APPLICATION OF TARIFF

This tariff contains the regulations and rates applicable to the provision of telecommunications services offered by Comtel Telcom Assets LP d/b/a Excel Telecommunications (hereinafter referred to as "Excel" or the "Company") between and among points within the State of Ohio. Some portions of the services offered by the Company are subject to the jurisdiction of the Federal Communications Commission. This schedule only covers the portion of long distance service that is subject to the Public Utilities Commission of Ohio. The Company does not actively offer in-state intraLATA local toll long distance as a stand-alone service. In-state long distance and intraLATA toll are offered as components of an interstate rate plan. As such, Customers are subject to the rates, terms and conditions applicable to a Customer's designated interstate rate plan, irrespective of whether the customer presubscribes to Excel for interstate services.

Customers have certain rights and responsibilities under the Minimum Telephone Service Standards Ohio Adm. Code 4901:1-5)(MTTS). These safeguards can be found in the Appendix to Ohio Adm. Code 4901:1-5-03, which is entitled "Telephone Customer Rights and Responsibilities". These rights and responsibilities include complaint handling, ordering or charging service, service repair, payment if bills and disconnection and reconnection of service.

The applicable requirements of the Ohio Administrative Code and the Ohio Revised Code apply to the operations of the Company. The Company will comply with the Commission's policies and requirements for persons with communications disabilities and privacy and number disclosure requirements covered in subject cases. Any changes in terms or conditions of this tariff and/or operations of the Company will generate an obligation of the Company to provide notice of such changes in accordance with the Commission's Rules.

CUSTOMER NOTICE

A copy of the Residential and Non-Residential Customer notices is included in this Exhibit

June 13, 2008

Dear Commercial Customer:

Beginning on July 1, 2008, the prices, service descriptions, and the terms and conditions for certain telecommunications services that you are provided by Excel Telecommunications will no longer be on file at the Public Utilities Commission of Ohio (PUCO). Specifically, the long distance services provided to you by Excel Telecommunications will no longer be on file.

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. Excel Telecommunications must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in a catalog online at www.excel.com or you can request a copy of this information by contacting us at Excel Telecommunications, Attn: Customer Relations, 433 E. Las Colinas Blvd., Suite 1300, Irving, TX 75039 or at 1-888-407-3649.

Since long distance services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call Excel Telecommunications at the toll free number 1-800-871-0999 visit us at www.excel.com.

Sincerely,
Excel Telecommunications
