PROOF OF NOTICE

Now comes Columbia Gas of Ohio, Inc. ("Columbia") and files its Proof of Notice in compliance with the Administrative Law Judge's Entry dated April 8, 2008, in Case No. 08-0271-GA-BNR, Finding and Order in Paragraph (4). Accordingly, Columbia hereby submits the following documents as proof of notice:

1. Copy of letter addressed to Chairman of Jerome Township Trustees;
2. Copies of Letters addressed to the following individuals listed on the Board's

official service list in Case No. 08-0271-GA-BNR :

Dave Melaragno, President of American-Italian Golf Assoc.

Barbara M. Clarke

Barth Royer of Bell, Royer & Sanders Co., LPA

Re: *In the Matter of the Application of Columbia Gas of Ohio for an Amendment to its Certificate of Environmental Compatibility and Public Need for the Columbus Northwest Extension in Union County, Ohio, Ohio Power Siting Board Case No. 08-271-GA-BNR*

Dear Chairman:

On March 17, 2008, Columbia Gas of Ohio, Inc. ("Columbia") filed an Application with the Ohio Power Siting Board ("Board") to relocate certain natural gas pipeline facilities in the vicinity of Post Road and State Route 161 in Jerome Township, Union County, Ohio. A copy of the Application as filed is enclosed. On April 8, 2008, the Ohio Power Siting Board issued an Entry in the proceeding which, among other things, determined that the proposed project constituted an amendment to a Columbia pipeline construction project which was approved and granted a certificate on October 2, 1995, in Ohio Power Siting Board Case Number 94-1620-GA-BTX referred to as the Columbus Northwest Extension Project.

Since the Board has determined that Columbia's currently planned mandatory pipeline relocation project due to highway construction is effectively an amendment to the earlier certificate, the Board is requiring Columbia to provide public notice of the proposed project prior to consideration of the amendment by the Board. Therefore, as part of serving notice of the proposed project, Columbia is submitting copies of the Application as filed, along with copies of the April 8, 2008, Entry to those parties included on the Board's official service list in Case No. 94-1620-GA-BTX. Accordingly, Columbia hereby provides you with copies of these two documents on file with the Ohio Power Siting Board. Please contact me as soon as possible if you have any questions or need any additional information regarding this project.

Best regards,

Rodney W. Anderson
Attorney for Columbia Gas of Ohio, Inc.

BEFORE

THE OHIO POWER SITING BOARD

In the Matter of the Application of Columbia)
Gas of Ohio for an Amendment to its)
Certificate of Environmental Compatibility) Case No. 08-271-GA-BNR
and Public Need for the Columbus)
Northwest Extension in Union County, Ohio)

ENTRY

The administrative law judge finds:

- (1) On October 2, 1995, the Ohio Power Siting Board (Board) issued an Opinion, Order, and Certificate, in Case No. 94-1620-GA-BTX (94-1620), granting the application of Columbia Gas Of Ohio (Columbia) for a certificate for the construction of the Columbus Northwest Extension Project.
- (2) On March 17, 2008, Columbia filed a construction notice application to amend the certificate issued in 94-1620. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will rebuild and relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation.
- (3) In an investigative report filed April 8, 2008, the Board's staff stated that it had reviewed the application and had determined that the proposed project would not result in any significant adverse social or environmental impact pursuant to Rule 4906-5-10(B)(1), Ohio Administrative Code (O.A.C.).
- (4) In accordance with Rule 4906-5-10(B)(1)(b), O.A.C., Columbia shall serve a copy of the application upon such persons and parties as set forth in Rule 4906-5-10(B)(2)(a), O.A.C., to the extent not already done so. Columbia shall also give public notice in newspapers of general circulation in the area involved with the amendment within seven days of this entry, as

this is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician SM Date Processed 4/8/08

required by Section 4906.06(C) and (E), Revised Code. The notice shall read as follows:

NOTICE

Columbia Gas of Ohio has filed an application with the Ohio Power Siting Board in Case No. 08-271-GA-BNR seeking to amend a certificate of environmental compatibility and public need issued for the construction of a pipeline in Union County, Ohio. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation. More information may be obtained by contacting the offices of the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 or by reviewing a copy of the application at the main library in your area. Interested persons wishing to file objections to the proposed change may do so by filing written objections to the Ohio Power Siting Board within 10 days of this notice.

It is, therefore,

ORDERED, That Columbia serve copies of the application and give public notice in accordance with Finding 4. It is, further,

ORDERED, That a copy of this entry be served upon all interested persons of record.

Summary of Staff Recommended Conditions (see report text for discussion):

No special conditions

Projected Docket Closure Date (if approved):

August 2009

Investigation Report

Project Description: The project relocates 1600 feet of 16-inch steel high-pressure pipeline. The City of Dublin and ODOT are relocating the north bound ramps on and off of US33. Hence the intersection of Post and Hyland Roads are being modified to allow for the exit ramp. The pipeline serves the northeast sector of Columbus. The pipeline is operating under certificate Case No. 94-1620-GA-BTX and will be processed under the amendment process.

Site Description: The project is located east and parallel to Hyland Road, starting 500 feet south of Post Road and terminating 1100 feet north of Post Road. The area is open grass land to the south of Post Road and mostly farm field to the north, with the exception of one house facing Post Road. The line relocation is located in Jerome Township, Union County.

Discussion/Comments/Concerns: The construction of this project should pose minimum social and ecological impacts.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

Columbus, OH 43215-3793

RE: Columbia Gas of Ohio, Inc.
Construction Notice:
Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
PUCO Case No. 08-27/-GA-BNR

Dear Ms. Jenkins:

In accordance with Ohio Administrative Code (OAC) §4906-11-02, Columbia Gas of Ohio, Inc. (Columbia) hereby transmits one (1) original and eleven (11) copies of the enclosed proposed pipeline project known as the Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project.

The project area is approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads in Jerome Township, Union County, Ohio.

Please be advised of the following:

1. **Project Name:** Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
2. **Project Description:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT). Approximately 1,600 feet of 16-inch high pressure pipe must be relocated. The relocation starts at a location approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads (map attached).

This project meets the requirements of a Construction Notice as it falls under "rerouting or extension or new gas transmission line and associated facilities, not greater than one mile in length." (OAC 4906-1-01, Appendix B).

3. **Project Need:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT).

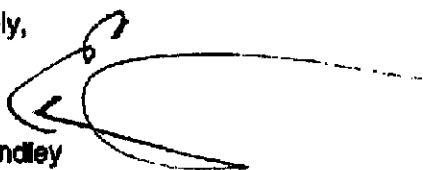

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician 5 Date Processed 3-17-08

4. **Schedule:** Construction is planned to start as early as May 15, 2008 with an expected end date of September 30, 2008.
5. **Capital Cost:** The capital cost of the Post Road/S.R. 161/U.S. 33 project is approximately \$650,000.
6. **Operating Features:** The proposed Post Road/S.R. 161/U.S. 33 project includes approximately 1,600 feet of 16-inch high pressure steel main. The maximum allowable operating pressure will be 190 PSIG, although operating pressure is planned to be approximately 135 PSIG. The project also included a regulator station and 8-inch medium pressure pipe to the opposite site of the intersection. All 16-inch high pressure mains and facilities (except road crossing) will be installed outside of public right-of-way and inside new utility easements and/or gas company easements. A map showing the pipeline route and regulator station are attached.
7. **Map and Directions:** A USGS map of the project location is attached to this Construction Notice. In order to locate the proposed site, take Interstate 70 west to exit 93, Interstate 270 north. Take exit 17B, U.S. 33 west approximately 3 miles. Take the Plain City/Post Road exit. Turn right on Post Road and travel approximately 0.1 miles to intersection with Liggett Road.

After docketing this filing, please return one time-stamped copy of the Construction Notification for our records to us in the enclosed envelope. We have provided a copy of the Construction Notification by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed project as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of the City of Dublin and Union County are enclosed for your file.

Should staff of the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (614) 460-2172.

Sincerely,

Eric Hundley

Re: *In the Matter of the Application of Columbia Gas of Ohio for an Amendment to its Certificate of Environmental Compatibility and Public Need for the Columbus Northwest Extension in Union County, Ohio, Ohio Power Siting Board Case No. 08-271-GA-BNR*

Dear Mr. Melatagno:

On March 17, 2008, Columbia Gas of Ohio, Inc. ("Columbia") filed an Application with the Ohio Power Siting Board ("Board") to relocate certain natural gas pipeline facilities in the vicinity of Post Road and State Route 161 in Jerome Township, Union County, Ohio. A copy of the Application as filed is enclosed. On April 8, 2008, the Ohio Power Siting Board issued an Entry in the proceeding which, among other things, determined that the proposed project constituted an amendment to a Columbia pipeline construction project which was approved and granted a certificate on October 2, 1995, in Ohio Power Siting Board Case Number 94-1620-GA-BTX referred to as the Columbus Northwest Extension Project.

Since the Board has determined that Columbia's currently planned mandatory pipeline relocation project due to highway construction is effectively an amendment to the earlier certificate, the Board is requiring Columbia to provide public notice of the proposed project prior to consideration of the amendment by the Board. Therefore, as part of serving notice of the proposed project, Columbia is submitting copies of the Application as filed, along with copies of the April 8, 2008, Entry to those parties included on the Board's official service list in Case No. 94-1620-GA-BTX. Accordingly, Columbia hereby provides you with copies of these two documents on file with the Ohio Power Siting Board. Please contact me as soon as possible if you have any questions or need any additional information regarding this project.

Best regards,

Rodney W. Anderson
Attorney for Columbia Gas of Ohio, Inc.

BEFORE

THE OHIO POWER SITING BOARD

In the Matter of the Application of Columbia)
Gas of Ohio for an Amendment to its)
Certificate of Environmental Compatibility) Case No. 08-271-GA-BNR
and Public Need for the Columbus)
Northwest Extension in Union County, Ohio)

ENTRY

The administrative law judge finds:

- (1) On October 2, 1995, the Ohio Power Siting Board (Board) issued an Opinion, Order, and Certificate, in Case No. 94-1620-GA-BTX (94-1620), granting the application of Columbia Gas Of Ohio (Columbia) for a certificate for the construction of the Columbus Northwest Extension Project.
- (2) On March 17, 2008, Columbia filed a construction notice application to amend the certificate issued in 94-1620. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will rebuild and relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation.
- (3) In an investigative report filed April 8, 2008, the Board's staff stated that it had reviewed the application and had determined that the proposed project would not result in any significant adverse social or environmental impact pursuant to Rule 4906-5-10(B)(1), Ohio Administrative Code (O.A.C.).
- (4) In accordance with Rule 4906-5-10(B)(1)(b), O.A.C., Columbia shall serve a copy of the application upon such persons and parties as set forth in Rule 4906-5-10(B)(2)(a), O.A.C., to the extent not already done so. Columbia shall also give public notice in newspapers of general circulation in the area involved with the amendment within seven days of this entry, as

this is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician SM Date Processed 4/8/08

required by Section 4906.06(C) and (E), Revised Code. The notice shall read as follows:

NOTICE

Columbia Gas of Ohio has filed an application with the Ohio Power Siting Board in Case No. 08-271-GA-BNR seeking to amend a certificate of environmental compatibility and public need issued for the construction of a pipeline in Union County, Ohio. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation. More information may be obtained by contacting the offices of the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 or by reviewing a copy of the application at the main library in your area. Interested persons wishing to file objections to the proposed change may do so by filing written objections to the Ohio Power Siting Board within 10 days of this notice.

It is, therefore,

ORDERED, That Columbia serve copies of the application and give public notice in accordance with Finding 4. It is, further,

ORDERED, That a copy of this entry be served upon all interested persons of record.

Projected Docket Closure Date (if approved):

August 2009

Investigation Report

Project Description: The project relocates 1600 feet of 16-inch steel high-pressure pipeline. The City of Dublin and ODOT are relocating the north bound ramps on and off of US33. Hence the intersection of Post and Hyland Roads are being modified to allow for the exit ramp. The pipeline serves the northeast sector of Columbus. The pipeline is operating under certificate Case No. 94-1620-GA-BTX and will be processed under the amendment process.

Site Description: The project is located east and parallel to Hyland Road, starting 500 feet south of Post Road and terminating 1100 feet north of Post Road. The area is open grass land to the south of Post Road and mostly farm field to the north, with the exception of one house facing Post Road. The line relocation is located in Jerome Township, Union County.

Discussion/Comments/Concerns: The construction of this project should pose minimum social and ecological impacts.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

RE: Columbia Gas of Ohio, Inc.
Construction Notice:
Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
PUCO Case No. 08-27/-GA-BNR

Dear Ms. Jenkins:

In accordance with Ohio Administrative Code (OAC) §4906-11-02, Columbia Gas of Ohio, Inc. (Columbia) hereby transmits one (1) original and eleven (11) copies of the enclosed proposed pipeline project known as the Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project.

The project area is approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads in Jerome Township, Union County, Ohio.

Please be advised of the following:

1. **Project Name:** Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
2. **Project Description:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT). Approximately 1,600 feet of 16-inch high pressure pipe must be relocated. The relocation starts at a location approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads (map attached).

This project meets the requirements of a Construction Notice at it falls under "rerouting or extension or new gas transmission line and associated facilities, not greater than one mile in length." (OAC 4906-1-01, Appendix B).

3. **Project Need:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT).

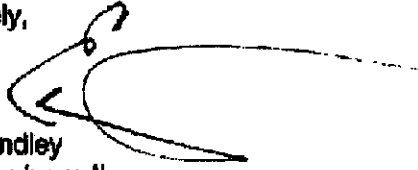

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician 5 Date Processed 3-17-08

4. **Schedule:** Construction is planned to start as early as May 15, 2008 with an expected end date of September 30, 2008.
5. **Capital Cost:** The capital cost of the Post Road/S.R. 161/U.S. 33 project is approximately \$650,000.
6. **Operating Features:** The proposed Post Road/S.R. 161/U.S. 33 project includes approximately 1,600 feet of 16-inch high pressure steel main. The maximum allowable operating pressure will be 190 PSIG, although operating pressure is planned to be approximately 135 PSIG. The project also included a regulator station and 8-inch medium pressure pipe to the opposite side of the intersection. All 16-inch high pressure mains and facilities (except road crossing) will be installed outside of public right-of-way and inside new utility easements and/or gas company easements. A map showing the pipeline route and regulator station are attached.
7. **Map and Directions:** A USGS map of the project location is attached to this Construction Notice. In order to locate the proposed site, take Interstate 70 west to exit 93, Interstate 270 north. Take exit 17B, U.S. 33 west approximately 3 miles. Take the Plain City/Post Road exit. Turn right on Post Road and travel approximately 0.1 miles to intersection with Liggett Road.

After docketing this filing, please return one time-stamped copy of the Construction Notification for our records to us in the enclosed envelope. We have provided a copy of the Construction Notification by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed project as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of the City of Dublin and Union County are enclosed for your file.

Should staff of the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (614) 460-2172.

Sincerely,

Eric Hundley

Re: *In the Matter of the Application of Columbia Gas of Ohio for an Amendment to its Certificate of Environmental Compatibility and Public Need for the Columbus Northwest Extension in Union County, Ohio,*
Ohio Power Siting Board Case No. 08-271-GA-BNR

Dear Ms. Clarke:

On March 17, 2008, Columbia Gas of Ohio, Inc. ("Columbia") filed an Application with the Ohio Power Siting Board ("Board") to relocate certain natural gas pipeline facilities in the vicinity of Post Road and State Route 161 in Jerome Township, Union County, Ohio. A copy of the Application as filed is enclosed. On April 8, 2008, the Ohio Power Siting Board issued an Entry in the proceeding which, among other things, determined that the proposed project constituted an amendment to a Columbia pipeline construction project which was approved and granted a certificate on October 2, 1995, in Ohio Power Siting Board Case Number 94-1620-GA-BTX referred to as the Columbus Northwest Extension Project.

Since the Board has determined that Columbia's currently planned mandatory pipeline relocation project due to highway construction is effectively an amendment to the earlier certificate, the Board is requiring Columbia to provide public notice of the proposed project prior to consideration of the amendment by the Board. Therefore, as part of serving notice of the proposed project, Columbia is submitting copies of the Application as filed, along with copies of the April 8, 2008, Entry to those parties included on the Board's official service list in Case No. 94-1620-GA-BTX. Accordingly, Columbia hereby provides you with copies of these two documents on file with the Ohio Power Siting Board. Please contact me as soon as possible if you have any questions or need any additional information regarding this project.

Best regards,

A handwritten signature in black ink, appearing to read "Rodney W. Anderson".

Northwest Extension in Union County, Ohio)

ENTRY

The administrative law judge finds:

- (1) On October 2, 1995, the Ohio Power Siting Board (Board) issued an Opinion, Order, and Certificate, in Case No. 94-1620-GA-BTX (94-1620), granting the application of Columbia Gas Of Ohio (Columbia) for a certificate for the construction of the Columbus Northwest Extension Project.
- (2) On March 17, 2008, Columbia filed a construction notice application to amend the certificate issued in 94-1620. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will rebuild and relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation.
- (3) In an investigative report filed April 8, 2008, the Board's staff stated that it had reviewed the application and had determined that the proposed project would not result in any significant adverse social or environmental impact pursuant to Rule 4906-5-10(B)(1), Ohio Administrative Code (O.A.C.).
- (4) In accordance with Rule 4906-5-10(B)(1)(b), O.A.C., Columbia shall serve a copy of the application upon such persons and parties as set forth in Rule 4906-5-10(B)(2)(a), O.A.C., to the extent not already done so. Columbia shall also give public notice in newspapers of general circulation in the area involved with the amendment within seven days of this entry, as

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician GM Date Processed 4/8/08

required by Section 4906.06(C) and (E), Revised Code. The notice shall read as follows:

NOTICE

Columbia Gas of Ohio has filed an application with the Ohio Power Siting Board in Case No. 08-271-GA-BNR seeking to amend a certificate of environmental compatibility and public need issued for the construction of a pipeline in Union County, Ohio. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation. More information may be obtained by contacting the offices of the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 or by reviewing a copy of the application at the main library in your area. Interested persons wishing to file objections to the proposed change may do so by filing written objections to the Ohio Power Siting Board within 10 days of this notice.

It is, therefore,

ORDERED, That Columbia serve copies of the application and give public notice in accordance with Finding 4. It is, further,

ORDERED, That a copy of this entry be served upon all interested persons of record.

Projected Docket Closure Date (if approved):

August 2009

Investigation Report

Project Description: The project relocates 1600 feet of 16-inch steel high-pressure pipeline. The City of Dublin and ODOT are relocating the north bound ramps on and off of US33. Hence the intersection of Post and Hyland Roads are being modified to allow for the exit ramp. The pipeline serves the northeast sector of Columbus. The pipeline is operating under certificate Case No. 94-1620-GA-BTX and will be processed under the amendment process.

Site Description: The project is located east and parallel to Hyland Road, starting 500 feet south of Post Road and terminating 1100 feet north of Post Road. The area is open grass land to the south of Post Road and mostly farm field to the north, with the exception of one house facing Post Road. The line relocation is located in Jerome Township, Union County.

Discussion/Comments/Concerns: The construction of this project should pose minimum social and ecological impacts.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

RE: Columbia Gas of Ohio, Inc.
Construction Notice:
Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
PUCO Case No. 08-277-GA-BNR

Dear Ms. Jenkins:

In accordance with Ohio Administrative Code (OAC) §4906-11-02, Columbia Gas of Ohio, Inc. (Columbia) hereby transmits one (1) original and eleven (11) copies of the enclosed proposed pipeline project known as the Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project.

The project area is approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads in Jerome Township, Union County, Ohio.

Please be advised of the following:

1. **Project Name:** Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
2. **Project Description:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT). Approximately 1,600 feet of 16-inch high pressure pipe must be relocated. The relocation starts at a location approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads (map attached).

This project meets the requirements of a Construction Notice at it falls under "rerouting or extension or new gas transmission line and associated facilities, not greater than one mile in length." (OAC 4906-1-01, Appendix B).

3. **Project Need:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT).

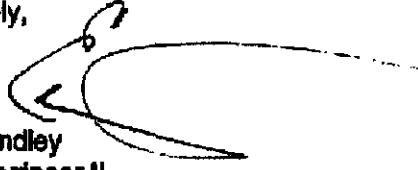

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician Date Processed 3.17.08

4. **Schedule:** Construction is planned to start as early as May 15, 2008 with an expected end date of September 30, 2008.
5. **Capital Cost:** The capital cost of the Post Road/S.R. 161/U.S. 33 project is approximately \$650,000.
6. **Operating Features:** The proposed Post Road/S.R. 161/U.S. 33 project includes approximately 1,600 feet of 16-inch high pressure steel main. The maximum allowable operating pressure will be 180 PSIG, although operating pressure is planned to be approximately 135 PSIG. The project also included a regulator station and 8-inch medium pressure pipe to the opposite site of the intersection. All 16-inch high pressure mains and facilities (except road crossing) will be installed outside of public right-of-way and inside new utility easements and/or gas company easements. A map showing the pipeline route and regulator station are attached.
7. **Map and Directions:** A USGS map of the project location is attached to this Construction Notice. In order to locate the proposed site, take Interstate 70 west to exit 93, Interstate 270 north. Take exit 17B, U.S. 33 west approximately 3 miles. Take the Plain City/Post Road exit. Turn right on Post Road and travel approximately 0.1 miles to intersection with Liggett Road.

After docketing this filing, please return one time-stamped copy of the Construction Notification for our records to us in the enclosed envelope. We have provided a copy of the Construction Notification by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed project as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of the City of Dublin and Union County are enclosed for your file.

Should staff of the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (614) 460-2172.

Sincerely,

Eric Hundley

Re: *In the Matter of the Application of Columbia Gas of Ohio for an Amendment to its Certificate of Environmental Compatibility and Public Need for the Columbus Northwest Extension in Union County, Ohio,*
Ohio Power Siting Board Case No. 08-271-GA-BNR

Dear Mr. Royer:

On March 17, 2008, Columbia Gas of Ohio, Inc. ("Columbia") filed an Application with the Ohio Power Siting Board ("Board") to relocate certain natural gas pipeline facilities in the vicinity of Post Road and State Route 161 in Jerome Township, Union County, Ohio. A copy of the Application as filed is enclosed. On April 8, 2008, the Ohio Power Siting Board issued an Entry in the proceeding which, among other things, determined that the proposed project constituted an amendment to a Columbia pipeline construction project which was approved and granted a certificate on October 2, 1995, in Ohio Power Siting Board Case Number 94-1620-GA-BTX referred to as the Columbus Northwest Extension Project.

Since the Board has determined that Columbia's currently planned mandatory pipeline relocation project due to highway construction is effectively an amendment to the earlier certificate, the Board is requiring Columbia to provide public notice of the proposed project prior to consideration of the amendment by the Board. Therefore, as part of serving notice of the proposed project, Columbia is submitting copies of the Application as filed, along with copies of the April 8, 2008, Entry to those parties included on the Board's official service list in Case No. 94-1620-GA-BTX. Accordingly, Columbia hereby provides you with copies of these two documents on file with the Ohio Power Siting Board. Please contact me as soon as possible if you have any questions or need any additional information regarding this project.

Best regards,

Rodney W. Anderson

Attorney for Columbia Gas of Ohio, Inc.

Voice: 614-460-4645

Fax: 614-460-6986

Email: rwander@nisource.com

BEFORE

THE OHIO POWER SITING BOARD

In the Matter of the Application of Columbia)
Gas of Ohio for an Amendment to its)
Certificate of Environmental Compatibility) Case No. 08-271-GA-BNR
and Public Need for the Columbus)
Northwest Extension in Union County, Ohio)

ENTRY

The administrative law judge finds:

- (1) On October 2, 1995, the Ohio Power Siting Board (Board) issued an Opinion, Order, and Certificate, in Case No. 94-1620-GA-BTX (94-1620), granting the application of Columbia Gas Of Ohio (Columbia) for a certificate for the construction of the Columbus Northwest Extension Project.
- (2) On March 17, 2008, Columbia filed a construction notice application to amend the certificate issued in 94-1620. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will rebuild and relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation.
- (3) In an investigative report filed April 8, 2008, the Board's staff stated that it had reviewed the application and had determined that the proposed project would not result in any significant adverse social or environmental impact pursuant to Rule 4906-5-10(B)(1), Ohio Administrative Code (O.A.C.).
- (4) In accordance with Rule 4906-5-10(B)(1)(b), O.A.C., Columbia shall serve a copy of the application upon such persons and parties as set forth in Rule 4906-5-10(B)(2)(a), O.A.C., to the extent not already done so. Columbia shall also give public notice in newspapers of general circulation in the area involved with the amendment within seven days of this entry, as

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician Erin Date Processed 4/8/08

required by Section 4906.06(C) and (E), Revised Code. The notice shall read as follows:

NOTICE

Columbia Gas of Ohio has filed an application with the Ohio Power Siting Board in Case No. 08-271-GA-BNR seeking to amend a certificate of environmental compatibility and public need issued for the construction of a pipeline in Union County, Ohio. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation. More information may be obtained by contacting the offices of the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 or by reviewing a copy of the application at the main library in your area. Interested persons wishing to file objections to the proposed change may do so by filing written objections to the Ohio Power Siting Board within 10 days of this notice.

It is, therefore,

ORDERED, That Columbia serve copies of the application and give public notice in accordance with Finding 4. It is, further,

ORDERED, That a copy of this entry be served upon all interested persons of record.

Projected Docket Closure Date (if approved):

August 2009

Investigation Report

Project Description: The project relocates 1600 feet of 16-inch steel high-pressure pipeline. The City of Dublin and ODOT are relocating the north bound ramps on and off of US33. Hence the intersection of Post and Hyland Roads are being modified to allow for the exit ramp. The pipeline serves the northeast sector of Columbus. The pipeline is operating under certificate Case No. 94-1620-GA-BTX and will be processed under the amendment process.

Site Description: The project is located east and parallel to Hyland Road, starting 500 feet south of Post Road and terminating 1100 feet north of Post Road. The area is open grass land to the south of Post Road and mostly farm field to the north, with the exception of one house facing Post Road. The line relocation is located in Jerome Township, Union County.

Discussion/Comments/Concerns: The construction of this project should pose minimum social and ecological impacts.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

RE: Columbia Gas of Ohio, Inc.
Construction Notice:
Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
PUCO Case No. 08-27/-GA-BNR

Dear Ms. Jenkins:

In accordance with Ohio Administrative Code (OAC) §4906-11-02, Columbia Gas of Ohio, Inc. (Columbia) hereby transmits one (1) original and eleven (11) copies of the enclosed proposed pipeline project known as the Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project.

The project area is approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads in Jerome Township, Union County, Ohio.

Please be advised of the following:

1. **Project Name:** Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
2. **Project Description:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT). Approximately 1,600 feet of 16-inch high pressure pipe must be relocated. The relocation starts at a location approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads (map attached).

This project meets the requirements of a Construction Notice as it falls under "rerouting or extension or new gas transmission line and associated facilities, not greater than one mile in length." (OAC 4906-1-01, Appendix B).

3. **Project Need:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT).

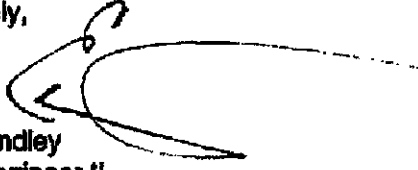

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician _____ Date Processed - 3-17-08

4. **Schedule:** Construction is planned to start as early as May 15, 2008 with an expected end date of September 30, 2008.
5. **Capital Cost:** The capital cost of the Post Road/S.R. 161/U.S. 33 project is approximately \$650,000.
6. **Operating Features:** The proposed Post Road/S.R. 161/U.S. 33 project includes approximately 1,600 feet of 16-inch high pressure steel main. The maximum allowable operating pressure will be 190 PSIG, although operating pressure is planned to be approximately 135 PSIG. The project also included a regulator station and 8-inch medium pressure pipe to the opposite side of the intersection. All 16-inch high pressure mains and facilities (except road crossing) will be installed outside of public right-of-way and inside new utility easements and/or gas company easements. A map showing the pipeline route and regulator station are attached.
7. **Map and Directions:** A USGS map of the project location is attached to this Construction Notice. In order to locate the proposed site, take Interstate 70 west to exit 93, Interstate 270 north. Take exit 17B, U.S. 33 west approximately 3 miles. Take the Plain City/Post Road exit. Turn right on Post Road and travel approximately 0.1 miles to intersection with Liggett Road.

After docketing this filing, please return one time-stamped copy of the Construction Notification for our records to us in the enclosed envelope. We have provided a copy of the Construction Notification by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed project as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of the City of Dublin and Union County are enclosed for your file.

Should staff of the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (614) 460-2172.

Sincerely,

Eric Hundley

Re: *In the Matter of the Application of Columbia Gas of Ohio for an Amendment to its Certificate of Environmental Compatibility and Public Need for the Columbus Northwest Extension in Union County, Ohio, Ohio Power Siting Board Case No. 08-271-GA-BNR*

Dear Mr. McClary:

On March 17, 2008, Columbia Gas of Ohio, Inc. ("Columbia") filed an Application with the Ohio Power Siting Board ("Board") to relocate certain natural gas pipeline facilities in the vicinity of Post Road and State Route 161 in Jerome Township, Union County, Ohio. A copy of the Application as filed is enclosed. On April 8, 2008, the Ohio Power Siting Board issued an Entry in the proceeding which, among other things, determined that the proposed project constituted an amendment to a Columbia pipeline construction project which was approved and granted a certificate on October 2, 1995, in Ohio Power Siting Board Case Number 94-1620-GA-BTX referred to as the Columbus Northwest Extension Project.

Since the Board has determined that Columbia's currently planned mandatory pipeline relocation project due to highway construction is effectively an amendment to the earlier certificate, the Board is requiring Columbia to provide public notice of the proposed project prior to consideration of the amendment by the Board. Therefore, as part of serving notice of the proposed project, Columbia is submitting copies of the Application as filed, along with copies of the April 8, 2008, Entry to those parties included on the Board's official service list in Case No. 94-1620-GA-BTX. Accordingly, Columbia hereby provides you with copies of these two documents on file with the Ohio Power Siting Board. Please contact me as soon as possible if you have any questions or need any additional information regarding this project.

Best regards,

Rodney W. Anderson

Attorney for Columbia Gas of Ohio, Inc.

Voice: 614-460-4645

Fax: 614-460-6986

BEFORE

THE OHIO POWER SITING BOARD

In the Matter of the Application of Columbia)
Gas of Ohio for an Amendment to its)
Certificate of Environmental Compatibility) Case No. 08-271-GA-BNR
and Public Need for the Columbus)
Northwest Extension in Union County, Ohio)

ENTRY

The administrative law judge finds:

- (1) On October 2, 1995, the Ohio Power Siting Board (Board) issued an Opinion, Order, and Certificate, in Case No. 94-1620-GA-BTX (94-1620), granting the application of Columbia Gas Of Ohio (Columbia) for a certificate for the construction of the Columbus Northwest Extension Project.
- (2) On March 17, 2008, Columbia filed a construction notice application to amend the certificate issued in 94-1620. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will rebuild and relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation.
- (3) In an investigative report filed April 8, 2008, the Board's staff stated that it had reviewed the application and had determined that the proposed project would not result in any significant adverse social or environmental impact pursuant to Rule 4906-5-10(B)(1), Ohio Administrative Code (O.A.C.).
- (4) In accordance with Rule 4906-5-10(B)(1)(b), O.A.C., Columbia shall serve a copy of the application upon such persons and parties as set forth in Rule 4906-5-10(B)(2)(a), O.A.C., to the extent not already done so. Columbia shall also give public notice in newspapers of general circulation in the area involved with the amendment within seven days of this entry, as

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician GM Date Processed 4/8/08

required by Section 4906.06(C) and (E), Revised Code. The notice shall read as follows:

NOTICE

Columbia Gas of Ohio has filed an application with the Ohio Power Siting Board in Case No. 08-271-GA-BNR seeking to amend a certificate of environmental compatibility and public need issued for the construction of a pipeline in Union County, Ohio. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation. More information may be obtained by contacting the offices of the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 or by reviewing a copy of the application at the main library in your area. Interested persons wishing to file objections to the proposed change may do so by filing written objections to the Ohio Power Siting Board within 10 days of this notice.

It is, therefore,

ORDERED, That Columbia serve copies of the application and give public notice in accordance with Finding 4. It is, further,

ORDERED, That a copy of this entry be served upon all interested persons of record.

Investigation Report

Project Description: The project relocates 1600 feet of 16-inch steel high-pressure pipeline. The City of Dublin and ODOT are relocating the north bound ramps on and off of US33. Hence the intersection of Post and Hyland Roads are being modified to allow for the exit ramp. The pipeline serves the northeast sector of Columbus. The pipeline is operating under certificate Case No. 94-1620-GA-BTX and will be processed under the amendment process.

Site Description: The project is located east and parallel to Hyland Road, starting 500 feet south of Post Road and terminating 1100 feet north of Post Road. The area is open grass land to the south of Post Road and mostly farm field to the north, with the exception of one house facing Post Road. The line relocation is located in Jerome Township, Union County.

Discussion/Comments/Concerns: The construction of this project should pose minimum social and ecological impacts.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

RE: Columbia Gas of Ohio, Inc.
Construction Notice:
Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
PUCO Case No. 08-27/-GA-BNR

Dear Ms. Jenkins:

In accordance with Ohio Administrative Code (OAC) §4906-11-02, Columbia Gas of Ohio, Inc. (Columbia) hereby transmits one (1) original and eleven (11) copies of the enclosed proposed pipeline project known as the Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project.

The project area is approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads in Jerome Township, Union County, Ohio.

Please be advised of the following:

1. **Project Name:** Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
2. **Project Description:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT). Approximately 1,600 feet of 16-inch high pressure pipe must be relocated. The relocation starts at a location approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads (map attached).

This project meets the requirements of a Construction Notice at it falls under "rerouting or extension or new gas transmission line and associated facilities, not greater than one mile in length." (OAC 4906-1-01, Appendix B).

3. **Project Need:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT).

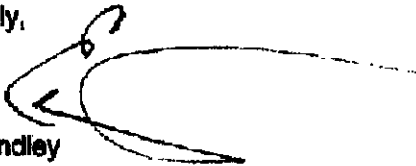

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business
Technician _____ Date Processed 3-17-08

4. **Schedule:** Construction is planned to start as early as May 15, 2008 with an expected end date of September 30, 2008.
5. **Capital Cost:** The capital cost of the Post Road/S.R. 161/U.S. 33 project is approximately \$850,000.
6. **Operating Features:** The proposed Post Road/S.R. 161/U.S. 33 project includes approximately 1,600 feet of 16-inch high pressure steel main. The maximum allowable operating pressure will be 190 PSIG, although operating pressure is planned to be approximately 135 PSIG. The project also included a regulator station and 8-inch medium pressure pipe to the opposite site of the intersection. All 16-inch high pressure mains and facilities (except road crossing) will be installed outside of public right-of-way and inside new utility easements and/or gas company easements. A map showing the pipeline route and regulator station are attached.
7. **Map and Directions:** A USGS map of the project location is attached to this Construction Notice. In order to locate the proposed site, take Interstate 70 west to exit 93, Interstate 270 north. Take exist 17B, U.S. 33 west approximately 3 miles. Take the Plain City/Post Road exit. Turn right on Post Road and travel approximately 0.1 miles to intersection with Liggett Road.

After docketing this filing, please return one time-stamped copy of the Construction Notification for our records to us in the enclosed envelope. We have provided a copy of the Construction Notification by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed project as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of the City of Dublin and Union County are enclosed for your file.

Should staff of the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (614) 460-2172.

Sincerely,

Eric Hundley

Amlin, OH 43002-8717

Re: *In the Matter of the Application of Columbia Gas of Ohio for an Amendment to its Certificate of Environmental Compatibility and Public Need for the Columbus Northwest Extension in Union County, Ohio, Ohio Power Siting Board Case No. 08-271-GA-BNR*

Dear Ms. Antonopolis:

On March 17, 2008, Columbia Gas of Ohio, Inc. ("Columbia") filed an Application with the Ohio Power Siting Board ("Board") to relocate certain natural gas pipeline facilities in the vicinity of Post Road and State Route 161 in Jerome Township, Union County, Ohio. A copy of the Application as filed is enclosed. On April 8, 2008, the Ohio Power Siting Board issued an Entry in the proceeding which, among other things, determined that the proposed project constituted an amendment to a Columbia pipeline construction project which was approved and granted a certificate on October 2, 1995, in Ohio Power Siting Board Case Number 94-1620-GA-BTX referred to as the Columbus Northwest Extension Project.

Since the Board has determined that Columbia's currently planned mandatory pipeline relocation project due to highway construction is effectively an amendment to the earlier certificate, the Board is requiring Columbia to provide public notice of the proposed project prior to consideration of the amendment by the Board. Therefore, as part of serving notice of the proposed project, Columbia is submitting copies of the Application as filed, along with copies of the April 8, 2008, Entry to those parties included on the Board's official service list in Case No. 94-1620-GA-BTX. Accordingly, Columbia hereby provides you with copies of these two documents on file with the Ohio Power Siting Board. Please contact me as soon as possible if you have any questions or need any additional information regarding this project.

Best regards,

Rodney W. Anderson
Attorney for Columbia Gas of Ohio, Inc.

BEFORE

THE OHIO POWER SITING BOARD

In the Matter of the Application of Columbia)
Gas of Ohio for an Amendment to its)
Certificate of Environmental Compatibility) Case No. 08-271-GA-BNR
and Public Need for the Columbus)
Northwest Extension in Union County, Ohio)

ENTRY

The administrative law judge finds:

- (1) On October 2, 1995, the Ohio Power Siting Board (Board) issued an Opinion, Order, and Certificate, in Case No. 94-1620-GA-BTX (94-1620), granting the application of Columbia Gas Of Ohio (Columbia) for a certificate for the construction of the Columbus Northwest Extension Project.
- (2) On March 17, 2008, Columbia filed a construction notice application to amend the certificate issued in 94-1620. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will rebuild and relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation.
- (3) In an investigative report filed April 8, 2008, the Board's staff stated that it had reviewed the application and had determined that the proposed project would not result in any significant adverse social or environmental impact pursuant to Rule 4906-5-10(B)(1), Ohio Administrative Code (O.A.C.).
- (4) In accordance with Rule 4906-5-10(B)(1)(b), O.A.C., Columbia shall serve a copy of the application upon such persons and parties as set forth in Rule 4906-5-10(B)(2)(a), O.A.C., to the extent not already done so. Columbia shall also give public notice in newspapers of general circulation in the area involved with the amendment within seven days of this entry, as

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician GM Date Processed 4/8/08

required by Section 4906.06(C) and (E), Revised Code. The notice shall read as follows:

NOTICE

Columbia Gas of Ohio has filed an application with the Ohio Power Siting Board in Case No. 08-271-GA-BNR seeking to amend a certificate of environmental compatibility and public need issued for the construction of a pipeline in Union County, Ohio. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation. More information may be obtained by contacting the offices of the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 or by reviewing a copy of the application at the main library in your area. Interested persons wishing to file objections to the proposed change may do so by filing written objections to the Ohio Power Siting Board within 10 days of this notice.

It is, therefore,

ORDERED, That Columbia serve copies of the application and give public notice in accordance with Finding 4. It is, further,

ORDERED, That a copy of this entry be served upon all interested persons of record.

August 2009

Investigation Report

Project Description: The project relocates 1600 feet of 16-inch steel high-pressure pipeline. The City of Dublin and ODOT are relocating the north bound ramps on and off of US33. Hence the intersection of Post and Hyland Roads are being modified to allow for the exit ramp. The pipeline serves the northeast sector of Columbus. The pipeline is operating under certificate Case No. 94-1620-GA-BTX and will be processed under the amendment process.

Site Description: The project is located east and parallel to Hyland Road, starting 500 feet south of Post Road and terminating 1100 feet north of Post Road. The area is open grass land to the south of Post Road and mostly farm field to the north, with the exception of one house facing Post Road. The line relocation is located in Jerome Township, Union County.

Discussion/Comments/Concerns: The construction of this project should pose minimum social and ecological impacts.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

RE: Columbia Gas of Ohio, Inc.
Construction Notice:
Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
PUCO Case No. 08-27/-GA-BNR

Dear Ms. Jenkins:

In accordance with Ohio Administrative Code (OAC) §4906-11-02, Columbia Gas of Ohio, Inc. (Columbia) hereby transmits one (1) original and eleven (11) copies of the enclosed proposed pipeline project known as the Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project.

The project area is approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads in Jerome Township, Union County, Ohio.

Please be advised of the following:

1. **Project Name:** Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
2. **Project Description:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT). Approximately 1,600 feet of 16-inch high pressure pipe must be relocated. The relocation starts at a location approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads (map attached).

This project meets the requirements of a Construction Notice as it falls under "rerouting or extension or new gas transmission line and associated facilities, not greater than one mile in length." (OAC 4906-1-01, Appendix B).

3. **Project Need:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT).

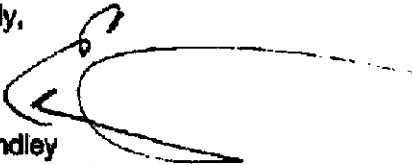

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician _____ Date Processed 3-17-08

4. **Schedule:** Construction is planned to start as early as May 15, 2008 with an expected end date of September 30, 2008.
5. **Capital Cost:** The capital cost of the Post Road/S.R. 161/U.S. 33 project is approximately \$650,000.
6. **Operating Features:** The proposed Post Road/S.R. 161/U.S. 33 project includes approximately 1,600 feet of 16-inch high pressure steel main. The maximum allowable operating pressure will be 190 PSIG, although operating pressure is planned to be approximately 135 PSIG. The project also included a regulator station and 8-inch medium pressure pipe to the opposite site of the intersection. All 16-inch high pressure mains and facilities (except road crossing) will be installed outside of public right-of-way and inside new utility easements and/or gas company easements. A map showing the pipeline route and regulator station are attached.
7. **Map and Directions:** A USGS map of the project location is attached to this Construction Notice. In order to locate the proposed site, take Interstate 70 west to exit 93, Interstate 270 north. Take exist 17B, U.S. 33 west approximately 3 miles. Take the Plain City/Post Road extd. Turn right on Post Road and travel approximately 0.1 miles to intersection with Liggett Road.

After docketing this filing, please return one time-stamped copy of the Construction Notification for our records to us in the enclosed envelope. We have provided a copy of the Construction Notification by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed project as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of the City of Dublin and Union County are enclosed for your file.

Should staff of the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (614) 480-2172.

Sincerely,

Eric Hundley

BEFORE

THE OHIO POWER SITING BOARD

In the Matter of the Application of Columbia)
Gas of Ohio for an Amendment to its)
Certificate of Environmental Compatibility) Case No. 08-271-GA-BNR
and Public Need for the Columbus)
Northwest Extension in Union County, Ohio)

ENTRY

The administrative law judge finds:

- (1) On October 2, 1995, the Ohio Power Siting Board (Board) issued an Opinion, Order, and Certificate, in Case No. 94-1620-GA-BTX (94-1620), granting the application of Columbia Gas Of Ohio (Columbia) for a certificate for the construction of the Columbus Northwest Extension Project.
- (2) On March 17, 2008, Columbia filed a construction notice application to amend the certificate issued in 94-1620. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will rebuild and relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation.
- (3) In an investigative report filed April 8, 2008, the Board's staff stated that it had reviewed the application and had determined that the proposed project would not result in any significant adverse social or environmental impact pursuant to Rule 4906-5-10(B)(1), Ohio Administrative Code (O.A.C.).
- (4) In accordance with Rule 4906-5-10(B)(1)(b), O.A.C., Columbia shall serve a copy of the application upon such persons and parties as set forth in Rule 4906-5-10(B)(2)(a), O.A.C., to the extent not already done so. Columbia shall also give public notice in newspapers of general circulation in the area involved with the amendment within seven days of this entry, as

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician SM Date Processed 4/8/08

required by Section 4906.06(C) and (E), Revised Code. The notice shall read as follows:

NOTICE

Columbia Gas of Ohio has filed an application with the Ohio Power Siting Board in Case No. 08-271-GA-BNR seeking to amend a certificate of environmental compatibility and public need issued for the construction of a pipeline in Union County, Ohio. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation. More information may be obtained by contacting the offices of the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 or by reviewing a copy of the application at the main library in your area. Interested persons wishing to file objections to the proposed change may do so by filing written objections to the Ohio Power Siting Board within 10 days of this notice.

It is, therefore,

ORDERED, That Columbia serve copies of the application and give public notice in accordance with Finding 4. It is, further,

ORDERED, That a copy of this entry be served upon all interested persons of record.

Projected Docket Closure Date (if approved):

August 2009

Investigation Report

Project Description: The project relocates 1600 feet of 16-inch steel high-pressure pipeline. The City of Dublin and ODOT are relocating the north bound ramps on and off of US33. Hence the intersection of Post and Hyland Roads are being modified to allow for the exit ramp. The pipeline serves the northeast sector of Columbus. The pipeline is operating under certificate Case No. 94-1620-GA-BTX and will be processed under the amendment process.

Site Description: The project is located east and parallel to Hyland Road, starting 500 feet south of Post Road and terminating 1100 feet north of Post Road. The area is open grass land to the south of Post Road and mostly farm field to the north, with the exception of one house facing Post Road. The line relocation is located in Jerome Township, Union County.

Discussion/Comments/Concerns: The construction of this project should pose minimum social and ecological impacts.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

RE: Columbia Gas of Ohio, Inc.
Construction Notice:
Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
PUCO Case No. 08-27/-GA-BNR

Dear Ms. Jenkins:

In accordance with Ohio Administrative Code (OAC) §4906-11-02, Columbia Gas of Ohio, Inc. (Columbia) hereby transmits one (1) original and eleven (11) copies of the enclosed proposed pipeline project known as the Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project.

The project area is approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads in Jerome Township, Union County, Ohio.

Please be advised of the following:

1. **Project Name:** Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
2. **Project Description:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT). Approximately 1,600 feet of 16-inch high pressure pipe must be relocated. The relocation starts at a location approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads (map attached).

This project meets the requirements of a Construction Notice as it falls under "rerouting or extension or new gas transmission line and associated facilities, not greater than one mile in length." (OAC 4906-1-01, Appendix B).

3. **Project Need:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT).

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician Date Processed 3-17-08

4. **Schedule:** Construction is planned to start as early as May 15, 2008 with an expected end date of September 30, 2008.
5. **Capital Cost:** The capital cost of the Post Road/S.R. 161/U.S. 33 project is approximately \$850,000.
6. **Operating Features:** The proposed Post Road/S.R. 161/U.S. 33 project includes approximately 1,600 feet of 16-inch high pressure steel main. The maximum allowable operating pressure will be 190 PSIG, although operating pressure is planned to be approximately 135 PSIG. The project also included a regulator station and 8-inch medium pressure pipe to the opposite side of the intersection. All 16-inch high pressure mains and facilities (except road crossing) will be installed outside of public right-of-way and inside new utility easements and/or gas company easements. A map showing the pipeline route and regulator station are attached.
7. **Map and Directions:** A USGS map of the project location is attached to this Construction Notice. In order to locate the proposed site, take Interstate 70 west to exit 93, Interstate 270 north. Take exit 17B, U.S. 33 west approximately 3 miles. Take the Plain City/Post Road exit. Turn right on Post Road and travel approximately 0.1 miles to intersection with Liggett Road.

After docketing this filing, please return one time-stamped copy of the Construction Notification for our records to us in the enclosed envelope. We have provided a copy of the Construction Notification by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed project as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of the City of Dublin and Union County are enclosed for your file.

Should staff of the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (614) 460-2172.

Sincerely,

Eric Hundley

Dear Mr. Lee:

Re: Columbia Gas of Ohio, Inc.
Construction Notice:
Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project

Please find enclosed a copy of the Construction Notice that Columbia Gas of Ohio sent to the Ohio Power Siting Board regarding the above mentioned project. Approximately 1,600 feet of 16-inch high pressure pipe must be relocated. The relocation starts at a location approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads.

In accordance with Ohio Administrative Code (OAC) 4906-1-01 Appendix B, we are required to prepare this Construction Notice for the Ohio Power Siting Board and in compliance with OAC 4906-11-02(B), we are hereby providing you with a copy. Please feel free to call me at (614) 460-2172 if you have any questions about this project.

Sincerely,

Eric Hundley

BEFORE

THE OHIO POWER SITING BOARD

In the Matter of the Application of Columbia)
Gas of Ohio for an Amendment to its)
Certificate of Environmental Compatibility) Case No. 08-271-GA-BNR
and Public Need for the Columbus)
Northwest Extension in Union County, Ohio)

ENTRY

The administrative law judge finds:

- (1) On October 2, 1995, the Ohio Power Siting Board (Board) issued an Opinion, Order, and Certificate, in Case No. 94-1620-GA-BTX (94-1620), granting the application of Columbia Gas Of Ohio (Columbia) for a certificate for the construction of the Columbus Northwest Extension Project.
- (2) On March 17, 2008, Columbia filed a construction notice application to amend the certificate issued in 94-1620. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will rebuild and relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Ligget and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation.
- (3) In an investigative report filed April 8, 2008, the Board's staff stated that it had reviewed the application and had determined that the proposed project would not result in any significant adverse social or environmental impact pursuant to Rule 4906-5-10(B)(1), Ohio Administrative Code (O.A.C.).
- (4) In accordance with Rule 4906-5-10(B)(1)(b), O.A.C., Columbia shall serve a copy of the application upon such persons and parties as set forth in Rule 4906-5-10(B)(2)(a), O.A.C., to the extent not already done so. Columbia shall also give public notice in newspapers of general circulation in the area involved with the amendment within seven days of this entry, as

this is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician SM Date Processed 4/8/08

required by Section 4906.06(C) and (E), Revised Code. The notice shall read as follows:

NOTICE

Columbia Gas of Ohio has filed an application with the Ohio Power Siting Board in Case No. 08-271-GA-BNR seeking to amend a certificate of environmental compatibility and public need issued for the construction of a pipeline in Union County, Ohio. The proposed amendment is to relocate a portion of the original line, what is being called Post Road/S.R. 161/U.S. Mandatory Relocation Project. The project is located in Union County, at Post and Hyland Roads in Jerome Township. The project will relocate 1,600 feet of 16-inch high pressure pipe starting at a location approximately 500 feet south of Post Road and terminating at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads to accommodate a request of the City of Dublin and the Ohio Department of Transportation. More information may be obtained by contacting the offices of the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 or by reviewing a copy of the application at the main library in your area. Interested persons wishing to file objections to the proposed change may do so by filing written objections to the Ohio Power Siting Board within 10 days of this notice.

It is, therefore,

ORDERED, That Columbia serve copies of the application and give public notice in accordance with Finding 4. It is, further,

ORDERED, That a copy of this entry be served upon all interested persons of record.

Projected Docket Closure Date (if approved):

August 2009

Investigation Report

Project Description: The project relocates 1600 feet of 16-inch steel high-pressure pipeline. The City of Dublin and ODOT are relocating the north bound ramps on and off of US33. Hence the intersection of Post and Hyland Roads are being modified to allow for the exit ramp. The pipeline serves the northeast sector of Columbus. The pipeline is operating under certificate Case No. 94-1620-GA-BTX and will be processed under the amendment process.

Site Description: The project is located east and parallel to Hyland Road, starting 500 feet south of Post Road and terminating 1100 feet north of Post Road. The area is open grass land to the south of Post Road and mostly farm field to the north, with the exception of one house facing Post Road. The line relocation is located in Jerome Township, Union County.

Discussion/Comments/Concerns: The construction of this project should pose minimum social and ecological impacts.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

RE: Columbia Gas of Ohio, Inc.
Construction Notice:
Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
PUCO Case No. 08-27/-GA-BNR

Dear Ms. Jenkins:

In accordance with Ohio Administrative Code (OAC) §4906-11-02, Columbia Gas of Ohio, Inc. (Columbia) hereby transmits one (1) original and eleven (11) copies of the enclosed proposed pipeline project known as the Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project.

The project area is approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads in Jerome Township, Union County, Ohio.

Please be advised of the following:

1. **Project Name:** Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project
2. **Project Description:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT). Approximately 1,600 feet of 18-inch high pressure pipe must be relocated. The relocation starts at a location approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads (map attached).

This project meets the requirements of a Construction Notice as it falls under "rerouting or extension or new gas transmission line and associated facilities, not greater than one mile in length." (OAC 4906-1-01, Appendix B).

3. **Project Need:** This project is a mandatory relocation project requested by the City of Dublin and the Ohio Department of Transportation (ODOT).

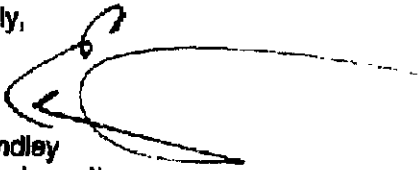

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
Technician 5 Date Processed 3-17-08

4. **Schedule:** Construction is planned to start as early as May 15, 2008 with an expected end date of September 30, 2008.
5. **Capital Cost:** The capital cost of the Post Road/S.R. 161/U.S. 33 project is approximately \$650,000.
6. **Operating Features:** The proposed Post Road/S.R. 161/U.S. 33 project includes approximately 1,600 feet of 16-inch high pressure steel main. The maximum allowable operating pressure will be 190 PSIG, although operating pressure is planned to be approximately 135 PSIG. The project also included a regulator station and 8-inch medium pressure pipe to the opposite site of the intersection. All 16-inch high pressure mains and facilities (except road crossing) will be installed outside of public right-of-way and inside new utility easements and/or gas company easements. A map showing the pipeline route and regulator station are attached.
7. **Map and Directions:** A USGS map of the project location is attached to this Construction Notice. In order to locate the proposed site, take Interstate 70 west to exit 93, Interstate 270 north. Take exit 17B, U.S. 33 west approximately 3 miles. Take the Plain City/Post Road exit. Turn right on Post Road and travel approximately 0.1 miles to intersection with Liggett Road.

After docketing this filing, please return one time-stamped copy of the Construction Notification for our records to us in the enclosed envelope. We have provided a copy of the Construction Notification by certified mail, with return receipt requested, to each official of the political subdivisions immediately affected by the proposed project as listed in the attached Exhibit 1. Copies of the transmittal letters addressed to the local government representatives of the City of Dublin and Union County are enclosed for your file.

Should staff of the Ohio Power Siting Board desire further information or discussion of this submittal, please contact me at (614) 460-2172.

Sincerely,

Eric Hundley

Mr. Gary Lee
Commissioner, Union County
233 West 6th Street
Marysville, OH 43040

Dear Mr. Lee:

Re: Columbia Gas of Ohio, Inc.
Construction Notice:
Post Road/S.R. 161/U.S. 33 Mandatory Relocation Project

Please find enclosed a copy of the Construction Notice that Columbia Gas of Ohio sent to the Ohio Power Siting Board regarding the above mentioned project. Approximately 1,600 feet of 16-inch high pressure pipe must be relocated. The relocation starts at a location approximately 500 feet south of Post Road, and terminates at a location approximately 1,100 feet north of Post Road along Liggett and Hyland Croy Roads.

In accordance with Ohio Administrative Code (OAC) 4906-1-01 Appendix B, we are required to prepare this Construction Notice for the Ohio Power Siting Board and in compliance with OAC 4906-11-02(B), we are hereby providing you with a copy. Please feel free to call me at (614) 460-2172 if you have any questions about this project.

Sincerely,

Eric Hundley
