EXPLANATION OF SYMBOLS

The following are the only symbols used for the purposes indicated below:

- D** - Delete or Discontinue
- I** - Change Resulting In An Increase to A Customer's Bill
- M** - Moved From Another Tariff Location
- N** - New
- R** - Change Resulting In A Reduction to A Customer's Bill
- T** - Change In Text or Regulation But No Change In Rate or Charge

TARIFF FORMAT

- A. Sheet Numbering** - Sheet numbers appear in the upper right corner of the Sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers** - Revision numbers also appear in upper right corner of each Sheet. These numbers are used to determine the most current sheet version on file. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Consult the Check Sheet for the sheet currently in effect.
- C. Check Sheets** - When a tariff filing is made with the Public Utilities Commission of Ohio, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new Sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*).

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

Access Number - This is the telephone number which a Customer uses to access Company's computer in order to be connected to Company's system.

Association Discount - A trade association representing business entities or individuals within an industry, professional or business classification, or a commercial organization with affiliated franchises, independent agents, distributors or other multiple commercial representatives or a buying group not organized solely for the purpose of qualifying for the discounts provided for herein to commercial associations.

Authorized User - A person, firm, corporation or other legal entity which is authorized by the Customer to utilize or be connected to the service of the Customer. An authorized user is other than an employee, officer or director of Customer if Customer is a Company, and other than a family member of person residing with Customer if Customer is a residential user. Customer is responsible for all charges incurred by Authorized Users.

Company or Carrier - Refers to Business Telecom, Inc. d/b/a BTI Telecommunications Services.

Customer - The person, firm, corporation or other legal entity which orders service and is responsible for payment of charges due and compliance with the Company's tariff regulations.

Customer Identification Number - A numerical code which is assigned to each Customer to enable the Customer to access Company's Service. A Customer with several Authorized Users may have several different numerical codes. Customer Identification Numbers are used by the Company both to prevent unauthorized access to the Service and to identify Customers for billing purposes.

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS (continued)

Facilities - Company's Facilities consist of facilities which Company leases and for which Company renders a bill for payment to its Customers, whether or not such Facilities are actually owned by Company. Company's Facilities also include the computerized switching equipment which is used by Company to connect Customer's call to a facility provided by an underlying facilities-based long distance carrier over whose circuits the Customer's call is routed.

InterLATA - Calls which originate and terminate between points in Local Access Transport Areas (LATAs). LATAs are regional telephone service areas that are defined pursuant to the 1982 Consent Decree between the United States Department of Justice and American Telephone and Telegraph Company and participating Carriers.

IntraLATA - Calls which originate and terminate within the same LATA.

Intrastate - Calls which both originate and terminate at any two points in Ohio. Intrastate calls can be InterLATA or IntraLATA.

Itemized Billing - A billing report which indicates the telephone number to which calls are made and the duration of each call.

Management Report - A billing report which assists management in monitoring calls made by Authorized Users by listing calls by Customer Identification Numbers and Project Codes.

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS (continued)

Mileage - In calculating rates based on mileage, the measurement of distance is the air miles between the offices of the local telephone companies which originate and terminate the calls.

Operator Assisted Calls - Calls requiring assistance for completion, usually by dialing 0+(area code)+(exchange)+(line number), i.e. "0+"; or by dialing "0", with all subsequent dialing being performed by Operator Services, i.e. "0-". The following are examples of calls normally placed in this manner:

Calling Card Calls - Calls for which charges are billed to a telephone calling card issued either by a local exchange or long distance telephone company for this purpose.

Collect Calls - Calls for which charges are billed to the destination or termination telephone number.

Credit Card Calls - Calls for which charges are billed to a credit card, such as VISA, Mastercard, or American Express.

Person-to-Person Calls - Calls which are placed under the stipulation that the caller will speak only to a specific called party.

Room Charge Calls - Calls for which charges are collected by the Subscriber, normally a hotel or motel, from the guest or occupant of the room from which the call originated. Calls of this type require that Carrier communicate the call detail and charges back to the originating Subscriber location following completion of the call.

Third Party Calls - Calls for which charges are billed to a third party telephone number which is neither the originating nor the terminating telephone number.

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS (continued)

Operator Services - The operators, activities, equipment or services necessary to process Operator Assisted Calls.

Operator Service Charge - A non-measured (fixed) charge which is added to a measured charge in calculating the total tariff charges due for a completed Operator Assisted Call.

P.U.C.O. - Refers to Public Utilities Commission of Ohio.

Project Codes - A numeric sequence which is dialed after the Customer Identification Number which is used by Customer to identify to which project or client a call should be billed.

Special Service Labor and expenditures required by Customer to provide service outside the scope of normal services. This class of service includes without limitation services whereby Company is required to incur unusual costs for engineering, purchases, labor or other related costs to provide the Customer-requested service.

Speed Numbers Telephone numbers stored in Company's switch allow Customer, after accessing the switch, to push a limited number of buttons on its phone and have the switch dial the requested stored phone number, eliminating extra digit dialing for Customer.

SECTION 2 - RULES AND REGULATIONS

2.1 Undertaking of BTI

This tariff contains the regulations and charges applicable to direct-dialed and operator-assisted intrastate resale common carrier communications services provided by BTI between points within the State of Ohio. Operator-assisted services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff.

BTI installs, operates, and maintains the communication services provided hereinunder in accordance with the terms and conditions set forth under this Tariff. It may act as the Customer's agent for ordering access connection facilities provided by the local exchange company when authorized by the Customer, to allow connection of a Customer's location to the BTI network. The Customer shall be responsible for all charges due for such service arrangement.

The Company's services are provided on a monthly basis unless ordered on a longer term basis, and are available twenty-four hours per day, seven days per week.

The Company concurs in the Telephone Service Requirements Form (Appendix A of this tariff) created and amended pursuant to Case Nos. 99-998-TP-COI and 99-563-TP-COI. The requirements in the Telephone Service Requirements Form and this section of the tariff may, from time to time, not be in agreement. In instances where this is the case, the language in the Telephone Service Requirements Form will prevail.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.2 Use of Service

The Services may be used for any lawful purpose consistent with the transmission and switching parameters and rules of the facilities utilized in the provision of Service. The Customer shall not make use of the Services or underlying network:

- (A) in any way which might reasonably be expected to frighten, abuse, torment, or harass another;
- (B) for any purpose in violation of the law;
- (C) in such a manner as to unreasonably interfere with the use of the Service by any of the Company's customers; and/or
- (D) to transmit any material which, in the Company's sole discretion
 - (1) violates any U.S. state regulation, including material which infringes another's intellectual property rights,
 - (2) is threatening or obscene, libelous, defamatory or violates any right of privacy of another,
 - (3) is discriminatory or otherwise offensive.

2.3 Facilities Used in Provision of Service

- 2.3.1** The Service is subject to the availability of suitable facilities.
- 2.3.2** The Customer must obtain an adequate number of access lines for toll free Service to meet expected demand.
- 2.3.3** The Customer shall provide for the proper installation, operation and maintenance of the Customer's equipment used in connection with the Service and shall ensure that such equipment is technically and operationally compatible with the Service and in compliance with all FCC rules and regulations.
- 2.3.4** The Company may substitute, change or rearrange any equipment, facility or system used in providing Service at any time.
- 2.3.5** The Company will deliver the Service(s) to the Customer to the physical address set forth on an order for the Service(s) and terminate such Service(s) at the recognized point of demarcation. The point of demarcation shall be the point where the Company's facilities end and the Customer's premises wiring begins. The Company is not responsible for the Customer's premises wiring beyond the point of demarcation.

2.5 Limitations

2.5.1 Service is offered subject to the provisions of this tariff.

2.5.2 The Company's liability hereunder shall be limited to credit allowances for service outages as set forth in 2.10.4 of this Tariff. In no event shall the Company be liable to customer or any third party for any consequential, indirect, special, incidental, punitive or similar damages, including without limitation, any loss of profit or revenue arising from or related in any manner to service outages whether or not the Company is aware of the possibility of such damages.

2.5.3 Except as set forth in this Tariff, the Company makes no other, and expressly disclaims all, warranties or representations, either express or implied, concerning the service or any content received via the service and expressly disclaims warranties of fitness for a particular use or purpose, the warranty of merchantability and any other warranty implied by law.

2.5.4 The foregoing limitations shall include, but are not limited to:

- (A)** availability or performance of any systems or related facilities under the control of or provided by other entities, even if the Company acted as agent in arranging such facilities or service;
- (B)** content of information passing through its network, including the accuracy or quality of such information;
- (C)** unlawful or unauthorized use of the Company's facilities or Service;
- (D)** breach of the privacy or security of communications transmitted over the Company's facilities;

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.5 Limitations, (Cont'd.)

2.5.4 (cont'd.)

- (E) changes in any of the facilities, operations or procedures of the Customer that render any equipment, facilities or service provided by the Company obsolete or require modification or alteration of such equipment, facilities or service or otherwise affect its use or performance;
- (F) any intentional, wrongful act of a the Company employee when such act is not within the scope of the employee's responsibilities for the Company and/or is not authorized by the Company.
- (G) any representations made by the Company employees that do not comport or are inconsistent with the provisions herein;
- (H) any non-completion of calls due to network busy conditions; and
- (I) any calls not actually attempted to be completed during any period that Service is unavailable.

The Company's entire liability for any claims, loss, damages or expenses from any cause whatsoever shall not exceed the sums actually paid to the Company by the Customer for the Service giving rise to the claim.

Approval of the above tariff language by the Public Utilities Commission of Ohio (PUCO) does not constitute a determination by the Commission that the limitation of liability imposed by the Company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a court's responsibility to adjudicate negligence and consequential damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.7 Payment Arrangements, (Cont'd.)

2.7.2 Billing and Collection of Charges, (cont'd.)

- (D) Billing of the Customer by the Company will begin on the Service Commencement Date, which is the day on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.
- (F) If any portion of the payment is not received by the Company by the due date printed on the invoice, or if any portion of the payment is received by the Company in funds that are not immediately available upon presentment, then a late payment charge of 1.0% per month for residential Customers and 1.5% per month for business Customers shall be due to the Company. A late payment charge is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late payment charges are to be applied without discrimination.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.8 Deposits/Advance Payments

Deposits are not collected or required from credit worthy Customers. Customers unable to establish their credit worthiness will be required to post a deposit with the Company based upon two (2) months estimated usage.

Deposits will be held for a period of one year. Interest on intrastate deposits will be in accordance with rule 4901: 1-17-05 of the Ohio Administrative Code. A deposit will be returned when an application for service has been canceled prior to the establishment of service. The deposit will be applied to any charges applicable in accordance with this tariff and the excess portions of the deposit will be returned. Upon discontinuance of service, Carrier will refund Subscriber's deposit or the balance of the deposit in excess of unpaid bills for service.

2.8.1 Customers unable to establish or maintain their credit worthiness will be required to furnish a deposit or advance payment in an amount up to the maximum allowed by law for Service.

2.8.2 The Company reserves the right to periodically review the Customer's credit worthiness and credit terms.

2.8.3 The Company also reserves the right to change credit terms and conditions based on the Customer's payment history and credit worthiness.

2.8.4 If no maximum deposit has been established by law, the Customer will be required to furnish a deposit or advance payment in an amount based upon two (2) month's estimated usage.

2.8.5 The Company will pay interest on such deposit or advance payment at the rate established by the Public Utilities Commission of Ohio.

2.8.6 The establishment of credit shall be governed by the Public Utilities Commission of Ohio.

2.13 Cancellation of Service, (Cont'd.)

2.13.3 Cancellation by the Customer with Cause

A customer may have his service disconnected upon written notice to Carrier. The Carrier will hold the customer responsible for payment of all bills for service furnished until the cancellation date specified by the customer or until the date written cancellation notice is received, whichever is later. The Customer must provide 60 days written notice of cancellation in advance.

In the event (i) the Company fails to substantially cure any material default or failure of performance within thirty (30) days after the Company's receipt of the Customer's written notice describing with reasonable specificity such alleged material default or failure of performance, or (ii) if such default cannot be cured within such thirty (30) day period and the Company does within such thirty (30) day period commence such acts as shall be reasonably necessary to substantially cure the default and/or does not diligently complete such acts within a reasonable time, the Customer may terminate the Service(s) for Cause by giving the Company a written notice of termination within fifteen (15) days after the expiration of said thirty (30) day period or such reasonable time period in the event of (ii), above. If the Customer is receiving multiple types of Services, or receiving Services at multiple locations, the Customer's right to terminate Service(s) as set forth in this section shall be limited to termination of the affected Service(s) only or at the affected location(s) only.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.24 Toll Blocking

Business Telecom, Inc. may cause to have blocked, access to all toll providers for nonpayment of regulated toll charges, so long as the blocked Customer is not denied the right to select, through a presubscribed interexchange change (PIC) mechanism, any other 1+ presubscribed toll service provider who is obligated to provide such service under the terms of the Selective Access Policy.

Under the terms of the Selective Access Policy, Business Telecom, Inc. may not deny establishment of 1+ presubscribed toll service on the grounds that the Customer has failed to establish creditworthiness, if:

- (a) the customer is able to establish creditworthiness using one of the means for doing so available under the Public Utilities Commission of Ohio's (PUCO) rules, or
- (b) Business Telecom, Inc., exercising its own discretion, does not require the Customer to establish creditworthiness (through any of the means available for doing so under the PUCO's rules), or
- (c) Business Telecom, Inc. attempts to require the Customer to establish creditworthiness using credit establishment procedures which do not comport with the PUCO's credit establishment policies and/or are not set forth within a PUCO approved tariff.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.24 Toll Blocking, (Cont'd.)

When a prospective Customer, who has previously been universally blocked for nonpayment of toll charges by another carrier, seeks to select Business Telecom, Inc. as his or her 1+ carrier of choice, Business Telecom, Inc. may, subject to the PUCO's tariffed toll deposit policies and the Commission's rules on establishment of service (See Rules 4901:1-5-13 and 4901:1-5-14, Ohio Administrative Code, [O.A.C.]), require a deposit for toll service. This deposit shall be in accordance with Rule 4901:1-5-13 (B), O.A.C., but Business Telecom, Inc., may negotiate a lower deposit.

Business Telecom, Inc. may furnish credit information, acquired from Business Telecom, Inc.'s own experiences with the Customer, to consumer reporting agencies within the meaning of the Federal Fair Credit Reporting Act. Business Telecom, Inc. will follow all requirements that consumer reporting agencies must follow in issuing credit reports within the meaning of the Federal Fair Credit Reporting Act.

Upon payment by the Customer of all past due toll debt to Business Telecom, Inc., Business Telecom, Inc. will notify the Customer's local carrier that the block can be lifted and all 1+ dialing capabilities, including 10-XXX, will be restored.

SECTION 2 - RULES AND REGULATIONS, (CONT'D.)

2.25 Public Pay Telephone Surcharge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371) and amended by Report and Order released August 12, 2004 (FCC 04-182), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. The Public Pay Telephone Surcharge, which is in addition to standard rates, terms and pricing guide usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company service and is unrelated to the Company's service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol).

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

SECTION 3 - DESCRIPTION OF SERVICE**3.1 General**

BTI provides direct dialed, travel card and operator assisted long distance telecommunications services originating and terminating within the State of Illinois. Rates for these services may vary by product type, call duration, mileage and time of day. All BTI services are available 24 hours a day, seven days a week.

3.2 Timing of Calls

Long distance charges are based on the actual usage of BTI's network. Chargeable time begins when the called party answers, or when the billed party of a collect or person call accepts the charges. Chargeable time ends when either party disconnects.

Minimum call durations and rounding of usage measurements for billing purposes are specified in Section 4 of this tariff for each service provided by the Company.

There is no billing applied for incomplete calls.

The appropriate rates apply for day, evening and night/weekend calls based on the following chart.

TIMES	MON	TUES	WED	THUR	FRI	SAT	SUN
8:00 am to 5:00 pm*	Daytime Period						Eve
5:00 pm to 11:00 pm*	Evening Period						
11:00 pm to 8:00 am*	Night/Weekend Period						

* - to, but not including.

The appropriate rates apply for Peak and Non-Peak calls based on the following chart.

TIMES	MON	TUES	WED	THUR	FRI	SAT	SUN
8:00 am to 5:00 pm*	Peak Period						
5:00 pm to 8:00 am*	Non-Peak Period						

* - to, but not including.

The evening rates apply to the holidays listed below unless a lower rate normally applies:

New Year's Day	January 1	Thanksgiving Day	Nationally Recognized Day
Memorial Day	Nationally Recognized Day	Christmas Day	December 25
Independence Day	July 4		

Issued: September 28, 1995

Effective: September 28, 1995

SECTION 3 - DESCRIPTION OF SERVICE (continued)

3.3 Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers and associated vertical and horizontal coordinates that are produced by Bell Communications Research in the NPA-NXX V & H Coordinates Tape and Bell's NECA Tariff No. 4.

FORMULA =

Formula =

$$\sqrt{\frac{(V1 - V2)^2 + (H1 - H2)^2}{10}}$$

SECTION 3 - DESCRIPTION OF SERVICE (continued)

3.4 BTI One Plus Services

BTI One Plus Services are available for business and residential Customers who; 1) subscribe their local access lines to BTI's network, 2) dial the Company's access code to gain access to the BTI network, or 3) purchase dedicated access facilities from other service providers to connect their premises to BTI's network facilities.

BTI One Plus Services are listed in Section 4 following. The minimum and additional billing increments, as well as any applicable recurring and non-recurring charges are provided for each specific service.

3.5 BTI Travel Card Services

BTI Travel Card Service permits Customers to place calls using BTI's service when away from their primary place of business or residence. Callers must dial an "800" access code and individual identification number to use the service.

BTI Travel Card Services are listed in Section 4 following. The minimum and additional billing increments, as well as any applicable per call service charges are provided for each specific service.

SECTION 3 - DESCRIPTION OF SERVICE (continued)

3.6 BTI Operator Services

BTI Operator Services are available to Subscriber locations which offer their telephones for the use of the transient public. BTI provides the following billing arrangements for End Users of BTI's Operator Services:

a) Customer Dialed Calling/Credit Card

This is a service whereby the end user dials all of the digits necessary to route and bill the call without any operator assistance. Such calls may be billed either to a telephone company issued calling card or a commercial credit card.

b) Operator Station

This is a service whereby the caller places a non-person-to-person call with the assistance of an operator (live or automated). When placing an operator station call, the caller is connected to a non-specified individual at the terminating end. Such calls may be billed to a calling card, credit card, the called number (collect) or a valid third party telephone number.

c) Person-to-Person

This is a service whereby the person originating the call specifies to BTI's operator a particular person to be reached, or a particular person, station, room number, department, or office to be reached through a PBX attendant. Person-to-person calls may be billed to a calling card, credit card, the called number (collect) or a valid third party telephone number.

4.2 Directory Assistance, (Cont'd.)

(N)

4.2.2 Directory Assistance Call Completion

Directory Assistance Call Completion (DACC) is an optional service available for business and residential Customers accessing the Company's Directory Assistance Service. Directory Assistance Customers may choose to have the Company Directory Assistance Operator complete the call to the telephone number requested without requiring the Customer to redial the number. A Directory Assistance Call Completion Surcharge will apply whether or not the call is answered by the called party or the calling party receives a busy signal. These charges are in addition to the Directory Assistance charge for determining the telephone number requested by the Customer and in addition to any applicable Operator Service charges associated with placing the call.

This service is available where facilities permit and may not be available to all Customers.

(A) Per Call Completion requested: \$0.45

(B) Per Minute Rate:

The per minute rate shall be the per minute rate of the 1+ plan the Customer is subscribed to or enrolled in at the time of the call.

(N)

4.3 Promotional Rates

(M)

From time to time, Company may offer Promotional Rates. Promotional Rates will be offered on a non-discriminatory basis and shall be filed with the Commission for review at least 14 days prior to implementation.

Any marketing efforts will clearly indicate to the potential Customers the nature of the transaction that is being offered. Materials submitted to prospective Customers will clearly indicate that those Customers will be changing their long distance carrier if they accept such solicitation.

4.3.1 Sixty Minutes for 14 a Minute Promotion

(M)

BTI will offer the following intrastate promotion to Customers who sign up for the Company's complimentary interstate promotion through March 1, 1996. To be eligible, Customers must: 1) contact the Company to request the promotion, or 2) respond positively to marketing material from the Company or an authorized agent. The Customer must designate the Company as its primary interexchange carrier. As long as the Customer remains presubscribed to BTI's network, the following intrastate rates will apply: \$0.13 per minute for all Off-Peak period intrastate calls, and \$0.19 per minute for all Peak period intrastate calls. Calls will be billed in whole minute increments following an initial billing period of one minute. Additionally, during the first three months of full billing, the Customer will receive twenty (20) promotional minutes of Off-Peak or Peak calling for \$0.01 per minute. The promotional minutes cannot be carried forward into subsequent months or pulled forward into the current month. The rates and promotional minutes stated above do not apply to calls using the Company's Travel Services.

4.3.2 Minutes on Us Promotion II

BTI will offer the following intrastate promotion to Customers who sign-up for the Company's complimentary interstate promotion through February 28, 1996. To be eligible, Customers must: 1) contact the Company to request the promotion, or 2) respond positively to marketing material from the Company or an authorized agent. The Customer must designate the Company as its primary interexchange carrier. As long as the Customer remains presubscribed to BTI's network, the following intrastate rates will apply: \$0.139 per minute for all Peak period outbound and inbound intrastate calls, and \$0.139 per minute for all Off-Peak period outbound and inbound intrastate calls. Calls will be billed in six (6) second increments following an initial billing period of eighteen (18) seconds. Additionally, the Customer will receive up to 200 minutes of combined interstate and intrastate usage at no charge in the first full month of billing; and up to 200 minutes of combined interstate and intrastate usage at no charge in the seventh full month of billing. If the Customer uses less than 200 minutes per month in the first or seventh month the entire month's usage will be no charge. The free minutes will only apply in the months specified above and will not carry over to future months. The free minutes each month will be applied chronologically regardless of whether the call is interstate or intrastate. The rates and free minutes stated above do not apply to calls using the Company's Travel Services.

- 4.22 Pre-Paid Call Service** is offered at the flat, per-minute rate listed below, twenty-four (24) hours a day, seven days a week.

Denomination	Per Minute Rate	Per Call Surcharge	Units Per Minute
Various Increments	.2000(R)	.2000(N)	1 unit per minute

Company agrees to refund any amounts remaining on a Pre-paid Call Service calling card upon physical return of the card. Refund will only be issued upon a showing that the service provided by Company has failed to meet either the service requirements set forth in the Commission's rules and regulations, or the general standards of quality applicable to the industry. To qualify for a refund, a user must return the card to Company within 3 months of the original purchase and submit in writing detailed information on the basis for any requested refund. Company will promptly investigate and advise the user as to its findings and disposition.

For consideration of any disputed charges, a user may discuss the dispute with a Company representative, providing detailed information on the basis for any requested adjustment, either verbally or in writing, within 30 days of the date the disputed call is placed.

All federal, state and local taxes (e.g., excise tax, gross receipts tax, sales tax, municipal utilities taxes) are included in the tariffed rates above.

A wholesale discount applies for larger volume commitments, but the end user per minute rate will not vary from the rate specified in the table above.

TELEPHONE SERVICE REQUIREMENTS FORM**(N)**

The provider affirms that it is in compliance with Commission directives concerning the following checked items, and that this represents an up-to-date listing of applicable "generic" service requirements. The provider understands that this in no way supersedes the context of the applicable Commission orders described below. Unless otherwise specified, this language replaces the need for related language to be contained in the provider's tariff. This information is being provided pursuant to Case Nos. 99-998-TP-COI and 99-563-TP-COI.

(A) Mandatory Requirements For Basic Local Exchange And CTS Providers**(1) Sales Tax (See also Case No. 87-1010-TP-UNC)**

Certain telecommunication services, as defined in the Ohio Revised Code, are subject to state sales tax at the prevailing tax rates, if the services originate, or terminate in Ohio, or both, and are charged to a subscriber's telephone number or account in Ohio.

(2) MTSS Tariff Requirements**(a) The provider attests that its tariffs include:**

- (1)** provider-specific language addressing the deposit method (as cited in 4901:1-5-13) adopted by the company and approved by the Commission;
- (2)** Toll Caps

Language addressing the provider-specific parameters of toll caps approved by the Commission,
- (3)** language regarding establishment of service, including requirements to establish creditworthiness, as cited in 4901:1-5-13;
- (4)** language regarding residential service guarantors, as cited in 4901:1-5-14;
- (5)** language regarding subscriber bills, as cited in 4901:1-5-15;
- (6)** language regarding subscriber billing adjustments for local exchange service, as cited in 4901:1-5-16; and,

(7) language regarding denial or disconnection of local and/or toll service, including the requirements for the reconnection of local and/or toll service, as cited in 4901:1-5-17.

(8) The Company attests that it shall adhere to the following criteria when the provider implements cancellation of service policies and/or requests an advance payment:

(a) Cancellation of Service: When a customer cancels an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below:

Where the company has notified a customer or prospective customer of the possibility that special expenses may be incurred in connection with provisioning the customer's service, and then the company does incur such expenses. Expenses could include special construction, or where special arrangements of facilities or equipment have begun before the company received a cancellation notice. The charge will be equal to the costs actually incurred, less net salvage;

(b) Advance Payment: Advance Payment means a payment that may be required by the company as a means of being compensated for extraordinary expenses, including, but not limited to, special construction costs associated with a particular service installation.

(3) Surcharges, (Cont'd.)

The company shall not assess separately any taxes, fees or surcharges, other than government-approved sales taxes imposed directly on the end users, without seeking Commission approval under the appropriate procedures required by the Commission. Generally, the Commission will not grant the inclusion of gross receipts tax as a separate item on the bill unless special circumstances so warrant and the Commission specifically approves same. The company shall not place a separate line item on a customer's bill without sending notice to all customers informing them of the new line item charges in accordance with Commission-adopted notice procedures.

The customer is responsible for the payment of all state, local and E9-1-1 taxes, surcharges, utility fees, or other similar fees for which the end user is directly responsible and that may be levied by a governing body or bodies in conjunction with or as a result of a service furnished under a tariff on file with the Public Utilities Commission of Ohio. These charges may appear as separate line items on the customer's bill, as opposed to being included in the rates contained in a tariff. Any such line item charges will be reflected in the company's tariff.

(A) Mandatory Requirements For Basic Local Exchange And CTS Providers, (Cont'd.)

(4) 1+ INTRALATA PRESUBSCRIPTION – Basic Local Exchange Providers Only (See Also Case No. 95-845-TP-COI, Guideline X.)

(a) General

IntraLATA Presubscription is a procedure whereby a subscriber designates to the Telephone Company the carrier which the subscriber wishes to be the carrier of choice for intraLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. IntraLATA presubscription does not prevent a subscriber who has presubscribed to an intraLATA toll carrier from using carrier access codes or additional dialing to direct calls to an alternative intraLATA toll carrier on a per call basis.

IntraLATA Presubscription will become effective upon the initial offering of certified local exchange service.

(b) IntraLATA Presubscription Options

Option A: Subscriber may select the Telephone Company as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option B: Subscriber may select her/his interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option C: Subscriber may select a carrier other than the Telephone Company or the subscriber's interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option D: Subscriber may select no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the subscriber to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

(c) Rules and Regulations

Subscribers of record will retain their current dialing arrangements until they request that their dialing arrangements be changed.

Subscribers of record or new subscribers may select either Options A, B, C, or D for intraLATA Presubscription.

Subscribers may change their selected Option and/or their presubscribed intraLATA toll carrier at any time subject to charges specified in (A)(4)(e), below.

(d) IntraLATA Presubscription Procedures

New subscribers will be asked to select an intraLATA toll carrier(s) at the time the subscriber places an order to establish local exchange service with the Telephone Company. The Telephone Company will process the subscriber's order for intraLATA service. The selected carrier(s) will confirm their respective subscribers' verbal selection by third-party verification or return written confirmation notices. All new subscribers' initial requests for intraLATA toll service presubscription shall be provided free of charge.

(d) IntraLATA Presubscription Procedures, (continued)

If a new subscriber is unable to make a selection at the time the new subscriber places an order to establish local exchange service, the Telephone Company will read a random listing of all available intraLATA carriers to aid the subscriber in selection. If selection is still not possible, the Telephone Company will inform the subscriber that he/she will be given 90 calendar days in which to inform the Telephone Company of an intraLATA toll carrier presubscription selection free of charge. Until the subscriber informs the Telephone Company of his/her choice for intraLATA toll carrier, the subscriber will not have a presubscribed intraLATA toll carrier, but rather will be required to dial a carrier access code to route all intraLATA toll calls to the carrier(s) of choice. Subscribers who inform the Telephone Company of a choice for intraLATA toll presubscription within the 90-day period will not be assessed a service charge for the initial subscriber request.

Subscribers of record may initiate an intraLATA presubscription change at any time subject to the charges specified in (A)(4)(e)(2) below. If a customer of record inquires of the Telephone Company of the carriers available for intraLATA toll presubscription, the Telephone Company will read a random listing of all available intraLATA carriers to aid the subscriber in selection.

(3) Alternative Operator Services

The following applies to the provision of alternative operator services (AOS) including Inmate Facility Services. (See, also, Case No. 88-560-TP-COI, December 30, 1991 Supplemental Opinion and Order and February 27, 1992 Entry on Rehearing):

Preceding the maximum operator-assisted surcharges set forth in the text of the proposed tariff, as well as preceding the operator-assisted surcharges set forth in the price list attached to the proposed tariff, the service provider must insert a statement which specifies whether the rates as set forth apply to the provider's provision of traditional operator services, alternative operator services (AOS), or both.

(a) Definitions

- (1)** AOS are those services provided by the provider in which the customer and the end user are totally separate entities. The provider contracts with the customer to provide the AOS; however, the provider does not directly contract with the end user to provide the services even though it is the end user who actually pays for the processing of the operator-assisted calls. These do not include coin-sent calls.
- (2)** Traditional operator services are those services provided by the provider in which the end user has a customer relationship with the provider, the provider contracts with the customer/end user to provide the services, and the customer/end user pays for the actual processing of the operator-assisted calls.

(b) AOS Service Parameters

(1) Local operator-assisted calls:

For local operator-assisted calls, both live and automated, the AOS provider shall not charge the billed party more than the ILEC's price list rates for traditional local operator-assisted calls in the same exchange. This requirement includes both the local usage rate (either flat-rate per call or a minute-of-use rate per call) and applicable operator surcharges. The minutes-of-use rate for a local call shall be no higher than the rates for MTS identified in paragraph (B)(3)(b)(2), below.

(2) MTS provided in conjunction with AOS:

For intraLATA and interLATA, intrastate toll service calls, each AOS provider must apply one of the following MTS price ceilings to the MTS provided in conjunction with AOS:

Mileage Band	Initial Minute	Each Additional Minute
1 - 10	\$0.32	\$0.16
11 - 22	\$0.40	\$0.22
23 - 55	\$0.48	\$0.28
56 - 124	\$0.57	\$0.37
125 - end	\$0.58	\$0.39

or;

Flat Rate	\$0.36

(b) AOS Service Parameters, (continued)

(3) For intraLATA and interLATA, intrastate toll service calls, each AOS provider's maximum operator-assisted rates shall be no more than:

- (a)** \$1.70 for customer-dialed calling card calls;
- (b)** \$2.50 for operator-handled calls; and
- (c)** \$4.80 for person-to-person calls.

(4) Notice of any change in the rates stated above, whether it be upward or downward, must be maintained in the company's tariff (via its web-site or its tariff on file with the Commission), on or before the effective date.

(c) Secured Inmate Facilities:

The following provisions apply to those operator service providers (OSPs) providing service to a secured inmate facility where the originating caller does not have access to other OSPs for the call from the secured inmate facility.

(1) Local operator-assisted calls:

For local operator-assisted calls, the AOS provider serving secured inmate facilities shall not charge the billed party more than the ILEC price list rates for a local operator-assisted call in the same exchange.

(2) IntraLATA and interLATA intrastate toll service calls:

For intraLATA and interLATA intrastate toll service calls, the AOS provider serving secured inmate facilities shall not charge the billed party more than the ILEC price list rates for an intraLATA intrastate call. This requirement includes both the rates for message toll service and operator surcharges.

- (d)** The AOS providers shall not charge end users surcharges in addition to the price list rates for MTS and operator-assisted surcharges set forth in the AOS providers' tariffs. This restriction means that no surcharges, including but not limited to, bill rendering charges and any additional surcharge which a host facility may request the AOS provider to bill an end user, may be levied by the AOS provider on the end user. Any surcharges imposed by a host facility are to be billed separately by the host facility.
- (e)** AOS and secured inmate facility services are not subject to either Tier 1 or Tier 2 regulatory treatment, but rather will remain subject to the provisions of these rules and the applicable provisions adopted by the Commission in Case No. 88-560-TP-COI.

(4) Limitation Of Liability

The following is applicable to all telephone companies that choose to include in their tariff language which may limit their liability (See also Case No. 85-1406-AU-COI):

Approval of limitation of liability language by the PUCO does not constitute a determination by the Commission that the limitation of liability imposed by the company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a courts responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.

(5) Termination Liability

The following is applicable to all telephone companies who choose to include in their tariff language which imposes early termination liability on a customer for termination of service prior to the designated term of service:

Inclusion of early termination liability by the company in its tariff or a contract does not constitute a determination by the Commission that the termination liability imposed by the company is approved or sanctioned by the Commission. Customers shall be free to pursue whatever legal remedies they may have should a dispute arise.

(6) Service Connection Assistance (Sca)

The following is applicable to all LECs that offer local service to residential customers:

SCA is targeted to help defray the one-time, up-front costs of connecting to the local exchange network for qualified customers. It provides a waiver of the deposit requirement, full or partial waiver of the service connection charges.

(7) Local Number Portability and Number Pooling

See Case No. 95-845-TP-COI Guideline XIV, FCC Dockets 95-116 and 99-200. NOTE: LNP and number pooling are required of all facilities-based LECs, regardless of size, and CMRS where currently rolled-out by the FCC or as a result of a bona fide request unless granted an extension, exemption, or waiver by the Commission or the FCC.

(8) Tariffing and Disconnection Procedures for Service Packages or Bundles

Applicable to all LECs packaging or bundling regulated local services with toll service and/or unregulated services. See Rule 4901:1-6-21(C), Ohio Administrative Code.

(a) Option 1

(1) Tariffing

Under option 1, LECs that package or bundle regulated local services with toll and/or unregulated services shall tariff only the regulated components of a package or bundle of services either as a package at a separate, single rate for the regulated components or individually at individual tariffed rates. The unregulated services and any rate(s) associated with the unregulated service components of any package or bundle of services shall not be tariffed.

(2) Disconnection Procedures

Under option 1, if a customer fails to submit timely payment sufficient to cover the amount of the regulated charges, the LEC may discontinue the provision of the regulated services in compliance with Rule 4901:1-5-17, Ohio Administrative Code.

(3) Staff Notice

Under option 1, LECs shall keep the Director of the Consumer Services Division and the Chief of Telecommunications of the Utilities Department informed and up-to-date on all current offers to consumers that bundle regulated local services with unregulated services at a single packaged rate, different from the rate shown in the tariff for the regulated components of the package. The notice to staff shall identify the regulated and unregulated services included and the packaged rate (the combined tariffed and untariffed rate).

(b) Option 2

(1) Tariffing

Under option 2, LECs shall tariff the entire package or bundle of services including both regulated local services and toll and/or unregulated services for a single combined packaged rate (including any amount attributable to the unregulated components). The LEC shall clearly identify the services within the package and denote which services are unregulated.

(2) Disconnection Procedures

Under option 2, if a customer fails to submit timely payment sufficient to cover the entire amount of the regulated and unregulated bundled packaged rate, the LEC may discontinue the provision of any regulated and unregulated services, other than basic local exchange service, if payment is sufficient to cover the rate for basic local exchange service. For purposes of this rule, the rate for basic local exchange service shall be the tariffed rate for stand-alone basic local exchange service. In the event a CLEC does not offer basic local exchange service on a stand-alone basis, the CLEC shall identify an amount in the tariff for the basic local exchange service component of the package. In no event shall this amount exceed the packaged rate. Further, if the customer loses services included in the package due to non-payment or partial payment pursuant to this rule, the customer shall be entitled to add, change, or discontinue any regulated services provided according to the LEC's normal procedures for adding, changing or discontinuing such services.

Narrative of Changes in proposed application

Exhibit C

Matrix or narrative summarizing all changes proposed in the application, and/or other information intended to assist Staff in the review of the Application.

The Applicant, Business Telecom, Inc., has deleted all toll services from its Long Distance Service Tariff.

Business Telecom, Inc. added to its Long Distance Tariff the general MTSS reference pursuant to the September 26, 2007 Entry in Case No. 05-1102-TP-ORD. It also added an explanation that all residential and business long distance services, as well as certain business telecommunications services, have been detariffed, with direction to contact the Applicant if the customer wishes to view or receive a paper copy of such information. Business Telecom, Inc. does impose a Late Payment Fee and a Returned Check Charge on its long distance services, where and when applicable, both of which remain in the Long Distance Tariff. All tariff sheets not filed in the Long Distance Tariff are deleted.
