**A. Public Pay Telephone Surcharge**

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. The Public Pay Telephone Surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company service and is unrelated to the Company's service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol).

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

Rate per Call, maximum	\$0.35

### **SECTION 3 - DESCRIPTION OF SERVICE AND MAXIMUM RATES**

#### **3.1 General**

Each Customer is charged individually for each call placed through the carrier. charges are computed on an airline mileage basis as described in Section 3.4 of this tariff.

Rates vary by mileage band, time of day, call duration and by originating and terminating access type.

Customers are billed based on their use of X2Comm, Inc.'s long distance service.

#### **3.2 Timing of Calls**

3.2.1 Long distance usage charges are based on the actual usage of X2Comm, Inc.'s network. Chargeable time begins when a connection is established between the calling station and the called station. Chargeable time ends when either party "hangs up" thereby releasing the network connection.

3.2.2 Unless otherwise specified in this tariff, after the initial minimum period usage is beyond the minimum call duration is measured and rounded to the next higher six second increment for billing purposes. The initial minimum period for each product is specified in the individual service descriptions contained in this tariff.

---

## SECTION 3 - DESCRIPTION OF SERVICE AND MAXIMUM RATES, CON'T.

### 3.3 Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between the serving wire center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the serving wire centers as defined by BellCore (Bell Communications Research), in the following manner:

Step 1 Obtain the "V" and "H" coordinates for the serving wire center of the Customer's switch and the destination point.

Step 2 Obtain the difference between the "V" coordinates of each of the serving wire centers. Obtain the difference between the "H" coordinates.

Step 3 Square the differences obtained in Step 2.

Step 4 Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 Divide the sum of the square obtained in Step 4 by ten (10) . Round to the next higher whole number if any fraction results from the division.

Step 6 Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating serving wire centers of the call.

Formula:

$$\text{The square root of: } \frac{(V1 - V2)^2}{10} + \frac{(H1 - H2)^2}{10}$$

---

**SECTION 3 - DESCRIPTION OF SERVICE AND MAXIMUM RATES, CON'T.**

**3.4 Time of Day Rate Periods**

Day, evening and night/weekend rates apply for the following products based on the following chart:

	MON	TUES	WED	THU	FRI	SAT	SUN
8:00 AM TO 5:00 PM*	DAYTIME RATE PERIOD					EVE	
5:00 PM TO 11:00 PM*	EVENING RATE PERIOD						
11:00 PM TO 8:00 AM*	NIGHT/WEEKEND RATE PERIOD						

\* to, but not including

Calls are billed based on the rate in effect for the actual time period(s) during which the call occurs. Calls that cross rate period boundaries are billed the rates in effect in that boundary for each portion of the call.

Time of day periods associated with other products are described in the rate section of those products.

## NON-RESIDENTIAL CUSTOMER NOTICE

August 29, 2008

Dear Customer:

Beginning on September 14, 2008, the prices, service descriptions, and the terms and conditions for certain telecommunication services that you are provided by X2Comm, Inc. will no longer be on file at the Public Utilities Commission of Ohio (PUCO) as follows:

Business Long Distance Plan – Plan A, Plan B & Plan  
Switched Inbound Service  
Dedicated Inbound Service  
Travel Card Service

This modification does not automatically result in a change in the prices, terms, or conditions of those services to which you currently subscribe. X2Comm, Inc. must still provide a customer notice at least fifteen days in advance of rate increases, changes in terms and conditions and discontinuance of existing services. Additionally, you will be able to view the company's future service offerings in a pricing guide online at: [www.X2Comm.com](http://www.X2Comm.com).

or you can request a copy of this information by contacting X2Comm, Inc., 270 SOUTH MAIN ST. FLEMINGTON, NJ 08822 – 866 330 4322.

Since these services will no longer be on file with the Commission, this means that the agreement reached between the customer and the company, instead of the document on file at the PUCO, will now control new services or changes in service. This agreement, whether it is verbal or written, will still be subject to consumer protections required and enforced by the PUCO.

For any new services or changes in service, it will be important that you carefully review and confirm the price, terms and conditions.

If you have any questions about this matter, please call X2Comm, Inc..

Sincerely,

X2Comm, Inc.
