

Case # 07-829-GA-AIR

8-31-08

RECEIVED-DOCKETING DIV

2008 SEP -4 PM 12:47

To whom it may concern:

PUCO

The FBI might want to investigate the PUCO to find out who is backing Dominion East Ohio's requests for all kinds of raises — it is absolutely ludicrous that this committee would believe this is fair.

Isn't it a shame Dominion hasn't had any increases since 1994! But they have plenty of money for a full page PD ad last spring extolling their generosity with \$15 million charitable contributions (part of which is consumers' money, which can't be tax deducted). And then 2 full page ads recently explaining why they need these increases, 'they doth complain too much'. I know the increases can come from part of their profits, or part of their administrative salaries instead of always 'bleeding' the consumers!
