RE: Case No. 06-1345-TP-ORD: In the Matter of the Revenue Chapter 4901-1:1-6, Ohio Administrative Code  
Response of New Edge Network, Inc., Certificate No. 90-5896, to Commission order issued May 14, 2008

Dear Ms. Jenkins,

The original and seven (7) copies of this letter are submitted on behalf of New Edge Network, Inc. ("NEN") in response to the Commission's order issued in the above referenced proceeding. That order state that all carriers listed in the appendix failed to file the required detariffing applications and therefore must do so by July 1, 2008 or face cancellation of their tariffs and certificates for non-compliance.

NEN is a solely business broadband/data services provider, that builds and manages private IP-based wide area networks, and does not offer any regulated non-residential Tier 2 services or any regulated toll services. Nor are any such services contained in the tariff on file with the Commission. NEN did not submit a detariffing application in April, as all its service must remain tarified pursuant to Commission rules.

This letter hereby informs the Commission that NEN will not be submitting a detariffing application and the company respectfully requests that it be excused from this case.

Please acknowledge receipt of this filing by returning, date-stamped, the extra copy of this letter in the self-addressed, stamped envelope that is provided for this purpose.

Any questions you may have pertaining to this application should be directed to my attention at (360) 906-9775 or via email to [ppbewick@newedgenetworks.com](mailto:ppbewick@newedgenetworks.com). Thank you for your assistance in this matter.

Sincerely,
