COMMENT DESCRIPTION:

RE: rate icrease 1. decreasing industry and population in NE OH assure declining gas use and associated profit prospects..2. installation of more efficient systems and combination systems (gas/heat pump in my case) clearly will mean less gas consumption--users are not obligated to guarantee increasing profits (However,return on reduced consumption should be allowed to increase). I do NOT use ANY gas from May 1 to Thanksgiving but am stuck paying monthly bills regardless-THIS IS WRONG.
