**COMPLAINT DESCRIPTION:**

i want to complain about your granting a triple rate increase to Dominion Gas Company. They want to go from \$5.70 to over \$17.50. they say everyone should pay the same. what a crock that is. charges should be based on usage. a home business or whatever. they paid out bonuses to their executives and lower level employees. Dominion says this triple increase is needed to cover ADMINISTRATIVE and MAINTENANCE COSTS. maybe the higher ups should be taking less salary and bonuses. they're outsourcing work to save money. Costs to a company are paid by what's brought in. they're not filing for bankruptcy so what's the issue? how much more can the working men and women and the retired take. how are people going to live? you puco are supposed to be looking out for the people. be reasonable please. where are people going to get these additional monies to heat and cool their homes. your helping to create a welfare state because nobody will have anything if the trend continues like it has. businesses want their employees to take little or no raises to their salary. they want them to pay more for their medical benefits and the end result is the working man pays more and gets less. food, fuel, medical costs and taxes are going up. where's the money going to come from? Dominion paid out big bonuses and they want the working people to pay for it. if we got to tighten our belts then they must do likewise. it cannot continue to be one way and if you grant this triple rate hike your helping a company that has money and is not being fair to the people. You must DENY this request. the winter was mild there's supposed to be plenty of gas. because the usage was lower now they want a rate increase ---- a triple rate increase. thank you Anthony R. Rozzo

Please docket the attached in the case number above.
