1.6 Directory Listings

- A The Company will, as a service to the Customer, arrange for listing of Customer's phone number in the local white pages telephone directories, such listing to consist of one line of standard type. The Company's liability with respect to directory listings is set forth in Section 1.5.2 preceding. Customer must contact its yellow pages representative concerning its advertising in yellow pages directories.
- B When a Customer with a nonpublished telephone number, as defined herein, places a call to Emergency 911 Service, the Company will release the name and address of the calling party, where such information can be determined, to the appropriate local governmental authority responsible for the Emergency 911 Service upon request of such governmental authority. By subscribing to service under this tariff, Customer acknowledges and agrees with the release of information as described above.

1. Local Exchange Service Regulations (cont'd)

1.9 Payment Arrangements (cont'd)

1.9.2 Deposits

A Applicants for service may be required prior to establishing service to provide the Company a security deposit. The deposit requested will be in cash or the equivalent of cash, and will be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. Reestablishment of credit for service will be in accordance with Rule 4901:1-17-04.

B The deposit will not exceed an amount equal to two month's average monthly bill for all regulated local exchange services for ensuing twelve months, plus thirty percent (30%) of estimated monthly charges.

C Guarantee of Payment: The Company may accept, in lieu of deposit, a contract signed by a guarantor satisfactory to the Company whereby payment of a specified sum, not exceeding the deposit requirement is guaranteed. The term of such contract shall be for no longer than 12 months, but shall automatically terminate after the customer has closed and paid the account with the utility, or at the guarantor's request upon 30 days' written notice to the Company. Should the guarantee contract be insufficient according to (D) below, a cash deposit or a new or additional guarantee may be required for good cause upon reasonable written notice to the customer.

The service of any customer who fails to comply with these requirements may be disconnected upon notice as prescribed in Ohio Rules. The Company shall mail the guarantor copies of all disconnect notices sent to the customer whose account the guarantor has guaranteed unless the guarantor waives such notice in writing.

D Reestablishment of credit: An applicant for service who previously has been a customer of the utility and whose service was discontinued because of nonpayment of his bills may be required to pay such bill together with the reconnection charge, and to reestablish his credit by depositing the amount prescribed in Section 1.9.2.

1. Local Exchange Service Regulations (cont'd)

1.9 Payment Arrangements (cont'd)

1.9.3 Refund of Deposits

A A deposit will be refunded to a customer after twelve consecutive months of prompt payments, as defined in "Explanation of Terms" and below, of telephone service invoices. A customer has paid his bills for service for twelve consecutive months without having had service discontinued for nonpayment of his bill, and without having had more than two occasions on which his bill was not paid by the time specified by the regulations of the utility regarding prompt payment of bills, and the customer is not currently delinquent in the payment of his bills. The Company will refund the deposit to the customer by direct payment, or, at the customer's request, apply deposit as a credit to the customer's account.

B When a service or facility is discontinued, the amount of a deposit, if any, will be applied to the Customer's account and any credit balance remaining will be refunded within 45 days from the date of termination. Before the service or facility is discontinued, the Company will return the deposit to the customer or, at the customer's request, apply deposit as a credit to the Customer's account.

1. Local Exchange Service Regulations (cont'd)

1.9 Payment Arrangements (cont'd)

1.9.4 Interest to Be Paid on Deposits

A Interest will be paid on in accordance with Rule 4901:1-17-05 of the Ohio Administrative Code. Interest shall accrue on deposits held over 180 days and shall be paid to the Customer as follows:

- (i) by credit to the customer's account once annually;
- (ii) by payment to the Customer upon request, once annually;
- (iii) by adding accrued interest to the amount of the deposit when refunded to the customer;
- (iv) by applying interest to any unpaid bill of the Customer upon termination of service with the Company.

All requirements for establishment of credit will be consistent with Rules 4901:1-17 and 4901:1-5-13 & 14 of the Commission's Minimum Telephone Service Standards.

1.9.5 Bills and Collection of Charges

A Bills will be rendered monthly to Customer. Fixed monthly recurring charges are billed in advance. Usage charges and minimum charges for service are billed in arrears. Customer shall be liable for all accrued local charges, directory charges, long distance charges and other charges arising prior to the service commencement date, as defined herein, and shall pay the Company for any such charges which may be assessed against the Company in any manner.

B All service, monthly recurring charges and non-recurring charges are due and payable within 14 days of the post mark on the bill, provided however, that installation charges may be spread out over 3 months.

C The Company shall present bills for recurring charges monthly to the

1.9.5 Bills and Collection of Charges (cont'd)

D For new customers or existing customers whose service is disconnected, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

E A late payment charge of 1.5% is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late charges are to be applied without discrimination.

F A minimum charge of \$10 and a maximum charge of \$25 will be assessed for checks with insufficient funds or non-existing accounts. The Company may waive the bad check charge under appropriate circumstances.

G If Customer chooses to place information services provider (ISP) calls or receives calls via a non-Metropolitan Telecommunications of \_\_\_\_\_ affiliated carrier, customer will be liable for all charges related to such calls; including without limitation, charges billed to the Company or Customer by ISP or other carriers, any applicable rebilling charge and charges for any service provided by the Company or its affiliates.

1.9.6 Disputed Bills

A The Customer shall notify the Company of any disputed items on a bill within a reasonable period of time after receipt of the bill. The existence of a disputed amount does not relieve the customer of their obligation to pay current charges. If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may file a complaint with the Commission in accordance with the Commission's rules of procedure.

B The date of the dispute shall be the date the Company receives sufficient documentation to enable it to investigate the dispute.

C The date of the resolution is the date the Company completes its investigation and notifies the Customer of the disposition of the dispute.

**Call Forward**

This optional feature allows all calls directed to a telephone number to be routed to a user defined telephone number. The user can activate/deactivate Call Forward and define a telephone number where all calls will be forwarded. Calls cannot be forwarded to an International Direct Distance Dialing (IDDD) number.

**Call Forward Busy Line**

This optional feature forwards calls to a busy station to a predetermined number. Calls cannot be forwarded to an International Direct Distance Dialing (IDDD) number. The user is charged any applicable usage charges for the forwarded call.

**Call Forward Don't Answer**

Allows users to re-route a call to a predetermined station in the event that the call is not answered within a customer-specified number of rings. Users are charged for any applicable usage charges on the forwarded call.

**Call Pick Up**

This optional feature allows a call to be answered from a different line by dialing a code. All lines in the group must be equipped with this feature. The Customer can have an unlimited number of lines in a Call Pick Up group.

**Caller ID Blocking Per Line**

Provides default blocking of delivery of the calling customer's telephone number. Blocking can be deactivated by the customer by dialing an access code before each call. When the customer hangs up, the default blocking is reinstated.

**Caller ID Blocking Per Call**

Provides blocking of delivery of the calling customer's telephone number on a per call basis. Blocking can be activated by the customer dialing an access code before each call.

2.2 Feature Descriptions (cont'd)

**Call Transfer**

This optional feature allows the user to transfer any established call to another telephone number (inside or outside of the system) without the assistance of an attendant.

**Call Waiting**

This optional feature provides a tone to notify a Customer on an existing call that a second call is waiting.

**Consultation Hold**

This temporary hold feature is inherent in Call Transfer and Three Way Calling. It is activated by depressing the switch hook.

**Direct Connect Hotline**

This optional feature allows a Customer to automatically dial a designated number whenever the originating telephone goes off hook. This feature is assigned to a phone which is used only for this purpose.

**Hunting**

This standard feature routes a call to an idle line in a prearranged group when the called telephone number is busy. Typically this feature is used with the customer's main telephone number and several subtending lines so that the customer can receive calls on several lines, although all calls are placed to the same number. Hunting will not work with Call Forward Busy and Don't Answer.

**Speed Dial**

This optional feature allows a Customer to designate up to six numbers to be called by dialing a code.
