C. Zone Rates

I. Description

Zone rates are specified monthly charges for urban grades of exchange service which do not vary with the distance from the base rate area, and are available to customers located within a zone rate area. A zone rate area is that portion of an exchange area which is beyond the base rate area and contiguous thereto, or to another zone rate area of the same exchange within which specified urban grades of service are offered at zone rates. Zone rate areas for each zoned exchange area are defined on maps in 2.16 Section 2 of this tariff.

3.2 Standard Business Local Exchange Service (cont'd)

3.2.1 AT&T Ohio Calling Areas

B. Measured Rate

1. Measured Rate Services

The local usage charges are based upon four measured elements, i.e., the total number of outgoing local messages, the distance and the duration of each local message and the time of day each local message is originated, subject to the following:

a. Distance

The charges for local messages vary based on the airline distance (i.e., rate mileage) between the rate centers of the central offices serving the calling and called stations, determined in the same manner as message toll rate distances.

b. Duration

(1) A charge applies for the initial minute, or fraction thereof, and for each additional minute, or fraction thereof.

(2) A local message is considered as starting at the time telephone communication is established between the calling station and the called telephone number.

(3) Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by the automatic timing equipment in the telephone network.

(4) Chargeable time does not include time lost because of faults or

defects in the service.

Monthly Recurring Charges

The following charges apply to Standard Business Local Exchange Service lines per month for customers located in the Verizon Calling Areas. Rates and charges include Touchtone Service for each line. The rates and charges below apply to service provided on a month-to-month basis. All business services are measured.

A. Flat Rate Calling Service

Flat Rate Local Calling Service provides the customer with unlimited local calls within their local calling area for one flat monthly rate. A local calling area includes their home location and any EAS (Extended Area Service) locations that are available for their service area. Regional toll calls (outside the local area, but within regional boundaries) will be billed separately per minute.

B. Usage Sensitive Charges and Allowances

Each call to a telephone number within the customer's exchange area is charged on a usage basis. Extended area usage rates apply to calls made to certain exchanges outside the customer's exchange area. Usage charges apply on customer-dialed station-to-station calls charged to the calling party. Where operator assistance is utilized, the usage charges apply in addition to the charge for operator assistance on local messages¹². The additional charge for operator assistance would apply if the calling party wants the call billed to another local telephone number.

A. NHC ISDN PRI Service with Unlimited Local Calling

ISDN PRI offers an array of value-added features, such as calling number identification and call-by-call selection that enhance productivity. ISDN PRI is configured with 23 64 Kbps bi-directional B (Bearer) channels and one 64 Kbps D (Data) channel. Unique to ISDN PRI is its ability to designate the D channel to handle all of the signaling and call control requirements and leave the remaining 23 B channels free for any mix of circuit-switched voice and data.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

NHC ISDN PRI includes the following non-optional Feature Package: Inbound Calling Line ID-Name & Number and Call by Call Selection.

Regional Toll and Long Distance Services must be PIC'd to the Company. These rates are in addition to ISDN PRI and DS1 rates below.

B. NHC Digital DS-1 PBX Service with Unlimited Local Calling

This service provides a trunk side DS1 electrical interface from the customer's digital PBX system to a NHC digital port on a local Company switch for the origination and termination of calls. Traffic to and from the digital PBX can be received or dialed directly from any PBX station without the need for an attendant.

These digital trunks deliver a high-speed DS1 (T1) connection between your PBX and the Company network. There are up to 24 channels on one facility, each of which can be used to place or receive calls. This multi-channel capability dramatically reduces the need for additional PBX circuit cards.

Each of these products is offered under a 12, 24 or 36 month term agreement. Rates include unlimited local calling for sent-paid, directly dialed calls. Rates do not include calling card calls, information type calls to Time and Weather, 555, 700, 900, 976 Services, Directory Assistance or any other type of Operator Handled call.

3 Local Exchange Service Price List (cont'd)**3.3 Advanced Features (cont'd)****E. NHC ISDN BRI Service**

NHC ISDN BRI (Basic Rate Interface) uses standard "twisted pair" cables and is nearly three times faster than a 56K dial up line. NHC ISDN PRI (Primary Rate Interface) uses a 1.544 Mbps digital transport facility (T1). Both services provide the superior clarity of digital transmission, a high-speed data interface and sufficient bandwidth capacity to fulfill your current and future communication needs.

ISDN BRI consists of two 64 Kbps B (Bearer) channels and one 16 Kbps D (Data) channel. Each B channel has the ability to integrate voice, data, image and video. The B channels may be kept separate or bonded together to deliver 128 Kbps.

3.3 Advanced Features (cont'd)

G. Direct Inward Dial (DID) Service

DID service is an optional feature which can be purchased in conjunction with Company-provided Basic Trunks or Digital Trunks. DID service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID capability and DID numbers apply in addition to charges specified for Basic Trunks or Digital Trunks.

So the Company may efficiently manage its number resource, the Company, at its sole discretion, reserves the right to limit the quantity of DID numbers a Customer may obtain. Requests for 300 or more DID numbers must be provided to the Company in writing no less than five (5) months prior to activation. In addition, the Company reserves the right to review vacant DID stations or stations not in use to determine their utilization. Should the Company determine, based on its own discretion, that there is inefficient number utilization, the Company may reassign the DID numbers.

The Customer has no property right to the telephone number or any other call number destination associated with DID service furnished by the Company, and no right to the continuance of service through any particular end office. The Company reserves the right to change such numbers, or the end office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business.

EXHIBIT C – Statement about the provision of CTS services

The company will be including CTS services within its CLEC filing herein.

EXHIBIT D– Description of the proposed Market Area

The applicant proposes to provide local service in all areas in the State of Ohio serviced by AT&T Ohio and Verizon.

**EXHIBIT E– Explanation of how the proposed services in the proposed
market area are in the public interest**

Granting this application will promote the public interest by increasing competition in the provision of telecommunications services in Ohio.

New Horizons Communications Corp. d/b/a NHC Communications will provide customers high quality, cost effective telecommunications service, with an emphasis on customer service. In addition to driving prices closer to costs, thereby ensuring just and reasonable rates, competition also promotes efficiency in the delivery of services and in the development of new services. These very real benefits work to maximize the public interest by providing continuing incentives for carriers to reduce costs, while simultaneously promoting the availability of potentially desirable services.

**EXHIBIT F– Description of the class of customers (e.g., residence, business)
that the applicant intends to serve**

The applicant intends to serve only business customers.

**EXHIBIT G - Statement affirming that the registrant has notified the Ohio Department of
Taxation of its intent to conduct operations as a telephone utility in the State of Ohio**

EXHIBIT S – A notarized affidavit accompanied by bona fide letters requesting negotiation pursuant to Sections 251 and 252 of the Telecommunications Act of 1996 and a proposed timeline for construction, interconnection and offering of services to end users

Negotiation pursuant to Sections 251 and 252 of the Telecommunications Act of 1996 has not been requested with Verizon and AT&T Ohio. A proposed timeline for construction, interconnection, and offering of services to end-users is as follows:

Construction – The company has no current plans to construct facilities in the State of Ohio. The company will initially resell local service and provide local service by purchasing unbundled network elements from ILECs and utilizing ILEC facilities.

Interconnection – The company has requested negotiations for interconnection agreements.

Service to End-users - Services will be offered to end users upon Commission approval of this application and the filing of an interconnection agreement. Applicant intends to offer service to end-users prior to end of the year 2008.
