The Honorable Marcy Kaptur
2186 Rayburn
Washington, D.C. 20515

Dear Ms. Kaptur:

I am writing in regards to the recent request by Toledo Edison to increase the rates in Toledo, OH. I am asking that, at this time, due to the economy, that this does not pass. I am a disabled, 58 year old woman, divorced after 23 years of marriage, trying to stay afloat on \$14,000 a year from Social Security. I do not want to lose my home or not be able to eat. I already have lost my health and dental insurance and am struggling to hold onto what I have. I understand the need for operating costs, however, Toledo Edison rates are the HIGHEST in the state of Ohio. I'm not sure why they need an increase when other companies are operating on less. My electric bill this month was \$154.00. I also have asthma and have to have air conditioning in order to breathe properly. Please help us aging Americans who have tried to live right and do the right things in life. Thank you for your sincere consideration of this matter.

Sincerely,

Delores Hubler
