COMMENT DESCRIPTION:

Regarding Dominion East Ohio's proposed \$75 million rate increase. I'm fine with everything excepting the INCREASE IN THE RESIDENTIAL MONTHLY FIXED RATE FROM \$5.70 to \$17.50. This sends the wrong message to people trying to conserve on their gas use as well as hitting low income people smack in the face. Better to keep the fixed rate and increase the rate related to consumption. If DEO persists in doing this then they'd better set aside a lot more money for helping low income people. And their public image will suffer as they leave consumption based billing for the convenience (for DEO) of having more fixed monthly revenue coming in
