Gentlemen:

It has come to my attention that Dominion East Ohio Gas is proposing a flat gas rate for residential homes. As a senior citizen trying to keep current with the many increases today, I am totally opposed to such a change. If I am able to lower my total usage charge down, by lowering my heat, I certainly do not want to be charged the same as those not compromising their comfort.

You can be assured that anyone living on a fixed income in today's economy cannot tolerate changes which will result in more cost to the consumer.

I will watch the news for
further developments in this regard.

Thank you for your thoughtful
consideration.

Sincerely,

Mrs. Peter Costanzo
(Rose) Widow
