Columbus, OH 43215-3793

RE: Detariffing package for Global Crossings Telecommunications, Inc.
Docket No. 08-730-TP-ATA

Dear Ms. Jenkins:

Enclosed for filing please find the original copy of the replacement Interexchange tariff and detariffing package submitted on behalf of Global Crossings Telecommunications, Inc. The Company respectfully requests an effective date of June 30, 2008.

Please acknowledge receipt of this filing by date stamping the extra copy of this cover letter and returning it to me in the self-addressed stamped envelope.

Any questions you may have regarding this filing may be directed to me at 407-740-3001 or via email to tforte@tminc.com.

Thank you for your assistance with this matter.

Sincerely,

Thomas M. Forte
Consultant to Global Crossings Telecommunications, Inc.

Part I – Tariffs

Please indicate the Carrier Type and the reason for submitting this form by checking the boxes below.

NOTE: All cases are ATA process cases, tariffs are effective the day they are filed, and remain in effect unless the Commission acts to suspend.

Carrier Type	<input type="checkbox"/> ILEC	<input type="checkbox"/> CLEC	<input checked="" type="checkbox"/> CTS
Business Tier 2 Services	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Residential & Business Toll Services	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other Changes required by Rule (Describe in detail in Exhibit C)	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Part II – Exhibits

Note that the following exhibits are required for all filings using this form.

Included	Identified As:	Description of Required Exhibit:
<input checked="" type="checkbox"/>	Exhibit A	The existing affected tariff pages.
<input checked="" type="checkbox"/>	Exhibit B	The proposed revised tariff pages.
<input checked="" type="checkbox"/>	Exhibit C	Matrix or narrative summarizing all changes proposed in the application, and/or other information intended to assist Staff in the review of the Application.
<input checked="" type="checkbox"/>	Exhibit D	Explanation of how the Applicant intends to comply with Rule 4901:1-6-05(G)(3) regarding disclosure of rates, terms, and conditions for detariffed services, including: <ul style="list-style-type: none"> citation to the appropriate Web Page if any, in accordance with rule 4901:1-6-05(G)(4), and/or copy of other materials and publications to be used to comply with 4901:1-6-05(G)(3).
<input checked="" type="checkbox"/>	Exhibit E	One-time customer notice of detariffing and related changes consistent with rule 4901:1-06-16(B), including where customers may find the information regarding such services as required by rule 4901:1-6-05(G)(3).
<input checked="" type="checkbox"/>	Exhibit F	Affidavit that the Customer Notice described in Exhibit C has been sent to Customers.

Part III. – Attestation

Registrant hereby attests to its compliance with pertinent entries and orders issued by the Commission.

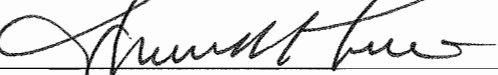

AFFIDAVIT

Compliance with Commission Rules and Service Standards

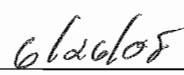

I, Thomas M. Forte, am an officer/agent of the applicant corporation, Global Crossing Telecommunications, Inc. and am authorized to make this statement on its behalf. I attest that these tariffs comply with all applicable rules, including the Minimum Telephone Service Standards (MTSS) Pursuant to Chapter 4901:1-5 OAC for the state of Ohio. I understand that tariff notification filings do not imply Commission approval and that the Commission's rules, including the Minimum Telephone Service Standards, as modified and clarified from time to time, supersede any contradictory provisions in our tariff. We will fully comply with the rules of the state of Ohio and understand that noncompliance can result in various penalties, including the suspension of our certificate to operate within the state of Ohio.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on (Date) June 26, 2008 at (Location) 2600 Maitland Center Parkway, Suite 300, Maitland, Florida 32751

Thomas M. Forte, Consultant to Global Crossing Telecommunications, Inc.

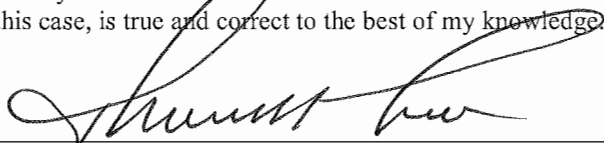

Date

- *This affidavit is required for every tariff-affecting filing. It may be signed by counsel or an officer of the applicant, or an authorized agent of the applicant.*

VERIFICATION

I, Thomas M. Forte verify that I have utilized the Telecommunications Application Form for Detariffing and Related Actions provided by the Commission and that all of the information submitted here, and all additional information submitted in connection with this case, is true and correct to the best of my knowledge.

*** Thomas M. Forte, Consultant to Global Crossing Telecommunications, Inc.**

Date

**Verification is required for every filing. It may be signed by counsel or an officer of the applicant, or an authorized agent of the applicant.*

Send your completed Application Form, including all required attachments as well as the required number of copies, to:

**Public Utilities Commission of Ohio
Attention: Docketing Division
180 East Broad Street, Columbus, OH 43215-3793**

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

APPLICATION OF TARIFF

This tariff contains the regulations and rates applicable to intrastate interexchange long distance toll communications service provided by GLOBAL CROSSING TELECOMMUNICATIONS, INC., ("Carrier") between locations within the state of Ohio.

Issue Date: December 15, 1999 Effective Date: December 30, 1999

Issued by: Rates & Tariff Compliance Manager
Global Crossing Telecommunications, Inc.
180 South Clinton Avenue
Rochester, New York 14646-0500

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

1.0 DEFINITION OF TERMS

Access Line

A dedicated arrangement which connects a customer location to the Carrier's NSC, (see below for definition).

Administrative Change

The modification of an existing circuit, dedicated access line or port, at the request of the customer, that involves changes in authorization codes, speed numbers, route guide, consolidation of billing, verification of testing performed by parties other than Carrier, or any other administrative change not covered by a Billing Record Change, (see below for definition).

Application for Service

A standard Carrier order form which includes all pertinent billing, technical and other descriptive information which will enable Carrier to provide the communication service as required. The order form may be completed by Carrier using information obtained by telephone from the customer.

Authorization Code

A numerical code, one or more of which is made available to customers requiring identification of individual users or groups of users on his/her account and to allocate the costs of their services accordingly.

Issued by: Rates & Tariff Compliance Manager
Global Crossing Telecommunications, Inc.
180 South Clinton Avenue
Rochester, New York 14646-0500

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

1.0 DEFINITION OF TERMS, (Continued)

Authorized User

A person, firm, corporation or other entity authorized by a customer to receive or send communications. Such permission includes, without limitation, 1) the use of the customer's Authorization Code where the Authorization Code has been made known to the user by the customer, its employees or agents, and 2) the use of customer's phone when Equal Access Dialing is used.

Bandwidth

The total frequency band, in hertz, allocated for a channel.

Billing Record Change

A change in customer billing address or a change from one billing package to another using the same access method.

Cancellation of Order

A customer initiated request to discontinue processing a service order, either in part or in its entirety, prior to its completion.

Carrier

GLOBAL CROSSING TELECOMMUNICATIONS, INC., unless otherwise specified.

Carrier Recognized Holidays

New Year's Day Observed on January 1

Fourth of July Observed on July 4

Labor Day Observed on first Monday of September

Thanksgiving Day Observed on last Thursday of November

Christmas Day Observed on December 25

Circuit Termination

The point at which Carrier's circuit originates, terminates, or drops for the insertion or removal of a customer's signal.

Issue Date: December 15, 1999

Effective Date: December 30, 1999

Issued by: Rates & Tariff Compliance Manager
Global Crossing Telecommunications, Inc.
180 South Clinton Avenue
Rochester, New York 14646-0500

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

1.0 DEFINITION OF TERMS, (Continued)

Company

GLOBAL CROSSING TELECOMMUNICATIONS, INC., ("Carrier").

Customer

The person, firm, corporation or other entity which orders service, including the ordering or use of Equal Access Dialing, either for its own use, as an Other Common Carrier, or as a nonprofit manager of a sharing group and which is thereby responsible for the payment of charges and for compliance with Carrier's tariff regulations. For billing purposes, a customer is considered to be an account.

Customer-Provided Terminal Equipment

Terminal equipment, as defined herein, provided by a customer.

Dedicated Access Service

Service which provides the customer with an exclusive dedicated connection between the customer's premises and the Carrier's terminal location.

Dial Access Service

Service which provides the customer with access to the Carrier's network via customer provided or secured telephone line or lines.

Disconnection

The disconnection of a dedicated access line or port connection being used for existing service.

Issued by:

Rates & Tariff Compliance Manager
Global Crossing Telecommunications, Inc.
180 South Clinton Avenue

Rochester, New York
14646-0500

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

1.0 DEFINITION OF TERMS, (Continued)

Equal Access Dialing

The use of service through local telephone company's access facilities allowing the customer to access Carrier's NSC through either a "1+" or 10444 dialing sequence. Customers using Equal Access Dialing may be billed to the telephone number from which the Equal Access Dialing originates.

Expedited Service Order

A service order which, in compliance with a customer's request, is completed in a time period shorter than the Carrier's standard service interval.

Installation

The connection of a circuit, or dedicated access line, for new or additional service.

Interexchange Carrier

A person, firm, corporation or entity regulated by the FCC or by any state public utility commission which sells communication services to the public for profit, including resellers.

Joint User

A person, firm, or corporation designated by the customer as a user of communication facilities furnished to the customer by Carrier, and to whom a portion of the charges for such facilities are billed under a joint user arrangement.

Metered Service

Long distance, measured time, and distance sensitive communications service.

Network Switching Center (NSC)

Any location where the Carrier has a network switch installed.

Network Trunks

Access lines, interswitch trunks, and circuits connecting services and facilities of the Carrier or other carriers to the Carrier's NSC's.

Issue Date: December 15, 1999

Effective Date: December 30, 1999

Issued by: Rates & Tariff Compliance Manager
Global Crossing Telecommunications, Inc.
180 South Clinton Avenue.

Rochester, New York
14646-0500

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

1.0 DEFINITION OF TERMS, (Continued)

Non-Specific Accounting Codes

These codes do not have specific numbers designated by the customer. All numbers from 001-999 are preprogrammed into the switch for these customers. Therefore any 3 digit number entered by the customer will allow the call to be completed.

Off-Hours Traffic

All traffic which occurs at any time other than during the business day period (Monday-Friday, 8 a.m. to 5 p.m.) except specified Carrier holidays.

Off-Network Access Line

A local exchange, foreign exchange, or WATS line connecting both incoming and outgoing traffic from the Carrier's switched service network to the public switched network.

Physical Change

The modification of an existing circuit, dedicated access line or port, made at the request of the customer, requiring equipment or facility rearrangement.

Premises

The space designated by a customer at its place or places of business for termination of the Carrier's service, whether for its own communications needs or for the use of its resale customers. In the case of a non-profit sharing group, this term includes space at each sharer's place or places of business as well as space at the customer's place of business.

Primary Interexchange Carrier

The interexchange carrier designated by the customer or assigned by the local exchange carrier to which interstate calls are automatically routed without the use of an access code by the customer.

Service Group

One or more dedicated access lines terminated in the same multiline terminating device at the same time.

Issue Date: December 15, 1999

Effective Date: December 30, 1999

Issued by: Rates & Tariff Compliance Manager
Global Crossing Telecommunications, Inc.
180 South Clinton Avenue

Rochester, New York
14646-0500

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

1.0 DEFINITION OF TERMS, (Continued)

Special Promotional Offering

Special discounts or modifications of its regular service offerings which the Carrier may, from time to time, offer to its customers for a particular service. Such offerings may be limited to certain dates, times and locations.

Specific Accounting Codes

These codes are those numbers which are designated by the customer and entered against a unique trunk type for that customer. If any accounting code other than those designated by the customer are used, the call will not be completed.

Terminal City

Locations where Carrier maintains a terminal facility for purposes of providing service offerings as described herein.

Terminal Equipment

Devices, apparatus and their associated wiring, such as teleprinters, telephone handsets, data sets or dialers.

Terminal Location

Any Carrier facility location from which services described herein are provided.

Issue Date: December 15, 1999

Effective Date: December 30, 1999

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

2.0 SERVICE DESCRIPTIONS AND REGULATIONS

2.1 General Description

- .1 Carrier provides intrastate communications long distance toll telephone service to subscriber customers for their direct transmission and reception of voice, data and other types of telecommunications between the areas specified herein. The service is provided to multiple users.
- .2 Communications may originate several ways; when the customer dials 1 plus an area code and the desired telephone number; by dialing 10XXX then an area code and the desired telephone number; on a dial-up basis by calling the local access number; or from a dedicated access line. When a call is originated using a dedicated access arrangement the Carrier can act as the customer's agent in obtaining access, but must in any event approve the design of any dedicated access facility the customer proposes to use. When a call is originated using a local access number, the Carrier's equipment will answer the access call with a computer tone. The customer may enter his/her authorization number followed by the area code and desired telephone number. In all instances, communication charges will terminate when the Carrier's switch determines that the call has terminated.
- .3 The customer's monthly usage charges are assessed based upon the total time the customer uses the Carrier's intercity communication facilities as measured by the Carrier's electronic switching equipment, together with the customer's use of service options, if any. No charge is made for calls not completed. It is never the Carrier's policy to charge a customer for uncompleted calls. Unless otherwise specified, calls will be measured from the time that the called party answers to the time that either the calling or called party disconnects from the call, as indicated by answer supervision. A customer may dispute any charges by contacting the Carrier's Customer Service Department and proper credits will be issued if, upon investigation, the disputed charges are found to be incorrect. For billing purposes, the duration of each call will be rounded as specified in the description of each service option in the following sections. The rates per minute charged for service are set forth in Section 3.

2.0 SERVICE DESCRIPTIONS AND REGULATIONS

2.1 General Description, (Continued)

- .4 At additional cost, and subject to availability, the customer may use account codes to identify the users or user groups on the customer=s account and to allocate the cost of the customer=s service accordingly. The numerical composition of such codes shall be set by the Carrier to assure compatibility with Carrier=s accounting and automation systems and to avoid duplication of account codes.

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.2 Service Options

The Carrier offers the following service options. The manner in which calls are originated is dependent upon the option selected. All options currently provided are listed below.

.1 Option 1 (Dial-1 MTS)

One-way, multipoint service, designed for users who are not restricted as to time of usage. Option 1 customers may originate calls several ways; by dialing 1 plus an area code and the desired telephone number; by dialing 10XXX then an area code and the desired number; or by dialing a local access number, an authorization code, and then the area code and desired telephone number.

a) Rate Structure

Charges for Option 1 are assessed based on length of call, time of day, and distance. A volume discount may apply as described in Section 3 of this tariff.

b) Usage Charges

The customer's total monthly use of the Carrier's Service Option 1 is charged at the applicable rates per minute set forth in Section 3, which are based on the airline distance between the originating and terminating locations of each call. For each call, the minimum charge shall be the applicable charge for one minute of use. Use in excess of one minute during a call is charged at the applicable rate per minute. Any fraction of an increment is rounded up to the next whole minute.

c) Ancillary Services

Calls made to Directory Assistance telephone numbers are charged on a per call basis.

2.2 Service Options, (Continued)

.3 Option 3 (Maxcess III)

Option 3 is a one-way, intrastate, multipoint service, requiring the customer to originate calls via dedicated facilities or by presubscribing local service to the Carrier=s service option. Calls can be competed from the customer=s premise to any location within the state of Ohio.

a) Rate Structure

Charges for Option 3 are assessed on a usage basis, flat monthly basis, per call or one-time, non-recurring basis as described below:

b) Usage Charges

The customer's total monthly use of the Carrier's Option 3 service is charged at applicable rates set forth in Section 3, and are based on the airline distance between the originating and terminating locations of each call. The duration of a domestic calls is measured in six second increments, minimum usage per call is one minute. Any fraction of an increment is rounded up.

c) Access Charges

Monthly recurring and one-time installation charges apply for access to Carrier=s service Option 3 used in establishing a communication link between the customer=s premise and Carrier=s switch. Where the customer relies on the Carrier to provide or coordinate the delivery of access arrangement, monthly recurring and on-recurring access coordination charges apply.

2.2 Service Options, (Continued).4 Option 4 (MAXCESS I)

Option 4 is a one-way, intrastate multipoint service, designed for very high volume users. Option 4 customers may originate calls via voice grade special access or high capacity (T1) access arrangement provided by the customer between the customer's premises and Carrier's switch. Carrier reserves the right to limit service availability to Option 4 customers with a minimum requirement for 17 voice grade equivalent channels. Calls can be completed from the customer's premises to any location within the state of Ohio.

a) Rate Structure

Charges for Option 4 service are assessed on a usage basis, flat monthly basis, per call basis or one-time non-recurring basis as described below.

b) Usage Charges

The customer's total monthly usage of Carrier's Option 4 service is charged at applicable rates set forth in Section 3 and are based on the airline distance between the originating and terminating locations of each call. The duration of domestic calls is measured in six (6) second increments. Any fraction of an increment is rounded up.

c) Service Charge

A monthly recurring charge is assessed per originating Carrier switch accessed.

Allnet Solution is a family of two-way, telecommunication service features which offer single location or multiple location customers the simplicity of a uniform charge for all of their outbound and inbound calls. Intrastate Allnet Solution is available for use only in conjunction with interstate Allnet Solution service offerings. Allnet Solution provides customers with a single per minute non-distance sensitive usage rate for all inbound and outbound usage. Solution customers may elect any combination of the following Solution service features:

- | | | |
|----------------------|---|--|
| Solution I | - | LEC-provided dedicated Access; |
| Solution II | - | LEC-provided switched access, high volume usage; |
| Solution III | - | LEC-provided switched access, low and medium volume usage; |
| Solution IV | - | LEC-provided switched access, high volume usage, short duration calls; |
| Residential Solution | - | LEC-provided switched access, high volume off-hour usage; |
| Solution 800 | - | provides an add-on inbound capability for Solution I, II, III, IV and Residential Solution features. |

Customers electing the Solution I feature may originate or receive calls via LEC-provided dedicated access lines. Charges for LEC-provided dedicated access facilities will be billed by the Customer's local exchange carrier. Customers who order Solution II, III, IV and Residential Solution features may originate or receive calls on their local business or residential lines; calls may be originated by dialing 1 plus an area code and the desired number or 10444 plus the area code and telephone number.

.13 Option 13 (Allnet Solution), (Continued)

a) Rate Structure

Charges for Solution I, II, III, IV, and Residential Solution, as well as Solution 800 are assessed on a per minute basis based on duration of the call, and time of day of each inbound and outbound call.

b) Usage Charges

The customer's total monthly use of the Allnet Solution I, II, III, IV, Residential Solution and associated 800 is charged at the applicable rates per minute set forth in Section 3. Solution II, III, and IV outbound and inbound (via associated Solution 800) calls are billed in six second increments. Solution II and III have a 30 second minimum for each call. Solution I outbound and inbound (via associated Solution 800) calls are billed in six second increments, with a six (6) second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. Any inbound usage (via associated Solution 800) is subject to the usage rates applicable to the outbound services associated with the customer's local business or residential line as set forth in Section 3. For example, inbound calls terminating on a line that originates Solution II calls are charged at the Solution II rates.

Solution I, II, III, and Residential Solution customers who make Allnet Access calls are billed at the rates set forth in Section 6.

.17 Option 17 (Allnet Edge)

Allnet Edge 1+ is a two-way switched access service offered only in conjunction with Carrier's interstate Edge service. Allnet Edge provides customers with mileage based per minute rates for both their inbound (800) and outbound (1+) usage. Allnet Edge customers may originate outbound intrastate interLATA calls by dialing 1 plus an area code and the desired telephone number, or may originate intrastate calls by dialing 10XXX and then the area code and the desired telephone number. Inbound calls are originated to the Edge customer's designated location by users dialing 1+ the Edge customer's 800 telephone number.

a) Rate Structure

Allnet Edge calls are based on length of call, the distance between the originating and terminating locations of each call, and time of day.

b) Usage Charges

The customer's total monthly use of Allnet Edge service, including Allnet Edge customers who place Access (Travel) calls, is charged at the applicable rates per minute in Section 3, and according to the service hours set forth in Section 3 of the tariff. Calls are billed in six second increments, with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

Allnet Edge customers will also receive the following discount credits on qualifying usage: (1) A discount credit of 10% will be applied to all outbound Allnet Edge calls made to a single area code with the highest total domestic usage during a billing cycle; and (2) a discount credit of 10% will be applied to all outbound Allnet Edge calls between telephone numbers (ANIs) on the same Carrier account.

c) Ancillary Services

Calls made to directory assistance are charged on a per call basis.

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.2 Service Options, (Continued)

.19 Option 19 (Allnet MultipointK 800 Service)

Allnet MultipointK 800 Service is a shared, inward intrastate, interLATA switched service which permits inbound calls, originated by dialing an "800" number to terminate at a MultipointK 800 customer's common line (i.e., business or residential line), provided a valid personal identification routing number (PIRN) is entered by the caller. The MultipointK 800 customer is billed for the calls rather than the call originator. MultipointK 800 intrastate service is only available in conjunction with MultipointK 800 interstate service. MultipointK 800 service completes calls to a Carrier-assigned 800 telephone number. The PIRNs entered by the caller determine the customer-designated telephone number to which the 800 call will terminate. Each Customer may request any combination of the four digit PIRNs, excluding the PIRNs reserved for special use by the Company. MultipointK 800 service employs shared 800 telephone numbers and, by conversion to MultipointK 800 service, the MultipointK 800 customer releases any ownership or exclusive rights of its 800 telephone number to the Carrier. Under the nonvalidated option, MultipointK 800 customers may receive inbound MultipointK 800 calls even if the calling party enters no PIRN or an incorrect PIRN. Under the validated option, the MultipointK 800 customer may receive MultipointK 800 inbound calls only when the correct PIRN is entered by the calling party.

a) Rate Structure

Allnet MultipointK 800 calls are based on the time of day, duration of call and the originating and terminating location of each call.

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.2 Service Options, (Continued)

.20 Option 20 (Allnet Spectrum Service)

Allnet Spectrum is a personal communication service which allows the caller to dial an Allnet Spectrum 800 telephone number and enter a four digit personal identification routing number (PIRN) to complete a call. Allnet Spectrum service is only available in conjunction with Carrier's interstate Spectrum service offering.

As a PIRN-based product that can be shared among customers, customers are not granted exclusive use of the 800 number used for accessing the Allnet Spectrum service and, thus, may not continue to use the 800 telephone number upon cancellation of their Allnet Spectrum service.

To use Allnet Spectrum service, the caller dials the 800 telephone number for the Allnet Spectrum service. The caller may then (1) enter a PIRN which routes the call to a customer predesignated telephone number (PIRN CALL); or (2) enter a PIRN which permits the customer to then direct dial a telephone number (DIAL TONE PIRN). Certain PIRNS are reserved for use by the Carrier under Allnet Spectrum Service or for accessing other services.

a) Rate Structure

Charges for Spectrum are assessed based on the time of day, length of call and the distance in airline miles of the call.

b) Usage Charges

The customer's total monthly usage of Allnet Spectrum service is charged according to the service hours in Section 3, and at the applicable rates per minute as set forth in Section 3 of the tariff. Allnet Spectrum calls are billed in six (6) second increments with a thirty (30) second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

Calls made to directory assistance are charged on a per call basis as set forth in this tariff.

.21 Option 21 (Allnet Product One Service)

Allnet Product One is a long distance service which provides customers with single per minute rates for both their inbound (800) and outbound (1+) usage. Allnet Product One customers may originate outbound calls by dialing 1 plus an area code and the desired telephone number. Inbound calls are originated to the Product One customer's designated location by users dialing 1 plus the Product One customer's 800 telephone number.

a) Rate Structure

Allnet Product One calls are based on the length of the call and the time of day.

b) Usage Charges

The customer's Allnet Product One service is charged at the applicable hours set forth in Section 3 and the rates per minute set forth in the Price List based on the product option selected. Allnet Product One switched 1+, 800, MobileLine long distance and MultipointK 800 option calls are billed in six (6) second increments, with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. Allnet Product One dedicated access 1+ and 800 calls are billed in six (6) second increments, with an eighteen (18) second minimum for each call. Allnet Product One customers who make long distance calls through Allnet Access or Allnet Spectrum are billed in one (1) minute increments with a one (1) minute minimum at the per minute and per call rates set forth in Section 3. Any fraction of an increment is rounded up to the next whole increment.

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.2 Service Options, (Continued).21 Option 21 (Allnet Product One), (Continued)b) Usage Charges, (Continued)

Allnet Product One customers may subscribe to one of seven (7) mutually exclusive Product One service options: month-to-month; Term Plan I, Term Plan II, Term Plan III, Term Plan IV, Term Plan V, or Term Plan VI. For each Product One Term plan option, a Product One customer must commit to either a one year (12 month), two year (24 month) or three year (36 month) term agreement. Product One customers electing either a two or three year term plan agreement will receive the applicable per minute discount off the base one year term plan rates. The applicable per minute discounts are set forth in the Price List. Product One customers may elect either a switched or dedicated access option (or both) for Term Plans III, IV, V or VI. Term Plans V and VI may use switched access only in conjunction with a dedicated access option. The MTM option is only available on a switched access basis. Product One customers electing a dedicated access option will be billed by their local exchange carrier or alternative provider for all monthly and nonrecurring charges associated with the dedicated access facilities required to access Carrier. Product One Term Plan options will automatically renew for successive periods of one year unless the Product One Term Plan customer notifies Carrier in writing before the end of the term that the Term Plan customer intends to terminate the agreement at the completion of the current term. There is a monthly minimum usage level (MMUL) for each term plan option, as set forth in the Price List. Beginning with the customer's second invoice, and for the remaining months of any term plan commitment, the customer will be charged the difference between the gross account usage and the MMUL if the gross account usage is less than the MMUL.

2.2 Service Options, (Continued).29 Option 29 - Frontier Flex Connect 8xxFrontier Flex Connect 8xx

Flex connect 8xx is a shared, inward switched service which permits inbound calls, originated by dialing an 8xx number to terminate at a MultipointK 8xx customer=s common line (i.e. business or residential line), provided a valid Personal Identification Routing Number (APIRN@) is entered by the caller. The Flex Connect 8xx customer is billed for the call rather than the call originator. Flex Connect 8xx service completes calls to a Carrier assigned 8xx telephone number. The PIRNs entered by the caller determine the customer=s designated telephone number to which the 8xx call will terminate. Upon request, from one to a maximum of ten PIRNs may be assigned by the Carrier to the customer excluding those PIRNs reserved for special use by the Carrier. Requests for four or more PIRNs are subject to credit approval by the Carrier. Flex Connect 8xx service employs shared telephone numbers and, by conversion to Flex Connect service, the Flex Connect 8xx customer releases any ownership or exclusive rights of its 8xx telephone number to the Carrier.

a) Rate Structure

Charges for Flex Connect 8xx service are assessed based on the time of day and length of call.

b) Usage Charges

The applicable per minute usage rates are set forth in Section 3, and the applicable hours in Section 3. Flex Connect 8xx calls are billed in six second increments, with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

2.2 Service Options, (Continued).30 Option 30 - Frontier IndependenceFrontier Independence

Frontier Independence is a long distance service which provides customers with a single per minute rate for both their inbound (8XX) and outbound (1+) usage. Independence customers may originate outbound calls by dialing 1 plus an area code and the desired telephone number. Inbound calls are originated to the Independence customer=s designated location by users dialing 1 plus the Independence customer=s 8XX telephone number.

a) Rate structure

Independence service is a flat rated, non-distance sensitive switched service, twenty four (24) hours a day, seven (7) days a week, including Carrier recognized holidays.

b) Usage Charges

The applicable per minute rates are set forth in Section 3 following, and are based on the Independence product plan selected. Independence switched 1 plus and 8XX calls are billed in six second increments, with an eighteen second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. Frontier Independence Dedicated Access 1 plus and 8XX calls are billed in six second increments, with a six second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. Independence customers who make long distance calls through Access or Spectrum Calling Card service, are billed in six second increments, with a thirty second minimum for each call, at the per minute rates set forth in Section 3 following. Switched Access Independence service option customers may subscribe to the service on a month-to-month basis or, subscribe to one of five service plans. In each of the five plans the customer must commit to either a one year (12 month), two year (24 month), or three year (36 month) term agreement. Customers electing to subscribe to one of the five plans will receive one of the applicable per minute discount rates off the one year base rate. The applicable discounts are set forth in Section 3 following. Subscribers to Independence Dedicated Access service must commit to either a one year (12 month), two year (24 month) or three year (36 month) term agreement. Applicable per minute rates for Independence Dedicated Access service are set forth in Section 3 following.

The following call types are available to Frontier Voice VPN Customers:

- 1) Dedicated to Dedicated: provides PNP type calls between locations linked by dedicated access. All calls are billed in six second increments with a six second minimum for each call. Any fraction of an increment will round up to the next whole increment.
- 2) Dedicated to Switched: calls originating from a VPN Customer=s dedicated location and terminate on switched facilities either within or outside the Customer=s PNP. All calls are billed in six second increments with a six second minimum for each call. Any fraction of an increment will round up to the next whole increment.
- 3) Switched to Dedicated: calls originating from a switched location within a Customer=s PNP and terminate on a dedicated location within the PNP. All calls are billed in six second increments with a six second minimum for each call. Any fraction of an increment will round up to the next whole increment.
- 4) Switched to Switched: calls originate from a switched location within the Customer=s PNP and terminate on a switched location either within or outside the PNP. All calls are billed in six second increments with an eighteen second minimum for each call. Any fraction of an increment will round up to the next whole increment.
- 5) 8XX Remote Access to Switched/Dedicated: calls originate from a switched location via a VPN 8XX remote access number and terminate to a switched/dedicated location within the Customer=s PNP. A VPN personal code is used to verify that the caller is authorized to make VPN calls. The PNP code must be a uniform length not to exceed 10 digits. All 8XX remote access calls are billed in six second increments with a thirty second minimum for each call. Any fraction of an increment will round up to the next whole increment.

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.2 Service Options, (Continued).34 Option 34 - Frontier Voice Virtual Private Network (Cont=d)

Frontier Voice VPN service charges consist of both recurring and non-recurring charges. Recurring charges consist of flat monthly charges and usage-based charges. Flat monthly charges apply whether or not the service is used. Usage charges apply to all completed calls. The usage charges apply to all call types, 24 hours a day 7 days a week. All recurring, non-recurring, volume and term discounts applicable to Frontier Voice VPN service are set forth in Section 3.2.32 following.

The Frontier Voice VPN Customer must have T-1 access from at least one of their locations into one of the Company=s switches equipped to provide VPN service. Additional connections to the network can be either via dedicated, switched or remote access.

The Customer can originate calls via dedicated access and switched access. With switched access, Customer originated calls are connected to the Company network via a dial access basis. Switched access calls include those originating from the Customer=s VPN lines pre-subscribed to the Company and using 1+ or 1+700 dialing plans.

For a one time setup charge, a Switched Overflow option is available to the Frontier Voice VPN Customer. Switched Overflow will route any call placed from any PNP location terminating to a dedicated PNP location, to a switched plain old telephone service (POTS) number at the dedicated terminating location if the dedicated facility is busy or the network is at capacity. The setup charge applicable to this option is set forth in Section 3.2.32 following.

Customers may subscribe to Frontier Voice VPN on a one, two or three year term plan and may select from 4 monthly minimum usage levels (MMUL). Beginning with the Customer=s fourth invoice, and the remaining months of any term plan commitment the customer will be charged the difference between the gross account usage and the MMUL if the gross account usage is less than the MMUL. Term Plan Customers are eligible to receive tariffed volume discounts set forth in Section 3.2.32 each month based on its VPN MMUL commitment.

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.2 Service Options, (Continued).34 Option 34 - Frontier Voice Virtual Private Network (Cont=d)

Voice VPN Term Plan Customers whose monthly gross account usage exceeds the next higher MMUL above the level to which the subscriber has committed will receive the discount applicable to the next higher MMUL. Discounts on all monthly gross account usage will be capped at the discount level applicable to the next higher MMUL. Volume discounts are calculated off the Frontier Voice VPN Month-to-Month rates in effect when calls are made. The discounts apply to VPN usage (outbound and remote access) only and do not apply to non-recurring or monthly recurring charges nor to any associated calling card, operator/directory assistance, international, and value added service usage. Volume discounts are not available to Customers subscribing to Frontier Voice VPN Month-to-Month service. In addition, Frontier Voice VPN customers who commit to a service term may receive additional discount credits as set forth in Section 3.2.32 following. Term Plan options will automatically renew for successive periods of one year unless the Customer notifies the Company in writing before the end of their current term that the Customer intends to terminate the agreement at the completion of the term. The Company will notify the term plan customer at least 60 days prior to the end of the current term that the end of their current term is approaching. Customer=s choosing not to renew their term plan option will be assessed the Frontier Voice VPN Month-to-Month tariff rate currently in effect. A termination fee, equal to the MMUL of the term plan that the Frontier Voice VPN Customer is subscribing, times the number of months remaining in the current term will be assessed to customers terminating service prior to the completion of their current term of service.

The Customer is responsible for any Company and local service provider monthly recurring charges for dedicated circuits/loops necessary for the service, and costs incurred by the Company, including installation and local service provider contract termination charges, if such circuits/loops are canceled prior to activation of service, or the completion of the term commitment made by the Customer.

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.2 Service Options, (Continued).35 Option 35 - ULTIMATE 800

ULTIMATE 800 is a two-way switched access service completing calls to a Carrier-assigned toll free telephone number. Inbound calls are originated by dialing a toll free number which terminates at an ULTIMATE 800 customer=s common line (i.e. business or residential line), provided a valid Personal Identification Routing Number (APIRN@) is entered by the call originator. Outbound calls may be originated by dialing a toll free number and entering a customer specific PIRN to receive dial tone, permitting the call originator to place a 1+ outbound call. The ULTIMATE 800 customer is billed for both the inbound and outbound calls. The ULTIMATE 800 customer may request any combination of four digit PIRNs for their inbound ULTIMATE 800 service. Only one dial tone PIRN is allowed per ULTIMATE 800 customer. The dial tone PIRN cannot have more than two repeating digits and, cannot have more than two consecutive digits. The dial tone PIRN cannot match the last four digits of the customers toll free number.

a) Rate Structure

ULTIMATE 800 service is a flat rated, non-distance sensitive, usage based switched service, twenty four (24) hours a day, seven days a week.

b) Usage Charges

The customer=s total monthly use of ULTIMATE 800 is charged at the applicable per minute rates set forth in Section 3.2.33. Calls are billed in one minute increments with a one minute minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

2.2 Service Options, (Continued)

.36 Option 36 - PriorityPlan

PriorityPlan is a long distance switched and dedicated service which provides customers with single per minute rates for both their inbound (8XX) and outbound (1+) usage.

a) Rate Structure

PriorityPlan switched and dedicated calls are non-distance sensitive, usage based, and flat rated.

b) Usage Charges

The applicable per minute rates are set forth in Section 3.2.34 of this tariff, and are based on the PriorityPlan service plan selected. PriorityPlan switched inbound and outbound calls are billed in six second increments with a thirty second minimum for each call. PriorityPlan dedicated inbound and outbound calls are billed in six second increments with an eighteen second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

PriorityPlan customers may subscribe to either a one year or two year term plan. A per minute base rate set forth in Section 3.2.34 of this tariff, is applicable to both the switched and dedicated service plans. There are Minimum Monthly Usage Levels (MMUL) required for each (switched, dedicated) term plan option. Beginning with the customer's second invoice, and for the remaining months of any term plan commitment, the customer will be charged the difference between the gross account usage and the MMUL if the gross usage is less than the MMUL. The MMUL and applicable discounted per minute rates are set forth in Section 3.2.34 of this tariff.

PriorityPlan switched and dedicated term plans will automatically renew for successive twelve month periods unless the customer notifies the Carrier in writing of their intention to terminate the agreement at the completion of the current term. The Carrier will notify the customer at least 60 days prior to the end of their current term that the end of the term is approaching. PriorityPlan customers electing to continue to receive PriorityPlan service without renewing their current term will automatically revert to the respective switched or dedicated non discounted current tariffed base rate. A monthly termination fee, equal to the MMUL of the term plan that the PriorityPlan customer is subscribing to, will be assessed per month for each of the remaining months in the current term after a PriorityPlan customer terminates service prior to the completion of the full term commitment.

PriorityPlan customers will also be eligible for the PriorityPlan Optional Calling Card Service, at rates set forth in Section 6.1.2 of this tariff. PriorityPlan Optional Calling Card calls are billed in six second increments with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

.37 Option 37 - EZ Plan II

EZ Plan II is a long distance switched service which provides customers with single per minute rates for both their inbound (8XX) and outbound (1+) access usage.

a) Rate Structure

EZ Plan II switched and dedicated calls are non-distance sensitive, usage based, and flat rated.

b) Usage Charges

The applicable per minute rates are set forth in Section 3.2.35 of this tariff, and vary based on the EZ Plan II service plan selected. EZ Plan II switched inbound and outbound calls are billed in six second increments with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

EZ Plan II customers may subscribe to EZ Plan II service on a month-to-month basis, or subscribe to either a fifteen (15) or thirty (30) month term agreement. A Minimum Monthly Usage Level (MMUL) is required with each service plan offered. Beginning with the customer's second invoice, and for the remaining months of any term plan commitment, the customer will be charged the difference between the gross account usage and the MMUL if the gross usage is less than the MMUL. The MMUL and applicable discounted per minute rates are set forth in Section 3.2.35 of this tariff.

EZ Plan II fifteen (15) and thirty (30) month plans will automatically renew for successive fifteen month periods unless the customer notifies the Carrier in writing of their intention to terminate the agreement at the completion of the current term. The Carrier will notify the customer at least 60 days prior to the end of their current term that the end of the term is approaching. EZ Plan II customers electing to continue to receive EZ Plan II service without renewing their current term will automatically revert to the current tariffed month-to-month rate. A monthly termination fee, equal to the MMUL of the term plan that the EZ Plan II customer is subscribing to, will be assessed for each month of the remaining months in the term commitment when the EZ Plan II customer terminates service prior to the completion of the full term of service.

EZ Plan II customers will also be eligible for the EZ Plan II Optional Calling Card Service, at rates set forth in Section 6.1.3 of this tariff. EZ Plan II Optional Calling Card calls are billed in six second increments with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

Web Beta is a switched, non-distance sensitive, flat-rated long distance service which provides Customers with a single rate for both their outbound (1+) and inbound (8XX) calls.

A Travel Card is also available to Web Beta Customers. Travel Card calls are billed in six second increments with a minimum billing of 30 seconds per call. Any fraction of an increment is rounded up to the next whole increment.

Enrollment

To subscribe to Web Beta service, Customers must enroll via a Company-designated Internet site. Customers must subscribe to Web Beta outbound (1+) service in order to qualify for Web Beta inbound (8XX) and/or Travel Card services. Web Beta Customers must also commit to a \$25 Minimum Monthly Usage Level (MMUL). Beginning with the Customer's second monthly invoice, the Customer will be charged either their actual total monthly usage or the MMUL, whichever is greater. All of the Customer's intrastate, interstate and international Web Beta per minute usage charges will count toward the Customer's MMUL.

Usage Charges

The applicable per minute rates are set forth in Section 3 following. Web Beta outbound and inbound calls are billed in six second increments with a minimum billing increment of 18 seconds per call. Any fraction of an increment is rounded up to the next whole increment.

2.6 Interconnection

- .1 Service furnished by the Carrier may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to the technical limitations established by the Carrier. Service furnished by the Carrier is not part of a joint undertaking with other such carriers. Any special interface equipment or facilities necessary to achieve compatibility between the facilities of the Carrier and other participating carriers shall be provided at the customer=s expense.
- .2 Interconnection with the facilities or services of other carriers shall be under the applicable terms and conditions of the other carrier=s tariffs. The customer is responsible for taking all necessary legal steps for interconnecting his/her customer-provided terminal equipment or communications systems with Carrier=s facilities. The customer shall secure all licenses, permits, rights of way, and other arrangements necessary for such interconnection.

2.7 Terms and Conditions of Service

- .1 Service is provided and billed on the basis of a minimum period of at least one month, beginning on the date that billing becomes effective, and continues to be provided until canceled, by the customer, in writing, on not less than thirty (30) days notice.
- .2 Service is offered on a monthly basis.
- .3 For the purpose of computing charges in this tariff, a month is considered to have 30 days.
- .4 The name(s) of the customer(s) desiring to use the service must be stipulated in the application for service.

2.8 Payment and Billing

- .1 The customer is responsible for payment of all charges for services furnished to the customer or any authorized end user through customer=s authorization code or Equal Access Dialing telephone number. Charges for installation, physical or administrative changes, or for cancellation of orders are payable upon completion. Recurring charges are billed in advance. Estimated usage charges are determined by Carrier based on the customer=s projected use of the service, or at Carrier=s option, on the highest previous monthly usage charges incurred by the customer.
- .2 Bills will be payable upon receipt. Interest at the rate of 1 and 1/2% per month (unless prescribed by law, in which event at the highest rate allowed by law) will accrue upon any unpaid amount commencing 20 days after rendition of billing.
- .3 Applicants or customers whose financial condition is not acceptable to the Carrier or is not a matter of general knowledge, may be required at any time to make a deposit up to an amount equaling the installation charges, if applicable and/or up to two months actual or estimated charges for the services to be provided. In the case of a cash deposit, interest at the rate paid in that locality for escrow accounts, not to exceed 6% simple interest, will be paid for the period during which the deposit is held by the carrier. Such deposit may be returned pursuant to Section 4901: 1-17-06(B) of the Ohio Administrative Code or at the Carrier=s option at anytime prior to the termination of service.
- .4 The name(s) of the customer(s) desiring to use the service must be set forth in the application for service.
- .5 For the purpose of billing, the start of service or provision of equipment date is the day of acceptance by the customer of the Carrier=s service or equipment. The end of service or provision of equipment date is the last day after receipt by the Carrier of notification of discontinuance as described in Section 2.

2.8 Payment and Billing

- .6 The Carrier, at its option, may terminate service for nonpayment after written notification has been made to the customer of delinquency.
- .7 A reasonable handling charge, not less than \$10.00, will be assessed for all checks returned by the drawee bank for: insufficient or uncollected funds, closed account, apparent tampering, missing signature or endorsement, or any other insufficiency or discrepancy necessitating return of the instrument at the discretion of the drawee bank.
- .8 If notice of a dispute as to charges is not received in writing by Carrier within three months after an invoice is rendered, such invoice shall be deemed to be correct and binding upon the customer.
- .9 The charges set forth in this tariff for circuit terminations contemplate installations made in normal locations and under normal working conditions. Any installations to be made under other circumstances are subject to additional charges, which will be tariffed as appropriate.
- .10 In the event that legal action is instituted by Carrier to recover any sums then due and Carrier prevails, Carrier shall be entitled to recover its costs of collection, legal costs, court costs, and reasonable attorneys' fees, in addition to whatever other relief the court may award. Any sums then due shall earn interest at the rate of one and one-half (12%) percent simple interest per month, (unless a lower rate is prescribed by law, in which event at the highest rate allowed by law), from the date these sums were accrued until the entire debt is paid in full.

2.9 Liability

- .1 The liability of the Carrier for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission occurring in the course of furnishing service or other facilities and not caused by negligence of the customer, ceases upon activation of service and in no event exceeds an amount to the proportionate charge to the customer for the period of service during which such mistakes, omissions, interruptions, delays, errors, or defects in transmission occur. For the purpose of computing such amount, a month is considered to have 30 days. In no event shall the Carrier be liable for special, consequential or incidental damages.
- .2 The Carrier is not liable for any act or omission of any other company or companies furnishing a portion of the service.
- .3 The Carrier shall be indemnified and held harmless by the customer against:
 - a) Claims for libel, slander, infringement of copyright or unauthorized use of any trade name or service mark arising out of the material, data, information, or other content transmitted over the Carrier's facilities.
 - b) Claims for patent infringement arising from combining or connecting the Carrier's facilities with apparatus and systems of the customer.
 - c) All other claims arising out of any act or omission of the customer in connection with any service provided by the Carrier.

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.9 Liability, (Continued)

- .4 The Carrier=s liability, if any, for its willful misconduct is not limited by this tariff. The Carrier shall not be liable for and the customer indemnifies and holds the Carrier harmless from any and all loss, claims, suits, or other actions, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or persons, and for any loss, damage, defacement or destruction of the premises of the customer or any other property, whether owned by the customer or others, or for any incidental, special or consequential damages including interruption to business, caused or claimed to have been caused directly or indirectly by the installation, operation failure to operate, maintenance, removal, presence, condition, location or use of any equipment provided by the Carrier (e.g., including but not limited to auto dialers, jacks, antennas, etc.) or wiring provided by the Carrier where such installation, operation, failure to operate, maintenance, condition, location or use is not the direct result of the Carrier's intentional acts. No agents or employees of other carriers shall be deemed to be agents or employees of the Carrier.
- .5 In no event shall the Carrier be liable to any customer for any damages caused by act or omission of any local exchange carrier in establishing the Carrier as the customer's primary interexchange carrier. The Carrier shall not be liable for any long distance charges billed the customer by another interexchange carrier because of a local exchange carrier=s failure to process a request designating the Carrier as the customer=s primary interexchange carrier.

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.10 Interruption of Service

Credit allowance for interruptions of service which are not due to the Carrier's testing or adjusting, to the negligence of the customer, or to the failure of channels, equipment and/or communications systems provided by the customer, are subject to the general liability provisions set forth in Section 2 herein. It shall be the obligation of the subscriber to notify the Carrier of any interruption in service. Before giving such notice, the subscriber shall ascertain that the trouble is not being caused by any action or omission of the subscriber, not within his control, or is not in the wiring or equipment connected to the terminal of the Carrier.

2.11 Restoration of Service

The use and restoration of service in emergencies shall be in accordance with Part 64, Subpart D of the Federal Communications Commission's Rules and Regulations, which specifies the priority system for such activities.

2.12 Discontinuance by Carrier

All disconnection situations will be handled in accordance with the Selective Access Policy adopted by the Public Utility Commission of Ohio and codified in the Minimum Telephone Service Standards. The Carrier, by written notice to the customer, may immediately discontinue service or cancel an application for service without incurring any liability for any of the following reasons:

- a) Nonpayment of any sum due to the Carrier for service for more than 30 days beyond the date of rendition of the bill for such service;
- b) A violation of any regulation governing the service under this tariff;
- c) A violation of any law, rule, or regulation of any government authority having jurisdiction over the service;
- d) The Carrier is prohibited from furnishing services by order of a court or other government authority having jurisdiction.

The Carrier may discontinue service without written notice to the customer after the customer has not used the service for three consecutive months.

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.13 Cancellation by Customer

If the customer orders services requiring special facilities dedicated to the customer's use and then cancels his/her order before the service begins, before completion of the minimum period, or before completion of some other period mutually agreed upon by the customer and the Carrier, a charge will be made to the customer for the nonrecoverable portions of expenditures or liabilities incurred expressly on behalf of the customer by the Carrier and not fully reimbursed by installation and monthly charges. If, based on such an order, any construction has either begun or been completed, but no service provided, the nonrecoverable cost of such construction shall be borne by the customer. Service will be provided until canceled by the customer, in writing, on not less than thirty (30) days notice.

2.14 Inspection, Testing and Adjustment

Carrier may, upon reasonable notice, make such tests and inspections as may be necessary to determine whether the requirements of this tariff are being complied with in the installation, operation or maintenance of the customer's or the Carrier's equipment. The Carrier may interrupt the service at any time, without penalty to itself, because of departure from any of these requirements.

Upon reasonable notice, the circuits provided by the Carrier shall be made available to the Carrier for such tests and adjustments as may be necessary to maintain them in satisfactory condition; no interruption allowance will be granted for the time during which such tests and adjustments are made.

Rochester, New York
14646-0500

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.15 Change in Service Agreement

When a change in service arrangement involves the continued use by the customer of circuits furnished by Carrier, installation charges do not apply to the circuits continued in use. The minimum service period for the circuits contained in use is determined from the date of the initial installation thereof.

2.16 Local Charges

In certain instances, the customer may be subject to local telephone charges or message unit charges in using Carrier's service. Carrier is not responsible for any such local charges imposed directly on the customer by the local telephone company for gaining access to Carrier's intercity network.

2.17 Taxes and Surcharges

Customer will be billed for and is liable for payment of all applicable federal, state and local taxes, surcharges, or other assessments, including such amounts as Carrier may be authorized to pass through to the customer.

2.18 Terminal Equipment

The Carrier's facilities and service may be used with or terminated in customer-provided terminal equipment or customer-provided communication systems, such as teleprinters, handsets or data sets. Such terminal equipment shall be furnished and maintained at the expense of the customer, except as otherwise provided. The customer is responsible for all costs at the customer's premises, including customer personnel, wiring, electrical power and the like, incurred in his use of Carrier's service.

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.18 Terminal Equipment, (Continued)

- .1 When such terminal equipment is used, the equipment shall comply with the minimum protective criteria set forth below and shall not interfere with service furnished to other customers. Additional protective equipment, if needed, shall be employed at the customer's expense. When service using local telephone company voice grade facilities is terminated in customer-provided terminal equipment, channel derivation devices, or communications systems, the customer shall comply with the following minimum protective criteria:
 - a) When the facilities furnished under this tariff are used in common with local telephone company system services, it is necessary, in order to prevent excessive noise and crosstalk, that the power of the signal applied to local telephone company lines be limited. A single valued limit for all applications cannot be specified. Therefore, the power of the signal in the band above 300 Hertz which may be applied by the customer-provided equipment at the point of termination will be specified by the Carrier for each application, to be consistent with the signal power allowed on the telecommunications network.
 - b) To protect the telecommunications services from interference at frequencies which are above the band of service provided, the Carrier will specify the acceptable signal power in the following bands to be applied by the customer-provided equipment or communications system at the point of termination to ensure that the input to local telephone company facilities does not exceed the limits indicated:
 - 1) The power in the band from 3,995 Hertz to 4,000 Hertz shall be at least 18 dB below the power of the signal as specified in subsection (a) preceding.

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.18 Terminal Equipment, (Continued)

(b) (Continued)

- 2) The power in the band from 4,000 Hertz to 10,000 Hertz shall not exceed 16 dB below one milliwatt.
 - 3) The power in the band from 10,000 Hertz to 25,000 Hertz shall not exceed 24 dB below one milliwatt.
 - 4) The power in the band from 25,000 Hertz to 40,000 Hertz shall not exceed 36 dB below one milliwatt.
 - 5) The power in the band above 40,000 Hertz shall not exceed 50 dB below one milliwatt.
- .3 Where there is connection via customer-provided terminal equipment or communications system to a Message Telecommunications Service to prevent the interruption or disconnection of calls, or interference with network control signaling, it is necessary that the signal applied by the customer-provided equipment to the interface at no time has energy solely in the 2450 to 2740 Hertz band. If signal power is in the 2450 to 2750 Hertz band, it must not exceed the power present at the same time in the 800 to 2450 Hertz band.
- .4 Where such customer-provided equipment or communications system applies signals having components in the frequency spectrum below 300 Hertz, excluding ringing signals, the currents and voltages (including all harmonics and spurious signals) at the interface shall not exceed the limits indicated in (a) through (d) following:
- a) The maximum rms (root-mean-square) value, including dc and ac components, of the current per conductor shall not exceed 0.35 ampere.
 - b) The magnitude of the peak of the conductor or ground voltage shall not exceed 70 volts.
 - c) The conductor voltage shall be such that the conductor-to-ground voltage limit in (b) preceding applies to the conductor-to-conductor voltage.

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

2.0 SERVICE DESCRIPTIONS AND REGULATIONS, (Continued)

2.18 Terminal Equipment, (Continued)

.4 (continued)

- d) The total weighted rms voltage within the band from 50 Hertz shall not exceed 100 volts. The total weighted rms voltage is the square root of the sum of the products times the square of the rms voltage of the individual frequency components. The weighting factors are as indicated:

<u>For Frequencies between</u>	<u>Weighting Factor</u>
50 Hertz and 100 Hertz	$f / 10$
100 Hertz and 300 Hertz	$f / 10$

where f is the numerical value of the frequency, in Hertz, of the frequency component being weighted.

- .5 The customer shall also comply with the minimum protective criteria generally accepted in the telephone industry and other appropriate criteria as may be prescribed by the Carrier. The customer shall ensure that the customer's terminal equipment is properly interfaced with the Carrier's facilities, that the signals emitted into the Carrier's facilities are of the proper mode, band-width, power, data speed, and signal level for the intended use of the customer, and that the signals do not damage the Carrier's equipment, injure personnel or degrade service to other customers.

If the customer fails to maintain and operate his/her terminal equipment properly, resulting in the occurrence or possibility of harm to the Carrier's equipment, personnel, or the quality of service to other customers, the Carrier may, upon written notice, require the use of protective equipment at the customer's expense. If this fails to produce satisfactory quality and safety of service, the Carrier may, upon written notice, terminate the customer's service.

2.19 Special Services.1 Special Description

For the purpose of this tariff, Special Service is deemed to be any request for service for which there is not a prescribed rate in this tariff.

.2 Special Regulations

- a) If at the request of the customer, the Carrier obtains facilities not normally used to provide service to its customers, the cost incurred will be billed as a Special Service.
- b) If at the request of the customer, the Carrier provides technical assistance not normally required to provide service, the costs involved will be billed as a Special Service.
- c) Where special signaling, conditioning, equipment or other features are required to make customer-provided equipment efficient and compatible with the Carrier service, the cost of providing these features will be billed as a Special Service.
- d) Special Service charges may be equivalent to the estimated cost of furnishing any such service based upon charges applicable to the service provided including all relevant operating, maintenance and administrative expenses, the cost of providing necessary equipment and materials and all associated installation costs including engineering, labor, supervision and transportation costs.

.3 Non-Routine Installation and/or Maintenance Charge

- a) When at the specific request of the customer, installation and/or routine maintenance is performed outside of the regular business hours, additional Special Service charges may apply. Special Service charges will be based upon the actual labor, material and other costs incurred by or billed to the Carrier in the provision of these Special Services.
- b) If installation and/or routine maintenance is performed during regular business hours, at the request of the customer for completion of the task, and these circumstances are not the fault of the Carrier, Special Service charges may apply. Such circumstances include, but are not limited to, stand-by in excess of one hour, weekend, holiday or night time cut-over, and additional installation testing in excess of the normal testing required to provide service.

2.21 Credit Regulations

Pursuant to limitations set forth in Section 2.9, 2.10, and 2.12, the following will apply:

.1 Interruption of Service

- a) No credit will be allowed for relinquishing facilities in order to perform routine maintenance.
- b) Credit for failure of service or equipment will be allowed only when such failure is caused by or occurs in facilities or equipment provided by the Carrier. As used in this tariff, all equipment, facilities and/or services for which the Carrier renders a bill for payment are considered provided by the Carrier whether or not the equipment, facilities and/or services are owned and operated by the Carrier.

- c) No credit will be allowed:

For failure of service or equipment due to customer or authorized user-provided facilities;

For failure of service or equipment due to negligence or willful acts of the customer or his/her authorized user;

For unauthorized use by agents, employees, or representatives of the customer.

- d) Credit allowance for failure of service or equipment starts when the customer notifies the Carrier of the failure or when the Carrier becomes aware of the failure, and ceases when service has been restored and/or the equipment becomes operational.
- e) The customer shall notify the Carrier of failures of service or equipment and make reasonable attempts to ascertain that the failure is not caused by the customer-provided facilities.
- f) Credit will be allowed only for disabled portions of the service or equipment.

2.21 Credit Regulations, (Continued).1 Interruption of Service, (Continued)

- g) The Carrier, at its option, may deny a customer request for credit in accordance with Carrier's standard credit policy against charges incurred for service provided by another carrier where notification of alleged inferior or inadequate service has not been received by Carrier's Customer Service Department within 24 hours of the occurrence. No credit will be allowed absent such notification.

.2 Outage Credit

- a) For the purposes of this tariff, all months contain 30 days. Service and equipment offered by the Carrier are on a 24 hour per day, seven days per week basis unless specifically stated otherwise.
- b) For purposes of credit computations, every month shall be considered to have 720 hours.
- c) No credit shall be allowed for an interruption of less than 2 hours.
- d) The customer shall be credited for an interruption of 2 hours or more at the rate of 1/360th of the monthly charge for the facilities affected for each period of 2 hours or major fraction thereof.
- e) Where a minimum usage charge is applicable and the customer fails to meet a usage minimum, credit for the outage shall be applied against that minimum equal to 1/360th of the monthly minimum charges associated with the portion of

service disabled for each period of 2 hours or major fraction thereof.

3.2.1 Rates for Option 1 (Dial-1 MTS)

The rates applicable to all calls under Option 1 prior to the application of any applicable volume discounts are set forth in the attached Price List.

VOLUME DISCOUNT

A volume discount applies separately to each customer=s account according to the schedule specified in the Price List. The discount applies to Option 1 for calls originated using 1+ dialing or local access number and authorization code.

3.2.2 [RESERVED FOR FUTURE USE]

3.2.3 Rates for Option 3 (MAXCESS III/+)

The rates that apply for Option 3 calls made to points within the State of Ohio are set forth in the attached Price List. Call duration is measured in six (6) second increments, with the fraction of the last increment rounded up to the next whole increment. The minimum usage per call is 30 seconds. Charges are assessed based on the distance called and the time of day.

VOLUME DISCOUNT

A volume discount applies separately to each customer=s account according to the schedule specified in the Price List. The discount applies to the total amount billed to the customer=s account for the billing period for calls originated using Option 3.

The Discount applies to the customer=s monthly invoice and will be based on the total monthly usage. The discounts will apply to each intercity call billed during the billing period, irrespective of location called. Calls to Directory Assistance will not be included.

4.0 PROMOTIONS

4.1 Promotional Offerings

The Company may from time to time engage in special promotional trial service offerings of limited duration, (not to exceed 90 days on a per customer basis, for non-optional recurring charges), designed to attract new customers or to increase existing customer awareness of a particular tariff offering. Requests for promotional offerings will be presented to the Commission for its review, in accordance with rules and regulations established by the Commission, and will be included in the Company's pricing list attached hereto.

5.0 SERVICE OPTIONS - RECURRING, NONRECURRING AND ANCILLARY CHARGES

The rates applicable to all non-recurring charges, special features, one time charges and directory assistance charges are set forth in the attached Price List.

5.1 Traditional Operator Services

Are those operator assisted services provided by the company in which the end user has a customer relationship with the company, the company contracts either directly or indirectly with the customer/end user to provide the service, and the customer/end user pays for the actual processing of the operator assisted calls. Aggregator locations are restricted from use of company=s Traditional Operator Services.

The rates which apply to the surcharge portion of traditional A00" operator services described below are set forth in the attached Price List:

Station-to-Station	See Price List
--------------------	----------------

Person-to-Person	See Price List
------------------	----------------

Usage Rates:

The per minute usage rates applicable to traditional operator services are Carrier=s Option 1, Dial-1 MTS per minute usage rates set forth in the attached Price List. The volume discounts applicable to Option 1, Dial-1 MTS calls do not apply to traditional operator services usage.

6.0 ANCILLARY SERVICE OPTIONS

6.1 Service Options

.1 Allnet Access (Travel)

Allnet Access is an inbound gateway service whereby the caller dials an 800 toll free access number plus an eleven digit calling code to gain access to information, travel, call delivery and voice mail services. Allnet Access Travel is available only in conjunction with Carrier's interstate Allnet Access Travel service offering. A personalized Calling Card will be issued to each Allnet Access subscriber. Charges for Allnet Access Travel are based on length of call, time of day, and originating and terminating locations of each call. The customer's total monthly use of Allnet Access Travel is charged at the applicable rates per minute set forth below. Long distance calls made through Allnet Access are billed in one (1) minute increments with a one minute minimum for each call. Any fraction of an increment after one minute is rounded up to the next one (1) minute increment. Charges for calls answered by the called party are assessed from the time point that the Carrier's gateway returns the initial tone to the caller. Allnet Access calls may originate from any location within the State of Ohio.

The following time periods apply in rating all Allnet Access calls:

BUSINESS HOURS:	Monday through Friday	8:00 AM-5:59 PM
OFF HOURS:	Monday through Friday	6:00 PM-7:59 AM
	Saturday, Sunday	All Day
		Including Carrier recognized holidays

The per minute rates applicable to long distance calls made through Allnet Access, other than Allnet Solution, CallNet 1+, Allnet Edge, Allnet HomeSaver, Product One and Frontier Independence customers during their time periods, are set forth in the attached Price List.

6.1 Service Options

.1 Allnet Access (Travel), (Continued)

The per minute rates which apply to Allnet Solution I, II, III, and Residential Solution customers whose long distance calls are made through Allnet Access (Travel) are set forth in the attached Price List.

.1 The CallNet Calling Card

The CallNet Calling Card service description and rate applications are the same as those for Allnet Access (Travel) set forth in Section 6 of the tariff, excluding the time periods and rates per minute applicable to Allnet Access (Travel). The CallNet Calling Card service is not available on a stand alone basis. Only customers presubscribed to CallNet 1+ service may be eligible for the CallNet Calling Card Service.

The per minute rates which apply to CallNet Calling Card customers whose long distance calls are made through the CallNet Calling card are set forth in the attached Price List. The time periods applicable to the CallNet Calling Card are set forth on page 66 in the tariff.

.2 Allnet Edge Access (Travel) Calls

The per minute rates applicable to Allnet Edge customers who place long distance calls through Allnet Access (Travel) are set forth in the attached Price List. The service hours that apply to Allnet Edge Access (Travel) calls are set forth in Section 3.

.3 Allnet HomeSaver Access (Travel) Calls

The per minute rates applicable to Allnet HomeSaver customers who place long distance calls through Allnet Access (Travel) are set forth in the attached Price List. The service hours that apply to Allnet HomeSaver Access (Travel) calls are set forth in Section 3.

INTRASTATE INTEREXCHANGE TOLL CARRIER SERVICE

6.0 SERVICE OPTIONS - RECURRING, NONRECURRING AND ANCILLARY CHARGES

6.2 Allnet Mobile Line Service

Allnet Mobile Line Service is an ancillary service offering which permits cellular customers to access and route to Carrier for their transmission and reception, voice, data and other types of telecommunications services. Allnet Mobile Line Service is available to all Carrier customers in Mobile Line geographically serviceable areas, and is only available in conjunction with interstate Allnet Mobile Line service. Allnet Mobile Line Service is comprised of the following charges: a cellular connection charge (CCC), and long distance charges. The CCC applies to all calls that originate or terminate to a MobileLine subscribed cellular telephone, and is applied only on completed calls from the time that the originating party completes dialing the telephone number. In addition to the CCC, long distance charges may apply and are for Carrier's on-net calls (calls to a land line telephone or to a cellular telephone outside of the cellular telephone's home LATA). All MobileLine service calls are billed in one minute increments with a one minute minimum.

Long distance charges are standard Solution II rates, as set forth in the Price List. If a MobileLine customer is also a customer of a land-line accessed Carrier product, those MobileLine customers making cellular calls through Allnet Access will be assessed long distance charges equal to the Allnet Access rates based upon their associated land-line Carrier product. For other MobileLine customers, the Allnet Access rates for Allnet Solution II will apply. Existing directory assistance and operator assisted services rates may apply as long distance charges to all MobileLine customers for calls from MobileLine cellular subscribed telephones. MobileLine telephone numbers are not eligible for any promotional offerings. MobileLine customers will be assessed an Out-of-Home-Area Origination Surcharge which is assessed in addition to other charges when the call originates from an area other than the home cellular system. MobileLine customers are liable for any Out-of-Home-Area Origination Surcharges billed to Carrier by any cellular provider and Carrier will then rebill the customers for all such surcharges.

APPLICATION OF TARIFF

This tariff filed by the Company describes the Regulated Toll Terms, Conditions, Payments and Rates and Charges required in conformance with Competitive Retail Telephone Rules (Case No. 06-1345-TP-ORD). Services will be provided in compliance with Minimum Telephone Services Standards. The Company provides Toll regulated services which are not required in the Company's tariff on file with the Public Utilities Commission of Ohio (Rule 4901: 1-06-05(g)).

The Customer may view the Detariffed / Nonregulated Services not included in this tariff on the Company's website at:

http://www.globalcrossing.com/tariffs/tariffs_intrastate.aspx

Customers rights, responsibilities and safeguards can be found in the Ohio Administrative Code Appendix (Rule 4901:1-5-03).

The applicable requirements of the Ohio Administrative Code and the Ohio Revised Code apply to the operations of the Company. The Company will comply with the Commission's policies and requirements for persons with communications disabilities and privacy and number disclosure requirements covered in subject cases. Any changes in terms or conditions of this tariff and/or operations of the Company will generate an obligation of the Company to provide notice of such changes in accordance with the Commission's Rules.

Issued: June 26, 2008

SECTION 1 - DEFINITION OF TERMS

Access Line: A dedicated arrangement which connects a customer location to the Carrier's NSC, (see below for definition).

Administrative Change: The modification of an existing circuit, dedicated access line or port, at the request of the customer, that involves changes in authorization codes, speed numbers, route guide, consolidation of billing, verification of testing performed by parties other than Carrier, or any other administrative change not covered by a Billing Record Change, (see below for definition).

Application for Service: A standard Carrier order form which includes all pertinent billing, technical and other descriptive information which will enable Carrier to provide the communication service as required. The order form may be completed by Carrier using information obtained by telephone from the customer.

Authorization Code: A numerical code, one or more of which is made available to customers requiring identification of individual users or groups of users on his/her account and to allocate the costs of their services accordingly.

Authorized User: A person, firm, corporation or other entity authorized by a customer to receive or send communications. Such permission includes, without limitation, 1) the use of the customer's Authorization Code where the Authorization Code has been made known to the user by the customer, its employees or agents, and 2) the use of customer's phone when Equal Access Dialing is used.

Bandwidth: The total frequency band, in hertz, allocated for a channel.

Billing Record Change: A change in customer billing address or a change from one billing package to another using the same access method.

Cancellation of Order: A customer initiated request to discontinue processing a service order, either in part or in its entirety, prior to its completion.

Carrier: GLOBAL CROSSING TELECOMMUNICATIONS, INC., unless otherwise specified.

SECTION 1 - DEFINITION OF TERMS (CONT'D)**Carrier Recognized Holidays:**

New Year's Day	Observed on January 1
Fourth of July	Observed on July 4
Labor Day	Observed on first Monday of September
Thanksgiving Day	Observed on last Thursday of November
Christmas Day	Observed on December 25

Circuit Termination: The point at which Carrier's circuit originates, terminates, or drops for the insertion or removal of a customer's signal.

Company: GLOBAL CROSSING TELECOMMUNICATIONS, INC., ("Carrier").

Customer: The person, firm, corporation or other entity which orders service, including the ordering or use of Equal Access Dialing, either for its own use, as an Other Common Carrier, or as a nonprofit manager of a sharing group and which is thereby responsible for the payment of charges and for compliance with Carrier's tariff regulations. For billing purposes, a customer is considered to be an account.

Customer-Provided Terminal Equipment: Terminal equipment, as defined herein, provided by a customer.

Dedicated Access Service: Service which provides the customer with an exclusive dedicated connection between the customer's premises and the Carrier's terminal location.

Dial Access Service: Service which provides the customer with access to the Carrier's network via customer provided or secured telephone line or lines.

Disconnection: The disconnection of a dedicated access line or port connection being used for existing service.

Equal Access Dialing: The use of service through local telephone company's access facilities allowing the customer to access Carrier's NSC through either a "1+" or 10444 dialing sequence. Customers using Equal Access Dialing may be billed to the telephone number from which the Equal Access Dialing originates.

Expedited Service Order: A service order which, in compliance with a customer's request, is completed in a time period shorter than the Carrier's standard service interval.

Installation: The connection of a circuit, or dedicated access line, for new or additional service.

Issued: June 26, 2008

Effective: June 30, 2008

Issued by:

Diane L. Peters, Director Regulatory Affairs
1080 Pittsford-Victor Road
Pittsford, New York 14534

SECTION 1 - DEFINITION OF TERMS (CONT'D)

Interexchange Carrier: A person, firm, corporation or entity regulated by the FCC or by any state public utility commission which sells communication services to the public for profit, including resellers.

Joint User: A person, firm, or corporation designated by the customer as a user of communication facilities furnished to the customer by Carrier, and to whom a portion of the charges for such facilities are billed under a joint user arrangement.

Metered Service: Long distance, measured time, and distance sensitive communications service.

Network Switching Center (NSC): Any location where the Carrier has a network switch installed.

Network Trunks: Access lines, interswitch trunks, and circuits connecting services and facilities of the Carrier or other carriers to the Carrier's NSC's.

Non-Specific Accounting Codes: These codes do not have specific numbers designated by the customer. All numbers from 001-999 are preprogrammed into the switch for these customers. Therefore any 3 digit number entered by the customer will allow the call to be completed.

Off-Hours Traffic: All traffic which occurs at any time other than during the business day period (Monday-Friday, 8 a.m. to 5 p.m.) except specified Carrier holidays.

Off-Network Access Line: A local exchange, foreign exchange, or WATS line connecting both incoming and outgoing traffic from the Carrier's switched service network to the public switched network.

Physical Change: The modification of an existing circuit, dedicated access line or port, made at the request of the customer, requiring equipment or facility rearrangement.

Premises: The space designated by a customer at its place or places of business for termination of the Carrier's service, whether for its own communications needs or for the use of its resale customers. In the case of a non-profit sharing group, this term includes space at each sharer's place or places of business as well as space at the customer's place of business.

SECTION 1 - DEFINITION OF TERMS (CONT'D)

Primary Interexchange Carrier: The interexchange carrier designated by the customer or assigned by the local exchange carrier to which interstate calls are automatically routed without the use of an access code by the customer.

Service Group: One or more dedicated access lines terminated in the same multiline terminating device at the same time.

Special Promotional Offering: Special discounts or modifications of its regular service offerings which the Carrier may, from time to time, offer to its customers for a particular service. Such offerings may be limited to certain dates, times and locations.

Specific Accounting Codes: These codes are those numbers which are designated by the customer and entered against a unique trunk type for that customer. If any accounting code other than those designated by the customer are used, the call will not be completed.

Terminal City: Locations where Carrier maintains a terminal facility for purposes of providing service offerings as described herein.

Terminal Equipment: Devices, apparatus and their associated wiring, such as teleprinters, telephone handsets, data sets or dialers.

Terminal Location: Any Carrier facility location from which services described herein are provided.

SECTION 2 - REGULATIONS**2.1 General Description**

- 2.1.1** Carrier provides intrastate communications long distance toll telephone service to subscriber customers for their direct transmission and reception of voice, data and other types of telecommunications between the areas specified herein. The service is provided to multiple users.
- 2.1.2** Communications may originate several ways; when the customer dials 1 plus an area code and the desired telephone number; by dialing 10XXX then an area code and the desired telephone number; on a dial-up basis by calling the local access number; or from a dedicated access line. When a call is originated using a dedicated access arrangement the Carrier can act as the customer's agent in obtaining access, but must in any event approve the design of any dedicated access facility the customer proposes to use. When a call is originated using a local access number, the Carrier's equipment will answer the access call with a computer tone. The customer may enter his/her authorization number followed by the area code and desired telephone number. In all instances, communication charges will terminate when the Carrier's switch determines that the call has terminated.
- 2.1.3** The customer's monthly usage charges are assessed based upon the total time the customer uses the Carrier's intercity communication facilities as measured by the Carrier's electronic switching equipment, together with the customer's use of service options, if any. No charge is made for calls not completed. It is never the Carrier's policy to charge a customer for uncompleted calls. Unless otherwise specified, calls will be measured from the time that the called party answers to the time that either the calling or called party disconnects from the call, as indicated by answer supervision. A customer may dispute any charges by contacting the Carrier's Customer Service Department and proper credits will be issued if, upon investigation, the disputed charges are found to be incorrect. For billing purposes, the duration of each call will be rounded as specified in the description of each service option in the following sections. The rates per minute charged for service are set forth in Section 3.
- 2.1.4** At additional cost, and subject to availability, the customer may use account codes to identify the users or user groups on the customer's account and to allocate the cost of the customer's service accordingly. The numerical composition of such codes shall be set by the Carrier to assure compatibility with Carrier's accounting and automation systems and to avoid duplication of account codes.

SECTION 2 - REGULATIONS (CONT'D)

2.2 Limitations of Service

2.2.1 Service is offered subject to the availability of facilities and/or equipment and subject to the provisions of this tariff. The Carrier reserves the right not to provide service to or from a location where the necessary facilities or equipment are not available.

2.2.2 The Carrier reserves the right to discontinue furnishing service, upon written notice, when necessitated by conditions beyond its control or when the customer is using the service in violation of the provisions of this tariff, or in violation of the law.

2.3 Use of Service

2.3.1 The services offered herein may be used for the transmission of communications to or by the customer.

2.3.2 Service shall not be used for any unlawful purpose.

Issued: June 26, 2008

Effective: June 30, 2008

Issued by:

Diane L. Peters, Director Regulatory Affairs
1080 Pittsford-Victor Road
Pittsford, New York 14534

SECTION 2 - REGULATIONS (CONT'D)**2.4 Interconnection**

2.4.1 Service furnished by the Carrier may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to the technical limitations established by the Carrier. Service furnished by the Carrier is not part of a joint undertaking with other such carriers. Any special interface equipment or facilities necessary to achieve compatibility between the facilities of the Carrier and other participating carriers shall be provided at the customer's expense.

2.4.2 Interconnection with the facilities or services of other carriers shall be under the applicable terms and conditions of the other carrier's tariffs. The customer is responsible for taking all necessary legal steps for interconnecting his/her customer-provided terminal equipment or communications systems with Carrier's facilities. The customer shall secure all licenses, permits, rights of way, and other arrangements necessary for such interconnection.

2.5 Terms and Conditions of Service

2.5.1 Service is provided and billed on the basis of a minimum period of at least one month, beginning on the date that billing becomes effective, and continues to be provided until canceled, by the customer, in writing, on not less than thirty (30) days notice.

2.5.2 Service is offered on a monthly basis.

2.5.3 For the purpose of computing charges in this tariff, a month is considered to have 30 days.

2.5.4 The name(s) of the customer(s) desiring to use the service must be stipulated in the application for service.

SECTION 2 - REGULATIONS (CONT'D)**2.6 Payment and Billing**

- 2.6.1** The customer is responsible for payment of all charges for services furnished to the customer or any authorized end user through customer's authorization code or Equal Access Dialing telephone number. Charges for installation, physical or administrative changes, or for cancellation of orders are payable upon completion. Recurring charges are billed in advance. Estimated usage charges are determined by Carrier based on the customer's projected use of the service, or at Carrier's option, on the highest previous monthly usage charges incurred by the customer.
- 2.6.2** Bills will be payable upon receipt. Interest at the rate of 1.5% per month (unless prescribed by law, in which event at the highest rate allowed by law) will accrue upon any unpaid amount commencing 20 days after rendition of billing.
- 2.6.3** Applicants or customers whose financial condition is not acceptable to the Carrier or is not a matter of general knowledge, may be required at any time to make a deposit up to an amount equaling the installation charges, if applicable and/or up to two months actual or estimated charges for the services to be provided. In the case of a cash deposit, interest at the rate paid in that locality for escrow accounts, not to exceed 6% simple interest, will be paid for the period during which the deposit is held by the carrier. Such deposit may be returned pursuant to Section 4901: 1-17-06(B) of the Ohio Administrative Code or at the Carrier's option at any time prior to the termination of service.
- 2.6.4** The name(s) of the customer(s) desiring to use the service must be set forth in the application for service.
- 2.6.5** For the purpose of billing, the start of service or provision of equipment date is the day of acceptance by the customer of the Carrier's service or equipment. The end of service or provision of equipment date is the last day after receipt by the Carrier of notification of discontinuance as described in Section 2.

SECTION 2 - REGULATIONS (CONT'D)**2.6 Payment and Billing, (Cont'd.)**

- 2.6.6** The Carrier, at its option, may terminate service for nonpayment after written notification has been made to the customer of delinquency.
- 2.6.7** A reasonable handling charge, not less than \$10.00, will be assessed for all checks returned by the drawee bank for: insufficient or uncollected funds, closed account, apparent tampering, missing signature or endorsement, or any other insufficiency or discrepancy necessitating return of the instrument at the discretion of the drawee bank.
- 2.6.8** If notice of a dispute as to charges is not received in writing by Carrier within three months after an invoice is rendered, such invoice shall be deemed to be correct and binding upon the customer.
- 2.6.9** The charges set forth in this tariff for circuit terminations contemplate installations made in normal locations and under normal working conditions. Any installations to be made under other circumstances are subject to additional charges, which will be tarified as appropriate.
- 2.6.10** In the event that legal action is instituted by Carrier to recover any sums then due and Carrier prevails, Carrier shall be entitled to recover its costs of collection, legal costs, court costs, and reasonable attorneys' fees, in addition to whatever other relief the court may award. Any sums then due shall earn interest at the rate of one and one-half (12%) percent simple interest per month, (unless a lower rate is prescribed by law, in which event at the highest rate allowed by law), from the date these sums were accrued until the entire debt is paid in full.

SECTION 2 - REGULATIONS (CONT'D)**2.6 Payment and Billing, (Cont'd.)****2.6.11 Billing Disputes**

If the customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may file a complaint with the Public Utilities Commission of Ohio in accordance with the Commission's rules of procedure. The address of the Commission is as follows:

Service Monitoring and Enforcement Department
Public Utility Commission of Ohio
180 East Broad Street, Tenth Floor
Columbus, Ohio 43215-3793
Toll Free Telephone: 800-686-7826
TTY Toll Free Telephone: 800-686-1570
From 8:00 AM to 5:30 PM (EST) weekdays or at www.PUCO.ohio.gov

Residential Customers may also contact the Ohio Consumers' Counsel for assistance with complaints and utility issues at:

Toll Free Telephone: 877-742-5622
From 8:00 AM to 5:00 PM (EST) weekdays or at www.pickocc.org

SECTION 2 - REGULATIONS (CONT'D)**2.7 Liability**

- 2.7.1** The liability of the Carrier for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission occurring in the course of furnishing service or other facilities and not caused by negligence of the customer, ceases upon activation of service and in no event exceeds an amount to the proportionate charge to the customer for the period of service during which such mistakes, omissions, interruptions, delays, errors, or defects in transmission occur. For the purpose of computing such amount, a month is considered to have 30 days. In no event shall the Carrier be liable for special, consequential or incidental damages.
- 2.7.2** The Carrier is not liable for any act or omission of any other company or companies furnishing a portion of the service.
- 2.7.3** The Carrier shall be indemnified and held harmless by the customer against:
- A.** Claims for libel, slander, infringement of copyright or unauthorized use of any trade name or service mark arising out of the material, data, information, or other content transmitted over the Carrier's facilities.
 - B.** Claims for patent infringement arising from combining or connecting the Carrier's facilities with apparatus and systems of the customer.
 - C.** All other claims arising out of any act or omission of the customer in connection with any service provided by the Carrier.

SECTION 2 - REGULATIONS (CONT'D)**2.7 Liability, (Cont'd.)**

- 2.7.4** The Carrier's liability, if any, for its willful misconduct is not limited by this tariff. The Carrier shall not be liable for and the customer indemnifies and holds the Carrier harmless from any and all loss, claims, suits, or other actions, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or persons, and for any loss, damage, defacement or destruction of the premises of the customer or any other property, whether owned by the customer or others, or for any incidental, special or consequential damages including interruption to business, caused or claimed to have been caused directly or indirectly by the installation, operation failure to operate, maintenance, removal, presence, condition, location or use of any equipment provided by the Carrier (e.g., including but not limited to auto dialers, jacks, antennas, etc.) or wiring provided by the Carrier where such installation, operation, failure to operate, maintenance, condition, location or use is not the direct result of the Carrier's intentional acts. No agents or employees of other carriers shall be deemed to be agents or employees of the Carrier.
- 2.7.5** In no event shall the Carrier be liable to any customer for any damages caused by act or omission of any local exchange carrier in establishing the Carrier as the customer's primary interexchange carrier. The Carrier shall not be liable for any long distance charges billed the customer by another interexchange carrier because of a local exchange carrier's failure to process a request designating the Carrier as the customer's primary interexchange carrier.

SECTION 2 - REGULATIONS (CONT'D)**2.8 Interruption of Service**

Credit allowance for interruptions of service which are not due to the Carrier's testing or adjusting, to the negligence of the customer, or to the failure of channels, equipment and/or communications systems provided by the customer, are subject to the general liability provisions set forth in Section 2 herein. It shall be the obligation of the subscriber to notify the Carrier of any interruption in service. Before giving such notice, the subscriber shall ascertain that the trouble is not being caused by any action or omission of the subscriber, not within his control, or is not in the wiring or equipment connected to the terminal of the Carrier.

2.9 Restoration of Service

The use and restoration of service in emergencies shall be in accordance with Part 64, Subpart D of the Federal Communications Commission's Rules and Regulations, which specifies the priority system for such activities.

2.10 Discontinuance by Carrier

All disconnection situations will be handled in accordance with the Selective Access Policy adopted by the Public Utility Commission of Ohio and codified in the Minimum Telephone Service Standards. The Carrier, by written notice to the customer, may immediately discontinue service or cancel an application for service without incurring any liability for any of the following reasons:

- A. Nonpayment of any sum due to the Carrier for service for more than 30 days beyond the date of rendition of the bill for such service;
- B. A violation of any regulation governing the service under this tariff;
- C. A violation of any law, rule, or regulation of any government authority having jurisdiction over the service;
- D. The Carrier is prohibited from furnishing services by order of a court or other government authority having jurisdiction.

The Carrier may discontinue service without written notice to the customer after the customer has not used the service for three consecutive months.

SECTION 2 - REGULATIONS (CONT'D)**2.11 Cancellation by Customer**

If the customer orders services requiring special facilities dedicated to the customer's use and then cancels his/her order before the service begins, before completion of the minimum period, or before completion of some other period mutually agreed upon by the customer and the Carrier, a charge will be made to the customer for the nonrecoverable portions of expenditures or liabilities incurred expressly on behalf of the customer by the Carrier and not fully reimbursed by installation and monthly charges. If, based on such an order, any construction has either begun or been completed, but no service provided, the nonrecoverable cost of such construction shall be borne by the customer. Service will be provided until canceled by the customer, in writing, on not less than thirty (30) days notice.

2.12 Inspection, Testing and Adjustment

Carrier may, upon reasonable notice, make such tests and inspections as may be necessary to determine whether the requirements of this tariff are being complied with in the installation, operation or maintenance of the customer's or the Carrier's equipment. The Carrier may interrupt the service at any time, without penalty to itself, because of departure from any of these requirements.

Upon reasonable notice, the circuits provided by the Carrier shall be made available to the Carrier for such tests and adjustments as may be necessary to maintain them in satisfactory condition; no interruption allowance will be granted for the time during which such tests and adjustments are made.

SECTION 2 - REGULATIONS (CONT'D)**2.13 Change in Service Agreement**

When a change in service arrangement involves the continued use by the customer of circuits furnished by Carrier, installation charges do not apply to the circuits continued in use. The minimum service period for the circuits contained in use is determined from the date of the initial installation thereof.

2.14 Local Charges

In certain instances, the customer may be subject to local telephone charges or message unit charges in using Carrier's service. Carrier is not responsible for any such local charges imposed directly on the customer by the local telephone company for gaining access to Carrier's intercity network.

2.15 Taxes and Surcharges

Customer will be billed for and is liable for payment of all applicable federal, state and local taxes, surcharges, or other assessments, including such amounts as Carrier may be authorized to pass through to the customer.

SECTION 2 - REGULATIONS (CONT'D)**2.16 Terminal Equipment**

The Carrier's facilities and service may be used with or terminated in customer-provided terminal equipment or customer-provided communication systems, such as teleprinters, handsets or data sets. Such terminal equipment shall be furnished and maintained at the expense of the customer, except as otherwise provided. The customer is responsible for all costs at the customer's premises, including customer personnel, wiring, electrical power and the like, incurred in his use of Carrier's service.

2.16.1 When such terminal equipment is used, the equipment shall comply with the minimum protective criteria set forth below and shall not interfere with service furnished to other customers. Additional protective equipment, if needed, shall be employed at the customer's expense. When service using local telephone company voice grade facilities is terminated in customer-provided terminal equipment, channel derivation devices, or communications systems, the customer shall comply with the following minimum protective criteria:

- A.** When the facilities furnished under this tariff are used in common with local telephone company system services, it is necessary, in order to prevent excessive noise and crosstalk, that the power of the signal applied to local telephone company lines be limited. A single valued limit for all applications cannot be specified. Therefore, the power of the signal in the band above 300 Hertz which may be applied by the customer-provided equipment at the point of termination will be specified by the Carrier for each application, to be consistent with the signal power allowed on the telecommunications network.

SECTION 2 - REGULATIONS (CONT'D)**2.16 Terminal Equipment, (Cont'd.)****2.16.1 (Cont'd.)**

B. To protect the telecommunications services from interference at frequencies which are above the band of service provided, the Carrier will specify the acceptable signal power in the following bands to be applied by the customer-provided equipment or communications system at the point of termination to ensure that the input to local telephone company facilities does not exceed the limits indicated:

1. The power in the band from 3,995 Hertz to 4,000 Hertz shall be at least 18 dB below the power of the signal as specified in subsection (a) preceding.
2. The power in the band from 4,000 Hertz to 10,000 Hertz shall not exceed 16 dB below one milliwatt.
3. The power in the band from 10,000 Hertz to 25,000 Hertz shall not exceed 24 dB below one milliwatt.
4. The power in the band from 25,000 Hertz to 40,000 Hertz shall not exceed 36 dB below one milliwatt.
5. The power in the band above 40,000 Hertz shall not exceed 50 dB below one milliwatt.

2.16.2 Where there is connection via customer-provided terminal equipment or communications system to a Message Telecommunications Service to prevent the interruption or disconnection of calls, or interference with network control signaling, it is necessary that the signal applied by the customer-provided equipment to the interface at no time has energy solely in the 2450 to 2740 Hertz band. If signal power is in the 2450 to 2750 Hertz band, it must not exceed the power present at the same time in the 800 to 2450 Hertz band.

SECTION 2 - REGULATIONS (CONT'D)**2.16 Terminal Equipment, (Cont'd.)**

2.16.3 Where such customer-provided equipment or communications system applies signals having components in the frequency spectrum below 300 Hertz, excluding ringing signals, the currents and voltages (including all harmonics and spurious signals) at the interface shall not exceed the limits indicated in (a) through (d) following:

- A.** The maximum rms (root-mean-square) value, including dc and ac components, of the current per conductor shall not exceed 0.35 ampere.
- B.** The magnitude of the peak of the conductor or ground voltage shall not exceed 70 volts.
- C.** The conductor voltage shall be such that the conductor-to-ground voltage limit in (b) preceding applies to the conductor-to-conductor voltage.
- D.** The total weighted rms voltage within the band from 50 Hertz shall not exceed 100 volts. The total weighted rms voltage is the square root of the sum of the products times the square of the rms voltage of the individual frequency components. The weighting factors are as indicated:

<u>For Frequencies between</u>	<u>Weighting Factor</u>
50 Hertz and 100 Hertz	f /10
100 Hertz and 300 Hertz	f/10

where f is the numerical value of the frequency, in Hertz, of the frequency component being weighted.

SECTION 2 - REGULATIONS (CONT'D)**2.16 Terminal Equipment, (Cont'd.)**

2.16.4 The customer shall also comply with the minimum protective criteria generally accepted in the telephone industry and other appropriate criteria as may be prescribed by the Carrier. The customer shall ensure that the customer's terminal equipment is properly interfaced with the Carrier's facilities, that the signals emitted into the Carrier's facilities are of the proper mode, band-width, power, data speed, and signal level for the intended use of the customer, and that the signals do not damage the Carrier's equipment, injure personnel or degrade service to other customers.

If the customer fails to maintain and operate his/her terminal equipment properly, resulting in the occurrence or possibility of harm to the Carrier's equipment, personnel, or the quality of service to other customers, the Carrier may, upon written notice, require the use of protective equipment at the customer's expense. If this fails to produce satisfactory quality and safety of service, the Carrier may, upon written notice, terminate the customer's service.

SECTION 2 - REGULATIONS (CONT'D)**2.17 Special Services****2.17.1 Special Description**

For the purpose of this tariff, Special Service is deemed to be any request for service for which there is not a prescribed rate in this tariff.

2.17.2 Special Regulations

- A.** If at the request of the customer, the Carrier obtains facilities not normally used to provide service to its customers, the cost incurred will be billed as a Special Service.
- B.** If at the request of the customer, the Carrier provides technical assistance not normally required to provide service, the costs involved will be billed as a Special Service.
- C.** Where special signaling, conditioning, equipment or other features are required to make customer-provided equipment efficient and compatible with the Carrier service, the cost of providing these features will be billed as a Special Service.
- D.** Special Service charges may be equivalent to the estimated cost of furnishing any such service based upon charges applicable to the service provided including all relevant operating, maintenance and administrative expenses, the cost of providing necessary equipment and materials and all associated installation costs including engineering, labor, supervision and transportation costs.

Issued: June 26, 2008

Effective: June 30, 2008

Issued by:

Diane L. Peters, Director Regulatory Affairs
1080 Pittsford-Victor Road
Pittsford, New York 14534

SECTION 2 - REGULATIONS (CONT'D)**2.17 Special Service Arrangements, (Cont'd.)****2.17.3 Non-Routine Installation and/or Maintenance Charge**

- A.** When at the specific request of the customer, installation and/or routine maintenance is performed outside of the regular business hours, additional Special Service charges may apply. Special Service charges will be based upon the actual labor, material and other costs incurred by or billed to the Carrier in the provision of these Special Services.
- B.** If installation and/or routine maintenance is performed during regular business hours, at the request of the customer for completion of the task, and these circumstances are not the fault of the Carrier, Special Service charges may apply. Such circumstances include, but are not limited to, stand-by in excess of one hour, weekend, holiday or night time cut-over, and additional installation testing in excess of the normal testing required to provide service.

SECTION 2 - REGULATIONS (CONT'D)**2.18 Credit Regulations**

Pursuant to limitations set forth in Section 2.7, 2.8, and 2.10, the following will apply:

2.18.1 Interruption of Service

- A.** No credit will be allowed for relinquishing facilities in order to perform routine maintenance.
- B.** Credit for failure of service or equipment will be allowed only when such failure is caused by or occurs in facilities or equipment provided by the Carrier. As used in this tariff, all equipment, facilities and/or services for which the Carrier renders a bill for payment are considered provided by the Carrier whether or not the equipment, facilities and/or services are owned and operated by the Carrier.
- C.** No credit will be allowed:
 - 1.** For failure of service or equipment due to customer or authorized user-provided facilities;
 - 2.** For failure of service or equipment due to negligence or willful acts of the customer or his/her authorized user;
 - 3.** For unauthorized use by agents, employees, or representatives of the customer.

SECTION 2 - REGULATIONS (CONT'D)**2.18 Credit Regulations, (Cont'd.)****2.18.1 Interruption of Service, (Cont'd.)**

- D.** Credit allowance for failure of service or equipment starts when the customer notifies the Carrier of the failure or when the Carrier becomes aware of the failure, and ceases when service has been restored and/or the equipment becomes operational.
- E.** The customer shall notify the Carrier of failures of service or equipment and make reasonable attempts to ascertain that the failure is not caused by the customer-provided facilities.
- F.** Credit will be allowed only for disabled portions of the service or equipment.
- G.** The Carrier, at its option, may deny a customer request for credit in accordance with Carrier's standard credit policy against charges incurred for service provided by another carrier where notification of alleged inferior or inadequate service has not been received by Carrier's Customer Service Department within 24 hours of the occurrence. No credit will be allowed absent such notification.

SECTION 2 - REGULATIONS (CONT'D)**2.18 Credit Regulations, (Cont'd.)****2.18.2 Outage Credit**

- A.** For the purposes of this tariff, all months contain 30 days. Service and equipment offered by the Carrier are on a 24 hour per day, seven days per week basis unless specifically stated otherwise.
- B.** For purposes of credit computations, every month shall be considered to have 720 hours.
- C.** No credit shall be allowed for an interruption of less than 2 hours.
- D.** The customer shall be credited for an interruption of 2 hours or more at the rate of 1/360th of the monthly charge for the facilities affected for each period of 2 hours or major fraction thereof.
- E.** Where a minimum usage charge is applicable and the customer fails to meet a usage minimum, credit for the outage shall be applied against that minimum equal to 1/360th of the monthly minimum charges associated with the portion of service disabled for each period of 2 hours or major fraction thereof.

Issued: June 26, 2008

Effective: June 30, 2008

SECTION 2 - REGULATIONS (CONT'D)**2.18 Credit Regulations, (Cont'd.)****2.18.3 Cancellation Credit**

Where the Carrier cancels a service or the provision of equipment and the final service period is less than the monthly billing period, a credit will be issued for any amounts billed in advance, prorated at 1/30th of the monthly recurring charge equipment was provided. This credit will be issued to the customer or applied against the balance remaining on the customer's account.

2.18.4 Credit Formula

$$\text{Credit} = T \times C / 24$$

Where "T" is outage time in hours

"C" is total daily charge for affected facility

2.19 Ohio Minimum Telephone Service Standards

Services will be provided in compliance with Minimum Telephone Services Standards. The Company provides Toll regulated services which are not required in the Company's tariff on file with the Public Utilities Commission of Ohio (Rule 4901: 1-06-05(g)).

SECTION 3 - RATES

3.1 Directory Assistance

Directory Assistance	\$0.95/Call

Dear Customer:

Beginning on June 30, 2008, the prices, service descriptions, and terms and conditions for certain telecommunication services that you are provided by Global Crossing will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

The affected services include long distance and certain local services, including second and third local exchange service access lines, call waiting, call trace, per line number identification blocking, nonpublished number service and N-1-1 access and usage.

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. Global Crossing must still provide customer notice at least fifteen days in advance of rate increases, changes in terms and conditions, and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings online at www.globalcrossing.com or you can request a copy of this information by contacting Global Crossing at:

550 South 24th Street West
Billings, MT 59102
800-466-4600

Since these services will no longer be on file with the PUCO, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call Global Crossing at the toll free number 800-466-4600 or visit us at www.globalcrossing.com.

Very truly yours,

Customer Service
