AFFIDAVIT

Compliance with Commission Rules and Service Standards

I am an officer/agent of the applicant corporation, Terri K. Firestein, Sr. Director, and am authorized to make this statement on its behalf.
(Name)

I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) Pursuant to Chapter 4901:1-5 OAC for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

NONRECURRING CHARGE

A one-time charge associated with certain installations, changes or transfers of services, either in lieu of or in addition to recurring monthly charges

OFF PREMISE EXTENSION (OPX)

A telephone located in a different office or building from the main phone system.

ONE PARTY SERVICE

Any exchange access line designed for the provision of exchange service to one premise.

PERMANENT DISCONNECT

A discontinuance of service in which the facilities used in the service are immediately made available for use for another service.

PERSON

Includes individuals, partnerships, corporations, governmental bodies, associations and any other such entity.

Issued Date: July 19, 2000

Effective Date:

In accordance with Finding and Order in Case No. 00-612-TP-ACE
Issued by the Public Utilities Commission of Ohio, dated July 19, 2000
Douglas C. DeWolfe, President, QualStar Communications, Inc.
417 Wayne Avenue, Defiance, Ohio 43512

SECTION 1

DEFINITIONS (cont.)

PREMISE

The same premise consists of:

- (a) the building or buildings, together with the surrounding land occupied as, or used in the conduct of one establishment, business, residence, or a combination thereof, and not intersected by a public road or by property occupied by others.
- (b) the portion of the building occupied by the customer, either in the conduct of his business or residence, or a combination thereof, and not intersected by a public thoroughfare or by space occupied by others.
- (c) the continuous property operated as a single farm whether or not intersected by a public road.

PREMISE WIRING

Premise inside wire is located on the Customer's side of the Company's premise protector. By definition, Customer premise inside wire excludes riser, buried and aerial cable.

PREASSIGNED NUMBER

A telephone number preassigned before service is actually established.

PREWIRING

Any inside wiring done at the location of a residence or business prior to the initial installation of telephone service.

PRIMARY SERVICE

The initial provision of voice grade access between the Customer's premise and the switched telecommunications network. This includes the initial connection to a new Customer, the move of an existing Customer to a new premise, or the change of a telephone number.

Issued Date: July 19, 2000

Effective Date:

In accordance with Finding and Order in Case No. 00-612-TP-ACE
Issued by the Public Utilities Commission of Ohio, dated July 19, 2000
Douglas C. DeWolfe, President, QualStar Communications, Inc.
417 Wayne Avenue, Defiance, Ohio 43512

SECTION 1

DEFINITIONS (cont.)

PRIMARY TERMINATION

Applies to channels which extend beyond the continuous property of a Customer or the confines of a single building housing the first premises of more than one Customer. "Primary Termination" also denotes the first termination of such a channel at a station or private branch exchange on the continuous property of a customer. When more than one Customer's premise is located within the same building, the first termination of such a channel at that building constitutes a "primary termination." For purpose of this definition, the location of a "primary termination" for channel services associated with "switching system services" is considered to be at the "switching system services" serving central office. When the "switching system services" serving central office is not in the same exchange as the main location, the "mileage service area" center for the main location will be used in lieu of the "switching system services" serving central office.

PRIVATE BRANCH EXCHANGE

An arrangement of equipment situated on a customer's premises consisting of a switching apparatus with an attendant's telephone, telephones connected with the switchboard, and trunks connecting it with a central office. The Private Branch Exchange provides for intercommunications between these telephones, for communication with the general exchange network, and for long distance message telecommunications service.

PRIVATE BRANCH EXCHANGE LINE

A channel connecting the Private Branch Exchange (PBX) station or other terminal equipment with the PBX switching equipment.

PRIVATE BRANCH EXCHANGE TRUNKS

Trunks connecting a private branch exchange system with a central office for communication with the general exchange network and for long distance message telecommunications service.

PRIVATE LINE

A circuit provided to furnish dedicated communication between two or more directly connected locations and not having connection with central office switching equipment.

PUBLIC THOROUGHFARE

A road, street, highway, lane or alley under the control of and kept by the public.

Issued Date: July 19, 2000

Effective Date:

In accordance with Finding and Order in Case No. 00-612-TP-ACE
Issued by the Public Utilities Commission of Ohio, dated July 19, 2000
Douglas C. DeWolfe, President, QualStar Communications, Inc.
417 Wayne Avenue, Defiance, Ohio 43512

SECTION 1

DEFINITIONS (cont.)

PUBLISHED TELEPHONE NUMBER

A number which appears in the current telephone directory, or is scheduled to appear in a forthcoming telephone directory, and which also appears in the information records for general public information.

RATE CENTER

A specified geographical location within an exchange area from which mileage measurements are determined for the application of rates between exchange areas.

REFERENCE LISTING

The listing of a generally accepted name of a firm or corporation followed by a reference to another listing.

REGISTERED TERMINAL EQUIPMENT

SECTION 2

RULES AND REGULATIONS (cont.)

2.1 GENERAL APPLICATION

- 2.1.1 The rules and regulations set out in this Tariff apply to the services and associated facilities furnished by the Company within its operating territory in the serving area listed in Section 3 of this Tariff.
- 2.1.2 Complete Tariffs containing all rates for Local Exchange Service will be kept at all times in the Company's local business office where they will be available for public inspection during regular business hours. Copies may be obtained at reproduction cost.
- 2.1.3 Failure on the part of any customer to observe these rules and regulations of this Tariff gives the Company the right to cancel all contracts and discontinue the furnishing of service.
- 2.1.4 QualStar Communications, Inc. will comply with the Ohio Minimum Telephone Service Standards (MTSS).

2.2 ESTABLISHING SERVICE

2.2.1 Availability of Facilities

- A. The rates and charges quoted in this Tariff provide for the furnishing of service and facilities where suitable facilities are available
- B. The Company shall not be liable for failure to furnish service where facilities are not available.
- C. When service and facilities are provided in part by the Company and in part by other connecting companies the regulations of the Company apply to that portion of the service and facilities furnished by the Company.

Issued Date: July 19, 2000

Effective Date:

In accordance with Finding and Order in Case No. 00-612-TP-ACE
Issued by the Public Utilities Commission of Ohio, dated July 19, 2000

SECTION 2

RULES AND REGULATIONS (cont.)

2.2 ESTABLISHING SERVICE (cont.)

2.2.2 Application for Service

- A. Applications for service or requests or orders by the Customer for additional services or facilities may be made orally, or in writing when deemed necessary by the Company, and shall constitute a contract when accepted by authorized employees or agents of the Company, or upon establishment of service.
- B. An Applicant may be required to make an advance payment at the time the application is accepted, in cases where a deposit is not collected. The amount of the payment will be based on applicable Service Connection Charges and the first month's charges for Exchange Service. The provisions of this paragraph affect the initial payment only and regular monthly charges for service as well as billing and collection practices discussed within this Tariff are otherwise applicable.

2.2.3 Cancellation or Change in Application for Service

- A. Where the Customer cancels an application for service prior to the start of installation of service or of special construction no charge applies.
- B. Where installation of service has been started prior to the cancellation, a Cancellation Charge equal to the Service Order Charge may apply.
- C. When a Customer requests a change in location of all or a part of the facilities covered by the application for service, or additions, rearrangements, or modifications of existing service prior to completion of the work involved, the Customer is also required to pay the amount of additional costs and expenses incurred by the Company in completing the work as changed.

SECTION 2

RULES AND REGULATIONS (cont.)

2.2 ESTABLISHING SERVICE (cont.)

2.2.4 Refusal of Service

A. Grounds for Refusal of Service:

1. The Company may refuse to serve an Applicant for any one of the following reasons:
 - a. The Applicant's installation or equipment is known to be inadequate, hazardous or of such character that satisfactory service cannot be given.
 - b. In extraordinary circumstances where an Applicant's unlimited access to the network may result in substantial loss of revenue to the Company.
 - c. For refusal to make a deposit if the Applicant/Customer is required to make a deposit under the requirements outlined in this Tariff.

B. Applicant's Recourse

1. In the event the Company refuses to serve an Applicant, the Company will inform the Applicant of the reasons for its refusal.
2. In the event the Applicant believes the Company's refusal of service is unjustified, the Applicant may appeal the refusal with the Consumer Division at the Ohio Public Utilities Commission.

2.2.5 Transfer, Assignment, or Supersedure of Service

- A. Service previously furnished to one (1) Customer may be assumed by a qualified new Customer without lapse in the rendition of service at the exact premise where service is currently rendered.
- B. The Company may require written notice of a Customer's intent to assume existing service. Any and all outstanding charges incurred by the first Customer must be paid for by the Customer assuming the service.

SECTION 2

RULES AND REGULATIONS (cont.)

2.2 ESTABLISHING SERVICE (cont.)

2.2.6 Minimum Service Periods

Unless otherwise specified elsewhere in this Tariff, the minimum service period for all services offered in this Tariff is one (1) month beginning on and including the day following the establishment of service. The minimum service period relates to each applicable unit of service, either on the initial or subsequent installations. For purposes of administration, each month is considered to have thirty (30) days.

2.2.7 Priority of Establishment of Service

Applications for service in a particular exchange will be completed in the chronological order of their receipt to the extent practical and economical, and depending on the availability of facilities.

2.3 FURNISHING OF SERVICE

2.3.1 Provision and Ownership of Service and Facilities

Service and facilities furnished by the Company on the premise of a Customer or Authorized User are the property of the Company and are provided upon the condition that such service and facilities, except as expressly provided in this Tariff, must be installed, relocated, and maintained by the Company. Company employees and agents may enter said premise at any reasonable hour to install, to inspect, or to repair any part of the Company's facilities on the Customer's premise, or to remove such facilities which are no longer necessary for the provision of service.

2.3.2 Company Facilities at Hazardous or Inaccessible Locations

- A. Where service is to be established or maintained at a location that would involve undue hazards or where accessibility is impracticable to employees of the Company, the Company may refuse to furnish such service and/or the Customer may be required to install and maintain the Company's facilities in a manner satisfactory to the Company. The Customer will reimburse the Company for any unusual costs involved.
- B. The Customer shall indemnify and hold the Company harmless from any and all loss, claims, or damage by reason of the installation and maintenance of such service and/or facilities.

SECTION 2

RULES AND REGULATIONS (cont.)

2.3 FURNISHING OF SERVICE (cont.)

2.3.3 Protective Equipment

- A. Protective equipment is required when a hazardous electrical environment is present at a Customer's premise and when the estimated rise in ground potential is sufficient to cause damage to Company facilities or to endanger the safety of the Company's employees or Customers. The Customer must provide the protective equipment subject to Company specifications.
- B. Other special protective equipment and/or neutralizing transformers, isolating transformers, drain coils for use in providing service to Customer's premise where there are high ground potentials, even though not required, may be provided by the Customer, subject to specifications, or in accordance with the rates, terms and conditions otherwise noted in this Tariff.
- C. All equipment connected to the Company's facilities and the telecommunications network shall meet the provisions of Part 68 of the Federal Communications Commission's Rules and Regulations.

2.3.4 Telephone Numbers

- A. Telephone numbers are the property of the Company and are assigned to the service furnished the Customer. The Company reserves the right to change such numbers and/or the central office name associated with such numbers assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business.
- B. The Company shall list each Customer with directory assistance except those numbers not listed at the Customer's request.

SECTION 2

RULES AND REGULATIONS (cont.)

2.3 FURNISHING OF SERVICE (cont.)

2.3.5 Classifications of Service

A. Basis for Classification

1. The determination as to whether Customer service should be classified as business or residence service is based on the character of the use to be made of the service and facilities. This consideration is, in all cases, the basis upon which the rates for any particular service are classified, and any indices of such character of use should be applied with this primary definition in mind.
2. The Company reserves the right to classify any local service furnished a Customer as business or residence service, in compliance with this Tariff.

B. Application of Business Rates

Business rates apply whenever the use of the service is primarily or substantially of a commercial, professional, institutional, or otherwise occupational nature, or where the listing required is such as to indicate business use.

C. Application of Residence Rates

Residence rates apply when the use of the service is of a domestic nature, provided that service is not used substantially for occupational purposes.

D. Changes in classification between residence to business service may be made without change in telephone number if the Customer so desires.

SECTION 2. GENERAL RULES AND REGULATIONS (cont.)

2.3 FURNISHING OF SERVICE (cont.)

2.3.6 Installation, Maintenance, and Repair of Facilities

- A. All ordinary expense of installation, maintenance, and repairs of Company equipment and facilities, unless otherwise specified in this Tariff, is borne by the Company. Where special conditions or requirements of the Customer involve unusual construction or installation costs, the Customer may be required to pay a reasonable proportion of such costs. In case of damage, loss, theft, or destruction of any of the Company's property due to the negligence or willful act of the Customer or other persons authorized to use the service and not due to ordinary wear and tear, the Customer shall be required to pay the actual expense incurred by the Company in connection with replacement of the property or the expense incurred in restoring it to its original condition.
- B. The Customer shall not install, disconnect, rearrange, remove, or attempt to repair any facilities owned and furnished by the Company or permit others to do so, except upon the written consent of the Company or as otherwise specified in the Company's applicable Tariffs. The Company shall have the right to charge the Customer for losses experienced as a result of unauthorized tampering.
- C. The Customer may be billed the applicable Minimum Service Charge for each physical service call to the Customer's premise where off-hook condition is found. The Minimum Service Charge will be the minimum premise visit charge as listed in Sections 4 and 6 of this tariff.

2.3.7 Work Performed Outside Regular Working Hours

The rates and charges specified in this Tariff contemplate that all work in connection with furnishing or rearranging service will be performed during regular working hours. Whenever a Customer requests that work necessarily required in the furnishing or arranging of his service be performed outside the Company's regular working hours, or that work already started should be interrupted, the Customer may be required to pay the amount of additional costs the Company incurs as a result of the Customer's special requirements, in addition to the other rates and charges specified in this Tariff.

SECTION 2

RULES AND REGULATIONS (cont.)

2.4 USE OF SERVICE AND FACILITIES

2.4.1 Use of Service

- A. The Company may refuse to install or may terminate a Customer's service if it is located on premise that is public or semi-public in nature and is not used for the service's intended use.
- B. Services provided by the Company may not be resold by the Customer or used in any manner for which the Customer receives compensation from except as specified below:
 - 1. Services the company provides on a wholesale basis to other certified carriers.
 - 2. Wholesale services will be provided to other certified carriers on a contractual basis.
- C. The Customer is responsible for payment of all charges of the Company for all services ordered by the Customer, including those that are shared or resold as provided herein.

2.4.2 Accessories Provided by the Customer

No equipment, accessory, apparatus, circuit or device shall be attached to or connected with the Company facilities except as provided in this Tariff. In case any such unauthorized attachment or connection is made, the Company shall have the right to remove or disconnect the same, to suspend service during the continuance of said attachment or connection, or to disconnect service. The Customer shall be held responsible for the cost of correcting any impairment of service caused by the use of such attachments or connections and shall be billed for each service call made to his/her premises because of the use of such attachments or connections.

2.4.3 Limit On Communication

The Company reserves the right to limit the length of communications when necessary due to a shortage of facilities caused by emergency conditions.

SECTION 2

RULES AND REGULATIONS (cont.)

2.4 USE OF SERVICE AND FACILITIES (cont.)

2.4.4 Unlawful, Abusive, or Fraudulent Use of Service

- A. The service is furnished subject to the condition that it will not be used for any unlawful purpose. Service will be discontinued, after proper written notice, if any law enforcement agency, acting within its apparent jurisdiction, advises in writing that such service is being used in violation of law. The Company will refuse to furnish service when it has reasonable grounds to believe that such service will be used in violation of law. The Company shall in no event be liable for any damage resulting from any action taken or threatened pursuant to this Section.
- B. The Company may suspend or terminate telephone service, upon proper notice following the rules and regulations of the Commission's Minimum Telephone Service Standards in Rule 4901:1-5-19, to any person(s), firm or corporation who: uses or permits the use of foul, abusive, obscene or profane language over the facilities furnished by the Company; or impersonates or permits impersonation of any other individual with fraudulent or malicious intent; or uses or permits their telephone to be used to make calls whether anonymous or otherwise in any manner which could reasonably be expected to frighten, abuse, torment, or harass another; or uses the service in such a manner as to interfere in any way with the service of others. SECTION 2

RULES AND REGULATIONS (cont.)

2.5 DISCONNECTION, TERMINATION OR SUSPENSION OF SERVICE

2.5.1 *Discontinuance of Service*

A. Non-payment Service Interruption

In the event of a proposed disconnection of local service, the following procedures shall apply:

1. A Subscriber's bill shall not be due earlier than fourteen (14) days from the date of the postmark on the bill. If the bill is not paid by the due date, it then becomes past due.
2. The Company complying with the conditions set forth in this rule may disconnect service during normal business hours; however, no disconnection for past due bills may be made after twelve thirty p.m. on the day preceding a day that all services necessary for reconnection are not regularly performed or available. QualStar Communications, Inc. ("Company") will comply with the disconnection requirements as found in Case No. 95-790-TP-COI and the Commission's Minimum Telephone Service Standards at Rule 4901:1-5-19.
3. No Local Service can be disconnected for non-payment of Local Service Charges unless the Company has given the affected Customer a written notice of the proposed disconnection postmarked at least seven (7) days before the proposed date of disconnection. The notice must include:
 - a. A statement that failure to pay the amount required at the Company's office or to one of its authorized agents by the date specified on the notice may result in the disconnection of local or toll optional service;
 - b. The earliest date when disconnection will occur.
 - c. The reasons for disconnection and any actions which the subscriber must take in order to avoid the disconnection, including the total amount required to be paid. This amount shall not be greater than the past due balance.
 - d. The total amount due to avoid disconnection of local or toll service.

Issued Date: July 19, 2000

SECTION 2

RULES AND REGULATIONS (cont.)

2.5 DISCONNECTION, TERMINATION OR SUSPENSION OF SERVICE (cont.)

2.5.1 Discontinuance of Service (cont.)

A. Non-payment Service Interruption (cont.)

- e. The total amount due for non-regulated charges and a statement that nonpayment of such charges cannot result in the disconnection of basic local service or regulated toll service.
- f. The address and telephone number of the office that the Subscriber may contact in reference to his account.
- g. A statement that the Commission staff is available to render assistance with unresolved complaints, and the then-current address and local / toll free telephone numbers and TDD/TTY numbers of the Commission's Public Interest Center; and
- h. A statement that an additional charge for reconnection may apply if service is disconnected. The statement shall also include a notice that payments to an unauthorized payment agent may result in the untimely or improper crediting of the Subscriber's account.

B. Disconnection With Notice

Telephone service may be disconnected after proper notice, per the Commission's Minimum Telephone Service Standards at Rule 4901:1-5-19, for any of the following reasons:

- 1. Failure to pay a delinquent account for charges incurred for local service.
- 2. Violation of the Company's rules pertaining to the use of service in a manner which interferes with the service of others or the operation of nonstandard equipment when a reasonable attempt has been made to notify the Customer and the Customer is provided with a reasonable opportunity to remedy the situation.
- 3. Failure to comply with deposit or guarantee arrangements where required.
- 4. Failure to pay the account of another Customer as guarantor thereof.

SECTION 2

RULES AND REGULATIONS (cont.)

2.5 DISCONNECTION, TERMINATION OR SUSPENSION OF SERVICE (cont.)

2.5.1 Discontinuance of Service (cont.)

B. Disconnection With Notice (cont.)

5. The Company must notify or attempt to notify the subscriber before service is disconnected when:
 - a. the Subscriber has committed a fraudulent practice as set forth and defined in its tariff on file;
 - b. a violation of or noncompliance with the Commission's then-current regulations governing service supplied by the Company;
 - c. a violation or noncompliance with the Company's rules or tariffs on file with the Commission;
 - d. a failure to comply with Municipal ordinances or other laws pertaining to telecommunications services; or
 - e. a refusal by the Subscriber to permit the Company necessary access to its facilities or equipment.

C. Telephone service may be disconnected without notice under either of the following conditions:

1. When an emergency may threaten the health or safety of a person, or the Company's distribution system. If service is disconnected, the Company shall act promptly to assure restoration of service as soon as possible. Service shall be restored to a residence before it may be disconnected for any other reason;
2. In the event of a Subscriber's use of Telecommunications equipment in such a manner as to adversely affect the Company's equipment, its service to others, or the safety of the Company's employees or Subscribers; or
3. In the event of tampering with any facilities or equipment furnished and owned by the Company.

SECTION 2

RULES AND REGULATIONS (cont.)

2.5 DISCONNECTION, TERMINATION OR SUSPENSION OF SERVICE (cont.)

2.5.1 Discontinuance of Service (cont.)

D. Disconnection of Service other than Local Service

1. In addition to enforcing the Company's own billing, credit/deposit, and disconnection policies on regulated services provided by the Company, the Company may enter into formal contracts with toll providers that authorize the Company as a contractual agent for the purposes of enforcing the billing, credit/deposit and disconnection policies of the providers of service.
2. The Company is prohibited from disconnecting a Customer's local service for non-payment of charges incurred by the customer for toll service.
3. Partial payments by the Customer to the Company will be apportioned by the Company to the Company's regulated local service charges before being applied to any toll charges provided by the Toll Provider. In addition, charges will apply to all regulated services before being applied to charges for nonregulated services.
4. When the Company disconnects toll service for nonpayment of toll debt, whether owed to the Company or to another Toll Provider for which the Company has a contractual arrangement with, the method of toll disconnection:
 - a. must not function as a vehicle by which the nonpaying toll subscriber is denied access, through presubscription, to any other toll service provider besides the one whose provision of toll service has precipitated the toll disconnection;
 - b. must be available from the Company, by tariff, on a nondiscriminatory basis to all toll service providers; and
 - c. may consist of either a dePICing mechanism or else a selective toll blocking service.
5. Neither purchase of the toll service provider's accounts receivable by the Company, nor a requirement that the Company shall be the billing and collection agent for the toll service provider, shall be established as a necessary precondition imposed by the Company in connection with its tariffed disconnection services offered on a nondiscriminatory basis to all toll service providers.

RULES AND REGULATIONS (cont.)

2.5 DISCONNECTION, TERMINATION OR SUSPENSION OF SERVICE (cont.)

2.5.1 Discontinuance of Service (cont.)

D. Disconnection of Service Other than Local Service (cont.)

6. The Company may disconnect its customer's local service for nonpayment of charges incurred for local service. Such disconnection must be conducted pursuant to all of the Commission's applicable minimum telephone service standards. All practices of the Company pertaining to either the provision of its own toll service, if any, or as a duly-authorized agent for another toll service provider shall also conform to the Commission's minimum telephone service standards.
 - a. Disconnection notices issued by the Company pursuant to Rule 4901:1-5-10 (K)(3), O.A.C., must inform the subscriber facing local service disconnection of the total amount which the subscriber would need to pay in order to avoid disconnection of local service. It must also inform the subscriber of the Company's legal obligation to provide "local only" service to customers whose local service charges are paid, even while their toll service is disconnected for nonpayment of outstanding toll debt.
7. Toll disconnection service offerings are available on a nondiscriminatory basis (including rates) to all toll service providers in areas where implementation of intraLATA equal access has already occurred. Options and non-recurring costs are as follows:
 - a. DePICing service is available for the toll provider to request the customer be unsubscribed to its toll service.
 - b. Selective, Company-Specific, Toll Blocking Service is available and is provided to toll providers requesting that the customer not be given access to any of the toll providers service plans.

2.5 DISCONNECTION, TERMINATION OR SUSPENSION OF SERVICE (cont.)

2.5.2 Restoration of Service

- A. For restoration of a Customer's Telecommunications Service when service has been disconnected the following conditions are applicable. Service Charges are discussed in Section 3 of this Tariff.
- B. If the Customer's service has been terminated the Customer must reapply for telephone service as a new applicant before having service restored. Such application will be subject to applicable Service Charges.
- C. At its discretion, the Company may restore or re-establish service, which has been suspended or disconnected for nonpayment of charges prior to payment of all charges due. As directed in the Commission's MTSS document at Sec. 19(L), all charges to be paid prior to restoration include only past due amounts and not reconnection fees. Such restoration or re-establishment shall not be construed as a waiver by the Company of any rights to suspend or disconnect service for nonpayment of charges due and unpaid, or for the violation of the provisions of this Tariff. Moreover, the Company's failure to suspend or disconnect service for nonpayment of any past due account or accounts shall not operate as a waiver or estoppel to suspend or disconnect service for nonpayment of such account or of any other past due account.

2.6 CUSTOMER RELATIONS

2.6.1 General

- A. The Company will maintain a current set of maps showing the physical locations of its facilities and telephone exchange locations. Each central location will have available up-to-date maps or records of its immediate area, with such other information as may be necessary to enable the Company to advise applicants and others entitled to the information, as to the facilities available for serving that locality.
- B. Upon request for service by an Applicant or upon request for transfer of service by a Customer, the Company shall inform the Applicant or Customer of the Company's lowest priced alternatives available at the Customer's location. The Company shall provide this information beginning with the lowest priced alternative and giving full consideration to applicable service or equipment options and Installation Charges.

2.6 CUSTOMER RELATIONS (cont.)

2.6.1 General (cont.)

- C. The Company will post a notice in a conspicuous place in each business office of the Company where applications for service are received informing the public that copies of the rate schedules and rules relating to the services of the Company, as filed with the Commission, are available for inspection.
- D. The Company will provide to all new telephone utility Customers, at the time service is initiated, a pamphlet or information packet advising the Applicant of his or her rights as a Customer. This information shall inform the Customers concerning their right to request information relating to rates and services; bill payment policies; regulations in regard to termination of service; billing disputes; information about alternative payment plans; reconnection of service after involuntary termination; Customer complaints; supervisory review by the Company and registering a complaint with the Commission; Company business office hours, addresses and telephone numbers; deposits; statement of nondiscrimination; and availability of any special services such as readers or notices in Braille, as well as the telephone number of the teletypewriter for the deaf at the Commission.

2.6.2 Customer Complaints

- A. Upon complaint to the Company by a Customer either at the Company's office by letter or by telephone, the Company shall promptly make a suitable investigation and advise the complainant of the results thereof within ten (10) business days.
- B. In the event the complainant is dissatisfied with the Company's report, the Company will advise the complainant of the Commission complaint process, and inform the complainant that they may contact the Division at the Commission which is responsible for handling complaints.
- C. Upon receipt of a complaint, either by letter or by telephone, from the Commission on behalf of a Customer, the Company shall make a suitable investigation and advise the Commission within ten (10) days of the results thereof.
- D. The Company shall keep a record of all complaints which shall show the name and address of the complainant, the date and nature of the complaint, and the adjustment or disposition thereof, for a period of two years subsequent to the final settlement of the complaint. Complaints with reference to rates or charges, which require no further action by the Company, will not be recorded.
- E. QualStar Communications, Inc. will comply with the Customer Complaint regulations found in the Commission's Minimum Telephone Service Standards at Rule 4901:1-5-05.

SECTION 2

RULES AND REGULATIONS (cont.)

2.6 CUSTOMER RELATIONS (cont.)

2.6.3 Applicant or Customer Deposit

A. Definition of Applicant and Customer

For purposes of this subsection, an Applicant is defined as a person who applies for service for the first time or reapplies at a new or existing location after discontinuance of service. Customer is defined as someone who is currently receiving service or has received service in the past.

B. Establishment of Credit

1. The Company may require an Applicant, a presently disconnected Customer, or a former Customer to satisfactorily establish credit for the purpose of guaranteeing final payment for service. Such establishment of credit will not relieve the Customer from prompt payment of bills. Credit history shall be applied equally for a reasonable period of time to a spouse or former spouse who shared telephone service. Credit history applies equally to both, without modification.

C. Interests on Deposits

1. The Company shall pay interest on deposits at a rate not to exceed the rate established by the Commission. Interest on deposits shall accrue annually and shall be credited annually, calculated to December 1 of each year for the time such deposit was held by the Company.
2. QualStar Communications, Inc. will comply with the Customer Deposit requirements as found in the Commission's Minimum Telephone Service Standards at 4901:1-17.

SECTION 2
RULES AND REGULATIONS (cont.)

2.6 CUSTOMER RELATIONS (cont.)

2.6.3 Applicant or Customer Deposit (cont.)

C. Deposit Required

1. The required initial deposit may not exceed one-twelfth the estimated charge for all service for the ensuing twelve months plus thirty (30) percent of the monthly estimated charge for a specified customer. Deposits held for less than 180 days shall not accrue interest. Interest on intrastate deposits held for 180 days or longer will be handled in accordance with Rule 4901:1-17-05 of the Ohio Administrative Code. (OAC)

D. Information Provided With Deposits

At the time a deposit is required, the Company shall provide written information about deposits to Applicants for, or Customers of, business or residential service. This information will include:

1. the circumstances under which the Company may require a deposit, or request an additional deposit;
2. how a deposit is calculated;
3. the amount of interest paid on a deposit and how this interest is calculated; and
4. the time frame and requirement for return of the deposit to the Customer.

F. Records of Deposits

1. The Company will keep records to show:
 - a. The name and address of each depositor;
 - b. The amount and date of the deposit; and
 - c. Each transaction concerning the deposit.
2. The Company will issue a receipt of deposit to each Applicant or Customer from whom a deposit is received and will provide means whereby a depositor may establish his claim if the receipt is lost.
3. A record of each unclaimed deposit will be maintained for four (4) years, during which time the Company will make a reasonable effort to return the deposit.

G. Refund of Deposit:

1. If service is not connected or after disconnection of service, the Company will promptly and automatically refund the Customer's deposit plus accrued interest or the balance, if any, in excess of the unpaid bills for service furnished. A transfer of service from one premise to another within the service area of the Company shall not be deemed a disconnection where refund of the deposit is concerned.

RULES AND REGULATIONS (cont.)

2.6 CUSTOMER RELATIONS (cont.)

2.6.4 Payment for Service

A Customer shall be responsible for the payment of all charges for services and equipment furnished the Customer, including charges for services originated and/or charges accepted at the Customer telephone. Failure to receive a bill or disconnect notice does not relieve the Customer of the responsibility for payment provided the Company has followed procedures for proper Customer notification. The services or facilities furnished by the Company may be suspended for failure of the Customer to pay any sum due as set forth under Sections concerning discontinuance of service. Billing of the Customer's service will comply with the Commission's Minimum Telephone Service Standards at Rule 4901:1-5-16.

A. Billing and Charges

1. Subscriber bills for local services shall be rendered at regular intervals (monthly) and provide the following:
 - a. The Subscriber's name, address, telephone number, or account number;
 - b. The telephone numbers of the Company's business office to be contacted concerning the bill;
 - c. The beginning and ending dates of the billing period;
 - d. The current month's billing;
 - e. Any unpaid amounts from previous bills;
 - f. Any late payment charge;
 - g. Any nonrecurring, fractional, or non-basic service charges;
 - h. Any charges for non-regulated services or products and a statement that nonpayment of such charges may result in the disconnection or restriction of such services and such delinquencies may be subject to collection actions;
 - i. Any applicable taxes;
 - j. Any credits and charges applied to the account during the current billing period;
 - k. The total amount due and payable;
 - l. A statement as to how and where the bill may be paid;
 - m. An explanation of codes and abbreviations used; and
 - n. A statement that for unresolved inquiries, the Subscriber may wish to call the Public Utilities Commission of Ohio, including the current local and toll free telephone numbers of the Commission's public interest center and TDD/TTY number.

2.6.4 Payment for Service (cont.)

A. Billing and Charges (cont.)

2. Charges for local services and facilities are payable monthly in advance.
3. A listing of current charges on a Subscriber's bill for local service must include an itemization of all charges, the type of service, and call characteristics. Subscribers bills will conform to the requirements of 4901: 1-5-16, O.A.C.
4. A listing of current charges on a Subscriber's bill must include all interexchange services or toll calls which are either provided by the Company or by an IXC through billing arrangements with the Company.
5. A statement that nonpayment of toll charges may result in disconnection of toll service and may be subject to collection action.
6. The required detailed customer billing information required on a Customer's bill shall be retained by the Company for at least eighteen months.
7. The date the bill is due shall be clearly stated.
8. An itemized listing of the basic and optional services subscribed to, monthly rate of each service, and the amount of any security deposit being held by the Company will be included on each new Subscriber's first bill.

2.6.4 Payment for Service (cont.)

B. Pro Rating of Charges

Charges for service normally furnished on a monthly basis (except those involving a minimum billing period) billed for periods in excess of, or less than, a billing month will be pro rated.

C. Suspended or Disconnected Service

1. Should service be suspended for nonpayment of charges, it will be restored only as provided for in this Tariff.
2. When service has been disconnected for nonpayment, the service agreement is considered to have been terminated. Re-establishment of service may be made only upon the execution of a new service agreement which is subject to the provisions of this Tariff.

D. Payment Arrangements

The Company may agree to a payment arrangement, whereby an outstanding bill will be paid after the due date of the bill, but before the due date of the next bill if a Customer so requests. Other payment arrangements may be agreed on depending upon individual circumstances. If the Customer does not fulfill the terms of such payment arrangements, the Company shall have the right to disconnect service.

- ###### E. QualStar Communications, Inc. will comply with the billing requirements as found in the Commission's Minimum Telephone Service Standards at Rule 4901:1-5-16.

SECTION 2

RULES AND REGULATIONS (cont.)

2.6 CUSTOMER RELATIONS (cont.)

2.6.5 Allowance for Interruptions

In the event a Customer's service is interrupted other than by the negligence or willful act of the Customer or for mechanical problems past the Company's facility connection point with the Customer, and it remains out of order for twenty-four (24) hours or longer after being reported to be out of order and after access to the premise is made available, appropriate adjustments or refunds shall be made to the Customer. If a service interruption exceeds twenty-four hours but is less than forty-eight hours, the adjustment shall be at least the pro-rate portion of the monthly charge for any and all local services rendered inoperative during the interruption. Any Subscriber who experiences a longer service interruption:

- A. In excess of 48 hours but less than 72 hours shall be provided with a credit equal to at least one third of one month's charges for any local services rendered inoperative.
- B. In excess of 72 hours but less than 96 hours shall be provided a credit equal to at least two-thirds of one month's charges for any local services rendered inoperable.
- C. In excess of 96 hours shall be provided a credit equal to at least one month's charges for any local services rendered inoperable.

QualStar Communications, Inc. will comply with the service interruption requirements as found in Case No. 95-790-TP-COI and the Commission's Minimum Telephone Service Standards in Rule 4901:1-5-18 and 4901:1-5-25.

2.6.6 Adjustment of Charges for Overbilling and Underbilling

If billings for Telecommunications Service are found to differ from the Company's lawful rates for the services being purchased by the Customer, or if the Company fails to bill the Customer for such services, a billing adjustment shall be calculated by the Company.

The backbilling for both overcharges and undercharges to the Customer shall not exceed twelve (12) months.

If such undercharges are one hundred dollars (\$100.00) or more, the Company shall offer the Customer a deferred payment plan option for the same length of time as that of the underbilling.

2.6.7 Disputed Bills

- A. In the event of a dispute between a Customer and the Company regarding any bill for utility service, the Company shall forthwith make such investigation as shall be required by the particular case, and report the results thereof to the Customer and, in the event the dispute is not resolved, shall inform the Customer of the complaint procedures of the Commission.
- B. A Customer's service shall not be subject to discontinuance for nonpayment of that portion of a bill under dispute pending the completion of the determination of the dispute. The Customer is obligated to pay any billings not disputed. Undisputed amounts are subject to discontinuance of service.
- C. Any Customer or Applicant for service requesting the opportunity to dispute any action or determination of the Company under the Customer service rules as set out in the Company's Tariff shall be given an opportunity for a supervisory review by the Company. If the Company is unable to provide a supervisory review immediately following the Customer's request for such review, arrangements for the review shall be made for the earliest possible date. Service shall not be disconnected pending completion of the review. If the Customer chooses not to participate in such review or to make arrangements for such review to take place within thirty (30) days after requesting it, the Company may disconnect service, providing notice has been issued under standard disconnect procedures. Any Customer who is dissatisfied with the review by the Company will be informed of their right to file a complaint and/or request a hearing before the Commission. The results of the supervisory review must be provided in writing to the Customer within ten (10) days of the review.
- D. QualStar Communications, Inc. will comply with the Billing Adjustment requirements as found in the Commission's Minimum Telephone Service Standards at Rule 4901:1-5-18.

SECTION 2

RULES AND REGULATIONS (cont.)

2.7 LIABILITY OF THE COMPANY

2.7.1 Service Irregularities

The liability of the Company for damages arising out of mistakes, omissions, interruptions, delays, errors, or defects in transmission, or failure or defects in facilities furnished by the Company, occurring in the course of furnishing service or other facilities and not caused by the negligence of the Company in failing to exercise reasonable supervision or to maintain proper standards of maintenance and operation, shall in no event exceed an amount of equivalent to the proportionate Local Service Charge to the Customer for the period of service during which such service irregularities occur and continue.

However, any such mistakes, mistakes, omissions, interruptions, delays, errors, or defects in transmission, or failure or defects in facilities furnished by the Company, which are caused or contributed to by the negligence or willful act of the Customer, Authorized User, or Joint User or which arise from the use of Customer provided premise equipment shall not result in the imposition of any liability whatsoever upon the Company.

2.7.2 Use of Facilities of Other Connecting Carriers

When suitable arrangements can be made, facilities of other connecting carriers may be used in conjunction with the Company's facilities in establishing connections to points not reached by those facilities. Neither this Company nor any connecting carrier participating in a service shall be liable for any act or omission of any other Company or companies furnishing a portion of such service.

2.7.3 Indemnifying Agreement

The Company shall be indemnified and saved harmless by the Customer against: claims for libel, slander, or the infringement of copyright arising directly or indirectly from the material transmitted over Company facilities or the use thereof.

2.7.4 Defacement of Premise

The Company is not liable for any defacement or damage to the premise of a Customer resulting from the furnishing of service or the installation, attachment, or removal of the facilities furnished by the Company on such premise unless such damage is created by the Company's negligence or intentional actions.

SECTION 2

RULES AND REGULATIONS (cont.)

2.8 INDIVIDUAL CASE BASIS (ICB) ARRANGEMENTS

2.8.1 General

Arrangements will be developed on a case-by-vase basis in response to bonafide requests from a Customer or Applicant to develop a competitive bid for a service offered under this Tariff. Rates quoted in response to such competitive requests maybe different than those specified for the services in this Tariff. ICB rates will be offered to the Customer or Applicant in writing and on a non-discriminatory basis. ICB rates and/or contracts will be filed with the Commission.

2.9 TEMPORARY PROMOTIONAL PROGRAMS

2.9.1 General

The Company may from time to time engage in special promotions of limited duration of its service offerings designed to attract new customers or to increase existing customer awareness of a particular tariff offering. Waiver of any charges other than a nonrecurring charge shall be limited to 90 calendar days on a per customer basis during a 12-month period. Requests for promotional offerings will be presented to the Commission for its review in accordance with Case No. 95-845-TP-COI..

3.5.8 Direct Inward Dial Trunks (DID) (Rates listed in 4.1.8 and 6.1.8)

- A. DID service permits calls incoming to PBX or other CPE from the network to reach a specific line number without the assistance of an attendant. The service includes central office switching equipment necessary for in dialing from the network directly to station lines associated with the customer CPE. The service must be provided on all trunks in a group arranged for DID. One primary directory listing will be furnished, without charge, for each separate trunk group. The customer shall be responsible for providing interception to calls to vacant or non-working assigned DID number. DID numbers are provided in blocks consisting of a minimum of 20 consecutive numbers.

3.5.9 Trunk Hunting (Rates listed in 4.1.9 and 6.1.9)

- A. Trunk hunting is a combination of two or more individual lines connected to the same central office so that calls to the listed number overflow to the next available line if the listed number is available. The monthly rate for trunk hunting applies to each line in addition to the regular individual lines. Residential trunk hunting is limited to 10 telephone numbers. For groups of numbers greater than that business trunk hunting rates will apply.

3.5.10 Verification Service/Emergency Interrupt Service (Rates listed in 4.1.10 and 6.1.10)

- A. The Company furnishes Verification Service for the purpose of aiding Customers with legitimate call completion problems. Upon request the operator will verify and provide the line status condition of a local Customer line.
- B. A Customer-originated request for verification of a local number other than an emergency agency number is a chargeable verification request. No charge applies if the line is out of order.
- C. The Company furnishes Emergency Interrupt Service when a Customer who has originated a verification request to a line which has been found to be busy informs the operator that an urgent or emergency situation exists and requests that the operator have the busy line cleared.
- D. A Customer-originated request for emergency interrupt to a local number other than an emergency agency number is a chargeable Emergency Interrupt Service.
- E. The Customer shall indemnify and hold the Company harmless against all claims that may arise from either party to the interrupted call or any person.

3.5.16 Call Management Services (Rates listed in 4.1.14 and 6.1.14)

A. Call Management features are detailed below for both business and residential customers available to Subscribers of basic line services. Listed below are descriptions of each service. Rates are found in Sections 4 and 6.

1. Anonymous Call Rejection

Anonymous Call Rejection allows Subscribers to automatically stop certain calls from ringing their phones. Calls would be those that the calling party did not send the calling number and would have been shown as "private" on the Caller ID unit. The calling party will hear a recording, "We're sorry, the party you've reached is not accepting private calls. To make your call, hang up and dial *82 (cancels anonymous call) and redial." The caller is only able to reach the Customer without restricting the transmission of the calling number.

2. Call Forwarding Busy Line

Call Forwarding Busy Line allows calls to be transferred automatically to a pre-designated telephone number when the line is busy.

3. Call Forwarding Don't Answer

Call Forwarding Don't Answer allows calls to be transferred automatically to a pre-designated telephone number when the line is unanswered.

4. Call Forwarding Multi-Path

Call Forwarding Multi-path allows the Customer to specify the number of simultaneous calls to transfer automatically to the forwarding number.

5. Call Forwarding Variable

Call Forwarding Variable enables a Customer to automatically divert all incoming calls to another telephone number.

6. Calling Number Delivery (Caller ID Basic)

Calling Number Delivery will enable the Customer to receive the time, the date and calling number on an incoming call. The number will be delivered to the called party's CPE in the interval between the first and second ring. Call blocking may be utilized as described in 6.4.1 (8).

7. Calling Name and Number (Caller ID Deluxe) –

Calling Name and Number Delivery will enable the Customer to receive the name of the caller, the time, the date and the calling number on an incoming call. The name and number will be delivered to the called party's CPR in the interval between the first and second ring. The displayed name is the name associated with the calling party number. Call blocking may be utilized as described in 6.4.1 (8).

8. Calling Number Delivery Blocking (Call Block)

Calling Number Delivery Blocking will allow the calling party to suppress a directory number such that the called party with Calling Number Delivery does not receive the information. The called party will receive a "private" message instead of the calling party's directory number.

Two options for Calling Number Delivery Blocking are available:

- a. Per call Blocking
Customers utilize an activation code on a per call basis to prevent the disclosure of the calling party's directory number. Use of the activation code prevent the number display on the ensuing call only and does not prevent the calling number from display on subsequent calls. The activation code must be utilized on each call.
- b. Subscription per line Blocking
Subscription per line blocking is applicable on all outgoing calls placed from the Subscriber's line. (Non-recurring charges will be applied as follows for Subscriber's requesting the blocking service after initial enrollment period)

9. Call Return

Call return allows a Customer to have a call set up performed the calling party of the last incoming call, whether or not it was answered. Call Return is also available on a per call basis. This feature is available on a universal basis to Customers and can be utilized by Customers on a per attempt basis. Customers also have the option to subscribe to the feature on a monthly basis at a flat rate with no per/attempt charges added. When offered on a universal basis, the Customer may request removal of access to this feature at no additional charge.

10. Call Return Blocking

Call return blocking prohibits a customer who subscribes to Call Return from returning a call by activating the Call Return code. This feature and the options are detailed in Section 6.4.1. (8).

11. Call Waiting

Call Waiting provides a burst of tone to inform a station user with a call already in progress that another call is waiting to be answered.

12. Customer Control of Call Forwarding

Customer Control of Call Forwarding allows the Customer to activate and deactivate Call Forwarding features.

13. Customer-Originated Trace (Call Tracing)

Customer-Originated Trace is an optional service, available upon Customer request, that allows the Customer to initiate a trace of the last incoming call. The customer must dial a company-designated code before another call or call-waiting tone is received by the Customer. A recording will indicate if the trace was successful. If the Customer desires for the retention of the trace record, the Customer must contact the Company within five business days. Call trace is available where facilities permit. The results of the trace may not be provided directly to the Customer initiating the trace.

3. Channel Multiplexing

a. DS-3 to DS-1

An arrangement that converts a 44.746 Mbps channel to 28 DS-1 channels.

b. DS-1 to DS-0

An arrangement that converts a 1.544 Mbps channel to 24 channels for use with dial up digital data services.

c. DS-0 to subrate

An arrangement that converts a 64 Kbps channel to subrates of up to twenty (20) 2.4 Kbps, ten (10) 4.8 Kbps, or five (5) 9.6 Kbps channels.

d. Clear Channel Capability

Clear Channel Capability is an arrangement that alters a 1.544 Kbps signal with unconstrained information bits. This arrangement requires the Customer to provide the signal at the Customer interface conforming to B8ZS line code.

3.7.5 Basic Rate Interface (BRI) (Rate listed in 4.2.5 and 6.2.5)

A. Description

1. BRI is provided as part of ISDN (Integrated Services Digital Network)
2. BRI provides the customer two B-channels with transmission speeds up to 64 Kbps each and one 16 Kbps D-channel.
3. The service provides switched communications paths providing the Customer with a variety of options in configuring the service to include voice, video and data.
4. BRI service delivers three distinct channels to the Customer premise – Two B channels and one D channel as described in B. above.

3.7.5 Basic Rate Interface (BRI) (cont.)

A. Description (cont.)

5. The B channels are capable of carrying circuit-switched data at speeds up to 6 Kbps.
6. The D channel carries signaling at 16 Kbps for call control features.
7. The Customer is responsible for providing BRI compatible equipment at the Customer premise .
8. BRI service is only available where facilities, hardware and software exist.
9. Customers are responsible for premise terminal equipment that interfaces with the Company's facilities at the NID (Network Interface Device).
10. Two primary numbers will be included with BRI service, one for each B channel.

B. Service Capabilities

1. Full capabilities of BRI services allow customers to configure the service to combine voice, video and data functionality. BRI service will be offered initially only for the transmission of data services. This tariff will be modified as necessary when voice services are offered by the Company.
2. Customers shall subscribe to one of the standard service capability packages established by the North American ISDN Users' Forum. Each capability package not only specifies the interface configuration, but also the features and capabilities of the interface.

C. Service Capability Packages

1. Service Capability Packages can be designed for the integration of voice and data services. Packages that offer voice capabilities will be added to this tariff when such services become available from the Company.
2. Until voice services are added, the Customer will receive each B channel configured for circuit-switched data services.

- b. Package 2 – provides two B channels configured for circuit-switched data. No voice capabilities are provided. The data capabilities include calling number identification.

D. Application of Rates

1. BRI is offered on an unlimited use basis. All applicable state and federal charges will apply.
2. Service Capability Package rates are applied on a per package basis.
3. When voice services are available from the Company, basis residential and business local service rates will apply in addition to the BRI monthly rates.

3.7.6 Primary Rate Interface (ISDN-PRI) (Rates listed in 4.2.6 and 6.2.6)

A. Description

1. ISDN-PRI ("PRI") is a high speed end-to-end digital switched service that can carry simultaneous voice, video and data services.
2. Customer Premise Equipment (CPE) controls whether traffic on PRI service is inward, outward or a combination of both.
3. Standard PRI service consists of up to twenty-three (23) B-channels and one D-channel at a total speed of 1.544 Mbps.
4. The D-channel is used for signaling and the B-channels handle the voice, video and data services.

2. A PRI service change charge applies for changes or additions of one or more channels to existing trunk groups on each PRI service, per occasion, per trunk group.
3. Local usage charges for circuit switched data and voice apply.

C. Service Elements

1. Local Channel Termination – provides the Company's Central Office termination.
2. Local Channel – Local distribution channel between the Company's Central Office and the Customer premise.
3. PRI D Channel - The D Channel may be specified as a backup D channel for an existing D channel that provides control functions for PRI connectivity.

3.7.7 DS-1 Data Link Services (DS1-DLS) (Rates listed in 4.2.7 and 6.2.7)

A. Description

1. DS1-DLS is a digital switched data communications service primarily for use by ISPs or ESPs. This service provides the Customer twenty-four (24) digital terminations via a single DS-1 signal.
2. The service is provided only where facilities exist.
3. DS1-DLS is for the transmission of digital signals only.

5. DS1-DLS is furnished only for one-way transmission of digital signals at 1.544 Mbps between a serving wire center and Customer premise within the same exchange.
6. DS1-DLS does not give the Customer access to local exchange and/or toll network.

B. Responsibility of the Customer

1. The Customer must provide appropriate digital terminating equipment at the Customer location that connects to the Company's DS1-DLS service. The DSU/CSU must comply with industry standard specifications.
2. The Customer will be responsible for all installation and maintenance of the digital terminating equipment at the Customer premise unless otherwise contracted for by the Company as ICB.
3. The Customer will be responsible for premise visits by the Company to the Customer's location when trouble reports indicate the problem is resident within the Customer premise equipment.
4. Service is provided for a minimum service period of six months. A termination charge applies when the Customer terminates service prior to the minimum service period.

C. Responsibility of the Company

1. The Company is limited to furnishing and maintaining service to the interface point on the Customer premise where provision is made to connect to the appropriate Customer provided termination equipment.
2. Because the Company is not responsible for Customer-provided equipment, liability is not assumed by the Company for the through transmission of signals generated by Customer equipment of the reception of signals received by Customer equipment.

2. The primary facility consists of one pilot telephone number, one serving wire center termination and one 24 channel DS-1 facility.
3. The secondary facility consists of one serving wire center termination, a 24 channel DS-1 facility, and rotary hunting with the primary facility and all other secondary facilities.

3.7.8 Digital Loop Service (Rates listed in 4.2.8 and 6.2.8)

A. Description

1. Digital Loop Service is a non-switched private line facility consisting of two loops that connect within the same serving wire center.
2. The two loops are connected by the Company at it's serving wire center to provide a complete Customer premise to premise transmission path.
3. Loops are furnished on a two-wire or four-wire basis over non-loaded metallic cable facilities.
4. Loops are designed for the transmission of digital signals.
5. Digital loop service requires the Customer to obtain premise equipment compatible with the digital loop service.
6. Provision of digital loop service is dependent upon facilities available.
7. The Company will determine availability and suitability of facilities to provision Digital Loop Service.
8. Digital Loop Service is only available where the Customer's location is within the provisioning parameters of the service. Consultation will be held with the Customer prior to ordering of service to determine feasibility.
9. Suitable facilities are determined by the physical route of the loops and not the distance from customer locations.

A. Description (cont.)

10. In general, the sum of individual loop lengths cannot exceed a distance of approximately 18,000 feet.
11. Digital Loop Service is only used for symmetrical transmissions, meaning the send and receive directions of transmission have the same data signaling rate.
12. Digital Loop Service may be configured as either two-wire or four-wire service. Customer premise equipment must have the appropriate interface for the configuration.
13. Interconnection of Digital Loop Service is point-to-point. Point-to-multi point service is not supported by the Company.
14. Minimum service interval for Digital Loop Service is six months.
15. The Customer is responsible for payment of premise visit charge if the Company is dispatched to the Customer premise on a trouble call and the service difficulty is found to be caused by the Customer equipment.

B. Responsibility of the Customer

1. The Customer is responsible for the terminating equipment at the Customer premise and the operation of the equipment with current digital loop standards.
2. The Customer is responsible for any necessary installation and maintenance of Customer premise equipment.

TELEPHONE SERVICE REQUIREMENTS FORM
Pursuant to Case Nos. 99-998-TP-COI and 99-563-TP-COI

The provider affirms that it is in compliance with Commission directives concerning the following checked items, and that this represents an up-to-date listing of applicable "generic" service requirements. The provider understands that this in no way supersedes the context of the applicable Commission orders described below. Unless otherwise specified, this language replaces the need for related language to be contained in the provider's tariff.

A. MANDATORY REQUIREMENTS FOR BASIC LOCAL EXCHANGE AND CTS PROVIDERS (unless otherwise noted):

[x] 1. **SALES TAX** (See also Case No. 87-1010-TP-UNC)

Certain telecommunication services, as defined in the Ohio Revised Code, are subject to state sales tax at the prevailing tax rates, if the services originate, or terminate in Ohio, or both, and are charged to a subscriber's telephone number or account in Ohio.

[x] 2. **MTSS TARIFF REQUIREMENTS**

[x] The provider attests that its tariffs include:

X provider-specific language addressing the deposit method (as cited in 4901:1-5-13) adopted by the company and approved by the Commission;

X Toll Caps (choose one):

☐ language addressing the provider-specific parameters of toll caps approved by the Commission, OR

X not applicable since the provider has not chosen to incorporate toll caps.

x language regarding establishment of service, including requirements to establish creditworthiness, as cited in 4901:1-5-13;

x language regarding residential service guarantors, as cited in 4901:1-5-14;

x language regarding subscriber bills, as cited in 4901:1-5-15;

x language regarding subscriber billing adjustments for local exchange service, as cited in 4901:1-5-16; and,

- x language regarding denial or disconnection of local and/or toll service, including the requirements for the reconnection of local and/or toll service, as cited in 4901:1-5-17.

Check the boxes below to attest that the provider shall adhere to the following criteria when the provider implements cancellation of service policies and/or requests an advance payment:

- x Cancellation of Service:

When a customer cancels an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below:

Where the company has notified a customer or prospective customer of the possibility that special expenses may be incurred in connection with provisioning the customer's service, and then the company does incur such expenses. Expenses could include special construction, or where special arrangements of facilities or equipment have begun before the company received a cancellation notice. The charge will be equal to the costs actually incurred, less net salvage;

- x Advance Payment:

Advance Payment means a payment that may be required by the company as a means of being compensated for extraordinary expenses, including, but not limited to, special construction costs associated with a particular service installation.

[x] 3. **SURCHARGES**

The company shall not assess separately any taxes, fees or surcharges, other than government-approved sales taxes imposed directly on the end users, without seeking Commission approval under the appropriate procedures required by the Commission. Generally, the Commission will not grant the inclusion of gross receipts tax as a separate item on the bill unless special circumstances so warrant and the Commission

specifically approves same. The company shall not place a separate line item on a customer's bill without sending notice to all customers informing them of the new line item charges in accordance with Commission-adopted notice procedures.

The customer is responsible for the payment of all state, local and E9-1-1 taxes, surcharges, utility fees, or other similar fees for which the end user is directly responsible and that may be levied by a governing body or bodies in conjunction with or as a result of a service furnished under a tariff on file with the Public Utilities Commission of Ohio. These charges may appear as separate line items on the customer's bill, as opposed to being included in the rates contained in a tariff. Any such line item charges will be reflected in the company's tariff.

[x] 4. **1+ INTRALATA PRESUBSCRIPTION - Basic Local Exchange Providers Only** (See Also Case No. 95-845-TP-COI, Guideline X.)

a. General

IntraLATA Presubscription is a procedure whereby a subscriber designates to the Telephone Company the carrier which the subscriber wishes to be the carrier of choice for intraLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. IntraLATA presubscription does not prevent a subscriber who has presubscribed to an intraLATA toll carrier from using carrier access codes or additional dialing to direct calls to an alternative intraLATA toll carrier on a per call basis.

IntraLATA Presubscription will become effective upon the initial offering of certified local exchange service.

b. IntraLATA Presubscription Options

Option A: Subscriber may select the Telephone Company as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option B: Subscriber may select her/his interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option C: Subscriber may select a carrier other than the Telephone Company or the subscriber's interLATA toll carrier as the presubscribed carrier for intraLATA toll calls subject to presubscription.

Option D; Subscriber may select no presubscribed carrier for intraLATA toll calls subject to presubscription which will require the subscriber to dial a carrier access code to route all intraLATA toll calls to the carrier of choice for each call.

c. Rules and Regulations

Subscribers of record will retain their current dialing arrangements until they request that their dialing arrangements be changed.

Subscribers of record or new subscribers may select either Options A, B, C, or D for intraLATA Presubscription.

Subscribers may change their selected Option and/or their presubscribed intraLATA toll carrier at any time subject to charges specified in Paragraph E, below.

d. IntraLATA Presubscription Procedures

New subscribers will be asked to select an intraLATA toll carrier(s) at the time the subscriber places an order to establish local exchange service with the Telephone Company. The Telephone Company will process the subscriber's order for intraLATA service. The selected carrier(s) will confirm their respective subscribers' verbal selection by third-party verification or return written confirmation notices. All new subscribers' initial requests for intraLATA toll service presubscription shall be provided free of charge.

If a new subscriber is unable to make a selection at the time the new subscriber places an order to establish local exchange service, the Telephone Company will read a random listing of all available intraLATA carriers to aid the subscriber in selection. If selection is still not possible, the Telephone Company will inform the subscriber that he/she will be given 90 calendar days in which to inform the Telephone Company of an intraLATA toll carrier presubscription selection free of charge. Until the subscriber informs the Telephone Company of his/her choice for intraLATA toll carrier, the subscriber will not have a presubscribed intraLATA toll carrier, but rather will be

required to dial a carrier access code to route all intraLATA toll calls to the carrier(s) of choice. Subscribers who inform the Telephone Company of a choice for intraLATA toll presubscription within the 90-day period will not be assessed a service charge for the initial subscriber request.

Subscribers of record may initiate an intraLATA presubscription change at any time subject to the charges specified in e.ii. below. If a customer of record inquires of the Telephone Company of the carriers available for intraLATA toll presubscription, the Telephone Company will read a random listing of all available intraLATA carriers to aid the subscriber in selection.

e. IntraLATA Presubscription Charges

i. Application of Charges

After a subscriber's initial selection for a presubscribed intraLATA toll carrier and as detailed in Paragraph D above, for any change thereafter, an IntraLATA Presubscription Change Charge, as set forth in Paragraph E.2. will apply.

ii. Nonrecurring Charges IntraLATA Presubscription Change Charge

Per business or residence line, trunk, or port:

--	Initial line, trunk, or port	\$5.00
--	Additional line, trunk, or port	\$1.50

B. REQUIREMENTS FOR PROVISION OF CERTAIN SERVICES, OR WHERE CERTAIN CONDITIONS OF SERVICE ARE UTILIZED (check all applicable):

1. DISCOUNTS FOR PERSONS WITH COMMUNICATION DISABILITIES AND THE TELECOMMUNICATION RELAY SERVICE

Applicable to all telephone companies offering message toll service (MTS)
(See also Case Nos. 87-206-TP-COI and 91-113-TP-COI):

- a. For purposes of these requirements, the definition of disabled refers to those persons with communication disabilities, including those hearing-disabled, deaf, deaf/blind, and speech-disabled persons who

have a disability that prevents them from communicating over the telephone without the aid of a telecommunications device for the communicatively disabled.

- b. Residential disabled customers or disabled members of a customer's household, upon written application and upon certification of their disabled status, which is evidenced by either a certificate from a physician, health care official, state agency, or a diploma from an accredited educational institution for the disabled, are eligible to receive a discount off their MTS rates, and, if they utilize telebraille devices, they are eligible to receive free access to local and intrastate long distance directory assistance. Additionally, TDD lines maintained by non-profit organizations and governmental agencies, upon written application and verification that such lines are maintained for the benefit of the disabled, are eligible to receive a discount off their MTS rates.
- c. Upon receipt of the appropriate application, and certification or verification of a person with a communication disability, one of the following discounts shall be made available for the benefit of the disabled person:
 - i. Off the basic MTS, current, price list day rates: a 40 percent discount off the intrastate, interexchange, customer-dialed, station-to-station calls occurring between 8:00 a.m. and 4:59 p.m. Monday through Friday; a 60 percent discount off the intrastate, interexchange, customer-dialed, station-to-station calls occurring between 5:00 p.m. and 10:59 p.m. Sunday through Friday, and New Year's Day, Independence Day, Labor Day, Thanksgiving, and Christmas; and a 70 percent discount off the intrastate, interexchange, customer-dialed, station-to-station calls occurring between 11:00 p.m. and 7:59 a.m. any day, 8:00 a.m. and 4:59 p.m. Sunday, and all day Saturday; or
 - ii. Off the basic MTS, current, price list day rates: no less than a straight 70 percent discount shall be made available on a 24 hour a day basis; or
 - iii. For MTS which is offered similar to the mileage-banded rate structure established in the Commission's April 9, 1985 Opinion and Order in Case No. 84-944-TP-COI, with the traditional day, evening, and night/weekend discounts: the "evening" discount off the intrastate, interexchange, customer-dialed,

station-to-station calls placed during the "day" period Monday through Friday; and the "night/ weekend" discount off the intrastate, interexchange, customer-dialed, station-to-station calls placed during the "evening" period Sunday through Friday, and on New Year's Day, Independence Day, Labor Day, Thanksgiving, and Christmas. Furthermore, the "night/ weekend" discount plus an additional discount equivalent to no less than ten percent of the company's current, price list, "day" rates for basic MTS shall be made available for intrastate, interexchange, customer-dialed, station-to-station calls placed during the "night/weekend" period any day, the "day" period Sunday, and all day Saturday.

- d. All MTS calls placed through the telecommunication relay service (TRS) are eligible to receive a discount off the MTS rates. The rate discounts are the same as those set forth in paragraph 1.c. preceding. The discount shall not apply to sponsor charges associated with calls placed to pay-per-call services, such as 900, 976, or 900-like calls.

☐ **2. EMERGENCY SERVICES CALLING PLAN**

Applicable to all CLECs and CTSs offering MTS (See also Case Nos. 85-1466-TP-COI and 89-54-TP-COI):

Message toll telephone calls to governmental emergency service agencies, as set forth in (a) following, having primary or principal responsibility with respect to the provision of emergency services to persons and property in the area from which the call is made, meeting the definition and criteria of an emergency call as set forth in (b) following, are offered at no charge to customers:

- a. Governmental fire fighting, Ohio State Highway Patrol, police, and emergency squad service (as designated by the appropriate governmental agency) qualify as governmental emergency service agencies provided they answer emergency service calls on a personally attended (live) 24-hour basis, 365 days a year, including holidays.
- b. An emergency is an occurrence or set of circumstances in which conditions pose immediate threat to human life, property, or both, and necessitate that prompt action be taken. An emergency call is an originated call of short duration to a governmental emergency service agency in order to seek assistance for such an emergency.

□ 3. **ALTERNATIVE OPERATOR SERVICES**

The following applies to the provision of alternative operator services (AOS) including Inmate Facility Services. (See, also, Case No. 88-560-TP-COI, December 30, 1991 Supplemental Opinion and Order and February 27, 1992 Entry on Rehearing):

Preceding the maximum operator-assisted surcharges set forth in the text of the proposed tariff, as well as preceding the operator-assisted surcharges set forth in the price list attached to the proposed tariff, the service provider must insert a statement which specifies whether the rates as set forth apply to the provider's provision of traditional operator services, alternative operator services (AOS), or both.

(A) Definitions

- (1) AOS are those services provided by the provider in which the customer and the end user are totally separate entities. The provider contracts with the customer to provide the AOS; however, the provider does not directly contract with the end user to provide the services even though it is the end user who actually pays for the processing of the operator-assisted calls. These do not include coin-sent calls.
- (2) Traditional operator services are those services provided by the provider in which the end user has a customer relationship with the provider, the provider contracts with the customer/end user to provide the services, and the customer/end user pays for the actual processing of the operator-assisted calls.

(B) AOS Service Parameters

- (1) Local operator-assisted calls:
For local operator-assisted calls, both live and automated, the AOS provider shall not charge the billed party more than the ILEC's price list rates for traditional local operator-assisted calls in the same exchange. This requirement includes both the local usage rate (either flat-rate per call or a minute-of-use rate per call) and applicable operator surcharges. The minutes-of-use rate for a local call shall be no higher than the rates for MTS identified in paragraph (B)(2), below.

Mileage Band	Initial Minute	Each Additional Minute
1 - 10	.32	.16
11 - 22	.40	.22
23 - 55	.48	.28
56 - 124	.57	.37
125 - end	.58	.39

or;

\$.36 per minute of use

- (3) For intraLATA and interLATA, intrastate toll service calls, each AOS provider's maximum operator-assisted rates shall be no more than:

- (a) \$1.70 for customer-dialed calling card calls;
- (b) \$2.50 for operator-handled calls; and
- (c) \$4.80 for person-to-person calls.

- (4) Notice of any change in the rates stated above, whether it be upward or downward, must be maintained in the company's tariff (via its web-site or its tariff on file with the Commission), on or before the effective date.

(C) Secured Inmate Facilities:

The following provisions apply to those operator service providers (OSPs) providing service to a secured inmate facility where the originating caller does not have access to other OSPs for the call from the secured inmate facility.

- (1) Local operator-assisted calls:
For local operator-assisted calls, the AOS provider serving secured inmate facilities shall not charge the billed party more than the ILEC price list rates for a local operator-assisted call in the same exchange.
- (2) IntraLATA and interLATA intrastate toll service calls:
For intraLATA and interLATA intrastate toll service calls, the AOS provider serving secured inmate facilities shall not charge the billed party more than the ILEC price list rates for

an intraLATA intrastate call. This requirement includes both the rates for message toll service and operator surcharges.

- (D) The AOS providers shall not charge end users surcharges in addition to the price list rates for MTS and operator-assisted surcharges set forth in the AOS providers' tariffs. This restriction means that no surcharges, including but not limited to, bill rendering charges and any additional surcharge which a host facility may request the AOS provider to bill an end user, may be levied by the AOS provider on the end user. Any surcharges imposed by a host facility are to be billed separately by the host facility.
- (E) AOS and secured inmate facility services are not subject to either Tier 1 or Tier 2 regulatory treatment, but rather will remain subject to the provisions of these rules and the applicable provisions adopted by the Commission in Case No. 88-560-TP-COI.

x 4. **LIMITATION OF LIABILITY**

The following is applicable to all telephone companies that choose to include in their tariffs language which may limit their liability (See also Case No. 85-1406-AU-COI):

Approval of limitation of liability language by the PUCO does not constitute a determination by the Commission that the limitation of liability imposed by the company should be upheld in a court of law. Approval by the Commission merely recognizes that since it is a courts responsibility to adjudicate negligence and consequent damage claims, it is also the court's responsibility to determine the validity of the exculpatory clause.

x 5. **TERMINATION LIABILITY**

The following is applicable to all telephone companies who choose to include in their tariffs language which imposes early termination liability on a customer for termination of service prior to the designated term of service:

Inclusion of early termination liability by the company in its tariff or a contract does not constitute a determination by the Commission that the termination liability imposed by the company is approved or sanctioned by the Commission. Customers shall be free to pursue whatever legal remedies they may have should a dispute arise.

X 6. **SERVICE CONNECTION ASSISTANCE (SCA)**

The following is applicable to all LECs that offer local service to residential customers:

SCA is targeted to help defray the one-time, up-front costs of connecting to the local exchange network for qualified customers. It provides a waiver of the deposit requirement, full or partial waiver of the service connection charges.

X 7. **LOCAL NUMBER PORTABILITY and NUMBER POOLING**

See Case No. 95-845-TP-COI Guideline XIV, FCC Dockets 95-116 and 99-200. NOTE: LNP and number pooling are required of all facilities-based LECs, regardless of size, and CMRS where currently rolled-out by the FCC or as a result of a bona fide request unless granted an extension, exemption, or waiver by the Commission or the FCC.

☐ 8. **TARIFFING AND DISCONNECTION PROCEDURES FOR SERVICE PACKAGES OR BUNDLES**

Applicable to all LECs packaging or bundling regulated local services with toll service and/or unregulated services. See Rule 4901:1-6-21(C), Ohio Administrative Code.

☐ **Option 1**

Tariffing

Under option 1, LECs that package or bundle regulated local services with toll and/or unregulated services shall tariff only the regulated compenents of a package or bundle of services either as a package at a separate, single rate for the regulated compenents or individually at individual tarified rates. The unregulated services and any rate(s) associated with the unregulated service compenents of any package or bundle of services shall not be tarified.

Disconnection Procedures

Under option 1, if a customer fails to submit timely payment sufficient to cover the amount of the regulated charges, the LEC may discontinue the provision of the regulated services in compliance with Rule 4901:1-5-17, Ohio Administrative Code.

Staff Notice

Under option 1, LECs shall keep the Director of the Consumer Services Division and the Chief of Telecommunications of the Utilities Department informed and up-to-date on all current offers to consumers that bundle regulated local services with unregulated services at a single packaged rate, different from the rate shown in the tariff for the regulated components of the package. The notice to staff shall identify the regulated and unregulated services included and the packaged rate (the combined tariffed and untariffed rate).

☐ **Option 2****Tariffing**

Under option 2, LECs shall tariff the entire package or bundle of services including both regulated local services and toll and/or unregulated services for a single combined packaged rate (including any amount attributable to the unregulated components). The LEC shall clearly identify the services within the package and denote which services are unregulated.

Disconnection Procedures

Under option 2, if a customer fails to submit timely payment sufficient to cover the entire amount of the regulated and unregulated bundled packaged rate, the LEC may discontinue the provision of any regulated and unregulated services, other than basic local exchange service, if payment is sufficient to cover the rate for basic local exchange service. For purposes of this rule, the rate for basic local exchange service shall be the tariffed rate for stand-alone basic local exchange service. In the event a CLEC does not offer basic local exchange service on a stand-alone basis, the CLEC shall identify an amount in the tariff for the basic local exchange service component of the package. In no event shall this amount exceed the packaged rate. Further, if the customer loses services included in the package due to non-payment or partial payment pursuant to this rule, the customer shall be entitled to add, change, or discontinue any regulated services provided according to the LEC's normal procedures for adding, changing or discontinuing such services.

Disconnection Notice

Under option 2, the LEC shall, in its notice of disconnection for non-payment, state the total amount due to avoid discontinuance of the package, as well as the total amount due to avoid discontinuance of the basic local exchange service component of the package.

TARIFF FORMAT

- A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the Tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of various suspension periods, deferrals, etc. the Commission follows in their Tariff approval process, the most current page number on file with the Commission is not always the Tariff page in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. Check Sheets - When a Tariff filing is made with the Commission an updated Check Sheet accompanies the Tariff filing. The check sheet lists the pages contained in the Tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. An asterisk designates all revisions made in a given filing (*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The Tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

APPLICATION OF TARIFF

This Tariff sets forth the service offerings, rates, terms and conditions applicable to the furnishing of residential local telecommunications services in the State of Ohio by QualStar Communications, Inc. ("QualStar" or "the Company") required in conformance with Competitive Retail Telephone Rules (Case No. 06-1345-TP-ORD). Services will be provided in compliance with Ohio Minimum Telephone Services Standards (Ohio Administrative Code 4901:1-5)(MTSS).

The Customer may view Detariffed/Nonregulated Services not included in this Tariff on the Company's website:

www.qualstar.net

Customer's rights, responsibilities and safeguards can be found in the Appendix to Ohio Administrative Code 4901:1-5-03, which is entitled "Telephone Customer Rights and Responsibilities". The applicable requirements of the Ohio Administrative Code and the Ohio Revised Code apply to the operations of the Company. The Company will comply with the Commission's policies and requirements for persons with communications disabilities and privacy and number disclosure requirements covered in subject cases. Any changes in terms or conditions of this Tariff and/or operations of the Company will generate an obligation of the company to provide notice of such changes in accordance with Commission Rules.

SECTION 1 – REGULATIONS

1.1 Undertaking of the Company

1.1.1 Terms and Conditions

- 1.1.1.A. Service is provided on the basis of a minimum period of at least one month, 24-hours per day. For the purpose of computing charges in this Tariff, a month is considered to have thirty (30) days.
- 1.1.1.B. Customers are required to enter into written service orders which shall contain or reference a specific description of the service ordered, the Tariff or other approved rates to be charged, the duration of the services, and the terms and conditions in this Tariff. Customers will also be required to execute any other documents as may be reasonably requested by the Company.
- 1.1.1.C. Except as otherwise stated in the Tariff, at the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party upon thirty (30) days written notice. Any termination shall not relieve the Customer of its obligation to pay any charges incurred under the service order and this Tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service order shall survive such termination.
- 1.1.1.D. Service may be terminated upon written notice to the Customer if:
 - 1. the Customer is using the service in violation of this Tariff;
or
 - 2. the Customer is using the service in violation of the law.
- 1.1.1.E. This Tariff shall be interpreted and governed by the laws of the state of Ohio without regard for its choice of laws provision.

SECTION 1 - REGULATIONS (Cont'd)

1.1 Undertaking of the Company (Cont'd)

1.1.2 Limitations on Liability

- 1.1.2.A. Except as otherwise stated in this section, the liability of the Company for damages arising out of either: (1) the furnishing of its services, including but not limited to mistakes, omissions, interruptions, delays, or errors, or other defects, representatives, or use of these services or (2) the failure to furnish its service, whether caused by acts or omission, shall be limited to the extension of allowances to the Customer for interruptions in service as set forth in Section 2.5.
- 1.1.2.B. Except as specified in this Tariff, Company and its contractors shall not be liable to a Customer or third party for any direct, indirect, special, incidental, reliance, consequential, exemplary or punitive damages of any kind or nature arising out of or in connection with the installation, use, repair, performance or removal of the equipment, or other services in connection with the performance or failure to perform its obligations, including, but not limited to, loss of revenue or profits, regardless of the foreseeability thereof for any reason whatsoever, including, but not limited to, any act or omission, failure to perform, delay, interruption, failure to provide any service or any failure in or breakdown of facilities associated with the service.
- 1.1.2.C. The liability of the Company for errors in billing that result in overpayment by the Customer shall be limited to a credit equal to the dollar amount erroneously billed or, in the event that payment has been made and service has been discontinued, to a refund of the amount erroneously billed.
- 1.1.2.D. Company shall not have any liability for or be responsible for any losses, costs, expenses, claims, liabilities or damages resulting from the Customer's failure to timely comply with the requirements in Section 2.3.1 below regarding emergency 911 service; Company shall be indemnified by Customer from any losses, costs, expenses, claims, liabilities or damages, including, but not limited to, third party claims, resulting from Customer's failure to comply with the requirements of Section 2.3.1.
- 1.1.2.E. Company shall have no responsibility or liability for responding to emergency 911 or other emergency referral calls. Company will make reasonable effort to determine the nearest public safety or law enforcement authorities and then route such calls to those authorities.

SECTION 1 - REGULATIONS (Cont'd)

1.1 Undertaking of the Company (Cont'd)

1.1.3 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

1.1.4 Non-Routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours, or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

1.1.5 Availability of Service

- 1.1.5.A. The Company shall use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with the regulations contained in the Tariffs of the Company.
- 1.1.5.B. The Company shall negotiate a mutually agreed to installation date based on availability of services and facilities and the Customer's requested date.

SECTION 1 - REGULATIONS (Cont'd)

1.1 Undertaking of the Company (Cont'd)

1.1.6 Universal Emergency Telephone Number Service

- 1.1.6.A. This Tariff does not provide for the inspection or constant monitoring of facilities to discover errors, defects or malfunctions in the service, nor does the Company undertake such responsibility.
- 1.1.6.B. 911 information consisting of the names, addresses and telephone numbers of all telephone customers is confidential. The Company will release such information via the Data Management System only after a 911 call has been received, on a call by call basis, only for the purpose of responding to an emergency call in progress.
- 1.1.6.C. The 911 calling party, by dialing 911, waives the privacy afforded by non-listed and non-published service to the extent that the telephone number, name, and address associated with the originating station location are furnished to the Public Safety Answering Point.
- 1.1.6.D. After the establishment of service, it is the Public Safety Agency's responsibility to continue to verify the accuracy of and to advise the Company of any changes as they occur in street names, establishment of new streets, changes in address numbers used on existing streets, closing and abandonment of streets, changes in police, fire, ambulance or other appropriate agencies' jurisdiction over any address, annexations and other changes in municipal and county boundaries, incorporation of new cities or any other similar matter that may affect the routing of 911 calls to the proper Public Safety Answering Point.

SECTION 1 - REGULATIONS (Cont'd)

1.1 Undertaking of the Company (Cont'd)

1.1.6 Universal Emergency Telephone Number Service (cont'd)

- 1.1.6.E. The Company assumes no liability for any infringement, or invasion of any right of privacy or any person or persons caused or claimed to be caused directly or indirectly by the use of 911 Service. Under the terms of this Tariff, the Public Safety Agency must agree, except where the events, incidents, or eventualities set forth in this sentence are the result of the Company's gross negligence or willful misconduct, to release, indemnify, defend and hold harmless the Company from any and all loss or claims whatsoever, whether suffered, made, instituted, or asserted by the Public Safety Agency or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage, or destruction of any property, whether owned by the Customer or others. Under the terms of this Tariff, the Public Safety Agency must also agree to release, indemnify, defend and hold harmless the Company for any infringement of invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion, or use of 911 Service features and the equipment associated therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address, or name associated with the telephone used by the party or parties accessing 911 Service hereunder, and which arise out of the negligence or other wrongful act of the Public Safety Agency, its User, agencies or municipalities, or the employees or agents of any one of them, or which arise out of the negligence, other than gross negligence or willful misconduct, of the Company, its employees or agents.

SECTION 1 - REGULATIONS (Cont'd)

1.2 Prohibited Uses

- 1.2.1. The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- 1.2.2. The Company may require applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and the Commission's regulations, policies, orders, and decisions.
- 1.2.3. The Company may block any signals being transmitted over its Network by Customers which cause interference to the Company or other Users. Customer shall be relieved of all obligations to make payments for charges relating to any blocked service and shall indemnify the Company for any claim, judgment or liability resulting from such blockage.
- 1.2.4. A Customer, joint User, or authorized User may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated communications services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and non-recurring installation charges as stated in this Tariff will apply.

SECTION 1 - REGULATIONS (Cont'd)

1.3 Payment Arrangements

1.3.1 Advance Payments

To safeguard its interests, the Company may require a Customer to make an advance payment before services are furnished, where special construction is involved. The advance payment will not exceed an amount equal to the estimated non-recurring charges for the special construction. The advance payment will be credited to the Customer's initial bill. Advance payments do not accrue interest. An advance payment may be required in addition to a deposit.

SECTION 1 - REGULATIONS (Cont'd)

1.3 Payment Arrangements (Cont'd)

1.3.2 Deposits:

- 1.3.2.A. To safeguard its interests, the Company may require the Customer to make a deposit to be held as a guarantee for the payment of charges. A deposit may be required if the Customer's financial condition is not acceptable to the Company or cannot be ascertained from general accepted credit reporting sources. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. The deposit will not exceed an amount equal to two (2) month's charges for tariffed services or for the ensuing twelve months, plus 30% of the monthly estimated charge for a specified Customer.
- 1.3.2.B. A deposit may be required in addition to an advance payment.
- 1.3.2.C. If service is discontinued prior to twelve consecutive months of payment by the Customer, the Company shall automatically refund the Customer's deposit plus accrued interest, or the balance, if any, in excess of the unpaid bills including any penalties assessed for service furnished by the Company, within 45 days from the date of termination. Before the service or facility is discontinued, the Company, may at its option, return the deposit or credit to the Customer's account
- 1.3.2.D. Deposits will accrue interest at the rate specified by the PUCO and will be refunded to the Customer after twelve consecutive months of payments.

SECTION 1 - REGULATIONS (Cont'd)

1.3 Payment Arrangements (Cont'd)

1.3.3 Denial or Termination of Service

- 1.3.3.A. The Company may deny or terminate any or all local service at one or more or all of the same Customer's premises for the following reasons:
 - 1.3.3.A.1. Abandonment of the service;
 - 1.3.3.A.2. Abuse or fraudulent use of service
 - 1.3.3.A.3. Any other violation of the regulations of the Telephone Company; or
 - 1.3.3.A.4. Upon objection to the continuance of service made by or on behalf of any governmental authority.
- 1.3.3.B. Subsequent to the completion of an order to discontinue local service, it will be re- established only upon the basis of a new service application.
- 1.3.3.C. In addition to termination of local service for the above reasons, the nonpayment of toll charges may result in the disconnection of toll service.
 - 1.3.3.C.1 The Company may disconnect the toll service of a Customer who fails to pay charges for toll service provided by the Company or an IXC as pursuant to Case No. 95- 790- TP-COI.
 - 1.3.3.C.2. Disconnection of a Customer's local exchange service or toll service for nonpayment of charges shall be made in accordance with the rules as specified in this paragraph 1.5.

1.3 Payment Arrangements (Cont'd)

1.3.3 Denial or Termination of Service (cont'd)

1.3.3.C. (cont'd)

- 1.3.3.C.1. The Telephone Company shall apportion partial payments to regulated local service charges first, then toll charges before applying payments to charges for all other services.
- 1.3.3.C.2. The Telephone Company shall respond promptly to Customer inquiries pertaining to charges for IXC toll services, either by handling the inquiry itself, or referring it to the IXC, depending on the nature of the Customer's inquiry.
- 1.3.3.C.3 When service is restored after temporary denial, the Telephone Company will make a pro rata allowance at the schedule rate for the service denied, beginning with the day following the denial. However, when the service is restored on the same day as the denial, no credit will be given.
- 1.3.3.C.4. Abuse or fraudulent use includes, but is not limited to:
 - a. the use of service or facilities of the Telephone Company for a call or calls anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment or harass another;
 - b. the use of profane or obscene language;
 - c. the impersonation of another with fraudulent intent;
 - d. the use of the service in such a manner as to interfere with the service of others or to prevent others from making or receiving calls over their telephone service;

SECTION 1 - REGULATIONS (Cont'd)

1.4 Allowances for Interruptions in Service

1.4.1 General

- 1.4.1.A. A credit allowance will be given when service is interrupted, except as specified in Section 2.5.2 following. A service is interrupted when it becomes inoperative to the Customer, e.g., the Customer is unable to transmit or receive, because of a failure of a component furnished by the Company under this Tariff.
- 1.4.1.B. An interruption period begins when the Customer reports a service, facility or circuit to be inoperative and, if necessary, releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative.
- 1.4.1.C. If the Customer reports a service, facility or circuit to be interrupted but declines to release it for testing and repair, or refuses access to its premises for test and repair by the Company, the service, facility, or circuit is considered to be impaired but not interrupted. No credit allowances will be made for a service, facility or circuit considered by the Company to be impaired.
- 1.4.1.D. The Customer shall be responsible for the payment of service charges as set forth herein for visits by the Company's agents or employees to the premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.
- 1.4.1.E. A credit allowance will be given for interruptions of 24 hours or more. For calculating credit allowances, every month is considered to have thirty (30) days.

1.4 Allowances for Interruption in Service (Cont'd)

1.4.2 Limitations of Allowances

No credit allowance will be made for any interruption in service:

- 1.4.2.A. Due to the negligence of or noncompliance with the provisions of this Tariff by the Customer, Authorized User, or Joint-User;
- 1.4.2.B. Due to the negligence of any person, including but not limited to the Customer, but not including the Company, its agent, or its underlying carrier;
- 1.4.2.C. Due to the failure of power, equipment, systems, connections or services not provided by the Company;
- 1.4.2.D. Occurs as a result of military action, wars, insurrections, riots, or strikes;
- 1.4.2.E. During any period in which the Company is not given full and free access to its facilities and equipment for the purposes of investigating and correcting interruptions;
- 1.4.2.F. During any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements.

SECTION 1 - REGULATIONS (Cont'd)

1.5 Cancellation of Service/Termination Liability

1.5.1 Cancellation of Service

If a Customer cancels a service order or terminates services before the completion of the term for any reason (i) other than a service interruption (as defined in Section 2.5) or (ii) where the Company breaches the terms in the service contract, Customer may be requested by the Company to pay to the Company termination liability charges, which are defined below. These charges shall become due and owing as of the effective date of the cancellation or termination and be payable within the period set forth in Section 2.4.

1.5.2 Termination Liability

1.5.2.A. Customer's termination liability for cancellation of service shall be equal to:

1.5.2.A.1. All unpaid non-recurring charges for costs reasonably expended by the Company to establish service to the Customer that are subject to deferred payment arrangements, plus;

1.5.2.A.2. Any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by Company on behalf of Customer, plus;

1.5.2.A.3. The difference between the total actual monthly recurring charges to Customer for the Service during the entire time the Service was provided to Customer and the total monthly recurring charges which Customer would have paid or which Customer would have been required to pay if the Service had been based on a month to month term using the Company's most recent tariffed prices at the time of cancellation.

SECTION 1 - REGULATIONS (Cont'd)

1.6 Notices and Communications

- 1.6.1 The Customer shall designate on the Service Order an address to which the Company shall mail or deliver all notices and other communications, except that Customer may also designate a separate address to which the Company's bills for service shall be mailed.
- 1.6.2 The Company shall designate on the Service Order and address to which the Customer shall mail or deliver all notices and other communications, except that Company may designate a separate address on each bill for service to which the Customer shall mail payment on that bill.
- 1.6.3 All notices or other communications required to be given pursuant to this Tariff will be in writing. Notices and other communications of either party, and bills mailed by the Company, shall be presumed to have been delivered to the other party on the third business day following deposit of the notice, communication or bill with the U.S. Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, whichever occurs first.
- 1.6.4 The Company or the Customer shall advise the other party of any changes to the addresses designated for notices, other communications or billing, by following the procedures for giving notice sent forth herein.

SECTION 1 - REGULATIONS (Cont'd)

1.7 Universal Emergency Number Service 9-1-1

Where requested by local government authorities, and subject to the availability of facilities, the Company will provide a universal number "911" dialing to its Customers for simplified emergency access police, fire and other emergency services. 911 calls will be routed for answering to a Public Safety Answering Point (PSAP) as designated by the local government unit authorized to establish and operate such systems. The Company does not undertake to answer and forward 911 calls, but furnishes the use of its facilities to enable the local government unit or its designee to answer and respond to such calls.

The 911 Calling Party, by calling 911 Service, gives consent for the Company to provide 911 information consisting of the name, address, telephone number, and other calling party information when available, to Law Enforcement Agencies and other emergency service providers on a call-by-call basis for the purpose of enabling those agencies or service providers to respond to emergency calls for assistance. Database inquiries for 911 information consisting of name, address, telephone number and other information when available, will only be allowed for purposes of dispatching or responding to 911 emergency calls or integrity verification as prescribed by the applicable state codes, rules or legislation.

Customers with Unlisted or Non-published numbers as well as those Customers who have been requested per line blocking forfeits the privacy afforded by these services on calls made to 911.

The provision of 911 Service by the Company shall not be interpreted, construed, or regarded as being for the benefit or creating any Company obligation, either express or implied, toward any third person or legal entity other than the Customer. The Company's entire liability to any person for interruption or failure of 911 Service shall be limited to the terms specified in this Tariff by statute.

2.3 Service Rates and Charges (Cont'd)

2.3.2 Individual Case Basis (ICB) Arrangements

General Description: Specialized Service or Arrangements are those, which are not offered under other sections of this Tariff. Arrangements will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer. The facilities utilized to provide these services are of a type normally used by the Telephone Company in furnishing its other services and shall be comparable with other Telephone Company services, and its engineering and maintenance practices. The requested service or arrangement is subject to the availability of the necessary Telephone Company personnel and capital resources.

Rate Regulations: Rates quoted in response to requests may be different than those specified for such services in this Tariff. The Customer has one hundred and eighty (180) days after receiving the ICB rates to order the service requested at the quoted rates. ICB arrangements will be reduced to writing in a contract filed with and approved by the Commission.

Temporary Promotional Programs: The Company may establish temporary promotional programs wherein it may waive or reduce non-recurring or recurring charges, to introduce present or potential Customers to a service not previously received by the Customers.

Dear Business Customer:

Beginning July 1, 2008, the prices, service descriptions, and the terms and conditions for certain telecommunications services that you are provided by QualStar Communications, Inc. will no longer be on file at the Public Utilities commission of Ohio (PUCO).

Services affected by this change include intrastate long distance and other optional intrastate business service offerings.

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. QualStar Communications, Inc. must still provide a customer notice at least fifteen days in advance of a rate increase, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in a catalog online at www.qualstar.net or you can request a copy of this information by contacting QualStar Communications, Inc. at 417 Wayne Avenue, PO Box 504, Defiance, OH 43512 or 419-782-6990.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions. If you have any questions about this matter please call QualStar Communications, Inc. at 419-782-6990 or visit us at www.qualstar.net.

Sincerely,

Todd Harpest
President
