ENTRY

The Commission finds:

- (1) On October 10, 2007, the complainant, Robert L. McKim Sr., filed a complaint in this case against the respondent, AT&T Ohio (AT&T). The complaint alleges that the complainant is seeking a credit as a result of a billing issue between the parties with regard to SBC Yahoo DSL service that the complainant receives from the respondent.
- (2) On October 30, 2007, the respondent, through counsel, filed an answer to the complaint.
- (3) A prehearing settlement conference was held in April 2008 and, following that conference, settlement negotiations continued.
- (4) On June 3, 2008, the complainant and respondent filed a joint motion to dismiss this case with prejudice, based on the fact that the parties have settled this matter and all of the issues raised in the complaint have been resolved.
- (5) Due to the fact that the parties have reached a settlement of all issues involved in this case, the complainant's motion to dismiss should be granted and, accordingly, this matter should be dismissed with prejudice.

It is, therefore,

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
