of incoming calls.

SECTION 4 - DESCRIPTION OF SERVICE AND RATES, (Cont'd.)

5.2 Optional Calling Features, (Cont'd.)

5.2.3 Customer Local Area Signaling Services (CLASS) Blocking

A. Per Call Number Blocking (Calling number delivery blocking)

This blocking enables Customers to prevent the disclosure of their telephone number on a per call basis to the called party. The disclosure of the calling party's number can be prevented on a per call basis by dialing *67 from a touch-tone phone, or 1167 from a rotary dial phone, to activate the block. This action must be repeated each time a call is made to prevent the disclosure of the calling party's telephone number. If the called party has a display device, a privacy indication will appear instead of the calling party's telephone number. Per Call Blocking will be provided on a universal basis to all eligible Customers. All public and semi-public payphones of the Company will be equipped with Per Call Blocking. This service will be provided free of charge.

B. Per Line Number Blocking (Calling Number Delivery Suppression)

This blocking enables Customers to prevent the disclosure of their telephone number on all outgoing calls, without the necessity of an activation code. If the called party has a display device, a privacy indication will appear instead of the calling party's telephone number. Per Line Blocking will be provided at no monthly charge on an optional basis to private and semi-private Customers at their discretion. To deactivate the privacy status, the Customer must dial *82 from a touch-tone phone or 1182 from a rotary dial phone before placing a call. After completion of the call, the line reverts back to the privacy status. Law Enforcement, Domestic Shelters and other special agencies will be offered free Per Line Number Blocking.

6.2 Busy Line Verify and Line Interrupt Service

6.2.1 Description

Upon request of a calling party the Company will verify a busy condition on a called line. Busy Verification and Interrupt Service is furnished where and to the extent that facilities permit. The Customer shall identify and hold the Company harmless against all claims that may arise from either party to the interrupted call or any person.

- The operator will determine if the line is clear or in use and report to the calling party.
- The operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption.

A. A charge applies when:

1. The operator verifies that the line is busy with a call in progress.
2. The operator verifies that the line is available for incoming calls.
3. The operator verifies that the called number is busy with a call in progress and the Customer requests interruption. The operator will then interrupt the call, advising the called party the name of the calling party. One charge will apply for both verification and interruption

B. No charge applies when:

1. The calling party advises that the call is to or from an official public emergency agency.
2. Under conditions other than those specified in A. preceding.

6.2.2 Charge per Request

Busy Line Verify Service, Per Request	<u>Current</u>
Business	\$1.20
Residential	\$1.00

SECTION 6 – MISCELLANEOUS SERVICES, (Cont'd.)

6.5 Directory Listings

6.5.1 Description

The Company shall arrange, at no charge, for the listing of the Customer's main billing telephone number in the directory(ies) published by the dominant Local Exchange Carrier in the area at no additional charge. At a Customer's option, the Company will arrange for additional listings at an additional charge. Specialized listing options are also available.

Listings are intended solely for the purpose of identifying subscribers telephone numbers, and as an aid to the use of telephone service. The listings of subscribers are arranged alphabetically and are not intended for special prominence of arrangement.

Listings must conform to the Company's specifications with respect to the directories. The Company reserves the right to reject listings when, in its sole judgement, such listings would violate the integrity of Company records and the directories, confuse individuals using the directory, or are otherwise deemed inappropriate or problematic.

Liability of the Company due to directory errors and omissions is as specified in Section 2 of this tariff.

6.5.2 Rates and Charges

A. Monthly Recurring Charges

6.6 Non-Published Service

6.6.1 Description

Non-Published service means that the Customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records.

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a Non-Published number only when the caller dials direct or gives the operator the number. No exceptions will be made, even if the caller says it is an emergency.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a nonpublished number in the directory or disclosing it to another party. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for non-published service and provide the Customer a new non-published telephone number.

The Customer indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and holds the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published service or the disclosing of said number to any person.

6.7 Non-Listed Service

6.7.1 Description

Non-Listed service means that the Customer's telephone number is not listed in the directory, but it does appear in the Company's Directory Assistance Records.

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a non-listed number.

When the Company agrees to keep a number unlisted, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a nonlisted number in the directory or disclosing it to another party. If, in error, the telephone number is listed in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for non-listed service and provide the Customer a new non-published telephone number.

The Customer indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and holds the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-listed service or the disclosing of said number to any person.

SECTION 7 - SPECIAL ARRANGEMENTS

7.1 Special Construction

7.1.1 General

Subject to the agreement of the Company and to all of the regulations contained in this tariff, special construction of Company Facilities may be undertaken by the Company on a reasonable-efforts basis at the request of the Customer. Special Construction is that construction undertaken:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed; or
- B. of a type other than that which the Company would normally utilize in the furnishing of its services; or
- C. over a route other than that which the Company would normally utilize in the furnishing of its services; or
- D. in a quantity greater than that which the Company would normally construct;
- E. on an expedited basis; or
- F. on a temporary basis until permanent facilities are available;
- G. involving abnormal costs; or
- H. in advance of its normal construction; or
- I. when the Company furnishes a facility or service for which a rate or charge is not specified in this Company's tariffs.

7.1.2 Customer Acceptance

Rates and charges for special construction shall be determined and presented to the Customer for its approval prior to the start of construction. No construction will commence until and unless the Customer accepts in writing the rates and charges as presented by the Company.

SECTION 7 - SPECIAL ARRANGEMENTS, (Cont'd.)

7.1 Special Construction, (Cont'd.)

7.1.3 Cost Computation

Special Construction costs may include one or more of the following items to the extent that they are applicable:

- A. The installed cost of the facilities to be provided including estimated costs for the rearrangements of existing facilities. The installed cost includes but may not be limited to the cost of:
 - 1. Equipment and materials provided or used;
 - 2. Engineering, labor and supervision;
 - 3. Transportation;
 - 4. Rights of way; and
 - 5. Shipping and delivery.
- B. Cost of maintenance;
- C. Depreciation on the estimated cost installed of any facilities provided, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage;
- D. Administration, taxes and uncollectible revenue on the basis of reasonable average costs for these items;
- E. License preparation, processing and related fees;
- F. Tariff preparation, processing and related fees;
- G. Any other identifiable costs related to the facilities provided; or
- H. An amount for return and contingencies.

SECTION 7 - SPECIAL ARRANGEMENTS, (Cont'd.)

7.1 Special Construction, (Cont'd.)

7.1.4 Termination Liability

To the extent that there is no other requirement for use by the Company and where the Company cannot fully recover its cost(s) if the Customer disconnects a specially-constructed facility or service, a termination liability shall apply for facilities specially constructed at the request of the Customer.

A. The termination liability period is the estimated service life of the facilities provided.

B. The amount of the maximum termination liability is equal to the estimated amounts for:

1. Installed cost of the facilities provided including estimated costs for rearrangements of existing facilities and/or construction of new facilities as appropriate, less net salvage. The installed cost includes but may not be limited to the cost of:
 - a. Equipment and materials provided or used;
 - b. Engineering, labor and supervision;
 - c. Transportation;
 - d. Rights of way; and
 - e. Shipping and delivery.
2. License preparation, processing and related fees;
3. Tariff preparation, processing and related fees;
4. Cost of removal and restoration, where appropriate; and
5. Any other identified costs related to the specially constructed or rearranged facilities.

LOCAL EXCHANGE SERVICES

SECTION 7 - SPECIAL ARRANGEMENTS, (Cont'd.)

7.1 Special Construction, (Cont'd.)

7.1.4 Termination Liability, (Cont'd.)

- C. Calculating Termination Charges B Termination charges shall be computed in accordance with tariff regulations in Section 7.1.4.A and 7.1.4.B or contractual agreements in effect. The termination liability method for calculating the unpaid balance of a term obligation is obtained by multiplying the sum of the amounts determined as set forth herein by a factor related to the unexpired period of liability and the discount rate for return and contingencies. The amount determined herein shall be adjusted to reflect the redetermined estimated net salvage, including any reuse of the facilities provided. This amount shall be adjusted to reflect applicable taxes.

7.2 Non-routine Installation and/or Maintenance

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours, or (at the Company's sole discretion and subject to any conditions it may impose) in hazardous locations. In such cases, charges based on the cost of labor, material, and other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

7.3 Individual Case Basis Arrangements

Arrangements will be developed on a case-by-case basis in response to a bona fide special request from a Customer or prospective Customer to develop a competitive bid for a service not generally available under this tariff. ICB rates will be offered to the Customer in writing and on a non-discriminatory basis. All such rates will be submitted to the Commission for approval.

SECTION 7 - SPECIAL ARRANGEMENTS, (Cont'd.)

7.4 LDMI Liberate Program

7.4.1 Description

LDMI offers assistance to new LDMI Customers to help defray a portion of the penalties incurred by certain new Customers in switching from other local and long distance telecommunications services. Assistance is provided in the form of a credit applied to the Customer's LDMI invoice.

In order to qualify for this credit the Customer must meet the following criteria:

- Customer must sign a two or three year term agreement with LDMI and the LDMI Liberate Program Agreement. The LDMI Liberate Program requires and specifies a make up to minimum monthly commitment and includes any credits issued under the program as part of the termination penalty.

The amount of credit is determined by the following:

- Up to three (3) months credit with an LDMI three (3) year term agreement.
- Up to two (2) months credit with an LDMI two (2) year term agreement.
- Maximum credit amount cannot exceed the penalty assessed by the previous provider. A copy of the penalty invoice must be received prior to LDMI issuing the credit to the Customer.
- The credit will be applied over three (3) months with a three (3) year commitment or two (2) months with a two (2) year commitment.

The monthly credit is based on the estimated billing as determined by LDMI based on information provided by the Customer. For purposes of the credit, monthly billing includes:

- All local Monthly Recurring Charges, except Directory Listings, LNP, 911 (Local line, features are included)
- All Standard Local Usage Charges
- All T1 Access Charges
- If the Customer's actual billing is significantly less than the estimated based on information provided by the Customer, then LDMI reserves the right to recalculate the credit amount.

*Non-recurring charges are not included in the definition of monthly billing.

SECTION 7 - SPECIAL ARRANGEMENTS, (Cont'd.)

7.5 Discounted Pricing Plans *

7.5.1 Description

The Company is offering the following discounts off its monthly recurring and usage charges based upon a non-term plan (month to month) or term plan agreement as specified by the Customer. These discount plans are available to retain existing subscribers or reacquire Customers who have discontinued service with the Company.

Discounts are applied to the base program rates currently identified in this tariff. Customers selecting a term plan are agreeing to fulfill the minimum time requirement of the contract. Customers who terminate services prior to fulfilling their term commitment may be assessed a termination liability fee in an amount equal to the recurring charges for the services included under the term agreement multiplied by the number of months remaining in their term. The termination liability will be billed in one lump sum.

Eligible Customers include those business Customers with standard business lines, PBX trunks and DID trunks. Discounted pricing plans will not be available for lines with Business Features Packages.

Customers being reacquired from a facilities-based provider must have a minimum two (2) year contract to receive discounted pricing plans.

The discount is applicable to Local Service Monthly Recurring Charges, Feature Charges and local usage.

The following services and/or charges are not eligible for discounted pricing:

Directory Assistance
Carrier Recovery Charge (PICC)

** This service can only be purchased in conjunction with Unregulated and/or Detariffed Services.*

7.5.2 Customer Retention Plans

The Company's existing Customers may be eligible for one of the following plans if they have received a competitive offer and are considering switching their business services to another provider.

A. Loyalty Discount

Customers may receive a monthly discount each year for 5 years based on continued loyalty to LDMI as their local provider. No term agreement is required for this discount. Below is a schedule of the monthly discount percentage.

- 1% monthly discount during the 1st year (applied monthly)
- 2% monthly discount during the 2nd year (applied monthly)
- 3% monthly discount during the 3rd year (applied monthly)
- 4% monthly discount during the 4th year (applied monthly)
- 5% monthly discount during the 5th year (applied monthly)

B. 20% Discount Plan

Customers may receive 20% discount off of the next one, two or three invoices based on term commitment. Customers signing a one year term agreement receive a 20% discount on the next invoice. Customers signing a two year term agreement receive a 20% discount on the next two invoices. Customers signing a three year term agreement receive a 20% discount on the next three invoices.

** This service can only be purchased in conjunction with Unregulated and/or Detariffed Services.*

7.5.3 Bringback Products

One to three of the discount plans or credits listed in Sections 7.5.1 and 7.5.2 may be available to reacquire a Customer who has previously discontinued service with LDMI.

A. \$100 Credit

Customers may receive a \$100 credit on the Customer next invoice. The Customer must have a minimum of three (3) local lines to qualify for this credit. A one, two or three year term agreement is required for this discount.

B. Month(s) Free - Local

Customers may receive one, two or three months free for local. The Customer must sign a one, two or three year term agreement for this discount. Below is a matrix of the discount and a description of the allocation method.

	Achieved By:	Term Commitment Required
One Month Free	100% discount in Customer's 13th months	One Year term commitment
Two Months Free	100% discount in Customer's 13th, and 25th months	Two Year term commitment
Three Months Free	100% discount in Customer's 13th, 25th, and 37th months	Three Year term commitment

CUSTOMER NOTICE

A copy of the Residential and Non-Residential Customers are included in this Exhibit

RESIDENTIAL CUSTOMER NOTICE

LET US TURN YOU ON

March 14, 2008

Dear Customer:

Beginning on April 2, 2008, the prices, service descriptions, and the terms and conditions for long distance services that you are provided by Cavalier Telephone (also doing business as Cavalier Business Communications and Cavalier Telephone and TV) will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. Cavalier Telephone must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in a pricing guide online at: **www.cavtel.com** or you can request a copy of this information by contacting **Cavalier Telephone at 3300 North Pace Boulevard, Pensacola, FL 32505 or by calling (800) 291-9699.**

Since long distance services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call Cavalier Telephone at toll free number **800-291-9699** or visit us at **www.cavtel.com**. You may also visit the consumer information page on the PUCO's website at **puco.ohio.gov** for further information.

Sincerely,

Cavalier Telephone
Cavalier Business Communications
Cavalier Telephone and TV

NON-RESIDENTIAL CUSTOMER NOTICE

YOUR BUSINESS. ACCELERATED.

March 14, 2008

Dear Customer:

Beginning on April 2, 2008, the prices, service descriptions, and the terms and conditions for certain telecommunication services that you are provided by LDMI Telecommunications, Inc., doing business as Cavalier Telephone, Cavalier Business Communications and Cavalier Telephone and TV will no longer be on file at the Public Utilities Commission of Ohio (PUCO) as follows:

ISDN Prime and ISDN PRI
LDMI Secure Dial 800 Service and Secure Private Dial
Integrated Access Service – Smart
Direct Inward Dial Service
Business Bundled Packages
Interexchange Long Distance Services / Message Toll Services

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. Cavalier Telephone must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in a pricing guide online at: **www.cavtel.com** or you can request a copy of this information by contacting Cavalier Telephone at **3300 North Pace Boulevard, Pensacola, FL 32505** or by calling **(888) 432-4855**.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call Cavalier Telephone at toll free number **(888) 432-4855** or visit us at **www.cavtel.com**.
