RE: Case No. 08-802-TP-ATA
nii communications, Ltd. 90-9303-TP-TRF
Application to Detariff Certain Tier 2 Services

Dear Ms. Jenkins:

In compliance with Case No. 06-1345-TP-ORD, enclosed for filing please find the Application to Detariff Certain Tier 2 Services and to make other changes related to the implementation of Case No. 06-1345-TP-ORD.

In accordance with Rule 4901:1-05(g), certain Tier 2 Services have been deleted from the proposed Replacement Tariff pages which are now available on the Company's website at: www.clearartel.com.

A copy of the Residential and Non-Residential customer notices have been sent to Telecomm-Rule16@puc.state.oh.us.

The following documents are included with this filing:

Telecommunications Application Form for Routine Proceedings

- Exhibit A - Superseded Tariff Pages
- Exhibit B - Proposed Revised Tariff Pages
- Exhibit C - Narrative summarizing the changes
- Exhibit D - Explanation on how applicant intends to comply with Rule 4901:1-6-05(G) (3)
- Exhibit E - Copies of the Residential and Nonresidential Customer Notices which were sent on June 13, 2008.
- Exhibit F - Affidavit signed by Company Officer verifying that the Customers Notices were sent.

Questions regarding this filing may be directed to my attention at (407) 740-3031 or via e-mail at stthomas@tminc.com. Please acknowledge receipt of this filing by date stamping the extra copy of this cover letter and returning it to me in the self-addressed, stamped envelope provided for this purpose. Thank you for your assistance.

Sincerely,

Sharon Thomas
Consultant to nii Communications, Ltd.

LOCAL EXCHANGE AND INTEREXCHANGE SERVICE

SECTION 3 - SERVICE DESCRIPTIONS (Cont'd)**3.1.3 Local Line(Cont'd)**

To the extent not readily ascertainable, these optional features are defined as follows:

***69 Call Return:**

Enables a customer to return the last incoming call, whether or not it was answered. The customer dials the activation code of *69 from a touch-tone phone, or 1169 from a rotary dial phone, and the last incoming call is announced. If the incoming call was placed from a line designated as "private," a fast busy tone will be heard preventing the activation of the Call Return feature. *Office-wide Call Return-Block-to-Private prevents Call Return activation when a local or toll calling party blocks their number.*³ To activate the Call Return function, the customer would then dial "1". If the line is busy when the customer activates the service, a confirmation announcement is heard, the customer hangs up, and a queuing process begins. For the next thirty minutes, both the calling and called parties' lines are checked periodically. The call setup is made when both the originating and terminating lines are idle. After activation of the feature, the originating and terminating customers may place other calls without affecting the Call Return service status. The call backs may be to areas where a toll charge would be applicable. This feature cannot be activated for all telephone numbers such as numbers with the 800 or 900 prefixes, or PBX extensions.

Call Screening:

Provides the customer with a method of blocking calls from certain numbers, which may or may not be known to the customer. The customer may also activate the service after receiving a call, and thus place the number associated with that call on the Call Screening list. To activate that feature, the customer dials *60 from a touch-tone phone, or 1160 from a rotary dial phone and the telephone number of each incoming call is checked against the customer's Call Screening list.

³ Office-wide Call Return-Block-to-Private is required.

LOCAL EXCHANGE AND INTEREXCHANGE SERVICE

SECTION 3 - SERVICE DESCRIPTIONS (Cont'd)**3.1.3 Local Line(Cont'd)****Caller ID:**

Allows the customer to view the telephone number of the calling party when receiving a telephone call. The telephone number of the calling party is displayed on a customer-provided display device. However, the calling party may subscribe to services that will prevent the disclosure of their telephone number. In such instances, a privacy indication will appear on the customer-provided display device instead of the calling party's telephone number.

Repeat Dialing:

Automatically redials the last outgoing number after (Automatic Callback) the customer activates the service by dial *66 from a touch-tone phone, or 1166 from a rotary dial phone. Repeat dialing monitors the busy line and performs a call setup when both the originating and terminating lines become idle. After activation of the feature, the originating and terminating customers may place other calls without affecting the Repeat Dialing service status. This service may also be used to recall a called party after the conversation has been terminated.

***67 Blocking for**

By a customer dialing *67 prior to dialing the number, the customer's telephone

Caller ID/Call

number will be blocked such that a customer with caller ID cannot view the

Return

number and a customer with Call Return cannot call back the customer.

LOCAL EXCHANGE AND INTEREXCHANGE SERVICE**SECTION 3 - SERVICE DESCRIPTIONS (Cont'd)****3.5 Local Line Rates and Charges**

A Local Line Customer will be charged applicable Non-Recurring Charges, monthly Recurring Charges and Message Charges as specified herein.

	Subsequent Account Changes*	\$75.00
	(Changes, Additions per order)	
	Line Restoral Charge	\$69.00

Within sixty days of the date of initiation of service, new residential subscribers shall be allowed a one-time change of their type of local exchange service or the return to their prior type of local exchange service without charge. This does not preclude the company from charging for the principal service connection, monthly charges for the period such service was used, or the addition or removal of any optional local service. (Applies for line restoral after temporary interruption of service initiated by the Company. If service is temporarily interrupted and payment is not received within 10 days following the interruption, the Company reserves the right to discontinue service. If services are discontinued and subsequently re-established, charges apply as for a new installation of service.)

Optional Feature Activation	\$30.00 (per order)
-----------------------------	---------------------

LOCAL EXCHANGE AND INTEREXCHANGE SERVICE

SECTION 3 - SERVICE DESCRIPTIONS (Cont'd)

3.8 Presubscription

Provides Customers with the ability to have message toll or long distance calls routed directly to their carrier of choice without the dialing of any additional digits. Customers may select separate carriers for intraLATA and interLATA calls, in accordance with the local guidelines. The Company only permits presubscription where the Customer has a direct billing arrangement with the interexchange carrier.

3.9 Domestic Long Distance Rates and Charges

Toll calling is available to Customers and calls are billed in 6 second increments.

3.10 800 Travel Service

800 Travel Service is a measured use, non-distance-sensitive, non-time-of-day-sensitive, outbound communications service whereby customers can access the Company's network via an 800-type number, and, upon entry of a valid authorization code and phone number, complete a call from any touch tone phone. All customers of the Company will, upon request and acceptance of the related terms and conditions, be provided with an authorization code to use with the Company's 800 Travel Service.

Service Connection Charge	\$75.00 (per line)
(includes first month of service)	
Subsequent Account Changes*	\$75.00
(Changes, Additions per order)	
Line Restoral Charge	\$69.00

Within sixty days of the date of initiation of service, new residential subscribers shall be allowed a one-time change of their type of local exchange service or the return to their prior type of local exchange service without charge. This does not preclude the company from charging for the principal service connection, monthly charges for the period such service was used, or the addition or removal of any optional local service. (Applies for line restoral after temporary interruption of service initiated by the Company. If service is temporarily interrupted and payment is not received within 10 days following the interruption, the Company reserves the right to discontinue service. If services are discontinued and subsequently re-established, charges apply as for a new installation of service.)

Optional Feature Activation \$30.00 (per order)

NOTE: Non-recurring account change charges will not apply during the initial 30 day period following completion of a service order.

3.5.2 Basic Service:**Home Unlimited***

nii Home Unlimited is a residential telecommunications product that consists of local telephone service. Home Unlimited is available for residential services only, without exception. There will be a maximum of four lines allowed per residential account and any additional features can be added without an additional charge.

* This Service can only be purchased in conjunction with Unregulated and/or Detariffed Services.

Address

Dear _____,

Beginning on June 30, 2008, the prices, service descriptions, and the terms and conditions for long distance services that you are provided by Cleartel Communications and its affiliates listed below will no longer be on file at the Public Utilities Commission of Ohio (PUCO).

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. The company must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings online at www.cleartel.com or you can request a copy of this information by contacting us at the address and toll free telephone number above.

Since long distance services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions. If you have any questions about this matter, please call us at the toll free number 888-389-1400 or visit us at www.cleartel.com. You may also visit the consumer information page on the PUCO's website at puco.ohio.gov for further information.

Sincerely,

Jamie Villanueva
