The Services described herein are part of the Company's one-stop shopping package offering a full service platform to the wholesale marketplace, including interstate and international voice and data services.

Toll Free Service consists of a basic service (assignment of a toll free telephone number and a toll free calling area selected by the Customer) and additional features that Customers can select.

3.2.3.A Switched Toll Free Service is an inbound long distance service. This service terminates calls over the local telephone lines of Reseller Customer's toll free subscriber, and calls are toll-free to the calling party. 3.2.5 Company "Calling Card Service" offers Reseller Customers the ability to allow their End Users to originate long distance calls from locations other than their primary service location through the use of a toll free network access number and an Authorization Code. The Company Calling Card Service provides an access number and authorization code issued by The Company which the Reseller Customer will incorporate into its End User's calling card. Access to The Company Network for Calling Card Service is gained by dialing an access number. End Users may bill calls to their Calling Card account, maintained by the Reseller Customer, when calling from any location within the State. The Company will keep track of the prepaid account balance using the rate tables furnished by the Reseller Customer. On behalf of the Reseller Customer, The Company will give the Reseller Customer's prepaid calling card subscribers notice two (2) minutes before the available account balance is depleted, based upon the applicable rates for the call in progress, as furnished by the Reseller Customer. When the available balance is depleted, the call shall be terminated. The Reseller Customer's End-User will use the access number on the Prepaid Calling Card to access The Company Network. The Reseller Customer's applicable usage rate will be deducted on a real-time basis as the card is used until the full amount of the card is exhausted. The rates The Company charges Reseller Customers for Prepaid Calling Card Service are set forth in the Service Agreement between the Company and the Reseller Customer and in Section 4.2.6.

The Company' Reseller Customers shall be responsible for their End Users' prepayments and providing any refunds due to their End Users.
