**TARIFF FORMAT**

- A. **Page Numbering** - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages occasionally are added to the tariff. When a new page is added between pages already in effect, a decimal is added to the page number. For example, a new page added between pages 14 and 15 would be 14.1.
- B. **Page Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4<sup>th</sup> revised Page 14 cancels the 3<sup>rd</sup> revised Page 14. Because of various suspension periods, deferrals, etc. the Commission follows in its tariff approval process, the most current page number on file with the Commission is not always the tariff page in effect.
- C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.
  - 2.1.
  - 2.1.1.
  - 2.1.1.A.
  - 2.1.1.A.1.
  - 2.1.1.A.1.(a).
  - 2.1.1.A.1.(a).I.
  - 2.1.1.A.1.(a).I.(i).
  - 2.1.1.A.1.(a).I.3(i).(1).
- D. **Check Sheets** - When a tariff filing is made with the Commission an updated check sheet accompanies the tariff filing. The check sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated on the check sheet by an asterisk(\*). There will be no other symbols used on the check sheet if these are the only changes made to it. The tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

**SECTION I**

**1. Deposits**

- 1.1 If a Customer cannot demonstrate satisfactory credit by reasonable means appropriate under the circumstances, the Company may require a Customer to make a deposit to be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. The deposit will not exceed an amount equal to two twelfths of a Customer's estimated annual billings.
- 1.2 When a service or facility is discontinued, the amount of a deposit, if any, will be applied to the Customer's account and any credit balance remaining will be refunded. Before the service or facility is discontinued, the Company may, at its option, return the deposit or credit it to the Customer's account, but in no case shall the Company retain the deposit of a Customer who has made prompt and satisfactory payments to the Company for a period of twelve consecutive months.
- 1.3 Deposits held will accrue interest at a rate based on the simple average interest rate for new issues of one year treasury bills computed over the one year period ending on the preceding first day of December.

**2. Late Payment Charges**

If any portion of the payment is not received by the Company on or before the date due, or if any portion of the payment is received by the Company in funds which are not immediately available, then the Customer's account shall be delinquent, and a late payment penalty shall be due to the Company. The due date shall be no earlier than thirty (30) days after the Company's invoice is mailed. The late payment penalty shall be the portion of the payment not received by the date due, multiplied by a late factor. The late factor shall be the lesser of (a) 1.5% of the total monthly bill; or (b) the highest interest rate which may be applied under applicable state law for commercial transactions.

Re: Branch Office - Cincinnati, OH

Dear Jim Hurst;

Beginning on July 1, 2008, the prices, service descriptions, and the terms and conditions for certain telecommunication services that you are provided by SNiP Link, LLC will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

This change affects Intrastate Interexchange Services provided by SNiP Link, LLC in the State of Ohio.

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. SNiP Link, LLC must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in a Service Guide online at <http://www.snip4home.net/home/tariffs> or you can request a copy of this information by contacting the company at 100-A Twinbridge Drive, Pennsauken, NJ 08110 or by telephone at 1-888-764-7600.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call SNiP Link, LLC at the toll free number 1-888-764-7600 or visit us at <http://www.snip.net>.

Sincerely,
