Public Utilities Commission of Ohio

Ohio American Water is seeking another raise. I think flat rate is unfair, a family of one or two persons will not use the amount of water a family of four to six would use.

Ohio American Water went to great expense of putting meter boxes in the ground (about 1 yr ago) still no meters. What's the point?

It seems to me with mutual agreement with Sewer Co. and Water Co. the same meter could be used.

Willing to pay our share, but we've paid flat rate long enough, the Water Co. should have some reserve build up

Thank you
Fred + Ethel Wolff
